HOUSE JOURNAL 1

Wednesday, 5Dec84

The House met at 1:00 p.m.

On the first Wednesday in December in the year of our Lord, One thousand nine hundred and eighty-four, being the day designated by the Constitution for assembling of that body, the one hundred and forty-ninth General Court of the State of New Hampshire convened at the Capitol in the City of Concord. The representatives-elect were called to order by Carl A. Peterson, House Clerk for the preceding session.

Prayer was offered by Rev. Larry Turns, pastor of the First Congregational Church in Claremont.

Lord God, may Your Spirit preside over and be in this body.

May Your Spirit of truth be in the midst of the decisions that are made, in the thoughts that are expressed, in the struggles and debates, in the bills and actions that are approved. Pray there be an openness to hear and seek the truth.

May Your Spirit of compassion open hearts to human need, getting beyond self-interest and prejudices. Let there be a sensitivity to Your voice and may judgments of human need be through Your eyes.

May Your Spirit of wisdom enable this body to get beyond the limitations of human wisdom so that they may have Your mind. May there be a discernment of truth from untruth and healthy motives from unhealthy motives.

May Your Spirit of love move with power so that there will be a desire to serve You and Your will above all else. Further, may there be a desire to serve people in the Spirit of Christ, not wielding power or self-interests, but the needs and interests of others.

May Your Spirit of unity and peace bind this body together to work effectively. May there be room for forgiveness and reconciliation where needed.

Finally, Lord, may the members of this body trust Your high calling in their lives and trust Your presence in all that happens.

We pray for John Stimmell who passed away last night. Be with his family and lead them through this time.

Lord we thank You for Your Love which is the Spirit of Christmas. Amen.

Rep.-elect Thomas Connolly of Pembroke led the Pledge of Allegiance.

Carol Tucker sang the Star Spangled Banner accompanied by Doug Embree, Organist.

LEAVES OF ABSENCE

Rep.-elect Lawrence Chase, the day, illness.

Reps.-elect Copenhaver, Mary Holmes, West and Robert Hayes, the day, important business.

Rep.-elect Pantzer, the day, death in the family.

 Dist. No. 8 Cynthia W. McKee, r; Kurt Normandin, d
 Dist. No. 9 John B. Tucker, r&d

390 members having answered the call of the roll, a quorum was declared present.

Reps.-elect Bruce Rounds and Mary Chambers offered the following:

RESOLVED, that a committee of seven be appointed to wait upon His Excellency the Governor and inform him that a quorum of the House is assembled and requests his attendance.

Adopted.

The Chair appointed Reps.-elect Daniel Healy, Carmine D'Amante, Elizabeth Greene, Joseph Eaton, Annie Mae Schwaner, Anna Van Loan and Milton Cate.

RECESS

Governor John Sununu, having been informed that a quorum of the House was assembled, appeared, accompanied by the Honorable Councilor, Bernard Streeter, and the above-named ladies and gentlemen, having presented their credentials, were duly qualified by the Governor as members of the House of Representatives by taking and subscribing the oath of office agreeable to the provisions of the Constitution.

The Governor and Councilor retired.

The Chair declared that nominations for Temporary Chairman were in order.

Rep.-elect Tucker nominated Richard F. Upton of Concord as Temporary Chairman.

Rep.-elect Chambers seconded the nomination and moved that the Chair instruct the Assistant Clerk to cast one ballot for Richard Upton.

Adopted.

1. Access to the floor is limited to members-elect, nominees and a representative and such other officers and assistants as may be required by the Clerk and Sergeant-at-Arms.

2. Election of candidates is by secret ballot and requires a majority vote of those present and voting. Blanks shall not be considered a vote (Mason's Manual Sec. 516(a) Page 363). There is no elimination of the low candidate after any ballot. All candidates remain in the running unless they withdraw of their own volition.

3. Balloting:

- a. Contested elections will be by secret ballot, booths to be available for those who desire. Ballots to be distributed to members only when all are seated. Except for the divisions in the process of voting, all members should remain seated. Tellers to deliver to the Clerk ballots for destruction.
- b. Shall continue until an officer is chosen. Recesses, if requested, shall be limited to ten minutes duration unless amended by the body.
- c. On each ballot the clerk will have printed, in alphabetical order, the name of each candidate with one blank line for write-in candidates.

4. Nominating and seconding speeches will be limited to 15 minutes total for all speeches. No other limitations will apply to these speeches. The order will be alphabetical.

The Clerk read the resolution.

Adopted.

The Chair declared that nominations for Speaker were in order.

Rep. Joseph Eaton placed the name of Rep. John Tucker in nomination for Speaker. Rep. Paul August seconded the nomination. Rep. Mary Chambers moved that the Chair instruct the Clerk to cast one ballot for Rep. John Tucker and spoke to her motion. Motion adopted.

The Chair declared Rep. John Tucker duly elected Speaker of the House.

(Speaker in the Chair)

The Speaker addressed the House briefly.

Thank you very much. I thank you all, it's very nice to be back. For a minute, Joe Eaton, I thought that Yogi Berra's

highly-polished intellectual observation of races and ball games, that "it ain't over 'til it's over" was going to come true. For a split moment I thought you were placing the name of Mary Chambers, the distinguished member from Etna, before the body, which left me very little time to regroup. I join with you Joe, in paying equal tribute to Mary Chambers. At this time, it gives me the honor to name her as the Minority Leader of the New Hampshire House of Representatives.

The Speaker declared nominations were in order for House Clerk, Assistant Clerk and Sergeant-at-Arms.

Rep. William Boucher placed the name of Carl A. Peterson of Londonderry in nomination for Clerk of the House.

Rep. Patricia Skinner seconded the nomination.

Rep. Elizabeth Greene placed the name of Andrea L. Lyons of Concord in nomination for Assistant Clerk.

Rep. Ezra Mann seconded the nomination.

Rep. James Bibbo placed the name of Warren W. Leary of Alton in nomination for Sergeant-at-Arms.

Rep. Margaret Ramsay seconded the nomination.

There being no other nominations, the Chair declared nominations closed and instructed the Assistant Clerk to cast one ballot for the nominees.

The Chair declared Mr. Peterson elected House Clerk; Mrs. Lyons elected Assistant Clerk and Mr. Leary elected Sergeant-at-Arms.

The Chair administered the oath of office to Mr. Peterson, Mrs. Lyons and Mr. Leary.

Rep. Rounds offered the following:

RESOLVED, that the House inform the Honorable Senate that it has organized and is ready to meet with the Senate in Joint Convention for the purpose of electing a Secretary of State and State Treasurer.

Adopted.

SENATE MESSAGE

The Senate has organized for the 1985-1986 Sessions of the Legislature by electing the following officers:

Vesta M. Roy, President
 Wilmont White, Clerk
 Gloria Randlett, Assistant Clerk
 Milo Cheney, Sergeant-at-Arms
 Emil Martineau, Doorkeeper

SENATE MESSAGE

The Senate is ready to meet with the Honorable House in Joint Convention for the purpose of electing a Secretary of State and State Treasurer.

RECESS

JOINT CONVENTION (Speaker presiding)

Rep. Dickinson seconded the nomination.

Sen. Wiggins seconded the nomination.

There being no further nominations, the Chair declared nominations closed and instructed the tellers representing the candidates to tally the vote.

RECESS

193 members having voted for Mrs. Custer and 205 members having voted for Mrs. Thomas, the Chair declared Mrs. Thomas duly elected State Treasurer.

Sen. McLane moved that the vote for Mrs. Thomas be made unanimous.

Adopted.

The Chair administered the oath of office to Mr. Gardner and Mrs. Thomas.

Mr. Gardner and Mrs. Thomas addressed the House briefly.

On the motion of Sen. Stabile and Rep. Rounds, the Joint Convention arose.

HOUSE

(Speaker in the Chair)

The Speaker appointed Rep. Bruce Rounds Majority leader.

Reps. Rounds and Chambers offered the following:

HOUSE RESOLUTION NO. 1

RESOLVED, that the House adopt the rules of the 1983 Session, with an amendment to Rule 32, with the provision that other amendments may be adopted by majority vote through a date in January to be decided on January 2, 1985.

Amendment

Amend the two introductory paragraphs of House Rule 32 by striking out said paragraphs and inserting in place thereof the following:

32. The following standing policy committees, to consist of not more than twenty-three members each, shall be appointed at the commencement of any session; Committees on Appropriations; Children, Youth and Elderly Affairs; Commerce, Small Business and Consumer Affairs; Constitutional and Statutory Revision; Education; Environment and Agriculture; Executive Departments and Administration; Fish and Game; Health and Human Services; Judiciary; Labor, Industrial and Rehabilitative Services; Legislative Administration; Municipal and County Government; Public Protection and Veterans Affairs; Public Works; Regulated Revenues; Resources, Recreation and Development; Rules; Science and Technology; State-Federal Relations; State Institutions and Housing; Transportation; and Ways and Means.

A Committee on Rules shall be appointed at the commencement of any session, one of whose members shall be the Speaker.

Amend House Rule 32 by inserting after subsection (a) thereof the following new subsection:

(a-1) It shall be the duty of the Committee on Children, Youth and Elderly Affairs to consider matters relating to children and youth and elderly citizens, their rights, obligations and protection; matters relating to juveniles and the justice system; matters relating to the special needs of our elderly citizens and such other matters that may be referred to it.

Amend House Rule 32 by striking out subsection (b) and inserting in place thereof the following:

(b) It shall be the duty of the Committee on Commerce, Small Business and Consumer Affairs to consider all matters pertaining to commerce, banks and banking institutions, insurance companies and contracts of insurance of any character, the needs of the small business community, all matters relating to consumer affairs and the economic conditions of commerce and industry as may be referred to it, and such other matters as may be referred to it.

Amend House Rule 32 by striking out subsection (c) and inserting in place thereof the following:

(c) It shall be the duty of the Committee on Constitutional and Statutory Revision to consider all matters concerning the Constitution, including proposed Constitutional Amendments and any proposals for revision of the Constitution, matters relating to the election laws of the state, the repeal or recodification of existing statutes and other matters relating to the statutes of the state, and such other matters as may be referred to it.

Amend House Rule 32 (h) by striking out in said subsection the words "Committee on Health and Welfare" and inserting in place thereof the following:

"Committee on Health and Human Services."

Amend House Rule 32 by striking out subsection (j) and inserting in place thereof the following:

(j) It shall be the duty of the Committee on Labor, Industrial and Rehabilitative Services to consider all matters relating to labor, wages, workers' compensation including unemployment compensation and incentive programs, collective bargaining and binding arbitration, matters relating to job retraining and employee rehabilitative services and other matters relating to the suitability of our work force to the needs of the industrial sector and such other matters as may be referred to it.

Amend House Rule 32 by striking out subsection (t) and inserting in place thereof the following:

(t) It shall be the duty of the Committee on State Institutions and Housing to consider all matters concerning the administration of the New Hampshire Hospital, New Hampshire State Prison, New Hampshire Youth Development Center, Glencliff Home for the Elderly, the Laconia State School and Training Center, the Soldiers' Home and State Library; matters relating to housing, landlord/tenant relations, lease provisions and such other matters as may be referred to it.

Amend House Rule 32 by striking out subsection (u) and redesignating subsections (a-l), (b), (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), (m), (n), (o), (p), (q), (r), (s), and (t), to read as:
(b), (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), (m), (n), (o), (p), (q), (r), (s), (t), (u), and (v) respectively.

Adopted.

Rep. Sara Townsend offered the following:

HOUSE RESOLUTION NO. 2

RESOLVED, that the Speaker appoint a committee of three to assign seats to the members.

Adopted.

Rep. Parr offered the following:

HOUSE RESOLUTION NO. 3

RESOLVED, that a committee of ten members, one from each county, be appointed by the Speaker to select some suitable person to act as Chaplain during the present session of the legislature and report such selection to the House for consideration.

Adopted.

Rep. Chardon offered the following:

HOUSE RESOLUTION NO. 4

RESOLVED, that all action taken at all sessions of the House of Representatives be recorded through the public address system on tape, said tapes to be used by the House and the Clerk, within three legislative days, to confirm and correct the permanent Journal. The permanent Journal as thus prepared by the Clerk as corrected by the House shall be the official record of the House, and be it further

RESOLVED, that the Committee on the Journal be authorized to examine the permanent Journal of the last day of the session, as prepared by the Clerk, and make corrections of the same.

Adopted.

Rep. Kidder offered the following:

HOUSE RESOLUTION NO. 5

RESOLVED, that the Clerk, with the approval of the Speaker, may employ such

stenographic and other clerical assistance as he may deem necessary. (RSA 17-E:5)

Adopted.

Rep. Rounds offered the following:

HOUSE RESOLUTION NO. 6

RESOLVED, that the Sergeant-at-Arms, with the approval of the Speaker, may employ such personnel as he deems necessary; that the Speaker of the House be authorized to employ such other personnel as he deems necessary, and with the approval of the House subcommittee of the Committee on Legislative Facilities, fix their compensation. (RSA 17-E:5)

Adopted.

Rep. Harold Burns offered the following:

HOUSE RESOLUTION NO. 7

RESOLVED, that the following policy be established for the distribution of House Journals, bills and joint resolutions to legislative agents, corporations and other persons, except the members of the General Court and state departments:

1. Every citizen is entitled to one copy of any publication free of charge at the legislative counter or to have the same mailed to him free of charge upon individual request for such one copy.

2. Persons requesting copies of all publications delivered complete for the entire session will be charged a fee sufficient to cover postage, envelopes and handling. Such fees may be prorated where service is received for portions of the session only. All fees are payable in advance. The subscriber list may be submitted for legislative accounting and auditing purposes, but is not for publication or sale.

3. All fees charged hereunder shall be fixed by the Sergeant-at-Arms with the approval of the Speaker and shall be collected by the Sergeant-at-Arms and paid into the state treasury and credited to the legislative appropriation.

Adopted.

Rep. LaMott offered the following:

HOUSE RESOLUTION NO. 8

RESOLVED, by the House of Representatives, that the Speaker after consultation with the minority leader, may cancel a scheduled meeting of the House in the event of a severe snowstorm which would make it dangerous, in his opinion, for members to come to Concord for the session, provided he makes notification of such cancellation through the procedures set forth by the emergency committee recommendations which were developed in the 1969 session. In case of such cancellation the House shall meet on the following legislative day. Any member who travels to Concord or who is already in Concord on

legislative business on any day that a meeting of the House is cancelled, which is under the authority of this resolution, shall be entitled to legislative mileage for such attendance on legislative business.

Adopted.

Rep. Sara Townsend offered the following:

HOUSE RESOLUTION NO. 9

RESOLVED, that members will be paid their Legislative salary as provided in the Constitution in the month of January, 1985, and be it further

RESOLVED, that mileage of members of the House of Representatives be paid every two weeks during the session.

Adopted.

HOUSE JOURNAL 2

Wednesday, 2 Jan 85

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

For a new day, a New Year, a new Session, we give You thanks, O God. Help us to get started on the right foot. Forgive us for thinking that by passing one-hundred laws we can improve on Your Ten.

Calm the anxieties of the freshmen among us, sensitize the hearts of the veterans, that a unity can be built for the development of sound leadership for our State. Guide our efforts to produce just and fair legislation for all our citizens. Amen.

Reps. Rounds and Chambers led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Daniell, Wagner, Perry, Connors, Bert Ford and Rep.-elect Lawrence Chase, the day illness.

Reps. Patricia Russell, Phelps, Nagel, Rodgers, Newman, Diamant and Morrisette and Rep.-elect. Mary Holmes, the day, important business.

CONTESTED ELECTIONS

Carl A. Peterson
House Clerk

Dear Mr. Peterson:

I challenge the election of Charles Henry Felch as representative from Seabrook District 14 because I do not feel the vote reported by the local officials is the true vote. I am enclosing a copy of a letter I am sending by certified mail to Charles Felch. I hope you will refer this letter to the appropriate committee.

Sincerely,
Robert Cushing, Jr.

Carl A. Peterson
House Clerk

Dear Mr. Peterson:

In accordance with RSA 660:18, I notify you that I am contesting the November 6, 1984 election for Rockingham District 16, Representative.

Enclosed please find the letter that I have sent to Benjamin E. Moore.

Respectfully,
Ellen M. Cressy

Having met the statutory requirements, the matter was referred to the Subcommittee on Elections.

Reps. Rounds and Chambers offered the following:

RESOLVED, that the Honorable Senate be notified that the House of Representatives will be ready to meet the Senate in Joint Convention at 1:20 p.m. for the purpose of canvassing the votes for Governor and Councilors.

Adopted.

RESOLVED, that a suitable copy of this Resolution be prepared for presentation to his family.

Unanimously adopted by a rising vote of silent prayer.

UNANIMOUS CONSENT

Rep. Russell Chase addressed the House by unanimous consent.

The Speaker addressed the House briefly.

Today, January 2, 1985, we stand poised at the start of a new legislative session and a new year. Like all new years and like all new sessions, it holds the promise of great challenge and great reward. It is up to us, those of us chosen by the people, to see that the challenges are met and that the ultimate beneficiaries of our successes are the citizens of New Hampshire.

One thing we can be sure about even before we start the session in earnest, is that it will be remembered as an historic one. This will be the first year this century in which the general court will meet in annual session. It will be remembered as the session in which a record number of women were elected to the House, creating a new record in numbers and percentages, for women legislators throughout the nation. It will also mark the greatest Republican majority in the House since the turn of the century. A majority which brings with it not only great authority, but great responsibility as well.

The session which we begin today will also be remembered as a time of fruition, a time when many of the initiatives of past sessions reached their final stages or were ready for evaluation.

During the years of my tenure as Speaker, the House and the General Court have launched initiatives aimed at addressing in an ordered and reasoned way issues vital to the interests of the people of our state.

We have moved forward on reorganizing the Executive Branch, on overhauling our antiquated mental health system, on ensuring that our educational and vocational-technical systems are responsive to the needs of the twenty-first century. We have established a Sunset Process to review state agencies and departments. We have launched a study on completing an east-west highway link in the state, on establishing a Connecticut River Valley Authority and we have begun the work of protecting and preserving our vital water resources.

These and other initiatives have marked the resurgence of activism in the Legislative Branch. They mark the General Court's commitment to the careful, long-term study of issues affecting the lives of our citizens. A commitment to take the initiative and identify potential problems

before they take on crisis proportions. A commitment to action rather than reaction.

Perhaps the most important business we have yet to complete is the one upon which we have worked the longest: the reorganization of State Government. When the Legislature created the Select Committee on Executive Branch Reorganization back in 1981, it was with an eye toward making government more manageable, more accessible and more efficient. The report of that committee became the Executive Branch Reorganization Act of 1983, an affirmation of the General Court's resolve to move forward on reorganization.

Using the blueprint provided by this act, we have already created a Department of Administrative Services, and a Department of Corrections as well as a Division of Children and Youth within the Department of Health and Welfare. As 1985 unfolds we will move forward to place all state agencies into a manageable number of like departments, accountable to the Governor and easily accessible to the people of New Hampshire.

During my first term as Speaker, the Legislature also funded a Fiscal Committee Study of Combining New Hampshire Hospital and the Glencliff Home for the Elderly into one modern, centrally located facility. I went on to propose that we include the Laconia State School in the study and that we explore a possible connection between the new facility and Dartmouth Medical School.

Today we are on the threshold of a new era in mental health care in New Hampshire.

We are on the verge of constructing a modern new facility here in Concord as part of a Comprehensive Mental Health Network which many believe will serve as a model for other state mental health programs across the country. As we begin this session the State Division of Mental Health is now entering into exploratory agreements with Concord Hospital and Dartmouth Medical School for the facility's operation.

Another public issue which I believe we are duty bound to address this session is education. A strong educational system at all levels is our surest guarantee for continued economic well-being. I am determined to make education priority number one in 1985, particularly by making strides forward in funding Foundation Aid. This summer I proposed that the state assume an eight-cents-per-pack federal cigarette tax due to expire this year. By doing so, new Hampshire would realize about 16 million dollars in new revenues each year which I believe should be made available for Foundation Aid. My proposal has gained the support of educational groups and organizations throughout the state, and it will be before the Legislature this session.

During the last session I presented the House Education Committee with the New England Board of Education's "Threat to Excellence" Report. I directed the committee to treat the report as if it were a bill, to break it down into its component parts; to hold hearings on those parts and use the report as a gauge by which to measure the strengths and weaknesses of New Hampshire's System of Higher Education. The result of this interim work will be before

us in 1985 in the form of a Comprehensive Higher Education bill. This bill will address in an ordered way what the Education Committee has determined to be the potential weaknesses in our Public Post Secondary System.

The State's New Autonomous Post Secondary Vocational-Technical School System is another area of education which we should continue to monitor. Before the 1983 session I set as one of my goals the creation of an Autonomous System. I am proud that that goal was realized. In 1985, it will be necessary to evaluate precisely how that system is working. To determine what progress is being made in educating our young people to meet the needs of business and industry for skilled workers. To judge what changes might be necessary to ensure the long-term success of the system.

As we begin the 1985 session, so too do we enter the final cycle Sunset Process and its review of state boards, commissions, and agencies. Since my first term as Speaker in 1981, we have examined and judged fit for recreation one-third of state agencies each session. This year the final third is up for review. I believe it will be an appropriate time to evaluate the entire process and determine its future role in New Hampshire State Government.

We will also act to more directly assist our citizens by taking measures to improve the state's economic environment.

Tourism is a vital industry in New Hampshire.

The State Parks are celebrating their 50th anniversary.

We should use a portion of the surplus for a one-time expenditure to bring state parks deferred maintenance up to a high quality. And, thus, further promote the state parks which will result in a payback of investment.

The economic vitality of New Hampshire is sound.

This is reflected in our expected budget surplus.

We should be prudent in how the surplus is approached.

We should avoid ongoing commitments funded by a one-time windfall. The Executive Branch recommended guidelines of a 3% to 5% increase in department appropriations for the next biennium that is a fair reflection of our current rate of inflation.

I support the continuation of a biennial budget format but recognize our new opportunity for annual budgetary review to the benefit of our state and its citizens.

Last summer I formed a special committee charged with studying the need to preserve the Connecticut River Valley Region along the western border of our state. That committee has in turn recommended creating a Connecticut River Valley Resource Authority: An authority to both protect the natural beauty and to help local communities in developing and promoting its tourist potential. Legislation creating the authority is now being drafted and we will consider it this year.

We will take action on completing an east-west highway link between Concord and the seacoast. A study authorized by the

1983 budget will provide the facts we need to assess the feasibility of this extension of our highway system. This link, like the completion of I-93 through Franconia Notch in the north country, is important for the uniform growth of business throughout our state and for encouraging tourism. If the information contained in the Wilbur Smith Report warrants it, we will press forward in 1985 to take legislative action on forging that final, critical link, opening a clear route from Montreal all the way to the New Hampshire seacoast.

The 1983 Legislature recognized the importance of a clean, untainted water supply to the future health and prosperity of New Hampshire. It created the Joint Committee Studying Water Resources Management. That committee has worked diligently during the interim, as did many legislative committees. On the basis of their findings, and to facilitate their important work, Senate President Vesta Roy and I secured the services of a full-time Project Director for Water Resources Management to work for the committee under the supervision of its co-chairmen. The project director has assisted in developing legislation necessary to protect our supply of untainted water, including a Water Resources Management Plan. We believe this will be an important step in protecting the quality and supply of water in New Hampshire in years to come.

Equally as important as protecting the physical and economic well-being of our citizens, is protecting our heritage: our sense of identity as Americans and New Hampshireites. This session we may consider legislation aimed at preserving one of the Granite State's most important historic landmarks.

Our Colonial State House, part of which now stands at Strawberry Banke, has been the subject over the last several months of legislative scrutiny. If the Special Committee on the Old State House, which I formed last spring, deems it necessary we will take action on preserving the structure this year.

This then, is some of the work which lies before us. I know that each of the members of this body will do his or her utmost to consider each of these issues fairly and with the interests of their constituents and the state at heart. In the past I have been grateful for the cooperative spirit which each and every representative has helped to engender in this chamber. I know that in the biennium to come, that same spirit will contribute to our success in grappling with complicated issues, exposing those issues to the scrutiny of the legislative process, and developing a reasoned, measured response to each one.

The Legislature, and particularly the New Hampshire House, is part of a sacred compact, a compact between the people and the legislators they elect to represent their interests. An integral part of that compact is the solemn principle of the separation of powers which ensures that the Legislature can stand free and independent of the other branches of government and speak with the collective voice of the

people. The job of the Judicial Branch is the interpretation of the laws. The job of the Executive Branch is the administration of the laws. But the job of the Legislature - and solely the Legislature - is to create laws in the name of the people. We will uphold and we will carry out this responsibility.

During the session we begin today I, as Speaker, will do all within my power to ensure that the rights of the minority are heard while at the same time recognizing my responsibility to see that the will of the majority is not frustrated but indeed executed and carried out.

Most importantly, I will try to set the tone which I hope all of you will follow; and that is to show deep and abiding respect for each and every member of this body. We are here to do a job. There will be differences of opinion. But there will be respect shown for each of us as we accomplish that task. I pledge again to maintain the dignity of this chamber and the integrity of this institution so that together we can fulfill our constitutional duty to set the public policy for the State of New Hampshire. Thank you.

Rep. Rounds moved that the Speaker's remarks be printed in the Journal.
Adopted.

HOUSE JOURNAL 3

Thursday, 3 Jan 85

The House assembled at 10:30 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

Dear Heavenly Father, the Prophets of old have taught that true wisdom begins with acknowledgment of You. Steer us from the self-defeating attitude of knowing it all. Help each of us to think of ourselves as learners. Teach us how to listen. Teach us how to create a climate where learning is valued and wisdom is honored. May the work and the celebrations of this day have Your blessings. Amen.

Rep. Hardy led the Pledge of Allegiance.

The Invocation was offered by the Reverend George W. Swope, affiliated with the New Hampshire Baptist Church.

Let us pray. Almighty and all-wise and all-loving God on this Inaugural day we raise our prayer to Thee in behalf of the elected Governor of our state, John Sununu. Grant to him in these difficult and challenging times the vision and the skill to increase in New Hampshire greater efficiency in government, greater harmony among the diverse groups within our state, greater prosperity for all economic classes, greater compassion for the truly needy. Help him to inspire us to depend more upon careful analysis than upon heated emotion in making decisions that affect our people. Bless his family as they are sacrificial and supportive in his time-consuming and stressful leadership role. Guide the Counselors and the Legislators as they seek honestly to refrain from blind rubber-stamping of the Governor and also from arbitrary opposition to his proposals. Our Father, we acknowledge Thee in theory through our prayers. Help us all to have the wisdom to acknowledge Thee in practice as we seek Thy will in the governments of our beloved state in Jesus' name. Amen.

Chief Justice John W. King administered the oath of office to His Excellency, John H. Sununu and presented him with a copy of the State Constitution.

A Prayer for peace and thanksgiving was offered by The Reverend Father John G. Maheras of the Greek Orthodox Church in Manchester.

In peace let us pray to the Lord. For that peace which from above and for the safekeeping of our souls, for the peace of the whole world, the stability of nations, for this state, and for universal oneness. We ask God our heavenly Father to guide the state into the way of justice and truth and maintain peace which is the fruit of righteousness. We ask God our Lord to accept our thanks and praise for all that He has done for us as people, as cities, and as a state. And, we thank Him for the blessings of family and friends and for the loving care which surrounds us on every side. And, we thank Him for good and honorable governmental leaders. We thank Him for setting us at tasks which demand our best efforts and for leading us to accomplishments which satisfy and delight us and please Him. We thank Him also for those disappointments and failures that lead us to acknowledge our dependency upon Him. We offer this prayer of thanksgiving as we praise and bless and worship and glorify and give thanks to Him through whose love and mercy we all enjoy peace and thanksgiving. Amen.

The Governor administered the oath of office to the Honorable Councilors-elect.

The Governor delivered his inaugural address as follows:

Mr. Speaker, Madam President, Mr. Chief Justice, Honorable Members of the Senate and General Court, and my fellow citizens.

I am grateful to you all for the honor you confer on me by permitting me to continue in service to this great state of New Hampshire.

One of our modern commentators, George Will, has noted that inaugurations are the grandest ceremonies in our civic lives.

They are at once solemn and festive.

They express seriousness about the authority and responsibility they convey.

And they set a tone for the tenure to follow.

As I stand before you today, it is very apparent that we assemble here with very different state circumstances from those we faced two years ago.

It was clear then that New Hampshire was facing a fiscal crisis which threatened the capacity of the state to function effectively, and further threatened our unique traditions of state government.

In my address to you two years ago, I made the commitment to return New Hampshire to solvency, and to a sound fiscal position. And I promised not to alter the basic tax structure that has served as an attractant and a stimulus to quality economic growth, and to the creation of jobs and opportunities for our citizens.

With the help of the State Senate and House, and to the dismay of those who do not understand the inherent strength of the New Hampshire system, we succeeded together in developing, and implementing a budget and financial program which met all our state needs, and rejuvenated our state economy.

New Hampshire's economic condition is again the envy of all of our sister states!

Today, the success of the past two years presents us with the significant opportunity to address our current needs with the boldness and flexibility to be innovative which only comes with fiscal security.

We can focus our agenda, and target our efforts with a freedom and aggressiveness not affordable in over half a decade.

Given this opportunity, we must look beyond programs which merely mirror conventional wisdom, or are reflections of the notion that because our needs have always been addressed in a given way by government, those programs should be perpetuated for their own sake.

While we recognize both the opportunity and responsibility to be bold, we have also the imperative to maintain a tempered and reasoned balance in our activities.

Although we will be dealing from a sound fiscal position, we must avoid the temptation to encourage state government to get too big or too expensive because then government ceases to serve the people and becomes unresponsive to the wishes of our citizens whose work and taxes make it all possible.

We can, and must, put into practice balanced responses that reflect a caring and dedication to both the needy and the taxpayer.

We can, and must, in our zeal to serve and be responsive, resist the temptation to over-centralize policy, programs or funding.

New Hampshire's strength for over two-hundred years has been derived from self-discipline and a recognition that we govern through the consent of those we serve.

We must continue to be the successful model of these most basic American principles.

Let us not underestimate the reality that New Hampshire's success has an impact which transcends the boundaries of our state. In fact, we are recognized and envied for what we have accomplished and how we accomplished it.

What we say, what we believe in, what we stand for . . . our ideas, our innovative approaches, our successes, have provided, and will continue to provide, practical hope for citizens and states across the nation.

Our model is one of efficient service tempered by fiscal responsibility.

In our effort to continue to balance service with responsibility, we must remember the importance of measuring success by the performance of our programs, and by their accomplishments . . . not by their price tag.

Too much public policy today is praised or condemned on the basis of spending level alone.

Performance, not price, shall be our measure of success.

Let us not undermine our own successes; let us not weaken our basic strengths; let us not overburden our effective programs just because our sister states choose to overspend.

Indiscriminate spending is no substitute for intelligent, innovative, well-planned, and efficiently managed programs . . . price tag is the worst measure of quality, performance, or responsibility of service.

Expenditures for their own sake may satisfy those who long for a better rank in the standings among spenders, but extravagant constituencies to the contrary, only good people, good ideas, and hard work make good government.

If the success of the past two years, or in fact the past two centuries, are to be a prologue to the next two years, it is appropriate for the people of New Hampshire to pause and review what makes our state unique.

Our state constitution, whose bicentennial we celebrated last year, admonishes us to "moderation, temperance, industry and frugality."

We have, for the most part, been responsive to that exhortation.

Furthermore, we have, by virtue of the breadth of our legislative representation, and the devotion of the women and men who serve, and our preservation of the importance of our local government, retained the most active role in governing for our citizens of any of the fifty states.

In New Hampshire we pride ourselves on the accessibility between citizens and policymakers, between voters and elected officials.

In the complex exchanges among citizens, business and government, we have emphasized dialogue and cooperation rather than adversarial opposition. We stress results, not rhetoric.

We have acknowledged that the greatest goal that any government can achieve is to effectively eliminate the need for government service and support.

We have understood that intrusion can stifle, that patronizing can inhibit, and control can destroy.

We have recognized the fine line between meeting needs and imposing dependency.

New Hampshire's balance between rights and responsibilities, between needs and wants, affords us the opportunity to look beyond mere political philosophies to a more tangible, visible basis for our achievements.

Astute observers have long acknowledged the great natural assets and beauty of our state.

I believe those natural resources are recognized to be so precious, so fragile, that they inspire within us all a self-discipline and regard for quality of life that sets the tone for much of what we do and ask to be done.

This respect for our basic resources and assets leads to a commitment, an involvement, and a respect for our traditional values.

With these precepts to draw on, New Hampshire can be proud of where we stand today.

We certainly have significantly more to rejoice about than to regret.

Our state has a responsive government, a vibrant economy, a people filled with pride in their achievements.

And though New Hampshire is not perfect (although we are not done working at it yet), I truly believe that as a state we have, over the past two centuries, come closer to that perfection than anyone else.

That is what we must build on.

As realists, we must deal with ourselves as we are, not as others would wish us to be.

Where we are lacking we shall provide.

Where we are strong we shall buttress.

Where we have excesses we shall trim.

And, of course, we must recognize that we cannot do everything and that we should not try to do everything. But together we can do a great deal, and that which we choose to do, we should do well.

Our basic agenda will include the preservation of our sound fiscal condition.

We will continue to use our unique tax structure as the cornerstone of our economic attractiveness.

The state of New Hampshire can and will provide the leadership in addressing what we must do to make our future as enviable as our present.

We are mindful that we must invest in ourselves, especially in our transportation systems, and in the protection of our water supplies, to retain our great quality of life.

We shall respond to the impacts that accompany success and significant growth.

We shall strengthen the quality of our education systems, building on what is truly an exemplary primary and secondary system, and an exceptionally fine vocational education and university system.

But here, in education, we must be especially disciplined in our approach. Although we must not shy away from innovation and enhancement, we must be

careful to keep in balance the delicate interactions that have given us the excellence we have.

In short, we must be careful not to weave our gold back into straw.

Our investments in education must be focused at truly improving the quality of education, not merely in hiking the price tag to follow a trend.

And, of course, we must complete our reorganizational efforts to improve the performance, effectiveness, and responsiveness of state government.

In that respect, we have, in the last two years, come a long way.

We have invested in people, in equipment, in systems and training.

And with the close of the current biennium the state should have in place one of the most modern, supportive, integrated budget and financial systems available.

Let me acknowledge here that the general response of the employees of the state of New Hampshire has been constructive and cooperative. I hope that we can in the coming months strengthen our cooperation, and continue to improve our service to our citizens.

State government can and does work well, especially in New Hampshire.

In closing, let me again thank you all ... citizens, legislators, state employees, friends and family for your help, your support, and your prayers.

I recognize that there is precious little I can do alone.

A governor can provide a focus on needs, a plan for solutions, and the persuasion that programs are right and will succeed.

But we must together make the decisions which can impact the issues, and cooperatively implement the programs that flow from those decisions.

In 1985 I think we know ourselves, our state and where we want to go.

This is one of those rare opportunities where we can move from where we are now to where we have not yet been.

We can in the next two years make clear to all that New Hampshire can, and will, continue to thrive and excel.

This is too great a state to limit our visions of what we can accomplish.

Considering what we have already achieved, why shouldn't we expect to succeed even beyond our wildest dreams?

After all, we are from New Hampshire.

God bless you. Thank you very much.

"New Hampshire Naturally," honorary state song, was sung by the Shaw Brothers.

Reverend John P. Quinn, Director of New Hampshire Catholic Charities in Manchester, offered a Prayer for a successful administration.

God, Our Father, we ask Your blessings this day on all gathered here, and on all whom you have called to serve their fellow men and women in civic office.

In our days, we need leaders who can guide us according to Your will into the ways of peace and justice.

We pray, then, that our Governor, along with the Executive Council and Legislature,

may receive richly from Your Spirit. May You shower them with the wisdom to discern what is right and good, with the courage to pursue the truth even when difficult, and with the strength to turn their visions into reality.

May You guide all of our elected officials to work intelligently, perseveringly and conscientiously so as to build a state and nation where brotherhood, liberty and justice are enduring realities for all people.

We make this prayer, as always, for the honor and glory of Your name. Amen.

Bishop Methodiois, Greek Orthodox Bishop of the Diocese of Boston, offered the Benediction.

In peace let us pray to the Lord. For that peace which is from above and for the safekeeping of our souls.

For the peace of the whole world, the stability of nations, for this state, and for universal oneness, we ask God our heavenly Father, to guide this state into the way of justice and truth, and maintain peace which is the fruit of righteousness. We ask our Lord, to accept our thanks and praise for all that He has done for us as people, as cities and as a state.

We thank You Lord for the blessing of family and friends, and for the loving care which surrounds us on every side.

We thank You for good and honorable governmental leaders. We thank You for setting us at tasks which demand our best efforts, and for leading us to accomplishments which satisfy and delight us and please You. We thank You also for those disappointments and failures that lead us to acknowledge our dependence on You alone.

We offer this prayer of thanksgiving as we praise You, and bless You and worship You and glorify You and give thanks to You for the splendor of Your glory.

Accept our prayers and have mercy upon us, in Christ, we ask and we pray. Amen.

Watson of Hillsborough Dist. 13; Dickinson of Carroll Dist. 2; Phelps of Merrimack Dist. 1; Roberts of Merrimack Dist. 10 - To Constitutional and Statutory Revision)

HB 177, relative to the time for holding city elections. (Disnard of Sullivan Dist. 6; Normandin of Sullivan Dist. 8; Brodeur of Sullivan Dist. 7; D'Amante of Sullivan 7; McKee of Sullivan 8 - To Constitutional and Statutory Revision)

HB 178, relative to the members of the barbering and cosmetology board. (Dykstra of Hillsborough Dist. 39 - To Executive Departments and Administration)

HB 179, allowing the sale of liquor in railway dining cars stopped at terminals. (Chase of Carroll Dist. 6 - To Regulated Revenues)

HB 180, establishing a department of justice. (Ward of Crafton Dist. 1; Dupont of Dist. 6 - To Executive Departments and Administration)

CACR 8, relating to approving proposed amendments to the constitution. Providing that the popular vote required to approve a proposal to amend the constitution be reduced from 2/3 to 3/5 of the qualified voters voting on the proposal. (T. Gage of Rockingham Dist. 13 - To Constitutional and Statutory Revision)

Rep. Rounds moved that the House adjourn.
Adopted.

HOUSE JOURNAL 4

Tuesday, 29 Jan 85

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by guest Chaplain, Rev. Ann Partner, pastor of the First United Methodist Church of Manchester.

Almighty, ever-living and gracious God, whose glory is in all the world, behold now and bless these leaders of state to whom You have entrusted the welfare of all citizens. Grant them in this and all their sessions the wisdom and strength to know and do Your will. Fill them with the love of truth and righteousness. So rule their hearts and prosper their endeavors, that Your law, Your justice and peace may everywhere prevail.

Thank You, Lord God, for these men and women. Endow them with right understanding, pure purposes, and sound speech. May this body and those they represent be a disciplined and devoted people.

And now, O Lord, in times of difficult decisions, grant Your knowledge and wisdom; in times of disappointment, grant Your vision of a new direction and a high resolve; and in times of victory grant Your strength and Your humility.

This prayer we pray in Your holy and blessed Name. Amen.

Rep. Dwyer led the Pledge of Allegiance.

VACATE

Rep. James Chandler moved that the House vacate the reference of HB 31, relative to the transportation of dogs in open trucks, to the Committee on Legislative Administration.

Adopted.

The Speaker referred HB 31 to the Committee on Judiciary.

SUSPENSION OF RULES

Reps. Rounds and Chambers moved that the rules be so far suspended as to permit consideration at the present time of HCR 2, adopting joint rules for 1985, without notice in the Calendar.

Adopted by the necessary two-thirds.

HCR 2, adopting joint rules for 1985.

RESOLVED, by the House of Representatives, the Senate concurring:

That the General Court adopt as the joint rules for 1985, the joint rules as adopted for 1983 with the changes proposed by the joint rules committee, as printed in the insert to the House Record of January 25, 1985, with the following corrections:

In Joint Rule 4-A(a), line 3, strike out "the House" and insert in its place "either body."

In Joint Rule 4-A(b), lines 2 and 3, strike out "the House" and insert in its place "either body."

In Joint Rule 4-A(b), strike out the last 2 lines (lines 14 and 15) and insert in their places "Committees of both bodies voting separately or by a vote of 2/3 of both bodies voting separately."

In Joint Rule 19, strike out the last line (line 14) and insert in its place "first Tuesday in April (April 2)."

Amendment

Amend Joint Rule 1 by inserting after paragraph (a) thereof the following new paragraph:

(b) Prior to the second-year session, the Committees shall meet jointly for the purpose of recommending to the two bodies deadlines for the conduct and conclusion of the business of the second-year session. Each body may amend and shall approve these deadlines by majority vote on the first legislative day of the second-year session. The Committees shall issue a report of recommendations for second-year session deadlines to the membership of both bodies, conduct at least one public hearing thereon, and issue its final report of recommendations to the general membership not less than fifteen days prior to the first legislative day of the second-year session.

Amend the Joint Rules by inserting after Joint Rule 4 the following new Joint Rule 4-A:

4-A. There shall be no limitation on the type of legislation introduced in the first- or second-year session, except:

(a) No bill the subject matter of which has been indefinitely postponed in the House in the first-year session shall be admitted into the second-year session whether as a bill, an amendment, a committee of conference report or in any other manner; and

(b) No bill, joint or concurrent resolution, shall be introduced into the House for the second-year session unless the sponsor of such bill, joint or concurrent resolution, files the legislation by title on or after July 1, 1985; provides complete information as to details to the Office of Legislative Services by 5:00 p.m., September 3, 1985 and the bill is fully prepared by said office for introduction prior to 5:00 p.m., October 1, 1985 except with the approval of three-fifths of the Rules Committee or by a vote of two-thirds of the House.

Amend Joint Rule 10 by striking out the introductory paragraph and inserting in place thereof the following:

10. The schedule for the second-year session shall be the timetable adopted by both bodies following the procedure outlined in Joint Rule 1(b) and this schedule shall constitute Joint Rule 10 for the second-year session.

In the first-year session, final action, excluding action on enrolled bills committee reports, shall be taken by each house on all bills and joint resolutions as follows:

- (a) (1) third Thursday in April (April 18).
- (a) (2) fourth Tuesday in April (April 23).
- (a) (3) first Thursday in April (April 4).

(b) (1) second Thursday in May (May 9).

(b) (2) third Monday in May (May 20).

(b) (3) third Thursday in May (May 16).

(c) so-called Budget Bill and Capital Budget Bill not later than the first Tuesday in June (June 4) and all others no later than the fifth Wednesday in May (May 29).

(c) (1) than 3:00 p.m. on the fourth Saturday in May (May 25) and all others no later than 3:00 p.m. on the fourth Monday in May (May 27).

(d) the Governor for his signature no later than the first Wednesday in June (June 5), and all other bills no later than the first Tuesday in June (June 4);

Amend Joint Rules 12, 18 and 19 by inserting the following note at the beginning of each rule:

(Note: The schedule contained in Joint Rule 10 as adopted for the second-year session shall, for said second-year session, supersede any conflicting date contained in this rule.)

Amend Joint Rule 12 by inserting in place thereof the following:

in either body after the third Tuesday in March (March 19).

12(b) taken no later than the fifth Wednesday in May (May 29) and any such bill shall be sent to the Governor for his signature no later than the first Tuesday in June (June 4).

Amend Joint Rule 18 by striking out lines 14 and 15 and inserting the following:

not later than the third Thursday in May (May 16) of the calendar year in which

Amend Joint Rule 19 by striking out lines 13 and 14 and inserting the following:

Senate or the House no later than the first Thursday in April (April 4).

Amend the first line under "Statement of Purpose and Intent by deleting line one and twenty-eight and inserting in place thereof the following:

The 1985 session of the New

Therefore, the 1985 session of the New

(Rep. Rounds in the Chair)

Rep. Tucker explained the amendment and yielded to questions.

Rep. Alf Jacobson spoke to the amendment. Amendment adopted.

(Speaker in the Chair)

COMMITTEE REPORT

HR 10, fixing January 29, 1985 as the date through which House Rules may be amended by majority vote. Rep. Rounds for the Rules Committee.

Amendment

Amend House Rule 25(a) by deleting line two in the second paragraph and inserting in place thereof the following:

House on or before Friday, April 19 a budget bill

Amend the House Rules by inserting after Rule 36 and the heading "OF BILLS" the following new House Rule:

36(A). There shall be no limitation on the type of legislation introduced in the first year session.

For the second-year session:

(a) No bill, the subject matter of which has been indefinitely postponed in the House in the first-year session, shall be admitted into the second-year session whether as a bill, an amendment, a committee of conference report or in any other manner; and

(b) No bill, joint or concurrent resolution, shall be introduced into the House for the second-year session unless the sponsor of such bill, joint or concurrent resolution, files the legislation by title on or after July 1, 1985; provides complete information as to details to the Office of Legislative Services by 5:00 p.m., September 3, 1985 and the bill is fully prepared by said office for introduction prior to 5:00 p.m., October 1, 1985 except with the approval of three-fifths of the Rules Committee or by a vote of two-thirds of the House.

Amend House Rule 46(a), (a)(1), (b)(1), (b)(2), (d)(1) and (d)(2) by inserting the following new dates:

Last day to introduce non-money bills. Monday, March 18

Last day to sign off on non-money bills. Tuesday, March 12

House Budget Briefing on House Version of operating budget. Friday, April 19

Budget briefing on Senate Version of operating budget. Wednesday, May 22

Amend House Rule 46 by inserting after paragraph (d) thereof the following new paragraph:

(e) The appropriations and related matters that appear in the general appropriations (budget) bill for the first fiscal year of the biennium shall take effect as provided in the effective date section of that bill and those for the second fiscal year of the biennium shall take effect as provided in said section only upon the ratification by both bodies through the passage of a separate bill introduced to make any amendments and to accomplish such ratification in the second-year session.

Amend House Rule 58 by deleting the last line and inserting in place thereof the following:

floor of the House by Thursday, March 21 or earlier.

Amend House Rule 59 by deleting the last two lines and inserting in place thereof the following:

of the House no later than Tuesday, April 16.

Reps. Rounds and Chambers moved that the amendment be adopted.

(Rep. Rounds in the Chair)

Rep. Tucker explained the amendment, and yielded to questions.

(Speaker in the Chair)

Question being on the adoption of the House Rules as amended.
Adopted.

Rep. Rounds moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.
Adopted.

COMMITTEE REPORTS (Consent Calendar)

HB 22, extending the authority of the executive director and fish and game commission to set the season and methods and manner of taking deer for 2 years. Ought to Pass with Amendment.

This biennial bill gives the Fish and Game Department authority to set the deer season for the next two years, and gives the Committee a handle on this law. Vote 14-1. Rep. Gerald R. Smith for Fish and Game.

Amendment

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Effective Date. This act shall take effect upon its passage.

HB 23, relative to penalties for violations in connection with the taking of marine species. Ought to Pass.

The Committee feels this bill is necessary to insure the proper penalty to shucking houses for health reasons. Vote 14-1. Rep. Laura Pantelakos for Fish and Game.

Rep. Felch notified the Clerk that he wished to be recorded against HB 23.

HB 32, permitting the distribution of bills, resolutions, and daily journals to state depository libraries. Ought to Pass. This bill increases the opportunities for interested citizens to consult House and Senate Journals and Calendars, joint and concurrent resolutions, and bills at 19 depository libraries throughout the state. The state librarian testified that she favors the proposal as an added service to the public. Vote 19-0. Rep. Francis E. Robinson for Judiciary.

HB 15, relative to the consolidation of cemetery trust funds into a common trust fund and the appropriate method of accounting for such fund. Inexpedient to Legislate.

HB 15 does not materially change or improve the present statute regarding trust fund administration by the cities or towns. Vote 18-0. Rep. David M. Perry for Municipal and County Government.

HB 18, relative to the enforcement of zoning ordinances. Inexpedient to Legislate. There may be some urgent situations involved in investigation of possible violations of a local zoning ordinance. The Committee believes, however, that it is wise and prudent to retain the present provisions of law whereby the selectmen must first obtain a warrant before entering on property when permission to do so has been refused. Vote 18-0. Rep. Richard A. Grodin for Municipal and County Government.

HB 24-FN, permitting a county executive committee to hire an executive assistant. Ought to Pass.

This is permissive legislation. It allows any county executive committee to hire an executive assistant. Vote 17-1. Rep. Lawrence Cronin for Municipal and County Government.

HB 7, relative to the rulemaking authority of the adjutant general of the New Hampshire national guard. Ought to Pass. This is a simple "housekeeping bill," intended to clarify the difference between "rules" promulgated by the Adjutant General, which do have an impact on the public. The "rules" applicable to military personnel are really "military regulations," and as such are "internal procedures" which do not come under RSA 541-A, "The Administrative Procedure Act;" rules pertaining to the "rental of armories" remain unchanged, but affect the public and therefore must be promulgated under the provisions of RSA 541-A. Vote 16-0. Rep. Dennis H. Fields for Public Protection and Veterans Affairs.

HB 11, relative to the national guard scholarship fund. Ought to Pass.

The National Guard Scholarship Fund has proven to be of great assistance in the recruitment and retention of National Guard personnel. The funds for the scholarship awards are generated from the Army rental fees received from non-state government activities. This bill will (a) permit the Scholarship Fund to use all of the Army rental fees from non-state activities (about \$35,000 per biennium) instead of the present allocation of \$20,000 per biennium; (b) permit the "Scholarship Fund Committee" to increase scholarship awards from \$300 to \$500 per guards-person, per year, to be expended on post-secondary education facilities in New Hampshire. Note: the "fiscal note," after having been inadvertently left off of the bill, has now been reunited with the bill. Vote 16-0. Rep. Dennis H. Fields for Public Protection and Veterans Affairs.

Referred to Appropriations.

HB 115-FN, relative to sunset review of the veterans council. Ought to Pass. Representatives from 12 veterans and related organizations testified in strong support of the continued existence of the State Veterans' Council, and recommended that its staffing be increased to provide better statewide coverage; this situation is being addressed through the budgetary process. Vote 14-0. Rep. George T. Musler for Public Protection and Veterans Affairs.

HB 158-FN, relative to sunset review of training education. Ought to Pass. Each recommendation of the Sunset staff was thoroughly discussed; the Committee is well aware of the outstanding services rendered over the years by the Adjutants General and the New Hampshire National Guard, and strongly recommends the continued existence of the National Guard. Vote 12-0. Rep. Warren F. Ames, Sr. for Public Protection and Veterans Affairs.

HB 159-FN, relative to sunset review of adjutant general maintenance preparation force. Ought to Pass.

Each recommendation of the Sunset staff was thoroughly discussed; the Committee is well aware of the outstanding service rendered over the years by the Adjutants General and the New Hampshire National Guard, and strongly recommends the continued existence of the National Guard. Vote 14-0. Rep. Dennis H. Fields for Public Protection and Veterans Affairs.

HB 116-FN, relative to sunset review of estimated revenue. Ought to Pass.

The Committee voted 21-0 to support the present estimated revenue forecast for the Eastern New Hampshire Turnpike. Rep. James C. Chamberlin for Public Works.

HB 133-FN, relative to sunset review of estimated revenue. Ought to Pass.

The Committee voted 21-0 to support the renewal of the Central New Hampshire Turnpike estimated revenue for another six years. Rep. James C. Chamberlin for Public Works.

HB 139-FN, relative to sunset review of central New Hampshire turnpike maintenance. Ought to Pass.

The Committee voted 20-0 to recommend that no change should be made. Rep. James C. Chamberlin for Public Works.

HB 140-FN, relative to sunset review of turnpikes administration overhead. Ought to Pass.

The Committee voted 21-0 to make no change in "turnpikes administration overhead." Rep. James C. Chamberlin for Public Works.

HB 150-FN, relative to sunset review of central New Hampshire turnpike debt service. Ought to Pass.

The Committee voted 22-0 that no change should be made in turnpike debt service on Central New Hampshire Turnpike. Rep. James C. Chamberlin for Public Works.

HB 43, requiring an annual visual acuity and hearing test for motor vehicle operators age 70 and older. Inexpedient to Legislate. Visual acuity and driving tests are now required for a renewal of license at age 75. The current driving tests have a failure rate of one percent. Additional tests as required by this bill could cost the state \$600,000 annually. Vote 12-0. Rep. Irvin H. Gordon for Transportation.

HB 44, increasing the penalty for failing to yield to pedestrians within a crosswalk. Inexpedient to Legislate.

No testimony was presented to indicate that there is a serious widespread problem with the subject which the bill addresses. Vote 12-0. Rep. Roger Stewart for Transportation.

COMMITTEE REPORTS (Regular Calendar)

HB 10, relative to police presence at public meetings or functions. Ought to Pass with Amendment.

This bill corrects errors in similar type legislation enacted in 1983; the Attorney General ruled that the 1983 legislation was "broad and vague" and therefore could not be enforced by police departments. This legislation provides guidelines as to what is considered to be a public meeting or function which could require a police detail. Chiefs of Police and municipalities shall not be held liable for their decision not to detail police officers at public meetings and functions. Vote 11-4. Rep. Dennis H. Fields for Public Protection and Veterans Affairs.

Amendment

Amend RSA 105:9, I as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

I. Any person desiring to conduct a public dance, circus or carnival shall make application for police attendance at that function. Any person who conducts a public dance, circus, or carnival without first making application for police attendance at that function is guilty of a violation.

Amend RSA 105:9 as inserted by section 1 of the bill by inserting after paragraph III the following new paragraph:

IV. The chief of police, the police department, and any city, town, or political subdivision shall not be held liable for any decision not to detail police officers to attend any public meeting or function.

Amendment adopted.

Ordered to third reading.

HB 20, relative to the implied consent of testing of boat operators on public waters. Ought to Pass with Amendment.

Approximately 60% of boating fatalities, nationwide and on New Hampshire waters, are attributed to the use of alcohol and/or controlled drugs. This bill provides a means by which properly trained agents of the Division of Safety Services, peace officers and members of the United States Coastguard may take breath, blood and urine samples from persons operating a boat on New Hampshire waters, while appearing to be under the influence. The requirement of .10 blood alcohol content is the same as for those operating motor vehicles. Examination of blood and urine samples shall be performed at the laboratories of the Division of Public Health Services. Ten percent of any fines collected by the courts shall be placed, by the Treasurer of New Hampshire, into a special account, to be used for the training and certification of agents of the Director of Safety Services, in furtherance of their patrolling of the public waters. Vote 14-1. Rep. Warren F. Ames, Sr., for Public Protection and Veterans Affairs.

Amendment

Amend RSA 270:49, III as inserted by section one of the bill by striking out same and inserting in place thereof the following:

III. It shall be an affirmative defense to a violation of this section that the person arrested is afflicted with hemophilia, diabetes or any condition requiring the use of an anti-coagulant under the direction of a physician; provided, however, it shall not be an affirmative defense for failure to take a breath or urine test.

Amend the introductory paragraph to RSA 270:50 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

If a person under arrest refuses upon the request of any authorized agent or peace officer to submit to a chemical test designated by the officer or authorized agent as provided in RSA 270:49, such person shall be subject to the penalty imposed under RSA 270:58, upon satisfactory proof of the following:

Amend RSA 270:52, V as inserted by section one of the bill by striking out same and inserting in place thereof the following:

V. The rules adopted by the director of public health services pursuant to RSA 541-A and RSA 265:85 relative to blood, urine and breath tests shall apply to such tests administered under this subdivision.

Amend RSA 631:5, I as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

I. A person is guilty of a misdemeanor if he operates or attempts to operate a boat while under the influence of intoxicating liquor or a controlled drug.

Amendment adopted.

Rep. Labombarde moved that the words, Inexpedient to Legislate, be substituted for the report of the Committee, Ought to Pass with Amendment, and spoke to his motion.

Rep. Benton spoke against the motion and yielded to questions.

Rep. Sytek spoke against the motion.

Rep. Daniel Eaton moved that HB 20 be recommitted to the Committee on Public Protection and Veterans Affairs and spoke to his motion.

Rep. Benton spoke in favor of the motion. Adopted.

HB 20 was recommitted to the Committee on Public Protection and Veterans Affairs.

HB 30, relative to the control and restraining of guard dogs. Ought to Pass with Amendment.

This bill gives the public protection against the possibility of being attacked, mauled and bitten by a guard dog which has escaped the building or area of its duty; law enforcement officers, fire fighters and utility service persons are warned by posted signs against entering a commercial building or area in which guard dogs are used for property protection. (It should be noted that even a small house-pet dog becomes very protective of its "home turf" and could attack and bite a stranger or passerby). This bill is directed at those commercial buildings or areas which are habitually guarded by dogs; secure fences are required, signs must be posted of the dogs' presence, and inspections of the property made by the local law enforcement authority to assure compliance. Additionally, the custodian

of the dogs must provide the law enforcement authority with the names of persons to be contacted in event of emergency. Vote 12-4. Rep. Warren F. Ames, Sr., for Public Protection and Veterans Affairs.

Amendment

Amend RSA 466:46, III as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

III. "Guard dog" means any breed of dog of either sex which is utilized to attack or repel unauthorized intruders whether on command or by instinct. All guard dogs by virtue of this definition shall be deemed to be vicious.

Amend RSA 466:50, I as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

I. That the premises to be guarded by the guard dog has sufficient restraining devices, such as fences or walls, to prevent access by the public during the periods that the guard dog is used to protect the premises from unauthorized entry or the escape by the guard dog from the enclosed premises.

Amend RSA 466:50, III as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

III. That the custodian has liability insurance for each dog of not less than \$100,000 to protect the general public, in the event the guard dog eludes confinement and attacks and injures a person on public or private property.

Amend RSA 466:51 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

466:51 Inspections. The local law enforcement authority is authorized to inspect the premises of each custodian of a registered guard dog during normal business hours. If conditions on said premises do not meet the requirements of RSA 466:50, the local law enforcement authority shall direct removal of the dog until the defect is corrected.

Amend RSA 466:54 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

466:54 Penalty. Any person, firm, partnership or corporation who violates any provision of this subdivision shall be guilty of a violation for the first offense and guilty of a misdemeanor for subsequent offenses.

Amendment adopted.
Ordered to third reading.

HB 28-FN, relative to bridges and bridge aid. Ought to Pass with Amendment.

The bill revises the current law on state and town bridge aid by combining the two programs into a single bridge aid program. The percentage of the town's contribution is determined by the amount of the town's equalized valuation. Towns with the lowest equalized valuation (\$5,000,000 or less) would pay 1/8 of bridge construction or reconstruction costs to the state's 7/8 share, with several steps of valuations and percentage of costs up to towns and cities with equalized valuations of \$30,000,000 or more, which would pay 1/3 of the costs to the state's 2/3 share. The committee amendment, offered at the hearing by the sponsors, inserted the 1/8 category for towns with \$5,000,000 or less equalized valuation. Only three towns Hart's Location, Winsor and Ellsworth fall in that category. The Commissioner of Public Works and Highways may limit the amount of bridge aid for construction or reconstruction of bridges costing more than \$1,000,000. Vote 21-0. Rep. James A. Chandler for Public Works.

Amendment

Amend RSA 234:10 as inserted by section 6 of the bill by striking out same and inserting in place thereof the following:

234:10 Bridge Aid; How Cost Borne. When public convenience and necessity require the construction or reconstruction of any bridge on a class II or class V highway the cost thereof shall be borne as follows:

HB 117-FN, relative to sunset review of operations and maintenance. Ought to Pass with Amendment.

House Bills 117, 121 and 134 are all Sunset review bills and are recommended for passage by the Committee. The amendments, identical in language except for the specific entities involved, accomplish recommendations of the Sunset staff. Section 3 of the amendments deletes from the statutes general law enforcement authority for the Department of Public Works and Highways staff since

they are not trained, equipped or organized for such duties. Law enforcement services will continue to be provided by the Division of State Police. The Turnpike Division supports the change. Section 4 of the amendments grants the Commissioner of Public Works and Highways the authority to adopt rules, under RSA 541-A (The Administrative Procedure Act), concerning the operation of the various entities of the turnpike system. Section 5 of the amendments inserts in statutes a procedure for the Commissioner to establish toll rates subject to approval by the Governor and Council. Vote 21-0. Rep. James A. Chandler for Public Works.

Amendment

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 Highway Patrol. Amend RSA 237:19 as inserted by 1981, 87:1 by striking out said section and inserting in place thereof the following:

237:19 Highway Patrol. Law enforcement and public safety services on the turnpike system shall be provided by the department of safety, division of state police. The cost of these services shall be a charge on the fund established under RSA 237:24.

4 Authority. Amend RSA 237:17 by inserting after subparagraph (n) the following new subparagraph:

(o) Adopt rules, under RSA 541-A after public hearing, concerning the operation of the eastern New Hampshire turnpike. These rules shall include toll rates for use of the turnpike system.

5 Tolls. Amend RSA 237:24, I as inserted by 1981, 87:1 by striking out said paragraph and inserting in place thereof the following:

I. The commissioner of public works and highways, with the approval of the governor and council, shall adopt rules under RSA 541-A establishing toll rates and other charges for use of the eastern New Hampshire turnpike or any part of the right-of-way and other property acquired in connection therewith. The governor and council shall approve or reject the commissioner's proposed rules establishing toll rates within 90 days of receiving them. The tolls collected shall be deposited with the state treasurer who shall keep the same in a separate account, and the operating expenses and maintenance of the turnpike shall be paid from said account. From the balance remaining after payment of operation and maintenance, the governor, with the approval of the council, shall pay the interest and principal on the bonds issued hereunder. Fourteen days previous to the time said interest and principal are payable, the state treasurer shall examine the existing balance and if such balance is insufficient to make the payment, then he shall notify the governor who shall immediately draw his warrant on the highway fund to cover any deficit, and, if the funds in both of the above accounts are

insufficient, the governor shall draw his warrant upon the state's general fund to the amount necessary to meet the payments. The full faith and credit of the state is pledged to the payment of the principal of and the interest on the bonds as they become due and payable. Any funds paid out from the state's general fund for the above purposes shall be reimbursed from the collection of tolls as soon as such funds are available. Any funds that have been or may be expended for the completion of the turnpike by the department of public works and highways shall be repaid to said department when, in the opinion of the governor and council, sufficient funds are available. Any excess income may be used for further toll road extensions in accordance with RSA 237:17(m). During the construction of the turnpike the governor may, if necessary, draw his warrant upon the highway fund to pay interest due on any bonds that have been issued in accordance with the provisions of this subdivision; such payment is to be repaid to the highway fund from the collection of tolls.

6 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

HB 65, increasing the legal drinking age to 21. Ought to Pass.

The Committee felt that, since Massachusetts had passed a June 1, 1985 effective date for a 21 year drinking age, New Hampshire must go along with 21, also. Maine will follow suit, but will not be "on line" until late this year. New Hampshire is adopting a progressive stance in this instance. Vote 12-7. Rep. Robert F. Delano for Regulated Revenues.

Rep. D'Amante moved that the words, Inexpedient to Legislate, be substituted for the report of the Committee, Ought to Pass, and spoke to his motion.

Reps. Newman and Kelley spoke against the motion.

Rep. Alf Jacobson spoke in favor of the motion and yielded to questions.

Rep. Blais spoke in favor of the motion.

Rep. Kenneth MacDonald spoke against the motion and yielded to questions.

Rep. Newman requested a roll call.

Sufficiently seconded.

Rep. Robert Hayes abstained from voting under Rule 16.

RECESS

(Speaker in the Chair)

Rep. Rounds moved that the House adjourn.
Adopted.

HOUSE JOURNAL 5

Thursday, 7Feb85

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

Dear God, our election to this House puts us in a position of dealing with people's lives. That is not to say we become like a warden in a prison, or like a mother superior of a convent, or even like a keeper of a zoo. Help us to think of ourselves as agents who act on behalf of our fellow citizens who have given us this power. Help us to be listening, caring, supportive and concerned for all the people of the State. Help us to hear both sides of each question and give us wisdom to discern the truth in each matter. Amen.

Rep. Chris Jacobson led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Hardy, George Jones, Anderson, Olimpio, Durant, Hawkins, Pressly, Pantelakos, Hendrick and Connors, the day, illness.

Reps. Edward Flynn, Donovan, Wood and Bolduc, the day, important business.

INTRODUCTION OF GUESTS

Phyllis Raynowska, wife of Rep. Raynowska.

Rep. Rounds offered the following:

RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 231 through 239 and House Bill of Intent numbered 2001, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted

THREE-LEGISLATIVE DAY EXTENSIONS GRANTED

Rep. Ward moved that the Committee on Executive Departments and Administration be granted a three-legislative day extension on HB 26, establishing a department of libraries and cultural affairs, and HB 27, establishing a department of education. Granted.

Rep. Sytek moved that the Committee on Judiciary be granted a three-legislative day extension on HB 8, prohibiting bail pending appeal for persons convicted of certain offenses. Granted.

Rep. Vartanian moved that the Committee on State Institutions and Housing be granted a three-legislative day extension on HB 9, relative to the eminent domain powers of housing authorities. Granted.

SENATE MESSAGE REQUESTS CONCURRENCE WITH AMENDMENT

HCR 2, adopting joint rules for 1985.

Amendment

Amend Joint Rule 24 by striking out said rule and inserting in place thereof the following:

24(a) First-Year Session. Any legislation not disposed of by any other motion in the first-year session by midnight on July 1 of the first-year session shall be indefinitely postponed for the remainder of the biennium.

(b) Second-Year Session. Consideration of all legislation introduced on or before July 1 of the second-year session shall be terminated at midnight on July 1 of the second-year session and any bill not passed by both bodies by this date and time shall be indefinitely postponed for the purposes of the 1985-1986 regular session of the General Court. If after July 1 of the second-year session the two bodies of the General Court are called into session by joint action of the two presiding officers, any legislation considered shall be limited to matters not indefinitely postponed on or before July 1 of second-year session. Such new legislation may come before the General Court with the approval of three-fifths of the Rules Committees of both bodies, voting separately, or of two-thirds of the members of both bodies, voting separately. Any new legislation so introduced shall be exempt from the joint rules for time limitations for action on legislation in both bodies and in any committee thereof.

Reps. Rounds and Chambers moved that the House concur.

Adopted.

Rep. Rounds moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

Adopted.

COMMITTEE REPORTS (Consent Calendar)

HB 67, to allow a designee from the office of the attorney general to serve on the board of trust company incorporation in place of the attorney general. Ought to Pass with Amendment.

The purpose of this bill, as amended, is to permit the State Treasurer and Attorney General to designate their staff to sit on the Board of Trust Company, Inc. in their place when they choose. Vote 16-0. Rep. Conrad Quimby for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

to allow a designee from the office of the attorney general and a deputy treasurer to serve on the board of trust company incorporation in place of the attorney general and the state treasurer.

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Board of Trust Company Incorporation. Amend RSA 392:1 as amended by inserting after the word "treasurer" in line 1 the following (, or a deputy treasurer,) and by inserting in line 2 after the words "attorney general" the following (, or a designee from the office of the attorney general,) so that said section as amended shall read as follows:

392:1 Incorporation Board. The bank commissioner, the state treasurer, or a deputy treasurer, and the attorney general, or a designee from the office of the attorney general, shall constitute a board for the incorporation of trust companies and other corporations of a similar character, shall be known as the board of trust company incorporation, and shall receive no compensation for services on this board. The deputy bank commissioner shall serve as clerk of the board. Provided, that if at the effective date of this act there shall be pending any matter before the board as constituted prior to such effective date, the board as so constituted shall remain in existence with respect to such matter and shall retain jurisdiction thereof until final decision shall have been rendered thereon.

HB 101, relative to sunset review of small loan and vehicle finance. Ought to Pass.

The Sunset Committee and this Committee find the re-creation of the PAU, which finances the regulation of small loan and vehicle finance, should be continued. Vote 17-0. Rep. Elizabeth L. Crory for Commerce, Small Business and Consumer Affairs.

HB 16, raising the amount from \$500 to \$1,000 that must be reported by political committees and political candidates. Inexpedient to Legislate.

The committee feels that donations or expenditures over \$500 should be reported. Vote 12-0. Rep. Joseph M. Eaton for Constitutional and Statutory Revision.

HB 35, relative to preparing and correcting checklists in village districts. Ought to Pass.

This bill provides that any village district shall use the same checklist as a town uses. Vote 12-0. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

HB 46, relative to sealing and certifying ballots. Ought to Pass. This bill simply allows a selectman's designee to sign the ballot box so that the signing will take place the night of election. Vote 12-0. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

HB 63, relative to the election of representatives to the general court and the election of delegates to state party conventions from the city of Keene. Ought to Pass.

This bill has been agreed on by the Democrats, Republicans and city officials. Vote 12-0. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

HB 68, changing the dates for observance of Memorial Day and Veterans Day. Inexpedient to Legislate.

As Veterans Day has already been taken care of by the Federal Government, HB 49 will cover Memorial Day. Vote 12-0. Rep. Joseph M. Eaton for Constitutional and Statutory Revision.

HB 38, requiring the state board of education, through the commissioner, to adopt rules relative to guidelines on notifying parents when students are absent. Inexpedient to Legislate.

The State Board of Education has already adopted policy with regards to student attendance and asked school districts to do likewise. Therefore, this bill is unnecessary. Vote 20-0. Rep. William J. Hounsell for Education.

HB 12, including "sod farming" within the statutory definition of farm, agriculture and farming. Ought to Pass.

The public hearing was in strong support of this bill except for one individual. It appears to be well agreed that modern sod farming does not materially deplete the soil. It also preserves the land in open space. Vote 21-0. Rep. Elizabeth A. Greene for Environment and Agriculture.

HB 54, relative to the maintenance of horses. Ought to Pass with Amendment.

House Bill 54 provides that horses have proper exercise and feed, and areas that are properly cleaned and drained. Also, it adds enforcement powers. Vote 22-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Veterinary Care. Amend RSA 575-C:2 (supp) as inserted by 1983, 231:1 by striking out said section and inserting in place thereof the following:

575-C:2 Proper Care.

I. No person shall overdrive, overwork or overload a horse in his care. No person shall buy, sell or exchange any horse that is unfit to be used for riding, driving, draft or reproduction purposes, unless it is for rehabilitation or slaughter. No person shall torture, beat, mutilate or abandon any horse, or aid in such abuse, or permit any horse in his care to be subject to abuse of any kind.

II. No person shall restrict the exercise of a horse to the point of causing muscle deterioration, unless directed by a veterinarian licensed to practice in the state.

2 No Presumption Created. Amend RSA 575-C:3 (supp) as inserted by 1983, 231:1 by striking out said section and inserting in place thereof the following:

575-C:3 Proper Feeding. All horses shall receive roughage in proportion to their size, age, temperament and amount of work they are required to perform. Grain may also be required when roughage alone will not meet their daily nutritional requirements. All horses shall be fed on a regular daily schedule, and all food shall be clean and free from excessive moisture. All horses shall always have available a sufficient quantity of fresh water and of salt in either loose or block form. However, the mere presence of roughage, water, or grain on the premises shall not constitute a presumption or evidence of proper feeding.

3 Clean Shelter. Amend RSA 575-C:4 (supp) as inserted by 1983, 231:1 by striking out said section and inserting in place thereof the following:

575-C:4 Shelter Available.

1. An adequately ventilated and dry barn or a windbreaker roofed and with at least 3 sides shall be provided and accessible to horses (November 1 through April 15) during which time horses kept in paddocks or pastures with a roofed windbreaker shelter shall not be kept tied but shall be able to move around freely. Horses housed in barns or other enclosed stables shall have stalls of sufficient size so that the horse is able to lie down. The enclosed area in which horses are kept shall have proper drainage and shall be maintained in a sufficient state of cleanliness so that the horses will not become diseased and shall be comfortable.

4 Enforcement. Amend RSA 575-C by inserting after section 5 the following new section:

575-C:5-a Enforcement. Any law enforcement officer, upon the recommendation of a humane organization, or its representative, or the state veterinarian, shall have authority to enforce the provisions of RSA 575-C.

5 Effective Date. This act shall take effect 60 days after its passage.

HB 37, relative to building inspectors. Inexpedient to Legislate.

This bill could limit the ability of small towns and cities to appoint a building inspector as required by zoning ordinances. Alternate method of providing additional necessary inspection by State Board of Electricians is not feasible due to lack of funds. Vote 17-0. Rep. William F. McCain for Executive Departments and Administration.

HB 41, relative to saltwater fishing and shellfish. Ought to Pass with Amendment.

This is merely a housekeeping bill on commercial fishing with mobile gear to clear up the language in previously passed legislation and to repeal certain laws that the Fish and Game Department feels are no longer necessary. Vote 14-0. Rep. Charles H. Felch, Sr., for Fish and Game.

Amendment

Amend RSA 211:49, II as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

II. No person shall use mobile gear for the taking of fin fish or crustaceans in the ocean waters under the jurisdiction of the state of New Hampshire between the dates of April 15 and December 15. The taking of all species of salmon (Salmonidae) and striped bass (*Morone saxatilis*) is prohibited at any time by netting in any form. For the purposes of this section, mobile gear shall include but not be limited to otter trawl, mid-water trawls, beam trawl, pair trawls, drag seines, purse seines, and Scottish seines.

Amend section 5 of the bill by striking out same and inserting in place thereof the following:

5 Effective Date. This act shall take effect upon its passage.

HB 61, providing hunting privileges for certain convicted felons. Inexpedient to Legislate.

This bill is preempted by federal law, therefore is not an issue which should be handled by the State. Vote 17-0. Rep. Richard H. Duprey for Judiciary.

HB 33, authorizing the owner of the outlet at Robinson pond in the town of Hudson to construct a lake level management structure. Ought to Pass with Amendment.

This bill, as amended, authorizes the Town of Hudson to construct and maintain a dam at the present site of the old "lake level management structure" after the town has received all necessary rights and easements, as well as approval from the Water Resources Board. The Dam Management Review Committee unanimously supports HB 33, as amended. Vote 20-0. Rep. Howard C. Dickinson, Jr., for Resources, Recreation and Development.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

An Act

authorizing the town of Hudson to construct a dam at Robinson Pond.

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Dam Authorized. If the water resources board, after an investigation pursuant to RSA 484, approves the proposed project, the town of Hudson, having received all necessary rights and easements from the present dam site owners, is authorized, as required by RSA 482:2-c, to construct and maintain at town expense a dam at the present site on the outlet of Robinson Pond

in the town of Hudson, at an elevation such that the normal water level shall closely approximate 211.5 feet, N.G.V.D. (Natural Geodetic Vertical Datum).

HB 48, providing for the acquisition of Jones Pond dam by the department of fish and game. Ought to Pass.

This bill authorizes the Fish and Game Department to acquire a dam in the middle of 863 acres already owned by the Department, in the town of Middleton. The land was acquired earlier, for a wildlife management area in 1983, and this bill will permit the transfer of title of the dam site to the state. The Dam Management Review Committee recommended the state acquire the dam. Vote 20-0. Rep. Mary Ann Lewis for Resources, Recreation and Development.

HB 120-FN, relative to sunset review of Saco watershed commission. Inexpedient to Legislate.

Since this commission was established in 1977, it has been relatively inactive and failed to coordinate its efforts with a corresponding commission in the State of Maine. If there is sufficient interest in re-establishing this commission in the future, the Committee will be pleased to do so. Vote 19-1. Rep. Howard C. Dickinson, Jr., for Resources, Recreation and Development.

HB 136-FN, relative to sunset review of the northeastern forest fire protection commission. Ought to Pass.

The Committee finds that there is a public need for the Northeastern Forest Fire Protection Commission (NFFPC) and recommends that New Hampshire's participation be continued. Vote 20-0. Rep. Charles L. Vaughn for Resources, Recreation and Development.

HB 145-FN, relative to sunset review of Maine-New Hampshire commission on oceanography. Inexpedient to Legislate.

There are other state agencies with responsibilities in regard to oceanographic concerns. For instance, the Port Authority has certain duties in port areas and Fish and Game Department controls ocean fishing off New Hampshire coast. Also, the Marine Research and Development Program of the University of New Hampshire studies oceanographic concerns in cooperation with the University of Maine. Vote 20-0. Rep. Charles L. Vaughn for Resources, Recreation and Development.

HB 52-FN, increasing the fee for dealers' motor vehicle plates. Inexpedient to Legislate.

This bill increases the fee of dealers' motor vehicle plates from one dollar to two, a one hundred percent increase. Testimony before the Committee did not convince the Committee that this amount of increase was necessary at this time. Vote 13-0. Rep. Milton A. Cate for Transportation.

HB 69, relative to seat or safety belts for children and certain other persons. Inexpedient to Legislate.

Although the intent of the sponsor is laudatory, the Committee feels that the enforcement of this bill would be impractical. Vote 13-0. Rep. John Hoar, Jr., for Transportation.

COMMITTEE REPORTS
(Regular Calendar)

CACR 1, relating to the amount in controversy for the right to a jury trial in civil cases. Providing that the amount in controversy for the right to jury trial must exceed \$2,500. Ought to Pass.

The present \$500 limit on civil cases has been counterproductive in that litigants with the right for jury trial lose their right to a speedy trial. The Judicial Council informs the Committee that delays of 1 year are almost universal and delays of two to three years in some counties, waiting for a jury trial. Cost to the state is reported as \$1,000 or more per trial without assurance that enough witnesses will be available after a long delay. Increase to \$5,000 was not accepted by popular vote and the Committee, by unanimous vote, submits the \$2,500 limit is more realistic than the current \$500 amount. Vote 12-0. Rep. Joseph M. Eaton for Constitutional and Statutory Revision.

Providing that a maximum of 5 legislatively proposed constitutional amendments may appear on the ballot at each biennial November election, except elections following a constitutional convention, when the legislature may propose a maximum of 2 amendments and the convention may propose a maximum of 5 amendments. Inexpedient to Legislate.

The Committee feels it is inappropriate to impose artificial limits on the number of constitutional amendments which may be placed before the people either by the Legislature or the Constitutional Convention. Vote 12-0. Rep. Carol H. Holden for Constitutional and Statutory Revision.

Committee report adopted.

HB 49, changing the date for observance of Memorial Day. Ought to Pass. This bill will change the state's observance of Memorial Day to coincide with the national observance of the day. New Hampshire is the only New England state, and only one of 4 states nationwide, that does not observe on the fourth Monday in May. This inconsistency precludes family celebration of this important holiday. Vote 9-3. Rep. Mary J. Shriver for Constitutional and Statutory Revision.

Question now being on the Committee report, Ought to Pass.

Ordered to third reading.

HR 16, relative to the office of waste management, division of public health services, department of health and human services. Ought to Pass with Amendment.

The Committee wishes to consider HB 51 to determine whether or not there is a necessity for legislation regarding economic impacts in the permitting process. The amended resolution states that the sense of the House is that the Office of Waste Management should defer any permitting of hazardous waste facilities until HB 51 is acted upon by the General Court. Vote 18-4. Rep. Barbara B. Bowler for Environment and Agriculture.

Amendment

Amend the resolution by striking out all after the title and inserting in place thereof the following:

WHEREAS, the general court has adopted into law RSA 147-A, 147-B, 147-C, and 147-D, for the purpose of establishing and creating a comprehensive plan for the control and disposal of hazardous waste materials, and

WHEREAS, the general court thereby created the bureau of solid waste management, now the office of waste management, division of public health services (the "office"), for the purpose of administering and controlling the treatment of hazardous waste, including the responsibility for reviewing all applications for the construction of new hazardous waste facilities, and

WHEREAS, it was intended by the aforesaid legislation that the office would adopt comprehensive rules to consider all factors and circumstances which would bear upon the siting of any new hazardous waste facility, including the economic impacts which any such facility would have, and

WHEREAS, the office has yet to adopt rules which address, account for, or establish standards to judge the economics impact which any such facility might have, and

WHEREAS, proposed legislation has been introduced for consideration by the 1985 session of the general court to make clear that it shall be the responsibility of the office to adopt rules which will establish guidelines and standards for judging the economic impacts which a proposed hazardous waste facility may have and that it is the responsibility of the office to apply those standards to all pending and future applications, now, therefore be it

RESOLVED, by the House of Representatives, that it is the sense of this body that the office should defer any granting of permits for any hazardous waste facilities until such time as the general court has had the opportunity to act upon the aforementioned proposed legislation.

Amendment adopted.

Ordered to third reading.

VACATE

Rep. Paul Meader moved that the House vacate the reference of HB 232, relative to adopting the federal numbering system for all watercraft 15 feet and over in length and imposing a water use permit fee, to the Committee on Resources, Recreation and Development.

RECESS

(Speaker in the Chair)

Rep. Rounds moved that the House adjourn.
Adopted.

HOUSE JOURNAL 6

Wednesday, 13Feb85

Rep. Rounds offered the following:

RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 288 through 301, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted

INTRODUCTION OF HOUSE BILLS

First, second reading and referral

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

O Almighty God, Creator of all that is. You divided the light from the darkness and taught us to favor the light. You established the land and all that grows and taught us to be good care takers. You created all animals, fish and birds and taught us to have dominion over them. You created man and woman in Your own image and taught us to love one another as we love our own bodies. As we have demonstrated our concern from animals, so let us demonstrate our caring for each other. As we consider a budget this day may it not be so many dollars as much as it is persons who need justice, who need shelter, who need safe water and clean food, who need education and inspiration, who need equal opportunity, who need equal protection under the law. Teach us, O Creator, to value all that You have made. Amen.

Rep. Lozeau led the Pledge of Allegiance.

Adopted.

COMMITTEE REPORTS (Consent Calendar)

HB 11, relative to the national guard scholarship fund. Ought to Pass.

This bill would increase the maximum scholarship available to a member of the National Guard from \$300 to \$500 annually. Funding would be provided by increasing monies available to the scholarship fund from 50% to 100% of revenues received from the rental of national guard armories statewide. Vote 19-0. Rep. William F. Kidder for Appropriations.

HB 21, relative to filing with school district clerks. Ought to Pass with Amendment.

This bill allows school district clerks and/or town clerks or their designees to be available between 3 and 5 o'clock on the stipulated day. Vote 11-0. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

An Act

relative to filing with the school district clerk or town clerk.

Amend the bill by striking out section one and inserting in place thereof the following:

1 Hours of Filing When School District Clerk or Town Clerk Involved. Amend RSA 652:20 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

652:20 End of Day. Whenever the election laws require a filing with or an action by an official, such filing or action shall be performed before 5 o'clock in the afternoon of the stipulated day. During the afternoon of the stipulated day, the school district clerk or his designee, or the town clerk or his designee, shall arrange his time so as to be available between the hours of 3 o'clock and 5 o'clock.

HB 40, relative to filing nomination papers for presidential candidates.
Inexpedient to Legislate.

The Committee feels it is not possible to hold signing of nomination papers to 500 names. Vote 11-0. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

HCR 1, to ratify an amendment to the Constitution of the United States requiring that an election intervene before an increase in compensation for federal legislators may take effect. Ought to Pass.

This resolution would ratify an amendment to the Constitution so that an election would intervene before an increase in compensation for federal legislators may take effect. Vote 12-0. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

HB 17, relative to requirements for the execution and probate of wills. Ought to Pass with Amendment.

The intent of this bill is to validate non-self-proving wills executed from January 1, 1984 to the effective date of the legislation. It simplifies the form of self-proving wills. It requires two (2) witnesses now for all wills. Because it is corrective legislation it shall take effect upon its passage. Vote 21-0. Rep. Michael E. Jones for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Requirements for Wills. Amend RSA 551:2 (supp) as amended by striking out said section and inserting in place thereof the following:

551:2 Requirements.

1. To be valid, a will or codicil to a will must:

- (a) Be made by a testator qualifying under RSA 551:1; and
- (b) Be in writing; and
- (c) Be signed by the testator, or by some person at his express direction in his presence; and
- (d) Be signed by 2 or more credible witnesses, who must, in the testator's presence, attest to his signature.

II. No seal shall be required.

III. These requirements shall apply to all wills executed on or after January 1, 1984. Wills executed on or before December 31, 1983, must meet the requirements of RSA 551:2, except that the required number of witnesses shall be 3.

2 Self-Proved Wills. Amend RSA 551:2-a (supp) as inserted by 1983, 255:2 by striking out said section and inserting in place thereof the following:

551:2-a Self-Proved Wills. To qualify as self-proved, the testator's signature must be followed by an affidavit signed by him and by the witnesses to his signing of the will as follows:

I. The affidavit may be on the same page or a separate page;

II. The affidavit may be signed at the time the will is signed or at a later time;

III. The testator may expressly direct another to sign for him in his presence;

IV. If the affidavit is completed at the same time the will is signed, each witness need only sign once, at the end of the affidavit, to comply with both RSA 551:2, I(d) and this section:

V. The affidavit shall be in content and form substantially as follows:

State of _____ County _____

We, the testator and witnesses, being duly sworn each declare to the notary public or justice of the peace or other official authorized to administer oaths in the place of execution signing below as follows:

1. The testator signed the instrument as his will or expressly directed another to sign for him.
2. This was the testator's free and voluntary act for the purposes expressed in the will.
3. Each witness signed at the request of the testator, in his presence, and in the presence of the other witness.
4. To the best of my knowledge, at the time of the signing the testator was at least 18 years of age, or if under 18 years was a married person, and was of sane mind and under no constraint or undue influence.

Testator

Witness

Witness

VI. The affidavit shall be made before a notary public or justice of the peace or other official authorized to administer oaths in the place of execution, who shall not also serve as a witness, and who shall complete and sign a certificate in content and form substantially as follows: Sworn to and signed before me by _____, testator;

and _____, witnesses;
on _____.

Signature _____

Official Capacity _____

This certificate shall follow the affidavit on the same page or a separate page.

3 Self-Proved Wills. Amend RSA 552 by inserting after section 5-a the following new section:

552:5-b Self-Proved Will. Any will meeting the requirements of RSA 551:2-a is self-proved and shall be allowed by the probate court.

4 Proof in Common Form. Amend RSA 552:6 (supp) as amended by striking out in lines 1 and 2 the words "executed on or before December 31, 1983," so that said section as amended shall read as follows:

552:6 Proof, Common Form. If the probate of a will is not contested the judge may allow and approve it in common form, upon the testimony of one of the subscribing witnesses, though the others are living and within process of the court.

5 Repeal.

I. RSA 552:6-a, relative to self-proving wills, is hereby repealed.

II. RSA 552:6-b, relative to proof of wills, is hereby repealed.

6 Effective Date. This act shall take effect upon its passage.

HB 55-FN, authorizing the director, division of public health services to schedule controlled drugs. Ought to Pass with Amendment.

Under current law, New Hampshire uses the federal categories or "schedules" of controlled drugs in regulating substances with the potential for physical or psychic dependence. This bill allows the state to list a substance on a more restrictive schedule if a particular drug becomes a problem here, without having to wait for the federal government to act. The amendment adds an appropriation to pay a consulting pharmacist, and corrects the language of the bill to make it internally consistent. Vote 13-0. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

authorizing the director of the division of public health services to schedule controlled drugs and making an appropriation therefor.

Amend RSA 318-B:1-a, I(g) as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

(g) Potential of the substance to produce psychic or physical dependence liability; and

Amend section 8 of the bill by striking out paragraphs I and II and inserting in place thereof the following:

I. Schedule I shall include the controlled substances listed in schedule I of the current chapter 21, Code of Federal Regulations.

II. Schedule II shall include the controlled substances listed in schedule II of the current chapter 21, Code of Federal Regulations.

Amend section 9 of the bill by striking out same and inserting in place thereof the following:

9 Appropriation. The sum of \$3,552 for the fiscal year ending June 30, 1986, and the sum of \$3,552 for the fiscal year ending June 30, 1987, are hereby appropriated to the division of public health services, department of health and human services, for the purposes of this act. These appropriations are in addition to any other funds appropriated to the division of public health services. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

10 Effective Date. This act shall take effect 60 days after its passage.

Referred to Appropriations.

HB 74, relative to budget approval by the Hillsborough county executive committee. Inexpedient to Legislate.

House Bill 90 covers the subject more completely. Vote 19-0. Rep. Kenneth T. Wheeler, Sr. for Municipal and County Government.

HB 90-FN, relative to the notice required for the adoption of the Hillsborough county budget. Ought to Pass with Amendment.

This bill spells out in greater detail the method of hearing and adoption of the Hillsborough County Budget. It also allows more time for study by the County Convention and greater availability of the budget, prior to the full adoption. Vote 20-0. Rep. Leona Dykstra for Municipal and County Government.

Amendment

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Public Hearing Required. Amend RSA 24:13-c, IV (supp) as inserted by 1978, 35:1 by striking out said paragraph and inserting in place thereof the following:

IV. The county convention shall not vote appropriations for the ensuing budget period until 28 days have elapsed from the mailing of the recommendations specified in paragraph III. All moneys to be appropriated by the county shall be stipulated in the budget on a "gross" basis, showing revenues from all sources, including gifts, grants, bequests and bond issues, as off-setting revenues to appropriations affected. The executive committee shall conduct at least one public hearing on the budget in the form in which it is to be submitted to the county convention, and shall mail a written notice of the public hearing at least 7 days prior to the hearing to each member of the county convention.

HB 6, prohibiting paramilitary training and activity. Inexpedient to Legislate. Information received from Attorneys General of states which have "anti paramilitary training statutes" was of insufficient value to justify further study of this bill at this time. Vote 13-1. Rep. Richardson D. Benton for Public Protection and Veterans Affairs.

HB 181, relative to the national guard. Ought to Pass with Amendment.

This bill is a housekeeping measure, generally designed to keep the New Hampshire National Guard statutes in conformity with changes effected in federal National Guard regulations. Vote 16-0. Rep. Frances L. Riley for Public Protection and Veterans Affairs.

Amendment

Amend RSA 110-B:66 as inserted by section 5 of the bill by striking out same and inserting in place thereof the following:

110-B:66 Compensation for Injuries.

I. If any member of the national guard who is on any state duty pursuant to this chapter or on any active or inactive duty for training within or without the state pursuant to the laws of the United States receives a personal injury or an injury as defined in RSA 281, and the benefits, if any, provided by the federal government or national guard system as a result of the injury are less than the benefits provided by the workers' compensation law, the member shall receive benefits so that the total benefits received under the federal and national guard system and the benefits provided by this section shall be equal to the benefits which the member would have received under the workers' compensation law if the injury had occurred on the last day of the member's regular employment previous to reporting for duty with the national guard.

II. The governor is hereby authorized to draw his warrant for sums sufficient to pay for awards made under this section out of any money in the treasury not otherwise appropriated, and said sums are hereby appropriated.

HB 34, relative to winter roads. Ought to Pass with Amendment.

This bill, as amended, leaves the problem of private roads in the hands of the selectmen. There is a safety factor for fire and emergency vehicles that, at some point, will need to use the private road. Vote 19-1. Rep. Lorine Walter for Public Works.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to private roads.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Private Roads. Amend RSA 231 by inserting after section 24 the following new section:

231:24-a Private Roads. No private road shall be repaired or maintained in either the summer or winter months by a municipality without the prior approval of the selectmen of a town or the majority vote of a town meeting or the approval of the city council of a city.

2 Effective Date. This act shall take effect 60 days after its passage.

COMMITTEE REPORTS
(Regular Calendar)

HB 98, relative to adopting the spotted newt as the state amphibian. Ought to Pass. The 9th and 10th grade science students of Goffstown High School performed painstaking research and displayed enthusiasm, expertise and knowledge in explaining the life of the spotted newt, and its favorable impact on the waters, swamps and terrain of New Hampshire. They were delighted to have participated, in a small way, in the legislative process. If enacted, the spotted newt will join the purple lilac State flower (1919), the white birch State tree (1947), the ladybug State insect (1977) and the white-tailed deer State animal (1983), as an official symbol of New Hampshire wildlife. Vote 14-2. Rep. George T. Musler for Public Protection and Veterans Affairs.

Reps. August, Knight and Blais spoke in favor of the Committee report.

Ordered to third reading.

Rep. Clancy notified the Clerk that he wished to be recorded in favor of HB 98.

HB 71, prohibiting persons from running as candidates on more than one party ticket in state primary and general elections. Inexpedient to Legislate.

The Committee found this bill inexpedient to legislate because if a candidate received enough votes, regardless of the party affiliation, he/she deserves to serve in office. Vote 6-5. Rep. Catherine O'Brien for Constitutional and Statutory Revision.

Rep. Flanagan moved that HB 71 be recommitted to the Committee on Constitutional and Statutory Revision, and spoke to her motion.

Rep. Lozeau spoke in favor of the motion. Adopted.

HB 71 was recommitted to the Committee on Constitutional and Statutory Revision.

HB 53, prohibiting the harassment of hunters, trappers and fishermen. Majority: Ought to Pass. Minority: Inexpedient to Legislate.

MAJORITY: The Majority of the Committee feels this piece of legislation is necessary in that anti-hunter groups have admitted to "hunt sabotage" activities and they plan to exercise these activities in the future. Vote 11-5. Rep. Gerald R. Smith for Fish and Game.

MINORITY: The Minority feels that there is no need for this type of legislation. There are laws that cover this type of harassment. Also, the bill is unenforceable. (Rep. Romeo J. Theriault for the Minority.)

Rep. Doris Riley moved that the words, Refer for Interim Study, be substituted for the report of the Committee, Ought to Pass, and spoke to her motion.

Reps. Theriault and Gerald Smith spoke in favor of the motion.

Adopted.

Referred for Interim Study.

HB 56, permitting the annulment after 7 years of criminal records for possession of a controlled drug. Ought to Pass.

This bill requires that anyone convicted of a drug offense wait 7 years before applying to the court for an annulment of his criminal record. Under current law, a person is subject to an enhanced penalty for a second drug offense, but the law is circumvented by having record of the first offense annulled as early as one year after the crime. The bill closes that loophole and provides some uniformity in the way the state deals with drug offenders. Vote 17-4. Rep. Donna P. Sytek for Judiciary.

Ordered to third reading.

HB 20, relative to the implied consent of testing of boat operators on public waters. Ought to Pass with Amendment.

House Bill 20 was recommitted to this Committee on Thursday, January 31. A joint meeting of the Judiciary/Public Protection and Veterans Affairs study group on HB 20 was convened on Monday, February 4, plus knowledgeable members of the Department of Safety. Several changes were agreed upon to bring HB 20 into closer conformity with the DWI statutes, the section permitting a part of the fines collected to be used for training of agents of the Director of Safety Services was deleted, and the effective date of the bill was amended from January 1, 1986 to read "effective on passage." After a wide-ranging discussion, it was agreed to follow the Federal definition of a boat, "a vessel is every description of a watercraft used or capable of being used as a means of transportation on the water." Vote 16-0. Rep. Warren F. Ames, Sr., for Public Protection and Veterans Affairs.

Amendment

Amend RSA 270:48, II as inserted by section 1 of the bill by striking out said paragraph and inserting in place thereof the following:

II. "Boat" means and includes every type of watercraft used or capable of being used as a means of transportation on the water.

Amend RSA 270:49, III as inserted by section 1 of the bill by striking out said paragraph.

Amend RSA 270:52, I as inserted by section 1 of the bill by striking out said paragraph and inserting in place thereof the following:

I. Only a duly licensed physician, physician's assistant, registered nurse, or qualified medical technician acting at the

request of a duly authorized agent or a peace officer may withdraw blood for the purpose of a test required by RSA 270:49. Such physician, physician's assistant, registered nurse, or qualified medical laboratory technician shall not be liable for damages or otherwise to the person from whom blood is withdrawn for an act performed in connection with such withdrawal provided the physician, physician's assistant, registered nurse, or qualified medical laboratory technician acts with ordinary care.

Amend RSA 270:56, I as inserted by section 1 of the bill by striking out said paragraph and inserting in place thereof the following:

I. Any person who is arraigned on a charge arising under RSA 631:5 shall file notice in the court, within 10 days immediately following the receipt by said person of the results of any blood alcohol test administered to him, requiring the attendance of the person who took the sample for said test or of the person who conducted said test, or both. Failure to file notice shall be deemed a waiver to require their attendance at the trial. The official report of the test issued pursuant to RSA 270:49 shall be deemed conclusive evidence of the conduct and result of said test.

Amend RSA 270:59 as inserted by section 1 of the bill by striking out same.

Amend section 2 of the bill by striking out same and renumbering sections 3 and 4 as follows:

2 and 3, respectively.

Amend RSA 631:5, II as inserted by renumbered section 2 of the bill by striking out said paragraph and inserting in place thereof the following:

II. "Boat" means and includes every type of watercraft used or capable of being used as a means of transportation on the water.

Amend renumbered section 3 of the bill by striking out same and inserting in place thereof the following:

3 Effective Date. This act shall take effect upon its passage.

Amendment adopted.
Ordered to third reading.

HB 39-FN, providing for the reconstruction of a section of Prescott Road in the town of Raymond and making an appropriation therefor. Ought to Pass with Amendment.

Three communities, Raymond-Epping-Fremont, are impacted by the existing condition of Prescott Road. A Subcommittee viewed site, met with municipal authorities and State Highway Department. It is a unique situation whereby a highway Commissioner testifies favorably for HB 39. The Committee amendment authorizes \$80,000 for reconstruction, not \$150,000. Vote 13-9. Rep. James J. White for Public Works.

Rep. Bibbo moved that HB 39 be recommitted to the Committee on Public Works. Adopted.

HB 39 was recommitted to the Committee on Public Works.

HB 200, making an appropriation for capital improvements. Ought to Pass with Amendment.

This bill authorizes appropriation of funds for new construction and increases three past appropriations from past bienniums to allow completion of project. Vote 21-0. Rep. James V. Bibbo, Jr., for Public Works.

Amendment

Amend paragraph III of section 1 of the bill by striking out same and inserting in place thereof the following:

III. New Hampshire Public Television	
A. State-wide program distribution	\$ 629,000
B. Production and office facility	\$ 766,667
Total Paragraph III	\$1,395,667

Amend the total state appropriation of section 1 of the bill by striking out same and inserting in place thereof the following:

Total state appropriation section 1	\$4,993,271
-------------------------------------	-------------

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Expenditures; General. The appropriation made for the purposes mentioned in section 1 of this act and the sums available for those projects shall be expended by the trustees, commissions, commissioner, or department head of the institutions and departments referred to herein, provided that except for paragraph III of section 1 of this act all contracts and projects and plans and specifications therefor shall be awarded in accordance with the provisions of RSA 228.

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 Expenditures; University System.

I. The appropriations made for the purposes mentioned in paragraphs I, II, and III, B of section 1 of this act and the sums available for these projects shall be expended by the trustees of the university system of New Hampshire. All contracts for the construction of all or any part of said building or facilities shall be let only after competitive sealed bids have been received and only after an advertisement calling for such bids has been published at least once in each of 2 successive calendar weeks in a newspaper of general circulation in New Hampshire or in a trade journal known to be circulated among the contractors from whom bids will be sought with the state of New Hampshire or elsewhere in the area. The first publication of such advertisement shall be not less than 30 days prior to the date the bids will be received. All conditions considered, wherever possible, it is recommended that the services of New Hampshire architectural and construction firms be considered within the discretion of the trustees.

II.(a) The appropriations made in section 1 are available for all costs incidental to the completion of the projects enumerated including the costs of the services of architects, engineers, and other consultants of such kind and capacity as the university system board of trustees may, in its discretion, wish to employ on such terms and conditions as the board determines. These moneys shall be spent under the direction of the university system board of trustees.

(b) If, in the judgment of the trustees of the university system, just cause exists indicating the lowest bid should be rejected, then the contract may be awarded to the next lowest bidder; or, if the next lowest bid should be rejected, the contract may be awarded to the third lowest bidder.

(c) The board of trustees of the university system has the right to reject any and all bids; and, if the lowest bid is in excess of the appropriation, the board has the right to negotiate with the low bidder or with the 3 lowest bidders for a contract for the construction upon terms considered most advantageous to the

university system. If only one bid is received, the board of trustees may negotiate a contract for the construction on terms considered most advantageous to the university system and to the state. Any authorization contained in this act which is at variance with the requirements of applicable federal law and regulations shall be controlled by the terms of the federal law and regulations.

Amend section 4 of the bill by striking out same and inserting in place thereof the following:

4 Bonds Authorized.

I. To provide funds for the total of the appropriations of state funds made in section 1 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$4,993,271 and for said purposes may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A; provided, however, that the bonds issued for the purposes of paragraph IV, A of section 1 of this act shall have a maturity of 5 years from the date of issue.

II. No bonds authorized in this section, or expenditure warrants relating to the production and office facility only, shall be issued until New Hampshire public television certifies to the governor and council that it has raised and can account for \$1,533,333 or more in gifts, grants, donations, or pledges from sources other than the state, to be used as 2/3 of the \$2,300,000 construction cost of the new production and office facility, but only after approval of the governor and council.

Amend section 9 of the bill by striking out same and inserting in place thereof the following:

9 Payments. The payment of principal and interest on bonds and notes issued for the purposes of paragraph III of section 1 of this act shall be made when due from the general funds of the state in the first instance and the state treasurer shall be reimbursed forthwith from New Hampshire public television for all such payments.

Amend section 11 of the bill by striking out same and inserting in place thereof the following:

11 New Hampshire Hospital; Increase Funds. Amend 1983, 423:1, IV, B by striking out said subparagraph and inserting in place thereof the following:

B. New Hampshire hospital - design plans and working drawings for a new psychiatric facility \$1,545,000

12 Paragraph Total Amended. Amend 1983, 423:1, IV by striking out the paragraph IV total and inserting in place thereof the following:

Total paragraph IV \$1,889,000

13 Section Total Amended. Amend 1983, 423:1 by striking out the section 1 total and inserting in place thereof the following:

Total state appropriation section one \$19,602,600

14 Seacoast Substation. Amend 1983, 423:3, I, A by striking out said subparagraph and inserting in place thereof the following:

A. Seacoast motor vehicle sub-station \$ 414,745

15 Paragraph Total Increased. Amend 1983, 423:3, I by striking out the total paragraph I and inserting in place thereof the following:

Total paragraph I \$ 434,745

16 Total Appropriation Increased.

Amend 1983, 423:3 by striking out the total state appropriation and inserting in place thereof the following:

Total state appropriation section 3 \$ 2,232,745

17 Bonding Authority Increased. Amend 1983, 423:8 by striking out in line 4 the number "\$21,348,600" and inserting in place thereof the following (\$22,237,345) so that said section as amended shall read as follows:

423:8 Bonds Authorized. To provide funds for the total of the appropriations of state funds made in sections 1, 2, 3, and 4 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$22,237,345 and for said purposes may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A; provided, however, that the bonds issued for section 1, I, B; II, E; III, B, C, D, E(1), (2), and (4), F, G; IV, A(4); VI, A-D, and F; VII, B; X, A-J; section 3, 1, B; II, D and E; section 4, I, A-C; shall have a maturity of 5 years from the date of issue.

18 Lapse Date Extended. The appropriations made by 1983, 423:1, X and by 1981, 565:20, V as amended by 1982, 38:16 are hereby extended until June 30, 1987.

19 Intermingled Funds; Additional Appropriation.

I. The appropriations made by 1983, 423:1, X and by 1981, 565:20, V as amended by 1982, 38:16 are hereby combined and intermingled for the purposes as stated in 1983, 423:1, X and 1981, 565:20, V.

II. The additional sum of \$285,000 is hereby appropriated for said purposes.

20 Bonds Authorized. To provide funds for the additional appropriation made by paragraph II of section 19 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$285,000 and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A. The payment of principal and interest on such bonds and notes shall be made when due from the general funds of the state.

21 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Referred to Appropriations.

HB 42, to amend the reckless driving statute. Ought to Pass with Amendment. This bill corrects a situation where a driver involved in an accident where death results could be charged either

under the Motor Vehicle Code (reckless driving) or under the Criminal Code (negligent homicide or manslaughter). This bill eliminates the charge from the Motor Vehicle Code while the amendment maintains the courts' authority to suspend the driver's license. Vote 12-1. Rep. Stephen Sloan for Transportation

Amendment

Amend RSA 265:79 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

265:79 Reckless Driving; Minimum Penalty. Whoever upon any way drives a vehicle recklessly, or so that the lives or safety of the public shall be endangered, or upon a bet, wager or race, or who drives a vehicle for the purpose of making a record, and thereby violates any of the provisions of this title or any rules adopted by the director, shall be, notwithstanding the provisions of Title LXII, fined not less than \$100 nor more than \$500 and his license shall be revoked for a period of 60 days on the first offense and from 60 days to one year on the second offense. If the death of any person results from reckless driving of a vehicle, the court may revoke the license or driving privilege of the convicted person for up to 7 years.

Amendment adopted.

Ordered to third reading.

HB 60, establishing granite as the state rock, beryl as the state mineral, and smoky quartz as the state gem. Ought to Pass.

As long as this is the "Granite State" the Committee feels that granite should be recognized as well as beryl, the mineral and smoky quartz, the gem. Vote 11-0. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

Rep. William Riley moved that the words, Refer for Interim Study, be substituted for the report of the Committee, Ought to Pass, spoke to his motion, and withdrew his motion. Ordered to third reading.

HB 79, prohibiting homosexuals from donating blood. Inexpedient to Legislate. This bill makes any homosexual who voluntarily donates blood guilty of a class B felony. The bill's statement of purpose section states that the bill's purpose is to protect the state's blood supplies from AIDS contamination. The Committee believes that this bill would be discriminatory and impossible to enforce. In addition, the federal government will soon be requiring a blood test that will screen out any blood contaminated by AIDS. Vote 21-0. Rep. Marc A. Chretien for Judiciary.

Rep. Ingram spoke against the Committee report.

Resolution adopted.

HB 13, relative to the office of combined town clerk-town tax collector. Inexpedient to Legislate.

The Committee feels that the bill does not achieve the intent of the sponsor. Vote 20-0. Rep. Timothy Bates for Municipal and County Government.

Rep. Alf Jacobson moved that the words, Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Rep. Mann spoke against the motion.

Rep. Matson spoke in favor of the motion.

Rep. Sylvia spoke against the motion and yielded to questions.

On a voice vote the motion lost. Resolution adopted.

HB 62, prohibiting discrimination by landlords against persons with children. Inexpedient to Legislate.

HB 62 makes no useful change in existing law. The problem it addresses, discrimination against children in housing, is a real one, but can best be dealt with by enforcing existing law, which can only happen by increasing staff of the Commission for Human Rights which is the enforcing authority. Vote 20-0. Rep. William A. Riley for State Institutions and Housing.

Rep. Ingram spoke against the Committee report and yielded to questions.

Rep. Vartanian spoke in favor of the Committee report.

Rep. Ingram requested a roll call. Sufficiently seconded.

Reps. Robert Holmes and Wayne King abstained from voting under Rule 16.

AFTER RECESS

SENATE MESSAGE

The Senate is ready to meet with the House in Joint Convention for the purpose of hearing the Governor's budget message.

JOINT CONVENTION
(Speaker presiding)

Mr. Speaker, Madam President, Honorable Members of the General Court:

I come before you this evening to present my operating budget for the biennium as required by RSA 9:2 of the Laws of the State of New Hampshire.

We are assembled here with a sense of pride and accomplishment. Together, we have met the goals set forth in my budget address two years ago.

We have not only preserved, but we have strengthened the economic integrity of the State of New Hampshire.

The fiscal conditions of the State of New Hampshire and the economic climate within the state are dramatically improved from the situations we faced two years ago.

The deficit has been eliminated.

Our business climate is the envy of the nation.

Our employment opportunities and personal earnings growth are outstanding.

With the great support and help provided by the General Court, the State was able to frame and implement a budget and policies that produced these notable and positive results.

I should note that the management tools built into the last budget, including the integrated financial system, are all nearly complete and will add to our capacity to continue to improve the effectiveness and efficiency of State Government.

However, we again face a difficult challenge, perhaps even greater than the challenge of two years ago. Paradoxically, it comes not from fiscal weakness, for that has been eliminated, but in fact flows from our success.

Obviously, part of the current difficulty stems from the well publicized change in federal financial efforts. However, much of the challenge comes from the enhanced expectations, the over-expectations of those who now anticipate more than can, or should, be delivered.

Our responsibility now is to maximize the opportunities presented by our success. As I noted in my inaugural address, "We must look beyond programs which merely mirror conventional wisdom, or are reflections of the notion that because our needs have always been addressed in a given way by government, those programs should be perpetuated for their own sake."

In this budget we have tried to retain the best of what we have, while building, innovatively and intelligently, on these strong foundations.

In this budget we have tried to fulfill our responsibility to strengthen our traditional assets, while moving forward in response to change.

As we have noted in the past, a budget is more than a series of figures on a balance sheet.

It is a statement of policy, of goals, of objectives and of the priorities and aspirations of the state and its citizens.

The process of developing these priorities has been a continuation of the system begun two years ago. The departments, supported by a number of private sector volunteers, have worked through the thousands of plans, programs, and computations reflected in the document we now deliver.

The budget presented includes gross appropriations of \$1.111 Billion for 1986 and \$1.129 Billion for 1987. These figures represent a 6.3 percent increase for 1986 and a 1.6 percent increase for 1987.

The net General Fund Appropriations are \$439 Million for 1986 and \$448 Million for 1987, 9.6 percent and 2.1 percent increases, respectively.

There are no new taxes nor increases in fees. In fact, I am recommending two reductions.

The 13.5 percent surtax on business profits, first instituted in 1981, has been eliminated as part of this budget package, and the real estate transfer tax which was increased in the last biennium has, in this budget package, been cut in half.

It is important to note that no agreement on a new contract with state employees has been achieved at this time. This budget as presented tonight, therefore, does not include provisions for wage increases. Consequently, such increases will probably have to be addressed by separate legislation carrying with it its own funding mechanism.

This budget has been prepared according to generally accepted accounting principals, commonly referred to as G.A.A.P., and is being presented in that format. It yields a general fund surplus of \$1.6 Million at the end of the new biennium. It also makes provisions for a General Fund Reserve Account which would be available to handle reserves that might be authorized by the enactment of separate legislation. I strongly support the passage of such legislation to provide for the creation and set aside of such a reserve.

Now to some specifics...

Our total direct funding to cities and towns has been increased by about 15 percent. This represents a total increase of support and program funding of about \$30 Million over the biennium. Again, the overall distribution of around \$220 Million contains an unconditional block grant to assure our communities and school districts that the funding levels will be forthcoming.

We have continued our commitment to compassionately address our responsibility to our citizens with special needs.

In our last budget we were able to increase AFDC Grant levels for the first time in years. In this budget we have been able to provide for a total 5 percent increase in the grant levels.

We continue to improve our commitment to the care of mentally handicapped citizens in our state.

We have aggressively funded in this budget a restructuring of our mental health delivery system in a cost effective manner to include a significant improvement of our community care programs so they are accessible and appropriate for the most disabled citizens across our state.

We will, in our Capital Budget, outline in detail the development of a neuro-psychiatric facility to replace the outmoded functions of our state hospital.

With this budget, we will also complete all our federal court mandates, and we anticipate the end of court jurisdiction over the Developmental Services System begun in the Laconia State School lawsuit seven years ago.

We have made a considerable investment and allocation of funds for Children and Youth Services to accelerate the major changes begun in the last few months.

In the Fast Track Capital Budget, now working its way through the General Court, we are funding reconstruction and renovation of the two principal facilities at the Youth Development Center.

We have funded the operation of the Philbrook Center as a development unit separate from the YDC to accommodate sixteen young people. This will help to improve conditions at the YDC, and to separate detainees from committed youngsters.

We have funded the operation of a separate facility for twenty-four adjudicated females.

These efforts, and a reform of the New Hampshire Settlement Laws as outlined in legislation being sponsored by Senate President Roy, will allow us to complete the refurbishing and restructuring of facilities and services to address these needs which have eluded solution for nearly a decade.

Our natural resource and environmental values are among our most precious New Hampshire assets.

We have continued our commitment and investment to preserve these resources over the long term. In this budget we have responded to the need to protect the health of our citizens against environmental hazards with significant increases in funding in several critical areas.

We have expanded support and staffing in the Hazardous Waste Management Program to continue our successful aggressive efforts in this critical area.

In our Capital Budget Message, we will outline the details of a multi-million dollar, multi-year program to identify our groundwater assets.

To support that effort, we have included, in this operating budget, a coordinated groundwater program to deal with land use impacts on water quality and the organization of information for effective use by our communities and their local boards.

We have funded a newly created Environmental Health Risk Assessment Unit to assess exposures from occupational and environmental sources.

We have also funded a program specifically directed at the regulation and control of underground storage tanks and ancillary facilities.

Provisions have again been made to provide support for maximum state matching dollars of available federal Superfund Cleanup money.

New Hampshire has been among the most aggressive and most successful in obtaining federal Cleanup funds over the past couple of years. To date, we have been allocated nearly \$20 Million in federal funds to support local and regional Cleanup efforts.

Our Air Quality programs have also been expanded to develop a strategy and response to deal with the state, regional, and national efforts to reduce sulfur emissions, improve overall air quality, and reduce acid rain.

Clearly, we are investing in protecting the health of our citizens and the quality of our future.

We have additional natural resource needs. Our parks are in poor condition. They have been neglected too long.

Thus, one of our major investments within this budget has been for the maintenance and refurbishing of our parks and recreation facilities. Although some major investments may be addressed in the Capital Budget, this Operating Budget, on its own, provides nearly \$2 Million for maintenance and repair of the Parks System; up from virtually no expenditure in recent years.

Major renovations have been funded for Sunapee, Cannon, Bear Brook, Moose Brook, and Crawford Notch. And long awaited funding has been provided for repairs and renovations of Daniel Webster's birthplace.

Our wildlife resources are a great and unique asset. We are all aware of the fire that destroyed the Fish and Game Headquarters almost a year ago.

Since then, I have been working with Director Barry, and challenging the Fish and Game Commission to develop a comprehensive plan not only for reconstruction of facilities but revitalization of this very important department.

These efforts have produced a sound plan which replaces the lost facilities with a smaller central facility here in Concord and four new regional facilities to better serve our resources and our hunters and fishermen.

The details for construction and locations will be included in our Capital Budget Message. However, within this budget, we have provided the operating funds this expansion will require.

Outdoor sportsmen make a significant contribution to the state's economy; therefore, I have included, within the department's operating budget, partial support from the General Fund. It has become apparent that this must be done to operate their programs effectively and to complete the required maintenance and refurbishing of their valuable assets across the state.

With this budget, we will reverse the decline and restore the preeminence of this great department.

In a continuation of our effort to work in partnership with the private sector to promote our second largest industry, recreation and tourism, we have included an increase of over \$1.25 Million in the

Promotions Program, essentially doubling the amount available for state supported advertising.

We have not neglected the cultural aspect of our New Hampshire life. This budget doubles state funding for the Commission on the Arts.

In addition, we have restored funding for our state fairs. We have included \$50,000 each year to support and enhance these celebrations of our agricultural heritage.

We have embarked on a 10-year program to restore and preserve our state's important historical documents and to improve the inventory and control of the valuable material in our archives.

In the area of Public Safety, our citizens clearly recognize the need to strengthen our programs dealing with DWI. We have funded a new Five Trooper Team to expand our efforts to get drunk drivers off the road.

In the Traffic Control and the Detective Divisions, a total of eight additional positions have been provided.

Also are funded additional personnel for Arson Investigation, and for Watercraft Safety.

Funding is provided for completion of the State Police Microwave System. Not only for use by our police and safety services, but as a base for future expansions which will permit other agencies to eventually tie into a comprehensive statewide communications system.

In the Office of the Attorney General, the State Medical Examiner will be funded to assist in major criminal investigations.

At the State Prison, this budget increases personnel by over 70 percent to improve security and to staff the new facilities and the growing overall prison population. Other significant increases in personnel were provided to deal with the education, treatment, rehabilitation, and training needs of that population.

The total biennial budget increase of the Department of Corrections, including the transfer of the Forensic Unit to the prison, is over \$9 Million.

Our veteran population is aging. To meet these growing needs, we have authorized new care positions at the State Veterans Home in Tilton.

We are also doubling the state funds of the Veterans Council to provide increased service and support.

Our highway programs will continue the construction and maintenance programs at its nationally recognized level of excellence.

This budget provides for the addition of crews and facilities for the highway sections scheduled to be finished, including those in Franconia and Jefferson.

More than twenty new positions in the Design Section will expand our capability to do more work within the department. That capability is expected to be enhanced by funding in the Capital Budget of the acquisition of hardware and software for a modern computer-aided Design System.

The growth of highway funds to the cities and towns has been continued in a block grant format to allow the flexibility

of the use of those funds begun in the last biennium.

In the past two years, I have made clear my strong commitment to the support of education.

Today, I proudly reiterate this commitment. This budget provides increases across the full spectrum of educational opportunities, including our primary and secondary system, our post-secondary vocational education programs, the State University System, financial aid for our college bound students and expansion of our adult education programs.

We have expanded state funding to assure that all programs, including rehabilitation, vocational education and the School Lunch Program can receive the maximum federal funds available.

We have provided the funds to complete the computerization of the Education Department to improve planning and the allocation of resources.

We have funded extensive statewide student testing programs at three grade levels to provide an effective performance data base for planning and program development.

We have funded the printing and delivery of the New Hampshire History Texts developed by the New Hampshire Constitution Bicentennial Education Commission.

We have fully funded the tuition and transportation costs of the Regional Vocational Education Programs.

We have significantly expanded the building aid program to encourage local school districts to address targeted capital needs.

We have also increased foundation aid to our school districts by 50 percent and have returned to our traditional model of distributing all our net sweepstakes earnings directly to the districts.

In that regard, I support the Augenblick School Funding Distribution formula being proposed. This formula is better, fairer and more representative than the current computation based on assessments alone. I support legislation redirecting the appropriated sums for foundation aid and sweepstakes under such a structure.

We have increased funding in the adult tutorial programs, the adult education programs and the school volunteer programs.

There are two areas of education which are especially worthy of detailed discussion.

In the first of these, we have addressed the special education needs of the state. Catastrophic aid has been increased by approximately \$1 million. An additional \$1 million will be used to address the root problem of the high cost out-of-state placement of students which averages over \$50,000 per year per student.

Currently, there are over one hundred such placements.

These funds will be used to develop programs here in New Hampshire. The first year, eight developmentally disabled and eight severely emotionally disturbed children will be served by the new program. The second year we will double the number of these in-state placements.

These funds will come through the Division of Mental Health and Developmental Services and the Department of Education to supplement local funding.

The second area provides innovative programs to deal with the improvements of the quality, breadth and effectiveness of education in the primary and secondary schools of the state.

Five million dollars have been provided for pilot programs addressing excellence in curriculum, expansion of the professional capacity of the teachers, and performance of our better students. These programs will be coordinated through the Department of Education with the help of an advisory committee on educational initiatives.

The first pilot will be the development of model curricula by our most exceptional teachers in math and science for courses where approximately half of the material would be telecast live to voluntarily participating districts.

This effort would draw upon the experience of similar programs across the country which have demonstrated a capacity to both reduce cost and expand significantly the access of students to the best teachers available.

The key to success of such an initiative appears to be the development of strong interaction between the teaching professionals in each participating district and the central program. This pilot program will include the acquisition of facilities, materials and support for the local teachers' professional development.

The second pilot program will demonstrate the value of enhancing the professional capacity of our teachers through the use of powerful personal computer technology.

This program will fund a few pilot districts to implement the program, develop curriculum support, and evaluate performance and benefits.

The third pilot program builds on the successful trial efforts funded last year. It will develop curriculum and teacher training programs to meet the needs of our better students. These students represent one of our greatest resources, but they have not always been well served by traditional programs. This effort will design and evaluate programs which can be assimilated into local school curricular.

For the biennium, post-secondary vocational education funding has also increased by nearly 5 million general fund dollars. This is an increase of greater than 30 percent.

The central administration and management has been strengthened, given more flexibility in the use and allocation of funds, and provided with the necessary tools for planning and program administration.

New programs and faculty have also been funded within the colleges and institute.

At the New Hampshire Technical Institute there will be a program in diagnostic medical sonography.

At Claremont, the interpreter tutor program has been expanded.

At Laconia, the Graphic Arts Program has been expanded.

Across the board there has been aggressive expansion of the health programs including dental and nursing programs.

This funding should clearly make our excellent, nationally-respected, Post-Secondary Vocational Education System even stronger.

We have renewed our commitment to the university system. Funding has been increased by over \$16 million, with some of those funds directed to expand financial aid to students and making up what appears to be a significant shortfall in comparative faculty salaries.

In addition, funds are included for the Nashua Graduate Center, expanded biotechnical research, new faculty, and expansion of the School of Lifelong Learning Skill Centers in the north country.

It is worth noting that the University will also be an active partner in the educational initiatives for primary and secondary education discussed earlier.

Recognizing that tuition assistance for students attending college at institutions not part of the university system is also a growing need, we have significantly expanded funding for general tuition assistance.

We have funded an addition to the Incentive Grant Program providing money for a Governor's Scholars Program to recognize and reward our best performing students. This program should stimulate and focus recognition on the value of excellence in performance and assist our top students in getting the best education possible.

In conclusion, may I emphasize the budget presented to you this evening is comprehensive. I believe it offers an aggressive but sound approach to meet the needs of our citizens.

This budget addresses our present responsibilities, and establishes the groundwork for our future. It recognizes we cannot do everything, but together we can do a great deal and do it well.

I ask for your help, your support and your prayers.

Two years ago, you responded to the challenges we faced.

Together, we can do it again.

As I said in my inaugural address, This is too great a state to limit our visions . . . why shouldn't we expect to succeed even beyond our wildest dreams?

"After all, we are from New Hampshire."

HOUSE JOURNAL 7

Tuesday, 26Feb85

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

Dear God, there are times we feel harried, times when we witness the apparent success of those who oppose You, times when we would give anything for the pressure and pace to slack off for a tide. Help us each day to be able to stop and know Your peace and blessing. Give to us the peace that passes all understanding and lets us see the blessings all about us. Amen.

Rep. Domini led the Pledge of Allegiance.

COMMITTEE REPORTS (Consent Calendar)

HB 173-FN, establishing and making an appropriation for the New Hampshire Bicentennial Commission on the United States Constitution. Ought to Pass with Amendment.

In 1981, the Legislature established the New Hampshire Bicentennial Commission on the United States Constitution. As amended, HB 173-FN continues this commission and appropriates \$50,000 to be spent, together with funds raised from the private sector, to commemorate this event in an appropriate manner. Vote 18-0. Rep. William F. Kidder for Appropriations.

Amendment

Amend the bill by striking out section 5 and inserting in place thereof the following:

5 Appropriation. The sum of \$50,000 is hereby appropriated to the New Hampshire bicentennial commission on the United States Constitution established by this act and 1981 senate concurrent resolution 2, for the fiscal year ending June 30, 1985, for the purposes of enabling the commission to prepare an appropriate commemoration of this historic event. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated. The appropriation shall be deposited in a separate nonlapsing fund to be known as the United States Constitution bicentennial commission fund which shall be administered by the office of legislative accounting. In addition to the \$50,000 appropriation, all moneys received under section 2, II of this act are also appropriated to the commission for the purposes of this act. The appropriation shall not lapse on June 30, 1985. The commission may expend moneys from the fund for its purposes through the fiscal year ending on June 30, 1988. Any moneys remaining in the fund on June 30, 1988, shall not lapse and shall be deposited in the historical fund established by RSA 177:4-b.

HB 218-FN, reimbursing the town of Nottingham for fire fighting expenses in the Pawtuckaway state park and making an appropriation therefor. Ought to Pass with Amendment

Under present law municipalities are reimbursed for only half the actual costs of fighting a fire on state property. This bill appropriates the second half of the fire fighting expense incurred by the Town of Nottingham. A bill to do this for all towns will be introduced later this session; in the meantime the committee felt Nottingham should receive full payment largely

because Nottingham has already prepaid the costs of the other towns involved. The amendment specifies the exact amount involved. Vote 18-2. Rep. William F. Kidder for Appropriations.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Appropriation. The sum of \$2,310.92 is hereby appropriated to the town of Nottingham to reimburse the town's share of the expenses involved in fighting a fire in the Pawtuckaway state park in September, 1984. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

HB 175, changing the apportionment of delegates to state party conventions from certain municipalities. Refer for Interim Study.

This bill needs a great deal of work on the election of delegates. Vote 10-0. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

HB 84, relative to clarification of certain terms concerning special education children. Ought to Pass with Amendment.

House Bill 84 is a housekeeping bill that clarifies, but does not change the meaning of the statutes amended. Vote 19-0. Rep. Betty Jo Taffe for Education.

Amendment

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 New Definition. Amend RSA 193:27 by inserting after paragraph V the following new paragraph:

VI. "School district" means a school district in the state.

5 Effective Date. This act shall take effect 60 days after its passage.

HB 85, relative to the appeals process for special education. Ought to Pass. House Bill 85 makes RSA 193:3 consistent with federal due process requirements for educationally handicapped children and with State Board of Education regulations under RSA 186-C:16. The purpose of the bill is to reflect present practice regarding special education appeals. Vote 19-0. Rep. Betty Jo Taffe for Education.

HB 109-FN, relative to sunset review of the division of vocational technical education. Ought to Pass with Amendment. The Committee reviewed the Sunset report and recommends that this unit is necessary and ought to be continued. The amendment provides for regular reporting from the State Board of Education to the Legislature. Vote 19-0. Rep. Edmund M. Keefe for Education.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Regional Center Program Review.

I. The state board of education and the department of education shall conduct a study of the regional vocational education center program or 20 center concept and secondary vocational education. This study shall examine:

(a) the effectiveness of the present regional center program;

(b) the other options available for delivery of secondary vocational programs, such as smaller facilities; and

(c) the long-term financial implications, including tuition and transportation payments and construction costs, of the regional center program and other available options.

II. In conducting this study, the board shall solicit the advice of school districts throughout the state.

III. The results of this study, together with the board's specific recommendations for future action, shall be submitted to the general court by January 1, 1986. The board shall also submit an interim report on the study within 6 months of the effective date of this act.

4 New Sections. Amend RSA 186 by inserting after section 40 the following new sections:

186:40-a Vocational-Technical Education Plan.

I. The state board of education, the department of education, and the board of governors of the department of post-secondary vocational-technical education shall develop an annual comprehensive plan for vocational education which outlines the basic missions of the secondary and post-secondary systems.

II. This plan shall provide for coordination of vocational program development in the secondary and post-secondary systems to ensure that the needs of the state are met in an efficient manner.

III. In developing the annual plan the department of education and department of post-secondary vocational-technical education shall conduct an analysis of the vocational and occupational needs of the state and compare these needs to the educational programs being offered.

IV. The vocational education plan shall be reviewed annually and submitted to the general court by January 1 of each year.

186:40-b Performance Goals.

I. The state board of education and the department of education shall establish performance goals for secondary vocational-technical programs. These performance goals shall include objectives for such things as the number of students expected to obtain employment in related fields as well as their expected compensation.

II. The department shall use these criteria to evaluate the effectiveness and value of individual vocational programs.

III. Data on the results of evaluations shall be provided to the school district involved, along with the department's recommendations to improve the performance of programs.

IV. The board shall also submit an annual summary report of the results of its evaluations to the general court. This summary shall be included in the annual state vocational-technical education plan required by RSA 186:40-a.

186:40-c Technical Assistance. The state board of education and the department of education shall recognize the need for additional technical assistance for school districts in the development and operation of secondary vocational-technical programs. The board shall place less emphasis on regulation and shall give higher priority to increasing and improving technical assistance efforts.

5 Effective Date. This act shall take effect upon its passage.

HB 82, establishing a nursery and nursery stock act. Ought to Pass with Amendment.

A bill requested by the Department of Agriculture to strengthen nurseries and nursery stock inspections. Vote 13-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

Amendment

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Repeal. RSA 436, relative to nurseries and nursery stock, is hereby repealed.

HB 83, relative to "stop sale" orders for apples, potatoes and "native" farm produce. Ought to Pass with Amendment.

A bill requested by the Department of Agriculture. It authorizes the Commissioner of Agriculture or his agent to "stop sale" if produce does not meet the legal standards of quality or labeling. Vote 13-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to "stop sale" orders.

Amend section 4 of the bill by striking out same and inserting in place thereof the following:

4 Eggs. Amend RSA 342 by inserting after section 9 the following new section: 342:9-a Stop Sale, Use or Removal Orders. When the commissioner or his authorized agent has reasonable cause to believe eggs are being distributed in violation of any of the provisions of this chapter, or of any rules adopted under this

chapter, he may issue and serve a written "stop sale, use or removal" order upon the owner or custodian of any such eggs. The eggs shall not be sold, used or removed until the provisions of this chapter have been complied with and the eggs have been released by the commissioner or the violation has been otherwise disposed of as provided in this chapter by a court of competent jurisdiction.

5 Effective Date. This act shall take effect 60 days after its passage.

HB 143-FN, relative to sunset review of the division of animal industry. Ought to Pass.

House Bill 143 renews the division of Animal Industry under the Department of Agriculture. Vote 13-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

HB 149-FN, relative to sunset review of the extension work in counties. Ought to Pass with Amendment.

House Bill 149 renews the Cooperative Extension in Counties for another 6 years. Vote 15-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

Amendment

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 County Extension Work. Amend RSA 187-A:6 (supp) as inserted by 1981, 331:1 by striking out said section and inserting in place thereof the following:

187-A:6 County Extension Work. There shall be appropriated annually by the state a sum of money consistent with the purpose of conducting cooperative extension service work in the various counties of the state in cooperation with the federal department of agriculture and the counties and in furtherance of the so-called Smith-Lever Act as accepted by the state under the provisions of the laws of 1915, 194 and 195. The sums appropriated shall be expended through the university of New Hampshire cooperative extension service to support work in the counties.

4 Effective Date. This act shall take effect upon its passage.

HB 157-FN, relative to sunset review of agricultural resources. Ought to Pass with Amendment.

House Bill 157 renews the Division of Insect and Plant Disease Suppression and Control. Amendment changes name to Plant Industry. Vote 15-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

Amendment

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 Name Change. The PAU for "agricultural resources" which is renewed by

section 1 of this act, is and shall hereafter be called "plant industry."

4 Effective Date. This act shall take effect upon its passage.

HB 169, relative to pesticides controls. Ought to Pass.

This bill requested by the Pesticides Control Board. It authorizes cease and desist orders if pesticides are being used in unsafe or inadequate manner. Also, sets up an appeals process. Vote 13-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

HB 146-FN, relative to sunset review of the New Hampshire distributing agency. Ought to Pass with Amendment.

This amendment would transfer the agency back to the Department of Administrative Services where it was prior to 1979 when it was the Department of Administration and Control. Functionally, it belongs in Administrative Services. Vote 18-0. Rep. Harold W. Watson for Executive Departments and Administration.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Surplus Distribution Section Crested. Amend RSA 21-1:12, I by inserting after subparagraph (d) the following new subparagraph:

(e) There shall be within the bureau of purchase and property a surplus distribution section, which shall continue to operate for such period of time as surpluses or donated commodities of any kind are made available for distribution to the state by any department, division, or agency of the United States government or by any other source. The surplus distribution section shall be under the supervision of a classified supervisor of surplus distribution, who shall be responsible for the following functions, in accordance with applicable laws:

(1) Requesting, transporting, receiving, warehousing, allocating, enforcing compliance and delivering, where deemed expedient, any surpluses or commodities made available to the state by the federal government or by any other source.

(2) Assuring that all contracts, agreements, leases or other documents entered into by the commissioner in order to operate the program of distribution of federal commodities and surpluses comply with the regulations and directives of the federal government.

(3) In his discretion, receiving, allocating and distributing food supplies and other school food services supplies in cooperation with the New Hampshire School Food Service Association Co-operative, Inc., and such activities shall in no way constitute a restriction of trade.

(4) In his discretion, participating and cooperating in

informational projects relating to distributions made by the agency.

2 Repeal. RSA 8-A, relative to the New Hampshire distributing agency, is hereby repealed.

3 Effective Date. This act shall take effect upon its passage.

HB 8, prohibiting bail pending appeal for persons convicted of certain offenses. Ought to Pass with Amendment.

This bill, as amended, provides that there shall not be a presumption for bail of defendants pending appeal, rather the court must consider, but not be limited, to certain criteria in determining whether bail is proper under the circumstance. Vote 16-1. Rep. Beverly Hollingworth for Judiciary.

Amendment

Amend RSA 597:1-a as inserted by section one of the bill by striking out same and inserting in place thereof the following:

597:1-a Bail Pending Appeal.

I. After conviction for an offense punishable by death or by term of life imprisonment without possibility of parole, a defendant shall not be allowed bail.

II. Except as provided in paragraph I, any person appealing a conviction may be released pending an appeal on personal recognizance or be bailable by sufficient sureties as the court may require. The court shall consider, but not be limited to, the following criteria in determining whether bail is proper under the circumstances:

(a) Whether the person is likely to pose a danger to any other person or the community, intimidate witnesses, or otherwise interfere with the administration of justice.

(b) Whether there is a substantial risk that the person will not appear to answer the judgment following the conclusion of the appellate proceeding.

(c) Whether the appeal is frivolous or taken merely for delay.

(d) The nature of the crime charged.

(e) The length of the sentence imposed.

III. In any case where release is denied pending appeal, the presiding justice shall provide for the record the reasons for such denial.

HB 31, relative to the transportation of dogs in open trucks. Inexpedient to Legislate.

The Committee believes that man's best friend would be better served by an increased public awareness of the possible dangers of dogs riding in open pickup trucks rather than by enacting this bill. Vote 13-0. Rep. Marc Chretien for Judiciary.

HB 64, limiting the liability of persons aiding crime victims. Ought to Pass with Amendment.

House Bill 64, as amended, expands the current Good Samaritan Law to include persons giving aid to victims of crime and police officers giving aid and/or transport in emergency situations. Vote 13-0. Rep. Daniel A. Eaton for Judiciary.

Amendment

Amend RSA 508:12 as inserted by section 1 of the bill by striking out said section and inserting in place thereof the following:

508:12 Aid at Scene of Emergency or to Victim of Crime.

I. If any person in good faith renders emergency care at the place of the happening of an emergency or to a victim of a crime or delinquent act or while in transit in an ambulance or rescue vehicle, to a person who is in urgent need of care as a result of the emergency or crime or a delinquent act, and if the acts of care are made in good faith and without willful or wanton negligence, the person who renders the care is not liable in civil damages for his acts or omissions in rendering the care, as long as he receives no direct compensation for the care from or on behalf of the person cared for. Any person rendering emergency care shall have the duty to place the injured person under the care of a physician, nurse, or other person qualified to care for such person as soon as possible and to obey the instructions of such qualified person.

II. Nothing in this section shall be used to construe that the perpetrator of a crime or a delinquent act or his accomplice shall be rendered innocent of liability.

III. A law enforcement officer acting in the line of duty who in good faith and without negligence renders emergency care or transport pursuant to paragraph I is exempt from civil liability under the provisions of paragraph I.

HB 107-FN, relative to sunset review of the environmental protection division. Ought to Pass.

This bill is one of five program appropriation units within the Office of Attorney General which are subject to sunset provisions. The Committee has incorporated its recommendation with respect to sunset into HB 118 and therefore recommends that this bill pass. Vote 16-0. Rep. Charles F. Bass for Judiciary.

HB 118-FN, relative to sunset review of division of legal counsel. Ought to Pass with Amendment.

This bill addresses the major concerns of the Sunset Committee with respect to providing a career ladder for attorneys within the office of Attorney General. This legislation also prohibits the giving of legal opinions by agency attorneys unless specifically authorized by statute. Vote 18-0. Rep. Charles F. Bass for Judiciary.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Divisions of Public Protection and Legal Counsel. Amend RSA 7 by inserting after section 8 the following new sections:

7:8-a Division of Public Protection.

I. There is hereby established within the office of the attorney general a division of public protection. The division shall be supervised by a division director who shall be an associate attorney general appointed under RSA 7:16.

II. The division shall include the following units:

- (a) a bureau of criminal justice;
- (b) a bureau of consumer protection;
- (c) a bureau of environmental protection.

7:8-b Division of Legal Counsel.

I. There is hereby established, within the office of the attorney general, a division of legal counsel. The division shall be supervised by an associate attorney general appointed under RSA 7:16.

II. The division of legal counsel shall consist of the following units:

- (a) a bureau of civil law;
- (b) a bureau of eminent domain.

III. The division shall also be responsible for administering the duties assigned to the attorney general regarding charitable trusts under RSA 7:19 through 7:32-a.

4 State Agency Attorneys. Amend RSA 7 by inserting after section 13 the following new section:

7:13-a Agency Attorneys.

I. Each agency and department of the state shall, by September 1 of each year, file a report with the attorney general listing all agency employees who are licensed to practice law in New Hampshire.

II. This report shall include a description of the duties and responsibilities of all such employees.

III. Agency attorneys, unless specifically authorized by statute or by the attorney general, shall not give legal opinions to state officials.

IV. The provisions of this section shall not apply to the judicial branch, legislature, or office of the governor.

5 Assistants. Amend RSA 7:16 (supp) as amended by striking out said section and inserting in place thereof the following:

7:16 Assistants.

I. The attorney general, subject to the approval of the governor and council, may appoint assistant attorneys general within the limits of the appropriation made therefor, each of whom shall hold office for a term of 5 years. Any vacancy in such office may be filled for the unexpired term. An assistant attorney general may be removed only as provided by RSA 4:1.

II. The attorney general may designate no more than 10 assistant attorneys general to serve as senior assistant attorneys general. Senior

assistant attorneys general shall serve as bureau chiefs and in such other positions as the attorney general may determine. Senior assistants shall serve in that capacity at the pleasure of the attorney general.

III. The attorney general shall designate 2 assistant attorneys general to serve as associate attorneys general. Associate attorneys general shall serve as directors of the divisions of public protection and legal counsel and shall serve in that capacity at the pleasure of the attorney general.

IV. The attorney general may, in accordance with state personnel rules and the appropriation made therefor, appoint a law office administrator for the office of attorney general. The law office administrator shall be a classified employee and shall be classified at at least a labor grade 32.

6 Salary. Amend RSA 7:18 by striking out said section and inserting in place thereof the following:

7:18 Salary. The annual salary of each assistant attorney general, senior assistant attorney general and associate attorney general shall be that prescribed by RSA 94:1.

7 Environmental Protection Bureau. Amend RSA 7:18-a, 7:18-b, and 7:18-c (supp) as inserted by 1972, 60:38 by striking out said subdivision and inserting in place thereof the following:

ENVIRONMENTAL PROTECTION BUREAU

7:18-a Bureau Established. There is hereby established in the office of the attorney general an environmental protection bureau. Said bureau shall be supervised by a senior assistant attorney general, who shall be appointed by the attorney general in accordance with the provisions of RSA 7:16, who shall carry out the duties imposed by this subdivision under the supervision of the attorney general and do such other work as the attorney general may assign. The attorney general shall appoint such other assistant attorneys general pursuant to the provisions of RSA 7:16 and such additional clerical, stenographic, and other staff as may be necessary to carry out the provisions hereof within the limits of the appropriations made therefor.

7:18-b Duties. The environmental protection bureau shall:

I. Enforce statutes pertaining to environmental protection, control, and preservation.

II. Counsel state agencies and commissions given the responsibility over environmental concerns, including, but not limited to, the water supply and pollution control commission, the water resources board, the air pollution commission, and the pesticides control board.

III. Exercise the common law powers of the attorney general in protecting the environment.

IV. Bring public nuisance and other actions in superior court in the name of the state upon complaint by private citizens, when in the opinion of the attorney general the activity or activities complained of may have a substantial impact upon the environment of the state.

7:18-c Cooperation of Other Departments. The environmental protection bureau is hereby authorized to call upon any other state department, agency, commission, authority or institution for whatever help or assistance said division deems necessary to investigate and prosecute cases involving environmental damage and such other departments, agencies, commissions, authorities, and institutions are hereby required to forthwith cooperate with and assist said division without charge.

8 Unemployment Compensation. Amend RSA 7:18-d and 7:18-e (supp) as inserted by 1981, 576:9 by striking out said subdivision and inserting in place thereof the following:

UNEMPLOYMENT COMPENSATION

7:18-d Unemployment Compensation.

I. The attorney general shall appoint no more than 2 assistant attorneys general pursuant to the provisions of RSA 7:16 and a stenographer. These personnel shall be paid by the department of employment security but shall be under the administrative direction and control of the attorney general.

II. Any assistant attorney general appointed pursuant to RSA 7:18-d, I shall be a member of the civil bureau of the division of legal counsel and shall be responsible for representing the department of employment security for all civil and criminal matters in any court arising under RSA 282-A or the rules adopted as mandated in RSA 282-A.

7:18-e Duty; Cooperation. The commissioner of the department of employment security and all employees of that department shall give the office of the attorney general such aid and assistance as it deems necessary to investigate, prosecute and defend matters arising under RSA 282-A or the rules adopted as mandated in RSA 282-A which are in any court.

9 Consumer Protection and Antitrust Bureau. Amend RSA 358-A:4, I as inserted by 1970, 19:1 as amended by striking out said paragraph and inserting in place thereof the following:

I. There is hereby established in the office of attorney general a consumer protection and antitrust bureau. Said bureau shall be supervised by a senior assistant attorney general who shall be appointed by the attorney general in accordance with the provisions of RSA 7:16, who shall carry out the provisions of this chapter under the supervision of the attorney general and do such other work as the attorney general may assign. The attorney general shall also appoint an investigator and such other staff as may be necessary to carry out the provisions hereof within the limits of the appropriations therefor.

10 Compensation of Certain State Officers. Amend RSA 94:1-a (supp) as inserted by 1975, 505:28 as amended as follows:

I. By striking out in Group O the words "Deputy attorney general" and inserting in place thereof the following (Senior assistant attorney general);

II. By inserting in Group P the following (Associate attorney general); and
III. By inserting in Group Q the following (Deputy attorney general).

11 Effective Date. This act shall take effect upon its passage.

HB 122-FN, relative to sunset review of division of criminal justice. Ought to Pass. This bill is one of five program appropriation units within the Office of Attorney General which are subject to sunset provisions. The Committee has incorporated its recommendation with respect to sunset into HB 118 and therefore recommends that this bill pass. Vote 16-0. Rep. Charles F. Bass for Judiciary.

HB 153-FN, relative to sunset review of division of consumer protection and land disclosure. Ought to Pass.

This bill is one of five program appropriation units within the Office of Attorney General which are subject to sunset provisions. The Committee has incorporated its recommendation with respect to sunset into HB 118 and therefore recommends that this bill pass. Vote 16-0. Rep. Charles F. Bass for Judiciary.

HB 154-FN, relative to sunset review of eminent domain and public works and highways. Ought to Pass.

This bill is one of five program appropriation units within the Office of Attorney General which are subject to sunset provisions. The Committee has incorporated its recommendation with respect to sunset into HB 118 and therefore recommends that this bill pass. Vote 16-0. Rep. Charles F. Bass for Judiciary.

HB 195, relative to public employee labor negotiations. Ought to Pass.

House Bill 195 is providing that 120 days before the deadline for submission of the Governor's proposed operating budget any party desiring to bargain shall serve written notification of its intention. Currently, the law states August 15th of the year. This is an efficiency measure and is recommended by both the State Negotiator and the State Employees Association. It is also a suggestion of the Sunset staff relative to this office and law RSA 273-A:3. Vote 16-0. Rep. Robert S. Hawkins for Labor, Industrial and Rehabilitative Services.

HB 57, relative to the election of the members of the county convention. Inexpedient to Legislate.

While the idea seems to have merit, the confusion on the ballot, and the fact of the loss of continuity now enjoyed by the representative as county delegates would not be in the best interest of county government. Vote 13-2. Rep. Lawrence Cronin for Municipal and County Government.

HB 97-FN, relative to redemption after a tax sale. Inexpedient to Legislate. Testimony indicated added administrative costs together with loss of revenue to municipalities. Vote 15-1. Rep. George M. West for Municipal and County Government.

HB 194, relative to railroad rights-of-way. Inexpedient to Legislate. Sponsor wished this bill be reported as Inexpedient to Legislate as subject is covered by existing RSA. Vote 20-0. Rep. James J. White for Public Works.

HB 50, prohibiting advertisement of liquor and alcoholic beverage prices. Ought to Pass with Amendment.

House Bill 40, as amended, restricts the advertising of champagne brunches and other such specials to the licensee's premises only, and bans the use of the words "Happy Hour" in that advertising. This does not ban having such "Happy Hours." Vote 17-0. Rep. James D. Phelps for Regulated Revenues.

Amendment

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Happy Hour, Advertising Prohibited. Amend RSA 175:10-a (supp) as inserted by 1977, 554:1 as amended by striking out said section and inserting in place thereof the following:

175:10-a Limited Advertising
Authorized. Notwithstanding the provisions of RSA 175:10 or any other rules, or laws to the contrary, any holder of a license under RSA 181:4 and RSA 178 may advertise or promote the holding of a "champagne brunch" or similar special or package offering by signs posted within or on the outside of the licensee's premises or both; provided, however, that no such advertising or promotion shall be done by the use of a billboard. The duration of said "champagne brunch" or similar special or package offering shall be regulated by the commission. The posting of prices authorized by this section shall not contain any reference to a "happy hour" except that a "happy hour schedule" may be posted within the licensed premises, but not in view of any public way.

HB 179, allowing the sale of liquor in railway dining cars stopped at terminals. Ought to Pass.

House Bill 179 will permit a railroad company, which may now serve alcoholic beverages while en route, to continue to serve while in the station. Vote 17-0. Rep. James D. Phelps for Regulated Revenues.

HB 89-FN, requiring all moneys received for the driver training fund to be expended on driver education only, and excess to be lapsed into the highway fund. Ought to Pass with Amendment.

This bill requires all moneys received from original license fees, number

plates for citizen band operators, and vanity number plates shall be disbursed to the schools for courses of instruction and training in safe motor vehicle driving courses. Schools shall be reimbursed at the actual cost or the State average rate for such courses, whichever is less. After all obligations have been met the remaining funds, if any, shall be transferred to the highway fund. Vote 14-0. Rep. Roger Stewart for Transportation.

Amendment

Amend RSA 263:52 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

263:52 Driver Training Fund.

I. The proceeds from original license fees as provided in RSA 263:42, I and VI, the number plates for citizens' band operators in accordance with RSA 261:79, and the special fee for vanity number plates collected in accordance with RSA 261:89 or the renewal of the use of such plates, after costs of such plates or designation of effective periods thereof and issuance of same have been appropriated and deducted, shall be expended solely for courses of instruction in safe motor vehicle driving conducted in or under the supervision of secondary schools. After all costs of administration of the program each year have been reserved, the balance shall be paid to the state treasurer by June 30 of each year and shall be kept in a separate fund which shall be paid out on or before October 15 of each year to participating schools upon order of the commissioner of safety.

II. Each participating school shall be required to submit to the state department of education a detailed list of expenditures for the driver education program and the number of pupils completing the program for the previous 12 month period July 1 through June 30. Such information shall be submitted on or before August 15 of each year under the signature of the superintendent of schools. The commissioner of safety jointly with the commissioner of education shall determine a state average per pupil rate based on the total statewide expenditures for the driver education program as submitted by participating schools divided by the total number of pupils completing the program. The amount paid to each participating school on the schedule herein established shall be based on the number of pupils completing the program multiplied by the state average per pupil rate or the actual cost, whichever is less. If the balance available to the driver education program is insufficient to fund the program at the state average reimbursement rate or actual cost, whichever is less, then the payment to participating schools shall be reduced on a prorated basis.

III. Subject to final approval by the governor and council, the commissioner of safety jointly with the commissioner of education shall adopt rules, pursuant to RSA 541-A, and publish such rules, governing the courses of instruction and training and

determining eligibility of secondary schools to receive moneys from the fund established by this section.

IV. After all obligations have been met under the provisions of paragraph I on an annual basis, the remaining funds, if any, shall be transferred to the highway fund in accordance with part 2, article 6-a of the Constitution of New Hampshire.

Referred to Appropriations.

HB 100, relative to speed limits in the state. Inexpedient to Legislate.

Testimony and research did not indicate there was a real necessity for changing the statutes. The number of problems resulting from existing law seem to be insignificant. Vote 11-1. Rep. Irvin H. Gordon for Transportation.

HB 131-FN, relative to sunset review of urban mass transportation authority. Inexpedient to Legislate.

This PAU is used to fund a transportation planner at the Office of State Planning. Apparently, the planner's main duty is to attend policy committee meetings at the Regional Planning Commissions. By terminating this PAU the limited federal dollars available can be funnelled directly to the Planning Commissions where they will do the most good. Vote 11-0. Rep. Stephen Sloan for Transportation.

COMMITTEE REPORTS (Regular Calendar)

CACR 3, relating to compensation of the legislature. Providing that each member of the legislature shall be paid \$30 per each legislative day actually attended up to a maximum payment of \$1,350 for each annual session. Ought to Pass.

The Committee feels that legislators being paid on a per diem basis would enable more people to meet their expenses and thus be able to serve the State. Vote 8-2. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

Reps. Joseph Eaton and Burton spoke in favor of the Committee report.

This resolution has some merit, but it follows a Committee recommendation of \$2,500 minimum for jury trials and from experience it appears unlikely that two resolutions amending the same procedure could be presented on the same ballot. After the \$2,500 minimum accepted or rejected, a resolution such as CACR 4 might warrant further consideration. Vote 10-0. Rep. Joseph M. Eaton for Constitutional and Statutory Revision.

CACR 6, relating to constitutional convention. Providing that when a constitutional convention is called, the delegates shall convene in September. Inexpedient to Legislate.

The Committee feels the time frame of at least one year between the end of a Constitutional Convention and the election when the questions would appear on the ballot is too long. Vote 10-0. Rep. Mary J. Shriver for Constitutional and Statutory Revision.

Report adopted.

CACR 7, relating to registers of probate. Providing that registers of probate shall be appointed rather than elected. Inexpedient to Legislate.

Part 2, Article 7 requires election of five relatively minor county officers. Resolution No. 7 would make the office of register of probate appointive instead of elective. Proponents presented arguments which were substantial, but not conclusive. There was no evidence that present or former registers were unqualified. To limit number of questions on the ballot, the

Committee considers probability of voter acceptance, especially between appointments or elections. There was also a question whether the resolution could refer to all five minor positions, but no record of extensive public demand for such a change. Vote 9-0. Rep. Joseph M. Eaton for Constitutional and Statutory Revision.

Rep. Scott Green moved that the words, Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate, spoke to his motion and withdrew his motion. Report adopted.

HB 47, relative to living wills. Ought to Pass with Amendment.

This bill is an improved version of a bill which was approved by the House in 1983 by a margin of 301 to 54 initially, and again by a margin of 171 to 71 following a veto. It permits those who choose to do so to direct what treatment they want to receive when they reach a life-terminating condition in the written judgment of two physicians. It incorporates suggestions made by representatives of the Catholic Diocese of New Hampshire, and is the result of lengthy study by a Committee of legislators and concerned citizens. Vote 18-2. Rep. Francis E. Robinson for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

CHAPTER 137-H TERMINAL CARE DOCUMENT

137-H:1 Purpose and Policy. The state of New Hampshire recognizes that a person has a right, founded in the autonomy and sanctity of the person, to control the decisions relating to the rendering of his own medical care. In order that the rights of persons may be respected even after they are no longer able to participate actively in decisions about themselves, and to encourage communication between patients and their physicians, the legislature hereby declares that the laws of this state shall recognize the right of a competent person to make a written declaration instructing his physician to provide, withhold, or withdraw life-sustaining procedures in the event of a terminal condition.

137-H:2 Definitions. In this chapter:

I. "Attending physician" means the physician selected by or assigned to the patient who has primary responsibility for the treatment and care of the patient.

II. "Life-sustaining procedures" means any medical procedure or intervention which utilizes mechanical or other artificial means to sustain, restore, or supplant a vital function, which, in the written judgment of the attending physician and a consulting physician, when applied to the qualified patient, would serve only to artificially postpone the moment of death, and where, in the written judgment of the

attending physician and the consulting physician, the patient is in a terminal condition. "Life-sustaining procedures" shall not include the administration or omission of medication or sustenance or the performance of any medical procedure deemed necessary to provide comfort care or to alleviate pain.

III. "Terminal care document" means a document which, when duly executed, contains the express direction that no life-sustaining procedures be taken when the person executing said document is in a terminal condition, without hope of recovery from such condition and is unable to actively participate in the decision-making process.

IV. "Physician" means a medical doctor licensed to practice in the state of New Hampshire pursuant to RSA 329.

V. "Qualified patient" means a patient who has executed a declaration in accordance with this chapter and who has been diagnosed and certified in writing to be in a terminal condition by 2 physicians who have personally examined the patient, one of whom shall be the attending physician.

VI. "Terminal condition" means an incurable condition caused by injury, disease, or illness which is such that death is imminent and the application of life-sustaining measures would, within the reasonable medical judgment of the attending physician and a consulting physician, only postpone the moment of death.

137-H:3 Terminal Care Document. A person of sound mind who is 18 years of age or older may execute at any time a document commonly known as a terminal care document, directing that no life-sustaining procedures be used to prolong his life when he is in a terminal condition. The document shall only be effective if the person is incapable of participating in decisions about his care, and it may be, but need not be, in form and substance substantially as follows:

DECLARATION

Declaration made this _____ day of _____ (month, year).

I, _____, being of sound mind, willfully and voluntarily make known my desire that my dying shall not be artificially prolonged under the circumstances set forth below, do hereby declare:

If at any time I should have an incurable injury, disease, or illness certified to be a terminal condition by 2 physicians who have personally examined me, one of whom shall be my attending physician, and the physicians have determined that my death will occur whether or not life-sustaining procedures are utilized and where the application of life-sustaining procedures would serve only to artificially prolong the dying process, I direct that such procedures be withheld or withdrawn, and that I be permitted to die naturally with only the administration of medication or the performance of any medical procedure deemed necessary to provide me with comfort care.

In the absence of my ability to give directions regarding the use of such life-sustaining procedures, it is my intention that this declaration shall be honored by my family and physicians as the final expression of my right to refuse medical or surgical treatment and accept the consequences of such refusal.

I understand the full import of this declaration, and I am emotionally and mentally competent to make this declaration.

We, the declarant and witnesses, being duly sworn each declare to the notary public or justice of the peace or other official signing below as follows:

- 1. The declarant signed the instrument as a free and voluntary act for the purposes expressed, or expressly directed another to sign for him.
- 2. Each witness signed at the request of the declarant, in his presence, and in the presence of the other witness.
- 3. To the best of my knowledge, at the time of the signing the declarant was at least 18 years of age, and was of sane mind and under no constraint or undue influence.

Official Capacity _____

137-H:4 Execution and Witness. The document set forth in RSA 137-H:3 shall be executed by the person making the same in the presence of 2 or more subscribing witnesses, none of whom shall be the person's spouse, heir at law, attending physician or person acting under the direction or control of the attending physician or any other person who has at the time of the witnessing thereof any claims against the estate of the person, and shall be acknowledged pursuant to the provisions of RSA 456 or RSA 456-A.

137-H:5 Notification; Medical Record. An attending physician who is requested to do so by the person executing the terminal care document shall make the document or a copy of the document a part of that person's permanent medical record.

137-H:6 Physician Responsibilities.
I. An attending physician and any other physician under his direction or control, having in his possession his

patient's terminal care document, or having knowledge that such a duly executed document is part of the patient's record in the institution in which he is receiving care, or who has been notified of the existence of a declaration executed under this chapter, shall follow as closely as possible the dictates of said document. In addition, the attending physician or any other physician under his control or direction who becomes aware, pursuant to this section, of such a document shall, without delay, take the necessary steps to provide for written verification of the patient's terminal condition, so that the patient may be deemed to be a qualified patient under this chapter, however if a physician, because of his personal beliefs or conscience, is unable to comply with the terms of the declaration, he or she shall forthwith so inform his patient or the patient's family. The qualified patient may, or the family of the qualified patient shall, then request that the case be referred to another physician.

II. An attending physician who, because of personal beliefs or conscience, is unable to comply with the declaration pursuant to this chapter shall, without delay, make the necessary arrangements to effect the transfer of the qualified patient and the appropriate medical records that qualify said patient to another physician who has been chosen by the qualified patient or by the family of the qualified patient.

137-H:7 Revocation.

I. A person who has validly executed a terminal care document consistent with the provisions of RSA 137-H:3 and RSA 137-H:4 may revoke the document in the following manner:

(a) By burning, tearing or obliterating the same or causing the same to be done by some other person at his direction and in his presence;

(b) By oral revocation in the presence of the attending physician and 2 or more witnesses, none of whom shall be the person's spouse or heir at law; or

(c) By written revocation, to be signed and dated in the presence of 2 or more witnesses, none of whom shall be the person's spouse or heir at law, expressing the intent to revoke.

II. Revocation shall become effective upon communication to the attending physician who shall record in the patient's medical record the time and date when he received notification.

137-H:8 Duty to Deliver. Any person having in his possession a duly executed terminal care document or a revocation thereof, if it becomes known to him that the person executing the same is in such circumstances that the terms of the terminal care document might become applicable, shall forthwith deliver the same to the physician attending the person executing said document or to the medical facility in which said person is a patient.

137-H:9 Immunity. An attending physician, other physician, nurse, health care professional or any other person acting for him or under his control, or hospital or other medical facility within which the person may be, shall be immune from any

civil or criminal liability for any act or intentional failure to act if said act or intentional failure to act is done in good faith and in keeping with reasonable medical standards pursuant to the terminal care document and in accordance with this chapter.

137-H:10 Suicide.

I. The withholding or withdrawal of life-sustaining procedures from a patient who has executed a document consistent with the purposes of RSA 137-H:3 shall at no time be construed as a suicide for any legal purpose.

II. Nothing in this chapter shall be construed to condone, authorize or approve suicide or permit any affirmative or deliberate act or omission to end one's own life other than to permit the natural process of dying as provided in this chapter.

137-H:11 Freedom from Influence.

I. No physician, health facility, or other health provider, and no health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital service plan shall require any person to execute a terminal care document as a condition for being insured for or receiving health care services; nor shall health care services be refused because a person is known to have executed a terminal care document.

II. The execution of a terminal care document pursuant to RSA 137-H:3 shall not affect in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance shall be legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining procedures from an insured qualified patient, notwithstanding any term of the policy to the contrary.

137-H:12 No Presumption. This chapter shall not be construed to create a presumption that in the absence of a terminal care document, a person wants life-sustaining procedures to be taken. When a person has not executed a terminal care document, and is in a condition which does not permit communication on the course of treatment to be followed, the attending physician may proceed to provide, withhold, or withdraw life-sustaining procedures upon appropriate consultation as is consistent with good medical practice.

137-H:13 Assisted Suicide, Mercy Killing, Euthanasia. Nothing in this chapter shall be construed to condone, authorize, or approve assisted suicide, mercy killing, or euthanasia, or permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying of those in a terminal condition as provided in this chapter.

137-H:14 Exceptions.

I. Nothing in this chapter shall be construed to condone, authorize, or approve the withholding of life-sustaining procedures from or to permit any affirmative or deliberate act or omission to end the life of a pregnant woman by an attending physician when such physician has knowledge of the woman's pregnant condition.

II. Nothing in this chapter shall be construed to condone, authorize, or approve of withholding or withdrawing life-sustaining procedures from mentally incompetent or developmentally disabled persons.

137-H:15 Penalty. A person who knowingly and falsely makes, alters, forges, or counterfeits, or knowingly and falsely causes to be made, altered, forged or counterfeited, or procures, aids or counsels the making, altering, forging, or counterfeiting, of a terminal care document or revocation with the intent to insure or defraud a person shall be guilty of a class B felony, notwithstanding any provisions in Title LXII.

137-H:16 Existing Rights. Nothing in this chapter shall impair or supersede any other legal right or responsibility which any person may have to effect life-sustaining procedures in any lawful manner.

2 Existing Directives. Terminal care documents which have been executed prior to the effective date of this act shall be deemed valid only if such documents substantially comply with the provisions of RSA 137-H as inserted by section 1 of this act.

3 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

HB 188-FN, authorizing the director of motor vehicles to issue special number plates for firefighters. Inexpedient to Legislate.

Identification of fire personnel during an emergency is amply provided for by RSA 266:73 (sirens) and RSA 266:74 (emergency lights). In addition, it is usual and customary for many fire departments to make available special tags identifying their membership. Vote 9-3. Rep. John Hoar, Jr., for Transportation.

Rep. Fields moved that the words, Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Reps. Pearson, Irvin Gordon and Daniel Eaton spoke against the motion.

Rep. Matson spoke in favor of the motion and yielded to questions.

Rep. Guay spoke in favor of the motion.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

A roll call was requested. Sufficiently seconded.

Question now being on the Committee report, Inexpedient to Legislate.
Resolution adopted.

HB 36, limiting liability of donors and distributors of food. Ought to Pass with Amendment.

The Committee believes that this is a sorely needed bill that will be of great benefit to the needy in the state. The bill will help foster increased donations of food by limiting the liability of food donors. The amendment expands the definition of donor to include food banks and modifies the definition of food to make it consistent with language used in Public Health regulations. Vote 14-0. Rep. Marc Chretien for Judiciary.

Rep. Sytek moved that HB 36 be recommitted to the Committee on Judiciary and spoke to her motion.

Adopted.

HB 36 was recommitted to the Committee on Judiciary.

Rep. Rounds moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, February 27 at 1:00 p.m.

Adopted.

HB 47, relative to living wills.

HB 75, relative to appeals by the state in criminal cases.

HR 17, relative to Central America.

Rep. Rounds moved that the House stand in recess for the purpose of Introduction of Bills only.

Adopted.

The House recessed at 4:23 p.m.

RECESS

(Speaker in the Chair)

Rep. Rounds moved that the House adjourn.
Adopted.

HOUSE JOURNAL 8

Wednesday, 27Feb85

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

We thank You for this day dear God. We rejoice in being a part of our State Government. As we go home tonight let us remember that others will have a story to tell as well as we. Others will have feelings and hurts to share as well as ours. Keep us open to our families and friends at home. With their love in mind let us work this day in building a State we all can enjoy living in. Amen.

Rep. Carragher led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Dupont, Wadsworth, Krasker, Kinhan, Chagnon, Joseph MacDonald, Simon and Bowes, the day, illness.

Reps. Mehegan, Dwyer, Arris, Zis, William Sullivan, Stachowske, Millard, Lewis, Cailler, Pellow, Tamposi, Hogan and Duprey, the day, important business.

INTRODUCTION OF GUESTS

Mrs. Edwina Stewart, Daughter Donna and grandchildren Amy and Jolene, Wife and guests of Rep. Stewart; Christine Ford and Heidi Moquin, guests of Rep. Nancy Ford; Donald, Jonathan, DeeDee, David and Lydia Holden, Husband and children of Rep. Harold Burns.

Rep. Rounds offered the following:

RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 489 shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 489-FN, relative to the business profits tax. (Packard of Strafford Dist. 4 - To Ways and Means)

Rep. Rounds moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted. Adopted.

COMMITTEE REPORTS (Consent Calendar)

HB 81, relative to the age of a person who could withdraw from school with parental consent. Ought to Pass.

Extends school-leaving age to 16 in all districts, including towns that do not have a high school. Vote 20-0. Rep. Walter K. Robinson for Education.

HB 110-FN, relative to sunset review of the division of vocational rehabilitation. Ought to Pass.

This bill renews the Division of Vocational Rehabilitation for 6 years. Testimony was overwhelmingly in favor of this legislation. Vote 22-0. Rep. Mary S. Nelson for Education.

HB 111-FN, relative to sunset review of vocational rehabilitation-social security programs. Ought to Pass.

This bill renews Vocational Rehabilitation - Social Security Programs for 6 years. Testimony was overwhelmingly in support of this legislation. Vote 21-0. Rep. Mary S. Nelson for Education.

HB 25, recodifying RSA title XL and relocating certain RSA chapters. Ought to Pass with Amendment.

This bill is a recodification of Agriculture laws. It does not make any substantial changes in present law. Vote 16-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

Amendment

Amend RSA 436:106, I(a) and (b) as inserted by section 1 of the bill by striking out said subparagraphs and inserting in place thereof the following:

(a) In the case of dogs which are not vaccinated in accordance with RSA 436:100 and which have been bitten by a known rabid animal, said bitten (exposed) dogs shall be immediately quarantined and confined for 10 days under the supervision of the local health authority. Upon completion of confinement, the dog shall be examined by a licensed veterinarian. The dog shall be destroyed and the head sent for examination to a diagnostic laboratory approved by the state veterinarian unless the owner is unwilling as provided in subparagraph (b) of this paragraph. The town shall be responsible for the expense.

(b) If the owner is unwilling to destroy the bitten (exposed) dog, strict isolation of the dog, in a kennel under veterinary supervision and in cooperation with the local health authorities, for a minimum of 6 months shall be enforced. The expense of impoundment is to be paid monthly in advance by the owner; in case of default in payment, the local health authority is empowered to destroy the dog after a 10-day grace period and the head is to be sent for examination to a diagnostic laboratory approved by the state veterinarian.

Amend RSA 436, 106, II(b) as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

(b) If the dog is not immediately revaccinated, the dog shall be confined in strict isolation in a kennel for 6 months under the supervision of the local health authority in cooperation with a licensed veterinarian. The owner of the animal is responsible for all expenses incurred and must pay each month in advance. If there is default in payment, the local health authority is empowered to destroy the dog after a 10-day grace period, and the head is to be sent for examination to a diagnostic laboratory approved by the state veterinarian.

HB 78, relative to resident commercial salt water licenses. Ought to Pass with Amendment.

This bill was proposed to solve a discrepancy between the nonresident commercial fishing license and the resident commercial fishing license that was passed last session. The amendment clears up the wording in the definition of a commercial fisherman. Vote 17-0. Rep. Albert J. Dionne for Fish and Game.

Amendment

Amend the bill by striking out everything after the enacting clause and inserting in place thereof the following:

1 Definition. Amend RSA 207:1, IV-a (supp) as inserted by 1983, 254:2 by striking out said paragraph and inserting in place thereof the following:

IV-a. Commercial Fisherman: Any person who takes, possesses, lands, or transports, on the waters of this state, any marine species by any method for purposes of selling same other than by conventional angling.

2 License. Amend RSA 211:49-b, I and II (supp) as inserted by 1983, 254:1 by striking out said paragraphs and inserting in place thereof the following:

I. Any resident of this state who takes, possesses, lands, or transports on the waters of this state any marine species, excluding lobsters, by any method other than by conventional angling for the purpose of selling the same, regardless of where the catch was taken, shall first procure a valid license from the executive director to do so.

II. The fee for such annual license shall be \$25 plus agent's fee. The license shall be for the operator of the boat, vessel, or gear, and up to 3 helpers. An additional helper's license shall be possessed for each helper in excess of 3 at a fee of \$10 per license. A helper's license may be transferred to any helper employed by the operator.

3 Effective Date. This act shall take effect 60 days after its passage.

HB 184-FN, relative to the disposition of moneys to be derived from the sale of property at the site of the burned out department of fish and game headquarters. Ought to Pass.

The intent of this bill is to protect all sportsmen's money that has been invested by the Fish and Game Department

in the burned out headquarters on Bridge Street when it is sold. Vote 18-0. Rep. Robert D. Hussey for Fish and Game.

Referred to Appropriations.

HB 211, relative to trapping beaver and otter. Ought to Pass.
House Bill 211 will stop pre-baiting beaver ponds, which will eliminate unfair advantage to trappers that do not do this. The traps have been pre-baited before season starts. Season is only 1 month long in Coos County. Vote 17-0. Rep. John E. Call for Fish and Game.

HB 162, relative to powers of attorney. Inexpedient to Legislate.

House Bill 162 was improperly drafted. At the request of the sponsor, the Committee voted it Inexpedient to Legislate. Vote 13-0. Rep. Geraldine G. Watson for Judiciary.

HB 166, relative to the definition of antique gambling machine. Ought to Pass. The Committee felt this bill should pass as it aids collectors of and investors in nostalgic items, while not in any way affecting the laws on gambling or possession of gambling equipment, because it only changes the definition by changing the date of manufacture from "before 1941" to "at least 25 years old." Vote 18-0. Rep. Frank J. Sylvia for Judiciary.

HB 190, permitting access to personnel files of former employees. Ought to Pass. This bill does not mandate that an employer keep a personnel file, or any additional information. It does, however, mandate that if an employer so chooses to keep information in a person's file then that employee will have a right to review that information being kept for a minimum period of two years after the employee's last day of employment. Vote 14-1. Rep. Wilfred Burkush for Labor, Industrial and Rehabilitative Services.

HB 99, relative to the state guard. Ought to Pass.

This bill makes changes in the statutes pertinent to the "State Guard," such changes being necessitated by directives promulgated by the National Guard Bureau in Washington, DC. Vote 15-0. Rep. George T. Musler for Public Protection and Veterans Affairs.

HB 265, relative to boat inspectors. Ought to Pass.

This bill permits agents of the Director of Safety Services, who perform as "boat inspectors on public waters," to be classified as "police officers," and therefore be eligible to attend and be trained at the New Hampshire Academy. Vote 15-0. Rep. Warren F. Ames for Public Protection and Veterans Affairs.

HB 273, relative to police employees of the university system of New Hampshire. Inexpedient to Legislate.

The sponsor of the bill testified that an existing problem area would be resolved at the local level, therefore there was no longer a requirement for the bill. Vote 17-0. Rep. George T. Musler for Public Protection and Veterans Affairs.

HB 203-FN, establishing a study committee to evaluate microwave asphalt concrete road repair. Ought to Pass. This bill has the potential of saving the state a lot of money and time. It does not call for an expenditure of monies to study the feasibility. Vote 18-1. Rep. Norman B. Rogers for Public Works.

HB 221, relative to replacement or new highway signs. Ought to Pass. This bill would provide a wealth of information for our tourists. Vote 20-1. Rep. Norman B. Rogers for Public Works.

HB 239, relative to the commissioner of public works and highways regulating the use of certain rights-of-way. Ought to Pass. This bill gives the state the necessary control of rights-of-way for safety and aesthetic reasons. Vote 21-0. Rep. Mildred S. Ingram for Public Works.

HB 95, limiting the grounds for eviction of tenants from certain rental units. Ought to Pass with Amendment. The bill as submitted did not cover all the desired areas determined pertinent in hearings. As amended, the bill was recommended Ought to Pass by a vote of 19-0, and now contains language approved by the sponsor of the legislation and the major tenant and housing representatives testifying so that the intended goals are met. Rep. Robert L. Jones for State Institutions and Housing.

Amendment

Amend RSA 540:2 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

540:2 Termination of Tenancy.

I. The lessor or owner of nonrestricted property may terminate any tenancy by giving to the tenant or occupant a notice in writing to quit the premises in accordance with RSA 540:3 and 5.

II. The lessor or owner of restricted property may terminate any tenancy by giving to the tenant or occupant a notice in writing to quit the premises in accordance with RSA 540:3 and 5, but only for one of the following reasons:

(a) Neglect or refusal to pay rent due and in arrears, upon demand.

(b) Substantial damage to the premises by the tenant, members of his household, or guests.

(c) Failure of the tenant to comply with a material term of the lease.

(d) Behavior of the tenant or members of his family which threatens the health or safety of the other tenants.

(e) Other good cause.

III. If the grounds for eviction is other good cause as set forth in paragraph II(e) of this section, and such cause is based on the actions or inactions of the tenant, members of his family, or guests, the landlord shall, prior to the issuance of the notice to quit, provide the tenant with written notice stating that in the future such actions or inactions would constitute grounds for eviction. Such notice shall be served in accordance with RSA 540:5 or by certified mail.

IV. A tenant's refusal to agree to a change in the existing rental agreement calling for an increase in the amount of rent shall constitute good cause for eviction under paragraph II(e) of this section, provided that the landlord provided the tenant with written notice of the amount and effective date of the rent increase at least 30 days prior to the effective date of the increase.

V. "Other good cause" as set forth in paragraph II(e) of this section includes, but is not limited to, any legitimate business or economic reason and need not be based on the action or inaction of the tenant, members of his family, or guests.

Amend RSA 540:3, II as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

II. For all residential tenancies, 30 days' notice shall be sufficient in all cases provided, however, that 7 days' notice shall be sufficient if the reason for the termination is as set forth in RSA 540:2, II(a), (b), or (d).

Amend RSA 540:9 as inserted by section 4 of the bill by striking out same and inserting in place thereof the following:

540:9 Payment After Notice. No tenancy shall be terminated for nonpayment of rent, utility charges or any other lawful charge contained in an oral rental agreement or lease if the tenant, before the expiration of the notice, pays or tenders all arrearages plus \$15 as liquidated damages; provided, however, that a tenant may not defeat an eviction for non-payment by use of this section more than 3 times in one calendar year.

Amend RSA 540:13-d, II as inserted by section 7 of the bill by striking out same and inserting in place thereof the following:

II. If a defendant raises a defense provided in paragraph I of this section, the court may order the action continued for a reasonable time not to exceed one month to enable the plaintiff to remedy the violation. At the time such continuance is ordered, the court shall require the person claiming a defense under this section to pay into court any rent withheld or becoming due thereafter as it becomes due. Upon a finding by the court that the violation has been remedied within the continuance period, the court shall dismiss the possessory action and either award the withheld rent money to the plaintiff or apportion the rent paid into court by paying to the plaintiff the fair rental value of the premises while in the substantially defective condition and by awarding the remainder of said funds to the defendant as damages for plaintiff's breach of his warranty of habitability. If the violation has not been remedied within such period, the court shall enter judgment for the defendant and refund to the defendant all money deposited.

Amend RSA 540:29 as inserted by section 9 of the bill by striking out same and inserting in place thereof the following:

540:29 Conflict of Laws. Any provisions of federal law relating to rental units owned, operated or subsidized by the federal government which are inconsistent with or contrary to the provisions of this chapter shall supersede the provisions of this chapter. Where not inconsistent, the provisions of federal law shall apply in conjunction with the provisions of this chapter.

HB 170-FN, authorizing the sale of certain state prison land and allocating the proceeds of the sale. Ought to Pass with Amendment.

This bill, as amended, authorizes the Department of Corrections to declare surplus approximately 2.54 acres of land between the prison farm house and property owned by Weeks Dairy Foods, Inc., and for rebuilding certain new structures on prison land with the money received from the sale when released by the Governor's warrant from the State Treasury. The Department of Corrections will now make available the above land to the Long Range Capital Planning and Utilization Committee for disposition. Vote 19-0. Rep. Ralph Parker for State Institutions and Housing.

Referred to Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

appropriating the proceeds of the sale of certain state prison property.

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Proceeds of Sale Appropriated. The proceeds of the sale of approximately 2.54 acres of state prison farm land on North State Street, Concord, New Hampshire, located between the prison farm house and property owned by Weeks Dairy Foods, Inc. are hereby appropriated to the department of corrections for the purpose of rebuilding or replacing certain existing structures; a bunker silo; a manure storage area; constructing with prison labor a milk house building; and equipping a new milking parlor. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

HB 124-FN, relative to sunset review of aeronautics commission administration and support. Ought to Pass with Amendment.

This action continues in operation the Sky Haven Airport as a valuable entity. It also requires that the Aeronautics Commission submit to the General Court by July 1, 1985, a report identifying the best way of transferring ownership from the state to some other viable entity. Vote 11-0. Rep. Ralph Pearson for Transportation.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Report. The aeronautics commission is hereby directed to prepare and submit a report to the general court relative to the best method of transferring the state's ownership and control of the Sky Haven airport in Rochester, New Hampshire. The alternatives shall include, but not be limited to, transferring the airport to a local, county, or regional entity. The report shall be submitted to the general court no later than July 1, 1985.

4 Effective Date. This act shall take effect upon its passage.

HB 202-FN, restricting the use of dealer plates issued to motor vehicle dealers. Refer for Interim Study.

The Committee recognizes that there is a problem with the misuse of dealer plates. However, the bill in its current form would not be the best way to address the problem. Vote 11-0. Rep. Stephen Sloan for Transportation.

HB 206-FN, increasing the fee for duplicate drivers' licenses. Inexpedient to Legislate.

The Committee felt that the increase of more than 100% in the fee was too high. Testimony indicated that some persons request a second license for another's use, but it did not seem that the increase would eliminate this practice. Vote 11-0. Rep. Philip Labombarde for Transportation.

COMMITTEE REPORTS
(Regular Calendar)

HB 77, relative to draft registration and eligibility for college scholarships. Inexpedient to Legislate.

The bill's intent is already covered by federal legislation. The language would make implementation problematic. Vote 20-2. Rep. Wayne M. Burton for Education.

Resolution adopted.

HB 196, relative to runners upon public ways. Ought to Pass with Amendment. Those who jog on public roadways during hours of darkness will give a measure of protection to themselves, and to motorists, by wearing reflectorized clothing, so that they may be visible to any vehicle within 100 feet. The jogger will make the determination as to the type of reflectorized clothing. Vote 9-6. Rep. David A. Welch for Public Protection and Veterans Affairs.

Amendment

Amend section one of the bill by striking out same and inserting in place thereof the following:

1 Runners; Reflective Material Required. Amend RSA 265:39 by inserting after paragraph III the following new paragraphs:

IV. Notwithstanding the provisions of paragraph I, a person may run or jog upon a roadway, provided that the person shall run or jog as near as practicable to an outside edge of the roadway and, if on a 2-way roadway, shall run or jog only on the left side of the roadway whenever practicable.

V. A person running or jogging upon any way during the period from 1/2 hour after sunset to 1/2 hour before sunrise shall wear a sufficient amount of reflective material to be visible to any vehicle within 100 feet.

VI. Except as otherwise provided in this chapter, any runner or jogger upon a roadway shall yield the right of way to all vehicles upon the roadway. This paragraph shall not relieve the driver of any vehicle from the duty to exercise due care as required under RSA 265:37.

VII. Persons running or jogging 2 or more abreast shall not impede the normal and reasonable movement of traffic and, on a laned highway, shall run or jog within a single lane.

VIII. A person who violates paragraph IV, V, VI, or VII of this section shall be subject to a fine of not more than \$25.

Amendment adopted.

Ordered to third reading.

HB 39-FN, providing for the reconstruction of a section of Prescott Road in the town of Raymond and making an appropriation therefor. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: House Bill 39 originally was reported by the Public Works Committee for \$80,000, rather than the \$150,000 requested in the bill. When recommitment, the Committee struggled with two main points: (1) the principal of expending state funds on a town road, and (2) the amount necessary to construct the 0.3 mile roadway. By one vote, the Committee decided the amount of \$40,000 was sufficient, but the Committee was unable to find it proper to appropriate that amount or any amount in this case. Vote 16-5. Rep. James A. Chandler for Public Works.

MINORITY: The Town of Raymond appealed to the State Highway Department requesting redress to Prescott Road termination at the new Route 101 road construction. The Committee pondered factors why the State should allocate any reconstruction fund for any town road. Testimony by the Highway Commissioner indicated it was felt the existing road condition was the State's fault. (Rep. James J. White for the Minority.)

Rep. Warburton moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Inexpedient to Legislate, and spoke to his motion.

Rep. Gene Chandler spoke against the motion.

Reps. Matson and Sloan spoke in favor of the motion and yielded to questions.

Reps. Walter and Bibbo spoke against the motion and yielded to questions.

A roll call was requested. Sufficiently seconded.

Rep. James J. White offered an amendment.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Appropriation. There is hereby appropriated the sum of \$5,000 to the department of public works and highways for the biennium ending June 30, 1987, for the reconstruction of approximately 0.3 mile of Prescott Road north of route 101 to New Hampshire Route 27, in the town of Raymond. Any right-of-way acquisition shall be kept within the limits of money available in this appropriation. This appropriation shall be a charge against the highway fund.

The Clerk read the amendment.

Rep. James J. White explained the amendment.

On a voice vote the Speaker was in doubt and requested a division.

217 members having voted in the affirmative and 125 in the negative, the amendment was adopted.

Rep. James J. White yielded to questions. HB 39 was referred to Appropriations.

HB 185-FN, relative to preparation for the reconstruction or replacement of the Hampton steel seawall and making an appropriation therefor. Ought to Pass with Amendment.

This bill will allow for the first step in which the Department of Public Works and Highways will conduct surveys, studies, designs, construction plans and costs, in preparation of reconstruction or replacement of the state-owned Hampton Seawall. The amendment shows the cost between DRED and Public Highway funds and any federal funds that are available. Vote 21-0. Rep. Beverly Hollingworth for Public Works.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Appropriation. The sum of \$275,000 is hereby appropriated for the period ending December 1, 1985, to the department of public works and highways for the necessary surveys, studies, designs and preparation of final construction plans and specifications, including construction cost estimates. The department of public works and highways is authorized to retain the services of a qualified structural engineering consultant

with an established reputation in the specialized field of coastal protection structures to perform the required work for the final design and contract documents for a new seawall. The department is further authorized to accept any federal funds that may be available for this project, and this appropriation shall be reduced by the amount of any federal funds made available. One half of this appropriation, the sum \$137,500, shall be a charge against the highway fund. One half of this appropriation, the sum of \$137,500, shall be a charge against the general fund. The governor is authorized to draw his warrant for said sum from any money in the treasury not otherwise appropriated.

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Construction Objective. The replacement for the Hampton steel seawall shall be constructed similarly to the existing concrete seawall which adjoins it. The department of public works and highways shall endeavor to find the original designs, plans, specifications, and other pertinent material that was used in the construction in the 1930's of the original concrete seawall, to reduce the costs of this construction.

Amendment adopted.
Referred to Appropriations.

HB 204-FN, authorizing the director of motor vehicles to issue number plates with the word "Naturally" in place of the state motto. Inexpedient to Legislate.

Number plates issued with the word "Naturally" in place of the state motto would tend to increase the multitude of special plates in New Hampshire. Every time a new plate type is issued it creates a possibility of mistaken identity. The probability of confusion can be diminished by not passing this bill. Vote 7-4. Rep. Victor E. Emanuelson for Transportation.

Resolution adopted.

HB 113-FN, relative to sunset review of vocational rehabilitation. Ought to Pass with Amendment.

This bill renews Vocational Rehabilitation, PAU 060324, for 6 years to comply with RSA 17-G. The amendment directs the Blind Services Division of Vocational Rehabilitation to adopt rules necessary to require training and supervision of operators of the Vending Stand Program. Funds are available in Blind Services to implement the directive. Vote 19-0. Rep. Monte D. Rehlander for Education.

Rep. William Boucher moved that HB 113 be recommitted to the Committee on Education and spoke to his motion.

Adopted.

HB 113 was recommitted to the Committee on Education.

HB 279-FN, relative to a multi-state lotto compact and making an appropriation therefor. Ought to Pass with Amendment.

The Committee voted 13-0 in favor of reporting this bill as Ought to Pass with Amendment. The appropriation section is removed by the amendment. Rep. Carol A. Nagel for Regulated Revenues.

Amendment

Amend the bill by striking out sections 4 and 5 and renumbering section 6 to read as 4.

Rep. Kenneth MacDonald yielded to questions.

Amendment adopted.

Ordered to third reading.

HB 280-FN, relative to a tri-state lotto compact. Inexpedient to Legislate.

The sponsor requested that HB 280 be considered concurrently with HB 279 since the subject content of the two are similar. The request was approved and HB 279 was the vehicle chosen to address the subject of a multi-state lotto compact. Vote 13-0. Rep. Robert N. Kelley for Regulated Revenues.

Resolution adopted.

Rep. Rounds moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, February 28 at 1:00 p.m.

Adopted.

(Speaker in the Chair)

Rep. Rounds moved that the House adjourn.

Adopted.

HOUSE JOURNAL 9

Thursday, 28Feb85

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

Almighty God, source of all wisdom, teach us how to deal with money. Called the root of all evil, could we do away with it? What then would we use to exchange our services, would it be newts, bark of birch or chip of granite?

If we cannot escape from the use of money, guide us to escape from the abuse of money. Teach us to be stewards and not slaves, that our currency remain the means for works of charity, payment for value received and the foundation of higher ideals. 'In You we trust.' Amen.

Rep. Schotanus led the Pledge of Allegiance.

COMMITTEE REPORTS (Consent Calendar)

HB 55-FN, authorizing the director of the division of public health services to schedule controlled drugs and making an appropriation therefor. Ought to Pass.

Because of unanswered questions, a bill to schedule controlled drugs did not pass in 1983. HB 55-FN is an improved version and has the support of both public health and law enforcement officials. The appropriation is the sum of \$3,552 for the fiscal year ending June 30, 1986 and the sum of \$3,552 for the fiscal year ending June 30, 1987. Vote 19-0. Rep. Caroline L. Gross for Appropriations.

HB 245-FN, reimbursing the department of public works and highways for appraisal work performed for the department of resources and economic development and making an appropriation therefor. Ought to Pass with Amendment.

This bill, as amended, allows payment of bill owed the Department of Public Works and Highways by Department of Resources and Economic Development and also extends life of prison appropriation. Vote 19-0. Rep. Paul I. LaMott for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

reimbursing the department of public works and highways for appraisal work performed for the department of resources and economic development and making an appropriation; and extending a lapse date to June 30, 1987.

2 Contingency Provision. The appropriation made in paragraph VII of section one of this act shall take effect only if HB 279-FN of the 1985 regular session, "An Act relative to a multi-state lotto compact and making an appropriation therefor," becomes law.

3 Purchasing; Legislative Branch Excepted. Amend RSA 8:25 by inserting after paragraph II the following new paragraph:

II-a. The legislative branch is excepted entirely from the provisions of this chapter and RSA 21-1.

4 Deleting the General Court from Certain Purchasing Requirements. Amend RSA 21-1:11, I(b) (supp) as inserted by 1983, 416:40 by striking out in line one the words "the general court," so that said subparagraph as amended shall read as follows:

(b) "Agency" shall mean any board, department, commission, hospital, sanitarium, home, library, school, college, prison or other institution conducted or operated by or for the state of New Hampshire.

5 Additional Appropriation for Motor Vehicle Replacements. Amend 1983, 469:11, I by striking out said paragraph and inserting in place thereof the following:

I. It is hereby declared to be the intent of the general court that the appropriations made by section 1 of this act shall be sufficient to meet the requirements of each department, institution, commission or other agency for motor vehicles of a gross vehicle weight of 3 tons or less or replacements thereof. In the event, however, that any department, institution, board, commission, or other agency, after consultation with the director of purchase and property and the fiscal committee, finds that the cost of repair to any such motor vehicle is prohibitive and that it would cause an extreme hardship for said department, institution, board, commission, or other agency to operate without such motor vehicle, the chief executive of said department, institution, board, commission, or other agency shall request the governor with the approval of the council for authority to expend the sums needed for a replacement vehicle. For the purposes of this section, each replacement vehicle shall be a subcompact front wheel drive vehicle unless the fiscal committee determines upon application of the department, institution, board, commission, or other agency that there is a clear and convincing need to replace such a vehicle with some other type of vehicle. There is hereby appropriated for said purpose the sum of \$100,000 for each year of the biennium ending June 30, 1985. In addition, there is hereby appropriated the sum of \$30,000 for the fiscal year ending June 30, 1985, for said purpose. The sums appropriated shall not be transferred or expended for any other purpose. The governor is authorized to draw his warrants for said sums, which shall be a charge against the general fund.

6 Effective Date. This act shall take effect upon its passage.

HB 291-FN, making a supplemental appropriation for the board of examiners of psychologists. Inexpedient to Legislate.

The appropriation contained in this bill has been included in HB 268-FN. Vote 21-0. Rep. William F. Kidder for Appropriations.

HB 297-FN, making a supplemental appropriation to the special railroad fund. Ought to Pass with Amendment.

This bill appropriates funds necessary to make up deficit in the "Special Railroad Fund." It also amends existing law so that payments in the future will not be a problem. Vote 18-1. Rep. Paul I. LaMott for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to a supplemental appropriation to the special railroad fund and making the debt service on the railroads improvement bond a charge against the general fund.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Supplemental Appropriation. In addition to any other sums appropriated, the sum of \$1,100,000 for the fiscal year ending June 30, 1985, is hereby appropriated to the special railroad fund established by RSA 228:68 to provide funds for the authorized charges to the fund for the period through June 30, 1985. The appropriation shall be charged against the general funds of the state. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

2 Railroad Bonding. Amend 1974, 49:4 as amended by 1981, 350:1 by striking out said section and inserting in place thereof the following:

49:4 Amortization of Bonds. The interest and principal on bonds, notes, or loans under section 3 of this act shall, beginning on July 1, 1985, be a charge upon the general funds of the state and are hereby appropriated therefor.

3 Effective Date. This act shall take effect upon its passage.

HB 66, eliminating the exception of insurance from certain provisions of the Administrative Procedure Act and excepting the bank commissioner from certain provisions of the Administrative Procedure Act. Ought to Pass with Amendment.

By unanimous vote (19-0), the Committee indicated that the Insurance Department should be subject to the same administrative procedures that apply to all state agencies. The Insurance Commissioner testified in support of the

bill and no one opposed it. Rep. Joseph Diamant for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Insurance Rules. The rules of the insurance commissioner adopted pursuant to the authority granted in RSA titles XXXVII and XXXVIII shall remain in effect for a period of no longer than 2 years from the effective date of this act, but may be readopted pursuant to RSA 541-A.

4 Effective Date. This act shall take effect 60 days after its passage.

HB 230, permitting a person to serve as a trustee, director, or officer of both a savings bank or cooperative bank and a limited trust company. Ought to Pass. The Committee feels that this bill permits a person to serve as a trustee, director or officer of both savings bank or cooperative bank and limited trust company. Vote 22-0. Rep. Lawrence J. Guay for Commerce, Small Business and Consumer Affairs.

HB 237, relative to the savings accounts of minors. Inexpedient to Legislate. Bill turned down as not actually addressing the problem. Vote 12-3. Rep. Eric N. Lindblade for Commerce, Small Business and Consumer Affairs.

HB 251, establishing a committee to study the feasibility of using so-called "phantom taxes" collected by utilities to benefit the state. Inexpedient to Legislate. The issue raised in HB 251 has been reviewed extensively by the Public Utilities Commission and their conclusion, as is the unanimous conclusion of the Commerce, Small Business and Consumer Affairs Committee, is that it cannot be dealt with properly at the state level and a study Committee would not be prudent. Vote 22-0. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

HJR 1, relative to a systematic review of health coverage proposals. Inexpedient to Legislate.

A majority of 16-5 felt this resolution would place an unfair burden on any citizen who wished to approach the legislature to address insurance legislation. This was felt to be discriminatory. Rep. William A. Varkas for Commerce, Small Business and Consumer Affairs.

HB 176, relative to ballots for districts which elect more than one state representative to the general court. Inexpedient to Legislate.

Another bill will cover this subject. Sponsors of this bill are in agreement. Vote 13-0. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

HB 141-FN, relative to sunset review of the office of waste management. Ought to Pass with Amendment.

This bill renews the Office of Waste Management for 6 years. The amendment addresses a sunset recommendation correcting a conflict between a budget footnote and a statute relative to debt service on bonds for hazardous waste clean-up. Vote 14-0. Rep. Barbara B. Bowler for Environment and Agriculture.

Amendment

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 Bonds Charged Against General Fund. Amend 1983, 469:58 by striking out said section and inserting in place thereof the following:

469:58 Bonding Authorization. To provide funds for the remedial investigations and remedial cleanup costs involved pursuant to RSA 147-B, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$1,500,000 and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A. The interest and principal due on bonds or notes shall be a charge against the general fund.

4 Effective Date. This act shall take effect upon its passage.

Referred to Appropriations.

HB 86, relative to boxing involving a person under the age of 18. Inexpedient to Legislate.

This legislation would abolish the sport of boxing for individuals under the age of eighteen. The sponsor presented evidence relative to personal injuries resulting from boxing matches. The Committee believes that if the intent is to reduce injuries, ample rulemaking authority rests within the boxing commission to address this issue and provide adequate safeguards to reduce the threat of injury. Vote 20-0. Rep. V. Michael Hutchings for Executive Departments and Administration.

HB 88-FN, providing for free transit through state toll booths for retired state employees. Inexpedient to Legislate.

This bill is potentially discriminatory and would be detrimental to revenues. Vote 20-0. Rep. William F. McCain for Executive Departments and Administration.

HB 178, relative to the members of the barbering and cosmetology board. Ought to Pass with Amendment.

This bill, as amended, provides for staggered terms, thereby insuring continuity within the Board's function. Vote 21-0. Rep. William F. McCain for Executive Departments and Administration.

Amendment

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Present Board Members. The terms of the board members in office on or after July 1, 1985, shall expire on June 30, 1986, and they shall be eligible for appointment under section 3 of this act, provided that no member may serve more than 2 consecutive terms or 10 years on the board, whichever is more. For purposes of this section, the number of terms served by a board member before June 30, 1986, shall count against the 2 consecutive term restriction set forth in RSA 313-A:2, I.

Amend paragraph III of section 3 of the bill by striking out same and inserting in place thereof the following:

III. The initial terms of office shall be 2 years for 2 board members, 3 years for 2 board members, 4 years for 2 board members and 5 years for one board member. A board member shall be eligible to serve one 5 year term after his initial term expires if he otherwise meets the eligibility requirements of RSA 313-A:2, I.

HB 45, relative to licenses issued by the department of fish and game. Ought to Pass with Amendment.

This bill deals with the transition from multiple form license to multi-form license with a reduction in number and a clarity of definition. This is a major revenue saving bill for the Department of Fish and Game. Vote 17-0. Rep. Laura Pantelakos for Fish and Game.

Amendment

Amend RSA 206:35-a as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

206:35-a Pheasant License or Stamp Revenues. The state treasurer shall establish a separate account to which shall be credited all moneys collected by the fish and game department from issuance of pheasant licenses or stamps under RSA 214:9, X. The moneys in said account shall be used only for purchase or propagation of pheasants, and is hereby appropriated for said purposes. These funds shall be expended for the purposes of this section as determined by the executive director with the approval of the commission.

Amend RSA 206:35-b as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

206:35-b Wild Turkey License or Permit Revenues. The state treasurer shall establish a separate account to which shall be credited all money collected by the fish and game department from issuance of wild turkey licenses or permits under RSA 214:9, XI. The money in said account shall be nonlapsing and used only for restoration and management of wild turkeys, and is hereby

appropriated for said purposes. Said funds shall be expended for the purposes of this section as determined by the executive director with the approval of the commission.

Amend RSA 208:16 as inserted by section 5 of the bill by striking out same and inserting in place thereof the following:

208:16 Use of Deer Tag. The holder of a license to hunt under RSA 214:9, I, III, VI and VII shall be provided with a deer tag. The holder of a license shall, upon killing his deer, fill out and securely attach to the deer or carcass the deer tag bearing the name and address of the licensee. The deer tag shall remain attached to the deer or carcass thereof as long as the deer or carcass remains in the state, and the owner shall be entitled to transport it or have it transported as provided in RSA 208:12 and 13. Only the deer tag issued to the licensee who killed the deer shall be attached to that deer carcass. No person shall possess a deer tag that was not issued to that person. No person shall attach a deer tag to a deer he did not kill.

Amend RSA 211:38 as inserted by section 7 of the bill by striking out same and inserting in place thereof the following:

211:38 Lobster Meat. No person shall sell lobster meat which has not been processed and sealed within containers which do not require refrigeration without first procuring a license to do so. The executive director shall issue such license for a period of one calendar year pursuant to the provisions of RSA 211:39 and RSA 211:39-a. The license shall expire on December 31 of each year.

Amend RSA 211:39 as inserted by section 8 of the bill by striking out same and inserting in place thereof the following:

211:39 Retail Dealer's License.

I. No person, firm or corporation shall engage in a retail trade in lobsters or crabs, without first having procured from the executive director a license therefor. Such license shall entitle the holder, as a retail dealer, to buy, sell, ship and transport lobsters and crabs in retail trade within and outside this state. A separate license shall be required for each market, store, vehicle or other facility where lobsters and crabs are sold in retail trade. A retail dealer's license shall not be required of a person to buy or transport lobsters and crabs that are possessed by him for consumption by himself or family, nor of a properly licensed fisherman who, by virtue of his lobster and crab license, may transport and sell any lobsters and crabs that have been lawfully taken by him.

II. A fee of \$10 shall be charged for a license issued to a resident retail dealer selling lobsters, lobster meat or crabs.

III. A fee of \$50 shall be charged for a license issued to a nonresident retail dealer selling lobsters, lobster meat or crabs.

IV. The fees prescribed in RSA 211:39, II and III shall be charged for each license obtained by a retail dealer.

Amend RSA 211:39-a as inserted by section 9 of the bill by striking out same and inserting in place thereof the following:
211:39-a Wholesale Dealer's License.

I. No person, firm or corporation shall engage in a wholesale trade in lobsters or crabs without first having procured from the executive director a license therefor. Said license shall entitle the licensee to buy, sell and transport lobsters and crabs in wholesale trade within the state and to ship lobsters and crabs within and outside the state. A separate license shall be required for each market, store, vehicle or other facility where lobsters or crabs are sold at wholesale.

II. A fee of \$35 shall be charged for a license issued to a resident wholesale dealer selling lobsters, lobster meat or crabs.

III. A fee of \$100 shall be charged for a license issued to a nonresident wholesale dealer selling lobsters, lobster meat or crabs.

IV. The fees prescribed in RSA 211:39-a, II and III shall be charged for each license obtained by a wholesale dealer.

Amend RSA 214:3 as inserted by section 13 of the bill by striking out same and inserting in place thereof the following:

214:3 Members of Armed Forces.

I. Any resident of this state who is on regular active duty with any branch of the armed forces of the United States and who was a legal resident prior to entry into said armed forces shall be entitled to purchase all licenses and permits at resident fees pursuant to the restrictions of title XVIII.

II. Nonresident military personnel who are on regular active duty with any branch of the armed forces of the United States, and their dependents, permanently stationed at military bases within the state shall be entitled to purchase regular hunting and fishing licenses or combination licenses at the same fee as is charged a legal resident of the state pursuant to the restrictions of title XVIII.

III. Military personnel licensed under this section shall carry upon their person a valid military identification card while engaged in the licensed activities.

Amend RSA 214:8 as inserted by section 16 of the bill by striking out same and inserting in place thereof the following:

214:8 Form. The executive director shall prepare licenses, game tags, permits, stamps, and such other forms as determined necessary to comply with all licensing requirements of title XVIII. Such license, when issued to the licensee, shall bear the date of issuance, and shall contain the name, age, color of eyes, and residence of the licensee and such other information, including affidavits, as may be requested by

the executive director. The license, to be valid, shall be countersigned by the licensee on the face of the license in the space provided.

Amend section 17 of this bill by striking out same and inserting in place thereof the following:

17 Special One Day Fishing Licenses. Amend RSA 214 by inserting after section 14-b the following new section:

214:14-c One Day Licenses. The executive director is hereby authorized to establish within state parks in cooperation with the department of resources and economic development, such license agencies as he determines necessary to distribute a special one day fishing license for the purpose of fishing within certain state parks only. Rules, fees, and licensing procedures shall be adopted by the executive director in accordance with RSA 541-A.

Amend section 18 of the bill by striking out same and inserting in place thereof the following:

18 Pheasants. Amend RSA 214:9, X (supp) as inserted by 1975, 440:2 as amended by striking out said paragraph and inserting in place thereof the following:

X. If the applicant wishes to hunt pheasants, \$10, and the agent shall thereupon issue a pheasant license or stamp which shall entitle the licensee to hunt, shoot, kill and take, except by the use of traps, no more than 2 pheasants, one of which may be female, per day during the open season.

Amend section 19 of the bill by striking out same and inserting in place thereof the following:

19 Wild Turkey. Amend RSA 214:9, XI (supp) as inserted by 1977, 459:6 by striking out said paragraph and inserting in place thereof the following:

XI. If the applicant wishes to hunt wild turkeys, \$5, and the fish and game department shall thereupon issue a wild turkey license or permit which shall entitle the licensee to hunt, shoot, kill and take turkey, except by the use of traps. The bag limit shall be determined by rules adopted by the executive director pursuant to RSA 541-A.

Amend section 20 of the bill by striking out same and inserting in place thereof the following:

20 Lost License. Amend RSA 214:9-b (supp) as inserted by 1961, 162:1 as amended by striking out same and inserting in place thereof the following:

214:9-b Lost License, Duplicate. A person who loses or by mistake or accident destroys his license may, upon payment of a fee of \$5.00, receive a duplicate license if the applicant completes affidavits setting forth the circumstances surrounding its loss or destruction. The duplicate license shall

entitle the licensee to engage in all activities permitted on the original license.

Amend RSA 214:15, I as inserted by section 21 of the bill by striking out same and inserting in place thereof the following:

I. The agent shall collect from the licensee a fee of \$.50 for each license type issued on a license form and shall account to the executive director for the full face value of the licenses sold. He shall pay to the executive director no later than the fourteenth of each month the full face value of all licenses sold up to the first of the same month and shall report the names and addresses of all persons to whom licenses have been sold and such other information as may be requested on blanks to be furnished by the executive director. All licenses sold at the department headquarters or any subagency thereof shall charge the same fee as outlined herein. Such fee shall be credited to the fish and game fund.

Amend RSA 214:16 as inserted by section 22 of the bill by striking out same and inserting in place thereof the following:

214:16 Unused Blanks. Agents shall return to the executive director, within 14 days after the close of the current year, all unused license blanks. Agents shall be held responsible to the state for all license blanks and shall pay for any unaccountable license blanks the full face value of the highest price license printed thereon, except that the executive director may waive this requirement when, in his sole judgment, there is just cause to do so.

Amend the bill by striking out all after section 22 and inserting in place thereof the following:

23 Application Fees. Amend RSA 214:9 by inserting after paragraph XII the following new paragraph:

XIII. Notwithstanding the provisions of RSA 214:9, VIII(d), any recognized summer camp operated within the state may apply to the executive director of the fish and game department for a group fishing license that may be utilized by individual campers at least 12 years of age and under 16 years of age while participating in camp activities. The fee for such license shall be determined by the executive director pursuant to rules adopted under RSA 541-A.

24 Exception for Aged Persons. Amend RSA 211:62-as (supp) as inserted by 1967, 3:1 as amended by striking out said section and inserting in place thereof the following:

211:62-aa Exception for Aged Persons. No fee, including the agent's fee, shall be required for the issuance of a license under the provisions of RSA 211:62-a for taking clams, clam worms or oysters of a resident of the state who is 68 years of age or over. Such license shall be effective for said resident during the remainder of his life, as long as the applicant remains a resident of the state, unless sooner

suspended or revoked by the executive director. The minimum residency requirements of RSA 214:7-b are applicable.

25 Persons Over 68 Years of Age. Amend RSA 214:7-a as inserted by 1959, 254:1 as amended by striking out said section and inserting in place thereof the following:

214:7-a Persons Over 68 Years of Age. Any resident of this state who is 68 years of age or over may make application, to any authorized agent of the state for the sale of fishing and hunting licenses, for a special license to fish and hunt, under the restrictions of this title. Such license shall be marked in such manner as the executive director may designate and there shall be no fee, including the agent's fee, for such license. Such license shall be effective for said resident during the remainder of his life, as long as the applicant remains a resident of the state, unless sooner suspended or revoked by the executive director. The minimum residency requirements of RSA 214:7-b are applicable.

26 Resident Aliens. Amend RSA 206:10, III (supp) as inserted by 1978, 40:3, II by striking out said paragraph and inserting in place thereof the following:

III. If the applicant is a resident alien, the agent shall issue a nonresident fishing, hunting, or combination fishing and hunting license, and the applicant shall be considered a nonresident when applying for any other license, permit or stamp.

27 Pheasant Stamp or License. Amend RSA 214:1-b as inserted by 1975, 440:1 by striking out said section and inserting in place thereof the following:

214:1-b Pheasant Stamp or License Required. No person shall at any time hunt, shoot, pursue, kill or take pheasants in this state without first procuring, in addition to the applicable hunting license required by RSA 214:1, a stamp or license to do so under RSA 214:9, X, for the same period. If a stamp is issued, it must be permanently affixed to the back of said hunting license and signed across the face in a permanent manner with the applicant's signature. A person under the age of 16 years may hunt, shoot, pursue, kill or take pheasants without such a stamp or license provided that, while so doing, he is accompanied by an adult who has procured such a stamp or license.

28 Wild Turkey. Amend RSA 214:1-c (supp) as inserted by 1977, 459:5 by striking out said section and inserting in place thereof the following:

214:1-c Wild Turkey Permit or License. No person shall at any time hunt, shoot, pursue, kill or take wild turkey in this state without first procuring, in addition to the applicable hunting license required by RSA 214:1, a permit or license to do so under RSA 214:9, XI, for the same period.

29 Repeal. The following are hereby repealed:

I. RSA 214:4, relative to military personnel permanently stationed at military bases within the state.

II. RSA 214:4-a, relative to nonresident servicemen.

III. RSA 214:5, relative to termination of military service.

IV. RSA 214:5-a, relative to nonresident student hunting licenses.

V. RSA 214:8-a, relative to blood type.

30 Lost Game Tag. Amend RSA 214 by inserting after section 9-c the following new section:

214:9-d Lost Game Tag. A person who loses or by mistake or accident destroys his game tag may, upon payment of a fee of \$5, receive a duplicate game tag if the applicant completes affidavits setting forth the circumstances surrounding its loss or destruction.

31 Unused Game Tags. Amend RSA 214 by inserting after section 16 the following new section:

214:16-a Unused Game Tags. Agents shall return to the executive director, within 14 days after the close of the current year, all unused game tags. Agents shall be held responsible to the state for all game tags and shall pay for any unaccountable tag the amount of \$10 each, except that the executive director may waive this requirement when, in his sole judgment, there is just cause to do so.

32 Effective Date.

I. Sections 1 through 29 of this act shall take effect January 1, 1986.

II. Sections 30 and 31 of this act shall take effect January 1, 1987.

HB 219, increasing the age for OHRV operation and changing the penalty for unlawful OHRV operation. Inexpedient to Legislate.

The Committee felt, after hearing testimony, that present law covers the situation and no further law is needed at this time. Vote 17-0. Rep. Roland M. Turgeon for Fish and Game.

HB 247, relative to setting muskrat traps. Inexpedient to Legislate.

As a protection measure for the muskrat resource, the present laws regarding trapping within 15 feet of muskrat dens or holes should remain in effect. Vote 15-1. Rep. Robert D. Hussey for Fish and Game.

HB 129-FN, relative to sunset review of division of public health services. Ought to Pass with Amendment.

The bill continues Public Health Services with all of its present goals but mandates certain studies be undertaken by the Department of Health and Human Services with a requirement to report with recommendations to standing house and senate committees having cognizance of public health matters. It abolishes the positions of State Health Officer and Deputy State Health Officer vesting all duties with the Director, Division of Public Health Services. Vote 19-0. Rep. Matthew M. Sochalski for Health and Human Services.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Integrated Data Base. The division of public health services shall, in cooperation with other relevant state agencies and within existing appropriations, develop a single integrated data base on handicapped children.

4 Fee System for All Publications.

I. The commissioner of the department of health and human services shall, by January 1, 1986, submit a recommended fee system for publications produced by the division of public health services to the standing committees of the house and senate having cognizance of public health matters.

II. This fee system shall include the following:

- (a) costs of various publications prepared by the division;
- (b) fee schedule designed to recover costs associated with various publications;
- (c) explanation as appropriate regarding areas wherein cost recovery is not considered feasible.

5 Personnel Turnover.

I. The commissioner of the department of health and human services shall conduct a study to determine the causes of the division's excessive personnel turnover problem and submit a report to the standing committees of the house and senate having cognizance of public health matters by January 1, 1987.

II. The report shall include the following:

- (a) specific reasons for employee departure;
- (b) an analysis of the underlying causes of the problem; and
- (c) recommendations to allay the problem.

III. The division shall coordinate their efforts with the department of personnel.

6 Certificate of Need.

I. The commissioner of the department of health and human services shall, by January 1, 1986, submit a report containing precise, quantitative performance measures regarding the certificate of need process to the appropriate standing committees of the house and senate. These measures will be designed to evaluate the certificate of need process in the following areas:

- (a) Prevention of duplication in the development of facilities and services;
- (b) Containment of health care cost;
- (c) Fostering competition; and
- (d) Improvement of access to health care.

II. The commissioner of the department of health and human services shall, by January 1, 1987, predicated on the health planning data and performance measures in paragraph I, submit a report on the effectiveness of the certificate of need process to the appropriate standing committees of the house and senate.

7 Child Care License Background Check.

I. It is the intent of the general court to ensure the well being of children placed in child care facilities.

II. To achieve this end, the commissioner of the department of health and human services shall, by January 1, 1986, submit a plan relative to background checks for child care license applicants and their employees to the standing committees of the house and senate having cognizance of public health matters.

III. The report shall include the following:

(a) Costs associated with the background check to include a national check in conjunction with the FBI; and

(b) Anticipated number of personnel to be checked.

8 Child Care Licensing Report.

I. The commissioner of the department of health and human services shall, by January 1, 1986, submit a report on child care facility licensing to the standing committees of the house and senate having cognizance of public health matters.

II. The report shall include the following:

(a) A proposed sliding scale fee system for licensing of child care facilities based on the number of background checks per facility;

(b) Procedures for collecting such fees;

(c) Estimates of revenue to be derived from the fee schedule; and

(d) Cost estimates of administration and fee collection.

III. Background checks shall be maintained in the commissioner's file for a period of years to be determined by the commissioner.

9 Health Facilities. The commissioner of the department of health and human services shall, by January 1, 1986, review the overlap system of federal and state inspections of health care facilities. He shall submit a report, by January 1, 1986, relative to the financial feasibility of consolidation to the appropriate standing committees.

10 Bureau of Health Facilities Administration. The commissioner of the department of health and human services shall, by January 1, 1986, submit a report to the standing committees of the house and senate having cognizance of public health matters as to why no disciplinary action was taken by the bureau during the fiscal years 1981-1983. The report shall include the following:

(a) The number of unannounced visits to health facilities;

(b) The number of major and minor deficiencies that were recorded; and

(c) The actions of consequence that resulted from those deficiencies.

11 Laboratory Report.

I. The commissioner of the department of health and human services shall, by January 1, 1986, submit a report on laboratory fees to the standing committees of the house and senate having cognizance of public health matters.

II. The report shall include the following:

(a) Specific instances where testing in the laboratory duplicates testing in the private sector and an explanation why such testing can or cannot be eliminated;

(b) A fee structure that identifies all costs associated with specific tests accomplished by the laboratory;

(c) An explanation as to the areas in which full recovery of costs is not considered practicable.

12 Cost Recovery Report.

I. The commissioner of the department of health and human services shall, by January 1, 1986, submit a report on cost recovery within the division of public health services to the standing committees of the house and senate having cognizance of public health matters.

II. The report shall include the following:

(a) Identification of all areas wherein cost recovery for services rendered is possible;

(b) Proposals for a fee system to recover all such costs; and

(c) An explanation why recovery of all such costs is not considered feasible.

13 Uniform Hospital Discharge Data System. Amend RSA 151:9 by inserting after paragraph V the following new paragraph:

VI. The commissioner of the department of health and human services shall, by January 1, 1986, adopt rules under RSA 541-A to require from hospitals such information as necessary to support the activities of the division of public health services.

14 Transfer of Duties.

I. The positions of state health officer and deputy state officer are hereby abolished under this act. All of the functions, powers, and duties of the state health officer in existence prior to the effective date of the transfers provided for in this section are hereby transferred to and vested in the director, division of public health services.

II. The transfer of the duties of the state health officer provided for in paragraph I shall include all of the personnel, books, papers, records, unexpended appropriations or other funds, and other property or obligations of every kind formerly related to this position and its duties and responsibilities set out under RSA 125:19, 125:20, and 125:21.

15 Repeal. RSA 125:19, RSA 125:20, RSA 125:21, and RSA 126-A:14 relative to the state health officer and the deputy state health officer are hereby repealed.

16 Performance Measures. Amend RSA 126-A by inserting after section 6-a the following new section:

126-A:6-b Performance Measures. The director, division of public health services shall develop performance measures for all of its major activities.

17 Reimbursement for Administrative Support. Amend RSA 125:23 as amended by striking out said section and inserting in place thereof the following:

125:23 Supervisory Powers. The director of the division shall exercise general supervision over such clerical personnel of the professional and trade licensing and registering boards within the department of health and human services, division of public health services, as work within his office. All boards within the division, unless otherwise stipulated in this chapter, shall reimburse the division for all administrative support furnished them by the division of public health services.

18 Effective Date. This act shall take effect upon its passage.

HB 240, relative to monopolistic activity. Ought to Pass with Amendment. The bill's purpose is to prevent any one individual or entity from exercising a monopolistic position in the control of general hospital beds, nursing home beds, or specialized hospital beds in the state as defined in RSA 151. The bill exempts facilities which are federally or state-owned or operated. Vote 18-0. Rep. Scott E. Green for Health and Human Services.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 New Section. Amend RSA 151 by inserting after section 2-a the following new section:

151:2-b Monopolistic Activity. No corporation, foreign or domestic; no partnership, individual, or association of such entities; and no person, or any combination of such entities, shall own, possess, or exercise control over, in any manner, more than 20 percent of hospital beds, nursing home beds, special hospital beds, or any combination of hospital beds, nursing home beds, and special hospital beds, licensed under RSA 151. Health care facilities owned, operated, or under control of the United States government, the state government, or their political subdivisions are excluded from the limitation of this section.

2 Effective Date. This act shall take effect 60 days after its passage.

HB 36, limiting liability of donors and distributors of food. Ought to Pass with Amendment.

The Committee believes that this is a sorely needed bill that will be of great benefit to the needy in the state. The bill will help foster increased donations of food by limiting the liability of food donors. The amendment expands the definition of donor to include food banks and modifies the definition of food to make it consistent with language used in Public Health regulations. Vote 19-0. Rep. Marc Chretien for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Donors' and Distributors' Liability Limited. Amend RSA 508 by inserting after section 14 the following new section:

508:15 Donors and Distributors of Food.

I. As used in this section:

(a) "Donor" means any person, corporation, unincorporated business entity, non-profit corporation or entity which donates food or harvests food for distribution. "Donor" includes any non-profit "food bank" which shall collect, store and distribute food without charge or at a charge sufficient only to cover the cost of handling and administering such food and the distribution thereof. "Donor" includes the employees, agents, officers or volunteers working for or with any donor in connection with the giving or distribution of food.

(b) "Food" means any raw, cooked or processed edible substance, ice, beverage or ingredient used or intended for use or for sale in whole or in part for human consumption. "Food" also means food items open-dated for which the date has passed.

II. The good faith donor of any food to a needy individual or individuals or to a bona fide charitable or non-profit organization for distribution or serving by such organization without charge or at a charge sufficient only to cover the cost of handling and administering such food and the distribution thereof, shall not be subject to criminal penalty or civil damages arising from the condition of the food, unless an injury is caused by the gross negligence, recklessness, or intentional misconduct of the donor; provided, however, that at the time of donation such food is not knowingly misbranded and is not adulterated and has not been manufactured, processed, prepared, handled or stored in violation of applicable rules of the division of public health services, or unless an injury is caused by the gross negligence, recklessness or intentional conduct of the donor.

III. A bona fide charitable or non-profit organization which in good faith receives food, apparently fit for human consumption, and distributes it without charge or at a charge sufficient only to cover the cost of handling and administering such food and the distribution thereof shall

be considered a donor under this section and shall not be subject to criminal penalty or civil damages resulting from the condition of the food; provided, however, that at the time of distribution or serving such food is not knowingly misbranded or adulterated or has not been manufactured, processed, prepared, handled or stored in violation of applicable rules of the division of public health services or, unless an injury results from the gross negligence, recklessness or intentional conduct of the organization.

IV. This section is applicable but not limited to the good faith donation of food not readily marketable due to appearance, freshness, grade, surplus, or other considerations, but does not restrict the authority of any appropriate agency to regulate or ban the use of such food for human consumption.

2 Effective Date. This act shall take effect upon its passage.

HB 193, relative to the Rockingham county jail. Ought to Pass.

This is a housekeeping bill that brings Rockingham County into conformity with other counties, by transferring custody of the Rockingham County jail and its prisoners to the Superintendent of the Rockingham County House of Corrections. Vote 17-0. Rep. Roger C. King for Municipal and County Government.

HB 199-FN, authorizing the position of assistant county attorney for Carroll county. Ought to Pass.

This bill allows the County Attorney to hire an assistant on a retainer basis. Vote 17-0. Rep. Frank E. McIntire for Municipal and County Government.

HB 222-FN, legalizing the 1983 annual meeting of the New London Water System Precinct. Ought to Pass with Amendment.

The Committee was of the opinion this bill with amendment would be beneficial to the town of New London to cover a technical omission. Vote 17-0. Rep. George M. West for Municipal and County Government.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

legalizing annual meetings of the New London water system precinct and the town of New London.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 New London 1984 Annual Meeting. All actions votes and proceedings of the annual meeting of the town of New London held on March 13, 1984, and March 17, 1984, respecting article 32 in the town warrant are hereby legalized, ratified and confirmed.

3 Effective Date. This act shall take effect upon its passage.

HB 236-FN, relative to town police execution in Rockingham county of orders of arrest by district courts. Inexpedient to Legislate.

This bill is reported as Inexpedient at the request of the sponsor. Vote 17-0. Rep. Henry J. Sullivan for Municipal and County Government.

HB 277-FN, permitting municipalities to abate the property tax on certain civic organizations. Inexpedient to Legislate.

Passage of this bill is not necessary as the Selectmen already have abatement authority per RSA 76:16. Vote 17-0. Rep. Richard A. Grodin for Municipal and County Government.

HB 246, relative to state contract approval. Ought to Pass with Amendment. The committee met with the Associate Commissioner on 3 occasions to clarify the wording regarding procedures of contract approval and implementation of approved contracts. In no way are any of the entities ignored. Vote 20-0. Rep. James J. White for Public Works.

Amendment

Amend RSA 228:4-a, I as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

I. If the commissioner decides that the bid of the lowest bidder should be accepted, he shall promptly transmit to the governor and council his request that the award of the contract to the lowest bidder be approved, subject to approval of the attorney general and the department of administrative services. The commissioner shall prepare and execute a contract in the name of the state and shall forward it to the lowest bidder for execution. The executed contract shall be submitted for approval by the attorney general as to form and execution and by the commissioner of the department of administrative services as to the availability of funds. The executed and approved contract shall then be forwarded to the secretary of state who shall certify that the award of the contract has been approved by the governor and council. Following certification by the secretary of state, it shall become a valid contract of the state.

HB 254-FN, relative to the winter maintenance of Diamond Pond Road in the towns of Colebrook and Stewartstown. Ought to Pass.

This bill increases the rate of reimbursement from the Highway Fund to the towns of Colebrook and Stewartstown from \$1,000 and \$1,500 per mile per season. The Department of Public Works and Highways has justified this increase of \$2,165 per season for the entire road. Vote 19-0. Rep. Beaton Marsh for Public Works.

HB 255-FN, to make the state barrier free code no more restrictive than the federal requirements. Refer for Interim Study.

The Committee's deliberation focused on the central main issue, is New Hampshire's barrier free handicapped code meritorious for all government bodies: federal, state, county, city and towns. The Committee's fairest determination is to bring together all concerned groups and subsequently make a recommendation at a later date. Vote 20-0. Rep. James J. White for Public Works.

HB 257, relative to the restoration and rehabilitation of the Tip Top House on Mount Washington. Ought to Pass.

The Committee feels this is a worthwhile project in that it restores and rehabilitates an important historical facility that is distinctively part of New Hampshire. Vote 20-0. Rep. Charles M. Nute for Public Works.

Referred to Appropriations.

HB 248, relative to the community development block grant program. Ought to Pass.

House Bill 248 repeals an obsolete section of RSA 4:12 no longer needed and it changes the lead time for posting notice of public hearing to the usual ten day period. Vote 16-0. Rep. Douglas R. Woodward for Resources, Recreation and Development.

HCR 5, honoring the New Hampshire state parks' fiftieth anniversary and the first park system director, Russell B. Tobey. Ought to Pass with Amendment.

This resolution recognizes the fiftieth anniversary of New Hampshire State Park System and honors its first director, Russell B. Tobey by naming the Nature Center at Odiorne Point State Park: "The Russell B. Tobey Visitors Center." Vote 17-0. Rep. Irene M. Messier for Resources, Recreation and Development.

Amendment

Amend the resolution by striking out all after the title and inserting in place thereof the following:

WHEREAS, the New Hampshire state park system will be 50 years old on April 1, 1985, and

WHEREAS, the park system contributes significantly to the overall beauty of the state and this beauty should be protected and maintained, and

WHEREAS, the park system contributes immeasurably to the tourist economy of the state, and

WHEREAS, first park system director, Russell B. Tobey, served in that capacity for 36 years of the system's 50 years, and

WHEREAS, the vision and dedication of Director Tobey is widely recognized in New Hampshire and beyond the state's borders as having been in the highest tradition of the parks and recreation profession, now therefore, be it

RESOLVED, by the House of Representatives, the Senate concurring:

That the New Hampshire general court recognizes the fiftieth anniversary of the New Hampshire state park system and hereby honors the memory of Russell B. Tobey by naming the nature center at Odiorne Point state park, "The Russell B. Tobey Visitors Center."

HB 9, relative to the eminent domain powers of housing authorities. Refer for Interim Study.

It is the unanimous consensus of the Committee that this bill be placed in interim study. This bill has raised a significant number of questions and issues vis-a-vis the manner in which future growth will occur in New Hampshire. Time is essential if we are to ensure that this bill, or an amended version thereof, will protect two ostensibly competing values - the need for land for industrial growth versus the need to maintain and protect our agricultural land base and open space. Vote 18-0. Rep. Deborah L. Arnesen for State Institutions and Housing.

HB 238, providing that certain emergency vehicles be exempt from length and weight requirements. Ought to Pass.

This bill adds fire department emergency equipment to the list of vehicles exempted from length and weight requirements imposed under RSA 166. Vote 9-0. Rep. Edward J. Crotty for Transportation.

COMMITTEE REPORTS (Regular Calendar)

HB 80, relative to the health insurance reimbursement agreements. Ought to Pass with Amendment.

House Bill 80 allows insurers to negotiate and enter into agreements for alternative rates of payment with health care providers. This type of agreement will provide the consumer with another choice for health care cost reimbursement. The Committee amendment ensures that health service corporations, as defined in RSA 420-A, can enter into such agreements and further ensures that both the objectives of such agreements and the best interests of the consumer are upheld. Vote 22-0. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Chapter. Amend RSA by inserting after chapter 420-B the following new chapter:

CHAPTER 420-C ACCIDENT AND SICKNESS INSURANCE-REIMBURSEMENT AGREEMENTS

420-C:1 Definitions. In this chapter:

I. "Commissioner" means the insurance commissioner.

II. "Health care services" means physician, hospitalization, laboratory, x-ray service, and medical equipment and supplies, which may include, but are not limited to: medical, surgical, and dental care; psychological, obstetrical, osteopathic, optometric, optic, podiatric, chiropractic, nursing, physical therapy, and pharmaceutical services; health education; preventive medical, rehabilitative, and home health services; inpatient and outpatient hospital services, extended care, nursing home care, convalescent institutional care, laboratory and ambulance services, appliances, drugs, medicines, and supplies; and any other care, service, or treatment of disease, correction of defects, or the maintenance of the physical and mental well-being of the insured.

III. "Insured" means an individual entitled to reimbursement for expenses of health care services under a policy issued or administered by an insurer.

IV. "Insurer" means an insurance company, including nonprofit (tax exempt) health service corporations as defined in RSA 420-A, authorized in this state to issue policies that provide reimbursement for expenses of health care services.

V. "Preferred provider" means providers of health care services who agree to furnish services in a manner reasonably expected to contain or lower costs by contracting with insurers and participants in insurance arrangements or an insurer or participant organized as a provider of health services providing such services under a preferred provider contract.

VI. "Provider" means any physician, hospital or other institution, organization, or other person who furnishes health care services.

420-C:2 Reimbursement Agreements.

I. An insurer may:

(a) enter into agreements with providers relating to terms and conditions of reimbursement for health care services that may be rendered to insureds of the insurer, including agreements relating to the amounts to be charged the insured for services rendered or the terms and conditions for activities intended to reduce inappropriate care;

(b) issue or administer policies in this state that include incentives for the insured to utilize the services of a provider who has entered into an agreement with the insurer under subparagraph (a); and

(c) issue or administer policies in this state that provide for reimbursement for expenses of health care services only if the services have been rendered by a provider who has entered into an agreement with the insurer under subparagraph (a).

II. Before entering into any agreement under paragraph I(a) an insurer shall establish terms and conditions that must be met by providers wishing to enter into an agreement with the insurer under paragraph I(a). These terms and conditions may not unreasonably discriminate against or among providers. For purposes of this

chapter, neither differences in prices among hospitals or other institutional providers produced by a process of individual negotiation nor price differences among other providers in different geographical areas in different specialties shall constitute unreasonable discrimination.

III. No hospital, physician, pharmacist, or other provider willing to meet the terms and conditions offered to it by an insurer may be denied the right to enter into an agreement under paragraph I(a).

IV. In no event may an insurer deny or limit reimbursement to an insured under this chapter on the grounds that the insured was not referred to the provider by a person acting on behalf of or under an agreement with the insurer. This paragraph shall also apply to all emergency situations.

V. Insurers and participants in insurance arrangements shall provide for payment for services rendered by non-preferred providers or providers who have not negotiated a contract with the insurer or participants in the insurance arrangement. Insureds under an insurance arrangement shall use the preferred providers who have contracted with the group to obtain coverage under the plan at the least direct expense to the insured. Insureds selecting nonpreferred providers may be held financially responsible for the difference between the benefit available under a preferred provider agreement and the charges of the nonpreferred provider and may be subject to larger coinsurance or deductible provisions.

VI. Notwithstanding the provisions of this chapter, second opinions from providers are in no way limited.

420-C:3 Availability of Health Care Services. Policies issued under 420-C:2, I(c) of this chapter may not contain terms or conditions that would operate unreasonably to restrict the accessibility and availability of health care services for the insured.

420-C:4 Rulemaking. The commissioner of insurance shall adopt rules under RSA 541-A binding upon insurers, prescribing reasonable standards relating to the accessibility and availability of health care services for persons insured under policies described in 420-C:2, I(c).

2 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Ordered to third reading.

HB 105-FN, relative to sunset review of general services and administration. Ought to Pass with Amendment.

This legislation under sunset renews the administrative functions of the New Hampshire Banking Department. The amendment eliminates the Bank Advisory Board, strengthens several sections of rule making, removes the Commissioner from the Board of the Municipal Bond Bank and removes a conflict when the Commissioner votes as a member of the New Hampshire Retirement Board. Vote 18-0. Rep. Elizabeth L. Crory for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Rulemaking; Retail Installment Sales of Motor Vehicles. Amend RSA 361-A:2 by inserting after paragraph V the following new paragraph:

VI. The bank commissioner shall adopt rules, pursuant to RSA 541-A, relative to licensing under this section.

4 Commissioner's Duties. Amend RSA 383:9 as amended by striking out said section and inserting in place thereof the following:

383:9 Duties.

I. The commissioner shall have general supervision of all banks (except national banks), trust companies, building and loan associations, credit unions, Morris plan banks, small loan companies, and other similar institutions in the state. He shall examine into the condition and management of all such institutions at least every 18 months with the exception of highly rated institutions provided for in RSA 383:9-d, and more often when necessary in his judgment or when so directed by the governor. He may regulate the buying or selling of securities by savings banks for officers, employees, or customers. He shall assign to the deputy commissioner and the assistants appointed under RSA 383:7 such of his duties as he sees fit.

II. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the duties assigned him by paragraph I.

5 Examinations of Highly Rated Banking Institutions. Amend RSA 383 by inserting after section 9-c the following new section:

383:9-d Examination of Highly Rated Institutions. The bank commissioner may, at his discretion, waive one 18-month examination requirement under RSA 383:9 every 6 years for banks which have consistently been given high ratings in past examinations. The commissioner may also substitute for an 18-month examination once every 6 years a report of a federal bank examining agency whose reports regularly include a report on New Hampshire banks. Within any 6 year period in which 4 18-month examinations are required under RSA 383:9, the commissioner may for highly rated institutions:

I. waive one examination; and

II. substitute for one examination a report of a federal bank examining agency whose reports regularly include a report on New Hampshire banks; and

III. perform 2 examinations as required by 383:9.

6 Qualifications for Bank Examiners; Consumer Complaints. Amend RSA 383 by inserting after section 10-b the following new sections:

383:10-c Qualifications of Bank Examiners.

I. In the job description for bank examiners, the commissioner shall set out requirements relative to computer skills and data processing which job applicants shall meet.

II. The commissioner shall develop a formal written policy prohibiting bank commission examiners from performing outside work for bank directors, officers, or trustees or for banks, bank holding companies, nonbanks and near-banks.

383:10-d Consumer Complaints. The commissioner shall report all consumer complaints by depositors to the consumer protection division of the office of the attorney general for record keeping and control purposes. The commissioner shall investigate the complaints. When the complaint is resolved or the investigation is concluded without resolution, the commissioner shall send a report of his investigation, including findings of fact, to the consumer protection division.

7 Rulemaking; Bank Reports. Amend RSA 383:13 as amended by striking out said section and inserting in place thereof the following:

383:13 Bank Reports.

I. The treasurers of all institutions under the supervision of the commissioner shall balance their books at the close of business on the last business day in December in each year, and within 30 calendar days thereafter shall make reports to the commissioner, upon blanks furnished by him, showing the true conditions of the institutions at that time. The commissioner shall prescribe what information the reports shall contain and their form, and shall seasonably furnish blanks upon which they shall be made. Any institution which neglects to make said report within the time prescribed in this section shall forfeit to the state \$25 for each day during which such neglect continues.

II. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to information requirements and forms for bank reports.

8 Rulemaking; Protection or Indemnity. Amend RSA 383:14 as amended by striking out said section and inserting in place thereof the following:

383:14 Protection.

I. The commissioner shall require each institution under his supervision to provide for the reasonable protection or indemnity of such institution against losses from such dishonest or criminal acts as he may determine. The insurance commissioner shall determine whether the form of any document offered for such purpose by any such institution complies with the requirements of the bank commissioner. Any institution dissatisfied with any requirements of the bank commissioner under the provisions of this section may appeal the decision within 20 days of notice of the decision to a board of appeal who shall be the bank commissioner, the insurance commissioner, and the attorney general or, in his absence, the assistant attorney general. The decision of such board made after notice and hearing shall be final. The directors or trustees of any such institution may provide for the protection or indemnity of an institution in addition to that required under this section.

II. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the protection or indemnity requirements of paragraph I.

9 Cross-Reference; Powers and Inconsistent Charter Provisions. Amend RSA 386:1-a (supp) as inserted by 1967, 7:1 as amended by striking out said section and inserting in place thereof the following:

386:1-a Powers and Inconsistent Charter Provisions. Each savings bank and each association shall have all the powers conferred upon savings banks by the general statutes and rules adopted thereunder and shall have, in addition, all the powers conferred upon trust and banking companies by the general statutes and rules adopted thereunder, subject to all the duties and restrictions contained in such general statutes and rules. The provisions of such general statutes and rules shall prevail over any inconsistent charter provision of any savings bank or association.

10 Rulemaking Provisions Relative to Savings Banks Consolidated. Amend RSA 386 by inserting after 386:1-a the following new section:

386:1-b Rulemaking. The bank commissioner shall adopt rules, under RSA 541-A, relative to:

I. The construction, reconciliation and integration of laws applicable to savings banks, associations, and trust and banking companies to effectuate the purposes of RSA 386:1-a.

II. The records and accounts required by RSA 386:2.

III. The process for conducting verifications under RSA 386:21.

IV. The sale of negotiable checks and drafts under RSA 386:34.

V. The eligibility of securities to be pledged in accordance with the powers granted by RSA 386:57, and limitations on the aggregate amount of securities which may be so pledged in accordance with RSA 386:57.

11 Cross Reference; Security for Certain Deposits of Public Funds. Amend RSA 386:57 as inserted by 1979, 165:1 by striking out said section and inserting in place thereof the following:

386:57 Security for Certain Deposits of Public Funds. Savings and cooperative banks have the power to pledge securities to secure deposits of public funds by the state or any of its officers, agencies or instrumentalities, or by any of the political subdivisions of the state or their officers, agencies or instrumentalities. In lieu of such collateralization, savings and cooperative banks are authorized to secure such public deposits by surety bonds and to pledge securities to the surety in connection therewith. Any such deposit of public funds in a savings or cooperative bank may be evidenced by an agreement in such form and upon such terms and conditions as may be agreed upon by the depositing public authority and the savings or cooperative bank. The bank commissioner may by rule limit the aggregate amount of securities which may be pledged by savings and cooperative banks consistent with safe and sound banking, based upon the adequacy of the surplus of such institution and other criteria deemed pertinent by him.

12 Rulemaking, Petitions for Incorporation by Savings Banks. Amend RSA 386-A:4 as inserted by 1965, 279:1 as amended by striking out said section and inserting in place thereof the following:
386-A:4 Petition.

I. A petition requesting approval of the proposed incorporation shall be filed with the bank commissioner. The petition shall be upon such form as may be prescribed by the bank commissioner and shall contain all the information required by such form, signed and verified under oath by the incorporators, to which shall be annexed a signed duplicate of the articles of agreement. An examination fee of \$750, payable to the bank commissioner, shall be paid when the petition is filed and may be used to defray the expenses of the proceedings on the petition, any remaining balance to be paid to the state treasury for the credit of the bank commissioner. The bank commissioner shall examine each petition and if he finds that it is duly completed, he shall forthwith refer the petition to the board of trust company incorporation. The bank commissioner shall then make such investigation of each petition as he considers expedient, for the purpose of more fully informing the board. Said board may, upon request of any interested person or corporation or at its own discretion, order a public hearing, or may approve said petition without a hearing. The petitioners shall cause to be published such notices relating to the petition as the board may order.

II. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the petition required by paragraph I.

13 Rulemaking, Conversion to and from Federal Charter. Amend RSA 389-A:5, II by striking out in lines 11 and 12 the words "may provide, by regulation" and inserting in place thereof the following (shall adopt rules, pursuant to RSA 541-A) so that said paragraph as amended shall read as follows:

II. Any federal savings and loan association doing business in this state may convert itself into a mutual savings bank created under the laws of this state, in accordance with the procedure prescribed for conversion of federal savings and loan associations into building and loan associations in RSA 393:50-54, inclusive, and for this purpose shall have all the rights, powers and privileges granted to converting federal savings and loan associations under these sections; provided however, that the form of the articles of agreement required by RSA 393:51 shall conform to the provisions of RSA 386-A insofar as applicable; that the provisions of RSA 386-A and all other general laws relating to savings banks shall apply to the converted institutions; and that the bank commissioner shall adopt rules pursuant to RSA 541-A, for the procedure to be followed by any such converting institution.

14 Rulemaking, Regulation of Trust and Banking Companies. Amend RSA 390 by inserting after section 11 the following new section:

390:11-a Rulemaking. The bank commissioner shall adopt rules, under RSA 541-A, relative to:

I. The reserves required by RSA 390:6.

II. The reports required by RSA 390:11.

III. The deposit of securities by trust companies and banks under RSA 390:18-a.

15 Rulemaking, Building and Loan Associations. Amend RSA 393 by inserting after section 13 the following new section:

393:13-a Rulemaking. The bank commissioner shall adopt rules, under RSA 541-A, relative to:

I. The requirements of RSA 393:15-a regarding unsecured loans.

II. The books which the commissioner is authorized to prescribe under RSA 393:43.

III. The procedure for conversions under RSA 393:53.

IV. Mergers and consolidations under RSA 393:55. 16 Cross Reference, Rulemaking for Conversions. Amend RSA 393:53 by striking out said section and inserting in place thereof the following:

393:53 Rulemaking. The bank commissioner shall adopt rules, pursuant to RSA 541-A, relative to the procedure to be followed by any such federal savings and loan association converting into a state building and loan association or cooperative bank under this subdivision.

17 Rulemaking, Powers of Corresponding Federally Chartered Financial Institutions. Amend RSA 394-A:10 (supp) as inserted by 1983, 369:16 by striking out said section and inserting in place thereof the following:

394-A:10 Stock Conversions. As part of the authority granted under this chapter, the commissioner shall adopt rules, pursuant to RSA 541-A, permitting the conversion of mutual banks and association to stock form.

18 Rulemaking, Credit Unions. Amend RSA 394-B by inserting after section 3 the following new section:

394-B:3-a Rulemaking. The bank commissioner shall adopt rules, pursuant to RSA 541-A, relative to:

I. The supervision of credit unions under RSA 394-B:3.

II. Credit union corporation agreements under RSA 394-B:4.

III. The purchase of real estate by credit unions under RSA 394-B:27.

IV. The provisions of RSA 394-B:38 relative to borrowing.

V. The preliminary audit required by RSA 394-B:41.

VI. The purposes of corporate credit unions under RSA 394-B:57.

VII. The powers of corporate credit unions granted by RSA 394-B:62.

VIII. The equity reserves of corporate credit unions required by RSA 394-B:67.

19 Penalty. Amend RSA 397:5 as amended by striking out said section and inserting in place thereof the following:

397:5 Penalty for Violation of Rules. Whenever the commissioner shall make any order hereunder, he shall adopt rules, pursuant to RSA 541-A, for the protection of any bank or banks subject thereto or the depositors thereof, and any person violating any provision of such a rule shall be guilty of a misdemeanor if a natural person, or guilty of a felony if any other person.

20 Rulemaking, Second Mortgage Home Loans. Amend RSA 398-A:13 as inserted by 1981, 218:2 by striking out said section and inserting in place thereof the following:

398-A:13 Rulemaking Authority. The bank commissioner shall adopt rules, pursuant to RSA 541-A, consistent with the provisions of this chapter and, in particular, relative to:

I. The application forms for licenses under RSA 398-A:1-a.

II. The reports required by RSA 398-A:1-e.

21 Rulemaking, Small Loans. Amend RSA 399-A:26 as inserted by 1981, 242:10 by striking out said section and inserting in place thereof the following:

399-A:26 Rulemaking Authority. The commissioner shall adopt rules, pursuant to RSA 541-A, consistent with the provisions of this chapter, and, in particular, relative to:

I. The license application forms and fees required by RSA 399-A:12.

II. The reports required by RSA 399-A:21, III.

22 Rulemaking, Debt Adjusters. Amend RSA 399-D:14 as inserted by 1969, 502:1 by striking out said section and inserting in place thereof the following:

399-D:14 Rulemaking. The commissioner shall, pursuant to RSA 541-A, adopt such rules as he deems necessary to administer and enforce the provisions of this chapter.

23 Commissioner No Longer Required to be Member of Municipal Bond Bank. Amend RSA 35-A:4, II (supp) as inserted by 1977, 491:1 by striking out said paragraph and inserting in place thereof the following:

II. The bank shall consist of 5 directors. The state treasurer shall be an ex officio member without further appointment. Four directors shall be appointed by the governor and council for terms of 5 years each. Vacancies shall be filled for the unexpired term. Each director shall hold office until his successor has been appointed and qualified.

24 Bank Commissioner; Ex Officio Member of New Hampshire Retirement System Board of Trustees. Amend RSA 100-A:14, I (supp) as inserted by 1967, 134:1 as amended by striking out in line 2 the words "The bank commissioner shall be an ex officio member of the board" and inserting in place thereof the following (The bank commissioner shall be an ex officio voting member of the board, but shall abstain from voting on the placement of funds in New Hampshire banks.) so that said paragraph as amended shall read as follows:

I. The administration of this system is vested in a board of 11 trustees. The bank commissioner shall be an ex officio voting member of the board but shall abstain from voting on the placement of funds in New Hampshire banks. The governor and council shall appoint 2 trustees, to be known as non-member trustees, who shall be qualified persons with business experience and not be members of the system, and who shall serve for a term of 2 years and until their successors are appointed and qualified, except that the original appointment of one of the non-member trustees shall be for a

term of one year. The remaining 8 members of the board shall consist of 2 employees, 2 teachers, 2 permanent policemen, and 2 permanent firemen. The New Hampshire state employees' association, the New Hampshire education association, the New Hampshire police association, and the New Hampshire state permanent firemen's association shall each annually nominate from their members a panel of 5 persons, all of whom shall be active members of the retirement system, or one of the 4 predecessor systems, no later than May 31 of each year, and the panels so named shall be filed with the secretary of state no later than June 10 of each year. From each of the above named panels the governor and council shall originally appoint 2 persons, and thereafter one annually to the board. Members appointed to the board in the manner aforesaid shall serve for a term of 2 years, except that the original appointments of one of the persons from each panel shall be for a term of one year. Each member so appointed shall hold office until his successor shall be appointed and qualified. Whenever a vacancy occurs, the governor and council shall fill the vacancy by appointing a member who shall serve for the unexpired term from the same panel from which the former member was appointed. The governor shall designate one of the non-member trustees to serve as chairman of said board of trustees. The chairman and the 4 group I members shall constitute one subcommittee and the chairman and the 4 group II members shall constitute another subcommittee. Each subcommittee shall, relative to the members of their respective group, consider policy problems and make recommendations relative to the same to the board of trustees and make recommendations to the board of trustees concerning applications under the provisions of 100-A:6. For the purposes of transacting any business, 4 members of a subcommittee shall constitute a quorum.

25 Repeal. The following are hereby repealed:

I. RSA 383:19, relative to the establishment of the advisory board.

II. RSA 383:20, relative to the appointments and terms of members of the advisory board.

III. RSA 383:21, relative to compensation of the advisory board.

26 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

HB 144-FN, relative to sunset review of the New Hampshire municipal bond bank. Ought to Pass with Amendment.

The bill embodies the recommendations made by the Sunset Committee. It provides an overall bond-issuing and data-based debt management information system. It removes the Banking Commissioner from the Municipal Bond Bank. It clarifies the process of replenishing the Municipal Bond Bank reserve fund. It strengthens long-range planning and marketing activities. Vote 22-0. Reps. Eugene E. Pantzer and Toni Pappas for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Municipal Bond Bank Directors. Amend RSA 35-A:4, II (supp) as inserted by 1977, 491:1 by striking out said paragraph and inserting in place thereof the following:

II. The bank shall consist of 5 directors. The state treasurer shall be an ex officio member without further appointment. Four directors shall be appointed by the governor and council for terms of 5 years each. Of these 4 directors, one shall be a designee of the New Hampshire Municipal Association. At least 2 of the appointed directors shall have backgrounds in public finance. Vacancies shall be filled for the unexpired term. Each director shall hold office until his successor has been appointed and qualified.

4 Municipal Bond Bank Requests for Appropriations. Amend RSA 35-A:12, I (supp) as inserted by 1977, 491:1 by striking out said paragraph and inserting in place thereof the following:

I. To assure the continued operation and solvency of the bank for the carrying out of its corporate purposes, the chairman of the bank shall, not later than the twentieth legislative day of each session of the general court, submit to the chairman of the house appropriations committee a written request for an appropriation for the sum, if any, required to insure that the bond reserve fund established under RSA 35-A:11 equals the bond reserve fund requirement therefor. The chairman of the house appropriations committee shall process the request for legislative action. All sums appropriated by the general court, if any, paid to the bank pursuant to this section shall be deposited by the bank in the said bond reserve fund.

5 Management Information system. It is the intent of the general court that data processing and information management systems be reviewed to conserve expensive data processing resources and eliminate the maintenance of outdated and duplicative data or data which is of marginal importance. It is also the intent of the general court that the shared informational needs of various related agencies be addressed in the most efficient integrated manner possible. Therefore, the bank is directed to conduct a review of its immediate and long-range informational needs.

I. The bank shall conduct an analysis of its existing data bases and information systems to:

(a) identify all of the individual data elements being maintained by the bank in its various manual and automated data bases;

(b) develop an itemized statement of those data elements which are mandated by either state or federal requirements;

(c) identify the official sources of all data elements;

(d) determine the relative frequency with which data is collected;

(e) determine the number of separate forms involved in the collection of data; and

(f) conduct an inventory of external and internal reports currently being generated by the system, and prepare a list of report users.

II. Based upon the information obtained through its review, the bank shall:

(a) determine the relative usefulness of various data elements and reports;

(b) identify those state and federal reporting formats and schedules which can be modified to provide for more efficient collection and storage of essential data; and

(c) identify state and local agencies and any other organization which are official sources of the information necessary for bank decision making.

III. In addition, the bank shall identify the specific inquiries which it expects an integrated management information system to address.

IV. The bank shall, by January 1, 1986, submit the results of its data processing study to the standing committees of the house and senate having jurisdiction over matters relating to its operation. Said report shall include the following:

(a) The bank's plan for implementing an integrated management information system for collecting, processing and analyzing information, and accessing and exchanging data and information with other users including the state treasury department and the department of revenue administration.

(b) A 2 year plan for informing the state's political subdivisions of the bank's services and the advantages of using the bank; expanding promotional and local technical assistance functions; exploring alternative incentives to attract borrowers that have credit ratings equal to or better than its own; and requiring local finance officers and elected officials to assess their jurisdiction's debt position and debt management practices annually.

(c) Specific recommendations for legislative action to ensure the timely and efficient flow of information between the state's political subdivisions and the bank and related state agencies.

6 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

HB 201-FN, relative to interstate bank acquisition. Majority: Ought to Pass with Amendment. Minority: Inexpedient to Legislate.

MAJORITY: Interstate banking will strengthen the banking institutions which this Legislature regulates. It is a modest entry into interstate banking, which will bring capital, jobs and new services at competitive prices for our people. The amendment strengthens the Attorney General's and Bank Commissioner's controls over state and federal banks, while insuring the preservation of our strong, local

banks. The bill has solid support from business and consumer groups in New Hampshire. Vote 15-7. Rep. Conrad Quimby for Commerce, Small Business and Consumer Affairs.

MINORITY: The minority of the Committee feels that after two years of study, this bill has not given New Hampshire people the protection they need, if out-of-state banks buy New Hampshire banks. It specifically addresses the desires of major bank stockholders to sell their holdings at the highest possible price. The minority further feels that what little benefit to the consumer contained in the original form of the bill has been deleted and this bill can now be seen as one which is truly a special interest measure. The minority does not subscribe to the thin arguments that interstate banking is "inevitable" and surely puts no credence in the contention that New Hampshire is falling behind the other states and must "catch up." In fact, in the last two years New Hampshire has experienced explosive growth! Irreversible consequences of this bill will not allow the Legislature to correct the damage this bill might cause. (Reps. A. Leslie Burns, Tom Longworth, B. P. Smith, Bonnie B. Packard and Edward J. Allgeyer for the Minority.)

Rep. Leslie Burns moved that the report of the Minority, Inexpedient to Legislate, be substituted for the report of the Majority, Ought to Pass with Amendment, and spoke to her motion.

Reps. Crory, Sara Townsend, Scamman and Quimby spoke against the motion and yielded to questions.

Reps. Bonnie Packard, Chretien, Vaughn, Holbrook, B. P. Smith, Daniell, Longworth, Kidder and Dexter spoke in favor of the motion.

Reps. Chambers and Hayes spoke against the motion.

Rep. Chardon moved the previous question. Sufficiently seconded. Adopted.

Rep. Leslie Burns requested a roll call. Sufficiently seconded.

Reps. Mary Sullivan, Norman Packard and Parker abstained from voting under Rule 16.

HB 73, preventing cruelty to live vertebrate animals in elementary and secondary school science classes and science fairs. Ought to Pass with Amendment.

The bill, as amended, prohibits dissection and other experimentation on live animals by high school and elementary school students. Certain

observational studies of normal living patterns are permitted and an exception is made for procedures taught in animal husbandry courses. The committee felt that live animal experiments are inhumane and unnecessary for this age group. Vote 17-0. Rep. Donnalee Lozeau for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Certain Animal Uses Prohibited.

Amend RSA 644 by inserting after section 8-b the following new section:

644:8-c Animal Use in Science Classes and Science Fairs.

I. In this section:

(a) "Animal" means any member of the kingdom of Animalia.

(b) "Vertebrate animal" means any animal belonging to the subphylum Vertebrata of the phylum Chordata, and specifically includes all mammals, fishes, birds, reptiles and amphibians.

II. Live vertebrate animals shall not be used in experiments or observational studies, with the following exceptions:

(a) Observational studies may be made of the normal living patterns of wild animals, in the free living state or in zoological parks, gardens, or aquaria.

(b) Observational studies may be made of the living patterns of vertebrate animals in the classroom.

(c) Observational studies on bird egg embryos are permitted. However, if normal bird embryos are to be allowed to hatch, satisfactory humane consideration shall be made for disposal of the baby birds.

(d) Vertebrate animal cells, such as red blood cells or other tissue cells, plasma or serum, or anatomical specimens, such as organs, tissues, or skeletons, may be used in experiments or observational studies.

III. No school principal, administrator or teacher shall allow any live vertebrate animal to be used in any elementary or secondary school, or in any activity associated with such school, such as science fairs, as part of a scientific experiment or procedure in which the health of the animal is interfered with, or in which pain, suffering, or distress is caused. Such experiments and procedures include, but are not limited to, surgery, anesthetization, and the inducement by any means of painful, lethal, or pathological conditions through techniques that include, but are not limited to:

(a) administration of drugs;
(b) exposure to pathogens, ionizing radiation, carcinogens, or to toxic or hazardous substances;

(c) deprivation; or

(d) electric shock or other distressing stimuli.

IV. All experiments on live vertebrate animals which are not prohibited by this section shall be carried out under the supervision of a competent science

teacher who shall be responsible for ensuring that the student has the necessary comprehension for the study to be undertaken.

V. No person shall, in the presence of a pupil in any elementary or secondary school, perform any of the procedures or experiments described in paragraph III or exhibit any vertebrate animal that has been used in such manner. Dissection of any dead animal, or portions thereof, shall be confined to the presence of students engaged in the study to be promoted by the dissections.

VI. Science fair projects originating in other states that do not conform with the provisions of this section shall not be exhibited within the state.

VII. Any live animal kept in any elementary or secondary school shall be housed and cared for in a humane and safe manner and shall be the personal responsibility of the teacher or other adult supervisor of the project or study.

VIII. Ordinary agricultural procedures taught in animal husbandry courses shall not be prohibited by this section.

IX. Any person who violates this section is guilty of a misdemeanor.

2 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Ordered to third reading.

HB 164, relative to driving while intoxicated by persons under the drinking age. Inexpedient to Legislate.

This bill provides for additional penalties for persons convicted of driving while intoxicated offenses who are under the legal drinking age. For a first offense, the person's driver's license or driving privilege shall be revoked for one year in addition to any other period of revocation. For a second or subsequent offense, the person's license or driving privilege shall be revoked for an additional 4 years. The Committee believes that imposing such a severe and mandatory penalty on one group is arbitrary and discriminatory. Vote 13-3. Rep. Marc Chretien for Judiciary.

Resolution adopted.

HB1 2001, relating to the establishment of a state tourism policy. Refer for Interim Study.

The Committee believes that the United States Travel and Tourism Administration has provided a model state tourism policy act, and that further study of the act would be in the best interest of the state. Vote 16-0. Rep. Charles L. Vaughn for Resources, Recreation and Development.

Report adopted.

HB 200, making an appropriation for capital improvements. Ought to Pass with Amendment.

This bill adjusts the shortfalls and needs of state government for the rest of the biennium. Vote 20-0. Rep. Paul I. LaMott for Appropriations.

3 Expenditures; General. The appropriation made for the purposes mentioned in section 1 of this act and the sums available for those projects shall be expended by the trustees, commissions, commissioner, or department head of the institutions and departments referred to herein, provided that all contracts and projects and plans and specifications therefor shall be awarded in accordance with the provisions of RSA 228.

4 Expenditures; University System.

I. The appropriations made for the purposes mentioned in section 2 of this act and the sums available for these projects shall be expended by the trustees of the university system of New Hampshire. All contracts for the construction of all or any part of said building or facilities shall be let only after competitive sealed bids have been received and only after an advertisement calling for such bids has been published at least once in each of 2 successive calendar weeks in a newspaper of general circulation in New Hampshire or in a trade journal known to be circulated among the contractors from whom bids will be sought with the state of New Hampshire or elsewhere in the area. The first publication of such advertisement shall be not less than 30 days prior to the date the bids will be received. All conditions considered, wherever possible, it is

recommended that the services of New Hampshire architectural and construction firms be considered within the discretion of the trustees.

II.(a) The appropriations made in section 2 are available for all costs incidental to the completion of the projects enumerated including the costs of the services of architects, engineers, and other consultants of such kind and capacity as the university system board of trustees may, in its discretion, wish to employ on such terms and conditions as the board determines. These moneys shall be spent under the direction of the university system board of trustees.

(b) If, in the judgment of the trustees of the university system, just cause exists indicating the lowest bid should be rejected, then the contract may be awarded to the next lowest bidder; or, if the next lowest bid should be rejected, the contract may be awarded to the third lowest bidder.

(c) The board of trustees of the university system has the right to reject any and all bids; and, if the lowest bid is in excess of the appropriation, the board has the right to negotiate with the low bidder or with the 3 lowest bidders for a contract for the construction upon terms considered most advantageous to the university system. If only one bid is received, the board of trustees may

negotiate a contract for the construction on terms considered most advantageous to the university system and to the state. Any authorization contained in this act which is at variance with the requirements of applicable federal law and regulations shall be controlled by the terms of the federal law and regulations.

(d) The appropriation made in section 2, III, A for New Hampshire public television shall not be expended, encumbered or obligated in any way without the approval of the capital budget overview committee.

5 Bonds Authorized.

I. To provide funds for the total of the appropriations of state funds made in sections 1 and 2 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$6,018,271 and for said purposes may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A; provided, however, that the bonds issued for the purposes of paragraph I of section 1 of this act shall have a maturity of 5 years from the date of issue.

II. No bonds authorized in this section, or expenditure warrants relating to the production and office facility only, shall be issued except upon governor and council approval and until New Hampshire public television certifies to the governor and council that it has raised and can account for \$1,533,333 or more in gifts, grants, donations, or pledges from sources other than the state, to be used as 2/3 of the \$2,300,000 construction cost of the new production and office facility.

6 Payments. The payment of principal and interest on bonds and notes issued for the projects in sections 1 and 2 of this act shall be made when due from the general funds of the state, except as provided in section 7 of this act.

7 Liquidation. The state treasurer is authorized to deduct from the fund accruing to the university under RSA 187-A:7, or appropriation in lieu thereof, for each fiscal year such sums as may be necessary to meet interest and principal payments in accordance with the terms and conditions of the bonds or notes issued for the purposes of paragraphs I and II of section 2 of this act. However, the payment of principal and interest on bonds and notes issued for the purposes of paragraph III of section 2 of this act shall be made when due from the general funds of the state in the first instance and the state treasurer shall be reimbursed forthwith from New Hampshire public television for all such payments.

8 Powers of Governor and Council. The governor and council are hereby authorized and empowered:

I. To cooperate with and enter into such agreements with the federal government or any agency thereof, as they may deem advisable, to secure federal funds for the purposes hereof.

II. To accept any federal funds which are, or become available for any project under section 1 of this act beyond the estimated amounts. The net appropriation of state funds for any project

for which such additional federal funds are accepted shall be reduced by the amount of such additional funds, and the amount of bonding authorized by section 5 of this act shall be reduced by the same amount.

9 Transfers. The individual project appropriations provided in section 1 of this act shall not be transferred or expended for any other purposes; provided that if there is a balance remaining after an individual project, which is fully funded by state funds, is completed, accepted, and final payment made, said balance or any part thereof may be transferred by governor and council to any other individual project or projects, which are also fully funded by state funds, within the same section and from the same funding source.

10 Reduction of Appropriations and Bonding Authority. If the net appropriation of state funds for any project provided for by section 1 of this act is determined on the basis of an estimate of anticipated federal, local or other funds, and if the amount of such funds actually received or available is less than said estimate, then the total authorized cost for such project and the net appropriation of state funds therefor shall be reduced by the same proportion as the proportion by which federal, local or other funds are reduced. The amount of bonding authorized by section 5 of this act shall be reduced by the amount that the appropriation of state funds is reduced pursuant to this section.

11 Land Acquisition. Any land acquired under the appropriations made in sections 1, except such land, if any, as may be acquired under the appropriation for the water resources board, shall be purchased by the commissioner of public works and highways with the approval of governor and council.

12 Architectural Requirements. No new building authorized by this act shall be constructed without meeting life safety code requirements, handicapped architectural barrier free code requirements, and energy conservation code requirements.

13 New Hampshire Hospital; Increase Funds. Amend 1983, 423:1, IV, B by striking out said subparagraph and inserting in place thereof the following:

B. New Hampshire hospital design plans and working drawings for a new psychiatric facility \$1,545,000

Total state appropriation
section 3 \$ 2,232,745

19 Bonding Authority Increased. Amend 1983, 423:8 by striking out in line 4 the number "\$21,348,600" and inserting in place thereof the following (\$22,237,345) so that said section as amended shall read as follows:

423:8 Bonds Authorized. To provide funds for the total of the appropriations of state funds made in sections 1, 2, 3, and 4 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$22,237,345 and for said purposes may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A; provided, however, that the bonds issued for section 1, I, B; II, E; III, B, C, D, E(1), (2), and (4), F, G; IV, A(4); VI, A-D, and F; VII, B; X, A-J; section 3, I, B; II, D and E; section 4, I, A-C; shall have a maturity of 5 years from the date of issue.

20 Lapse Date Extended. The appropriations made by 1983, 423:1, X and by 1981, 565:20, V as amended by 1982, 38:16 are hereby extended until June 30, 1987.

21 Intermingled Funds; Additional Appropriation; Bureau of Secure Care (YDC).

I. The appropriations made by 1983, 423:1, X and by 1981, 565:20, V as amended by 1982, 38:16 are hereby combined and intermingled for the purposes as stated in 1983, 423:1, X and 1981, 565:20, V.

II. The additional sum of \$285,000 is hereby appropriated for said purposes.

22 Bonds Authorized. To provide funds for the additional appropriation made by paragraph II of section 21 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$285,000 and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A. The payment of principal and interest on such bonds and notes shall be made when due from the general funds of the state.

23 Water Resources Board. In addition to any other funds appropriated, the sum of \$107,319.35 is hereby appropriated to the water resources board, for the purpose of closing out the following projects. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

I. 25-33-384200 (00)
restoration of dams (1974) \$ 809.38

II. 25-33-384400 (00)

I. The appropriation made by 1979, 435:1, XII, B as amended by 1981, 565:15, III for Sugar river watershed, site C-9 is hereby extended to June 30, 1987.

II. The appropriation made by 1983, 423:1, VIII, for the Sugar river watershed, site C-9 is hereby extended to June 30, 1987.

25 Lapse Dates Extended; Department of Postsecondary Vocational-Technical Education. The appropriation made by 1983, 423:1, III, A, (1) is hereby extended until June 30, 1987.

26 Appropriation; Wentworth Coolidge Mansion. The sum of \$20,000 is hereby appropriated to the department of resources and economic development, parks division, for purposes of repair and renovation to the Wentworth Coolidge mansion. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

27 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

Rep. Rodeschin notified the Clerk that she wished to be recorded against Section 3 of HB 200.

HB 70, requiring all school children through grade 6 to be fingerprinted. Inexpedient to Legislate.

The Committee feels that the bill is unconstitutional. While the Committee believes parents should be encouraged to fingerprint their children, it doesn't feel the state can mandate. This subject will also be discussed in future legislation. Vote 19-0. Rep. Pamela B. Bean for Children, Youth and Elderly Affairs.

Rep. Ingram spoke against the Committee report.

Rep. Bean spoke in favor of the Committee report.

Rep. Ingram requested a roll call. Sufficiently seconded.

Resolution adopted.

Rep. Parr notified the Clerk that she inadvertently voted nay and meant to vote yea.

Rep. James J. White notified the Clerk that he wished to be recorded in favor of the Committee report on HB 70.

HB 224-FN, relative to appointments to the public utilities commission and making an appropriation therefor. Inexpedient to Legislate.

With an additional cost estimate of \$200,000 and no evidence that a three-member commission cannot work well, the Committee felt enlarging the Public Utilities Commission membership would not in itself affect the quality of the work of the Commission. Vote 21-0. Rep. Conrad Quimby for Commerce, Small Business and Consumer Affairs.

Rep. Kohl spoke against the Committee report.

Rep. Harold Burns spoke in favor of the Committee report.

Resolution adopted.

HB 278, prohibiting vendors of certain goods and services from requiring purchasers to sign blank credit slips. Ought to Pass. The Committee voted unanimously (19-0) for this bill because members felt that consumers should not be denied goods and services solely because some vendors require the purchaser to sign a blank credit card. Rep. A. Leslie Burns for Commerce, Small Business and Consumer Affairs.

Rep. James Chandler moved that HB 278 be made a Special Order for the next Legislative day and spoke to his motion.

Motion adopted.

HB 278 was made a Special Order for March 13.

Rep. Rounds moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, March 13 at 1:00 p.m.

Adopted.

HOUSE JOURNAL 10

Wednesday, 13 Mar 85

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Rev. David W. Bell.

Direct our building, O Lord. Help us to learn from our history. Remind us before we must learn again that some have failed to complete their buildings because they did not know the cost, that some have failed to finish because they did not know the purpose, and that some who finished could not enjoy because their purposes were selfish.

Direct our building, O Lord, that we appreciate our need for inspiration as well as function in our structures. That we build on the solid foundation of Your word to love one another. Amen.

Rep. Brown led the Pledge of Allegiance.

RESOLVED, that the Honorable Senate be notified that the House is ready to meet in Joint Convention at 1:20 p.m. for the purpose of hearing the Governor's Capital Budget message.

Adopted.

SENATE MESSAGE

The Senate is ready to meet with the Honorable House in Joint Convention.

JOINT CONVENTION (Speaker presiding)

Mr. Speaker, Madam President, Honorable Members of the General Court:

I come to you this afternoon to address the capital investment needs of the State of New Hampshire. The details of the specific capital expenditures are contained within the two pieces of the legislative package provided today.

I would like to take this opportunity to comment on a few specific areas dealing with our programs for capital expenditures.

But first let me address the issue of New Hampshire's bonded indebtedness. There are two points to be made.

Two years ago our state had outstanding, not only the usual long-term obligations, but in addition there were a number of short-term notes which had been used to finance deficit operations for a number of years. We were able, in the first year of our first budget, to repay completely the \$40 million in short-term notes, as well as the intermediate financing which had been required to meet those difficult financial conditions. This required repayment of a total of \$70 million in obligations. With those repayments, by the close of the first year of our budget, there were no outstanding short-term notes to finance operations.

Secondly, we have made a complete study of the bonded indebtedness structure of the State of New Hampshire. In planning the programs to rehabilitate or replace our costly and inefficient existing facilities, I was concerned that we would need to undertake an aggressive capital program. However, even with our significant efforts to provide cost effective facilities, the bonded indebtedness of the state of New Hampshire, as a percentage of general fund revenue, has been reduced from 140 percent in 1977 to 84 percent in 1984. I believe the programs we have undertaken, and which we propose today, are clearly consistent with our efforts to provide quality service to our citizens at the lowest overall cost.

We have come into this budgetary cycle with some significant accumulated needs. For example, in recent years we've recognized the need for new facilities to provide the intensive care now being delivered to the mentally ill in our old state hospital, and for the chronically ill and developmentally disabled at the Laconia State School.

To address those requirements, the last legislative session established a study committee to examine these services under Chapter 407, and that group has met for over a year.

The first legislative budget package includes construction funds to meet the recommendations and directions developed in the deliberations of the Chapter 407 committee and is the culmination of an

effort begun over a decade ago to restructure the service delivery system in both mental health and in developmental disabilities.

The deinstitutionalization programs funded in recent budgets have provided a working regional and community program in developmental disabilities. More recently, regional and community programs are being funded and developed to address mental health needs.

The proposed funding level of \$23.5 million of this package provides for the construction of a central psychiatric facility in Concord; the land acquisition, design and construction of a pilot intensive group home; the land acquisition, design and construction of a pilot regional intensive care facility for the mentally retarded; and the land acquisition and site-specific extension of design for twelve additional intensive group homes and fourteen additional LCF/MR's.

I would like to comment on the operating and capital funding levels for the mental health programs in general.

The funding levels provided in both budgets address the needs of our citizens in the area of mental health. They provide support of the central services and regional and community programs. And they fund the construction of new facilities in a consistent, manageable transition which permits review of the effectiveness of the facilities and programs being developed and accommodates improvements as they evolve.

There are a few who wish a more drastic pace with simultaneous full construction of all new community and regional facilities. This would be contrary to the best judgments of the Chapter 407 committee and inconsistent with prudent management of the investment and commitment to expenditures involved in these changes.

In addition to this once-in-a-generation investment in new centralized state psychiatric facilities, we are submitting a legislative package for capital programs of a more traditional nature.

Although this second legislative package is consistent with a list of more usual needs, it too contains some unique requests.

In this category is the request for the Fish and Game Department. We all know of the tragic fire which destroyed their facilities here in Concord. As the plans for replacing that facility progressed, it became apparent that the situation provided an opportunity to rejuvenate this very important department and restructure the office systems to better deliver services to all our citizens and visitors, especially those who hunt and fish.

With a very intensive, constructive effort by the Fish and Game Commission, a regional facility plan was developed which divides the state into five regions. Design and construction funds for a major central office here in Concord, and for a research service marine fisheries region on the seacoast are included in the capital budget request.

Funds are also provided for acquisition, renovation or construction of the appropriate three regional offices in the

north country, the lakes region and the Monadnock region of the state.

Two overdue programs are addressed in the capital funds provided for the Department of Resources and Economic Development.

The first is the refurbishing of our parks and recreation system.

Funds have been included for major improvements and expansion of buildings, grounds, harbors, power supply, water supply, and sewerage systems at the heavily utilized parks such as Wallis Sands, Mt. Washington, Rye Harbor Marina, Portsmouth Marina and Fort Stark.

In addition, we have addressed the concerns associated with the state operated ski and recreation facilities at Cannon Mountain and at Sunapee.

I have, for over a year, been reviewing a number of alternatives to the current operational structure. These alternatives ranged from outright sale, to leasing the operational side, to joint ventures, or conversion to an authority structure for operation. Each had attractive benefits. However, each also had very significant negatives.

The state has discussed the needs and possibilities with users, private sector operators, officials from state authorities, consultants, state employees, equipment manufacturers, developers, and the financial community. I have also met with legislators from both House and Senate.

The plan I propose to you is in my judgment the best recommendation to deal with the current and future needs of both facilities. It recognizes that there are major capital needs that will have to be met no matter what structure is used to manage and operate the system.

To meet those needs we are recommending the expenditure of \$4.4 million for new lifts and expansion of snowmaking capacity at both mountains. These appropriations include funds for the planning, design and engineering support required to make the areas constructive complements to the private sector operations of the state.

Secondly, to address the variability of seasonal expenditures, needs and revenues, we recommend the establishment of a revolving fund, replenishable in the good years, and from which funds may be drawn in the lean years, to provide the flexibility required for effective, efficient management.

We have also provided funds for the development of a master plan for Sunapee and Cannon to identify what directions should be considered in any longer range programs.

Finally, to coordinate the efforts, I will establish by executive order, an advisory commission to serve as a support resource to help in the review of operations of the facilities. The first charge I will give this group is to identify and implement whatever steps would be necessary to complete and have operational as much of these capital improvements as possible for the next winter season.

In this capital budget we have also included funding for the state groundwater study. This assessment and planning effort will permit us, over the next half decade or

decade to identify our groundwater resources and develop an effective plan for access and preservation of these resources within this generation.

Our water resources, accumulated over geologic time and regularly replenished, are vital to our health, our welfare and the maintenance of our industrial base. We must preserve our water quantity and quality. I look forward to working with the sponsors of HB 429 which will define the details of this program.

This budget also provides funds for the next phase of construction at the state prison. Our state prison population has grown from 280 prisoners just seven years ago to nearly 600 prisoners today. We must have a system and facilities in place which permit us to provide effectively the deterrent, punishment and rehabilitation that is reflective of the changes in enforcement, sentencing, and parole legislated and implemented over recent years.

For our troubled youth, we are providing funding for an additional residence and for needed maintenance at several youth and family service division locations.

To support the continued growth of the university system of New Hampshire, the capital proposals include a total of \$5.4 million in funding for priority projects. These include the fast track budget projects of Barton Hall at the University of New Hampshire, energy conservation at Plymouth State College, and new facilities for New Hampshire Public Television. The package presented today adds the authorization for a science center at Keene State College.

To support a more efficient and effective program in highway design, we have provided nearly \$1 million for the purchase and implementation of a modern computer aided design system. Not only will this provide for greater efficiency and better performance, it will expand in-house design capacity to significantly reduce design costs. Our goal is to maintain the exceptionally fine performance and reputation that our Highway Department has achieved.

I would be remiss if I did not take note of one additional item funded. For well over a half a decade, the problems with air circulation and ventilation at the Health and Welfare building have resisted all modest efforts to remedy the situation. I have included in this budget \$640,000 to completely renovate the ventilation system to provide, we hope, once and for all, a quality working environment for the state employees located there.

This capital budget contains no specific recommendations for expenditures for highway construction. Clearly, the success of New Hampshire's growth has created additional needs for highways in the State of New Hampshire.

I spent a great deal of time considering whether a major supplement to our current level of highway effort was appropriate, or whether any change in our current process for identifying priorities or targeting resources was required.

Although our highway needs are clearly growing more rapidly than ever, we must be deliberative in our approach to develop solutions. In fact, this growing need makes it imperative that we be as cost effective as possible in the responses we make. Moreover, we should not allow our timely concerns to respond to this situation, force us to take actions that are inconsistent with the traditions, needs and obligations we have. I, therefore, recommend two critical actions.

The first is that specific highway needs continue to be addressed by individual legislation designed to allow for broad input on the merits and impacts of each proposed construction project. Such legislation should be clear enough so that each project must be, and can be, considered on its own merits. There are clearly a number of programs proposed that deal with needs that obviously merit passage and support.

However, I wish to make it clear that no matter how meritorious a project may be I cannot support legislation which packages the project with less timely needs.

Secondly, recognizing that we must be aggressive in responding to the pressures developing, I have today issued an executive order based on the authority of Governor and Council in the Constitution, Part II, Article 62 and the responsibilities, power and authority of Governor and Council as set forth in New Hampshire RSA's Section 230:14 and 230:45. This order establishes an advisory commission consisting of the executive councilors and the highway commissioner. They have two basic charges. The first is to meet with the legislative planning groups and committees, and all appropriate bodies including local and state officials to review the situation. Secondly, I have asked them to determine if we need to supplement our current annual level of highway construction. Their recommendations would include suggestions for a system to establish priorities for the projects and mechanisms to support any accelerated program recommended.

I believe the recommendations address the current capital needs of our state. In closing, let me again urge you to recognize that our obligations are to act wisely, constructively, efficiently and frugally with the resources we have at hand. I firmly believe that the capital construction program we have outlined today addresses not just wants, but real needs.

I hope you will support the programs proposed, recognizing that we must address the needs of generations ahead without overreaching our capacity to support those needs. Together, through the proposed operating and capital budgets, we will be able to move New Hampshire through the 1980's in a constructive manner. Thank you very much.

4 Filing Fee for Declarations of Intent. Amend RSA 655:19 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

655:19 Filing Fees. Unless he chooses to submit primary petitions as provided in RSA 655:20, at the time of filing declarations of candidacy each candidate, or some person for him, shall pay to the official with whom the same are filed the following fees; for governor and for United States senator, \$100; for representative in Congress, \$50; for councilor, \$25; for state senator, \$10; for county officer, \$5; for state representative, \$2. Those candidates filing declaration of intent shall pay the same fee. Candidates for delegate to the state convention shall not be required to pay a fee. The fees paid to a town or city clerk shall be forwarded to the treasurer of the town or city and shall be the property of the town or city for its use.

5 Filing Fee for Certain Presidential Candidates. Amend RSA 655 by inserting after section 19 the following new section:

655:19-a Filing Fee for Presidential Candidates Who File Nomination Papers. At the time of filing declarations of intent, each candidate for president who seeks nomination by nomination papers shall pay to the secretary of state a single fee of \$250 for himself and his vice-presidential candidate.

6 Withdrawal of Certain Presidential and Vice-Presidential Candidates. Amend RSA 655:30 (supp) as inserted by 1979, 436:1 as amended by striking out said section and inserting in place thereof the following:

655:30 Withdrawal. When a party candidate has duly filed according to law for nomination at a primary election, or other candidate has submitted nomination papers, no withdrawal or declination of the candidate shall be accepted by the secretary of state subsequent to the last dates for filing a declaration of candidacy or the filing of nomination papers except as provided in RSA 655:31 and 655:34.

7 Time for Submitting Nomination Papers for Certification. Amend RSA 655:41 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

655:41 Certification. Each nomination paper shall be submitted to the supervisors

of the checklist of the town or ward in which the signer is domiciled or is registered, and a majority of the supervisors shall certify whether or not the signer is a legal voter in said town or ward. Each nomination paper shall be submitted to the supervisors of the checklist no later than 5:00 p.m. on the Wednesday 5 weeks before the primary.

8 Changes in Filing Deadline for Nomination Papers. Amend RSA 655:43 (supp) as inserted by 1979, 436:1 as amended by striking out said section and inserting in place thereof the following:

655:43 Filing Deadline.

I. Nomination papers shall be filed with the secretary of state no later than 5:00 p.m. on the Wednesday 3 weeks before the primary. No nomination papers shall be accepted by the secretary of state unless the candidate shall have met the age and domicile qualifications for the office he seeks at the time of the general election and meets all the other qualifications at the time of filing; and, if a candidate for the office of governor, councilor, state senator, or state representative, unless he shall file with the nomination papers an affidavit of qualifications as provided in RSA 655:28 and 655:29; and if a candidate for United States senator or United States representative, unless he shall meet the qualifications for office under RSA 655:3 and 655:4.

II. No candidate who intends to run for any state or federal office in the state general election by means of nomination papers shall have his name placed on the ballot unless he files a declaration of intent, as provided in RSA 655:17-a or 655:17-b, within the filing deadline required by RSA 655:14-a.

III. No person who filed as a candidate in the state primary election shall be eligible to have his name placed on the ballot for the state general election by submitting nomination papers as provided in this subdivision.

9 Effective Date. This act shall take effect 60 days after its passage.

HB 137-FN, relative to sunset review of the New Hampshire network. Ought to Pass with Amendment.

The Committee voted 19-0 that New Hampshire public television should be continued. The amendment provides insurance coverage for public television equipment. Rep. Mary S. Nelson for Education.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Insurance Coverage for New Hampshire Public Television Equipment. Amend RSA 187-A:16, XXI (supp) as inserted by 1981, 331:1 as amended by striking out said paragraph and inserting in place thereof the following:

XXI. Acquire fire, theft, casualty and vandalism insurance to cover donated property, real and personal, and to cover the equipment of New Hampshire public

television as may be essential to maintain its Federal Communications Commission broadcast license and to remain eligible for federal funding of public television, notwithstanding the provisions of RSA 9:27 to the contrary.

4 Effective Date. This act shall take effect upon its passage.

HB 191, relative to the liability for the transportation for educational purposes of children in group homes or health care facilities. Inexpedient to Legislate.

The Committee thought that a real problem was brought up, but that this bill was not the vehicle for addressing it. Vote 17-1. Rep. William A. Riley for Education.

HB 207, requiring reciprocity between states before out of state milk firms can bid on New Hampshire state institution contracts. Ought to Pass.

This bill requires reciprocity between states before out of state milk firms can sell milk to New Hampshire state institutions. Vote 19-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

HB 271, relative to the proper care of dogs and cats maintained as household pets. Inexpedient to Legislate.

The Committee feels that present RSAs are adequate in addressing the care of cats and dogs, and that local problems with these animals are more properly addressed by animal officers on the local level. Vote 18-0. Rep. J. Lisbeth Olimpio for Environment and Agriculture.

HB 155-FN, relative to sunset review of the governor's commission for the handicapped. Ought to Pass with Amendment.

The Committee felt that this bill should pass as amended and voted unanimously (19-0) to support the Governor's Commission for the Handicapped. Testimony was overwhelmingly in support of this legislation. Rep. Lawrence A. Chase, Jr. for Health and Human Services.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Ex Officio Members. Amend RSA 275-C:3 (supp) as inserted by 1977, 545:1 by striking out said section and inserting in place thereof the following:

275-C:3 Ex Officio Members. The following, or their designees, shall serve as ex officio members without a vote on the commission: (1) the commissioner of health and human services, (2) the chief of the division of vocational rehabilitation of the department of education, (3) the supervisor of blind services of the department of education, division of vocational rehabilitation, (4) the commissioner of labor, (5) the commissioner of the department of employment security, (6) a member of the state board of education designated by the governor, and (7) the

director of the division of mental health and developmental services.

4 Executive Director. Amend RSA 275-C:4 (supp) as inserted by 1977, 545:1 as amended by striking out in line 1 the word "may" and inserting in place thereof the following (shall) so that said section as amended shall read as follows:

275-C:4 Executive Director; Staff. The commission shall select an executive director of the commission by a vote of a majority of all voting commission members. The executive director shall be in the unclassified service of the state with an annual salary as shall be prescribed by RSA 94 and shall act as secretary to the commission and shall perform such other duties as the commission may require of him. The commission shall approve employment of such clerical help and other employees as are necessary, upon the recommendation of the executive director.

5 Committees. Amend RSA 275-C:5 (supp) as inserted by 1977, 545:1 by striking out said section and inserting in place thereof the following:

275-C:5 Organization of Commission. The commission shall organize itself in conformity with its responsibilities under this chapter and shall establish committees to address issues which affect handicapped persons. The members of such committees shall be designated by the chairman, with the approval of a majority of the commission.

6 Content of Plans. Amend RSA 275-C:6, V (supp) as inserted by 1977, 545:1 by striking out said paragraph and inserting in place thereof the following:

V. To research, formulate and advocate plans, programs and policies which will serve the needs of handicapped persons, which may include an assessment of the needs of the handicapped, a census of services provided by public and private organizations, identification of unfilled needs, long term goals, short term objectives, action plans to meet objectives and measures of performance. The commission shall be guided by the goal of formulating an integrated, comprehensive, statewide plan to address the needs of handicapped citizens.

7 Subdivision Heading. Amend the heading of the subdivision RSA 275-C:10-18 by striking out said heading and inserting in place thereof the following:

Committee on Architectural
Barrier-Free Design

8 Commission Members; Designees. Amend RSA 275-C:11 (supp) as inserted by 1977, 269:1 as amended by striking out said section and inserting in place thereof the following:

275-C:11 Permanent Committee for Barrier-Free Design Established. There is hereby established a permanent committee of the commission, to be known as the committee on architectural barrier-free design. Such committee shall be appointed by the chairman, with the approval of the commission and shall consist of 11 members, at least 6 of whom shall be physically handicapped persons who have demonstrated an

understanding of and commitment to architectural barrier-free design. One member shall be a representative of the interests of the building trades, one member shall be a registered engineer or architect, and the remaining 3 members shall be ex officio members of the governor's commission, or their designees.

9 Reference Corrected. Amend RSA 275-C:14, II and III (supp) as inserted by 1977, 269:1 by striking out said paragraphs and inserting in place thereof the following:

II. Adopt such rules under RSA 541-A as may be necessary to enforce the provisions of this subdivision and the code for barrier-free design.

III. Hold public hearings prior to the adoption of any rules by the committee in accordance with RSA 541-A.

10 Reference to Subcommittee Corrected. Amend the following sections of RSA by striking out the word "subcommittee" wherever it appears and inserting in place thereof the following (committee):

RSA 275-C:12, 13, 14, 15, and 16.

11 Effective Date. This act shall take effect upon its passage.

HB 212, relative to emergency medical services. Inexpedient to Legislate.

The Committee listened to the sponsor and one other person in favor of this bill, but had communications from several people opposed who indicated that the bill effected a much broader area than was intended. The Committee feels that there is no present need for the bill. Vote 20-1. Rep. Elizabeth Hager for Health and Human Services.

HB 261, relative to out-of-state back-up ambulance services. Ought to Pass with Amendment.

The Committee feels that this bill is a reasonable clarification of the ambulance licensing provisions under RSA 151. It makes it clear that out-of-state ambulances can be called into New Hampshire in emergencies. The amendment adds that the ambulances will be summoned under written mutual aid agreements. Vote 19-0. Rep. Elizabeth Hager for Health and Human Services.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Back-up Ambulances. Amend RSA 151-B:11, V as inserted by 1971, 479:1 by striking out said paragraph and inserting in place thereof:

V. The licensing requirements of this section shall not apply to out-of-state ambulance services which provide back-up service to New Hampshire municipal or volunteer ambulance services under written mutual aid agreements or in case of a major emergency.

HB 283-FN, continuing nursing home cost incentive programs. Ought to Pass with Amendment.

This continues until October 1, 1987 the incentives for owners and operators of nursing homes within the State of New Hampshire to implement cost containment programs. This program was begun October 1, 1980 and has worked well for small and larger homes. Vote 21-0. Rep. Mary J. Sullivan for Health and Human Services.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Program Continued. Amend 1979, 387:3 as amended by 1983, 133:1 by striking out said section and inserting in place thereof the following:

387:3 Effective Date.

I. Section 1 of this act shall take effect October 1, 1980.

II. Section 2 of this act shall take effect October 1, 1987.

2 Effective Date. This act shall take effect 60 days after its passage.

HB 76-FN, establishing a judicial selection commission to recommend candidates for all judicial appointments. Refer for Interim Study.

The Committee feels the general public should have more say in the selection of judges, but this is not the proper vehicle. It is sent for study in order that a method of orderly review of judges' performance can be developed and presented at a later time with a means of getting public sentiment on practices in effect and recommend procedural changes for improvement. Vote 14-0. Rep. Frank J. Sylvia for Judiciary.

HB 94, to authorize registered nurses and physicians' assistants to withdraw blood for purposes of blood alcohol content testing and prescribing administrative forms for evidentiary purposes. Ought to Pass.

This bill, which was requested by local police and the Hospital Association, is intended to reduce the number of court appearances by medical personnel who draw blood samples for alcohol testing in DWI cases. The bill provides that the person who draws the blood will complete a form stating that sample was taken according to procedures prescribed by Public Health. The form will be admissible evidence in court. The defendant's rights are in no way compromised by this bill. Vote 13-1. Rep. Donna P. Sytek for Judiciary.

HB 192, relative to trespass by land surveyors. Inexpedient to Legislate. The Committee feels that there is not enough clear-cut evidence of need for this bill. There are methods of handling problems without statute. Vote 12-0. Rep. Elizabeth D. Lown for Judiciary.

HB 276, relative to powers of attorney. Ought to Pass.

This bill is recommended by the Judicial Council to facilitate and clarify the use of powers of attorney. The present statutes permitted a special or limited power of attorney to be "durable," i.e. it survived the disability or incompetence of the principal, when a general power of attorney did not so survive. The Committee concluded there was no rational reason for this distinction, so therefore recommends the statutes be corrected. Vote 12-0. Rep. Daniel J. Healy for Judiciary.

HB 229, relative to safe and adequate septic systems. Ought to Pass with Amendment.

Decision of the Subcommittee agreed this to be an updating, clarifying action providing increased authority to local health officers in conjunction with existing statute RSA 149-E, and Water Supply and Pollution Control Commission. Vote 16-1. Rep. Paul A. Golden for Municipal and County Government.

Amendment

Amend the bill by striking out section 1 of the bill and inserting in place thereof the following:

1 Regulations. Amend RSA 147:10 by striking out said section and inserting in place thereof the following:

147:10 Nuisances; When; Regulations. No privy, toilet, sink, drain, cesspool, septic tank, or the discharges therefrom, and no pen or sty for swine, shall be erected or continued in such place or condition as, in the judgment of the health officers, to be a nuisance or injurious to the public health. The health officer may make, in the manner provided in RSA 147:1, such regulations as necessary to ensure the safety and adequacy of subsurface sanitary disposal systems within the municipality. Nothing in this section shall be construed to limit the authority conferred upon the water supply and pollution control commission under RSA 149-E.

HB 270, relative to the construction of a Route 102 bypass in the towns of Derry and Londonderry and making an appropriation therefor. Refer for Interim Study.

The Committee voted 12-0 to send this bill for interim study. It was felt that not enough information had been made available. Rep. James C. Chamberlin for Public Works.

HB 250-FN, requiring new cogeneration facilities to use available solid municipal wastes as an energy source. Inexpedient to Legislate.

The Committee determined, from the evidence presented by witnesses, that this bill would discourage cogeneration in that solid waste is an incompatible fuel for many cogeneration plants. Vote 8-0. Rep. M. Arnold Wight, Jr. for Science and Technology.

COMMITTEE REPORTS
(Regular Calendar)

HB 298-FN, making Martin Luther King's birthday a state holiday. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: The majority of the Committee feels that the State of New Hampshire does not need, nor can it afford, another legal holiday. Vote 9-2. Rep. Carol H. Holden for Constitutional and Statutory Revision.

MINORITY: Washington's Birthday, Memorial Day, Fourth of July, Labor Day and Veterans' Day are patriotic holidays that in part celebrate the basic values on which this country was founded. Washington's birthday in particular focuses on the individual contributions of one man. The principles of freedom of expression and equality embraced by Dr. Martin Luther King, Jr. are principles already in our state and federal constitutions. Dr. King led the country in a re-affirmation that these values are an integral part of our national heritage. His birthday has become symbolic of national unity in the face of individual bigotry. Just as the other patriotic holidays have served to unify us nationally so Dr. Martin Luther King, Jr.'s birthday has become a contemporary unifying force in our country and should be celebrated in New Hampshire. (Rep. Catherine O'Brien for the Minority.)

Rep. O'Brien moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Inexpedient to Legislate, and spoke to her motion.

Reps. Holden, George Gordon, Hyman, and Blais spoke against the motion.

Reps. Arnesen, Parks, Burton and Wayne King spoke in favor of the motion.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

Rep. Kohl requested a roll call. Sufficiently seconded.

HB 345, relative to 4 year terms for the secretary of state and the state treasurer. Ought to Pass.

No one opposed this bill and the Committee believes it will benefit efficient administration, and over a period of years, would make the jobs more attractive to potential good applicants. Vote 11-0. Rep. Joseph M. Eaton for Constitutional and Statutory Revision.

Rep. Flanagan moved that HB 345 be recommitted to the Committee on Constitutional and Statutory Revision and spoke to her motion.
Adopted.

CACR 9, relating to limiting sweepstakes funds to educational purposes and programs. Providing that all moneys received from any state-run lottery, and all the interest received thereon, shall be used for educational purposes only. Inexpedient to Legislate.

This amendment is not needed as a part of our Constitution. Current statutes should take care of this situation. It is the duty of the Governor of the State of New Hampshire to insure that the intent of the enacted legislation is carried out. Vote 7-4. Rep. George E. Gordon, III for Constitutional and Statutory Revision.

Rep. Hawkins moved that CACR 9 be made a Special Order for March 21 and spoke to his motion.

On a voice vote the Speaker was in doubt and requested a division.

250 members having voted in the affirmative and 80 in the negative, the motion was adopted.

CACR 11, relating to terms of office for judges. Providing that with the exception of supreme court justices, judges shall be

appointed to 6 year terms. Inexpedient to Legislate.

Everything seems to be working well and the Judicial Committee is very active, so any judge who commits a crime will be accountable to them and the general public. Vote 10-1. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

Rep. Wells moved that the words, Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Reps. Murphy, Flanagan, Matson and Sytek spoke against the motion.

Rep. Elmer Johnson spoke in favor of the motion.

CACR 12, relating to supreme court advisory opinions. Providing that the supreme court must answer every question posed to it by the legislature or the governor. Refer for Interim Study.

This proposed amendment is considered to be highly controversial in nature as to the original intent of Article 74 Part 2 of the New Hampshire Constitution. Therefore, much more study must be spent on this CACR before a recommendation can be made to the full House. Vote 9-2. Rep. George E. Gordon, III for Constitutional and Statutory Revision.

Report adopted.

CACR 13, relating to power of the general court to impose and levy assessments, rates and taxes. Providing that said assessments, rates and taxes need not be proportional and that taxes may be imposed on a graduated scale. Inexpedient to Legislate.

The Committee feels this resolution would open the way for a state tax. Vote 9-1. Rep. Dennis H. Fields for Constitutional and Statutory Revision.

Rep. Bruce Packard moved that the words, Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Report adopted.

HB 26, establishing a department of libraries and cultural affairs. Ought to Pass with Amendment.

This legislation creates a department in state government that will manage the cultural resources of the State of New Hampshire. As amended, this bill has the support of the libraries and arts communities, and additionally this bill has the support of the Department of Resources and Economic Development relative to the transfer of the historic preservation office.

The amendment changes the title, institutes a four-year term for the Commissioner and the three division Directors, nominated by the Governor with the consent of the Council, designates the Division Director of Libraries as the State Librarian, and retains the sole authority of the libraries, arts, and historical preservation councils to disburse grants and awards. Vote 20-1. Rep. V. Michael Hutchings for Executive Departments and Administration.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

establishing a department of libraries, arts and historical resources.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Chapter. Amend RSA by inserting after chapter 21-I the following new chapter:

CHAPTER 21-J

DEPARTMENT OF LIBRARIES, ARTS AND HISTORICAL RESOURCES

21-J:1 Finding; Intent. The general court finds that the state library, commission on the arts, and historic preservation office, in existence prior to the effective date of this chapter, and all of which currently function separately, are

inextricably linked because they are ultimately and fundamentally engaged in pursuits which are cultural in nature, and deserve increased visibility and recognition within state government. Therefore, in recognition of its duty under Part 2, Article 83 of the state constitution to cherish the interest of literature, and to encourage public institutions for the promotion of arts and sciences, the general court enacts this chapter creating a department of libraries, arts and historical resources. The general court intends by this action to provide for the general welfare of the citizens of the state by recognizing the essential nature of pursuits which broaden our minds and spirits and preserve our history and culture for future generations. Combining state government functions of collecting, cataloguing, and making available all manner of books and other information; encouraging and assisting the development of the arts; and preserving historical, archaeological, architectural, and cultural heritage, is intended to enhance and strengthen the role of cultural arms of state government. The general court intends that a single, strong, visible cultural agency shall assume equal status with other major departments of state government.

21-J:2 Establishment; General Functions.

I. There is hereby established a department of libraries, arts and historical resources, an agency of the state under the executive direction of a commissioner of libraries, arts and historical resources.

II. The department of libraries, arts and historical resources, through its officials, shall be responsible for the following general functions:

(a) Providing information services to state government.

(b) Developing and coordinating a statewide library service network.

(c) Stimulating and encouraging public interest and participation in the study and presentation of the performing and fine arts.

(d) Sponsoring state historic preservation activities.

21-J:3 Commissioner; Directors; Compensation.

I. The commissioner of the department of libraries, arts and historical resources shall be appointed by the governor, with the consent of the council, and shall serve for a term of 4 years. The commissioner of libraries, arts and historical resources shall be qualified by reasons of professional competence, education and experience and may also serve as the director, division of libraries.

II. The commissioner shall nominate each division director for appointment by the governor, with the consent of the council. Division directors shall serve for a term of 4 years. The directors of the divisions of arts and historical resources shall be qualified by reason of professional competence, education and experience. The director of the division of libraries who shall also be known as the state librarian, shall hold a

master of library science degree from an accredited library school and shall have had at least 4 years' experience in a library in an administrative capacity. An accredited library school means an institution of higher education which is accredited by the American Library Association to grant a degree of master of library science.

III. The salaries of the commissioner and the division directors shall be as specified in RSA 94:1-a. If the commissioner also serves as the director, division of libraries, the commissioner shall receive the salary set forth in RSA 94:1-a for the commissioner of libraries, arts and historical resources.

21-J:4 Duties of Commissioner. In addition to the powers, duties and functions otherwise vested by law in the commissioner of the department of libraries, arts and historical resources, he shall:

I. Represent the public interest in the administration of the department and be responsible to the governor, the general court and the public for such administration.

II. Except as otherwise provided for in this chapter, have the authority to adopt rules, pursuant to RSA 541-A, necessary to assure the continuance or granting of federal funds or other assistance intended to promote library service, the arts, or historic preservation efforts not otherwise provided for by law.

III. Have the authority to establish a unit within his office to provide for internal department administrative functions, including financial, personnel and other management functions.

IV. Appoint such additional persons from state government and the library community to the automated information systems board established by RSA 201-A:24 as he shall deem necessary to further the purposes of the board.

V. Have authority, with regard to the administration of RSA 19-A, and with the approval of a majority of the members of the New Hampshire state council on the arts as established by RSA 19-A:2, to:

(a) Accept gifts, contributions and bequests of unrestricted funds from individuals, foundations, corporations, and other organizations or institutions for the purpose of furthering the educational objectives of the programs established pursuant to RSA 19-A.

(b) Make and sign any agreements and to do and perform any acts that may be necessary, desirable, or proper to carry out the purposes of RSA 19-A.

(c) Request and receive from any department, division, board, bureau, commission, or other agency of the state such assistance and data as will enable him to carry out properly his powers and duties hereunder.

(d) Receive funds provided by the National Endowment for the Arts under the National Foundation on the Arts and the Humanities Act of 1965, and under such additional federal legislation and state appropriations as may be enacted.

(e) Allocate and disburse said funds by entering into contracts and agreements with any department, agency, or

subdivision of federal, state, county, or municipal government or any individual, foundation, corporation, association, or public authority in order to carry out the purposes of RSA 19-A, subject to approval by the governor and council.

21-J:5 Division of Libraries. There is hereby established within the department the division of libraries, which shall also be known as the state library, under the supervision of an unclassified director of libraries, who shall also be known as the state librarian and who shall be responsible for the following functions in accordance with applicable law:

I. Operating a state library in order to provide general and specific reference services, including, but not limited to, services designed to assist the general court and the judicial branch.

II. Operating an automated data processing and information center as provided for by RSA 201-A:22, I.

III. Promoting and coordinating a statewide library system.

IV. Providing for library services for the handicapped.

V. Otherwise administering the provisions of RSA title XVI.

21-J:6 Division of the Arts. There is hereby established within the department the division of the arts, under the supervision of an unclassified director of arts, who shall have either a masters degree in art administration or at least 5 years' experience administering a major cultural organization, and who shall be responsible for administering the provisions of RSA 19-A, with the primary goal of supporting and promoting the arts in all of their manifestations.

21-J:7 Division of Historical Resources. There is hereby established within the department the division of historical resources, which shall also be known as the state historic preservation office, under the supervision of an unclassified director of historical resources, who shall be responsible for administering the state historic preservation program in accordance with RSA 227-C.

21-J:8 Rulemaking Authority. The commissioner of libraries, arts and historical resources shall adopt rules, pursuant to RSA 541-A, relative to:

I. The use and control of the state library and its holdings, as authorized by RSA 201-A:9, I.

II. The automated data processing and information center, as authorized by RSA 201-A:25, II.

III. The statewide library development system, as authorized by RSA 201-D:10; provided that the rules shall be subject to ratification by the state library council established by RSA 201-A:3.

IV. Historic preservation activities, as authorized by RSA 227-C:5-a; provided that the rules shall be subject to ratification by the state historic resources council established by RSA 227-C:3.

V. Requirements for selecting art to be funded by the state art fund, as authorized by RSA 19-A:10, I, subject to

ratification by the New Hampshire state council on the arts, established by RSA 19-A.

VI. Standards for city and town libraries; provided that the state library council ratify the standards by a majority vote of all members.

21-J:9 Federal Funds. Notwithstanding any provision of law to the contrary, the state library council shall administer all federal funds collected under RSA 201-A:13; the New Hampshire state council on the arts shall administer all federal funds provided by the National Endowment for the Arts and for the state art fund established under RSA 19-A:9; and the historic resources council shall administer all federal funds provided for historic preservation under RSA 227-C.

2 Transfer of Agencies.

I. All of the functions, powers and duties of the state library, state library commission, and the state librarian in existence prior to the effective date of the transfers provided for in this section, the New Hampshire commission on the arts and the state historic preservation office within the department of resources and economic development, and the other officials of those agencies, except as otherwise provided in this act and paragraph III of this section, are hereby transferred to and vested in the commissioner of libraries, arts and historical resources appointed pursuant to this act. The transfers provided for in this paragraph shall become effective on the date set pursuant to the laws of 1983, 372:5, II. Prior to such effective date, the agencies, and the officials of those agencies, transferred or abolished shall retain their full power and authority.

II. The transfer of the historic preservation office provided for in paragraph I shall include all of the personnel, books, papers, records, unexpended appropriations or other funds, actions and other property or obligations of every kind formerly a part of the historic preservation office or other organizational units of the department of resources and economic development significantly involved with the administration of the duties and responsibilities set out under RSA 227-C. The commissioner of libraries, arts and historical resources shall, in consultation with the commissioner of resources and economic development, or his successor, determine and include in the implementation plan required by the laws of 1983, 372:4, III which personnel, books, papers, records, unexpended appropriations or other funds, actions and other property or obligations are significantly involved with the administration of the duties and responsibilities set out under RSA 227-C.

III. The transfer provisions of paragraph I shall apply to the state library council and the New Hampshire state council on the arts, formerly the state library commission and the New Hampshire commission on the arts, except that these councils shall be continued as advisory bodies to the division of libraries and the division of arts, respectively, and shall have the duties and responsibilities provided for in this act. The commissioner of libraries,

arts and historical resources shall seek the advice of the state library council relative to the nomination of the director, division of libraries, and shall seek the advice of the state council of the arts relative to the nomination of the director, division of arts.

IV. The transfer provisions of paragraphs I and II shall apply to the state historical resources council formerly the state historic preservation review board, except that the council shall be continued as an advisory body to the division of historic resources and shall have the duties and responsibilities provided for in this act. The commissioner of libraries, arts and historical resources shall seek the advice of the council relative to the nomination of the director, division of historical resources.

V. The incumbent members of the state library commission, the New Hampshire commission on the arts, and the state historic preservation review board shall continue to hold office on their successor councils for the term for which each member was appointed and commissioned.

3 Transition Procedure. The transition procedure to be followed in implementing the new department established by this act shall be as specified in the laws of 1983, 372:2; 372:3; 372:4; and 372:5; and in RSA 21-G.

4 Commissioner-Designate.

I. The governor, with the consent of the council, may appoint the commissioner of libraries, arts and historical resources on or after July 1, 1985. The individual so appointed shall be known as the commissioner-designate until the department of libraries, arts and historical resources becomes operational on the date set according to the laws of 1983, 372:5, II.

II. The commissioner-designate shall assume his full powers and duties under the law when the department of libraries, arts and historical resources becomes operational on the date set according to the laws of 1983, 372:5, II. Prior to that date, the commissioner-designate shall perform only the duties prescribed by the laws of 1983, 372:4; 372:5; and RSA 17-L. During the period when he is preparing his implementation plan, the commissioner-designate shall be permitted to choose one clerical person from any of the agencies scheduled for transfer to his department to assist him on a full-time basis.

III. The governor shall draw his warrant upon funds not otherwise appropriated to provide compensation to the commissioner-designate at the rate specified in section 42 of this act during the transition period.

5 Appropriations. All realignment of functions, reassignment of personnel, and restructuring of organizational units required by this act shall be accomplished within the existing appropriations transferred from the agencies consolidated by this act to the department of libraries, arts and historical resources.

6 Reference Changes.

I. As of the effective date for the department of libraries, arts and historical resources set pursuant to the laws of 1983, 372:5, II, the references listed below are hereby changed as follows:

(a) All references to the "commission" or the "state library commission" in RSA 201-A, with the specific exceptions of RSA 201-A:3, 201-A:4, 201-A:5, 201-A:6, 201-A:7, 201-A:8, and 201-A:13 and in RSA 201-B shall be changed to read "commissioner of libraries, arts and historical resources."

201-A:10 State Librarian; Authority. In addition to the duties imposed by law, the state librarian may, subject to the approval of the commissioner:

16 Authority. Amend RSA 201-A:10, III as inserted by 1963, 21:1 by striking out said paragraph and inserting in place thereof the following:

III. Act as custodian for the state of collections of books, pamphlets, maps, manuscripts and other materials, upon such terms as seem proper.

17 Acceptance of Federal Funds. Amend RSA 201-A:13 as inserted by 1963, 21:1 by striking out said section and inserting in place thereof the following:

201-A:13 Acceptance of Funds. The council may receive, accept and administer any money granted by the federal government providing, equalizing or strengthening a state-wide system of library service in New Hampshire. Any gift or grant from the federal government shall be deposited in the state treasury and credited to a special fund which shall be continuous and shall not lapse. All moneys so deposited shall be paid out by the treasurer on a warrant of the governor and council for services approved by the council which will improve and equalize library service in this state.

18 Assistant State Librarian; Appointment. Amend RSA 201-A:16, as inserted by 1963, 21:1 by striking out said section and inserting in place thereof the following:

201-A:16 Assistant State Librarian.

I. The state librarian, in the event that he also serves as the commissioner of libraries, arts, and historical resources, shall appoint an assistant state librarian, who shall serve at the pleasure of the state librarian.

(a) The assistant state librarian shall be a graduate of an accredited library school and shall be qualified for the position by reason of experience.

(b) The salary of the assistant state librarian shall be as specified in RSA 94:1-a.

II. The assistant state librarian shall perform such duties with regard to administering the operations of the state library as the state librarian shall direct. He shall also act as state librarian if the state librarian is unable to do so.

19 Reference Change. Amend RSA 201-A:20 as inserted by 1963, 21:1 as amended by striking out said section and inserting in place thereof the following:

201-A:20 Building and Facilities. The state library shall control all space in the state library building. The department of administrative services shall maintain the state library building and grounds in suitable repair and condition for use by the state library.

20 Automated Data Processing and Information Center. Amend RSA 201-A:22, I (supp) as inserted by 1983, 271:1 by striking out said paragraph and inserting in place thereof the following:

I. There shall be an automated data processing and information center as part of the state library operated by the division of libraries in the department of libraries, arts and historical resources. The state librarian shall oversee the functioning and maintenance of the center.

21 Data Processing Solutions. Amend RSA 201-A:23, II (supp) as inserted by 1983, 271:1 by striking out said paragraph and inserting in place thereof the following:

II. Allow New Hampshire libraries to utilize distributed data processing solutions which satisfy end-user needs within the policies and procedures which are developed by the commissioner of libraries, arts and historical resources.

22 Board. Amend RSA 201-A:24 (supp) as inserted by 1983, 271:1 by striking out said section and inserting in place thereof the following:

201-A:24 Automated Information Systems Board; Membership. There is hereby established the New Hampshire automated information systems board. The board shall consist of the assistant state librarian or an employee of the division of libraries, an additional employee of the division of libraries engaged in technical library services as designated by the commissioner of libraries, arts and historical resources, one representative appointed by the speaker of the house, one senator appointed by the senate president, one academic librarian appointed by the executive board to the academic librarians chapter of the New Hampshire library association, 2 public librarians appointed by the executive board of the New Hampshire library association, one librarian representing special libraries to be appointed by the state librarian, one school librarian appointed by the executive board of the New Hampshire educational media association, one attorney who shall be a member of the New Hampshire bar, and such additional persons from state government and the library community as the commissioner of the department of libraries, arts and historical resources shall deem necessary to further the purposes of this subdivision. The 2 employees of the division of libraries shall be ex-officio members of the board. Each appointed member of the board shall serve staggered 3 year terms. Of the initial appointees, 1/3 shall serve a term of one year, 1/3 shall serve a term of 2 years, and 1/3 shall serve a term of 3 years. If the total number of appointees is not divisible by 3, the initial appointments

shall be made so as to ensure staggered 3-year terms. Each member so appointed shall hold office until his successor shall be appointed and qualified.

23 Meetings of Board. Amend RSA 201-A by inserting after section 24 the following new section:

201-A:24-a Meetings of Board. The board shall meet at least quarterly, and at such other times as it deems necessary, in order to advise the commissioner of libraries, arts and historical resources on all matters pertaining to the operation of the center.

24 Duties of Commissioner. Amend RSA 201-A:25 (supp) as inserted by 1983, 271:1 by striking out said section and inserting in place thereof the following:

201-A:25 Duties of Commissioner. The commissioner of libraries, arts and historical resources shall have the following duties:

I. To establish specific objectives and definitive policies designed to guide the development of electronic data processing systems, procedures, and techniques for a statewide information network under RSA 201-A:23 involving libraries and state agencies.

II. To adopt rules, pursuant to RSA 541-A, relative to the functioning and maintenance of the center established under RSA 201-A:22.

III. To develop policies and plans which fully recognize the interrelationships and impact of state activities on local governments and on agencies of the federal government, and which represent the best interests of all New Hampshire's citizens.

IV. To develop policies and plans which will enhance the use of electronic data processing for resources management of books, documents, and other materials within state government and among all New Hampshire libraries which encompass both short-term and long-range needs, and which shall be continually updated.

V. To ensure that the policies and goals stated in paragraphs I, II and III provide for the:

(a) Optimum utilization of electronic information processing equipment.

(b) Adherence to standards ensuring appropriate compatibility of systems and interchange of data and information.

(c) Proper management controls to ensure the most efficient, effective, and economical use of the state's information resources and electronic data processing.

VI. To encourage distributed data processing so that a portion of the computing capability and data of the system is located as close to the user as is practical, while at the same time retaining the ability to consolidate and share this information with other state agencies through data communications network facilities.

VII. To ensure that goals such as the collection of data, minimum duplication of records, and maximum availability of information at lowest overall cost will not jeopardize or compromise the confidentiality of information as provided by statute or the

protection of the right of individual privacy as established by law.

VIII. To take advantage of, apply for, and receive any and all assistance, information, research, investigations, surveys, grants, appropriations, or allocations of funds, state or federal, made available for the center or any related or allocated purposes from any source.

IX. Execute any agreements which may be required under this section, subject to the provisions of RSA 4:15.

25 Definitions. Amend RSA 201-D:1, IV (supp) as inserted by 1981, 499:2 by striking out said paragraph and inserting in place thereof the following:

IV. "Commissioner" means the commissioner of libraries, arts and historical resources.

26 Rulemaking. Amend the introductory paragraph of RSA 201-D:10 (supp) as inserted by 1981, 499:2 by striking out said paragraph and inserting in place thereof the following:

The commissioner shall adopt rules under RSA 541-A and after public hearing, and subject to ratification by the state library council, relative to:

27 Reference Change; State Council on the Arts. Amend RSA 19-A:2 (supp) as inserted by 1965, 194:1 as amended by striking out said section and inserting in place thereof the following:

19-A:2 Council Created. A state council, to be known as the New Hampshire state council on the arts, is hereby created and established. The council shall consist of 15 members, broadly representative of all fields of the performing and fine arts, to be appointed by the governor with the advice and consent of the council from among private citizens who are widely known for their professional competence and experience in connection with the performing and fine arts. In making such appointments, due consideration shall be given to the recommendations made by representative civic, educational and professional associations and groups, concerned with or engaged in the production or presentation of the performing and fine arts generally.

28 Reference Change; State Council on the Arts. Amend RSA 19-A:3-5 as inserted by 1965, 194:1 by striking out said sections and inserting in place thereof the following:

19-A:3 Terms of Office. The term of office of each member shall be 5 years, provided, however, that of the members first appointed, 3 shall be appointed for terms of one year, 3 for terms of 2 years, 3 for terms of 3 years. The governor shall designate a chairman from the members of the council, to serve as such. The chairman shall be the chief executive officer of the council. All vacancies shall be filled for the balance of the unexpired term in the same manner as original appointments.

19-A:4 Compensation. No member of the council shall receive any compensation for his services.

19-A:5 Duties. The duties of the council shall be:

I. To stimulate and encourage throughout the state the study and presentation of the performing and fine arts

and public interest and participation therein.

II. To make such surveys as may be deemed advisable of public and private institutions engaged within the state in artistic and cultural activities, including, but not limited to, music, theatre, dance, painting, sculpture, architecture, and allied arts and crafts, and to make recommendations concerning appropriate methods to encourage participation in and appreciation of the arts to meet the legitimate needs and aspirations of persons in all parts of the state.

III. To take such steps as may be necessary and appropriate to encourage public interest in the cultural heritage of our state and to expand the state's cultural resources.

IV. To advise the commissioner of libraries, arts and historical resources in all matters concerning the arts.

V. To meet at least quarterly and at such other times as it deems necessary.

VI. To hold public hearings as it deems necessary.

VII. To administer any federal funds received from the National Endowment of the Arts and the art fund established under RSA 19-A:9.

29 Reference Change; State Council on the Arts. Amend RSA 19-A:7 (supp) as inserted by 1965, 194:1 as amended by striking out said section and inserting in place thereof the following:

19-A:7 Reports. The council shall make biennial reports to the governor and council.

30 Definition. Amend RSA 19-A:8, II (supp) as inserted by 1979, 437:2 by striking out said paragraph and inserting in place thereof the following:

II. "Commissioner" means the commissioner of libraries, arts and historic resources.

31 Powers and Duties. Amend RSA 19-A:10 (supp) as inserted by 1979, 437:2 by striking out said section and inserting in place thereof the following:

19-A:10 Powers and Duties of Commissioner. The commissioner shall have the following powers and duties relative to this subdivision:

I. To adopt rules, pursuant to RSA 541-A, with the advice of the New Hampshire state council on the arts, relative to the selection and placement of art purchased through the state art fund established in this subdivision.

II. To select, with the advice of the New Hampshire state council on the arts, state buildings and facilities as appropriate sites for works of art.

III. To acquire insurance when he deems such insurance necessary for the protection of the works of art purchased, subject to the provisions of RSA 21-I:8, II(e).

IV. To establish selection committees of interested citizens and experts to assist in the carrying out of the provisions of this chapter. The selection committees may include the project architect, a representative of the agency involved, a professional artist, and local citizen. The members of the selection

committee shall serve without pay, but may be compensated for mileage by the department of libraries, arts and historic resources.

32 Reference Change. Amend RSA 19-A:11 (supp) as inserted by 1979, 437:2 by striking out said section and inserting in place thereof the following:

19-A:11 Repairs to Works of Art. Except in the buildings or facilities covered under RSA 14:14-b, no conservation, restoration, repair, or removal of any work of art purchased under the provisions of this subdivision shall be undertaken without the approval of the commissioner, who shall seek the advice of the New Hampshire state council on the arts on any such matter.

33 Reference Change; Historic Preservation Officer. Amend RSA 227-C:2, IV and V as inserted by 1974, 32:1 by striking out said paragraphs and inserting in place thereof the following:

IV. "Council" shall mean the state historical resources council.

V. "State historic preservation officer" shall mean the director, division of historical resources, department of libraries, arts and historical resources.

34 State Archeologist. Amend RSA 227-C:2, VIII (supp) as inserted by 1981, 504:1 by striking out said paragraph and inserting in place thereof the following:

VIII. "State archeologist" shall mean the member of the professional staff designated by the director of the division of historical resources with the approval of the commissioner to develop, supervise, and coordinate activities necessary to discharge and integrate the powers and duties of the division in the field of archeology as mandated by federal and state laws and procedures.

35 Historic Preservation Office. Amend RSA 227-C:3 as inserted by 1974, 32:1 by striking out said section and inserting in place thereof the following:

227-C:3 State Historic Preservation Office. The division of historical resources, department of libraries, arts and historical resources established by RSA 21-J:7 shall also be known as the state historic preservation office. The director, division of historical resources shall also be known as the state historic preservation officer.

36 Administration. Amend RSA 227-C:4 (supp) as inserted by 1974, 32:1 as amended by striking out said section and inserting in place thereof the following:

227-C:4 Administration.

I. The director, subject to the approval of the commissioner, shall conduct any relations with the representatives of the federal government and the respective states with regard to matters of historic preservation.

II. The director, subject to the approval of the commissioner, may employ such professional personnel as required, subject to the personnel laws of the state and within budgetary limitations.

III. Consultants, as required, subject to budgetary limitations, may be employed by the director, with the approval of the commissioner.

IV. With the approval of the commissioner, the director may organize councils to assist the office as necessary, such as, but not limited to, an advisory archeological council of professional archeologists and representatives of professional and amateur societies. All members of the councils shall serve without compensation.

V. The director may employ or otherwise engage certified avocational archeologists to assist in the performance of field investigations under the direct supervision of the division, or those authorized by the commissioner, and to assist in information exchange and historic preservation with towns and communities, subject to personnel laws, budgetary limitations, grant restrictions, and approval of the commissioner.

37 Historic Preservation Review Board Renamed; Historical Resources Council. Amend RSA 227-C:6-9 as inserted by 1974, 32:1 by striking out said sections and inserting in place thereof the following:

227-C:6 Establishment of a State Historical Resources Council. There is hereby established a state historical resources council which shall be the only state historical resources council. The membership of the council shall consist of the governor, or his designee; the director of historical resources, who shall be non-voting members; and 9 members of the public appointed by the governor and council, at least 3 of whom shall be qualified in the field of architecture, history and archeology; and the others shall be qualified in other fields including but not limited to law, real estate, planning, architectural history and historic preservation. The public members shall serve a term of 5 years; however, on the initial appointment, 3 shall be appointed for 2 years, 2 appointed for 3 years, 2 appointed for 4 years, and 2 appointed for 5 years. Each shall serve until his successor is appointed and qualified. Any vacancy shall be filled for the unexpired term.

227-C:7 Powers and Duties of the Council. The council shall have the power and duty to:

I. Approve nominations to the national register of historic places.

II. Review and recommend the approval of the state survey of historic properties undertaken in accordance with the provisions of this chapter.

IV. Review and recommend application by the division for federal and other available funds.

V. Review and recommend the removal of properties from the national register.

VI. Otherwise act in an advisory capacity to the division of historical resources.

VII. Administer all federal funds received for historic preservation.

227-C:8 Organization. The council shall elect a chairman and vice-chairman and

establish such rules of procedure as it deems necessary.

227-C:9 Expenses. All members of the council shall serve without compensation but may receive reimbursement for necessary travel and subsistence expenses incurred by them in the performance of the duties of the council.

38 Reference Change. Amend RSA 227-C:11, II(d) (supp) as inserted by 1981, 504:5 by striking out said subparagraph and inserting in place thereof the following:

(d) Any object, or group of objects, and the district, area, or site they define, which may yield significant data but whose value and significance has yet to be determined by the division;

39 Reference Change; Hearings. Amend RSA 227-C:13, V (supp) as inserted by 1981, 504:5 by striking out said paragraph and inserting in place thereof the following:

V. The commissioner may conduct hearings upon receiving written complaint from any person, including a council member, concerning the issuance, denial of issuance, revocation, suspension, extension, or refusal of extension of any permit issued under this chapter.

40 Reference Change; Rulemaking. Amend the introductory paragraph of RSA 227-C:14, III (supp) as inserted by 1981, 504:5 by striking out said paragraph and inserting in place thereof the following:

III. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the fair and equitable division of historic resources recovered from a permitted field investigation, provided that:

41 Discontinuance of Library. Amend RSA 202-A:18 as inserted by 1963, 46:1 by striking out said section and inserting in place thereof the following:

202-A:18 Discontinuance of Library. Any town now maintaining a public library established by expenditure of town funds may by majority vote at a regular town meeting discontinue said library. In case of such discontinuance, the library property of the town may be loaned or disposed of by the library trustees, subject to the approval of the commissioner of libraries, arts and historical resources. The provisions of this section shall not apply in cases where a public library has been acquired by the town in whole or in part by donation or bequest.

42 Salaries.

I. Amend RSA 94:1-a (supp) as inserted by 1975, 505:28 as amended by striking out:

(a) In Group K, executive director, commission on the arts.

(b) In Group N, state librarian.

II. Amend RSA 94:1-a (supp) as inserted by 1975, 505:28 as amended by inserting the following:

(a) In Group O, commissioner, libraries, arts and historical resources.

43 Repeals. The following are hereby repealed:

I. RSA 19-A:6, relative to powers of the New Hampshire commission on the arts.

II. RSA 201-A:12; 201-A:14; 201-A:15; and 201-A:17, relative to the state library commission, the state librarian and the assistant librarian.

III. RSA 227-C:5, III and 227-C:5, XI, relative to federal funds for historic preservation.

44 Effective Dates.

I. Sections 1, 2, 1, 2, II, 3, 4, 5, 6 and 42, II(a) of this act shall take effect July 1, 1985.

II. The remainder of this act shall take effect when the department of libraries, arts and historical resources becomes operational on the date set according to laws of 1983, 372:5, II.

Amendment adopted.

Ordered to third reading.

HB 337, relative to the filing period for declarations of candidacy and for party committees. Ought to Pass.

The Committee believes that the change in time for filing a declaration of candidacy will clarify the nomination process and enable party committees to fill ballot vacancies before the expiration of the filing period. Vote 9-0. Rep. Beverley B. Bryant for Constitutional and Statutory Revision.

Rep. Rounds offered an amendment.

Amendment

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Changing Filing Period for Declaration of Candidacy. Amend the introductory paragraph of RSA 655:14 (supp) as inserted by 1979, 436:1 as amended by striking out in line 7 the words "third Wednesday in June" and inserting in place thereof the following (Friday of the following week) so that said paragraph as amended shall read as follows:

The name of any person shall not be printed upon the ballot of any party for a primary unless he is a registered member of that party, he shall have met the age and domicile qualifications for the office he seeks at the time of the general election, he meets all the other qualifications at the time of filing, and he shall file with the appropriate official between the first Wednesday in June and the Friday of the following week a declaration of candidacy as provided in RSA 655:17, and

The Clerk read the amendment.

Rep. Rounds explained the amendment.

Amendment adopted.

Ordered to third reading.

HB 93, relative to polygraph tests. Inexpedient to Legislate.

The Committee believes that the intent of the bill's sponsor is laudable, however, there is a clear and legitimate need by private employers to use polygraph tests as one of many methods to ascertain the truth. A good example of this is in our defense-related industries where the polygraph is used

to detect cases of theft and espionage. In addition, there is another house bill which addresses any concerns of abuse by requiring the licensing of polygraph examiners. Vote 10-3. Rep. Marc Chretien for Judiciary.

Rep. August moved that the words, Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate, spoke to his motion and withdrew his motion. Resolution adopted.

Rep. Rounds offered the following:

RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 20, 6, 14, 9, 16 and 19, shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

PERSONAL PRIVILEGE

Rep. Ward addressed the House under personal privilege.

Thank you Mr. Speaker, colleagues.

This is the first time I have come to the microphone in this session and those of you who were here before are probably surprised that I have been so quiet. I have been preoccupied obviously with reorganization. We debated this morning and again early this afternoon to talk to you about the bill that you have already passed creating a new Department of Libraries, Arts and Historic Affairs. It didn't seem necessary because you've all been mailed a copy and have been extremely supportive and extremely enthusiastic.

I did not feel that we should let pass the fact that you have passed your first piece of reorganization legislation in this session. It did not come to you in a package like the budget comes, take it or leave it. It did not come to you overwhelmingly. It did not come to you in any other frame except that in the usual and customary legislative process--public

hearings, input, subcommittee work, working with all of the affected people, both the players themselves and the policy committee that would ordinarily have jurisdiction in these areas--all of the legislative processes. It did not come as a camel; it didn't come with two heads. It came as a usual bill.

Now, why I asked personal privilege was to call your attention to what you've done today, and we thank you for it, and you're going to thank yourselves for it because it is a good piece of legislation. As the session goes by, we will be bringing out other bills and you will be asked in the regular process of addressing each of those bills individually. Some you may like better than others. Some you may not like at all and some you may be very enthusiastic about. That will be your choice.

However, what I do call your attention to is a mailing that went to every single one of you legislators from an elected person on the Executive Branch of Government, not a fellow legislator, but the third co-equal branch of the government, that was filled with so much misinformation that it cannot go unchallenged.

I believe one of the main things was the point that has been made over and over again by this individual in the airwaves, the weekly newspapers, the throw-a-way shoppers and in every other means possible, even though that person has sat down and been briefed through the whole council, been briefed through all of the bills, been briefed in any area possible. The misinformation continues to be repeated.

The anniversary of reorganization by you, the legislator, not the Executive Branch, not by a consultant hired from out-of-state to come in and tell us what we need, but, by ourselves--the Legislature, looking at the government that we have created and we fund.

This is the anniversary. It is five years ago this March, under House Speaker George Roberts, that this was first addressed--the second half of the 1979 Session. I personally was not even a player. I was gliding along lovely as the Chairman of Regulated Revenues, not knowing what was happening to the government as a whole.

I then came on board in 1981. I assure you that between '81 and as I stand here today, your Joint Committee on Reorganization took one month off each of the intervening summers. There is no bill, including the one that you voted on today, that will come before you that has less than two full years and many of which have three and a half, and we are now into the fourth year of study, of evaluation, meeting with the players, and what we call sugaring down.

Our first task was to lay out in one document the entire State Government. That's no easy task; it took a long time to even find all of our State Government. From there, we are now long passed the fourth revision, not that we keep changing our mind every day, but the sugaring down that comes when you try to address the entire State Government functionally, not policy, functionally--how it will work--duplication, overlapping, best use of our equipment, best

use of our computer technology, best use of our personnel on a functional basis. We don't know all of the players; we don't want to know all of the players. We are not doing it on personalities; we are not doing it on vested interest; we are not doing it on bias. We are trying and endeavoring, in every manner possible, to look at it functionally, and, I believe that as each piece of legislation comes before you it will bear your careful look, your evaluation--we are listening to you, we are working with the policy committees, we are revising wherever possible to work out something that would functionally address our state government.

We have grown from less than 80 agencies in 1970, 15 years later as I stand here this afternoon, to an identified 159; there are still a few more out there that we are really not quite sure about. Those are separate units of government that have a budget; they have personnel; they have equipment; they have a life expectancy on end in the state government. That is not to say that anything is going to be automatically eliminated or done away with. We are coming to you with the proposals. All we ask is that you as good legislators--you elected to run for office from this branch of government--and your responsibility is to make the laws by which this state is served and this government operates; and, I feel ever-confident that you will do exactly that. I thank you.

Rep. Sytek moved that Rep. Ward's remarks be printed in the Journal.
Adopted.

Rep. Rounds moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Tuesday, March 19 at 1:00 p.m.
Adopted.

Major Cray of the State Police presented testimony indicating that this bill is totally unnecessary. Vote 14-0. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

HB 91, relative to counting absentee ballots. Ought to Pass.

This bill changes the time for commencement of processing of absentee ballots from 3:00 p.m. to not earlier than 11:00 a.m. on Election Day. The Committee supports this legislation

because it will enable town clerks to check and process absentee ballots (in preparation for counting) before the polls close. Testimony indicated that in some towns the additional time needed for processing would make this advisable. Vote 8-0. Rep. Beverley B. Bryant for Constitutional and Statutory Revision.

HB 354, eliminating the checkout procedure on election day. Inexpedient to Legislate.

The Committee feels the checkout procedure is a necessary step. In close elections it gives the moderator another means of verifying the vote. It is also another way of curbing election fraud. Vote 8-0. Rep. Mary J. Shriver for Constitutional and Statutory Revision.

HB 424, relative to placing a candidate's name on the ballot when he is the candidate of more than one party. Inexpedient to Legislate.

The Committee feels that the problem addressed in this bill is one of vote counting and not candidate delineation on the ballot. Furthermore, it would be impossible to put names side-by-side in each party column on the general election ballot because there would not be enough room. Vote 8-0. Rep. Carol H. Holden for Constitutional and Statutory Revision.

HB 228, relative to continuing education for real estate brokers. Refer for Interim Study.

This bill is a follow-up on the current law. It is better to await results of current training efforts before acting to change requirements.

Vote 21-0. Rep. William F. McCain for Executive Departments and Administration.

HB 330, relative to the taking of deer. Refer for Interim Study.

After much deliberation the Committee felt that this bill needed further study. Also, there is the possibility that home rule could solve the problem. Vote 16-0. Rep. Anita A. Flynn for Fish and Game.

SB 13, relative to certain wild birds. Ought to Pass.

This bill removes the feral pigeon from the list of migratory game birds. Vote 16-0. Rep. Laura A. Pantelakos for Fish and Game.

HB 163, relative to closure of food service establishments. Ought to Pass with Amendment.

The Committee was unanimous (19-0) in support of giving the Director of Public Health the authority to close food service establishments when the physical condition of place of business is found to be unsanitary. The actual inspectors do not close the places, but make their recommendations to the Director who makes the final decision. It seems illogical that public health officials

can close a place for structural reasons or order firing of food handlers with communicable disease, but not have authority to close the same place due to unsanitary conditions with the building itself. Rep. Marion L. Copenhaver for Health and Human Services.

Amendment

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Effective Date. This act shall take effect upon its passage.

HB 227, relative to food service licensure. Ought to Pass with Amendment. The Committee, as well as various health officials around the state, believe that this bill is necessary and long overdue in New Hampshire. It will supply the Division of Public Health with a list of establishments and will give the Division the power to refuse to issue, or to revoke or suspend, a license. This not only maintains the health and safety of the public, but also gives food service establishments more credibility and respect in the eyes of the public. Vote 18-0. Rep. Audrey A. Carragher for Health and Human Services.

Amendment

Amend the bill by striking out RSA 143-A:3, V as inserted by section one of the bill and inserting in place thereof the following:

V. "Occasional food service establishment" means any food service establishment operated by a private or public organization or institution, whether profit or non-profit, which prepares food or drink for sale or for service, and any other eating or drinking establishment or operation where food is served or provided for the public with or without charge, no more than 5 days during a 30 day period.

HB 269, relative to sexual assault. Inexpedient to Legislate.

This bill is intended to extend "retaliation" under the sexual assault statute to cover a threat of any kind of imprisonment. By changing the phrase "false imprisonment" it may create a loophole. The Committee feels that threat of legal imprisonment would be covered as a threat of "public humiliation or disgrace." Vote 13-0. Rep. Thomas U. Gage for Judiciary.

HB 272, relative to mortgages. Ought to Pass with Amendment.

The bill simplifies the law on priority of mortgages, particularly with respect to lines of credit, by combining laws now contained in two sections of law into one updated section. The amendment corrects the original repeal section of the bill which would have repealed a section outside the scope of this legislation, and decreases the scope somewhat. Vote 12-1. Rep. Francis E. Robinson for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Priority of Advances Under a Recorded Mortgage. Amend RSA 479:3 by striking out said section and inserting in place thereof the following:

479:3 Priority of Advances Under a Recorded Mortgage. Subject to the provisions on priority in RSA 447:12-a, a recorded mortgage takes priority as of the date of its recording as to advances or obligations thereafter made or incurred that do not exceed the maximum amount stated in the mortgage.

2 Repeal. RSA 479:4, relative to priority.

3 Effective Date. This act shall take effect 60 days after its passage.

HB 274, relative to the office of county attorney. Refer for Interim Study.

The Committee feels that the current method of filling interim vacancies in the office of County Attorney unduly prejudices and politicizes the Superior Court. Further study is needed in order to determine an alternative method of appointment. Vote 10-3. Rep. Thomas U. Gage for Judiciary.

HB 275, removing double damages for injuries by dogs. Ought to Pass with Amendment.

House Bill 275 repeals an "ancient" provision of law which allows for double damage awards in cases of injury by dogs. The Committee feels there is no justification for singling out these injury awards as meriting double recovery. For example, a person injured in a car accident is no less injured or more deserving of an award than someone who has been bitten by a dog. Under current law, however, the dog bite victim could recover double the reward. HB 275 repeals a section of the law that is unneeded and which discriminates against canine Americans and their loving owners. The amendment changes the effective date to January 1, 1986. Vote 13-1. Rep. Thomas U. Gage for Judiciary.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Effective Date. This act shall take effect January 1, 1986.

HB 296, relative to the disorderly conduct law. Ought to Pass with Amendment. The bill removes the requirement that a person must "know" he is engaging in conduct which is disorderly to be found guilty of certain forms of disorderly conduct, but it retains that requirement in case of an order by a peace officer to move from a public place. The bill also includes recklessly creating a risk of breach of the peace among the legal

descriptions of disorderly conduct.
Vote 13-0. Rep. Francis E. Robinson for
Judiciary.

Amendment

Amend RSA 644:2, II(e) as inserted by
section 1 of the bill by striking out same
and inserting in place thereof the following:

(e) knowingly refuses to
comply with a lawful order of a peace
officer to move from any public place; or

Amend RSA 644:2, III as inserted by
section 1 of the bill by striking out same
and inserting in place thereof the following:

III. He purposely causes a breach
of the peace, public inconvenience,
annoyance or alarm, or recklessly creates a
substantial risk thereof, by:

(a) making loud or
unreasonable noises in a public place, or
making loud or unreasonable noises in a
private place which can be heard in a public
place or other private places, which noises
would disturb a person of average
sensibilities; or

(b) disrupting the orderly
conduct of business in any public or
governmental facility; or

(c) disrupting any lawful
assembly or meeting of persons without
lawful authority.

HB 322-FN, eliminating the filing fee
for charitable trusts when the market value
of trust property is less than \$10,000.
Ought to Pass.

This bill benefits a number of small
trusts in this state by removing the
burden of paying an annual filing fee.
Vote 13-0. Rep. Marc Chretien for
Judiciary.

HB 326, relative to escape from county
houses of correction. Inexpedient to
Legislate.

The subject matter contained in this
bill will be better addressed under HB
360. The sponsor requests that the
report be Inexpedient to Legislate.
Vote 13-0. Rep. Thomas U. Gage for
Judiciary.

HB 313, relative to the workers'
compensation advisory council. Ought to
Pass.

This measure would allow the
Commissioners of Labor and Insurance to
designate a qualified individual from
their respective agencies to represent
them, if they cannot be present for a
meeting of the Advisory Council on
Workers' Compensation. It also removes
the staggered terms originally set when
the Council was established. Vote
11-0. Rep. Robert S. Hawkins for Labor,
Industrial and Rehabilitative Services.

HB 427-FN, increasing the per diem for
members of the public employee labor
relations board. Ought to Pass.

This bill increases the per diem rate
from \$25 to \$50 for members of the
Public Employee Labor Relations Board, a
quasi-judicial group, appointed by
Governor and Council under provisions of
RSA 273-A. They are a respected and
under-compensated
board who have served at the \$25 per
diem rate since the law's inception in
1975. Vote 11-0. Rep. Henry E. Wells
for Labor, Industrial and Rehabilitative
Services.

Referred to Appropriations.

HB 205, repealing statutes affecting an
agency that has been sunsetted. Ought to
Pass.

This bill provides for the repeal of the
statutory provisions relative to an
agency that has been sunsetted,
following the nine-month period provided
for the agency to wind up its affairs.
The first section of the bill amends the
Sunset Law (RSA 17-G) and the second
section repeals the statutes of those
entities which have been sunsetted in
previous sessions. Vote 14-0. Rep.
James A. Chandler for Legislative
Administration.

HB 209, relative to gifts to the state.
Inexpedient to Legislate.

The judicial and legislative branches of
state government are and have been
receiving and accepting gifts. The
precedent and principle having been
established and accepted, there is no
need to amend the statutes. Vote 14-0.
Rep. James A. Chandler for Legislative
Administration.

HB 96, amending certain planning and
zoning statutes. Ought to Pass with
Amendment.

This bill represents the work of over a
year by a Subcommittee appointed per HBI
2008. The amendment restores existing
law which inadvertently got deleted in
the processing of the bill. Vote 19-1.
Rep. Richard A. Grodin for Municipal and
County Government.

Amendment

Amend RSA 675:5 as inserted by section
24 of the bill by striking out same and
inserting in place thereof the following:

675:5 Zoning Ordinance Protest Petition.

I. Zoning regulations, restrictions and boundaries may from time to time be amended or repealed. In case of a protest against a zoning change signed by either:

(a) The owners of 20 percent of the area of the lots included in such proposed change; or

(b) The owners of 20 percent of the area within 100 feet immediately adjacent thereto or across a street therefrom, such amendment or repeal shall not become effective except by the favorable vote of 2/3 of all the members of the legislative body present and voting.

II. In order to have any protest considered pursuant to paragraph I:

(a) The owners signing the petition shall identify themselves on the petition by name and address, and by address of the property involved, or by lot and map number, or by whatever other means is used within the town or village district to identify the land in question, so that the selectmen or commissioners may identify such owners as interested and affected parties; and

(b) The signed protest petition shall be submitted to the selectmen or village district commissioners at least 7 days prior to the town or village district meeting; provided, however, that each protest petition shall apply to only one article on the warrant. A notice of receipt of the protest petition shall be posted at the polling place, and the moderator shall announce at the opening of the town meeting that a protest petition has been received.

HB 187, relative to antitrust liability of municipalities in planning and zoning. Ought to Pass.

This legislation intends to immunize municipalities from the threat of antitrust litigation stemming from planning and zoning decisions necessary to carry out the provisions of RSA 672 through 677. It is consistent with the grant of power to municipalities regarding planning and zoning. It intends to convey a clearly articulated and affirmatively expressed state policy. Although the Local Government Antitrust Act of 1984, United States Congress, eliminated the threat of triple damages to municipalities and to individuals acting in an official capacity; this statute is necessary because without it, municipalities would remain vulnerable to very expensive litigation, actions so costly that even if a suit resulted in an ultimate victory, the costs might be catastrophic. The Attorney General supports this bill. Vote 20-1. Rep. Richard A. Grodin for Municipal and County Government.

HB 208, relative to penalties for violations of the planning and zoning statutes. Ought to Pass with Amendment. The amended version of the bill was presented by the sponsor. It (1) makes the bill compatible with HB 96 if it is passed into law, (2) deletes a sentence

which the New Hampshire Realtors Association found objectionable. Vote 20-0. Rep. Richard A. Grodin for Municipal and County Government.

Amendment

Amend RSA 676:17, IV as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

IV. The superior court may, upon a petition filed by a municipality and after notice and a preliminary hearing as in the case of prejudgment attachments under RSA 511-A, require an alleged violator to post a bond with the court to secure payment of any penalty or remedy or the performance of any injunctive relief which may be ordered or both. At the hearing, the burden shall be on the municipality to show that there is a strong likelihood that it will prevail on the merits, that the penalties or remedies sought are reasonably likely to be awarded by the court in an amount consistent with the bond sought, and that the bond represents the amount of the projected expense of compliance with the injunctive relief sought.

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Contingency Provision. If HB 96 of the 1985 regular session of the general court, "An Act amending certain planning and zoning statutes," becomes law, RSA 676:17 shall read as follows:

676:17 Fines and Penalties.

I. Any violation of this title or any violation of a local ordinance, code, or regulation adopted pursuant to this title may be made punishable, as determined by the local governing body, by either:

(a) A civil fine of not more than \$100 for each day that such violation is found by a court to continue after the conviction date or after the date on which the violator receives written notice from the municipality that he is in violation of any ordinance or regulation adopted under this title, whichever date is earlier; or

(b) A criminal penalty, which shall be:

(1) A misdemeanor if the violation is committed by a natural person; and

(2) A felony if the violation is committed by any other person.

II. In any legal action brought by a municipality to enforce, by way of injunctive relief as provided by RSA 676:15 or otherwise, any local ordinance, code or regulation adopted under this title, or to enforce any planning board, zoning board of adjustment or building code board of appeals decision made pursuant to this title, or to seek the payment of any fine levied under paragraph 1, the municipality may recover its costs and reasonable attorney's fees actually expended in pursuing the legal action if it is found to be a prevailing party in the action. For the purposes of this paragraph, recoverable costs shall include all out-of-pocket expenses actually incurred, including but not limited to,

inspection fees, expert fees and investigatory expenses.

III. If any violation of a local ordinance, code or regulation, or any violation of a planning board, zoning board of adjustment or building code board of appeals decision, results in the expenditure of public funds by a municipality which are not reimbursed under paragraph II, the court in its discretion may order, as an additional civil penalty, that a violator make restitution to the municipality for such funds so expended.

IV. The superior court may, upon a petition filed by a municipality and after notice and a preliminary hearing as in the case of prejudgment attachments under RSA 511-A, require an alleged violator to post a bond with the court to secure payment of any penalty or remedy or the performance of any injunctive relief which may be ordered or both. At the hearing, the burden shall be on the municipality to show that there is a strong likelihood that it will prevail on the merits, that the penalties or remedies sought are reasonably likely to be awarded by the court in an amount consistent with the bond sought, and that the bond represents the amount of the projected expense of compliance with the injunctive relief sought.

5 Effective Date. This act shall take effect January 1, 1986.

HBI 2003, relating to private firefighter certification. Inexpedient to Legislate.

The New Hampshire Department of Safety (State Fire Marshal) conducted public hearings in 1983, and developed detailed criteria for the employment of contract firefighting services. Great responsibility is placed on municipal officials in the negotiation of contracts for firefighting services. This Committee will advise the State Fire Marshal of areas in the existing regulation which may be further clarified and strengthened. Vote 16-0. Rep. Arthur J. Locke for Public Protection and Veterans Affairs.

HB 102-FN, relative to sunset review of the daily number game. Ought to Pass. Renews PAU for daily number game for six years. Vote 14-0. Rep. Lynn C. Horton for Regulated Revenues.

HB 125-FN, relative to sunset review of pari-mutuel laboratories. Ought to Pass. The Committee reviewed the sunset report and conferred with the Pari-Mutuel Commission concerning Pari-Mutuel Laboratories. It was the unanimous feeling that this bill ought to pass and renew the laboratories for another six years. Vote 14-0. Rep. Robert N. Kelley for Regulated Revenues.

HB 282-FN, increasing the per diem fee paid by a racing licensee to the town in which the racing plant is located on Saturdays and holidays. Refer for Interim Study.

The Committee feels that license fees should all be studied. Placing this bill in interim study will not deprive the town of Salem of any revenues since this bill, as proposed to be amended, would not generate added revenues for Salem until May, 1986 and the interim study report should be completed by then and enacted, if felt necessary. Vote 14-0. Rep. James D. Phelps for Regulated Revenues.

HB 290-FN, relative to Sunday and holiday openings of state liquor stores. Inexpedient to Legislate.

The Committee felt that this bill and its provisions could be more appropriately addressed through labor negotiation channels. Vote 17-0. Rep. Robert N. Kelley for Regulated Revenues.

HB 408, establishing a committee to study the feasibility of divestiture of state liquor stores and making an appropriation therefor. Inexpedient to Legislate.

The Liquor Commission has been sufficiently studied in recent years. Vote 17-0. Rep. James D. Phelps for Regulated Revenues.

HB 241, eliminating the hydro-energy power promotion functions of the water resources board. Ought to Pass with Amendment.

This bill, as amended, removes the responsibility for promoting hydro-energy projects from the Water Resources Board, the same agency responsible for regulating these projects. The amendment also requires notification of the owner of a dam prior to a developer filing for a Federal Energy Regulatory Commission license to develop the site. The municipal governing body, Conservation Commission and Planning Board of the town in which the dam is located shall also be notified. Vote 16-4. Rep. Howard C. Dickinson for Resources, Recreation and Development.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Eliminating Board's Promotion Function. Amend RSA 481:1, I as inserted by 1981, 505:1 by striking out said paragraph and inserting in place thereof the following:

1. It is declared that there is a statewide need for conservation and distribution of water and the regulation of the flow of rivers and streams, and for the development of hydro-energy resources, balanced with the need for wildlife conservation and recreational and esthetic uses; and that the public interest, welfare and necessity may at times, require the construction of projects for the conservation, development, storage, distribution, and utilization of water and the operation of hydro-energy production facilities relying on water energy resources. The corporation authorized under

this chapter shall be regarded as performing a governmental function in carrying out these provisions. In carrying out the provisions and purposes of this chapter, the corporation shall not, however, perform promotion activities which involve new or existing hydroelectric generation projects.

2 Notice Required. Amend RSA 481 by inserting after section 10 the following new section:

481:10-a Notice Required for Hydroelectric Generation Projects.

I. Every person who intends to apply to the Federal Energy Regulatory Commission for the permits and licenses necessary for the development, construction, or reconstruction of a hydro-energy project shall place, at least 30 days prior to making such an application, a notice of his intent in at least 2 local newspapers in the area where the proposed work is to be done and shall notify the following by certified mail, return receipt requested, that he intends to undertake a hydro-energy project:

(a) The owners of the dam site of the proposed project.

(b) The local governing body, planning board and conversation commission of each municipality in which the project is sited.

II. The notice required in paragraph I shall include a brief description of the project for which licensing is to be sought, as well as a statement by the developer explaining the purpose of the project and his reasons for the development of a hydroelectric generation project.

III. The water resources board and the wetlands board shall deny a person violating this section any permit necessary for study and subsequent construction of the proposed project. The water resources board and wetlands board shall notify the Federal Energy Regulatory Commission of any denial under this section.

3 Dam Repairs; Notice to Board Required. Amend RSA 482:3, I (supp) as inserted by 1983, 432:1 by striking out in line one the words "construction or reconstruction" and inserting in place thereof the following (construction, reconstruction, or repair) so that said paragraph as amended shall read as follows:

I. No person shall begin the construction, reconstruction, or repair of any dam until 10 days after he has filed with the water resources board a statement of the height of the proposed dam and the location at which it is to be erected and such other information as the board may require.

4 Plans Required. Amend RSA 482:4 (supp) as amended by striking out said section and inserting in place thereof the following:

482:4 Plans Required.

I. Within 10 days after the receipt of the statement required under RSA 482:3, if the water resources board shall be of the opinion that the proposed dam, if improperly constructed, reconstructed, or repaired would be a menace to the public safety, it shall so notify the owner or applicant, and the construction, reconstruction, or repair of such dam shall

not be commenced until plans and specifications therefor shall have been filed with and approved by the board.

II. In addition to the information requested regarding the construction, reconstruction, or repair of said dam, the applicant shall also submit to the board an additional filing fee, which shall go into the general fund as unrestricted revenue, based on the classification of a dam as follows:

(a) Class "A" dam - \$100

(b) Class "B" dam - \$250

(c) Class "C" dam - \$500

5 Effective Date. This act shall take effect 60 days after its passage.

HB 311, relative to the legislative dam management review committee and the acquisition of Black reservoir dam and water rights. Ought to Pass with Amendment.

This bill expands and clarifies the criteria used to judge whether or not the state should accept title to a private dam. In addition, it authorizes the state to take title to the Black Reservoir Dam which was thought to be owned by the state since 1970. Vote 16-0. Rep. Howard C. Dickinson for Resources, Recreation and Development.

Amendment

Amend the bill by renumbering the second section 2 to read as follows:

3

Amend the bill by renumbering section 3 to read as follows:

4

Amend the bill by striking out section 4 and renumbering said section as follows:

5 Effective Date. This act shall take effect upon its passage.

Referred to Appropriations.

HB 324, relative to operation of boats on Mendums pond in the town of Barrington. Inexpedient to Legislate.

The Committee felt that small lakes in the state have incompatible uses between power boat operators and swimmers and canoeists. But, Safety Services has a process for addressing problems of the bill's nature. This process should be pursued in this case. Vote 15-2. Rep. Charles L. Vaughn for Resources, Recreation and Development.

HB 393-FN, relative to the water supply and pollution control commission and making an appropriation therefor. Ought to Pass.

The bill raises the fees due to the state for reviewing and inspecting subdivisions and sewage disposal systems. Fees for designers and installers of waste disposal systems are also raised. The Commission is

authorized to hire additional inspection and clerical personnel. Vote 13-1. Rep. James A. Whittemore for Resources, Recreation and Development.

Referred to Appropriations.

HB 429-FN, appropriating funds for participation in the federal groundwater mapping program. Ought to Pass.

The quality and quantity of New Hampshire's groundwater is of major concern to all. The Committee unanimously (14-0) and strongly endorses this legislation which will provide for mapping aquifers and recharge areas. Rep. James A. Whittemore for Resources, Recreation and Development.

Referred to Appropriations.

HB 451-FN, relative to fees charged by the wetlands board and making an appropriation for dam inspection. Ought to Pass with Amendment.

The bill modestly increases fees to enable the Wetlands Board better to perform its legislative mandate. The amendment, requiring plans to accompany applications for "minor" projects, is designed to eliminate widespread dissatisfaction with the Board's method of processing applications. Vote 16-0. Rep. Richardson Blair for Resources, Recreation and Development.

Amendment

Amend RSA 483-A:1, I as inserted by section one of the bill by striking out same and inserting in place thereof the following:

I. No person shall excavate, remove, fill, dredge or construct any structures in or on any bank, flat, marsh, or swamp in and adjacent to any waters of the state without written notice of his intention to construct, excavate, remove, fill or dredge to the wetlands board. The notice shall be sent to the wetlands board and shall be accompanied by a filing fee. The filing fee shall be \$10 for minimum impact projects, \$25 for minor projects, and \$100 for major projects. At the time of filing with the wetlands board, said person shall also file 3 copies of the notice, with a detailed plan, including a map showing the exact location of the proposed project with the town or city clerk. The town or city clerk shall immediately send a copy of the notice to the selectmen, mayor or city manager, the municipal planning board, if any, and the municipal conservation commission, if any, and may require an administrative fee not to exceed \$2. The copies of the notice shall be made reasonably accessible to the public.

Referred to Appropriations.

HB 387-FN, relative to funds for the automated information system in the state library. Ought to Pass.

House Bill 387 presents an exciting concept for the State Library and its

users with the advent of bar coding capabilities. Vote 16-0. Rep. Sara M. Townsend for State Institutions and Housing.

HB 430-FN, to subdivide the youth development center campus and apply the proceeds to establish regional youth facilities. Refer for Interim Study.

The Committee felt that any recommended disposal of this property was premature in view of other studies presently being initiated regarding the role, function, and future of the Youth Development Center. Vote 13-0. Rep. Ralph Parker for State Institutions and Housing.

HB 281, requiring motor vehicle lights to be turned on under any conditions in which visibility is poor. Inexpedient to Legislate.

The Committee felt this bill weakened the present statute inasmuch as turning on lights for 1000 feet visibility gives better coverage than requiring lights to be turned on when visibility is only 200 feet. The second part of the bill, linking the display of lights and the operation of windshield wipers, had merit, but seemed to present a most difficult enforcement situation. Vote 7-1. Rep. Roger Stewart for Transportation.

COMMITTEE REPORTS (Regular Calendar)

HB 267, prohibiting the cancellation of leases, contracts, and other agreements by use of minimum and maximum gasoline or diesel fuel volume requirements. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: The majority of the Committee felt that this was a very narrow, special interest bill. The bill was introduced prior to the resolution of the conflict in question. Also, the Attorney General's Office expressed major concerns with possible deceptive practice problems and the establishment of fair and enforceable contracts. Vote 13-5. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

MINORITY: In the opinion of the minority, the majority report does not recognize that without enactment of HB 267, the survival of service station dealers providing maintenance services is in jeopardy. Furthermore, the majority report does not indicate the consequences of minimum volume requirements. The minimum in this case refers to every dealer; not just one. The defeat of this bill will give major oil companies a carte blanche approval to cancel every small gasoline dealer they desire. Even though the companies stated the problems relating to HB 267 have been resolved as of March 6, 1985, there has not been any correspondence from the supplier to their dealers indicating the problem of future cancellations has been resolved.

The majority report fails to recognize the strong support for this legislation at the hearing which included one Executive Councilor, six Senators, ten Representatives and others. (Reps. Lawrence J. Guay, A. Leslie Burns, Tom Longworth, Patricia H. Foss and William A. Varkas for the Minority.)

Rep. Palumbo moved that the words, Refer for Interim Study, be substituted for the report of the Majority, Inexpedient to Legislate, and spoke to his motion.

Reps. Dickinson and Guay spoke in favor of the motion.

Motion adopted.

HB 267 was referred for Interim Study.

CACR 16, relating to the term of the governor. Providing that the term shall be 4 years. Ought to Pass.

This question has appeared on the ballot several times with increasing affirmative vote. The function of the Legislature is to place on the ballot questions which appear to be important to the voters and the very close vote in 1984 warrants another try. The Committee believes a 4-year term will permit more effective long range plans, but it will not permit improper use of the office because there is a new Governor's Council every 2 years. The Committee believes it will be easier for a new Governor to employ top level executives when he can guarantee four years of active support. Vote 8-0.
Rep. Joseph M. Eaton for Constitutional and Statutory Revision.

Rep. Scott Green spoke against the Committee report.

Rep. Joseph Eaton spoke in favor of the Committee report and yielded to questions.

HB 142-FN, relative to sunset review of agricultural regulations program. Ought to Pass with Amendment.

As amended, this bill combines the Pesticides Law and Economic Poisons Law, as suggested by the Sunset Committee. Vote 16-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

Amendment

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 Pesticide Control. Amend RSA 149-D as inserted by 1965, 368:1 as amended by striking out said chapter and inserting in place thereof the following:

CHAPTER 149-D PESTICIDES CONTROLS

149-D:1 Declaration of Purpose. The purpose of this chapter is to recognize the benefits of chemical pesticides in the economy of the state when applied in a safe, scientific, and proper manner; to safeguard public health and welfare and public assets in the soils, waters, forests, wildlife, and other natural resources of the state by insuring proper application of chemical pesticides; to provide for the scientific measuring and monitoring of residual pesticides in the waters and other natural resources of the state, and to establish accurate records of pesticides use in the state without superseding controls presently in force.

149-D:2 Definitions. In this chapter:

I. "Active ingredient" means in the case of:

(a) A pesticide other than a plant regulator, defoliant, or desiccant, an ingredient which will prevent, destroy, repel, or mitigate insects, nematodes, fungi, rodents, weeds, or other pests;

(b) A plant regulator, an ingredient which, through physiological action, will accelerate or retard the rate of maturation or otherwise alter the behavior of ornamental or crop plants or the produce thereof;

(c) A defoliant, an ingredient which will cause the leaves or foliage to drop from a plant;

(d) A desiccant, an ingredient which will artificially accelerate the drying of plant tissue.

II. "Adulterated" means the state or condition of a pesticide where the strength or purity of the pesticide falls below the professed standard of quality as expressed on labeling under which it is sold, or where any substance has been substituted wholly or in part of the constituent of the pesticide as expressed on labeling under which it is sold, or where any valuable constituent of the article has been wholly or in part abstracted.

III. "Antidote" means the most practical immediate treatment in case of poisoning and includes first aid treatment.

IV. "Board" means the pesticides control board as established by this chapter.

V. "Commercial application" means any application of pesticides by a commercial applicator.

VI. "Commercial applicator" means any individual, corporation, partnership, municipality, governmental entity, or other legal entity of any kind who uses or supervises the use of any pesticide, other than a private applicator as defined in paragraph XXIX of this section.

VII. "Commercial applicator for hire" means any commercial applicator who applies any pesticide on property of another for consideration.

VIII. "Commissioner" means the commissioner of agriculture.

IX. "Defoliant" means any substance or mixture of substances intended for causing the leaves or foliage to drop from a plant, with or without causing abscission.

X. "Desiccant" means any substance or mixture of substances intended for artificially accelerating the drying of plant tissues.

XI. "Division" means the division of pesticide control as established within the department of agriculture.

XII. "Fungi" means all non-chlorophyll-bearing thallophytes (that is, all non-chlorophyll-bearing plants of a lower order than mosses and liverworts) as, for example, rusts, smuts, mildews, molds, yeasts, and bacteria, except those on or in living man or other animals.

XIII. "Fungicide" means any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any fungi.

XIV. "Herbicide" means any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any weed.

XV. "Inert ingredient" means an ingredient which is not an active ingredient.

XVI. "Ingredient statement" means a statement of the name and percentage of each active ingredient, together with the total percentage of the inert ingredients, in the pesticide; and if the pesticide contains arsenic in any form, a statement of the percentages of total and water soluble arsenic, each calculated as elemental arsenic.

XVII. "Insect" means any of the numerous small invertebrate animals generally having the body more or less obviously segmented, for the most part belonging to the class Insecta, comprising 6-legged, usually winged forms, as, for example, beetles, bugs, bees, flies, and to other allied classes of arthropods whose members are wingless and usually have more than 6 legs, as, for example, spiders, mites, ticks, centipedes, and wood lice.

XVIII. "Insecticide" means any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any insects which may be present in any environment whatsoever.

XIX. "Label or labeling" means the written, printed, or graphic matter on, or attached to, the pesticide, or the immediate container thereof, and the outside container or wrapper of the retail package, if there is one, of the pesticide.

XX. "Living unit" means an apartment or house for use by one family.

XXI. "Misbranded" shall apply to any pesticide:

(a) If its labeling bears any statement, design, or graphic representation relative thereto or to its ingredients which is false or misleading in any particular;

(b) If it is an imitation of or is offered for sale under the name of another pesticide;

(c) If the labeling accompanying it does not contain directions for use which are necessary for effecting the purpose for which the product is intended and, if complied with, together with any requirements imposed under section 3 (d) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended, are adequate to protect health and the environment;

(d) If the label does not contain a warning or caution statement which may be necessary and, if complied with together with any requirements imposed under section 3 (d) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended, would be adequate to protect health and the environment;

(e) If the label does not contain an ingredient statement on that part of the immediate container (and on the outside container and wrapper of the retail package, if there is one, through which the ingredient statement on the immediate container cannot be clearly read) which is presented or displayed under customary conditions of purchase; provided that the ingredient statement may appear prominently on another part of the container as permitted pursuant to section 2 (q) (2) (A) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended, if the size or form of the container makes it impracticable to place it on the part of the retail package which is presented or displayed under customary conditions of purchase;

(f) If any word, statement, or other information required by or under the authority hereof to appear on the labeling is not prominently placed thereon with such conspicuousness as compared with other words, statements, designs, or graphic matter in the labeling and in such terms as

to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use;

(g) If in the case of an insecticide, nematocide, fungicide, or herbicide, when used as directed or in accordance with commonly recognized practice, it shall be injurious to living man or other animals or vegetation, except weeds, to which it is applied, or to the person applying such pesticide; or

(h) In the case of a plant regulator, defoliant, or desiccant when used as directed it shall be injurious to living man or other animals, or vegetation to which it is applied, or to the person applying such pesticides; provided, that physical or physiological effects on plants or parts thereof shall not be deemed to be injury, when this is the purpose for which the plant regulator, defoliant, or desiccant was applied, in accordance with the label claims and recommendations.

XXII. "Nematode" means invertebrate animals of the phylum nemathelminthes and class Nematoda, that is, unsegmented round worms with elongated, fusiform, or saclike bodies covered with cuticle, and inhabiting soil, water, plants, or plant parts; may also be called nemas or eelworms.

XXIII. "Nematocide" means any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating nematodes.

XXIV. "Person" means any individual, governmental entity, firm, partnership, corporation, company, society, association, or any organized group of persons whether incorporated or not, and every officer, agent or employee thereof. This term shall import either the singular or plural as the case may be.

XXV. "Pest" means any plant, insect, rodent, fungi, animal, weed, other forms of plant or animal life, or virus, bacteria, or other micro-organism (except viruses, bacteria, or other micro-organisms on or in living man or other living animals) which exists in a place where it is not wanted, or in a quantity not wanted.

XXVI. "Pesticide" means:

(a) Any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any pest; and

(b) Any chemical or biological agent, or substance or mixture of substances of such agents, intended to control a pest or for use as a plant regulator, defoliant, or desiccant.

XXVII. "Pesticide dealer" means any person who is engaged in the business of distributing, selling, offering for sale, or holding for sale restricted use pesticides or state restricted use pesticides or any other pesticides for distribution directly to users. Exempt from the term "Pesticide dealer" are those persons whose sales are limited to pesticides in consumer sized packages which are labeled and intended for home and garden use only. This exemption does not apply to any person selling restricted use pesticides or state restricted use pesticides.

XXVIII. "Plant regulator" means any substance or mixture of substances intended, through physiological action, for accelerating or retarding the rate of growth or rate of maturation, or for otherwise altering the behavior of plants or the produce thereof, but shall not include substances to the extent that they are intended as plant nutrients, trace elements, nutritional chemicals, plant inoculants, and soil amendments. "Plant regulator" shall not be required to include any of such of those nutrient mixtures or soil amendments as are commonly known as vitamin-hormone horticultural products intended for improvement, maintenance, survival, health, and propagation of plants, and as are not for pest destruction and are nontoxic, nonpoisonous in the undiluted packaged concentration.

XXIX. "Private applicator" means an individual who uses or supervises the use of any pesticides for the purpose of producing any agricultural commodity on property owned or rented by him or his employer or, if applied without compensation other than trading of personal services between producers of agricultural commodities, on the property of another person.

XXX. "Registrant" means the person registering any pesticide pursuant to the provisions of this chapter.

XXXI. "Restricted use pesticide" means any pesticide or pesticide use which has been classified for restricted use by the administrator of the United States Environmental Protection Agency or by the board pursuant to this chapter.

XXXII. "Rodenticide" means any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating rodents or any other vertebrate animal which the division shall declare to be a pest.

XXXIII. "State restricted use pesticides" means any pesticide or pesticide use classified for restricted use by the pesticide control board.

XXXIV. "Weed" means any plant which grows where not wanted.

149-D:3 Pesticide Control Board.

I. A pesticide control board is established to consist of 9 members appointed by the governor with consent of the council, as follows:

- (a) the commissioner of agriculture;
- (b) a representative of the division of public health services;
- (c) a representative of the department of resources and economic development or the department of fish and game;
- (d) a representative of water supply and pollution control commission;
- (e) a licensed physician representing the public interest;
- (f) a person who possesses an advanced degree in one of the biological sciences representing the public interest;
- (g) a licensed or permitted pesticide applicator;
- (h) two persons representing the public interest who are not affiliated with the manufacture or distribution of

pesticides and who are neither commercial nor private applicators as defined in this chapter, and who do not otherwise fall within categories (a) through (g).

II. The term shall be 3 years except that of the original appointees under (e) through (h), 2 shall serve a 3-year term, 2 shall serve a 2-year term, and 2 shall serve a one-year term.

III. The board shall select its own chairman to serve a term of 3 years. All members shall be New Hampshire residents. The members representing the public interest shall not have any official or contractual relationship with, or receive any significant portion of their income from, any person subject to division permits or enforcement orders. Members shall disclose all potential conflicts of interest, and shall not vote on matters in which they have a direct interest. The board may elect other officers.

IV. The board shall meet 4 times annually, and from time to time at the call of the chairman or upon the request of any 3 members. Five members shall constitute a quorum.

V. Members are not entitled to compensation for their services but may receive reimbursement for their necessary traveling and other expenses while engaged in actual work of the board, and shall be paid from moneys appropriated for the purpose of this chapter.

149-D:4 Board Responsibility and Authority. The board shall:

I. Establish policies and goals relative to the sale and use of pesticides.

II. Hold hearings concerned with rulemaking and appeals of decisions of the division, issue notices of hearings, and take testimony. The board is not required to hold an oral hearing in situations where a person may be aggrieved by a decision of the division concerning the issuance of permits and certificates of registration, but may do so where in its discretion such a hearing is appropriate under the circumstances.

III. Receive and allocate federal grants and other funds or gifts for the purpose of carrying out any of the functions of this chapter.

IV. Adopt rules under RSA 541-A after public hearing relative to:

(a) the time, the place, and the conditions under which pesticides may be used by commercial applicators in different areas of the state if the board finds that such pesticides may be injurious to persons, animals, or crops, other than the pest or vegetation which it is intended to destroy, and may provide that pesticides shall be used only under permit of the board.

(b) the conditions and designate the vicinities for aircraft application of pesticides.

(c) an annual permit authorizing the repeated commercial applications of pesticides under a contract calling for applications of pesticides by several crews either at the same or different times, subject to the initial approval by the division of the methods and materials used. An example of this is the

application of pesticides to a high tension electric line right of way.

(d) development and administration of a state plan for certification of pesticide applicators pursuant to section 4(a) (2) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended.

(e) restrictions or prohibitions pertaining to the sale or use, or both, by commercial applicators or any other person of pesticides which the board finds to be injurious or reasonably likely to be injurious to man or other living things other than those the pesticides are intended to control.

(f) the types of commercial establishments where particular pesticides may be sold.

(g) conditions and procedures under which a public hearing shall be held prior to consideration of a request for a special permit for the aerial application of pesticides in residential neighborhoods.

(h) establishing standards for the packages, containers, and wrappers of pesticides registered for local needs. Such rules shall be consistent with the regulations promulgated by the United States Environmental Protection Agency pursuant to section 25(c) (3) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended.

(i) the collection, examination, and reporting of samples of pesticides.

(j) the safe handling, transportation, and disposal of pesticides and their containers.

(k) labeling requirements of all pesticides required to be registered under provisions of this chapter; provided that such rules shall not impose any requirements for federally registered labels in addition to or different from those required pursuant to the Federal Insecticide, Fungicide and Rodenticide Act, as amended.

(l) determining which pesticides with restricted uses or state restricted uses be distributed only by licensed pesticide dealers.

(m) procedures for the appeal process provided under RSA 149-D:17, I.

(n) criteria for eligibility for, and the limits on the use of, certificates of registration for commercial applicators, private applicators, and commercial applicators for hire.

(o) means to determine competency and ability of applicators to use pesticides in accordance with standards of the board.

(p) amounts of financial responsibility required of pesticide applicators, recordkeeping requirements and any other conditions that the board may require relative to criteria for licensing or issuance of permits, or renewal of said documents.

(q) development and administration of a state plan concerning the regulation of pesticide products for special local needs, pursuant to section 24(c) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended.

(r) information required in support of requests to register pesticides.

(s) requirements necessary for the state plan to receive authorization from the United States Environmental Protection Agency to issue experimental use permits.

(t) limit or prohibit the use of any pesticide for which an experimental use permit has been issued by the United States Environmental Protection Agency pursuant to section 5(a) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended, and which the board finds may cause unreasonable adverse effects on the environment.

(u) the coloration, or discoloration of pesticides to protect the public health.

(v) in order to avoid confusion endangering the public health, resulting from diverse requirements, particularly as to the labeling and coloring of economic poisons, to avoid increased costs to the people of this state due to the necessity of complying with such diverse requirements in the manufacture and sale of such poisons, and to secure uniformity between the requirements of the several states and the federal government relating to such poisons, after due public hearing, to adopt by rule such regulations applicable to and in conformity with the primary standards established by this chapter, as have been or may be prescribed by the United States Environmental Protection Agency with respect to pesticides.

(w) the rules required by RSA 149-D:6; RSA 149-D:7; RSA 149-D:8; RSA 149-D:12 and RSA 149-D:14.

V. Advise the commissioner of agriculture with respect to the administration and enforcement of this chapter.

149-D:5 Division Established. There is hereby established the division of pesticide control within the department of agriculture which shall administer and enforce this chapter under the direction of the commissioner of agriculture.

149-D:6 Registration Certificates and Permits.

I. No person shall engage in the commercial application of pesticides or in the private application of restricted pesticides within this state without possessing a valid certificate of registration issued by the division. An annual fee of \$20 shall be collected by the division for each commercial applicator registration, except that no fee shall be collected from any non-profit entity or from any governmental entity. The board shall by rule establish the criteria for eligibility for, and the limits on the use of, certificates of registration for commercial applicator, private applicator, and commercial applicator for hire. Each application for registration shall contain such information regarding the applicant's qualifications and proposed operations and other relevant matters as the division may require. Every person applying for a registration certificate shall be required to demonstrate by examination, or by such other means as the board by rule may

establish, his competency and ability to use pesticides in accordance with standards of the board. The division shall require from each applicant proof of financial responsibility in amounts to be determined under rules adopted by the board.

Registered applicators shall maintain routine operational records pursuant to the rules of the board, which records shall be open to inspection at reasonable times by the division or its agents. Operational records for the preceding calendar year shall be submitted by an applicant for renewal of a certificate of registration. Upon submission of such records and satisfaction of such other conditions as the board may by rule impose, the division shall renew a certificate of registration.

II. No person, other than a commercial applicator, shall apply pesticides in this state without first obtaining a written permit from the division except as provided in RSA 149-D:19. The division shall require each applicant for a permit to demonstrate, by examination or other procedure prescribed by the board in rules, the applicant's competence and ability to use pesticides in accordance with standards of the board. Permit holders shall maintain routine operational records pursuant to rules of the board, which records shall be open to inspection at reasonable times by the division or its agents. Operational records for the preceding calendar year shall be submitted to the division by an applicant for renewal of a permit. Upon submission of such records and satisfaction of such other conditions as the board may by rule impose, the division shall renew a permit.

III. The division, after opportunity for a hearing, may suspend any certificate of registration or permit. After opportunity for a hearing, the division may revoke or modify the provisions of any certificate of registration or permit issued under this chapter, if it finds that the holder is no longer qualified, has engaged in fraudulent business practices in the application of pesticides, or has made any application in a careless, or negligent manner, or has violated any of the provisions of this chapter or rules of the board or any orders issued under this chapter, or has been convicted or is subject to a final order imposing a civil penalty under section 14 of the Federal Insecticide, Fungicide and Rodenticide Act, as amended, or under this chapter.

149-D:7 Application for Registration and Permits.

I. Annual certificates of registration or permits may be issued and fees shall be collected by the division.

II. Applications for registration and permits shall be on a form prescribed by the division and shall include the following:

(a) The full name and address of the person applying for the registration or permit.

(b) If the applicant is an individual, receiver, trustee, firm, partnership, association, corporation, or other organized group of persons whether or not incorporated, the full name of each member of the firm or partnership, or the

names of the officers of the association, corporation, or group, and the name of the person or persons charged with the responsibility for the application of pesticides.

(c) The name and address of a person whose domicile is in the state, and who is authorized to receive and accept services of summonses and legal notice of all kinds for the applicant.

(d) The type (ground or air) of any apparatus used by the applicant to apply pesticides.

(e) Any other information prescribed by the division.

III. Each application for initial examination of a commercial applicator shall be accompanied by an examination fee of \$5 for each category in which such examination is requested. When an applicator has been examined by the division and found not qualified, the applicant shall be re-examined at a subsequent date in accordance with rules adopted by the board, provided that each application for re-examination shall be accompanied by a re-examination fee of \$5 for each category in which re-examination is requested. A separate application and re-examination fee shall be filed by the applicant each time a re-examination is requested. Private applicators are exempt from this provision.

IV. One member of each crew operating a piece of equipment as a commercial applicator must be registered as required under this chapter. Any application of pesticides by a commercial applicator or person requiring a permit must be by or under the direct supervision of an individual who has satisfied the examination requirement of RSA 149-D:6, I or the examination or other competence verification requirement of RSA 149-D:6, II.

V. Fees collected from applicants for registration as commercial applicators under this chapter constitute a special pesticides control fund which does not lapse but may be used at any time to carry out the provisions of this chapter.

149-D:8 Pesticide Dealer License.

I. No person shall act in the capacity of a pesticide dealer or shall engage in the business of, advertise as, or assume to act as a pesticide dealer unless he has obtained an annual license from the division, which shall expire on December 31 of each year. A license shall be required for each location or outlet from which such pesticides are distributed, sold, held for sale, or offered for sale.

II. Application for a license shall be accompanied by a \$20 annual license fee. Dealer applications for renewal received beyond the December 31 deadline shall be subject to a \$10 late registration fee. Application for a license shall be on a form prescribed by the division and shall include the full name of the person applying for such license. If such applicant is an individual, receiver, trustee, firm, partnership, association or corporation, the full name of each member of the firm or partnership or the names of the officers of the association or corporation shall be given on the application. Such application shall further state the principal business

address of the applicant in the state and elsewhere and the name of a person domiciled in this state authorized to receive and accept service of summons of legal notices of all kinds for the applicant, and any other necessary information prescribed by the division; provided that the provisions of this section shall not apply to a pesticide applicator who sells pesticides only as an integral part of his pesticide application service when such pesticides are dispensed only through apparatuses used for such pesticide application; provided, further, that the provisions of this section shall not apply to any federal, state, or county agency which provides pesticides for their own programs.

III. Each applicant shall satisfy the division as to his knowledge of the laws and rules governing the use and sale of pesticides and his responsibility in carrying on the business of a pesticide dealer through examination. In addition, each employee or agent of a pesticide dealer who sells or recommends restricted-use pesticides, or state restricted-use pesticides shall obtain a pesticide dealer license. Each application for initial examination for a dealer license shall be accompanied by an examination fee of \$5. When an applicant has been examined by the division and found not qualified, the applicant shall be re-examined at a subsequent date in accordance with rules adopted by the board, provided that each application for re-examination shall be accompanied by a fee of \$5.

IV. Each pesticide dealer shall be responsible for the acts of each person employed by him in the solicitation and sale of pesticides and all claims and recommendations for use of pesticides. The dealer's license shall be subject to denial, suspension, or revocation after a hearing for any violation of this chapter, whether committed by the dealer, or by the dealer's officer, agent, or employee.

V. Every licensed pesticide dealer who changes his address or place of business shall immediately notify the division.

149-D:9 Pesticide Product

Registration. Every pesticide which is distributed, sold, or offered for sale within this state or delivered for transportation or transported in intrastate commerce or between points within this state through any point outside this state shall be registered in the office of the division of pesticide control, and such registration shall be renewed annually; provided that products which have the same formula, are manufactured by the same person, the labeling of which contains the same claims, and the labels of which bear a designation identifying the product as the same pesticide may be registered as a single pesticide; and additional names and labels shall be added by supplemental statements during the current period of registration.

149-D:10 Exception. Notwithstanding any other provisions of this chapter, registration is not required in the case of a pesticide shipped from one plant within this state to another plant within this state operated by the same person and used solely at such plant as a constituent part

to make a pesticide which is registered under this chapter or distributed under the provisions of an experimental use permit issued under this chapter or by the United States Environmental Protection Agency.

149-D:11 Statement Required.

I. The registrant shall file with the division a statement including:

- (a) the name and address of the registrant and the name and address of the person whose name will appear on the label, if other than the registrant;
- (b) the name of the pesticide;
- (c) a complete copy of the labeling accompanying the pesticide and a statement of all claims to be made for it, including directions for use; and
- (d) if requested by the division, a full description of the tests made and the results thereof upon which the claims are based.

II. In the case of renewal of registration, a statement shall be required only with respect to information which is different from that furnished when the pesticide was registered or last re-registered.

III. The registrant shall pay an annual fee of \$20 for each pesticide registered. The fees collected under this section constitute a special pesticide control fund, which does not lapse but may be used at any time to carry out the provisions of this chapter.

IV. The division, when deemed necessary in the administration of this chapter, may require the submission of the complete formula of any pesticide including the active and inert ingredients.

V. The board may prescribe any other necessary information by rule.

VI. If it appears to the division that the composition of the article is such as to warrant the proposed claims for it and if it appears that the pesticide would not cause unreasonable adverse effects on the environment, and if the registrant has complied with all other provisions of this chapter, the division shall register the pesticide.

VII. If the division determines that any federally registered pesticide with respect to the use of such pesticide within this state,

- (a) Does not warrant the claims for it, or
- (b) If the pesticide would cause unreasonable adverse effects on the environment, the division may refuse to register the pesticide or if the pesticide is registered under this chapter, the registration may be cancelled or suspended as otherwise provided by this chapter.

VIII. No article shall be deemed in violation hereof when intended solely for export to a foreign country, and when prepared or packed according to the specifications or directions of the purchaser. If not so exported, the provisions shall apply.

149-D:12 Special Local Needs Registrations.

I. Provided the state is certified by the administrator of the United States Environmental Protection Agency, if required, to register pesticides to meet

special local needs pursuant to section 24 (c) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended, the division shall require the information set forth in RSA 149-D:11 and shall, subject to the terms and conditions of the United States Environmental Protection Agency certification, register such pesticide if it is determined that:

(a) its composition is such as to warrant the proposed claims for it;

(b) its labeling and other material required to be submitted comply with the requirements of this chapter;

(c) it will perform its intended function without unreasonable adverse effects on the environment;

(d) when used in accordance with widespread and commonly recognized practice it will not cause unreasonable adverse effects on the environment; and

(e) a special local need exists; provided that, prior to registering a pesticide for a special local need, the board shall classify the uses of the pesticide for general or restricted use in conformity with section 3 (d) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended, and regulations promulgated pursuant thereto; provided, further, that the division shall not make any lack of essentiality a criterion for denying registration of any pesticide. If 2 pesticides meet the requirements of this paragraph, one may not be registered in preference to the other.

II. The board may develop and adopt such other requirements by rules as are necessary for the state plan to receive certification from the United States Environmental Protection Agency.

III. Provided the state is certified by the administrator of the United States Environmental Protection Agency, if required, to register pesticides formulated to meet special local needs, the division shall consider the following for refusal to register, for suspension, for cancellation, or for legal recourse for such pesticides:

(a) If it appears to the division that an application for registration cannot be granted pursuant to paragraphs I and II, and any rules adopted thereunder, the applicant shall be notified of the manner in which the pesticide, labeling, or other material required to be submitted fails to comply with this chapter or any rules thereunder, so as to afford the applicant an opportunity to make the necessary corrections. If, upon receipt of such notice the applicant does not make the required changes, the division may refuse to register the pesticide. The applicant may request a hearing as otherwise provided in this chapter.

(b) If the division determines that a pesticide or its label does not comply with this chapter or the rules adopted thereunder, or when necessary to prevent unreasonable adverse effects on the environment, they may cancel the registration of a pesticide or change the classification of a pesticide, after a hearing in accordance with this chapter.

(c) If the division determines that there is an imminent hazard,

they may, on their own motion, suspend the registration of a pesticide in conformance with RSA 541-A, the administrative procedure act. Hearings shall be held as soon as practicable.

(d) Any person who may be adversely affected by any order issued pursuant to this section may obtain judicial review thereunder by filing in the superior court, within 60 days after the entry of such order, a petition praying that the order be set aside in whole or in part. A copy of the petition shall be forthwith transmitted by the clerk of the court to the division and thereupon the division shall file in the court the record of the proceedings on which they based their order. The court shall have jurisdiction to affirm or set aside the order complained of in whole or in part. The findings of the division with respect to questions of fact shall be sustained if supported by substantial evidence when considered on the record as a whole. Upon application, the court may remand the matter to the division to make further testimony if there are unreasonable grounds for the failure to adduce such evidence in the prior hearing. The division may modify their findings and their order by reason of the additional evidence so taken and shall file the additional record and any modification of the findings or order with the clerk of the court.

149-D:13 Experimental Use Permits. Provided the state is authorized by the administrator of the United States Environmental Protection Agency to issue experimental use permits and subject to the terms and conditions of such authorization, the division may:

I. Issue an experimental use permit to any person applying for such permit if determined that the applicant needs such permit in order to accumulate information necessary to register a pesticide for special local needs under RSA 149-D:12. An application for an experimental use permit may be filed at the time of or before or after an application for registration is filed.

II. Refuse to issue an experimental use permit if determined that issuance of such permit is not warranted or that the pesticide applications that would be made under the proposed terms and conditions may cause unreasonable adverse effects on the environment.

III. Prescribe terms, conditions, and a period of time for the experimental use permit, which shall be under supervision of the division.

IV. Revoke or modify any experimental use permit, at any time, if it is found that its terms or conditions are being violated or that its terms or conditions are inadequate to avoid adverse unreasonable effects on the environment.

149-D:14 Prohibited Acts.

I. It shall be unlawful for any person to distribute, sell, or offer for sale within this state or deliver for transportation or transport in intrastate commerce or between points within this state through any point outside this state any of the following:

(a) Any pesticide which has not been registered pursuant to the provisions of RSA 149-D:9, or any pesticide if any of the claims made for it or any of the directions for its use differ in substance from the representations made in connection with its registration, or if the composition of a pesticide differs from its composition as represented in connection with its registration; provided that, in the discretion of the division, a change in the labeling or formula of pesticide may be made within a registration period without requiring re-registration of the product.

(b) Any pesticide unless it is in the registrant's or the manufacturer's unbroken immediate container, and there is affixed to such container, and to the outside container or wrapper of the retail package, if there is one, through which the required information on the immediate container cannot be clearly read, a label bearing:

(1) the name and address of the manufacturer, registrant, or person for whom manufactured;

(2) the name, brand, or trademark under which said article is sold; and

(3) the net weight or measure of the contents, subject, however, to such reasonable variations as the division may permit.

(c) Any pesticide which contains any substance in quantities highly toxic to man, determined as provided in RSA 149-D:4, unless the label shall bear, in addition to any other matter required hereby,

(1) the skull and crossbones;

(2) the word "poison" prominently, in red, on a background of distinctly contrasting color; and

(3) a statement of an antidote for the pesticide.

(d) The pesticides commonly known as standard lead arsenate, basic lead arsenate, calcium arsenate, magnesium arsenate, zinc arsenate, zinc arsenite, sodium fluoride, sodium fluosilicate, or barium fluosilicate unless they have been distinctly colored or discolored as provided by rules adopted under RSA 541-A, or any other white powder pesticide which the board, after investigation of and after public hearing on the necessity for such action for the protection of the public health and the feasibility of such coloration or discoloration, shall, by rule, require to be distinctly colored or discolored; unless it has been so colored or discolored; provided that the division may exempt any pesticide to the extent that it is intended for a particular use or uses from the coloring or discoloring required or authorized by this section if it is determined that such coloring or discoloring for such use or uses is not necessary for the protection of the public health; provided further that all rules adopted pursuant to this paragraph shall be consistent with the regulations promulgated by the United States Environmental Protection Agency with respect to discoloration or coloration of pesticides.

(e) Any pesticide which is adulterated or misbranded.

II. It shall be unlawful for any person to detach, alter, deface, or destroy, in whole or in part, any label or labeling provided for herein, or rules adopted hereunder, or to add any substance to, or take any substance from, a pesticide in a manner that may defeat the purpose hereof.

III. It shall be unlawful for any person to use for his own advantage or to reveal, other than to the division or proper officials or employees of the state or of the United States or to the courts of this state or the United States in response to a subpoena, or to physicians, or in emergencies to pharmacists and other qualified persons, for use in the preparation of antidotes, any information relative to formulas of products acquired by authority hereof.

IV. It shall be unlawful for any person to handle, transport, store, display, or distribute pesticides in such a manner as to endanger man and his environment or to endanger food, feed, or any other products that may be transported, stored, displayed, or distributed with such pesticides.

V. It shall be unlawful for any person to dispose of, discard, or store any pesticides or pesticide containers in such a manner as may cause injury to humans, vegetation, crops, livestock, wildlife, pollinating insects or to pollute any water supply or waterway.

149-D:15 Administration and Enforcement.

I. The commissioner through the division shall be responsible for and shall arrange for the administration and enforcement of the provisions of this chapter and the administrative rules of the board.

II. The division may issue an order to any person in violation of any provision of this chapter, a permit or certificate of registration issued under this chapter, or a rule adopted under this chapter, to cease and desist from any act in violation of such provision, the permit or certificate of registration, or the rule. Orders of the division issued under this section shall be effective immediately. Any person to whom an order is directed shall immediately comply, but may appeal the order to the board in accordance with the provisions of this chapter.

III. The division is authorized to examine any pesticides for the purpose of determining whether it complies with the registration requirements set forth in RSA 149-D:9, RSA 149-D:10, and RSA 149-D:11.

IV. The division may hold hearings concerned with the issuance of permits and certificates of registration, and the enforcement of these and any other provisions under this chapter.

V. The division may issue written "stop sale, use or removal" orders upon the owner or custodian of any pesticide or device when it is believed that such pesticide or device is being distributed in violation of any of the provisions of this chapter, or of any of the prescribed rules under this chapter. The pesticide or device shall not be sold, used or removed until the

provisions of this article have been complied with and the pesticide or device has been released by the division or the violation has been otherwise disposed of as provided in this chapter by a court of competent jurisdiction.

VI. The division may seize for forfeiture any pesticide that is distributed, sold, or offered for sale within this state or delivered for transportation or transported in intrastate commerce or between points within this state through any point outside this state which shall be liable to be proceeded against in any court in any county of the state where it may be found as provided by RSA 617;

(a) if it is adulterated or misbranded;

(b) if it has not been registered under the provisions of paragraph III; and

(c) if it fails to bear on its label the information required by this chapter.

VII. The division may impose administrative fines, pursuant to RSA 149-D:18, III, in the enforcement of this chapter, according to procedures set forth in RSA 541-A.

149-D:16 Inspections; Authority to Enter Premises. Notwithstanding any other provisions of this chapter, the division, or its duly authorized agents has the authority to enter upon any public or private premises at reasonable times for the purpose of determining compliance with this chapter, rules adopted by the board pursuant to this chapter or any certificate of registration or permit issued by the division, to:

I. Inspect the property when necessary before issuing a certificate of registration or permit for the application of a pesticide on the property and to observe the surrounding areas;

II. Inspect aircraft and ground equipment used or to be used for the application of pesticides;

III. Inspect crops, animals, or other property actually or reported to be exposed to pesticides;

IV. Inspect any area or building where the division has reason to believe pesticides are stored or disposed of;

V. Inspect and copy any records, information, invoices, or other pertinent documents related to pesticide storage, use and distribution;

VI. Inspect and obtain samples including:

(a) samples from containers, vehicles or equipment which the division has reason to believe contain pesticides;

(b) samples of soil, water and other substances which the division has reason to believe were exposed to pesticides;

VII. Inspect any area or building where pesticides are being or have been distributed, sold, offered for sale or used;

VIII. Issue orders and seize pesticides as authorized in RSA 149-D:15.

149-D:17 Appeals.

I. Any person aggrieved by any order or decision of the division may appeal to the board for a review of such order or decisions.

II. The board may affirm, deny, or modify the order of the division of pesticide control.

III. Rehearings and appeals from any decision of the board shall be in accordance with RSA 541.

149-D:18 Penalties.

I. Any person who violates any of the provisions of this chapter or rules of the board or an order issued under this chapter or who falsifies any records required to be kept pursuant to this chapter, or who obtains a certification or permit on the basis of a misrepresentation of material fact shall be guilty of a misdemeanor if a natural person, or guilty of a felony if any other person.

II. Any person who violates any provision of this chapter, or any rule or order issued under RSA 149-D shall, in addition, be liable for a civil forfeiture not to exceed \$5,000 for each such violation, or each day of a continuing violation, which may be collected in a civil action or in connection with an action for injunctive relief brought by the attorney general. The proceeds of any such forfeiture shall be utilized in the enforcement of this chapter, for pesticide control research or to remedy damage to the resources of the state caused by unlawful pesticide use and application.

III. Any person who violates any provision of this chapter, or any rule or order of the division may be subject to the imposition of an administrative fine levied by the division, not to exceed \$1,000 for each violation.

149-D:19 Exemptions.

I. The following types of application of pesticides are exempt from the requirements of RSA 149-D:6:

(a) While engaged in research or experimental work for or under the direction of the state department of agriculture, United States Department of Agriculture or the university of New Hampshire agriculture experiment station, except that these users shall keep records of pesticides used by them in a manner required by other users of pesticides under this chapter, and except that no pesticide which is classified for use only by certified applicators pursuant to section 3(d) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended, may be used pursuant to this paragraph.

(b) The application of pesticides within, around, under, or in the immediate vicinity of a living unit by the occupant thereof, providing crops raised therein or thereon are not offered for sale; provided, however, that no pesticide, the sale or use of which in the state is prohibited or restricted by the board, or by the United States Environmental Protection Agency pursuant to section 3(d) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended, may be applied under this paragraph except in accordance with said restriction or prohibition; and provided, further, that a person applying pesticides, as allowed by this paragraph shall not allow any pesticides to enter any stream or body of water by reason of such application.

(c) Such categories of commercial applicators, other than commercial applicators for hire, as the board by rule excludes solely for the purpose of applying pesticides other than restricted pesticides, in such a manner and location as not to constitute a threat to public health or the environment, and as determined to be necessary for the efficient administration of this chapter.

II. Exempt from the provisions of RSA 149-D:14, I, are the following:

(a) Public officials of this state and the federal government while engaged in the performance of their official duties in administering state or federal pesticide laws or rules;

(b) The manufacturer, shipper, or distributor of a pesticide for experimental use only by or under the supervision of an agency of this state or of the federal government which is authorized by law to conduct research in the field of pesticides; provided that such manufacturer, shipper, or distributor holds or is covered by a valid experimental use permit issued pursuant to this chapter or by the United States Environmental Protection Agency.

149-D:20 Cooperation. The division is authorized and empowered to cooperate with, and enter into agreements with, any other agency of this state, the United States Environmental Protection Agency, and any other state or agency thereof for the purpose of carrying out the provisions of this chapter and securing uniformity of rules.

149-D:21 Limiting Operation of Statute. Nothing in this chapter modifies or limits in any way the powers and duties of the commissioner of agriculture under RSA 437, as amended, of the water pollution commission under RSA 149, 149-A and RSA 149-B; of the division of public health services under RSA 146 and RSA 148; or of the fish and game department under RSA 149:3, VI.

4 Repeal. RSA 438, relative to the economic poisons law is hereby repealed.

5 Conditional Amendment. If House Bill 25, An Act of the 1985 regular session entitled "An Act recodifying RSA title XL and relocating certain RSA chapters," becomes law, RSA 149-D:1 through 21 as inserted by section 3 of this act shall be renumbered and inserted into RSA to replace RSA 430:28 through 47 as inserted by House Bill 25 and RSA 149-D shall be repealed.

6 Effective Date.

I. Sections 3, 4 and 5 of this act shall take effect July 1, 1985.

II. The remainder of this act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

HB 256-FN, permitting the propagation and sale of ferrets for pets. Inexpedient to Legislate.

The majority of the Committee felt that allowing the importation of even the European ferret, which has been relatively domesticated for many years, would be unwise. If they escaped into

the wild there would be a possibility of rabies infection. There is no preventive rabies serum approved for use with ferrets and, as far as the Committee can find, no veterinarian would be willing to inoculate a ferret. The Committee sympathizes with the difficulty the people who testified in favor of this legislation found in securing permission from the Fish and Game Department to have a pet ferret. Vote 11-6. Rep. Elizabeth A. Greene for Environment and Agriculture.

Rep. Burdick moved that HB 256 be made a Special Order for Wednesday, March 27 and spoke to his motion.

Rep. Elizabeth Greene spoke in favor of the motion.

Adopted.

HB 256 was made a Special Order for Wednesday, March 27.

HB 161, exempting municipalities and counties from anti-trust liability in the area of solid waste disposal. Ought to Pass with Amendment.

House Bill 161 is important and much-needed legislation. Currently, the towns and cities of New Hampshire are planning and implementing means to comply with the State Solid Waste Management Act, RSA 149-M, and the Federal Resources Conservation Recovery Act.

The Federal Supreme Court recently ruled in the case of Community Communications Co. v. City of Boulder 102 S. Ct. 835 (1982) unless there is a "precise, clearly articulated and affirmatively expressed state grant of power to engage in specific anti-competitive actions," a local government is subject to the federal anti-trust laws.

It is necessary for the Legislature to act to immunize municipalities from both federal and state anti-trust laws in order for the municipalities to carry out the legislative mandate contained in RSA 149-M.

Further, it is meant to preclude burdensome and expensive anti-trust challenges to community actions. One example, among many, of the need for this legislation involves waste-to-energy facilities. It is absolutely critical to control the waste stream and insure a supply of waste to the facility. If this does not occur, the bonds necessary to fund the construction of the facility will simply not be marketable.

This bill is the product of considerable study and discussion and is meant to establish a clearly articulated state policy so that municipalities may carry out the purposes of RSA 149-M without the threat of anti-trust liability. Vote 19-0. Rep. Barbara B. Bowler for Environment and Agriculture.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1. Anti-Trust Exemption. Amend RSA 140-M by inserting after section 10 the following new section:

140-M:11. State Policy and Anti-Trust Exemption. To promote the state's interest in safe, clean, and efficient management and disposal of solid waste, it is hereby declared to be the policy of the state of New Hampshire that competition and enterprise may be displaced or limited by towns and counties, acting alone or in cooperatives or districts permitted under RSA 140-A or RSA 140-B, in the exercise of the powers, authorities, and responsibilities granted to them in this chapter as necessary to carry out the purposes of this chapter. The intent of this section is to exempt towns, counties, cooperatives, and districts so exercising said powers, authorities, and responsibilities from any liability therefor under RSA 140 and under federal anti-trust laws.

2. Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Rep. Bowler spoke in favor of the report. Ordered to third reading.

HB 170, relative to assaults by prisoners. Ought to Pass with Amendment. Those who are in charge of our penal institutions feel their hands are tied in the matter of assaults by prisoners under present law. This bill allows for enhanced penalties for this class, since they are in a special circumstance. It also provides additional safeguards so that those charged will have their right to indictment by the Grand Jury and trial in our courts if they are charged to prevent abuses by any officials or those in authority.

Vote 1-0. Rep. Frank J. Sylvia for Judiciary.

Amendment

Amend RSA 140-B, II as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

II. Official custody means custody in a penal institution or other confinement by an order of a court.

Amend RSA 140-B, III as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

III. The offense is a class B felony if the offense committed is simple assault as defined under RSA 140-B unless committed in a fight entered into by mutual consent in which case it is a misdemeanor. The offense is a class A felony if the offense committed is first degree or second degree assault as defined under RSA 140-B or RSA 140-C.

Amend RSA 140-B, IV as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

IV. If a person convicted of the offense of assault under this section, the

term of imprisonment authorized by RSA 140-B, II or RSA 140-B shall be consecutive to and not concurrent with any other sentence to be served.

Amendment adopted.

Ordered to third reading.

RS 14, requiring the singing of the national anthem at the commencement of the regular legislative session. Inexpedient to Legislate.

The aim of the bill is admirable, and the Committee commends the sponsor for raising the issue. It was pointed out though that neither the opening prayer nor the pledge of allegiance are law; they are contained in the House Rules ("Star" Order of Business of the Day). The consensus was to suggest to the Speaker that monthly on or about nationally recognized dates, the national anthem be included in the opening ceremonies. Vote 1-0. Rep. James A. Chandler for Legislative Administration.

Rep. Russell Chase spoke to the Committee report.

Resolution adopted.

HB 57, providing the legislative budget assistant with access to certain records. Ought to Pass with Amendment.

The unaccessibility to confidential records by the Legislative Budget Assistant seriously limits the legislative branch auditor ability to review or audit agency records. Consequently, its opinions, findings and suggestions for improvement when reported to the Legislature are qualified, thereby denying the Legislature the complete report of the agencies' effectiveness, efficiencies, and economies or the lack thereof. The amendment specifies: 1. that access to such records is only for audit, and 2. in the case of such information obtained through exchange agreements with other states or the federal government, notice must be given to the head of the agency involved. Vote 1-0. Rep. James A. Chandler for Legislative Administration.

Amendment

Amend RSA 14-11, IV as inserted by section one of the bill by striking out same and inserting in place thereof the following:

IV. Furnishing Information. All state departments, boards, institutions, commissions and agencies shall be required to furnish to the legislative budget assistant any information, including confidential information, he may request in the course of carrying out his duties as prescribed by paragraphs I, II and III. If the legislative budget assistant requires access to confidential information, the state entity shall furnish the information, notwithstanding RSA 771:4, 140-A:10, 140-B:14, 140-B:15, 140-B:16, 140-B:17, 140-B:18, 140-B:19, 140-B:20, 140-B:21, 140-B:22, 140-B:23, 140-B:24, 140-B:25, 140-B:26, 140-B:27, 140-B:28, 140-B:29, 140-B:30, 140-B:31, 140-B:32, 140-B:33, 140-B:34, 140-B:35, 140-B:36, 140-B:37, 140-B:38, 140-B:39, 140-B:40, 140-B:41, 140-B:42, 140-B:43, 140-B:44, 140-B:45, 140-B:46, 140-B:47, 140-B:48, 140-B:49, 140-B:50, 140-B:51, 140-B:52, 140-B:53, 140-B:54, 140-B:55, 140-B:56, 140-B:57, 140-B:58, 140-B:59, 140-B:60, 140-B:61, 140-B:62, 140-B:63, 140-B:64, 140-B:65, 140-B:66, 140-B:67, 140-B:68, 140-B:69, 140-B:70, 140-B:71, 140-B:72, 140-B:73, 140-B:74, 140-B:75, 140-B:76, 140-B:77, 140-B:78, 140-B:79, 140-B:80, 140-B:81, 140-B:82, 140-B:83, 140-B:84, 140-B:85, 140-B:86, 140-B:87, 140-B:88, 140-B:89, 140-B:90, 140-B:91, 140-B:92, 140-B:93, 140-B:94, 140-B:95, 140-B:96, 140-B:97, 140-B:98, 140-B:99, 140-B:100.

400-A-25, 400-A-37, 71; 401-3.7 or any other provision of law. In such situations, the legislative budget assistant shall be subject to the same restrictions and penalties regarding disclosure of the information as the original custodian of the information. The work product of the legislative budget assistant shall also be confidential to the extent required to preserve confidentiality required by law. Disclosure of confidential information to the legislative budget assistant shall be only for the purpose of, and to the extent necessary for, conducting audits as are required by law. The legislative budget assistant shall notify the head of any state department, board, institution, commission or agency before requiring the state entity to furnish any confidential information which was obtained by the entity through an exchange of information agreement with another state or the federal government. This paragraph shall not be construed to authorize disclosure to any member of the legislature or to any expert consultants including certified public accountants and data processing experts, hired by the legislative budget assistant to assist him in the carrying out of his duties except such summaries and results which do not disclose any identity required by law to be confidential.

Amend RSA 71-A:10-a, 100:1 - as inserted by section 1 of the bill, by striking out same and inserting in place thereof the following:

- the legislative budget assistant in the performance of his duties under RSA 10-10, provided that disclosure of department records, files, returns or information to the legislative budget assistant shall be only for the purpose of, and to the extent necessary for, conducting audits of the department's accounts and records as are required by law. This exception shall not be construed to authorize disclosure to any member of the legislature or to any expert consultants including certified public accountants and data processing experts, hired by the legislative budget assistant to assist him in the carrying out of his duties except such summaries and results that do not disclose either taxpayer identity or specific taxpayer return information.

Amendment adopted.
Ordered to third reading.

RE 1-4 establishing a committee to study the powers, duties and functions of sheriffs and police. Voted to Pass with Amendment.

The establishment of a broad based committee, encompassing all levels of New Hampshire law enforcement, to make a study of the statutes pertaining to police and sheriff's authorities, and to make recommendations of appropriate changes to the laws to ensure coordination and improved law enforcement in New Hampshire. Vote 11-6. Rep. George T. Mueller for Further Consideration and Veterans Affairs.

Amendment

Amend the bill by striking out section 1 and inserting in place thereof the following:

1. Committee Established. There is hereby established a committee to study the powers, duties and functions of sheriffs and police. The members of the committee shall be:

I. Three designees of the governor, one of whom shall be a town selectman, one of whom shall be a city alderman, and one of whom shall be a county commissioner.

II. One designee of the chief justice of the supreme court, who shall be a justice of a court having criminal jurisdiction.

III. Two designees of the New Hampshire Association of Sheriffs and Police, one of whom shall be a chief of police of a town and one of whom shall be a chief of police of a city.

IV. One designee of the New Hampshire Sheriff's Association.

V. One designee of the commissioner of safety, who shall be an officer of the state police.

VI. The attorney general or his designee.

VII. Two members of the house of representatives appointed by the speaker of the house.

VIII. Two members of the senate appointed by the president of the senate.

Amend the bill by striking out sections 1 and 2 and inserting in place thereof the following:

1. Duties. The committee shall study the current provisions of the Revised Statutes pertaining to sheriffs and police. The committee shall determine and make appropriate recommendations on how these provisions might be improved, limited, consolidated, expanded or better coordinated to clarify the powers, duties and functions of sheriffs and police.

2. Meetings. Support Staff Reports. The committee shall meet as often as it seems necessary at such places as it shall determine. Secretarial and staff assistance shall be provided by the house of representatives. The committee shall prepare a report describing its activities and, if appropriate, make recommendations for proposed legislation clarifying the powers, duties and functions of sheriffs and police. The committee shall submit this report to the appointing authorities by September 1, 1985.

Amendment adopted.

Rep. Bales spoke against the Committee report.

Reps. Benton and Ames spoke in favor of the Committee report.

Rep. Dando spoke against the Committee report and yielded to questions.

Rep. Daniel Bacon spoke in favor of the Committee report and yielded to questions.

Rep. Darnoff moved the previous question. Sufficiently seconded. Adopted.

Rep. Blais requested a roll call.
Sufficiently seconded.

Rep. LaMott abstained from voting under Rule 16.

Ordered to third reading.

HB 377, making the provision of services to persons who have not obtained necessary building or other town permits a misdemeanor. Inexpedient to Legislate. This bill duplicates existing law, adds an unnecessary layer of requirements and places an unreasonable burden on the provider of services. Vote 23-0. Rep. William J. Sullivan for Commerce, Small Business and Consumer Affairs.

Rep. Mann moved that the words, Refer for Interim Study, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Reps. Palumbo and Crory spoke against the motion.

Rep. Hoar spoke in favor of the motion.

Rep. Harold Burns spoke against the motion and yielded to questions.

Motion lost.

Resolution adopted.

HB 223-FN, defining prestige number plates as vanity plates. Inexpedient to Legislate.

The Committee could not see any reason to treat these plates differently, some of these plates have been held by one owner for over 50 years. Testimony showed that over 80% of these plates were held by the elderly and the increased fee would be an unfair burden on them. Vote 10-0. Rep. Stephen Sloan for Transportation.

Rep. George Gordon moved that the words, Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Reps. Sloan and Irvin Gordon spoke against the motion.

Rep. Alf Jacobson spoke in favor of the motion and yielded to questions.

Rep. Robert Johnson moved the previous question. Sufficiently seconded. Adopted.

A roll call was requested. Sufficiently seconded.

HB 802, requiring emissions control inspection of used motor vehicles in certain urban areas. (Greene of Rockingham Dist. 18 - To Environment and Agriculture)

RECESS

(Speaker in the Chair)

Rep. Rounds moved that the House adjourn. Adopted.

HOUSE JOURNAL 12

Thursday, 21 Mar 85

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

Dear God, we have been elected as public servants, but at times the image of what a good servant is gets blurred. Pressure from groups and requests from friends tend to cloud issues before us. Jesus set an example of a servant who knew His mission, was motivated by love and saw no need to defend Himself. Help us to learn how to be good public servants to the benefit of our State and all the persons who live here. Amen.

Rep. Pannell led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Hardy, Wadsworth, Malcolm, Reidy, Lamontagne, Kinhan, Popov and Hyman, the day, illness.

Reps. Wight, Keefe, Beverly Gage, Cate, Vartanian, Gross, Donovan, Scamman, Elizabeth Moore, Longworth, William Boucher, Dingle, Bolduc, Michael Jones, Stonner, Pantzer, Champoux, Duprey, Nelson, Frew, Burton and Quimby, the day, important business.

Rep. Walker, the day, illness in the family.

Rep. Rounds offered the following:

RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bill numbered 69 shall be by this resolution read a first and second time by the therein listed title, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF SENATE BILL

First, second reading and referral

SB 69, relative to termination of tenancies in manufactured housing parks. (State Institutions and Housing)

The Speaker called for the Special Order.

CACR 9, relating to limiting sweepstakes funds to educational purposes and programs. Providing that all moneys received from any state-run lottery, and all the interest received thereon, shall be used for educational purposes only. Inexpedient to Legislate.

This amendment is not needed as a part of our Constitution. Current statutes should take care of this situation. It is the duty of the Governor of the State of New Hampshire to insure that the intent of the enacted legislation is carried out. Vote 7-4. Rep. George E. Gordon, III for Constitutional and Statutory Revision.

Rep. Hawkins moved that the words, Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Reps. Holden, George Gordon and Joseph Eaton spoke against the motion.

Rep. Hawkins requested a roll call, sufficiently seconded.

Adopted.

COMMITTEE REPORTS (Consent Calendar)

HE 89-FN, requiring all moneys received for the driver training fund to be expended on driver education only, and excess to be lapsed into the highway fund. Ought to Pass with Amendment.

At the present time the state pays \$50 per pupil for driver education training. As amended, HE 89-FN would distribute all driver training moneys on a per pupil basis; this should amount to

more than a million dollars additional each year. Vote 18-1. Rep. Andrea A. Scranton for Appropriations.

Amendment

Amend RSA 263:52, as inserted by section 1 of the bill by striking out said section and inserting in place thereof the following:

263:52 Driver Training Fund. The proceeds from original license fees as provided in RSA 263:42, I and VI, number plates for citizens' band operators in accordance with RSA 261:79, and the special fee for vanity number plates collected in accordance with RSA 261:89 or the renewal of the use of such plates, after costs of such plates or designation of effective periods thereof and issuance of same have been appropriated and deducted, shall be expended solely for courses of instruction and training in safe motor vehicle driving conducted in or under the supervision of secondary schools. After all costs of administration of the program each year have been reserved, the balance which is appropriated to the driver training program shall be paid to the state treasurer by June 30 of each year. Such balance shall be kept in a separate fund which shall be paid out on or before September 15 of each year to participating schools prorated on a per-pupil basis for those who have completed the driver education program. Subject to final approval by the governor and council, the commissioner of safety jointly with the commissioner of education shall adopt pursuant to RSA 541-A and publish rules governing the courses of instruction and training and determining eligibility of secondary schools to receive moneys from the fund established by this section.

HB 184-FN, relative to the disposition of moneys to be derived from the sale of property at the site of the burned out department of fish and game headquarters. Ought to Pass with Amendment.

In the event the Fish and Game property on Bridge Street is sold, all monies derived from the sale will be returned to the Fish and Game fund for the rebuilding of their facilities elsewhere. Vote 18-0. Rep. Lee Ann S. Steiner for Appropriations.

Amendment

Amend paragraph III as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

III. The property described in paragraph I shall be appraised twice before a sale takes place, and at least one appraisal shall be made by an appraiser from the private sector. If the property is to be transferred to any other state or municipal agency, the amount of such appraised value shall be credited to the fish and game fund.

HB 185-FN, relative to preparation for the reconstruction or replacement of the Hampton steel seawall and making an appropriation therefor. Ought to Pass.

The Hampton steel seawall, in one of the most vital tourist areas of the state, is badly in need of repair and reconstruction. Protection of our coast is essential to the economic base of our state. Vote 19-0. Rep. William Matson for Appropriations.

HB 257, relative to the restoration and rehabilitation of the Tip Top House on Mount Washington. Ought to Pass.

The final phase of rehabilitating Tip Top House will restore the interior of the original building built in 1853 and open it to the public as a museum on Mount Washington, first climbed by Darby Fields and two Abnaki Indians in 1642. Vote 18-1. Rep. Laurent J. Boucher for Appropriations.

HB 307-FN, making a supplemental appropriation for making payments to agricultural fairs for the biennium ending June 30, 1985. Ought to Pass with Amendment.

This bill appropriates \$112,500 to qualified agricultural fairs from present biennium revenues. The amendment permits the distribution to take place as soon as possible. Vote 18-0. Rep. Howard C. Townsend for Appropriations.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Supplemental Appropriation. Notwithstanding the provisions of 1983, 469:9, the sum of \$112,500 is hereby appropriated to the department of agriculture to be distributed as soon as possible by the commissioner of agriculture equally to the agricultural fairs which are qualified according to RSA 284:25. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

2 Effective Date. This act shall take effect upon its passage.

HJR 2, authorizing payment of \$457.50 plus interest to Vasilios Stagika for a lapsed legacy. Ought to Pass.

The title of this bill is self-explanatory. Vote 19-0. Rep. Howard C. Townsend for Appropriations.

HB 262, relative to the resale of tickets. Ought to Pass with Amendment. The intent of this bill, as amended, is to afford protection to the public from unscrupulous ticket scalpers. The Committee supports the bill by a vote of 13 to 2 with the only reservation that the penalty was not stringent enough. Rep. William A. Varkas for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Ticket Scalping, Prohibited. Amend RSA 339 by inserting after section 70 the following new subdivision:

Resale of Tickets

339:71 Resale of Tickets; Certain Sales Prohibited.

I. No person shall sell, offer for sale or attempt to sell in this state any ticket, privilege or license of admission to an entertainment event, wherever held, including, but not limited to, any place of amusement, arena, stadium, theatre, performance, sport, exhibition, or athletic contest at a price greater than the price, including tax, printed thereon, or at a price greater than the price fixed for admission, including tax and a reasonable service charge for services actually rendered not to exceed \$3 or 20 percent, whichever is greater.

II. The owner or operator of the property on which such entertainment event is to be held or is being held may authorize, in writing, any person to sell such ticket, privilege or license of admission at a price in excess of that authorized under paragraph I. Such writing shall specify the price for which such ticket, privilege or license of admission is to be sold.

339:72 Penalty. Any person violating the provisions of this subdivision shall be guilty of a misdemeanor. The sale of each ticket in violation of any provision of this subdivision shall constitute a separate offense, with a fine of not less than \$100 per violation.

2 Effective Date. This act shall take effect 60 days after its passage.

HB 303, establishing a residency requirement for public utility commissioners. Inexpedient to Legislate.

The majority of the Committee feels that the most important criteria for choosing a Public Utilities Commissioner is not residency, but rather education, experience and technical-background relationship with the other Public Utilities Commissioners. Deep concern was expressed with painting ourselves into a corner and not allowing our state to have the most qualified individuals sitting on this important commission. Qualifications must remain the criteria for choosing Public Utilities Commissioners, not residency. Vote 13-5. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

HB 318, relative to mortgage company escrow accounts. Ought to Pass With Amendment.

The Committee approved this housekeeping bill to improve language and substance relative to mortgage company escrow accounts. The amendment requires banks and mortgage companies to pay not less than 5 percent per year. The original bill was requested by the Bank Commissioner. Vote 18-0. Rep. George F. Disnard for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to mortgage escrow accounts.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Interest on Escrow Accounts. Amend RSA 384:16-c as inserted by 1973, 566:2 by striking out said section and inserting in place thereof the following:

384:16-c Interest on Escrow Accounts. Any bank which requires or accepts moneys for deposit in escrow accounts maintained for the payment of taxes, insurance premiums or other expenses related to loans on property secured by real estate mortgages shall credit each such escrow account with interest at a rate of not less than 5 percent per year.

2 Mortgage Company Escrow Accounts. Amend RSA 384:16-e (supp) as inserted by 1983, 369:11 by striking out said section and inserting in place thereof the following:

384:16-e Escrow Accounts of Mortgage Companies. Any company which is in the business of or customarily makes loans for the purpose of financing the acquisition of single family homes and which is not subject to the requirements of RSA 384:16-c and which requires or accepts moneys for deposit in escrow accounts maintained for the payment of taxes, insurance premiums or other expenses related to loans on single family homes secured by real estate mortgages on property located in New Hampshire shall credit each such escrow account with interest at a rate of not less than 5 percent per year on all existing and future accounts.

3 Effective Date. This act shall take effect July 1, 1985.

HB 370, permitting the industrial development authority to issue industrial development revenue bonds for commercial facilities within a development district. Ought to Pass with Amendment.

This bill permits the New Hampshire Industrial Authority to issue industrial development revenue bonds for commercial facilities located in a development district. The amendment expands findings by Governor and Council to include the new language of the bill. Vote 15-0. Rep. Elizabeth L. Crory for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Approval of Governor and Council. Amend RSA 162-1:9, II(a)(5) (supp) as inserted by 1975, 98:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(5) If the facility is a commercial facility, the governor and council shall find that the establishment and operation of the facility will either create or preserve employment opportunities directly or indirectly within the state, will facilitate the rehabilitation of a blighted area in the case of a redevelopment project area or the revitalization of a depressed district in the case of a development district, and will likely be of general benefit to the community as a whole;

3 Effective Date. This act shall take effect 60 days after its passage.

HB 386, establishing a bureau of international trade and a non-profit corporation to promote New Hampshire businesses and products overseas, and making an appropriation therefor. Refer for Interim Study.

The Committee wants to study this subject to see if there is a need to promote New Hampshire products abroad either through state government or through trade associations. Vote 14-0. Rep. A. Leslie Burns for Commerce, Small Business and Consumer Affairs.

HB 512, relative to cease and desist orders by the bank commissioner. Ought to Pass with Amendment.

The effect of passage of HB 512 will be to assist the New Hampshire Banking Department become accredited by the National Association of Bank Superintendents. Vote 15-0. Rep. Conrad Quimby for Commerce, Small Business and Consumer Affairs.

Amendment

Amend RSA 384:12-d as inserted by section one of the bill by striking out same and inserting in place thereof the following:

384:12-d Notice to and Concurrence of Federal Authorities. In connection with any proceeding under this subdivision involving a financial institution under the concurrent supervision of a federal agency and the commissioner, the commissioner shall provide the appropriate federal agency with notice of such proceeding and the grounds therefor. Such proceedings shall then only be continued by the commissioner with the concurrence of the appropriate federal agency.

HB 113-FN, relative to sunset review of vocational rehabilitation. Ought to Pass with Amendment.

This bill was recommitted to provide for a report from the Director of Blind Services to be delivered to a joint committee of Education and Resources, Recreation and Development on the progress of the in-service training program as provided for in the Committee amendment. Vote 15-0. Rep. William P. Boucher for Education.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Duties of Blind Services; Training Sessions. Amend RSA 186-B:11, V and VI as inserted by 1975, 260:1 by striking out said paragraphs and inserting in place thereof the following:

V. Provide the necessary training and supervision to licensed blind persons;

VI. Adopt rules, pursuant to RSA 541-A, to carry out this subdivision; and

VII. Conduct mandatory training seminars for operators of its vending facilities, which shall address topics concerning the management of vending facilities, including, but not limited to, the following:

- (a) customer relations,
- (b) marketing techniques,
- (c) personnel hiring and

training,

- (d) inventory control,
- (e) new products,
- (f) machine repair and

maintenance, and

- (g) accounting.

4 Legislative Oversight. The director of the blind services vending program shall report to a joint session of the education committee and the resources, recreation and development committee of the house of representatives during January of 1987 on the training activities mandated by RSA 186-B:11, VII and the effectiveness of such training.

5 Effective Date. This act shall take effect upon its passage.

HB 295, relative to school district boundaries in Canterbury and Concord. Ought to Pass.

This is a housekeeping bill to ease the school attendance of children living in the school district boundaries of the town of Canterbury and the city of Concord. Vote 13-0. Rep. Jesse F. Davis for Education.

HB 390-FN, changing the funding of special education and making an appropriation therefor. Inexpedient to Legislate.

The Committee recognizes the need to deal with the problem of spiralling special education costs now facing New Hampshire's cities and towns, but feels that HB 390-FN, is not the proper vehicle for doing this. HB 390 would encourage school districts to place special education students in out-of-district programs without regard for expense, since the bill would require the state to pay all per pupil costs. The Committee intends to address this important issue through other bills this session. Vote 18-0. Rep. Betty Jo Taffe for Education.

HB 51, relative to the rulemaking authority of the office of waste management. Ought to Pass with Amendment.

The amended bill requires that rulemaking concerning siting criteria includes economic assessment in a defined area. It also requires the Office of Waste Management to give

due consideration to the studies and recommendations of the municipal hazardous waste facility review committees. Vote 15-0. Rep. Barbara B. Bowler for Environment and Agriculture.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Rulemaking. Amend RSA 147-A:3, IX (supp) as inserted by 1981, 413:2 as amended by striking out said paragraph and inserting in place thereof the following:

IX. The terms and conditions under which the office shall issue, modify, suspend, revoke, or deny permits required by this chapter. These terms and conditions shall include, but are not limited to, monitoring, contingency plans, closure, evidence of financial responsibility, and criteria for the siting of a hazardous waste facility. The siting criteria may include methods and procedures for evaluating the effects of a hazardous waste facility on the public health and safety, the environment, and on the economy of the host municipality and other contiguous municipalities.

2 Permit Application Review. Amend RSA 147-A:5, I (supp) as inserted by 1981, 413:2 as amended by striking out said paragraph and inserting in place thereof the following:

1. In reviewing an application for a permit to operate a hazardous waste facility, the office shall give due consideration to all rules of the office and to all studies and reports submitted by a municipal hazardous waste facility review committee established under RSA 147-C.

3 Effective Date. This act shall take effect upon its passage.

HB 160-FN, relative to sunset review of the air resources agency. Ought to Pass with Amendment.

This bill renews the Air Resources Agency for 6 years. The amendment requires the Air Resources Commission to submit a study relative to the recovery of permitting costs. Vote 13-3. Rep. Catherine O'Brien for Environment and Agriculture.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Report. The air resources commission shall submit a report to the house of representatives' standing committee on environment and agriculture detailing an air resources agency plan to recover, through permit fees as directed by RSA 125-C:12, IV, 100 percent of the costs incurred by the agency in reviewing permit applications and enforcing permit conditions and terms. The air resources agency shall provide the air resources commission with all the information required to complete the report. The report shall be submitted to the committee not later than August 1, 1985.

4 Effective Date. This act shall take effect upon its passage.

HB 174-FN, allowing owners of land in current use to use gravel and other substances from those tracts to build on-site roads and landings without changing the current use status. Ought to Pass with Amendment.

This bill, as amended, allows gravel to excavation for forestry and agricultural purposes within qualifying property with approval of local authorities. It also specifies that topsoil removal would be allowed for harvesting of a sod farm crop. Vote 15-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

allowing owners of property classified as open space land to excavate topsoil and gravel for certain purposes without changing the current use status; making sale of excavated materials a land use change; requiring reclamation; and requiring owners to keep municipal officials informed of reclamation efforts.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 On Site Roads and Landings. Amend RSA 79-A:7, IV (b) (supp) as inserted by 1979, 485:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(b) Topsoil, gravel or minerals are excavated or dug from the site; except:

(1) removal of topsoil in the process of harvesting a sod farm crop in amounts which will not deplete the topsoil; and

(2) removal of gravel and other materials for construction and maintenance of roads and landings for agricultural and forestry purposes within the qualifying property of the owner or, with the approval of local authorities, to other qualifying property of the owner. Sale of excavated materials shall constitute a land use change of the property from which the material was excavated. The site shall be reclaimed when the construction or maintenance project is completed to mitigate environmental and aesthetic effects of the excavation. Both project completion time and acceptability of reclamation shall be determined by local authorities. The owner shall keep local officials informed in writing of plans to remove and use of soil material from qualifying lands for purposes of this subparagraph and to assume conformance with any local ordinances, as well as plans for reclamation of the site.

3 Effective Date. This act shall take effect 60 days after its passage.

HB 301, relative to the state committee on mosquito control. Ought to Pass with Amendment.

This bill has been amended to strike out o. the RSAs the section which established the State Mosquito Control Committee. The original sponsor of this legislation (Rep. Elizabeth A. Greene) agrees that this section is no longer useful. The authorization for the organization into mosquito districts by any group of towns remains in the law. Vote 16-0. Rep. Elizabeth A. Greene for Environment and Agriculture.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Repeal. The following are hereby repealed:

I. RSA 437-A:1, relative to the declaration of purpose of mosquito control.

II. RSA 437-A:2, relative to the state committee.

III. RSA 437-A:3, relative to duties of the committee.

HB 317, relative to waste lubricating oil disposal. Inexpedient to Legislate. Much of the subject matter of this bill is already being addressed by the federal government through Resource Conservation Recovery Act and the National Oil Recycling Act. To limit the retail outlets for lubricating oil, as this bill would do, is not fair to the consumers and does nothing to prevent the dumping of waste oil on the ground by individuals. What is needed is an incentive for consumers to recycle used oil. Vote 16-0. Rep. Elizabeth A. Greene for Environment and Agriculture.

HB 106-FN, relative to sunset review of the office of state negotiator. Ought to Pass with Amendment.

This Sunset bill transfers the function of negotiation to the Governor's Office, but the office of negotiator has been abolished. The Governor may use any unclassified employee to be the negotiator. The present state negotiator will become the contract administrator and remain in the Department of Personnel. Vote 20-0. Rep. Harold W. Watson for Executive Departments and Administration.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Contract Administrator. Amend RSA 21-I by inserting after section 14 the following new section:

21-I:15 Contract Administrator.

1. The director of personnel, with the approval of the commissioner, shall appoint a contract administrator.

II. The contract administrator shall be an unclassified employee and shall serve a 4 year term.

III. The contract administrator, under the supervision of the director of personnel, shall:

(a) administer all collective bargaining agreements with classified employees;

(b) provide professional support and assistance to the governor in the conduct of negotiations with representatives of classified employees;

(c) represent the state, in cooperation with the attorney general, in all grievance actions related to collective bargaining agreements before the public employees labor relations board.

2 Termination; Office of State Negotiator. The office of state negotiator, PAU 0113, is hereby terminated and all functions, powers, duties, personnel, equipment, records, and unexpended appropriations of that office are transferred to the department of administrative services.

3 Salary.

I. Amend RSA 94:1-a, I (supp) as inserted by 1975, 505:28 as amended by striking out in Group N, state negotiator.

II. Amend RSA 94:1-a, I (supp) as inserted by 1975, 505:28 as amended by inserting in Group N, contract administrator.

4 Transition. The incumbent state negotiator in office as of the effective date of this act shall be transferred to the department of administrative services and become the first contract administrator. The incumbent shall have a 4 year term. The incumbent shall retain all retirement, sick leave, and annual leave credits to which he is entitled as of the effective date of this act.

5 State Employee Bargaining. Amend RSA 273-A:9 as inserted by 1975, 490:2 by striking out said section and inserting in place thereof the following:

273-A:9 Bargaining by State Employees.

I. Cost items and terms and conditions of employment affecting state employees generally shall be negotiated by the state, represented by the governor as chief executive, with all interested bargaining units. Negotiations regarding terms and conditions of employment unique to individual bargaining units shall be negotiated individually with the representatives of those units by the governor.

II. To assist in the conduct of such negotiations the governor may appoint an official state negotiator. The official state negotiator shall not be a classified state employee.

III. The governor shall also appoint an advisory committee to assist in the negotiating process. The contractor administrator appointed under RSA 21-I:15 shall be a member of this committee.

IV. The department of administrative services, through the contract administrator and his staff, shall provide administrative and professional support to the governor in the conduct of negotiations.

6 Contingency; Division of Personnel. In the event the general court enacts legislation during the 1985 legislative session creating a division of personnel within the department of administrative services, then the references to the "department of administrative services" provided for in this act shall be changed to read "division of personnel."

7 Effective Date. This act shall take effect July 1, 1985.

HB 210, requiring employers who fail to properly enroll employees in the New Hampshire retirement system to pay the employee contribution. Inexpedient to Legislate.

This bill would seek to gain compliance with the compulsory membership requirements of the retirement statute by imposing penalties on political subdivisions who fail to properly enroll employees. The Committee feels that the Retirement System has not made full use of administrative means that are available to it for encouraging compliance. Vote 19-0. Rep. Richard H. Campbell for Executive Departments and Administration.

HB 305-FN, authorizing the barbering and cosmetology board to set fines. Ought to Pass.

This bill provides a means of addressing the violation of the existing licensing laws in a manner less than revocation, but greater than reprimand. It also reduces the need to involve State Police to enforce the license laws. Vote 19-0. Rep. William F. McCain for Executive Departments and Administration.

HB 376-FN, establishing a forensic polygraph licensing board. Inexpedient to Legislate.

This legislation would institute licensing covering only 15-20 examiners in the State at present. The Association has demonstrated capability to provide policing of its own activities, and there is no demonstrated benefit to the public. Vote 19-0. Rep. William F. McCain for Executive Departments and Administration.

HB 426-FN, relative to pharmacy inspectors and making an appropriation therefor. Ought to Pass.

This legislation addresses a clearly demonstrated need to provide enforcement of the controlled substance act. The area of drug abuse violations cannot be addressed with the current force of one (1) inspector. Vote 19-0. Rep. William F. McCain for Executive Departments and Administration.

Referred to Appropriations.

HB 138-FN, relative to sunset review of game resources. Ought to Pass with Amendment.

This bill re-creates the Game Management Department of the Fish and Game

Department. The amendment allots the Department more time to set migratory bird season. Vote 14-0. Rep. Harold F. Magoon for Fish and Game.

Amendment

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 Migratory Birds. Amend RSA 209 by inserting after section 6-a the following new section:
209:6-b Rules Relative to Migratory Birds.

I. The fish and game department shall be exempt from the provisions of RSA 541-A when setting the seasons and bag limits for migratory birds as permitted in RSA 209:6 when federal regulations require that a rule be adopted sooner than permitted by RSA 541-A. Such rules may be adopted after whatever notice and hearing the agency finds to be practicable. The agency shall make reasonable efforts to ensure that such rules are made known to persons who may be affected by them.

II. Rules adopted under this section shall be filed with the director of legislative services and with the legislative committee on administrative rules.

4 Game Management and Research Report.

I. The executive director of the fish and game department shall, by January 1, 1986, submit a report to the appropriate standing committees of the house and senate.

II. The report shall outline the following:

(a) analysis of the feasibility of establishing tax incentives for local property owners who cooperate in wildlife management including the estimated costs of such a plan;

(b) a plan for fund allocation within the department including:

(1) an identification of the total revenue derived from fish related activity and the total revenue derived from game related activity and identify the total costs of fish related activity and game related activity;

(2) a statement of the costs of law enforcement and general support operations to game and fish generated revenue;

(3) proposals for necessary changes in licensing fee structure to accomplish an equitable balance between fish and game management programs.

(c) a proposal to initiate action on the deer management plan including:

(1) estimated costs;

(2) source of funding.

5 Effective Date. This act shall take effect upon its passage.

HB 420-FN, relative to proceeds from furbearers confiscated or acquired by the department of fish and game. Ought to Pass.

It was felt by the Committee that the proceeds from seized and road-kill furs should go to the trapping education program. This would be a matching fund

with the Pittman—Robertson Act. Vote 14-0. Rep. Charles H. Felch, Sr. for Fish and Game.

HB 186-FN, relative to the licensing of home health care providers and making an appropriation therefor. Ought to Pass with Amendment.

The policy of the state is to encourage more home health care to keep elderly from being placed in nursing homes. The Committee felt that these agencies should be licensed in order to provide some protection to this most vulnerable population. Vote 21-0. Rep. Marion L. Copenhaver for Health and Human Services.

Amendment

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Definition; Prohibited Use in Corporate Name. Amend RSA 151 by inserting after section 151:2-a the following new sections:

151:2-b Home Health Care Provider.

I. "Home health care provider"

means any organization, business entity, or subdivision thereof, whether public or private, whether operated for profit or not, which is engaged in arranging or providing, directly or through contract arrangement, one or more of the following: nursing services, home health aide services, or other therapeutic and related services which may include, but shall not be limited to, physical and occupational therapy, speech pathology, nutritional services, medical social services, personal care services, and homemaker services, which may be of a preventive, therapeutic, rehabilitative, health guidance or supportive nature to persons in their places of residence.

II. Home health care providers which provide only homemaker services and no other health care services as listed in paragraph I of this section shall be issued a license limiting their services to homemaker services.

III. "Home health care provider"

does not include any organization or agency providing only services pursuant to the provisions of Title III(c) of the Older Americans Act, operating only a nutrition program under a federal social services block grant, or under the auspices of a private charity; or volunteer hospices that do not provide, directly or through contract arrangements, home health care services as defined in RSA 151:2-b, I.

151:2-c Prohibited Use in Corporate Name, Trade Name, or Service Mark.

I. The secretary of state shall not issue a certificate of incorporation to an applicant for incorporation or for registration as a foreign corporation or a foreign partnership which includes the words "home health care," "home care," or "visiting nurse" or any modification or derivative thereof in its corporate or business name or which includes the practice of providing home health care or visiting nurse services among the objects for which it is established unless the division of

public health services, department of health and human services, shall have issued, with respect to such applicant, a license pursuant to the provisions of this chapter or a letter certifying that the applicant has made application with the division for licensing under this chapter. A copy of either the license or the letter shall be presented to the secretary of state.

II. The secretary of state shall decline to register any trade name or service mark for a partnership, sole proprietorship, or association which includes the words "home health care," "home care," or "visiting nurse" or modifications or derivatives thereof in the firm or business name unless the division of public health services, department of health and human services, shall have issued, with respect to such partnership, sole proprietorship, or association, a license pursuant to the provisions of this chapter or a letter certifying that such partnership, sole proprietorship, or association has made application with the division for licensing under this chapter. A copy of either the license or the letter shall be presented to the secretary of the state.

III. No person who currently uses the words "home health care," "home care," or "visiting nurse" in his firm or business name may advertise or cause to be published an advertisement soliciting or offering that he is a home health care provider as defined in RSA 151:2-b, I unless he obtains the requisite license required under this chapter.

Amend the bill by renumbering sections 4, 5, 6, 7, and 8 to read as 3, 4, 5, 6, and 7 respectively.

Amend the bill by striking out section 7 and inserting in place thereof the following:

7 Effective Date. This act shall take effect 180 days after its passage.

Referred to Appropriations.

HB 220, relative to driving while intoxicated. Inexpedient to Legislate. The issue that this bill deals with has been addressed by the Committee in HB 358. Vote 13-0. Rep. Maureen E. Raiche for Judiciary.

HB 358, relative to driver's license revocations under the implied consent law. Ought to Pass.

This bill clarifies the intent of the last legislature to provide for enhanced penalties if a person has a prior refusal of consent under the DWI Implied Consent Law. Vote 13-0. Rep. Maureen E. Raiche for Judiciary.

HB 235, authorizing the town of Rollinsford to establish a hydroelectric reserve fund. Ought to Pass with Amendment. This bill, with amendment, will allow any town or city to establish a hydroelectric fund. Vote 19-0. Rep. George M. West for Municipal and County Government.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

authorizing any town or city to establish a hydroelectric fund.

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Town or City Hydroelectric Funds Authorized. Amend RSA 362-A by inserting after section 6 the following new section:

362-A:7 Hydroelectric Fund Authorized. Any town or city may establish a hydroelectric fund to hold a portion of the revenue received from its hydroelectric plant. The hydroelectric fund may be established by a majority vote at an annual or special town meeting or majority vote of the city council. If established, the town or city treasurer shall have custody of the hydroelectric fund, and shall pay out the same upon orders of the selectmen or city council, after the specified sum to be withdrawn has been authorized by a majority vote at an annual or special town meeting or majority vote of the city council. Money from this fund may be used for any purpose for which the town or city may appropriate money.

HB 243, relative to county purchasing regulations. Ought to Pass.

Present law provides that the county commissioners may repair, enlarge or erect county buildings at a cost exceeding \$1,000 when they are authorized to do so by the County Convention. This bill changes that dollar figure to \$5,000. The bill also provides that bids in an amount exceeding \$5,000 which require competitive bidding in Hillsborough County must be subject to review by the Executive Committee. Vote 18-0. Rep. Lawrence Cronin for Municipal and County Government.

HB 320-FN, increasing the amount of interest paid on property tax abatements. Inexpedient to Legislate.

The Committee was of the opinion the proposed bill would result in added costs to municipalities. Vote 13-5. Rep. George M. West for Municipal and County Government.

HB 335, relative to procedures for charter revision or adoption. Ought to Pass. Although this bill would require a slight additional effort in the charter process, the Committee feels it is desirable in the interests of informing the voters of the substance of a charter revision. Vote 18-0. Rep. Richard A. Grodin for Municipal and County Government.

HB 336, allowing manufactured housing to be located in any residential area in a municipality. Refer for Interim Study.

Due to the complexity of this issue, further time is needed to attempt to come up with legislation which would provide an acceptable solution to this problem. Vote 19-0. Rep. Lawrence Cronin for Municipal and County Government.

HB 350-FN, providing that property tax exemptions for the elderly be indexed to reflect increases or decreases in the cost of living. Inexpedient to Legislate. The Committee felt this bill had several flaws and would add an administrative burden for all towns and cities. Vote 18-0. Rep. George M. West for Municipal and County Government.

HB 389-FN, relative to village water districts. Inexpedient to Legislate. This bill, if passed, would create a method of collecting water taxes which is in violation of statutes now in effect as pertaining to incompatibility of town offices. It would also create additional paper work for town officials. Vote 19-0. Rep. David M. Perry for Municipal and County Government.

HB 461-FN, relative to funding the various veterans' programs in the state and making an appropriation therefor. Ought to Pass with Amendment.

This legislation establishes a broad based committee of veterans, to be known as the "state veterans needs committee;" this Committee to recommend programs which may be beneficial to veterans, their dependents and survivors, subject to final approval by the legislative Fiscal Committee. The funds for such programs are equal to 1/2 of the rooms and meals tax collections from non-profit organizations. Funds not used are lapsed into the general fund at the end of each fiscal year. Vote 13-0. Rep. Richardson D. Benton for Public Protection and Veterans Affairs.

Amendment

Amend RSA 115-A:1 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

115-A:1 Purpose. To provide continuing financial aid to address the needs of the veterans and their dependents or survivors in the state and to continue, when required, bonuses previously paid from the Vietnam veterans' bonus fund, the general court deems it in the best interest of the state to establish a permanent funding program for these causes.

Amend RSA 115-A:2, I as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

I. "Adjutant general" means the adjutant general of New Hampshire as defined in RSA 110-B.

Amend RSA 115-A:2, VI, VII, VIII and IX as inserted by section 1 of the bill by striking out said paragraphs and inserting in place thereof the following:

VI. "State veterans' needs committee" means a committee consisting of the following representatives of these veterans' organizations: one each from the American Legion, Veterans of Foreign Wars, Disabled American Veterans, Veterans of World War I of the USA, Inc., Military Order of the Purple Heart, New Hampshire Chapter of American Ex-POW's, and Vietnam Veterans of America, and 2 New Hampshire female veterans to be selected by majority vote of the other members of the committee, with the advice of the presidents of the auxiliaries of these organizations.

VII. "Veterans' council" means the state veterans council established pursuant to RSA 115.

VIII. "Veterans' program" means any legitimate veterans' program which may, from time to time, be established in the state, as determined by the state veterans' needs committee and approved by the legislative fiscal committee.

Amend RSA 115-A:4 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

115-A:4 Roster. The adjutant general shall from time to time prepare a roster of the names of residents of the state who have qualified for bonus payments under RSA 115-A:3, and shall certify the same and prepare a manifest to authorize the state treasurer to make payment from the veterans' assistance account established by RSA 115-A:8.

Amend RSA 115-A:8, II as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

II. The state treasurer shall establish a separate account to be known as the New Hampshire veterans' assistance account.

Amend RSA 115-A:8, IV and V as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

IV. At the close of each fiscal year, the legislative fiscal committee shall review the line item budgets submitted to it by the state veterans' needs committee for the veterans' programs current and succeeding year and may authorize payment from the New Hampshire veterans' assistance account in a sum sufficient to meet the requirements of a particular program, if judged to be reasonable by the legislative fiscal committee. For said purposes such sum is hereby appropriated. Any excess funds after all authorized payments have been made in any fiscal year shall be lapsed to the general fund.

V. The state veterans' needs committee shall determine the necessity of and may approve veterans' programs in the state of New Hampshire. Such approved

programs may be funded from the New Hampshire veterans' assistance account and administered by the state veterans' council. The administrator of the state veterans' needs committee may at any time recommend to the fiscal committee that a previously approved veterans' program be suspended for just cause.

Amend RSA 115-A as inserted by section 1 of the bill by inserting after section 8 the following new section:

115-A:9 State-Veterans Needs Committee. Each member of the state veterans' needs committee shall serve a 2 year term of office from the date of his appointment, and may be reappointed. The committee members shall choose a chairman and a secretary from their committee membership.

Referred to Appropriations.

HB 310, relative to capital improvements to the administrative office building of the department of employment security and making an appropriation therefor. Ought to Pass.

The Committee felt that the funds are provided in this bill. The money is held in the unemployment compensation trust fund account. Vote 23-0. Rep. Lorine Walter for Public Works.

Referred to Appropriations.

HB 314, to reclassify a certain highway in the town of Dunbarton. Ought to Pass. This bill reclassifies a class II highway in the town of Dunbarton to a class V highway. Vote 23-0. Rep. James V. Bibbo, Jr. for Public Works.

HB 315, making an appropriation to replace a railroad bridge on the Northfield-Tilton town line. Ought to Pass. This work is urgently needed to rectify flooding problem in Northfield-Tilton on Winnepesaukee River due to present faulty bridge construction. Vote 20-2. Rep. Charles M. Nute for Public Works.

Referred to Appropriations.

HB 341, providing for an access ramp to interstate 95 in the town of North Hampton and making an appropriation therefor. Refer for Interim Study.

The Committee felt that this bill should be sent to study. Several people spoke against this bill in its present form, but stated that there was a problem. The Wilber Smith Study showed that over 4,000 cars a day could be funneled off route 101 if there were a free access to 95 for local traffic. The local chamber and the sponsor expressed a willingness to work with a subcommittee to find a solution to this problem. Vote 22-0. Rep. Beverly Hollingworth for Public Works.

HB 103-FN, relative to sunset review of the sweepstakes commission. Ought to Pass with Amendment.

This Sunset bill re-creates the Sweepstakes Commission and makes several technical changes in the existing Bingo and Sweepstakes statutes. The Committee will have another bill which will deal with other changes in the Sweepstakes and Bingo laws later in the session. Vote 13-0. Rep. James D. Phelps for Regulated Revenues.

Amendment

Amend the bill by striking out all after section 2 and inserting in place thereof the following:

3 Administrative and Rulemaking Provisions. Amend RSA 284:21-i (supp) as inserted by 1963, 52:1 as amended by striking out said section and inserting in place thereof the following:

284:21-i Administrative and Rulemaking Provisions.

I. The sweepstakes commission shall be empowered to employ such technical assistants and employees to carry out the provisions of this subdivision as the governor and council shall authorize. Such assistants and employees shall receive compensation at rates to be established by the personnel commission. No employee of the commission shall have any pecuniary or other interest in any supplier or agent to the commission, or in any supplier or lessor of bingo equipment or halls, or in any officer of a bingo licensee licensed under RSA 287-E, or in any licensee licensed under this chapter.

II. The sweepstakes commission shall adopt rules under RSA 541-A after public hearing relative to:

(a) holding and conducting drawings and sweepstakes races and the sale of tickets for such drawings and races;

(b) establishing and fixing the purses, not to exceed an aggregate sum of \$200,000 for a single calendar year, to be awarded horses, or dogs, or both in sweepstakes races;

(c) establishing
(1) the price for which tickets for drawings and sweepstakes races shall be sold; not to exceed \$3 per ticket;
(2) the method by which tickets sold for drawings and sweepstakes races shall be determined to be winning tickets; and

(3) the money or prizes to be awarded holders of winning tickets.

III. In establishing the money or prizes to be awarded the holders of winning tickets and the purses for the horses or dogs or both, the sweepstakes commission shall be governed by the primary purpose of the sweepstakes, to raise revenue for the benefit of public education. They shall conduct such studies and make such investigation, either directly or through their agents, as will apprise them of prizes and money awarded to the holders of winning tickets in similar drawings wherever held. They shall consider the size of purses for the horses or dogs or both as bearing on the question of gaining public confidence in the sweepstakes races. They shall fix the prizes and amounts of money to be awarded

winners as well as the purses for the horses or dogs or both in such manner as will yield the largest net revenue for the benefit of public education, bearing in mind the expenses to be incurred, and all other factors which tend to influence net revenue.

IV. The commission shall adopt a uniform set of rules under RSA 541-A and after public hearing applicable to all instant sweeps games, including, but not limited to, how prizes are claimed and how tickets are validated. The commission may establish the following requirements without adopting rules under RSA 541-A, provided such requirements are printed clearly on the tickets issued by the commission:

- (a) the name of the game;
- (b) the cost of the ticket;
- (c) the amount of instant

prizes;

(d) the method for determining winning tickets which is unique to that particular game.

4 Conflict of Interest. Amend RSA 284:21-a as inserted by 1963, 52:1 by striking out said section and inserting in place thereof the following:

284:21-a State Sweepstakes Commission. There shall be and hereby is created a state sweepstakes commission consisting of 3 members who shall be appointed and may be removed for cause by the governor with the advice and consent of the council. One member shall be appointed for one year, one for 2 years and one for 3 years, and upon the expiration of their terms of office their successors shall be appointed for a term of 3 years. Any vacancy shall be filled by appointment for the unexpired term. The members shall serve until their successors are appointed and qualified. No member of the commission shall have any pecuniary or other interest in any supplier or agent to the commission, or in any supplier or lessor of bingo equipment or halls, or in any officer of a bingo licensee licensed under RSA 287-E, or in any licensee licensed under the provisions of this chapter.

5 Rulemaking; Bingo. Amend RSA 287-E:3, XII (supp) as inserted by 1983, 417:1 by striking out said paragraph and inserting in place thereof the following:

XII. Accountability controls to ensure game integrity, including, but not limited to, cash, attendance, prizes, income, expense and financial reporting, and record-keeping to be implemented by licensed charitable organizations in addition to the requirements set forth in RSA 287-E:9.

XIII. Package games.

XIV. Other matters related to the proper administration of this chapter.

6 Rulemaking; Lucky 7. Amend RSA 287-E:18 by inserting after paragraph IV the following new paragraph:

V. Accountability control to ensure ticket sales integrity and record-keeping.

7 Agricultural Fairs. Amend RSA 287-E:10 by inserting after paragraph VIII the following new paragraph:

IX. All other provisions of RSA 287-E shall also apply to bingo games conducted at agricultural fairs.

8 Bond. Amend RSA 287-E:23, III (supp) as inserted by 1983, 417:1 by striking out in line one the amount "\$10,000" and inserting in place thereof the following (\$50,000) so that said paragraph as amended shall read as follows:

III. Each licensee shall post a bond in the amount of \$50,000 conditioned upon the licensee's compliance with the rules of the commission.

9 Effective Date. This act shall take effect upon its passage.

HB 132-FN, relative to sunset review of parks and recreation. Ought to Pass with Amendment.

This bill has been amended to emphasize preservation of resources, accessibility to the public and encouragement and support of tourism and related economic activity as purposes to be served by our parks. It stresses development planning, ongoing maintenance, efficient administration and high standards of operation, maintenance and service as duties of the park director. In addition, it calls for financial reporting procedures to reflect a complete financial picture and directs the Division of Parks to identify specific measures to improve efficient administration and maximize revenue in its enterprise activities. The amendment also directs the substitution of a policy of discounted fees, as opposed to free use, when complementary use is appropriate. The division will report back to the Legislature by August 15. Vote 19-0. Rep. Elizabeth S. Bardsley for Resources, Recreation and Development.

Amendment

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 State Park System. Amend RSA 216-A:1 as inserted by 1961, 263:1 by striking out said section and inserting in place thereof the following:

216-A:1 Intent. It is the intent of the general court that a comprehensive state park system shall be developed, operated, and maintained to achieve the following purposes in order of the following priority:

I. To protect and preserve unusual scenic, scientific, historical, recreational, and natural areas within the state.

II. To continually provide such additional park areas and facilities as may be necessary to meet the recreational needs of the citizens of all regions of the state.

III. To make these areas accessible to the public for recreational, education, scientific, and other uses consistent with their protection and preservation.

IV. To encourage and support tourism and related economic activity within the state.

4 Duties. Amend RSA 216-A:2 as inserted by 1961, 223:3 as amended by striking out said section and inserting in place thereof the following:

216-A:2 Duties, Director of Parks and Recreation. The director of the division of parks and recreation, under the supervision of the commissioner of resources and economic development, shall execute all matters related to the design, development, administration, operation, and maintenance of the state park system. These responsibilities shall include, but not be limited to:

I. The director shall continually assess the state's recreational needs and formulate a state park development plan which addresses those needs, and shall supervise the implementation of that plan.

II. The director shall implement a maintenance program for state parks and recreational areas to ensure that the natural, historical, and recreational value of these areas is preserved and the state's investment in such facilities is protected.

III. The director shall develop and implement operating procedures for the state park system designed to ensure its efficient administration and high standards of operation, maintenance, and service within the purposes established in RSA 216-A:1.

IV. The director shall cooperate with the director of the division of forests and lands on matters pertaining to the joint recreational and forestry use of state lands, with other state and federal agencies in the development of parkways and scenic routes, in the development of wayside picnic areas, in the promotion of hunting and fishing on public recreational areas, and in the promotion of better understanding of the recreational advantages of the state.

V. The director may also:

(a) recommend for state acquisition lands or the use of lands for recreational purposes and for the protection and preservation of areas of unusual scenic, scientific, historic, or other value;

(b) enter into cooperation with departments of the federal government and other public and private agencies for the development or promotion of recreational facilities or services for public use within the state.

5 Department. Amend RSA 216-A:3 as inserted by 1961, 223:3 as amended by striking out said section and inserting in place thereof the following:

216-A:3 Department of Resources and Economic Development; Authority. With the approval of the governor and council, the department shall have the following authority:

I. Acquire, by purchase or gift, real property with recreational or historic value.

II. Dispose of real property, by sale or exchange.

III. Enter into agreements with other state agencies, the federal government, or municipalities regarding the acquisition, development, or operation of recreational areas or facilities.

IV. Apply for and receive, with the approval of the governor and council, grants, donations, and other assistance to assist in the development and operation of the park system.

6 Plan. Amend RSA 216-A by inserting after section 3-b the following new sections: 216-A:3-c Development Plan.

I. The director of parks and recreation shall by January 1, 1987, publish a written comprehensive 6 year development plan for the state park system. The director shall submit copies of the plan to the governor, council, and presiding officers of the general court.

II. The director shall continually review this plan and revise it as necessary.

III. The development plan shall include:

(a) an analysis of the recreational needs of each geographic region of the state and the degree to which existing park facilities address those needs;

(b) an assessment of the strengths and weaknesses of the state park system;

(c) establish specific goals and objectives for the park system;

(d) report on progress in meeting goals and objectives during the previous 2 years;

(e) identification of areas in which there is a need for physical expansion of park properties;

(f) identification of park system properties which are surplus to the state's needs;

(g) a summary of the division's planned maintenance program for park facilities, including, but not limited to, measures to protect against undue environmental stress;

(h) proposed improvements to park facilities, including major renovations, repairs, additions, or new construction.

IV. The development plan shall serve as a basis for the division's capital and operating budget requests.

V. In developing the park system plan, the director shall consult with the director of the office of state planning. The office of state planning shall provide the director of parks and recreation with such information on the recreational needs of the state and other technical assistance as is necessary for the division to properly perform its responsibilities under this section.

216-A:3-d Maintenance of State Park System.

I. The director of parks and recreation and commissioner of resources and economic development shall develop operating procedures to ensure that the division and other departmental units and other agencies of state government effectively coordinate their efforts to provide for proper maintenance of park system properties and facilities.

II. The division shall establish an automated maintenance management information system. This system shall:

(a) maintain an inventory of division properties and facilities;

(b) provide a current statement of condition of such properties and facilities;

(c) serve as a mechanism for scheduling and tracking maintenance projects. 216-A:3-e Financial Reports.

I. The commissioner of resources and economic development, director of parks and recreation, and commissioner of administrative services shall develop a financial reporting system for the state park system which shall provide for:

(a) an accurate report of all revenue collected from park system operations, by source, including fees and income from the sale of goods and services;

(b) an accurate report of the direct operating costs of the division of parks and recreation and the facilities for which it is responsible;

(c) an accurate report of the debt service costs associated with park system facilities;

(d) an accurate report of such other costs, including the costs of administrative services provided to the park system by other elements of state government, related to park operations;

(e) an accurate report of the funds budgeted for maintenance of park areas and facilities and of the actual amount spent for such maintenance.

I. The financial report shall include detail on the operations of the state's ski areas of Franconia Notch and Mount Sunapee state parks. This element of the report shall:

(a) detail operating expenses and revenue associated with ski area operations;

(b) detail debt service and other capital expense costs associated with ski area operations;

(c) include a description of the assumptions made in defining costs and revenues related to ski area operations;

(d) identify the net profit or loss on ski area operations including all costs and revenues in any fiscal year;

(e) identify financial management and budgeting procedures to improve the profitability of ski operations.

III. The commissioner of resources and economic development shall submit the financial reports required by this section to the governor and council and the general court no later than January 1 of each calendar year and shall include data on financial operations during the previous fiscal year.

216-A:3-f Promotion of Park Facilities.

I. The director of parks and recreation in consultation with the director of economic development shall formulate an annual promotion program for state park facilities.

II. This program shall be coordinated with the state's general tourism promotion efforts.

III. Funding for park system promotion shall be appropriated to the division of parks and recreation and shall be expended with the assistance of the office of vacation travel of the division of economic development.

216-A:3-g Fees for Park System. The commissioner of resources and economic development, in consultation with the director of parks and recreation, shall adopt, by rule under RSA 541-A, fees for access to and use of the state park system. The fees adopted by the commissioner shall be consistent with the following criteria:

I. Fees for use of park areas shall be designed to recover a reasonable portion of the operating costs consistent with the purposes of the park system established in RSA 216-A:1. The general court does not intend that all park facilities be self supporting.

II. Fees for use of campgrounds and ski lifts shall be comparable with fees for use of similar privately owned facilities. The operation of all enterprise functions within the park system, including ski lifts, food service, retail facilities, campgrounds, and other concession activities, shall be a profitable as possible, within the purposes of the park system.

III. In addition to rules establishing fees for use of park areas and facilities, the commissioner shall also adopt rules establishing policies regarding free or reduced cost use of such areas. In establishing these policies the commissioner shall substitute, whenever reasonable, reduced cost or discounted fees for free use.

7 Rulemaking. Amend RSA 12-A:2-e, II(c) (supp) as inserted by 1983, 422:13 by striking out said subparagraph and inserting in place thereof the following:

(c) Fees for access to property, parking, lodging, use of facilities, or other services. The commissioner shall, by rule, establish policies regarding reduced cost or free use of property and facilities; provided, however, that reduced rate or discounted fees shall be substituted for free use whenever reasonable to do so.

8 Repeal. RSA 218:5-a, relative to duties of director of parks is hereby repealed.

9 Park System Operations. It is the intent of the general court that the enterprise and other operations of the state park system be operated in an efficient manner. It is also the intent of the general court that within the policies established under RSA 216-A:1, the enterprise functions of the park system be as profitable as possible.

10 Division Study. The division of parks and recreation shall conduct a study of the following aspects of park system operations:

I. The division shall review the methods used to provide food service and other retail services at park facilities. This review shall include:

(a) an analysis of the feasibility, costs and benefits of expanding direct state operation of such services at park facilities;

(b) an analysis of potential improvements in the use of concessionaires to operate such facilities and methods of

increasing the division's capability to monitor the activities of such private operators.

II. The division shall review the procedures and policies associated with operation and management of the state ski area facilities at Franconia Notch state park and Mount Sunapee state park. This review shall include an analysis of the potential to increase the profitability of such areas through changes in:

(a) budgeting, accounting and financial management procedures, including the establishment of an enterprise fund for these areas;

(b) the procedures used to select and compensate employees;

(c) the procedures used to purchase supplies and equipment;

(d) the operating structure of these areas to include increased use of concessionaires in area operations;

(e) other operating procedures.

III. The division shall submit by August 15, 1985, a comprehensive written report on the results of the study required by this section to the general court and governor. This report shall include specific proposals and recommendations for changes in statutes, administrative rules, and operating policies to improve the profitability of enterprise functions within the parks system. The division shall also list and describe all internal management improvements made in ski area operations since the effective date of this act. The division's proposals shall include an estimate of the increased revenue projected to be associated with the recommended changes.

11 Effective Date. This act shall take effect upon its passage.

HB 135-FN, relative to sunset review of forestry and land resources. Ought to Pass with Amendment.

The Committee finds the Division of Forest and Lands to be a well-managed agency which has provided clear direction to the development and implementation of its program. Therefore, the Committee supports the re-creation of the Division of Forests and Lands, with amendment. Vote 20-0. Rep. Charles H. Dingle for Resources, Recreation and Development.

Amendment

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 Duties of Director of Forest and Lands. Amend RSA 218:5, I(e) (supp) as inserted by 1977, 384:1 by striking out said subparagraph and inserting in place thereof the following:

(e) coordinate forest pest control efforts with the commissioner of agriculture and the state entomologist. The director and commissioner of agriculture shall establish and publish an annual work plan outlining these efforts and specifying the responsibilities of each agency;

(f) be responsible for the forest management of all state owned woodlands except those areas managed for special purposes. The director shall consult with the directors of all agencies responsible for such areas in regard to forest management; and

(g) carry out such other duties relating to forests and lands as may be delegated by the commissioner of the department of resources and economic development lying within the jurisdiction of the department.

4 Duties. Amend RSA 218:5 by inserting after paragraph III the following new paragraph:

IV. The director of forests and lands, or his agents, may issue cease and desist orders to temporarily suspend logging or other operations in forest areas when he determines that such actions have resulted in, or are likely to result in, pollution of surface or ground water. In such instances, the director shall immediately notify the water supply and pollution control commission, which shall investigate at once the cease and desist order issued by the director shall remain in force until such time as the water supply and pollution control commission determines whether the action in question constitutes a threat to water supplies.

5 State Entomologist. Amend RSA 437:2 by striking out said section and inserting in place thereof the following:

437:2 Suppression of Pests. The commissioner and the state entomologist may undertake the suppression or control of any insect pest or plant disease which, in their judgment, seriously threatens the state or any part thereof and for that purpose may adopt rules under RSA 541-A and may employ such measures as, in their judgment, may be reasonable and proper. The commissioner and the state entomologist shall coordinate their forest pest control efforts with the director of forests and lands. The commissioner and director shall establish and publish an annual work plan that outlines the responsibilities of each agency in the area of forest pest control and report the results back to the appropriate committees. For the purposes of this chapter, it shall be lawful for the commissioner, the state entomologist, or any agent or assistant appointed under the provisions of this chapter, to enter upon any lands in this state.

6 Wood Processing. Amend RSA 224-A:1-4 (supp) as inserted by 1977, 288:1 by striking out said sections and inserting in place thereof the following:

224-A:1 Policy and Purpose. It is hereby recognized and declared to be in the public interest to encourage and promote the prudent harvesting and processing of wood and timber in this state. It is further recognized that the protection and proper development of the state's forest resources require general information about primary wood processing mills, their utilization of wood and timber, and output of forest products. It is, therefore, the policy of this state to require the annual registration of primary wood processing mills, whether portable or permanent, for

the purpose of providing information as to location, owner, type of mill, operating capacity, species and volumes of wood and timber being processed, and output of wood and timber products; to assure the safety of woodlands from fire in relation to the location and operation of such mills; and to obtain such other information and adopt such rules as may be necessary to carry out the purposes of this chapter.

224-A:2 Definitions. In this chapter:

I. "Department" means the department of resources and economic development.

II. "Director" means the director of the division of forests and lands in the department of resources and economic development.

III. "Primary wood processing mill" means any permanent or portable mill, wherever located, sawing or otherwise processing logs, bolts, or other primary forest products.

IV. "Primary forest product" means any portion of a tree, after felling, which will be processed into a secondary forest product, or will be utilized in its primary form.

224-A:3 Mill Registration.

I. No person shall operate or cause to be operated any mill processing primary forest products unless said mill shall be registered by the director.

II. There shall be an annual mill registration fee of \$20 for all mills processing primary forest products, regardless of size, type of mill, or primary product being processed.

III. Application for registration shall be made on forms provided by the director, giving the name of owner or owners, locations, type and capacity of mill, products produced, and such other pertinent information as the director may require. One application shall cover a mill complex in a given location involving more than on unit of equipment.

IV. The director shall issue to the applicant a permanent registration number assigned to the mill described in the application together with a sign or plate denoting such registration number, to be displayed in a conspicuous place at the mill.

224-A:4 Inspection. The director, or his duly authorized agent, may, at any time, inspect any primary wood processing mill to assure compliance with the provisions of this chapter.

7 Rulemaking. Amend RSA 224-A:5 (supp) as inserted by 1977, 288:1 as amended by striking out said section and inserting in place thereof the following:

224-A:5 Rulemaking. The commissioner of the department of resources and economic development shall adopt rules, pursuant to RSA 541-A, relative to:

I. Registration of wood processing mills.

II. Permits to operate primary wood processing mills.

III. Mill site rules applying to mills using gasoline, diesel, and electric power.

IV. Mill site rules applying to steam mills and mills using an incinerator.

V. Fire protection at mill sites.

VI. Emergency rules during high forest fire danger periods.

VII. Any other rules that may be required under the provisions of this chapter.

8 Wood Processing. Amend RSA 224-A:6-7 (supp) as inserted by 1977, 288:1 by striking out said sections and inserting in place thereof the following:

224-A:6 Tabulation of Statistics. The director shall require each mill registered in a given year to submit, on or before January 31 of the following year, a tabulation by species and volume of primary forest products processed during the preceding calendar year on the basis of the International 1/4 Inch Rule, or its equivalent, or other commonly used basis of measure for products not measurable in board feet. The director shall annually publish a statewide tabulation of these statistics, in addition to other general information about primary wood processing mills derived from registration applications.

224-A:7 Penalty. Any person who violates any of the provisions of this chapter or rules adopted under RSA 541-A, shall for the first 30 day period, be guilty of a violation, if a natural person, or guilty of a misdemeanor if any other person. Each subsequent 30 day period or part thereof shall constitute a separate offense.

9 Repeal. RSA 224-A:8, relative to penalty, is hereby repealed.

10 Director; Duties; Report.

I. The director of forests and lands, under the supervision of the commissioner of the department of resources and economic development, shall undertake the following actions by January 1, 1986:

(a) prepare a law enforcement manual for division personnel;

(b) develop formal written criteria to govern department decisions regarding disposal of real property; and

(c) amend the forest and lands resource plan to link goals and objectives to measureable outcomes where possible.

II. The director shall, by January 1, 1986, submit a report to the appropriate committees of the house and senate detailing the progress made in implementing these requirements.

11 Effective Date. This act shall take effect upon its passage.

HB 147-FN, relative to sunset review of economic development. Ought to Pass with Amendment.

This bill, as amended, re-creates Economic Development PAU 030303. It defines the mission of Economic Development and requires comprehensive planning with legislative oversight. Vote 18-0. Rep. MaryAnn N. Blanchard for Resources, Recreation and Development.

Amendment

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 New Subdivision. Amend RSA 12-A by inserting after section 21 the following new subdivision:

Director of Economic Development
12-A:22 Director of Economic Development; Duties. The director of economic development, under the supervision of the commissioner of resources and economic development shall:

I. Establish and maintain a data base on matters related to the economy of the state and its economic development.

II. Plan, develop and administer programs to assist in the maintenance and expansion of existing industry and business in the state.

III. Plan, develop and administer programs to encourage and promote the development of new industry and business in the state.

IV. Plan, develop and administer a program of information and publicity designed to attract to the state tourists, visitors and other interested persons.

V. Provide information and assistance to local and regional officials on matters related to economic development and encourage the establishment of local development plans and programs.

VI. Research and analyze information on matters related to the economic development of the state to support and evaluate the effectiveness of promotional and assistance programs.

VII. Assist the commissioner in developing, publishing and maintaining an economic development plan for the state as required by RSA 12-F.

4 New Chapter. Amend RSA by inserting after chapter 9 the following new chapter:

CHAPTER 9-A STATE DEVELOPMENT PLAN

9-A:1 Comprehensive Plan.

I. There shall be a comprehensive state development plan which establishes state policy on development related issues and proposes new or expanded programs to implement such policies.

II. The comprehensive development plan shall establish executive policies in at least the following areas:

(a) housing;

(b) transportation;

(c) education;

(d) economic development;

(e) management and protection of natural resources;

(f) recreation;

(g) social services.

III. The comprehensive development plan shall serve as the basis for policy and program development by the various departments of state government. State agencies shall develop program plans which are consistent with the policies and priorities established in the comprehensive development plan.

9-A:2 Office of State Planning. The office of state planning, under the direction of the governor, shall:

I. Assist the governor in preparing, publishing, implementing, evaluating and revising the comprehensive development plan.

II. Develop and maintain a technical data base of information to support statewide policy development and planning.

III. Coordinate and monitor the planning efforts of various state agencies and departments to ensure that program plans published by such agencies are consistent with the policies and priorities established in the comprehensive development plan.

9-A:3 Review of Plan.

I. The governor shall transmit his comprehensive development plan, establishing executive priorities as specified in RSA 9-A:1, to the general court by February 15 of each even numbered year.

II. The presiding officers of the general court shall arrange for introduction of the comprehensive development plan as a joint resolution and shall refer the plan to the appropriate standing committees of each house for review. The general court shall either endorse or otherwise comment upon the plan by joint resolution or other action.

9-A:4 Budget Documents. The governor's proposed budget, required under RSA 9:3, and the governor's proposed capital budget, required under RSA 9:3-a, shall reflect the priorities and policies established in the comprehensive development plan.

9-A:5 Cooperation of Agencies. All state agencies and departments shall provide the office of state planning with such information and assistance required by the office to fulfill its responsibilities under RSA 9-A:2. The office shall maintain the confidentiality of any information which is protected by law.

5 State Planning; Duties. Amend RSA 4:12-e as inserted by 1970, 53:1 by striking out said section and inserting in place thereof the following:

4:12-e Duties of the Office of State Planning; State Development Plan. The office of state planning, under the direction of the governor, shall:

I. Assist the governor in preparing, publishing, implementing, evaluating and revising the comprehensive development plan required under RSA 9-A.

II. Develop and maintain a technical data base of information to support statewide policy development and planning.

III. Coordinate and monitor the planning efforts of state agencies and departments to ensure that program plans published by such agencies are consistent with the policies and priorities established in the comprehensive development plan.

6 New Chapter. Amend RSA by inserting after chapter 12-E the following new chapter:

CHAPTER 12-F
STATE ECONOMIC DEVELOPMENT PLAN

12-F:1 State Economic Development Plan. There shall be a 6 year state economic development plan which shall establish state policies and programs designed to ensure the orderly economic growth of New Hampshire. This plan shall consist of 3 parts.

I. Part one of the plan shall be an analytic section which:

(a) clearly documents and explains the condition of the state's economy;

(b) identifies regional and national trends which influence, or are expected to influence, the state's economy;

(c) identifies statewide problems, issues or opportunities related to economic development;

(d) identifies and documents regional or community problems or opportunities which require state assistance to ensure healthy local economies;

(e) analyzes the effectiveness of existing state development policies;

(f) evaluates the performance of existing state development programs.

II. Part 2 of the plan shall consist of state policies to provide for the orderly economic development of the state. These shall include specific state economic development policies in the following areas:

(a) industrial and business promotion and assistance;

(b) recreational programs and tourism promotion;

(c) business regulation;

(d) the availability and use of public financing mechanisms to support industrial and commercial development;

(e) the collection, retention and analysis of data by state agencies on matters related to the state's economy.

III. Part 3 of the plan shall be an action plan for state economic development outlining specific programs to implement the policies contained in part 2. This section shall:

(a) establish goals and objectives for state economic development programs;

(b) assign specific responsibilities to the appropriate departments and agencies of state government;

(c) include proposals for implementation of new or expanded programs or modifications of existing programs;

(d) include recommendations for programs to be implemented in cooperation with local governments;

(e) establish performance measures for new or expanded programs;

(f) include a summary of the estimated costs and benefits associated with any new or expanded development programs.

12-F:2 Department of Resources and Economic Development.

I. The department of resources and economic development is hereby designated as the agency responsible for researching, formulating, publishing and continually reviewing, and when necessary revising, a 6 year economic development plan for state government which is consistent with the requirements of RSA 12-F:1.

II. The policies and programs included in the 6 year economic development plan prepared by the department of resources and economic development shall be consistent with the policies and priorities established in the state development plan required under RSA 9-A.

III. The department shall develop and maintain a technical data base to support state economic development and

planning. This data base shall include at least:

- (a) a comprehensive list of the available sources of information on economic, industrial and business matters;
- (b) an inventory of existing state and local economic development programs and the resources allocated to them. The department shall make use of existing data sources, especially those operated by the office of state planning, whenever possible.

IV. The department shall publish the first state economic development plan by January 1, 1988. The department shall continually review this plan and shall publish revisions by January 1 of each even numbered year.

12-F:3 Review of Plan.

I. The department of resources and economic development shall submit a proposed 6 year economic development plan to the governor for his review by October 1 of each even numbered year.

II. The governor shall transmit this plan to the general court by February 15 of each even numbered year.

III. The presiding officers shall arrange for introduction of the economic development plan as a joint resolution of the general court and shall refer the plan, and the policies and programs proposed in it, to the appropriate standing committees of each house for review. Policies and programs approved through joint resolution or other legislative action shall become the basis of economic development activities by the various departments and agencies of state government.

12-F:4 Consultation With Other Agencies.

I. In preparing the economic development plan the commissioner of resources and economic development shall consult with the chief executive officers of the various departments and agencies of state government with responsibilities which are relevant to economic development. These agencies shall include, but shall not be limited to, the following organizations or their successors:

- (a) Industrial development authority.
- (b) Department of agriculture.
- (c) Office of state planning.
- (d) Department of public works and highways.
- (e) Department of post-secondary vocational technical education.
- (f) Department of education.
- (g) Job partnership training council.
- (h) Department of employment security.
- (i) Housing finance authority.
- (j) New Hampshire municipal bond bank.
- (k) Treasury department.
- (l) Port authority.
- (m) Aeronautics commission.
- (n) All state agencies with natural resource or environmental protection and management responsibilities.

II. The commissioner shall also consult with officials of regional and local

planning and development agencies and representatives of business and industry.

III. All state agencies shall provide the commissioner with such information as is necessary to fulfill his responsibilities under this chapter. The commissioner shall maintain the confidentiality of any information which is protected by law.

7 Joint Promotional Program. Amend RSA 12-A:1-e (supp) as inserted by 1983, 422:20 by striking out same and inserting in place thereof the following:

12-A:1-e Joint Promotional Program. A joint promotional advertising program is hereby established to carry out the duties of the department of resources and economic development as set forth in RSA 12-A:1-c to publicize the advantages of the state of New Hampshire for tourism and to encourage continuous partnership with private industry in this promotion in order to maintain a viable and strong economic base in the state.

I. The department of resources and economic development shall administer a joint promotional advertising program in cooperation with a joint promotional program screening committee. The funds appropriated for this program shall be expended for grants for advertising programs entered into with independent groups or organizations which are designed to promote travel and tourism in the state of New Hampshire.

II. The screening committee shall consist of the director of the office of vacation travel of the division of economic development and 8 other members appointed as follows:

(a) one member appointed by the governor and council upon nomination by the commissioner of resources and economic development;

(b) seven members appointed by the governor and council upon nomination by the New Hampshire travel council. The members nominated by the travel council shall include at least one representative of each of the following: a chamber of commerce, regional association, ski area, attraction, campground and lodging;

(c) members, other than the director of the office of vacation travel, shall serve for a term of 3 years and until their successors are appointed and qualified.

III. The screening committee shall elect its own chairman. Members may designate an alternate with the approval of the chairman. A majority of the members of the committee or their alternates shall constitute a quorum.

IV. Members of the screening committee shall not be compensated, but the commissioner of resources and economic development may set aside up to one percent of the funds appropriated for the joint promotional program in any fiscal year to reimburse committee members for their direct expenses associated with the program. Direct expenses eligible for reimbursement shall be restricted to postage, printing and copying expenses incurred by members.

V. Funds appropriated to the joint promotional program shall only be made available to regional associations, state-wide tourist groups, chambers of commerce or other promotional organizations

as may be certified by the selection committee with the approval of the commissioner of the department of resources and economic development. Such grants shall only be given to those organizations which have been in existence for at least 3 years prior to the date of the grant application.

VI. Grant awards shall require 50 percent matching funds from private sources. Grants shall not be used for the administrative salaries or overhead expenses of any applicant selected for a grant.

VII. Grant applications shall be reviewed by the screening committee which shall recommend approval or disapproval of applications to the commissioner of resources and economic development. A recommendation for disapproval by the screening committee or the commissioner shall be in writing with the reasons for disapproval stated.

VIII. Funds appropriated for the joint promotional program for the first fiscal year of any biennium shall not lapse and shall be available for expenditure during the second fiscal year of the biennium. All funds which have not been expended by the end of the second fiscal year of a biennium shall lapse to the general fund.

IX. The commissioner of resources and economic development shall, with the advice of the selection committee, adopt rules under RSA 541-A, after public hearing, governing the joint promotional program. These rules shall include:

(a) a description of the joint promotional program, stating the general course and method of its operations and the methods by which the public may obtain information or make submissions or requests;

(b) the procedures and criteria used to certify groups or organizations eligible for matching grants;

(c) the application process, including the information required of applicants;

(d) the procedures and criteria used to evaluate grant applications;

(e) procedures for the administration of grants by recipients including reporting requirements.

8 Rulemaking. Amend RSA 12-A:2-c, I by inserting after subparagraph (c) the following new subparagraph:

(d) Procedures for administration of the joint promotional program established by RSA 12-A:1-e.

9 State Geologist. Amend RSA 12-A:4-a as inserted by 1967, 96:1 by striking out said section and inserting in place thereof the following:

12-A:4-a State Geologist; Office Established. The office of state geologist is hereby established within the division of forests and lands of the department of resources and economic development. The geologist shall be appointed by the commissioner of resources and economic development and shall be a member of the faculty of the department of geology of any accredited college or university situated in the state of New Hampshire.

10 Screening Committee; Initial Appointments. To provide for staggered

terms, initial members of the joint promotional program screening committee, established under RSA 12-A:1-e, shall be appointed as follows. The member nominated by the commissioner of resources and economic development shall be appointed to a full 3 year term. Of the members nominated by the New Hampshire travel council, 3 shall be appointed to 3 year terms, 2 shall be appointed to 2 year terms and 2 shall be appointed to one year terms. The governor shall determine which of the members shall be appointed to less than full terms.

11 Travel Promotion. The director of economic development shall undertake the following improvements regarding the division's travel promotion program:

I. Establish a research program designed to measure the effectiveness of the travel promotion program.

II. Establish a written marketing plan for the travel promotion program.

12 Industrial Development. The director of economic development shall undertake the following improvements in the operation of the division's industrial development program.

I. Establish a written marketing plan for industrial promotion efforts.

II. Establish a written set of goals and objectives for the industrial development program.

III. Establish performance measures for industrial development efforts and collect and maintain data, based on consistent definitions and reporting standards, on these measures.

IV. Develop internal operating procedures designed to ensure that industrial development efforts are concentrated on those areas of the state most in need of such assistance.

13 Report. The director of economic development shall, by January 1, 1987, submit a report to the governor and presiding officers of the general court detailing the progress made in implementing the improvements required by sections 11 and 12 of this act.

14 Effective Date. This act shall take effect upon its passage.

HB 213, relative to stream classification standards and enforcement. Inexpedient to Legislate.

The sense of the Committee was that the relaxing of the standards for pollution control was inappropriate.

The paramount concern for public health dictates that we be stringent in protecting the health of the public's water supply. Vote 19-1. Rep. Douglas R. Woodward for Resources, Recreation and Development.

HB 369-FN, relative to maintaining the Old Man of the Mountain and making an appropriation therefor. Ought to Pass.

This bill directs the Commissioner of Administrative Services to establish a line item under PAU for Parks and Recreation in the Department of Resources and Economic Development for the biennium ending June 30, 1987, for the purpose of semi-annual inspections

and routine maintenance of the Old Man of the Mountain. Vote 21-0. Rep. Mary Ann Lewis for Resources, Recreation and Development.

HB 439-FN, relative to the financing of regional planning commissions and making an appropriation therefor. Ought to Pass with Amendment.

The bill, as amended, funds regional planning commissions to a sum equal to fifty percent of the total assessment which the commission makes on its member municipalities and thereby restores the State's original commitment to fund regional planning agencies. Vote 21-0. Rep. Mary Ann Lewis for Resources, Recreation and Development.

Amendment

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Appropriation. There is hereby appropriated to the state treasurer the sum of \$267,050 for the fiscal year ending June 30, 1986, and the sum of \$281,638 for the fiscal year ending June 30, 1987, for the purpose of section one of this act. These appropriations shall be expended by the regional planning commissions to further the purposes, powers, and duties of a commission as provided in RSA 36:45-53, and shall be in addition to and not in lieu of any other appropriations, funds, grants, gifts, and services to which the regional planning commissions are entitled under RSA 36:49. If the amount required to meet the obligation of the state as specified in section one of this act is greater than \$267,050 for 1986 and \$281,638 for 1987, the amount due to each regional planning commission shall be reduced in proportion to its overall share of the appropriated moneys. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

Referred to Appropriations.

HCR 3, to discourage billboard advertising, to encourage the use of directional signs as a substitute for billboards, and to encourage the development and adoption of local sign ordinances. Ought to Pass with Amendment.

This resolution, as amended, encourages the use of directional signs and the reduction of off-premise billboards. Also, the Office of State Planning is directed to assist municipalities to develop and implement local sign ordinances. Vote 18-1. Rep. Howard C. Dickinson for Resources, Recreation and Development.

Amendment

Amend the title of the resolution by striking out same and inserting in place thereof the following:

A RESOLUTION

to encourage reduced billboard advertising, to encourage the use of directional signs as a substitute for billboards, and to encourage the development and adoption of local sign ordinances.

Amend the resolution by striking out all after the title and inserting in place thereof the following:

Whereas, it is the intent of the legislature to encourage reduced billboard advertising wherever possible and to encourage the use of directional signs as a substitute for billboards; and

Whereas, it is the intent to have directional or informational signs not duplicate information on billboards; and

Whereas, the number and location of directional or informational signs are established by rules adopted by the commissioner of the department of public works and highways; and

Whereas, the use of generic signs shall be encouraged in those situations where such signs can reduce the number of, and serve as a reasonable substitute for, individual directional signs; now, therefore, be it

Resolved by the House of Representatives, the Senate concurring:

That all possible steps be taken to minimize off premises billboards, and duplicate informational signs; and

That the office of state planning shall encourage cities and towns to adopt sign ordinances by sending to the city councilors of each city and selectmen of each town, the chairman of the conservation commissions and the chairman of the planning boards, a copy of at least one model sign ordinance together with an explanation of the benefits which cities and towns experience from adopting sign ordinances; and

That the office of state planning shall recommend to the New Hampshire Municipal Association, the regional planning commissions, and the New Hampshire Association of Conservation Commissions that these organizations encourage and assist towns in the development and implementation of sign ordinances.

HCR 4, relative to the allocation of state public waters. Ought to Pass. The Committee believes that with the demands being placed on our surface and ground waters, especially in the southern part of the state, action is needed by the State in conserving, controlling and distributing surplus waters. Vote 21-0. Rep. Charles H. Dingle for Resources, Recreation and Development.

SB 11, relative to the classification of the Nashua river. Ought to Pass. Despite the fact that none of the sponsors appeared in favor of the bill, as amended in the Senate, the Committee felt the bill has merit. This bill upgrades certain sections of the Nashua river from class C to class B. Vote 18-1. Rep. Mary Ann Lewis for Resources, Recreation and Development.

HB 491, permitting counties and the state to contract with private entities for the construction, operation, supervision and maintenance of correctional facilities and the youth development center. Inexpedient to Legislate.

The Committee voted 12-0 to not, at this time, attempt any major revision of existing legislation pertaining to correctional facilities. Preponderance of testimony received was in opposition, including county management representation. Rep. Robert L. Jones for State Institutions and Housing.

HB1 2007, relating to the youth development center. Refer for Interim Study. The Committee felt this bill of intent would serve as a vehicle for study of policy concerning future of buildings at the Youth Development Center. Vote 13-0. Rep. Barbara E. Arnold for State Institutions and Housing.

HB1 2009, relating to the Laconia state school. Refer for Interim Study. This bill of intent provides a vehicle for study of the future policy of the buildings at the Laconia State School. Vote 13-0. Rep. Norman R. Brough for State Institutions and Housing.

COMMITTEE REPORTS (Regular Calendar)

HB 299, relative to the duties of the division of children and youth services. Inexpedient to Legislate.

The Committee believes it should wait to act on this matter until a study now in progress is complete. The study is looking at present caseloads in the Division of Children and Youth, and should be complete by May 1. At that time more information on the needs of the Children and Youth Division will be available. Vote 15-2. Rep. Mary Jane Wallner for Children, Youth and Elderly Affairs.

Resolution adopted.

HB 59, to prohibit blind bidding on motion pictures. Majority: OUGHT TO PASS. Minority: Inexpedient to Legislate.

MAJORITY: The Committee has voted 3 times in favor of this legislation. The most recent vote was 10 for and 9 against with two members excused who voted in favor of this bill on the Subcommittee. The Subcommittee voted 4-1 in favor of the bill. A survey showed that 46 out of the 59 theaters contacted voted 43 in favor and 3 opposed to this legislation. This bill terminates the practice of first run theaters being forced to bid on some movies without seeing them. Vote 10-9. Rep. Catherine G. Lamy for the Majority of Commerce, Small Business and Consumer Affairs.

MINORITY: This legislation prohibits a long-standing business practice in the movie industry - it is known as "advance

bidding or licensing" (sometimes called blind bidding). This special interest legislation asks the State to intervene in a private business dispute, it serves no public interest and benefits only the larger theater chains. (Reps. C. Dana Christy, Eugene E. Pantzer, Elizabeth L. Crory, George F. Dinsard, Toni Pappas, William A. Varkas, Eric N. Lindblade, William J. Sullivan and Edward J. Allgeyer for the Minority.)

Rep. Christy moved that the report of the Minority, Inexpedient to Legislate, be substituted for the report of the Majority, Ought to Pass, and spoke to his motion.

Reps. Harold Burns, Dickinson, Lamy, Daniell, Guay, Bonnie Packard, A. Leslie Burns and Sochalski spoke against the motion.

Reps. Varkas, Chambers, Lindblade and Crory spoke in favor of the motion.

Reps. G. Philip Rodgers and Diamond spoke against the motion and yielded to questions.

Reps. Russell Chase and Palumbo spoke in favor of the motion and yielded to questions.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

A roll call was requested. Sufficiently seconded.

HB 148-FN, relative to sunset review of industrial development authority. Ought to Pass with Amendment.

This bill renews, under Sunset, the Industrial Development Authority. The amendment establishes criteria for conflict of interest for the board of directors and adds the treasurer as a non-voting ex officio member. The amendment directs the Industrial Development Authority to establish rules under RSA 541-A to collect information to evaluate projects funded and their relationship to the state's economic development goals. The Industrial Development Authority will no longer acquire, manage, or maintain industrial parks. The Industrial Development Authority is directed to hold its meetings in a public, handicapped accessible building. The amendment establishes better investment and debt management through an informational clearing house located in the office of debt management. A bond allocation committee of seven members is established to allocate the tax-exempt private activity bonds limit pursuant to PL 98-369 Federal Deficit Reduction Act. Repeal of RSA 162-A:11 means the State Treasurer will no longer have to purchase the notes of the Industrial Development Authority. Vote 17-0. Rep. Elizabeth L. Crory for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Board of Directors. Amend RSA 162-A:4 as inserted by 1955, 254:4 as amended by striking out said section and inserting in place thereof the following: 162-A:4 Management.

I. The management of said corporation shall be vested in a board of 10 directors, who shall serve without compensation. The state treasurer shall serve as a nonvoting ex officio member of the board. The governor, with the consent of the council, shall appoint the other 9 members, one of whom shall be designated as chairman by the governor. Each appointed member shall hold office for 3 years, or until his successor shall have been appointed.

II. A director, officer, or employee of the industrial development authority shall not use his office for personal gain or act in a manner contrary to the public interest. A director shall abstain from voting on matters in which he has a substantial financial interest, whether personally or through a spouse or dependent. If in doubt, he may submit a

written request for advice to the chairman, who shall make a ruling as to whether he may vote on a matter.

4 Incorporation; Powers. Amend RSA 162-A:6 as inserted by 1955, 254:6 as amended by striking out said section and inserting in place thereof the following:

162-A:6 Incorporation; Powers. The industrial development authority shall be a corporation in the state of New Hampshire and shall have powers to:

I. Sue and be sued.

II. Have a seal and alter the same at pleasure.

III. Adopt and amend bylaws.

IV. Adopt rules under RSA 541-A and after public hearing relative to:

(a) a description of its organization, stating the general course and method of its operations and the methods whereby the public may obtain information or make submissions or requests;

(b) procedures to be followed by interested parties in applying for and receiving loans or loan guarantees;

(c) procedures to be followed by interested parties in applying for and receiving tax-exempt industrial development revenue bonds pursuant to RSA 162-I;

(d) all fees and charges;

(e) criteria used and procedures followed by the authority to approve tax-exempt bonds;

(f) the conflict of interest provisions of RSA 162-A:4, II;

(g) data which the authority shall collect and process to evaluate all projects for which bonds have been issued by the authority, with the purpose of accomplishing the state's economic development goals.

V. Develop, construct and reconstruct facilities, maintain and operate an industrial park or parks.

VI. Acquire, hold and dispose of personal property for its purposes.

VII. Acquire in the name of the authority by gift, purchase, lease or otherwise, real property and rights or easements therein, deemed by it necessary or desirable for its purposes.

VIII. Acquire in the name of the authority security by way of mortgage deed or otherwise any property title to which may be in any corporation or body other than the authority and upon which facilities may be developed or constructed as provided herein. Such security may be acquired by the authority solely in its own name or with private lending institutions. If the security is acquired with private lending institutions then the authority shall act in conformance to RSA 387.

IX. Sell or lease plots of land and to charge and collect fees for services made available within the industrial park or parks, subject to and in accordance with such agreement with bondholders as may be made as hereinafter provided.

X. Make contracts with the state of New Hampshire or any agency thereof, towns or cities, public corporations or bodies, private corporations or individuals.

XI. Accept grants and the cooperation of the United States or any agency thereof in the development,

maintenance, operation and financing of industrial park or parks and to do any and all things necessary in order to avail itself of such aid and cooperation.

XII. Employ such assistants, agents and consultants as it shall deem necessary or desirable for its purposes.

XIII. Borrow money, make and issue negotiable notes, bonds and other evidences of indebtedness or obligations of the authority and to secure the payment of such obligations or any part thereof by pledge or any part of the revenue of the industrial park or parks.

XIV. Develop as an industrial park real property owned by any local development corporation or foundation which has as its primary purpose the encouragement and development of industry.

XV. Develop performance indicators to measure the effectiveness of authority programs.

XVI. Do all other lawful things necessary and incidental to the foregoing powers.

All property of the authority shall be exempt from levy and sale by virtue of any execution and no execution or other judicial process shall be a lien upon its property held pursuant to the provisions hereof.

5 No Powers to Manage Industrial Parks. Amend RSA 162-A by inserting after section 6-b the following new section:

162-A:6-c Management Authority Limited.

I. Notwithstanding the powers granted the authority pursuant to RSA 162-A:6, the authority shall not engage in the management, maintenance, and operation of industrial parks. The authority shall not acquire in the name of the authority title to an industrial park except as necessitated by foreclosure.

II. The provisions of paragraph I shall not apply to industrial parks acquired prior to the effective date of this section.

6 Meetings and Annual Reports. Amend RSA 162-A:15 as inserted by 1955, 254:15 by striking out said section and inserting in place thereof the following:

162-A:15 Meetings and Annual Reports. The authority shall hold its meetings in a public building which is accessible to the handicapped. The authority shall make an annual report to the legislature setting forth in detail the operations and transactions conducted by it pursuant to this chapter.

7 Investment and Debt Management. Amend RSA 6-B:3 (supp) as inserted by 1983, 419:5 by striking out said section and inserting in place thereof the following:

6-B:3 Notification of Proposed Bond Issues.

I. Notwithstanding any other provisions of state law, for the purpose of coordinating state activity in the bond market, all state and local governmental entities authorized by law to issue bonds, including, but not limited to: all state agencies, the university system of New Hampshire, the New Hampshire municipal bond bank, the New Hampshire housing finance agency, all counties, cities, towns, village districts, school districts, precincts, housing authorities, local development corporations, and any special purpose

districts or authorities shall provide the office of investment and debt management with the notification of intent to borrow or issue bonds at the earliest possible date; provided, however, that such issuers shall, no later than 30 days prior to the sale of any debt issue at public or private sale, give written notice of the proposed sale to the office of investment and debt management, by mail, postage prepaid. Failure to give this notice shall not affect the validity of the sale.

II. The treasurer shall adopt rules pursuant to RSA 541-A concerning the information to be included in and the form of notifications required under paragraph I.

6-B:4 Informational Clearinghouse. The treasurer through the office of investment and debt management shall:

I. Collect, maintain, and provide information on state and local debt authorized, sold, and outstanding and serve as an information center for all state and local debt issues.

II. Upon request of any state or local government unit assist in the planning, preparation, marketing and sale of new debt issues to reduce costs and to ensure the protection of the issues and of the state's credit.

III. Maintain contact with state and municipal bond issuers, underwriters, credit rating agencies, investors, and others to improve the market for state and local government debt issues.

IV. Recommend changes in state law and local practices to improve the sale and servicing of state and local debt.

8 New Chapter. Amend RSA by inserting after RSA chapter 162-L the following new chapter:

CHAPTER 162-M PRIVATE ACTIVITY BOND ALLOCATION COMMITTEE

162-M:1 Definitions. As used in this chapter the following terms shall have the following meanings:

I. "Committee" means the private activity bond allocation committee established by RSA 162-M:2.

II. "Bonds" or "private activity bonds" has the meaning prescribed in section 103 of the United States Code.

162-M:2 Allocation Committee.

I. There is hereby established the private activity bond allocation committee for purposes of allocating the tax-exempt private activity bond limit for New Hampshire pursuant to P.L. 98-369, the Federal Deficit Reduction Act of 1984.

II. The committee shall consist of 7 members including the state treasurer who shall serve as chairman; the director of the office of state planning; the commissioner of the department of resources and economic development; the chairmen of the boards of the industrial development authority, higher educational and health facilities authority, and New Hampshire municipal bond bank; and the executive director of the New Hampshire Municipal Association.

162-M:3 Duties. The committee shall have all the powers to carry out the purposes and provisions of this chapter.

I. The committee shall adopt rules under RSA 541-A relative to:

(a) a description of its organization, stating the general course and method of its operations and the methods whereby the public may obtain information or make submissions or requests;

(b) methods and procedures to be followed by issuers in making reservations and further allocations.

II. The committee shall allocate the tax-exempt private activity bond limit for New Hampshire among the governmental units in the state having authority to issue bonds.

III. All allocations made pursuant to this chapter shall be made with a view to obtaining the maximum advantage possible under the limit and in a manner intended to achieve the most equitable distribution, but every allocation made in good faith by the committee shall be final and conclusive with respect to all other issuers and persons whatsoever.

IV. In allocating the limit among issuers the committee shall take into account:

(a) the intent of the federal law that the state's bond capacity be as fairly distributed among state and local users as is practicable;

(b) state economic development plans and policies;

(c) the projected needs of each issuer seeking an allocation; and

(d) the amount of bonds which each issuer has issued over the previous 3 year period.

V. The committee may leave unallocated a portion of the limit as a reserve for future allocation as circumstances may warrant.

VI. Whenever it appears that there may be insufficient limit capacity remaining to the committee in relation to the probable amount of bonds for which allocations are, or will probably be sought, the committee, for the purposes of dealing among competing issuers, shall take the following factors into consideration:

(a) state development plans and policies;

(b) probable beneficial effects on the environment;

(c) needs of existing businesses in state;

(d) significant contribution to local economic development efforts; and

(e) demand for student loans.

VII. Each issuer of bonds in the state may carry forward any part or parts of the limit allocated to it from one year to the next consistent with federal law, unless the committee directs otherwise.

162-M:4 Report Required. The committee shall submit a report annually, on or before January 1, to the standing committees of the house and senate having cognizance of tax-exempt activity. Said report shall include, but shall not be limited to, the following:

I. A statement as to the degree to which the state has complied with federal laws and requests in this area.

II. A summary of committee activities and decisions over the previous 12 month period.

III. A statistical summary showing trends in:

(a) demand or requests for allocations, both in number and dollar amount;

(b) allocations made; and

(c) allocations unused or

lost.

9 Repeal. RSA 162-A:11, relative to the issuance of notes and purchase by the state treasurer, is hereby repealed.

10 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

HB 198, relative to school building aid for the Conway school district. Refer for Interim Study.

Since there was confusion over the possibility of illegality in the solution proposed to problems in this bill, it was determined to recommend Interim Study. Vote 13-1. Rep. William A. Riley for Education.

Referred for Interim Study.

HB 108-FN, relative to sunset review of personnel department, administrative support division. Ought to Pass with Amendment.

This sunset legislation, as amended, changes the Personnel Department from a mostly record-keeping agency to a modern up-to-date department for the management and improvement of the work force. It creates a statewide performance evaluation rating system where none exists at present. It clearly spells out the functions and responsibilities of a new office of equal employment opportunity, which is now lacking. It provides a statewide training coordinator, where none presently exists. It eliminates the present Personnel Commission (with the concurrence of all present Commission members) and replaces the Commission with an Appeals Board. It creates a task force to oversee the revision of the classification system which will be conducted by a consultant and to further investigate other areas in need of improvement. Vote 20-0. Rep. Harold W. Watson for Executive Departments and Administration.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Amend RSA 21-1 by inserting after section 14 the following new subdivisions:
Personnel

21-1:15 Division of Personnel. There is hereby established within the department of administrative services, the division of personnel, under the supervision of an unclassified director of personnel appointed under RSA 21-1:2, who shall be responsible

for the following functions in accordance with applicable laws:

I. Managing a centralized personnel operation which shall provide for the recruitment, appointment, compensation, promotion, transfer, layoff, removal and discipline of state employees.

II. Preparing, maintaining and periodically revising a position classification plan for all positions in the classified service, based upon similarity of duties performed and responsibilities assumed so that the same qualifications may reasonably be required for, and the same schedule of pay may be equitably applied to, all positions in the same classification. Any new position classification plan shall be based upon the recommendations of the personnel system task force and shall not be considered a rule subject to RSA 541-A. The plan shall be prepared with due consideration for:

(a) The availability of personnel capable of filling the requirements of any position; and

(b) Any requirement for an employee to live on the premises of the place of employment as a condition of employment.

III. Allocating the position of every employee in the classified service to one of the classifications in the classification plan.

IV. Conducting periodic investigations of the administration of personnel in the state service. These reviews shall be conducted with the approval of the commissioner of administrative services and with the cooperation of the head of the department in question. These investigations shall include analysis of:

(a) Turnover rates within agencies and among specific groups or classes of employees.

(b) Supervisory ratios within agencies.

(c) The use of sick and annual leave by state employees.

(d) Agency implementation of the performance evaluation system required by paragraph XIII of this section.

(e) Agency practices regarding discipline of state employees.

(f) Other agency policies and procedures relative to the management of classified personnel.

V. Reviewing and making recommendations to the commissioner of administrative services regarding the operation of and proposed changes in compensation plan provided for in RSA 99.

VI. Developing a program for the recruitment, selection, and placement of qualified applicants in the state service.

VII. Preparing an annual report detailing the work of the division. This report, which shall include a narrative summary of the findings of division investigations conducted under RSA 21-1:15, IV, shall be submitted to the governor and the commissioner of administrative services.

VIII. Overseeing administration of all employee benefit programs other than those related to the New Hampshire retirement system.

IX. Providing reasonable clerical support requested by the personnel appeals board established by RSA 21-1:18.

X. Advising the commissioner, and, upon request, the governor and the executive council, regarding personnel administration.

XI. Administering those provisions of RSA title VI affecting classified state employees which require administrative action by a central personnel organization.

XII. Providing technical assistance to the administrators of state departments on matters related to personnel administration and the adoption and use of modern and effective personnel management techniques throughout state government. This shall include training of and assistance to agency managers in:

(a) Recruitment and selection of personnel.

(b) The development and implementation of training programs.

(c) The development of nonmonetary incentive or award systems.

(d) Evaluation of employee performance.

(e) Supervision and discipline of employees.

XIII. Developing and implementing, in accordance with the recommendations of the personnel system task force, a performance evaluation system for all classified employees. The evaluation system shall include the following elements:

(a) All full time classified employees shall be evaluated on a regular basis.

(b) Evaluations shall be in writing and shall be conducted at least annually.

(c) Evaluations shall be conducted by an employee's immediate supervisor.

(d) Evaluations shall be based upon specific written performance expectations or criteria developed for the position in question and employees shall be made aware of these performance expectations in advance of any evaluation.

(e) The evaluation format shall include a narrative summary on the employee's performance.

(f) Employees shall be permitted to participate in the evaluation process, shall be given a copy of their evaluation, and shall have an opportunity to comment, in writing, on their evaluation, and such comments will be included in the employee's permanent record.

(g) Employees shall have a right to nonconcur, in writing, with their evaluation.

(h) Employees shall certify, in writing, that they have reviewed their evaluation.

(i) Evaluation reports shall be reviewed by the supervisor of the official completing the evaluation who shall concur or nonconcur in writing with each evaluation report. The division may authorize agencies to develop supplemental evaluation systems for specific groups of employees.

XIV. Developing and implementing a training information management system to collect and record data on agency training

efforts. All state agencies shall notify the division of personnel of planned training programs for classified employees. The division shall make this information available to all state agencies on a regular basis to encourage efficient use of training programs.

XV. Publishing and distributing to all state agencies a comprehensive procedures manual outlining all division procedures which affect such agencies and describing the agency's responsibilities in each case. This document shall be revised regularly and all state agencies shall be notified of any changes in division procedures or policies.

XVI. Developing and implementing an equal employment opportunity program that will ensure the employment of all qualified people regardless of age, sex, race, color, ethnic background, marital status, or physical or mental handicap. This program shall include:

(a) A detailed and uniform method by which departments, agencies, boards, and commissions of the executive branch shall develop and implement equal employment opportunity goals.

(b) Reporting procedures for measuring progress and evaluating performance in achieving equal employment opportunity goals.

(c) Technical assistance and training for officials of all departments, agencies, boards, and commissions in achieving equal opportunity goals.

(d) The development and implementation of training programs to assist state employees, regardless of age, sex, race, color, marital status, ethnic background, or physical or mental handicap, to advance according to present and projected department needs and employee career goals.

(e) Development of a method for counseling employees with regard to training requirements needed to attain career goals.

(f) Review and revision of the job classification process and testing process to ensure that it is free from either conscious or inadvertent bias.

21-1:16 Rulemaking.

I. The provisions of RSA 21-G:9, II(b) shall not apply to the rules adopted pursuant to this section. It is the intent of the general court that the director of personnel shall have the sole authority to adopt and interpret, subject to the appeals process established under this chapter, the rules provided for in this section. The commissioner shall review all proposed rules of the director and may comment on them in writing.

II. The director of personnel shall adopt rules, pursuant to RSA 541-A, which shall apply to employees in the classified service of the state, relative to:

(a) Classification, except for the classification plan.

(b) Compensation and rates for employee maintenance reimbursement.

(c) Recruitment.

(d) Examination.

(e) Selection.

(f) Appointment.

- (g) Promotion.
- (h) Demotion.
- (i) Transfer.
- (j) Discipline.
- (k) Removal.
- (l) Layoff.
- (m) Attendance and leave.
- (n) Holidays.
- (o) Training.
- (p) Merit rating.
- (q) The information which

shall be required to be listed on the employee roster.

(r) Availability of division records for public inspection, including identification of those records or portions of records for which exemption under RSA 91-A:5 is claimed.

- (s) Evaluation.

(t) Designation of the employee's work place.

III. The director shall consult with a designee of each labor organization certified to represent classified state employees regarding all proposals to adopt, amend, or repeal rules prior to filing a notice of proposed rule under RSA 541-A:3-a.

21-I:17 Internal Organization. The division of personnel shall include the following internal organizational units:

1. The bureau of personnel, under the direction of a classified personnel administrator who shall be responsible for the following functions, in accordance with applicable law:

(a) Administering the personnel plans and programs developed by the director.

(b) Establishing and maintaining a roster of all employees in the state service, which shall include, for each employee: the class title of the position held; the salary or pay; a record of all changes in class title, pay, or status; and such other information as the director shall require pursuant to RSA 21-I:16, II(p).

(c) Developing competitive examinations for classifications in the state classified service, including classifications in the classified service in programs for which funds are provided in whole or in part by the federal government, as required by the federal standards for a merit system of personnel administration.

(d) Certifying eligible personnel according to sex when requested by the appointing authority.

(e) Providing advice and assistance to state agencies to improve personnel administration and employee effectiveness and to help develop programs in skills development, safety, efficient delivery of service to the public and related areas.

(f) Implementing a statewide performance evaluation system for state employees.

(g) Operating a training information system.

II. The bureau of benefits administration, under the direction of a classified benefits administrator who shall be responsible for the following functions, in accordance with applicable laws:

(a) Administering employee benefit programs.

(b) Conducting ongoing studies of alternative financing methods and benefit offerings.

(c) Administering the state employee group insurance program.

Personnel Appeals Board

21-I:18 Composition of Board; Compensation; Removal. There is hereby established a personnel appeals board as follows:

1. The board shall consist of 3 members, not more than 2 of whom shall be from the same political party. There shall also be 2 alternate members of the board, not more than one of whom shall be a member of the same political party. Each member and alternate shall be appointed by the governor with the consent of the council for a term of 3 years and a person appointed to fill a vacancy shall be appointed for the unexpired term. Each member of the board and alternate shall hold office until his successor is appointed and qualified. The governor shall designate one member as chairman of the board. The board shall elect one member to serve as vice chairman. No member of the board shall be a member of any state or national committee of a political party, nor an officer or member of a committee in any partisan political club or organization, nor shall hold, or be a candidate for, any remunerative elective public office during his term of office and shall not be otherwise employed in any of the agencies of the state government. One member shall be a member of the bar in this state.

II. Members of the board shall each be paid \$35 for each day devoted to the work of the board, but not more than \$1,500 each in any one year. They shall be reimbursed for necessary travel in connection with their official duties. The compensation of board members shall be reviewed annually.

III. Members of the board shall be removed only as provided in RSA 4:1.

21-I:19 Powers and Duties of Board.

1. The personnel appeals board shall hear and decide appeals as provided by RSA 21-I:30 and 21-I:31 and appeals of decisions arising out of application of the rules adopted by the director of personnel except those related to:

(a) Performance evaluations of classified employees; provided, however, that an employee who is disciplined or has other adverse action taken against him as the result of an evaluation may appeal that action.

(b) The refusal of an appointing authority to grant a leave of absence without pay.

(c) Classification decisions of the director of personnel when the reasons for appeal are based on any of the following:

(1) The personal qualifications of an employee exceed the minimum requirements for the position in question.

(2) The employee has held the position for a long period of time.

(3) Any positions previously held by the employee or any examinations passed by the employee which

are not required for the position in question.

(4) The employee has reached the maximum of the assigned salary grade.

(5) The cost of living or related economic factors.

II. The board shall meet as often as necessary to conduct its business, provided that no more than 30 days shall elapse between meetings whenever there is any appeal pending before the board. Two members of the board shall constitute a quorum.

III. In the event that a member of the board is unable, for any reason, to attend a meeting of the board, the chairman shall designate an alternate member to serve in his place. In the absence of the chairman, the vice chairman shall designate the alternate member to serve.

IV. The board shall have the power to subpoena witnesses, and administer oaths in any proceeding before it, and to compel the production of any books, papers or other memoranda or documents by subpoena duces tecum.

V. The board may advise the director with regard to all existing rules of the division. The director shall submit all proposals to adopt rules to the board for their advice prior to filing a notice of proposed rule under RSA 541-A:3-a.

VI. The board shall by September 1 of each year submit an annual report to the governor, commissioner of administrative services, and director of personnel. This report shall include a narrative summary of the work of the board during the previous fiscal year. The report shall also include a description of problems related to the personnel system and the board's recommendations for dealing with those problems.

VII. The board shall adopt rules under RSA 541-A regarding procedures for the conduct of its business.

VIII. The board may, with the approval of the governor and council, contract for legal services in any action in which the attorney general determines that he cannot provide such services to the board. The governor shall draw his warrant on funds not otherwise appropriated to cover the costs of such legal services.

21-I:20 Executive Secretary to Board.

I. The director of personnel shall assign, with the approval of the board, an employee of the division of personnel to serve as executive secretary to the board. Neither the director of personnel nor any bureau administrator within the division of personnel shall be appointed to this position.

II. The executive secretary shall perform such duties for the board as the board may assign.

Classified Employees

21-I:21 Approval of Governor or Council Not Required. Neither the governor nor council shall be required to approve the employment, or salary, of any employee within the state classified service except

as such approval may be specifically required by law.

21-I:22 Classified Service and Exemptions. The classified service to which the personnel provisions of this chapter shall apply shall comprise all positions in the state service now existing or hereafter established, except:

1. Those elected by popular vote or by the legislature.

II. Those appointed and commissioned by the governor or the governor and council.

III. The chief executive officer of each department and institution and independent agency.

IV. The deputy of any department head provided for by special statute.

V. Those officers whose salary is specified or provided by special statute.

VI. Personnel of the university system of New Hampshire.

21-I:23 Exception; Department of Employment Security. In the case of any employee of the department of employment security where the federal government has determined that the state classification system does not meet federal standards, as required by RSA 282-A:115, the provisions of the federal standards applicable to a merit system of personnel administration in state employment security agencies shall be controlling and the state classification system shall not be applicable in any such case insofar as inconsistent with the federal standards.

21-I:24 Applicant's Criminal Record. No applicant for state employment shall be required by the state to answer any question concerning whether the applicant has ever been arrested or indicted for a crime. This section shall not prohibit asking an applicant whether he has ever been convicted of a crime.

21-I:25 Prohibitions; Penalty.

I. No person shall be appointed or promoted to, or demoted or dismissed from, any position in the classified service, or in any way favored or discriminated against with respect to employment in the classified service because of his political opinions, religious beliefs or affiliations, age, sex, or race; provided, however, that nothing in this section shall require the appointment or prevent the dismissal of any person who advocates the overthrow of the government by unconstitutional and violent means. No person shall use, or promise to use directly or indirectly, any official authority or influence, whether possessed or anticipated, to secure or attempt to secure for any person an appointment or advantage in appointment to a position in the classified service, or an increase in pay or other advantage in employment in any such position, for the purpose of influencing the vote or political action of any person, or for any consideration. No employee in the state classified service shall hold any remunerative elective public office, or have other employment, either of which conflicts with his employment. Determination of such conflict shall be made by the director of personnel after consultation with the appointing authority.

11. If any person in state service shall willfully violate this section, his position of service with the state shall be declared vacant by the governor and council.

21-I:26 Cooperation of State Officers and Employees. All officers and employees of the state shall comply with and aid in carrying out the provisions of this chapter relative to the classified personnel system. Any employee in any department may be excused from his regular duties for the time required to assist in the preparation and rating of tests when designated by the director of personnel.

New Positions and Reclassification

21-I:27 New Positions and Reclassification of Positions. Notwithstanding any provision of law to the contrary, no new position in the classified service for employment of over one calendar year shall be established except upon approval of the governor and council. A request from a department head for additional personnel beyond those considered as line items in the budget as enacted as a budgetary amount, if said employment is for a period in excess of one calendar year, shall be considered a new position requiring the approval as specified in this section. In addition, a request made either to the division of personnel or the governor and council for the reclassification or reallocation of positions to a different class series shall be considered as a request for a new position and shall require the approval of the governor and council. The division of personnel shall submit to the general court on or before January 15 of each legislative year a list of all new positions created subsequent to the report made to the preceding session of the general court giving the reason for the action taken in each case and stating clearly the effect of such action upon the amounts for personnel services appropriated by the preceding general court.

21-I:28 Exception; Department of Public Works and Highways. Temporary employees of the department of public works and highways whose positions have been approved for continuance for a period of more than one year as provided in this chapter shall be classified as permanent employees if and after they shall have continuously occupied and carried out the duties of their respective positions for a period of 2 years.

21-I:29 Reclassification of Positions or Increases Beyond Grade 34. Any request for reclassification of position to a different class series as provided in RSA 21-I:27 or request to increase the salaries of a classified position beyond grade 34 as provided in RSA 99:8 shall require the approval of the fiscal committee of the general court before it is submitted to the governor and council for its approval.

21-I:30 Hearings and Appeals; Classification Decisions. The employee or the department head, or both, affected by the allocation of a position in a classification shall be given a reasonable opportunity to be heard by the director of personnel regarding the allocation, provided he shall first file a written request for

reconsideration with the director. Any employee or department head, or both, dissatisfied with the decision of the director shall have a right to appeal to the personnel appeals board.

21-I:31 Appeals.

I. Any permanent employee who is dismissed, demoted, or suspended, or otherwise affected by any action, except those exempted from appeal under RSA 21-I:19, I, may appeal the decision to the personnel appeals board within 15 calendar days after such dismissal, demotion, or suspension. Both the appealing employee and the appointing authority shall have the right to be heard publicly. The appeal shall be heard in accordance with the procedures provided for adjudicative proceedings in RSA 541-A. If the personnel appeals board finds that the action complained of was taken by the appointing authority for any reason related to politics, religion, age, sex, race, color, ethnic background, marital status, or handicapping condition, or was taken in violation of statute or of rules of the division of personnel, the employee shall be reinstated to his former position or a position of like seniority, status, and pay, without loss of pay for the period of his suspension. In all cases, the personnel appeals board may reinstate an employee or otherwise change or modify any order of the appointing authority, or make such other order as it may deem just.

II. Any action or decision taken or made under this section shall be subject to rehearing and appeal as provided in RSA 541.

III. In the event of an appeal from a decision of the personnel appeals board in accordance with the provisions of RSA 541, the fee for the copy of the record and such testimony and exhibits as shall be transferred, and the fee for manifold copies shall be established by the governor and council and collected by the director of personnel from the party making the appeal. Any fees collected by the director of personnel under the provisions of this section shall be credited to the appropriation for the division of personnel. The appeals board shall not be required to certify the record upon any such appeal, nor shall the appeal be considered until the fees for the copies have been paid.

2 Personnel System Task Force.

I. The general court finds that the procedures and policies used to recruit, select, classify, compensate, retain, promote, evaluate, and discipline classified state employees are vital to the effective operation of state government. Therefore, the general court intends that the state personnel system be revised, modernized, and improved to ensure that it provides an effective and efficient structure for managing the state workforce. The general court recognizes that improvements in the personnel system will need to be phased in over a period of time.

II. There is hereby established a personnel system task force to carry out the intent of the general court as expressed in this act and in RSA 21-I:15 to develop a modern and effective classified personnel

system for state government. The task force, unless specifically extended by an act of the general court, shall terminate on January 1, 1987.

III.(a) The task force shall consist of 7 members as follows:

(1) one member of the senate executive departments committee appointed by the president of the senate;

(2) one member of the house committee on executive departments and administration appointed by the speaker of the house;

(3) the director of personnel;

(4) one classified employee who is a member of the State Employees Association appointed by the governor from a list of 5 nominees submitted by the association;

(5) one classified employee who is not a member of the State Employees Association appointed by the governor;

(6) two public members appointed by the governor who shall not hold elective or appointed office and shall not be state employees. The public members shall be experienced in personnel or human resource management.

(b) The task force shall elect a chairman from among its public members.

IV. Members of the task force shall not be compensated. However, legislative members may receive their regular reimbursement for expenses incurred in their participation, members who are state employees shall be released from their regular duties with pay to serve on the task force, and public members may receive reimbursement for any necessary and reasonable expenses incurred as a result of their participation.

V. The task force shall have the following responsibilities:

(a) Review the state's classified personnel system.

(b) Identify problems or weaknesses associated with the existing system.

(c) Where necessary, develop alternative policies and procedures to establish the state personnel system as a modern and effective mechanism for management of the state work force.

(d) Select, retain, and supervise a qualified consultant who shall, under the direction of the task force, develop a revised position classification plan and procedure for the classification of positions within the state classified service.

(e) Review and evaluate state procedures regarding designation of the work place of classified personnel.

(f) Review the need for and, if necessary, recommend a procedure for regular independent review of the rules adopted by the director of personnel.

VI. The task force shall prepare and submit a final written report on its efforts to the president of the senate, the speaker of the house, and the governor.

(a) The final report of the task force, including recommendations for

changes in the classified personnel system, shall be issued no later than January 1, 1986.

(b) The task force shall also issue an interim report on its efforts by September 1, 1985.

(c) The task force's final recommendations for the structure and implementation of the classification system shall be reviewed by the commissioner of administrative services and director of personnel who shall, within 60 days of receiving them, accept or reject each recommendation of the task force in writing and explain their reasons for any rejections.

(d) The task force report on the structure of the compensation plan shall be directed to the general court and shall include recommendations for amendments to the relevant statutes where necessary.

VII. The division of personnel shall provide clerical and professional assistance to the task force. In addition, the division shall provide the task force with such information regarding the classified personnel system as may be necessary to complete its mission. The task force shall maintain the confidentiality of any records classified as confidential under law. The task force may request additional assistance from any other state agency or element as it deems necessary.

VIII. In addition to the assistance received from state agencies the task force may contract for professional services as necessary within the limits of the funds available for such services.

IX. The heads of all agencies and institutions of state government shall cooperate with the task force and provide such information as the task force may require, except that the task force may not require the presentation of information which is protected by law from disclosure.

3 Evaluation of Unclassified Employees. Amend RSA 94 by inserting after section 9 the following new section:

94:10 Evaluation of Unclassified Employees.

I. The chief executive officer of each department of state government shall develop and implement a formal written performance evaluation system for all subordinate unclassified employees authorized for his agency.

II. The evaluation systems implemented under this section shall be at least consistent with the minimum standards for performance evaluation of classified employees established in RSA 21-1:15, XIII and in the rules of the division of personnel.

4 Transfers and Terminations.

I. The personnel commission and the department of personnel are hereby abolished and all of the functions, powers, duties, and responsibilities of those entities and the officials of those entities, except as otherwise provided by this act, are hereby transferred to and vested in the director of personnel appointed pursuant to this act.

II. The transfer provided for in paragraph I of this section shall include all of the personnel, books, papers, records, equipment, unexpended

appropriations or other funds, actions and other property or obligations of any kind of the department of personnel.

5 Reference Changes; Changes in Authority.

I. As of the effective date of this act, all references to the "personnel commission" in the laws of the state shall be changed to read "director of personnel."

II. The director of legislative services is hereby authorized, with the approval of the speaker of the house of representatives and the president of the senate, to make changes in the printed version of all laws and rules, and all legislation enacted by the 1985 session of the general court that may be necessary for the purpose of conforming the language of such laws, rules, or legislation to the language of this act; provided that no substantive changes may thereby be made. Such authority shall expire upon the printing of the 1985 session laws.

6 Additional Function. Amend RSA 21-I:1, II (supp) as inserted by 1983, 416:40 by striking out said paragraph and inserting in place thereof the following:

II. The department of administrative services, through its officials, shall be responsible for managing and coordinating the following administrative and financial functions, upon which the effective and efficient management of all state programs and operations relies:

- (a) Budgeting.
- (b) Pre-auditing.
- (c) Accounting.
- (d) Financial reporting.
- (e) Data processing.
- (f) Graphic services.
- (g) Property and physical plant management.
- (h) Risk management.
- (i) General support services.
- (j) Personnel administration.

7 Transfer Provisions. The provisions of RSA 21-G:13, 21-G:14, 21-G:15, 21-G:16, 21-G:17, 21-G:18, 21-G:19, insofar as applicable, shall apply to the transfers required by this act.

8 Transition; Incumbent Director of Personnel. The director of personnel in office as of the effective date of this act shall become the first director of the division of personnel under RSA 21-I:2 and shall serve a 4 year term.

9 Transition; Incumbent Deputy Director of Personnel and Benefits Administrator.

I. The incumbent deputy director of personnel and the incumbent benefits administrator in office as of the effective date of this act shall be transferred to the division of personnel and shall become the first personnel administrator and benefits administrator respectively.

II. The incumbents may choose to remain unclassified employees, assigned to the unclassified pay grade to which they are assigned as of the effective date of this act, for a period of 4 years, after which time the positions of personnel administrator and benefits administrator shall be classified at an appropriate labor grade as determined by the director of personnel.

10 Transition; Personnel; Benefits.

The unclassified personnel transferred under section 8 and 9 of this act shall retain all retirement, sick leave, and annual leave credit to which they are entitled as of the effective date of this act.

11 Transition; Appeals Board.

I. The incumbent members of the personnel commission in office as of the effective date of this act shall become the first members of the personnel appeals board and shall complete their existing terms.

II. All appeals pending before the personnel commission as of the effective date of this act shall be transferred to the jurisdiction of the personnel appeals board. All appeals filed after the effective date of this act shall be directed to the appeals board.

III. The rules of the personnel commission relative to the filing and conduct of appeals in force as of the effective date of this act shall remain in force for a period of 180 days or until the personnel appeals board files rules for the conduct of its business as required by RSA 21-I:19, VII.

12 Salary. Amend RSA 94:1-a, I (supp) as inserted by 1975, 505:28 as amended by striking out the following:

I. In Group M, benefits administrator.

II. In Group O, deputy director of personnel.

13 Sunset; Personnel Division. There is hereby created a PAU for the division of personnel, department of administrative services. The division shall terminate on the date specified for the department of administrative services in RSA 17-G, unless renewed by the general court.

14 Repeal. RSA 98, relative to state employees, is hereby repealed.

15 Effective Date. This act shall take effect July 1, 1985.

Amendment adopted.

Ordered to third reading.

HB 180, establishing a department of justice. Ought to Pass with Amendment. This bill establishes a State Department of Justice with two divisions, Public Protection and Legal Counsel. The department is to be headed by the Attorney General, whose appointment is specified by the Constitution. The amendment, which reflects the recommendations of the Sunset reports, removes all references to licensing and enforcement of liquor, sweepstakes, and pari-mutuel matters. Transferred into a Bureau of Consumer Protection is the Bureau of Weights and Measures from the Department of Agriculture. Vote 19-0. Rep. Ada L. Mace for Executive Departments and Administration.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Chapter. Amend RSA by inserting after chapter 21-I the following new chapter:

CHAPTER 21-J
DEPARTMENT OF JUSTICE

21-J:1 Findings; Intent. The general court finds that, despite the highly skilled work performed and the excellent reputation attained by the office of the attorney general over the years, there is a need for more opportunities for career advancement within the office. It further finds an ever-increasing need for greater emphasis on newer fields of endeavor such as consumer protection and environmental protection, in addition to a steadily rising demand on the office in the areas of criminal justice and assistance to other state departments. Further, the general court finds the attorney general is in great need of assistance in the administration of the functions of the office by the establishment of intermediate levels of supervision.

21-J:2 Establishment; General Functions.

I. There is established the department of justice, an agency of the state, under the executive direction of the attorney general.

II. The department of justice, through its officials, shall have all the powers and duties enumerated by statute and implied from the common law and shall be responsible for the following general functions:

(a) Advising and representing the state and its executive branch agencies in all civil legal matters.

(b) Supervising and conducting criminal investigations and prosecutions.

(c) Enforcing the various consumer protection and antitrust laws of the state.

(d) Assisting and advising those agencies charged with protecting the environment and enforcing the environmental laws of the state.

21-J:3 Attorney General; Deputy; Associates; Assistants.

I. The attorney general shall be appointed as provided by the constitution. He shall serve for a term of 4 years. He shall have been admitted to the practice of law in New Hampshire. He shall also be qualified by reason of education and experience.

II. The attorney general shall nominate the deputy attorney general for appointment by the governor, with the consent of the council. The deputy attorney general shall serve for a term to expire on March 31, 1987, and thereafter for a fixed term of 4 years. The deputy attorney general shall have been admitted to the practice of law in New Hampshire and be qualified by reason of education and experience.

III. The attorney general, subject to the approval of the governor and council, may appoint assistant attorneys general within the limits of the appropriation made for the appointments, each of whom shall hold office for a term of 5 years. Any vacancy in such office may be filled for the unexpired term. An assistant attorney general may be removed only as provided by RSA 4:1.

IV. The attorney general may designate no more than 10 assistant attorneys general to serve as senior assistant attorneys general. Senior assistant attorneys general shall serve as bureau chiefs and in such other positions as the attorney general may determine. Senior assistants shall serve in that capacity at the pleasure of the attorney general.

V. The attorney general shall designate 2 assistant attorneys general to serve as associate attorneys general. Associate attorneys general shall serve as directors of the divisions of public protection and legal counsel and shall serve in that capacity at the pleasure of the attorney general.

VI. The attorney general may appoint a law office administrator for the office of attorney general, in accordance with state personnel rules and the appropriation made for the appointment. The law office administrator shall be a classified employee.

21-J:4 Compensation. The annual salary of the attorney general, the deputy attorney general, the associate attorneys general, the senior assistant attorneys general, and each assistant attorney general shall be that prescribed by RSA 94:1-a.

21-J:5 Duties of the Attorney General. In addition to the powers, duties and functions otherwise vested by law, including RSA 7, in the attorney general, he shall:

I. Represent the public interest in the administration of the department of justice and be responsible to the governor, the general court, and the public for such administration.

II. Exercise all of the powers and duties vested in commissioners by RSA 21-G.

III. Have the authority to establish a unit within his office to provide for internal department administrative functions, which functions shall include:

(a) Accounting, purchasing, and budget control procedures;

(b) Personnel management;

(c) Property, contracts, and grants management;

(d) Data processing and statistical analysis as provided for by RSA 7:40;

(e) Assisting the attorney general with short and long range department level planning activities.

IV. Have the authority to adopt rules, pursuant to RSA 541-A, necessary to assure the continuation or granting of federal funds or other assistance not otherwise provided for by law.

V. Supervise the operations of the office of chief medical examiner established by RSA 611-A, which shall be a part of the office of the attorney general.

21-J:6 Division of Public Protection.

I. There is established within the department a division of public protection. The division shall be supervised by a division director who shall be an associate attorney general appointed under RSA 21-J:3.

II. The division shall include the following units:

(a) A bureau of criminal justice.

(b) A bureau of consumer protection and antitrust.

(c) A bureau of environmental protection.

21-J:7 Division of Legal Counsel.

I. There is established within the department a division of legal counsel. The division shall be supervised by an associate attorney general appointed under RSA 21-J:3.

II. The division of legal counsel shall consist of the following units:

The attorney general shall appoint such other assistant attorneys general pursuant to the provisions of RSA 21-J:3 and such additional clerical, stenographic, and other staff as may be necessary to carry out the provisions of this section within the limits of the appropriations made for the bureau.

II. The duties of the bureau shall include, but not be limited to, the following:

(a) Advising any department, division, bureau, or agency of the state whenever it contemplates the taking of or takes private property.

(b) Representing any department, division, bureau or agency of the state in the taking of any interest in private property.

21-J:13 Unemployment Compensation.

I. The attorney general shall appoint no more than 2 assistant attorneys general pursuant to the provisions of RSA 21-J:3 and a stenographer. These personnel shall be paid by the department of employment security but shall be under the administrative direction and control of the attorney general.

II. Any assistant attorney general appointed pursuant to RSA 21-J:13, I shall be a member of the civil bureau of the division of legal counsel and shall be responsible for representing the department of employment security for all civil and criminal matters in any court arising under RSA 282-A or the rules adopted under it.

III. The commissioner of the department of employment security and all employees of that department shall give the office of the attorney general such aid and assistance as it deems necessary to investigate, prosecute and defend matters arising under RSA 282-A.

21-J:14 Agency Attorneys.

I. Each agency and department of the state shall, by September 1 of each year, file a report with the attorney general listing all agency employees who are licensed to practice law in New Hampshire.

II. This report shall include a description of the duties and responsibilities of all such employees.

III. Agency attorneys, unless specifically authorized by statute or by the attorney general, shall not give legal opinions to state officials.

IV. The provisions of this section shall not apply to the judicial branch, the legislature, or the office of the governor.

21-J:15 Rulemaking. The attorney general shall, in accordance with the provisions of RSA 541-A, adopt rules required of him by RSA 21-G to properly carry out the functions of the department.

2 Transfers and Terminations.

I. The organizational entity known as the office of the attorney general in existence prior to the effective date of this section and the officials of that entity are hereby transferred to and vested in the attorney general appointed to head the department of justice pursuant to this act.

II. The transfers provided for in this section shall become effective on the date set pursuant to the laws of 1983, 372:5, II. Prior to that date the existing department, and the officials of that department referred to in this section shall retain their full power and authority.

3 Transfers from Agriculture.

I. All of the functions, powers, duties and responsibilities of the commissioner of agriculture, and the so-called bureau of weights and measures, relative to weights and measures regulation and activities as provided for by RSA 359-A are hereby transferred to and vested in the attorney general appointed to head the department of justice pursuant to this act.

II. The transfers provided for in paragraph I of this section shall include all of the personnel, books, papers, records, equipment, unexpended appropriations or other funds, actions and other property or obligations of any kind of the department of agriculture significantly involved with weights and measures regulation and activities. The attorney general shall determine, in consultation with the commissioner of agriculture, and include in the implementation plan required by the laws of 1983, 372:4, III, which of the personnel, books, papers, records, equipment, unexpended appropriations or other funds, actions and other property or obligations of any kind are significantly involved with weights and measures regulation and activities.

III. The transfers provided for in this section shall become effective on the date set pursuant to the laws of 1983, 372:5, II. Prior to that date the existing entities, and the officials of those entities, referred to in this section shall retain their full power and authority.

4 Transition Procedure. The transition procedure to be followed in implementing the reorganized department of justice established by this act shall be as specified in the laws of 1983, 372:2, 372:3, 372:4, and 372:5 and RSA 21-G.

5 Consumer Advocate. Amend RSA 363:28 as inserted by 1981, 220:7 as amended by striking out said section and inserting in place thereof the following:

363:28 Consumer Advocate. A consumer advocate shall be appointed by the attorney general who shall be a full-time, classified employee and a qualified attorney admitted to practice in this state. The consumer advocate shall be an integral part of the

commission and shall serve as director of a consumer protection department. The commission shall encourage independence of action and diligence for the consumer by the consumer advocate.

6 Chief Medical Examiner. Amend the introductory paragraph of RSA 611-A:1 (supp) as inserted by 1979, 471:1 by striking out said paragraph and inserting in place thereof the following:

There is hereby established within the department of justice the office of chief medical examiner. The office shall be under the immediate supervision of a person who shall be known as the "chief medical examiner" and who shall be a duly licensed physician and certified by the American Board of Pathology to possess special competence in forensic pathology and who has had experience in forensic medicine. He shall be nominated by the attorney general and appointed by the governor and council and shall serve for a term of 5 years and until his successor is appointed and has qualified, unless sooner removed by the governor and council for cause in accordance with the provisions of RSA 4:1. He or his designee shall be continually available for emergency consultation as necessary for carrying out the functions of this office. The chief medical examiner shall be subject to direction and control by the attorney general in all matters relating to the enforcement of the criminal law. He shall have the authority to adopt rules, pursuant to RSA 541-A, relative to:

7 Appropriations. All realignment of functions, reassignment of personnel, and restructuring of organizational units required by this act shall be accomplished within the existing appropriations transferred from the agencies consolidated by this act to the department of justice.

8 Reference Changes.

I. As of the effective date for the department of justice set according to the laws of 1983, 372:5, II, the references listed below are hereby changed as follows:

(a) All references to the "office of the attorney general" in RSA 356, 356-A, 356-B, 356-C, 358-A, 358-B, 358-D, 358-E, 358-G, 358-H, 358-I, 358-J, 359-B, and any other law of the state, except as otherwise provided by this act, shall be changed to read "department of justice."

(b) All references to the "agency" or the "division," with reference to the office of the attorney general, consumer protection and antitrust division, in existence prior to the effective date of this section, in RSA 356 through RSA 359-C, including RSA 356-A, 356-B, 356-C, 358-E, and 358-I, shall be changed to read "attorney general."

(c) All references to the "commissioner," "commissioner of agriculture," "department of agriculture" or similar references in RSA 339-B and RSA 359-A shall be changed to read "attorney general."

(d) All references to the "department of agriculture" or similar references in RSA 359-A shall be changed to read "department of justice."

(e) All references to "division of weights and measures" in RSA 359-A shall be changed to read "division of consumer protection and antitrust, department of justice."

II. The director of legislative services is hereby authorized, with the approval of the speaker of the house and the president of the senate, to make changes in the printed version of all laws and rules, and all legislation enacted by the 1985 session of the general court that may be necessary for the purpose of conforming the language of such laws, rules, or legislation to the language of this act, provided that no substantive changes may thereby be made. Such authority shall expire upon the printing of the 1985 session laws.

9 Attorney General-Designate.

I. The governor, with the consent of the council, shall appoint an attorney general on the effective date of this section to serve a term to expire on March 31, 1989, and thereafter for a fixed term of 4 years. The individual so appointed shall be known as the attorney general-designate until the department of justice established by this act becomes operational on the date set according to the laws of 1983, 372:5, II.

II. The attorney general-designate shall assume his full powers and duties under the law when the department of justice becomes operational on the date set according to the laws of 1983, 372:5, II. Prior to that date, the attorney general-designate shall perform only the duties prescribed by the laws of 1983, 372:4 and 372:5, and RSA 17-L. During the period when he is preparing his implementation plan the attorney general-designate shall be permitted to choose one clerical person from one of the entities scheduled for transfer to his department to assist him on a full-time basis.

III. The governor may draw his warrant upon funds not otherwise appropriated to provide compensation to the attorney general-designate at the rate specified in RSA 941-a for the attorney general during the transition period.

10 Attorney General; Appointment.

Amend RSA 7:1 by striking out said section and inserting in place thereof the following:

7:1 Appointment; Attorney General and Deputy.

The attorney general and deputy attorney general shall be appointed as provided in RSA 21-J:3.

11 Assistant Attorneys General. Amend RSA 7:16 (supp) as amended by striking out said section and inserting in place thereof the following:

7:16 Assistant Attorneys General.

I. The attorney general, subject to the approval of the governor and council, may appoint assistant attorneys general within the limits of the appropriation made for the department of justice, each of whom shall hold office for a term of 5 years and may be removed only as provided under RSA 4:1. Any vacancy in such office may be filled for the unexpired term.

II. Associate attorneys general and senior assistant attorneys general appointed under RSA 21-J:3, shall serve as such at the pleasure of the attorney general.

12 Reports. Amend RSA 7:37 (supp) as amended by striking out said section and inserting in place thereof the following:

7:37 Report of Attorney General. The attorney general shall, on or before December 1 of each odd numbered year, file a report with the governor and council of his official acts and of all money received and the disposition made thereof, by him during the preceding 2 years, and containing such statistics and other information concerning crimes and misdemeanors, and such recommendations with reference to their prevention and punishment, as in his judgment the public good requires. He shall include in each report copies of all opinions given by him during the period covered by the report; provided that he shall not be required to include any opinion the publication of which he deems detrimental to the public good. He shall report particularly as to any neglect of duty on the part of county attorneys and other officers charged with the enforcement of the criminal laws. When counsel are employed under the provisions of RSA 7:12, the attorney general shall report such employment, with the reason therefor, and an itemized account of the expense thereof.

13 Statistical Analysis. Amend RSA 7:40 (supp) as inserted by 1979, 495:5 as amended by striking out said section and inserting in place thereof the following:

7:40 Statistical Analysis Center.

There shall be a statistical analysis center under the supervision of the attorney general. The center shall provide complete, accurate, and current criminal and juvenile justice statistics to public officials and law enforcement operational, managerial, and planning personnel. The attorney general shall oversee and coordinate the work of the center in maintaining, coordinating, and improving the state criminal and juvenile justice statistics system; analyzing and publishing criminal justice data; and supervising the management and administrative statistics program.

14 Rulemaking; Sales of Liquid Fuel.

Amend RSA 339-B:10 as inserted by 1971, 404:1 by striking out said section and inserting in place thereof the following:

339-B:10 Enforcement; Rulemaking

Authority.

I. The attorney general shall enforce the provisions of this chapter.

II. The attorney general shall adopt rules, pursuant to RSA 541-A, relative to the pricing of fuel.

15 Stop Sale Order. Amend RSA 339-B:11 as inserted by 1971, 404:1 by striking out said section and inserting in place thereof the following:

339-B:11 Effect of Stop Sale Order.

I. The attorney general shall issue stop sale orders when any product stored, sold, offered or exposed for sale is not permanently and conspicuously labeled as provided in this chapter. Any such illegal product shall be placed under written stop sale order directed to the owner or custodian and held by the attorney general or his representative at a place to be designated in the stop sale order, until properly labeled by the owner or custodian

and released in writing by the attorney general or his representative.

II. The attachment of a stop sale order to any such product is notice and warning to all persons whomsoever, including but not limited to, the owner or custodian, to scrupulously refrain from moving, altering or interfering in any manner with any such product, or altering, defacing or in any way interfering with the stop sale order or permitting the same to be done by another, except with the consent of the attorney general or his representative.

16 Public Offering Statements. Amend RSA 356-A:6, I(f) as inserted by 1970, 55:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(f) additional information reasonably required by rules adopted by the attorney general, pursuant to RSA 541-A, to assure full and fair disclosure to prospective purchasers, including a statement of the cancellation rights set forth in RSA 356-A:4, II.

17 Rulemaking. Amend RSA 356-A:10, I as inserted by 1970, 55:1 by striking out said paragraph and inserting in place thereof the following:

I. The attorney general shall adopt such rules, pursuant to RSA 541-A, as he deems reasonable and necessary in order to carry out properly the provisions of this chapter.

18 Administration. Amend RSA 356-B:48 as inserted by 1977, 468:1 as amended by striking out said section and inserting in place thereof the following:

356-B:48 Administration; Enforcement. The provisions of this chapter shall be administered and enforced by the consumer protection bureau, department of justice, established in RSA 21-J:8.

19 Application Information. Amend RSA 356-B:52, I(i) as inserted by 1977, 468:1 by striking out said subparagraph and inserting in place thereof the following:

(i) Additional information required by rules adopted by the attorney general, pursuant to RSA 541-A, to assure full and fair disclosure to prospective purchasers.

20 Rulemaking. Amend RSA 356-B:59, I as inserted by 1977, 468:1 by striking out said paragraph and inserting in place thereof the following:

I. The attorney general shall adopt such rules, pursuant to RSA 541-A, as he deems reasonable and necessary in order to carry out properly the provisions of this chapter.

21 Rulemaking. Amend RSA 356-C:11 as inserted by 1983, 398:1 by striking out said section and inserting in place thereof the following:

356-C:11 Rulemaking Authority. The attorney general shall adopt such rules, pursuant to RSA 541-A, as he deems reasonable and necessary in order to carry out properly the provisions of this chapter.

22 Rulemaking. Amend RSA 357-C:12, I as inserted by 1981, 477:2 by striking out said paragraph and inserting in place thereof the following:

I. The attorney general shall enforce the provisions of this chapter.

23 Rulemaking. Amend RSA 357-C:12 by inserting after paragraph I the following new paragraph:

I-a. The attorney general shall adopt such rules, pursuant to RSA 541-A, as he deems reasonable and necessary in order to carry out properly the provisions of this chapter.

24 Administrations; Enforcement. Amend RSA 358-A:4, I and II as inserted by 1970, 19:1 as amended by striking out said paragraphs and inserting in place thereof the following:

I. The provisions of this chapter shall be administered and enforced by the consumer protection bureau, department of justice established by RSA 21-J:8.

II. The attorney general shall adopt such rules, pursuant to RSA 541-A, as he deems reasonable and necessary in order to carry out properly the provisions of this chapter. Evidence of a violation of a rule adopted by the attorney general pursuant to this section shall constitute prima facie evidence of an act or practice declared to be unlawful by this chapter in any action brought under this chapter.

25 Distributorship Registration. Amend RSA 358-E:3, I(s) as inserted by 1977, 307:1 by striking out said subparagraph and inserting in place thereof the following:

(s) Any other information required by rule adopted by the attorney general, pursuant to RSA 541-A.

26 Exemptions. Amend RSA 358-E:3, V as inserted by 1977, 307:1 by striking out said paragraph and inserting in place thereof the following:

V. The attorney general may from time to time by order exempt from the provisions of this chapter any distributorship if it finds that the enforcement of all the provisions of this chapter with respect to such distributorship is not necessary in the public interest and for the protection of distributors due to the limited character of the distributorship, or the small amount of money involved or because such distributorship is, in the judgment of the attorney general, otherwise adequately regulated by federal or state law or because such distributorship has been registered and approved pursuant to the laws of the United States or any other state.

27 Rulemaking. Amend RSA 358-E:3, VII as inserted by 1977, 307:1 by striking out said paragraph and inserting in place thereof the following:

VII. The attorney general shall adopt such rules, pursuant to RSA 541-A, as he deems reasonable and necessary in order to carry out properly the provisions of this chapter.

28 Rulemaking. Amend RSA 359-A:8 as inserted by 1969, 457:2 as amended by striking out said section and inserting in place thereof the following:

359-A:8 Rulemaking Authority.

I. The attorney general shall adopt rules, pursuant to RSA 541, which shall be binding upon state inspectors, city sealers and public weighmasters, relative to:

(a) Schedules of fees for testing and certification.

(b) Standards of net weight, measure, or count, and reasonable standards of fill for any commodity in package form.

(c) The technical and reporting procedures to be followed and the report and record forms and marks of approval and rejection to be used by inspectors of weights and measures in the discharge of their official duties.

(d) Exemptions from the sealing and marking requirements of RSA 359-A:14 with respect to weights and measures of such character or size that such sealing or marking would be inappropriate, impracticable, or damaging to the apparatus in question.

(e) The compulsory registration and regulation of servicemen and service agencies.

(f) The licensing of and the technical and reporting procedures to be followed by public weighmasters.

II. These rules shall include specifications, tolerances, and other technical requirements for weights and measures of the character of those specified in RSA 359-A:10, designed to eliminate from use, without prejudice to apparatus that conforms as closely as practicable to the official standards, those:

(a) That are not accurate;

(b) That are of such construction that they are faulty, that is, that are not reasonably permanent in their adjustment or will not repeat their indications correctly; or

(c) That facilitate the perpetration of fraud. The specifications, tolerances, and other technical requirements for commercial weighing and measuring devices, together with amendments thereto, as recommended by the National Bureau of Standards and published in National Bureau of Standards Handbook 44 and supplements thereto, or in any publication revising or superseding Handbook 44, shall be the specifications, tolerances, and other technical requirements for commercial weighing and measuring devices of the state of New Hampshire, except insofar as specifically modified, amended, or rejected by a rule adopted by the attorney general. For the purpose of this chapter, apparatus shall be deemed to be "correct" when it conforms to all applicable requirements adopted as specified in this section. Other apparatus shall be deemed to be "incorrect."

III. All such rules as are published by the National Conference on Weights and Measures for the implementation of this New Hampshire weights and measures law including amendments, supplements and revisions thereto shall be adopted as part of this chapter and need not be adopted in accordance with RSA 541-A.

29 Temporary Authority to Set Salaries.

I. The attorney general appointed pursuant to this act shall include as part of the implementation plan required by the laws of 1983, 372:4, III recommendations as to the appropriate temporary salary level for the associate attorneys general and senior assistant attorneys general of the department.

II. The joint committee on implementation of reorganization established by RSA 17-L shall submit the recommendations submitted in accordance with paragraph I to the joint fiscal committee of the general court. The joint fiscal committee shall consider these recommendations and shall set a temporary salary level for each associate attorneys general and senior assistant attorneys general of the department of justice.

III. The joint fiscal committee shall recommend permanent salary levels for each associate attorneys general and senior assistant attorneys general of the department of justice to the next regular or special session of the general court following the effective date for the department of justice established pursuant to this act. In any case, the temporary salary levels set pursuant to this section shall expire 10 days after the last session day of the next regular or special session following the effective date for the department of justice established pursuant to this act.

30 Rulemaking. Prior to January 1, 1987, the attorney general shall present proposed legislation containing a specific delegation of rulemaking authority to replace RSA 356-A:10, I; 356-B:59, I; 356-C:11; 357-C:12; 358-A:4, II; and 358-E:3, VII to the chairman of the joint legislative committee on administrative rules established under RSA 541-A and to the senate president and the speaker of the house of representatives who may refer such proposed legislation to the appropriate standing committees. This proposed legislative delegation of rulemaking authority shall be drafted in as narrow a manner as possible, consistent with the need to provide the attorney general with sufficient authority to fulfill the regulatory role assigned to him under this act.

31 Repeals. The following are hereby repealed.

I. RSA 7:2, relative to the appointment of the deputy attorney general.

II. RSA 7:4, relative to the salaries of the attorney general and the deputy attorney general.

III. RSA 7:18-a; 7:18-b; 7:18-c; 7:18-d; and 7:18-e, relative to the environmental protection division, office of the attorney general.

IV. RSA 356-A:1, VIII; 356-C:1, I; 358-E:1, I; and 358-I:1, II, relative to the consumer protection and antitrust division, office of the attorney general.

32 Repeal. RSA 356-A:10, I; 356-B:59, I; 356-C:11; 357-C:12, I; 358-A:4, II; and 358-E:3, VII, relative to the rulemaking authority of the attorney general, are hereby repealed.

33 Effective Date.

I. Sections 1, 2, 3, 4, 9, 29 and 33 of this act shall take effect on July 1, 1985.

II. Section 32 of this act shall take effect on July 1, 1987.

III. The remainder of this act shall take effect when the department of

justice becomes operational on the date set according to the laws of 1983, 372:5, II.

Amendment adopted.

Ordered to third reading.

HB 244, relative to reinstatement of injured employees. Inexpedient to Legislate.

This proposition has been discussed in the Advisory Council for Workers' Compensation without action. The reason for Inexpedient to Legislate is the impact it would have on small business. Not too many employees would be involved. Vote 7-5. Rep. Calvin Warburton for Labor, Industrial and Rehabilitative Services.

Resolution adopted.

HB 286, relative to the minimum wage for youths. Ought to Pass.

This measure provides that youth of 17 and over shall be paid minimum wage of \$3.35 per hour. Only 10 to 15% of the state's businesses will be affected by this law as others fall under the existing minimum wage scale. Vote 11-3. Rep. E. Jane Walker for Labor, Industrial and Rehabilitative Services.

Rep. Skinner yielded to questions.

Ordered to third reading.

HB 392-FN, relative to special plates for former prisoners of war. Ought to Pass. The majority of the Committee felt this action would not set any precedent to prevailing legislation pertinent to other organizations, and this subject matter would sunset, and without burden to local revenues. Vote 14-5. Rep. Paul A. Golden for Municipal and County Government.

Ordered to third reading.

HB 170-FN, appropriating the proceeds of the sale of certain state prison property. Ought to Pass with Amendment.

This bill would permit the prison to sell 2.54 acres of land on Route 3. Proceeds from the sale would go to the department of corrections for new facilities on the prison farm. The amendment ensures the sale price will not be less than \$65,000. Vote 19-0. Rep. Caroline L. Gross for Appropriations.

Rep. Franklin Torr moved that HB 170 be recommitted to the Committee on Appropriations and spoke to his motion.

Adopted.

HB 170 was recommitted to the Committee on Appropriations.

HB 309, requiring members of ski patrols to have first aid training. Inexpedient to Legislate.

Visits by Committee members to several ski areas, for examination of first aid training, adequacy of first aid facilities and operating procedures, resulted in the determination that this

legislation is unnecessary. Persons employed on ski patrols had the requisite qualifications, from advanced first aid, to being an emergency medical technician, to qualification in cardiopulmonary resuscitation. Operators of privately-owned ski slopes, because of the great danger of their involvement in lawsuits, are inclined to bend over backwards to hire only thoroughly qualified persons, and to assure that training requirements are maintained current. Vote 16-0. Rep. Germaine Y. Bourdon for Public Protection and Veterans Affairs.

Resolution adopted.

RECONSIDERATION

Having voted with the prevailing side, Rep. Lamy moved that the House reconsider its action whereby it passed HB 59, to prohibit blind bidding on motion pictures. Reconsideration lost.

Rep. Rounds moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Tuesday, March 26 at 1:00 p.m.

Adopted.

HB 108-FN, relative to sunset review of personnel department, administrative support division.

HB 180, establishing a department of justice.

HB 286, relative to the minimum wage for youths.

HB 392-FN, relative to special plates for former prisoners of war.

Rep. Rounds moved that the House stand in recess for the purpose of Enrolling Reports only.

Adopted.

The House recessed at 3:04 p.m.

RECESS

(Speaker in the Chair)

Rep. Rounds moved that the House adjourn. Adopted.

HOUSE JOURNAL 13

Tuesday, 26Mar85

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by guest Chaplain, Bishop Robert E. Mulvee of Manchester.

Almighty God, we ask Your blessing on this Legislature, and more specifically, on these legislators.

These men and women are concerned with many issues which affect the quality of life in this State of New Hampshire. As they weigh these issues, grant them Your wisdom.

And give them patience, Lord, when in their efforts to accomplish their tasks: the political process seems interminably slow; the hearings seem unnecessarily lengthy; the time to read essential reports seems non-existent.

As people, striving to accomplish our tasks, all of us, Lord, in both the private and public sector, need Your blessing.

For it is our never ending common task to enhance and protect all of the rights of all of our citizens.

May we continue to work diligently, always listening carefully to increase our knowledge of the total community so that we in turn may better serve and complete the mission You have given us.

May our work always be a sign of our continued praise for You. Amen.

Rep. James J. White led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Dingle, Lamontagne, Reidy, Chagnon, Bennett and Blanchard, the day, illness.

Reps. Wight, Longworth, Donovan, Cross, Vartanian, Joslyn, Hayes, Taffe, Duprey, Blacktor, Mehegan, Walter Robinson, Ralph Torr, McCue and Margaret Roberts, the day, important business.

Rep. Simon, the day, death in the family.

INTRODUCTION OF GUESTS

Mayor Ottolini of Berlin, guest of Rep. Ottolini; Margaret Berger, guest of Rep. Sanderson; Susan Strickland, Hazel Hunter and Susan Martel, of the Marlow PTA, guests of Rep. Daniel Eaton; delegation from the New Hampshire Congress of Parents and Teachers, guests of Reps. Holden and Stachowske; Eric Ormsby, elected Speaker of the House, YMCA Youth and Government Program.

COMMUNICATION

Honorable John Tucker
Speaker of the House

Dear Mr. Speaker:

The Epping High School Girls Basketball Team and coaches would like to express their thanks and appreciation for your acknowledgement of their recent class "S" championship victory.

Being recognized by the Speaker of the House and receiving a standing ovation from House Members was certainly a peak experience for them. This recognition was a special addition to their memories of this exciting time in their lives.

Thank you for receiving us so graciously.

Sincerely,
Bonnie Meroth

SENATE MESSAGES REQUESTS CONCURRENCE WITH AMENDMENT

 For the Committee.

The Coos County Delegation offered the following:

HOUSE RESOLUTION NO. 26

Memorializing former Representative Rebecca A. Gagnon of Berlin.

WHEREAS, Rebecca A. Gagnon, between 1939 and 1975, was elected to 15 terms in the New Hampshire House of Representatives, faithfully serving her constituents in the City of Berlin in the County of Coos, and

WHEREAS, Rebecca A. Gagnon served devotedly on the Standing Committees on Labor, Public Health, Public Works, Transportation, and 18 consecutive years with Executive Departments and Administration, and

WHEREAS, having lived all of her 90 years in the City of Berlin, Rebecca A. Gagnon was a valuable and conscientious elected official who was admired and respected by her colleagues for her legislative wisdom, friendliness and gracious manner, and

WHEREAS, Rebecca A. Gagnon was a delegate to four Constitutional Conventions and served actively with the Organization of Women Legislators, the American Legion Auxiliary, Assumption Society and St. Ann's Society, now therefore be it

RESOLVED, by the New Hampshire House of Representatives in Regular Session convened, that Rebecca A. Gagnon be publically recognized and given highest commendation for her service to the State and its residents, and be it further

RESOLVED, that a suitable copy of this resolution be prepared for presentation to her family.

Adopted unanimously by a rising vote of silent prayer.

HB 92 was removed at the request of Rep. Newman.

HB 112 was removed at the request of Rep. Labombarde.
Adopted.

COMMITTEE REPORTS
(Consent Calendar)

HB 383-FN, making a supplemental appropriation for the tuition and transportation costs of regional vocational students. Ought to Pass with Amendment.

School districts have already absorbed the costs of 1984 for moneys which were not included in the budget at that time. The Committee feels the State should honor their contracts with the school districts and pay the current 1985 costs. Vote 13-0. Rep. Andrea A. Scranton for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

making a supplemental appropriation for certain costs of regional vocational students and the payment of debt service for school construction.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Supplemental Appropriation to the Division of Vocational Technical Education. In addition to any other sums appropriated to the department of education, division of vocational technical education, the sum of \$500,000 is hereby appropriated for the fiscal year ending June 30, 1985, to be expended for reimbursement of tuition and transportation costs to students attending regional vocational centers. The funds appropriated shall be used to cover the anticipated shortage for the current fiscal year. These sums shall not be transferred or expended for any other purpose, and shall lapse on September 30, 1985. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

2 Supplemental Appropriation for School Building Aid. In addition to any other sums appropriated to the department of education, the sum of \$844,057 is hereby appropriated for the fiscal year ending June 30, 1985, to be expended for carrying out the mandate of RSA 198:15-a, annual grant for the payment of debt service for school construction. The funds appropriated shall be used to cover the shortage for the current fiscal year. These sums shall not be transferred or expended for any other purpose, and shall lapse on September 30, 1985. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect upon its passage.

HB 304-FN, to protect communities from the fiscal impact of court-ordered placements of children. Ought to Pass.

The Committee feels that it is unfair for a town or city to have to pay for the full costs of court-ordered placements. The Committee is strongly in favor of shared costs between state and local government. HB 304 calls for 80% state and 20% local participation in payment of court-ordered placements of children. Vote 16-0. Rep. Mary Jane Wallner for Children, Youth and Elderly Affairs.

Referred to Appropriations.

HB 405-FN, establishing a care management system for the elderly and making an appropriation therefor. Refer for Interim Study.

This bill would establish a system that increases the opportunity for the elderly in need of care to remain in their homes instead of being institutionalized, thus the Committee recognizes its importance to both the elderly and those who must pay for institutionalization. The Committee, however, found a number of defects in the bill that could not be remedied in the time available. The interim study will be completed by January 1986. Vote 16-0. Rep. Joe B. Parks for Children, Youth and Elderly Affairs.

HB 492-FN, requiring the state to pay for court-ordered placement of juveniles. Inexpedient to Legislate.

The majority of the testimony at the public hearing suggested that a shared cost between state and local government for court-ordered placements of children would be a more acceptable solution than 100% state funding. Another piece of legislation deals with a shared approach to the problem. Vote 15-0. Rep. Pamela B. Bean for Children, Youth and Elderly Affairs.

HB 569-FN, making abuse of a child or family member a class B felony. Inexpedient to Legislate.

The Committee believes it unnecessary to preempt the authority of the courts in determining appropriate penalties for conviction in cases involving children or family members. Vote 15-0. Rep. James H. Pannell for Children, Youth and Elderly Affairs.

HB 606-FN, relative to financial institution holding companies. Inexpedient to Legislate.

Members in discussing this bill with sponsors, found that it should be worked on. Vote 17-0. Rep. Lucille T. Wood for Commerce, Small Business and Consumer Affairs.

HB 515, relative to the ballot law commission. Ought to Pass.

This bill makes one day certain when the Ballot Law Commission will meet on all

questions, thus the ballots can be printed on time for the general elections. Vote 10-0. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

HB 541, making references gender neutral in certain domestic relations statutes. Ought to Pass.

This bill will equalize the gender gap in certain domestic relations statutes. Vote 7-2. Rep. Martin Lussier for Constitutional and Statutory Revision.

HCR 7, requesting Congress to make all national holidays fall on their original dates. Inexpedient to Legislate.

The Committee feels that our Congressmen and Senators are in Washington to do this for us, and individuals should get in touch with them. Vote 9-1. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

HB 347-FN, relative to the current use tax. Ought to Pass with Amendment. This clarifies the status of land under current use when a part is taken by eminent domain. Also, land on which earth is stockpiled does not lose its current use status when the stockpile is later removed. Vote 14-0. Rep. Elizabeth A. Greene for Environment and Agriculture.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Land For Public Roads Excluded. Amend RSA 79-A:7 by inserting after paragraph V the following new paragraph:

VI. For purposes of this section, land use shall not be considered changed and the land use change tax shall not be assessed when:

(a) Land under current use is taken by eminent domain or any other type of governmental taking which would cause the use change penalty to be invoked because, by reason of an actual physical change or by reason of size, the site no longer conforms to criteria established by the board under RSA 79-A:4, I.

(b) Land abutting a site taken by eminent domain or any other governmental taking upon which construction is in progress is used to stockpile earth taken from the construction site. Stockpiled earth may be removed at a later date after written notification to the appropriate local official.

2 Excavation Permit Exemption. Amend RSA 155-E:2 by inserting after paragraph V the following new paragraph:

VI. A person owning land abutting a site which was taken by eminent domain or by any other governmental taking upon which construction is taking place may stockpile earth taken from the construction site and may remove the earth at a later date after written notification to the appropriate local official.

3 Effective Date. This act shall take effect 60 days after its passage.

HB 458-FN, relative to current use assessment and making an appropriation therefor. Inexpedient to Legislate.

The thrust of testimony heard by the Committee indicates that this bill would impose an unnecessary restriction on current use assessment and would be contrary to the intent of the law. The fiscal impact, possibly reaching millions of dollars, is too burdensome for the narrow application of the proposed bill. Vote 14-1. Rep. J. Lisbeth Olimpio for Environment and Agriculture.

HB 526, prohibiting drugs in pulling contests. Ought to Pass with Amendment. As amended, this bill prohibits the use of butazolidin in pulling contests. Vote 16-0. Rep. Elizabeth A. Greene for Environment and Agriculture.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Butazolidin Prohibited in Pulling Contests. Amend RSA 443:90 as inserted by 1969, 270:1 as amended by striking out said section and inserting in place thereof the following:

443:90 Doping and Stimulating. It is unlawful for any person to administer internally or externally any drug, including butazolidin in pulling contests, or stimulants, or appliances of a nature that could affect or alter the normal performance of an animal entered in a pulling contest.

443:90-a Definition. The term "equine event" as used in this subdivision shall mean any animal contest. The commission shall adopt rules, pursuant to RSA 541-A, further defining an animal contest.

2 Effective Date. This act shall take effect upon its passage.

HB 528, requiring the consideration of noise levels in energy facility siting decisions. Ought to Pass.

This bill adds "noise levels" to the list of things to be considered in siting facilities. Vote 16-0. Rep. Roberta C. Pevear for Environment and Agriculture.

HB 535-FN, relative to current use assessment. Inexpedient to Legislate. The Committee was persuaded by testimony that the effect of this legislation would be contrary to the intent of the Current Use Law. Vote 18-1. Rep. Elizabeth A. Greene for Environment and Agriculture.

HB 539, relative to the protection of sand dunes. Ought to Pass.

This clarifies laws protecting the sand dunes on the coast, and establishes penalties for violations. Vote 16-0. Rep. Roberta C. Pevear for Environment and Agriculture.

HB 403-FN, licensing commercial animal training, boarding, and grooming facilities. Inexpedient to Legislate.

The purpose of this proposed legislation, as described by the sponsor and as discussed in subsequent testimony by the Commissioner of Agriculture, clearly has merit. However, the Committee feels that the bill submitted does not address the true intent. Vote 18-0. Rep. William F. McCain for Executive Departments and Administration.

HB 407, relative to licensing tattoo parlors. Ought to Pass with Amendment. This bill provides that local communities can regulate, issue permits, charge fees and inspect tattoo parlors of any kind within their legal boundaries. Vote 17-0. Rep. William F. McCain for Executive Departments and Administration.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

allowing towns to regulate
tattooing facilities.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Tattoo Permits. Amend RSA 31:39, 1(1) (supp) as inserted by 1981, 211:1 by striking out said subparagraph and inserting in place thereof the following:

(1) Making and ordering their prudential affairs; and

(m) Issuing permits for tattooing facilities and charging a fee for the permit.

2 Effective Date. This act shall take effect 60 days after its passage.

HB 381-FN, providing free trapping licenses for persons over 68 years of age. Inexpedient to Legislate.

There is no way for the Fish and Game Department to get reports on furs. Also, trapping is a business and sport. Vote 12-3. Rep. Clayton Crane for Fish and Game.

HB 507, relative to damages paid by the department of fish and game. Ought to Pass. The Committee feels the present product cost attributed with this bill is proper and that it should continue. Vote 10-2. Rep. Gerald R. Smith for Fish and Game.

HB 514, relative to hunting coyote. Inexpedient to Legislate.

The Committee feels that this bill, if passed, would open up a Pandora's box with illegal night hunting, especially jacking of deer and bears. Vote 10-3. Rep. Gerald R. Smith for Fish and Game.

HB 525, authorizing the taking of one salmon and one lake trout or 2 lake trout through the ice on Lake Winnepesaukee and Lake Winnisquam only. Inexpedient to Legislate.

Salmon fishing is the only sport fishing in New Hampshire lakes. To allow the taking of salmon through the ice on these lakes will deplete the spring sport fishing. Also, it would deplete the large fish, the source of eggs for the Fish and Game Department. Vote 15-1. Rep. Clayton Crane for Fish and Game.

HB 570-FN, relative to licensing antique snowmobiles. Ought to Pass.

This bill will create revenue for the Fish and Game Department. It will also initiate interest among snowmobilers to show-off their antique snowmobiles. It's a fun bill. Vote 12-1. Rep. Romeo J. Theriault for Fish and Game.

HB 602-FN, permitting the fish and game department to collect all OHRV registration fees and allowing for the registration of motorcycles also registered for on-highway use, and establishing noise level requirements for wheeled OHRVs and establishing OHRV reciprocity for wheeled OHRVs. Ought to Pass.

The need for one department to be responsible for all enforcement and registration factors are made uniform in this bill. Vote 11-2. Rep. Gerard E. Powers, Jr. for Fish and Game.

HB 448-FN, relative to the radiological health program. Refer for Interim Study. This piece of legislation introduced as a housekeeping bill, but is best described as an adjustment for the future. The Committee, recognizing that RSA 125:77-B prohibiting hazardous waste siting in New Hampshire, has not been repealed. There are no current actions to repeal that statute, therefore the Committee does not, at this time, require legislation as an adjustment for the future. The Committee voted 19-0 for interim study for the purpose of any archaic language change that may be necessary. Rep. Lynn Joslyn for Health and Human Services.

HB 470-FN, relative to homemaker services. Ought to Pass with Amendment. Due to rising cost of nursing home care, the Committee felt strongly that those who are able to remain at home, with medical care should do so. Vote 19-0. Rep. Lawrence A. Chase, Jr. for Health and Human Services.

Amendment

Amend RSA 161-F:3, IV as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

IV. "Provider agency" means a profit or nonprofit independent:
(a) homemaker service agency;
(b) homemaker program of a family or child welfare service,

(c) an organization serving the aged;
 (d) a visiting nurse association; or
 (e) any similar profit or nonprofit organization.

Amend RSA 161-F:5, I as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

I. The homemaker services shall be administered through the division and shall be coordinated with any existing homemaker services. The service shall be provided through the purchase of qualified service and, to the extent feasible, shall be coordinated through local agencies. To be certified by the division, any agency, whether public, voluntary nonprofit, or profit, shall meet the basic standards for medicare certification or standards set by a responsible national voluntary nonprofit agency, such as the National Home Caring Council, Inc., the National League of Nursing, or the Council on Accreditation for Families and Children.

Referred to Appropriations.

HB 478-FN, establishing fees for the certification or training of certain persons who care for alcohol and drug abuse patients and eliminating authority to create a revolving fund for interest free loans to finance certain expenses. Ought to Pass.

The Committee feels that this program is appropriate and necessary, therefore voted unanimously for the bill. Vote 15-0. Rep. Lawrence A. Chase, Jr. for Health and Human Services.

Referred to Appropriations.

HB 216-FN, authorizing superintendents of houses of correction and administrative heads of jails to place convicted inmates at labor on state, county or municipal work projects not to exceed 8 hours per day 5 days per week. Inexpedient to Legislate.

The Committee feels that this bill is not necessary. County corrections supervisors are able to put their inmates to work on many different projects under current law. Vote 13-0. Rep. Thomas U. Gage for Judiciary.

HB 331, providing for the awarding of expenses, interest and attorneys' fees in certain civil actions. Inexpedient to Legislate.

The Committee believes that the potential problems resulting from enacting this bill outweigh the potential benefits. Vote 13-0. Rep. Marc Chretien for Judiciary.

HB 340, relative to accomplices. Inexpedient to Legislate.

This bill widens the definition of accomplices under our statutes. The Committee believes there was insufficient cause shown to justify passage of this bill. Vote 12-1. Rep. Marc Chretien for Judiciary.

HB 360, relative to the penalty for escape from a house of correction. Ought to Pass.

This bill repeals a statute providing a penalty for escape from a house of correction. All escapes from official custody are covered in RSA 642:6. Vote 9-3. Rep. Donna P. Sytek for Judiciary.

HB 362, relative to restitution. Ought to Pass.

This bill places mandatory responsibility upon juveniles to make restitution imposed upon them by the court during the time they were juveniles. This bill would make the juvenile liable and in contempt of court as an adult after reaching his 19th birthday if restitution is not made. Under the existing law there is no recourse by the court if restitution is not made prior to the time the juvenile becomes an adult. Vote 10-2. Rep. C. William Johnson for Judiciary.

HB 371, to restore the curative statute for deeds defectively witnessed. Ought to Pass.

This bill corrects an oversight in previous legislation by allowing a deed which was defectively witnessed to be considered valid if it has been on file with the register of deeds for 10 years. Vote 14-0. Rep. Donna P. Sytek for Judiciary.

HB 449, relative to marriages of minors and waiver of the waiting period for marriage. Ought to Pass with Amendment.

This bill allows these waivers to be made in the district and municipal courts. This will mean less burden on Superior and Probate Courts and great convenience for the public. Vote 11-2. Rep. Thomas U. Gage for Judiciary.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to marriages of minors, waiver of the waiting period for marriage, and waiver fees and copy costs.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1. Petition to Marry by Minor. Amend RSA 457:6 as amended by striking out said section and inserting in place thereof the following:

457:6 Petition by Party Under Age. If special cause exists rendering desirable the marriage of a person resident in this state, or the marriage of a person who is a nonresident in this state who applies for permission to marry a resident in this state, either person being below the age of consent and above the ages specified in RSA 457:4, the parties desiring to contract such

marriage, with the parent or guardian having the custody of such party below such age, if there be such parent or guardian, may apply in writing to a justice of the superior court, or to a judge of probate, or to a municipal court judge, or to a district court judge, for permission to contract such marriage.

2 Shortening Waiting Period for Marriage. Amend RSA 457:27 as amended by striking out said section and inserting in place thereof the following:

457:27 Shortening Period. On application to a district court judge, a justice of the superior court, a municipal court judge, or a judge of probate, the court for good cause shown may order that the period of 3 days provided in RSA 457:26 be shortened. If the court determines that the 3 day period may be shortened, the judge, in the absence of the clerk of court or register of probate, may give a signed copy of the court order shortening the waiting period to the parties.

3 Waiver Fees and Copy Costs. Amend RSA 457 by inserting after section 29 the following new section:

457:29-a Waiver Fees and Copy Costs. The fee schedule for waivers and copies shall be set by the supreme court, pursuant to RSA 490:26-a.

4 Repeal. RSA 457:6-a, relative to fees for certificates of marriage waivers, is hereby repealed.

5 Effective date. This act shall take effect January 1, 1986.

HB 452-FN, relative to multicounty grand juries. Ought to Pass.

This bill provides for more efficient prosecution by permitting the Attorney General, with the approval of the Supreme Court, to convene a multicounty grand jury in certain cases. Rather than having grand jury proceedings in each of several counties where a particular crime occurred, a single grand jury comprised of members from each of the counties involved could be empanelled. Vote 14-0. Rep. Donna P. Sytek for Judiciary.

HB 453, relative to theft of utility services. Ought to Pass.

This bill makes clear that a person may be prosecuted under either of two similar statutes covering theft of services. Vote 14-0. Rep. Donna P. Sytek for Judiciary.

HB 463-FN, allowing forfeiture to the state of certain property used in the perpetration of a crime, with proceeds from the sale of such property to be used to compensate the crime victim. Inexpedient to Legislate.

The subject matter of this bill will be addressed in another bill. Vote 13-0. Rep. Thomas U. Gage for Judiciary.

HB 481-FN, creating a nonlapsing fund to provide handicapped persons with gainful employment and making an appropriation therefor. Inexpedient to Legislate.

The sponsor asked that this bill be reported out Inexpedient to Legislate. The Committee felt this was a special interest bill and the state was working to hire and accommodate the handicapped at the present time. Vote 12-0. Rep. Avis B. Nichols for Labor, Industrial and Rehabilitative Services.

HB 518, relative to the appellate division of the department of employment security. Inexpedient to Legislate.

This bill would create a new separate entity for which there is no funding. The measure would reverse much that was done by Sunset process. The legislative intent of the Appellate Division comprised of the chairman, vice-chairman, lawyers and representatives of management and labor would be done away with. It would also open up lawyer's fees with unlimited costs for the unemployed. Vote 14-0. Rep. Calvin Warburton for Labor, Industrial and Rehabilitative Services.

HB 523, relative to the payment of wages to an employee who reports to work at the request of his employer. Ought to Pass with Amendment.

House Bill 523 is a measure that passed the House last session that would guarantee an employee who reports to work at the employer's request that he or she be paid not less than 2 hours pay. If called to work, one should be compensated. Vote 11-0. Rep. Merino Romoli, Jr. for Labor, Industrial and Rehabilitative Services.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Required Pay. Amend RSA 275 by inserting after section 43 the following new section:

275:43-a Required Pay. On any day an employee reports to work at his or her employer's request, he or she shall be paid not less than 2 hours pay at his or her regular rate of pay, provided that this section shall not apply to employees of counties or municipalities.

HB 534, relative to expenses incurred by the commissioner of the department of employment security. Ought to Pass.

House Bill 534 would exempt the Department of Employment Security, which is totally federally funded, and can only spend what it earns in a complicated and competitive funding process from the day-to-day process and requirements of two budgets, federal and state. This will bring relief and reduce duplication and related costs, not only for the Department of Employment Security, but for the Division of Accounts, Purchasing and Personnel. The Department is not asking to be removed from the budget or the accountability required in the

administration of public funds, but only from the operational requirements of the budget, which often are unnecessarily duplicative and inefficient in the use of very limited public funds. Vote 12-0. Rep. Merino Romoli, Jr. for Labor, Industrial and Rehabilitative Services.

HB 540, establishing a committee to recodify the state's labor laws. Ought to Pass.

Recodification has not occurred since 1948. The Committee felt it was time for this to be accomplished by a committee consisting of 3 members of the House, 3 members of the Senate, and the Labor Commissioner or his designee who will propose a draft form of recodification which shall be submitted for introduction in the 1987 session of the General Court. Vote 11-0. Rep. Robert S. Hawkins for Labor, Industrial and Rehabilitative Services.

HB 242, relative to notifying abutters. Ought to Pass with Amendment.

This bill drops the return receipt, but retains the requirement that notices be sent by certified mail, thus reducing time and effort by local boards. The Post Office has procedures for tracing receipt in the event of a claim of non-receipt of a notice. Municipalities so desiring may retain the return receipt requirement. Although the bill does not address the vexing problem of notices to multiple owners, such as time-sharing condominiums. The Committee feels it merits passage. The amendment clears up a typographical error. Vote 18-1. Rep. Richard A. Grodin for Municipal and County Government.

Amendment

Amend RSA 676:4, I(d) as inserted by section one of the bill by striking out same and inserting in place thereof the following:

(d) Notice to the applicant, abutters and the public shall be given as follows: The planning board shall notify the abutters and the applicant by certified mail of the date upon which the application will be formally submitted to the board. Notice shall be mailed at least 10 days prior to submission. Notice to the general public shall also be given at the same time by posting or publication as required by the subdivision regulations. The notice shall include a general description of the proposal which is the subject of the application and shall identify the applicant and the location of the proposal. For any public hearing on the application, the same notice as required for notice of submission of the application shall be given. If notice of public hearing has been included in the notice of submission or any prior notice, additional notice of that hearing is not required nor shall additional notice be required of an adjourned session of a hearing with proper notice if the date, time

and place of the adjourned session was made known at the prior hearing. All costs of notice, whether mailed, posted or published, shall be paid in advance by the applicant. Failure to pay such costs shall constitute valid grounds for the planning board to terminate further consideration and to disapprove the plat without a public hearing.

HB 260, relative to appropriated funds in Hillsborough county. Ought to Pass.

The Committee feels that since the Hillsborough County Commissioners have no authority to create a new position or appropriate funds for a special project, it is logical that they should need approval of the executive committee to abolish or make part-time a position, or to withhold funds appropriated for special projects. If this legislation is requested by other counties, it can be extended to them if the experience in Hillsborough County so dictates. Vote 17-0. Rep. Timothy Bates for Municipal and County Government.

HB 397-FN, establishing a commission to study the recodification of state laws on municipalities. Ought to Pass.

This legislation would provide for an adequate correlation of municipal laws. Vote 17-0. Rep. George M. West for Municipal and County Government.

HB 365, relative to a study of the traffic problems on Route 102 in the town of Derry. Refer for Interim Study.

This bill addresses a problem considered in another bill which was referred for Interim Study. Both bills will be studied at the same time. Vote 19-0. Rep. James V. Bibbo, Jr. for Public Works.

HB 485-FN, relative to the number plate fund. Ought to Pass with Amendment.

This is necessary legislation to cover the necessary expenses of inventory and storage of the new plates. Vote 20-0. Rep. Norman B. Rogers for Public Works.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Fund Increased. Amend RSA 228:25, I as inserted by 1981, 87:1 by striking out said paragraph and inserting in place thereof the following:

I. There is hereby established an inventory fund in the department of safety in the amount of \$2,000,000 which sum is hereby appropriated and shall be a charge against the highway fund. The prison shall purchase such raw materials as may be required and agreed to by the commissioner of safety in order for the commissioner of safety to issue fully reflectorized motor vehicle number plates. This purchase shall be a charge against the inventory fund and the prison shall be responsible for the control and accountability of the raw materials so charged. Said number plates shall be manufactured at the state prison.

The prison shall be furnished out of said inventory account the raw materials necessary to manufacture said plates and upon receipt of the finished plates by the department of safety shall be reimbursed for their direct and indirect costs. The commissioner of safety shall, annually, request the comptroller to review and approve said cost rates. Notwithstanding any other provision of law, the commissioner of safety shall charge in addition to the regular motor vehicle registration fee the sum of \$1.50 per plate at the time of issue said reflectorized motor vehicle number plates or replacement reflectorized number plates. Said additional charge shall not give the registrant any title or other property interest in said plates. The commissioner of safety or his deputy may request from time to time delivery of said number plates from the prison and shall reimburse said inventory fund by a transfer from revenue. Costs associated with the storage and distribution of the number plates shall also be a charge against this fund. At least 6 months prior to subsequent general issue, a transfer from revenue shall be made for all remaining finished plates in inventory.

Referred to Appropriations.

HB 542, relative to access to the interstate system from certain terminals. Inexpedient to Legislate.

Information given to sponsor didn't blend with intent and complexities of bill as written. Vote 14-0. Rep. Norman B. Rogers for Public Works.

HB 545-FN, relative to sewer improvement funds in the city of Rochester. Ought to Pass with Amendment.

This adds the city of Rochester to the list of towns currently proceeding on their own to complete sewer projects. The bill has the complete support of the Water Supply and Pollution Control Commission. Vote 14-0. Rep. Sandra B. Keans for Public Works.

Amendment

Amend RSA 149-B:1-c as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

149-B:1-c Limitation of State Guarantee. If any one of the towns of Derry, Salem or Wolfeboro or the city of Rochester undertakes the construction of sewer disposal facilities pursuant to RSA 149-B:1-b, the state shall limit its guarantee of the construction bonds for said facilities to 25 percent of the total cost for the construction of that town's or city's sewage disposal facilities.

HB 573-FN, relative to class II highways state aid. Ought to Pass with Amendment. This is a Public Works and Highways Department housekeeping bill. The amendment addresses a request of the Town of Hopkinton. Vote 19-0. Rep. James C. Chamberlin for Public Works.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to class II highways and naming a bridge in Hopkinton for Leroy R. Kimball.

Amend section 7 of the bill by striking out same and inserting in place thereof the following:

7 Leroy R. Kimball Bridge. Pursuant to RSA 4:43, the bridge on route 103 over the Contoocook river in Contoocook village in the town of Hopkinton is hereby named the Leroy R. Kimball bridge.

8 Effective Date. This act shall take effect 60 days after its passage.

HB 585-FN, authorizing the acquisition of a dam in the town of Goffstown by the department of public works and highways for road construction purposes. Inexpedient to Legislate.

This bill is Inexpedient at this time until an interdepartmental dispute is solved and litigation with the owner of the dam settled. Vote 19-0. Rep. James J. White for Public Works.

HB 231-FN, strengthening the penalties for minors who purchase liquor and alcoholic beverages. Ought to Pass with Amendment.

This bill revised and strengthened the issuance and format of identification cards to be in possession of youthful purchasers of liquor and alcoholic beverages. The enforcement branch of the Liquor Commission endorsed this bill completely. Vote 16-0. Rep. Robert N. Kelley for Regulated Revenues.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

strengthening the penalties for minors who purchase liquor and alcoholic beverages and amending employment of youth by licensees or permittees.

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Statement from Purchaser as to Age. Amend RSA 175:6-b (supp) as inserted by 1965, 286:2 as amended by striking out said section and inserting in place thereof the following:

175:6-b Statement From Purchaser as to Age.

I. For the purposes of RSA 175:6-a, any person making the sale of alcoholic beverages to any person whose age is in question shall require the purchaser to furnish any of the following documentation that he is 20 years of age or over:

(a) A motor vehicle driver's license issued by the state of New Hampshire, or a valid driver's license issued by another state which bears the date of birth, name, address and picture of the licensee.

(b) An identification card issued by the director of motor vehicles under the provisions of RSA 260:21, or any picture identification card issued by another state which bears the date of birth, name and address of the individual.

(c) An armed services identification card.

(d) A valid passport from a country with whom the United States maintains diplomatic relations.

II. Photographic identification presented under this section must be consistent with the appearance of the person, and must be correct and free of alteration, erasure, blemish, or other impairment.

Amend the bill by striking out section 7 and inserting in place thereof the following:

7 Employment of Youths. Amend RSA 175:8 (supp) as amended by striking out said section and inserting in place thereof the following:

175:8 Employment of Youths. No licensee or permittee hereunder shall employ any minor, with or without compensation, to serve or otherwise handle liquor or beverage, provided, however, that the holder of an off-sale permit issued under the provisions of RSA 181:5 or retail wine license issued under the provisions of RSA 178-A:2 may employ minors of not less than 15 years of age when beverage or wine is sold in the original container and delivered in the place of business of the seller, or at the vehicle of the buyer parked on or adjacent to the premises of the seller, provided further that such employees shall be at least 16 years of age if employed in a selling capacity, and provided further that an adult person shall be in attendance during the time of such employment. The provisions of this section shall not in any way prevent any on-sale licensee or permittee under the provisions of RSA 178 and RSA 181 from employing any person 18 years of age or older to serve or otherwise handle liquor or beverages nor shall it prevent the holder of an on-sale permit to employ minors of not less than 16 years of age to clean tables and lounge areas and clear them of any containers or glasses, and to move case lots or partial case lots, provided that said minors are not involved in serving liquor or beverages in any way, and provided further that an adult person shall be in attendance during the time of such employment.

8 Effective Date. This act shall take effect January 1, 1986.

HB 328, relative to the enforcement powers of the water supply and pollution control commission under RSA 149-E. Ought to Pass with Amendment.

This bill, requested in part by the Water Supply and Pollution Control

Commission and in part by concerned local health officers, simplifies the monitoring of suspect individual sewage or waste disposal systems. Vote 18-0. Rep. Richardson Blair for Resources, Recreation and Development.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the enforcement powers of the water supply and pollution control commission under RSA 149-E and to town health officers' inspection duties under RSA 128.

Amend the bill by striking out all after section 1 of the bill and inserting in place thereof the following:

2 Definitions. Amend RSA 149-E:2 by inserting after paragraph XII the following new paragraph:

XIII. "Failure" means the condition produced when a subsurface sewage or waste disposal system does not properly contain or treat sewage or causes or threatens to cause the discharge of sewage on the ground surface or into adjacent surface or ground waters.

3 Maintenance and Operation of Subsurface Septic Systems. Amend RSA 149-E by inserting after section 3-a the following new section:

149-E:3-b Maintenance and Operation of Subsurface Septic Systems. Any person who has installed or otherwise acquired a subsurface sewage or waste disposal system installed in accordance with the provisions of this chapter is required to operate and maintain said system in such a manner as to prevent a nuisance or potential health hazard due to failure of the system. Failure to so operate and maintain shall be considered a violation of this chapter and shall be subject to the penalty as provided in RSA 149-E:7, IV. The commission or its duly authorized agents are hereby authorized to enter any and all premises at all reasonable hours for the purpose of inspecting and evaluating the maintenance and operating conditions of subsurface sewage or waste disposal facilities. As circumstances warrant, the commission or its duly authorized agents are hereby empowered to issue compliance orders in writing under the provisions of this section. Nothing in this section shall be construed to limit or modify the authority conferred upon the commission or local health officers under the provisions of RSA 147 or upon local officials certified by the commission under the provisions of RSA 149-E:6.

4 Penalties. Amend RSA 149-E:7 by inserting after paragraph III the following new paragraph:

IV. Any person neglecting or refusing to comply with the provisions of RSA 149-E:3-b shall be subject to a civil forfeiture not to exceed \$1,000 for each day of neglect or refusal after notice as provided for in RSA 149-E:3-b.

5 Duties of Health Officer of a Town. Amend RSA 128:5 as amended by striking out said section and inserting in place thereof the following:

128:5 Duties; Compensation. The town health officer:

I. Shall enforce the public health laws and rules.

II. Shall make such sanitary investigations as may be directed by the local board of health, or as may be required by the division of public health services.

III. May, upon reasonable information, personal knowledge or belief, in order to safeguard public health or to prevent pollution of any aquifer or body of water, enter upon private property, but not into any living quarters, to investigate and, if necessary, take appropriate action to prevent further pollution.

IV. Shall receive for his services the compensation fixed by the selectmen or the town, except as otherwise provided.

6 Authorized Entry. Amend RSA 128 by inserting after section 5 the following new section:

128:5-a Entry Authorized for Investigation.

I. A health officer of a town or his agent shall not be guilty of criminal trespass pursuant to RSA 635:2 when conducting an investigation of sanitary conditions on private property without the consent of the owner, regardless of whether or not the property is designated a secured premises.

II. The authority to enter private property without the consent of the owner for investigation of sanitary conditions does not include the right to enter into any living quarters situated on private property.

7 Effective Date. This act shall take effect 60 days after its passage.

HB 372, conforming the state pollution laws to federal standards for the purpose of the National Pollutant Discharge Elimination System permit program. Ought to Pass.

This bill brings the state standards for control of pollutant discharge laws in conformance with the federal standards. This will simplify state control of such discharge which is desirable. Vote 17-0. Rep. Douglas R. Woodward for Resources, Recreation and Development.

HB 419-FN, clarifying the authority of the water supply and pollution control commission with respect to underground storage facilities; authorizing additional personnel under the oil pollution control program and making an appropriation therefor. Ought to Pass with Amendment.

The bill, as amended, authorizes the Water Supply and Pollution Control Commission to adopt rules governing underground storage tanks for petroleum, and authorizes the Office of Waste Management to adopt rules regarding storage tanks for hazardous substances. Provisions are included for determining liability and for hiring personnel to implement the oil pollution control program. The Committee feels this is an important step in its efforts to protect

ground water quality. Vote 16-1. Rep. Susan Schwartz for Resources, Recreation and Development.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

clarifying the authority of the water supply and pollution control commission with respect to underground storage facilities; authorizing additional personnel under the oil pollution control program; relative to rulemaking authority of the office of waste management; and making an appropriation therefor.

Amend RSA 146-A:4 as inserted by section 4 of the bill by striking out same and inserting in place thereof the following:

146-A:4 Water Supply and Pollution Control Commission. Whenever an oil discharge or spillage occurs which will pollute, or has polluted the public waters of this state, the water supply and pollution control commission shall be notified forthwith and shall assume primary jurisdiction of the cleanup operation. In the interim period before the commission has had an opportunity to assume jurisdiction, the person or persons strictly liable for the discharge or spillage shall undertake immediate measures, in accordance with the rules and policies which the commission is hereby authorized to adopt, so as to minimize the extent of pollution and damage which said discharge or spillage would otherwise cause. Any person strictly liable for the discharge of oil, petroleum products, or their by-products in the manner prohibited by RSA 146-A:3 shall immediately undertake to remove such discharge to the commission's satisfaction. In case the person liable for the discharge shall not remove the product in a satisfactory manner, the commission may undertake the removal of such discharge and may retain agents and contractors for such purposes who shall operate under the direction of the commission. Any unexplained discharge of oil, petroleum products, or their by-products shall be removed by or under the direction of the commission.

Amend section 10 of the bill by striking out same and inserting in place thereof the following:

10 Rulemaking. Amend RSA 147-A:3 by inserting after paragraph XII the following paragraph:

XIII. Tanks and all associated appurtenances used to store, transfer, or otherwise contain regulated hazardous substances as defined in section 9001 (2)(A) of the Federal Resource Conservation and Recovery Act as amended 1984 and in rules adopted under RSA 147-A:3. Rules regarding such tanks shall include, but are not limited to, tank standards and operating

procedures, registration requirements, compliance schedules, enforcement and inspection, and requirements for closure, financial responsibility, and corrective actions.

11 Effective Date. this act shall take effect July 1, 1985.

Referred to Appropriations.

HB 468-FN, relative to the Smith dam in the town of West Wilton and making an appropriation therefor. Inexpedient to Legislate.

The Committee feels that the State of New Hampshire should not be held responsible for the siltation of the Smith Pond Dam. The Water Resources Board Inspection Program can result in the draining of any number of impoundments annually with the potential of draining anywhere up to 3,000 dam sites over a period of time. The requirement to drain for repairs, or breaching of a dam site, is the option of the owner to meet the Board's Dam Safety Order; and therefore, in meeting its public safety jurisdiction the Committee believes the Water Resources Board should be relieved of any responsibility from actions of this nature. The ownership of any impoundment will result in the situation of that impoundment over time and is one of the responsibilities of owning a dam. Vote 14-0. Rep. Mary Ann Lewis for Resources, Recreation and Development.

HB 480-FN, creating the north country development foundation. Ought to Pass. This bill provides an innovative and practical method for promoting public and private sector cooperation in fostering economic growth and revitalization in the three northern counties. Vote 18-0. Rep. Phoebe A. Chardon for Resources, Recreation and Development.

Referred to Appropriations.

HB 498, relative to the dam maintenance fund and making an appropriation therefor. Ought to Pass with Amendment.

The bill is a recommendation of the Legislative Dam Management Review Committee. The bonding authorized for the repair of dams by the Water Resources Board is increased from \$2,200,000 to \$3,200,000. The amendment allows the Department of Fish and Game flexibility in undertaking certain projects. Vote 17-0. Rep. Phoebe A. Chardon for Resources, Recreation and Development.

Amendment

Amend RSA 228:4, I(c) as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

(c) Projects for the department of fish and game and for the department of resources and economic

development whose estimated cost is more than \$10,000 but not more than \$75,000. Such projects may be done on a force account basis upon recommendation of the commissioner that such procedure is in the best interest of the state, and with the approval of the governor and council.

Referred to Appropriations.

HB 521, relative to the powers of the public utilities commission. Ought to Pass with Amendment.

The bill provides that the Public Utilities Commission obtain the approval of the Water Supply and Pollution Control Commission and Water Resources Board with regard to suitability and availability of the proposed water source of an applicant's proposed water utility. Vote 17-0. Rep. Douglas R. Woodward for Resources, Recreation and Development.

Amendment

Amend RSA 377:22, III as inserted by section one of the bill by striking out same and inserting in place thereof the following:

III. No water company shall obtain the permission or approval of the commission to operate as a public utility without first satisfying any requirements of the water supply and pollution control commission and the water resources board concerning the suitability and availability of water for the applicant's proposed water utility.

HB1 2002, relating to the problems caused by OHRVs, snow traveling vehicles and all terrain vehicles. Refer for Interim Study.

While many laws regulating OHRVs and the ATVs already exist, problems continue to arise. The Committee believes that a study of the subject is needed, particularly concerning the establishment of trail facilities in State Parks and Forests. Currently, the State collects a considerable sum from registration fees, but provides little access to State land. Vote 17-0. Rep. Howard C. Dickinson for Resources, Recreation and Development.

HB1 2010, relating to enhancing the potential of New Hampshire's rivers. Refer for Interim Study.

The sponsor believes that one of the state's greatest natural resources, namely its rivers, are not being utilized to their maximum recreational potential, and it is believed that the General Court should take any action it deems to be appropriate to enhance this potential. Vote 14-1. Rep. Mary Ann Lewis for Resources, Recreation and Development.

HB 332, removing the liquor commission and the department of employment security from the exception to the data processing authority of the director of information services. Refer for Interim Study.

The Committee determined that this bill needed further study. Vote 10-0. Rep. Roger Easton for Science and Technology.

HB 472-FN, establishing a division of information technology and planning within the department of administrative services and making an appropriation therefor. Refer for Interim Study.

The Committee determined that this bill required further study. Vote 10-0. Rep. Roger L. Easton for Science and Technology.

HB 473-FN, establishing a fund for data processing projects and making an appropriation therefor. Refer for Interim Study.

The Committee determined that this bill needed further study. Vote 11-0. Rep. Roger Easton for Science and Technology.

HB 474-FN, relative to training seminars for department, division and bureau heads and making an appropriation therefor. Refer for Interim Study.

The Committee determined that this bill needed further study. Vote 11-0. Rep. Roger Easton for Science and Technology.

HB 475-FN, directing the division of information services, department of administrative services, to conduct a statewide resource and information data base study and making an appropriation therefor. Refer for Interim Study.

The Committee determined that this bill needed further study. Vote 11-0. Rep. Roger Easton for Science and Technology.

HBI 2004, relating to procurement of computer equipment by the state and its political subdivisions. Refer for Interim Study.

The Committee determined that this bill needed further study. Vote 11-0. Rep. Roger Easton for Science and Technology.

HB 506, relative to building second residential dwelling units in single family homes. Inexpedient to Legislate.

The Committee feels that the bill would not address the problem it was intended for. This bill would take away the Planning and Zoning Board's power in many cases of residential housing that would create many problems around the State. Vote 13-0. Rep. Ronald R. Laurion for State Institutions and Housing.

HB 537, relative to rent increases in manufactured housing parks. Inexpedient to Legislate.

At this time the Committee has two other bills dealing with the same concerns as separate bills. It was the unanimous vote of the Subcommittee and the Committee that this bill is not the right vehicle to use for these concerns. Vote 14-0. Rep. Ronald R. Laurion for State Institutions and Housing.

HB 546, providing manufactured housing tenants with a limited right to purchase the park and changing eviction notice requirement. Refer for Interim Study.

This bill was unanimously voted for Interim Study for 2 reasons. (1) The Senate has passed SB 69, as amended, which addresses part 2 of this bill dealing with an 18-month notice which must be given to all manufactured housing park tenants in the event there is to be a condemnation or change of use of the park. The Committee on State Institutions and Housing, as well as representatives of tenants groups and mobile home park owners, unanimously support this portion of the legislation and will use SB 69, as amended, as a vehicle to urge the passage in the House. (2) Part 1 of HB 546, however, created much controversy as it relates to tenants right to purchase their mobile home park, consequently, it was the consensus that more time and study is needed to address this issue. Vote 14-0. Rep. Deborah L. Arnesen for State Institutions and Housing.

HB 596, relative to restoring the old state house at Strawberry Banke. Ought to Pass.

This bill makes possible the ongoing study of restoration of the Old State House. The Speaker appointed an interim committee last summer. A search for federal funds is ongoing and it is hoped that the Old State House could become a centerpiece for the celebration of the 200th Anniversary of our Constitution. Vote 14-0. Rep. Sara M. Townsend for State Institutions and Housing.

HB 217, relative to the use or nonuse of seat belts. Refer for Interim Study.

Other bills are being submitted on the subject of seat belt use. Until the content of these bills are studied it is impossible to make an intelligent decision on the ramifications of prohibiting any evidence about the use or nonuse of seat belts in a court of law. Vote 13-0. Rep. Roger Stewart for Transportation.

HB 252-FN, requiring school buses used in the state which are manufactured after January 1, 1986, to be equipped with seat belts and with seat backs elevated to 28 inches. Inexpedient to Legislate.

After careful consideration, the Committee unanimously feels that mandating seat belts in school buses would create more problems than they would solve. Presently, there is local option for school boards to require installation and use of seat belts. Vote 14-0. Rep. John Hoar, Jr. for Transportation.

HB 253, relative to the Cooperative Alliance for Seacoast Transportations. Ought to Pass.

COAST is the coordinated public transportation system serving the seacoast urbanized area. This bill has

the support of the New Hampshire Department of Public Works and Highways. The Committee recommended, and COAST concurred, that a member of the Public Utilities Commission should become a voting member. Vote 14-0. Rep. Robert L. Whiting for Transportation.

HB 266, authorizing the department of safety to join the international registration plan. Refer for Interim Study. There was not sufficient information available to make a decision on this bill at this time. The Department of Safety has indicated that more information will be available by this summer. Due to the broad implications of adopting this bill the Committee wished to be sure that it had all the facts before any course of action was recommended. Vote 14-0. Rep. Stephen Sloan for Transportation.

HB 292-FN, extending the aviation fuel toll to jet fuels and other fuels. Refer for Interim Study. This bill has merit because the need for funds to be used for the purposes outlined does indeed exist. However, testimony indicated that the immediate present is probably not the best time to make changes. There are several more areas to be explored before a final determination can be made. Vote 14-0. Rep. Irvin H. Gordon for Transportation.

HB 293, relative to the aeronautical fund. Ought to Pass with Amendment. This bill changes the use of revenue derived from the airway tolls from one-half being used for the establishment and maintenance of our air navigation facilities and one-half to be used for repayment of bonds or notes to having the monies paid out, as appropriated in accordance with the budget law, as recommended by the Aeronautics Commission. Also, one-fourth of the revenue from the aircraft operating fee from an airport shall be paid directly to that airport fund. The Committee feels this redistribution of the monies is in the best interest of aviation in New Hampshire. Vote 14-0. Rep. Roger Stewart for Transportation.

Amendment

Amend the bill by striking out sections 2 and 3 and inserting in place thereof the following:

2 New Subparagraph. Amend RSA 6:12, I by inserting after subparagraph (t) the following new subparagraph:

(u) Moneys, fees, fines, and airway tolls collected under RSA 422, which shall be credited to the aeronautical fund.

3 Repeal. 1961, 261:7 and 1965, 24:1, relative to disposition of revenue from aircraft operating fees, are hereby repealed.

4 Effective Date. This act shall take effect 60 days after its passage.

Referred to Appropriations.

HB 294, relative to the Nashua airport authority. Ought to Pass.

Testimony on this bill indicated that there is often need for cash flow money because receipt of amounts due the Authority are delayed. There are also plans being studied for expansion in the near future and the present bonding allowance will not be adequate. Vote 13-0. Rep. Roland M. Turgeon for Transportation.

HB 496-FN, relative to special number plates for nonprofit organizations serving the mentally impaired. Ought to Pass. The purpose of this bill is to authorize a permanent plate to nonprofit organizations serving the mentally impaired. There are nine of this type of organization. An important part of their program is the transporting of their patients to the facility of the organization for treatment. This bill provides an aid to these organizations by using the money saved on registrations to be spent on services. Vote 12-1. Rep. Roger Stewart for Transportation.

COMMITTEE REPORTS (Regular Calendar)

HB 234, relative to public utility rate increases. Majority: Inexpedient to Legislate. Minority: Ought to Pass with Amendment.

MAJORITY: The proposed statute basically doesn't change the permitted actions of the Public Utility Commission. Present law allows the Commission to consider some factors concerning prudence or imprudence of utility actions. The rate determining process would be adversely affected by proposed legislation resulting in an unduly complicated longer time process. Vote 12-4. Rep. Frederic A. Foss for the Majority of Commerce, Small Business and Consumer Affairs.

MINORITY: This bill simply states that any utility whose final project cost is 200% of original estimate is presumed to have managed imprudently. If this utility can show that it, in fact acted prudently or increases were due to factors beyond its control, all expenses may be included in the base. (Reps. Joseph Diament, Lucille T. Wood, Elizabeth Crory and Tom Longworth for the Minority.)

Rep. Diament moved that the report of the Minority, Ought to Pass with Amendment, be substituted for the report of the Majority, Inexpedient to Legislate, spoke to his motion and yielded to questions.

Reps. Frederic Foss and Allgeyer spoke against the motion and yielded to questions.

Reps. Schwartz and Arnott spoke in favor of the motion.

Reps. Palumbo and Quimby spoke against the motion.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

Rep. Schwartz requested a roll call. Sufficiently seconded.

HB 345, relative to 4 year terms for the secretary of state and the state treasurer. Ought to Pass with Amendment.

No one opposed this bill and the Committee believes it will benefit efficient administration and over a period of years would make the jobs more attractive to potential good applicants. Vote 9-1. Rep. Joseph M. Eaton for Constitutional and Statutory Revision.

Amendment

Amend RSA 14:2-b as inserted by section 4 of the bill by striking out same and inserting in place thereof the following:

14:2-b Organizational Convening.
Pursuant to the constitution, the general court shall assemble biennially on the first Wednesday of December for organizational purposes. At such assembly, after each biennial election, the senate and the house shall take the oath of office. They shall quadrennially elect the secretary of state and the state treasurer. The election of the secretary of state or of the state treasurer shall be conducted by secret ballots, if more than one person is nominated for election to such position. At any such biennial assembly, the senate and the house shall elect such officers and employees, adopt such organizational procedures and rules and perform such other organizational business as they deem necessary.

Amendment adopted.

Ordered to third reading.

HB 197-FN, establishing a teacher mentor and grant pilot program and making an appropriation therefor. Ought to Pass with Amendment.

The purpose of HB 197 is to help the state's public school system attract and retain good teachers. The bill attempts to increase the retention of beginning teachers by providing individual support and assistance from experienced teachers who serve as mentors. It also provides an incentive for teachers and other qualified staff to participate in projects designed to improve school effectiveness. The bill creates a commission to establish guidelines for a mentor teacher pilot project and grant pilot project, and funds the pilot projects for FY 87. The commission will report on the effectiveness of the pilot projects and make recommendations about their continuation. Vote 12-4. Rep. Betty Jo Taffe for Education.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Statement of Purpose. The purpose of this act is to help the state's public school system attract and retain good teachers. The state recognizes that some of our most talented and experienced teachers are leaving the teaching profession because of low pay, lack of public esteem, poor working conditions and a general sense that teaching is no longer a rewarding occupation. It is the intent of this act to increase the retention and effectiveness of beginning teachers by providing individual support and assistance during their first 2 years of teaching and by encouraging and recognizing those with outstanding potential for teaching. It is the further intent of this act to provide a basis for the

recognition and professional growth of experienced teachers through a process of local selection and appointment as teacher mentors. Finally, it is the intent of this act to provide incentive and funding for qualified staff members of the public school system to participate in innovative projects or activities designed to increase school effectiveness.

2 Teacher Mentor Pilot Program and Grant Pilot Program Established. There is hereby established the teacher mentor pilot program and grant pilot program. The pilot program shall continue only for a 2 year period, unless subsequently renewed by the legislature. The first year of the program shall be for the purposes of planning and making application for the funds. The second year of the program shall commence the implementation of the teacher mentor and grant program as directed by this act. The teacher mentor and grant program shall be administered by the department of education.

3 Teacher Mentor Program.

1. The teacher mentor program shall be a voluntary program and shall be open to all teachers who have at least 3 years' experience teaching in a public school and who are employed in a school district, the school board of which has voted to participate in the teacher mentor program. A teacher who is selected to be a mentor teacher shall serve as a mentor for a beginning teacher for a period of one year. The number of mentor teachers shall be limited to 100 during the pilot program.

II. Each mentor teacher shall be paid a yearly stipend of \$1,500 in addition to his regular salary. This stipend shall not be counted as salary or wages for purposes of calculating employer contribution rates or employee benefits under the state teachers' retirement system.

III. The subject of participation by a school district or an individual certified classroom teacher in the mentor teacher program established by this act shall not be included within the scope of representation in collective bargaining among a public school employer and eligible employee organizations.

4 Payment to School District. Each participating district or school administrative unit shall receive a yearly payment equal to 1/2 of the stipend paid to each mentor teacher employed. This amount shall be used exclusively for necessary administrative costs incurred by participation in the mentor program and for the training of mentors.

5 Grant Program.

1. The grant program shall be open to any full-time teacher or other certified full-time staff member of a public school within the state. Any qualified teacher or staff member may apply to receive funds for the purpose of conducting a project which would contribute to the effectiveness of the school at which he is employed. The grant program shall be limited to 50 grant recipients during the pilot program.

II. The grants distributed to a local school district shall be used exclusively to pay participating staff members for work performed under the program. A grant recipient shall be paid up

to a total of \$1,500 yearly at a rate which is mutually acceptable to the recipient and to the local school board. This amount shall not be counted as salary or wages for purposes of calculating employer contribution rates or employee benefits under the state teachers' retirement system.

6 Commission Established; Members; Meetings.

I. There is hereby established the teacher mentor and grant program commission to be composed of the following 9 members:

(a) 7 members to be appointed by the commissioner of education:

(1) One person who holds a valid experienced educator certificate and is currently employed in a full-time teaching position in a public elementary school in the state;

(2) One person who holds a valid experienced educator certificate and is currently employed in a full-time teaching position in a public secondary school in the state;

(3) One person who is either a public school principal or a superintendent of schools within the state;

(4) One person who is either a member of the faculty or the administration of a postsecondary institution within the state;

(5) One parent of a public school student in the state;

(6) One person employed by the state department of education whose employment duties are in the area of public education; and

(7) One person who is a member of the state board of education.

(b) One member of the education committee of the house of representatives who shall be appointed by the speaker of the house;

(c) One member of the education committee of the senate who shall be appointed by the senate president.

II. The commission shall choose a chairman from among its members and shall meet at least monthly and more often if deemed necessary by the chairman. Five persons shall constitute a quorum. Any decisions of the commission shall be made by a majority of those present and voting.

7 Duties of Commission. The commission shall have the following duties:

I. To develop criteria for the selection of a representative sample of school districts for participation in the teacher mentor and grant programs. Such criteria shall include but not be limited to the following:

(a) the average daily student population of the school district;

(b) the number of certified full-time teachers working in the school district; and

(c) the geographic location of the school district.

II. To develop criteria to guide local selection committees in evaluating and selecting mentor teachers. These criteria and guidelines shall include, but not be limited to, the following:

(a) Mentor teachers shall be nominated by a local selection committee. A majority of the membership of the local

selection committee shall be certified classroom teachers who shall be elected by other certified classroom teachers within their school district. Each selection committee shall include at least one building principal designated by the superintendent of schools. However, mentors shall not be judged for the mentor program on the basis of independent principal evaluations. The membership of the committee may include parents, pupils, or other public representatives. The final designation of any person as a mentor teacher shall be by the school board of the district in which the teacher is employed.

(b) Candidates for the position of mentor teacher shall meet the following requirements:

(1) Hold a valid experienced educator certificate and be currently employed in a full-time teaching position in the state;

(2) Have demonstrated exemplary teaching ability as determined by the local selection committee; and

(3) Agree to serve as a mentor for one school year.

(c) The mentor teacher shall not be the beginning teacher's immediate supervisor and shall not participate in the evaluation of the beginning teacher or of any other teacher.

(d) The percentage of time each teacher is to spend in the performance of his duties as a mentor teacher shall be by mutual agreement between the teacher and the school board. However, in no case shall a mentor teacher spend less than 60 percent of his time in classroom instruction.

III. To develop and implement a training program for mentor teachers in preparing them to fulfill their roles as trainers of other teachers.

IV. To develop criteria for the selection and appointment of grant recipients which shall include, but not be limited to, the following:

(a) Any full-time certified staff member other than a mentor teacher or school administrator shall be eligible to be a grant recipient.

(b) Participation as a grant recipient shall be voluntary and the time devoted to activities approved under the program shall be in addition to the staff member's regular assignment.

(c) An individual staff member or a group of staff members wishing to participate in the grant program shall make application to the building principal identifying the objectives, procedures, and required resources of the innovative program or special project designed to improve school effectiveness. The building principal may suggest projects for consideration by the school staff in completing the application process.

(d) Grant recipients shall be nominated by the building principal with appointment by the superintendent of schools after approval by the school board, for the purpose of developing innovative programs or special projects designed to improve some aspect of school effectiveness. Grants shall be available to recipients to restructure curricula, design in-service

training or contribute in other ways to school improvement efforts. Such funds may be used to compensate participating staff members for approved summer activities. The subject of participation by a school district or an individual staff member as a grant recipient shall not be included within the scope of representation in collective bargaining among a public school employer and eligible employee organizations.

V. To provide technical assistance to participating school districts in establishing and evaluating the teacher mentor and grant program.

VI. To develop reimbursement mechanisms for eligible mentors, grant recipients, and participating districts.

VII. To develop a method for the replacement of a mentor teacher or grant recipient who is unable to complete the mentorship period or the grant project.

VIII. To evaluate and make a preliminary report by February 1, 1987, and a final report by June 1, 1987, to the legislature. The reports shall include the strengths and weaknesses of the teacher mentor and grant program and shall make recommendations for improvements in the program.

IX. To perform any other duties and provide any other assistance which may be necessary to ensure the successful operation of the teacher mentor and grant pilot program.

8 Appropriation. The sum of \$29,700 for the fiscal year ending June 30, 1986, and the sum of \$300,000 for the fiscal year ending June 30, 1987, are hereby appropriated to the department of education for the purposes of administering the teacher mentor and grant program established by this act. The funds appropriated for the fiscal year ending June 30, 1986, shall not lapse until June 30, 1987. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

9 Repeal. Sections 1-7 of this act, relative to the teacher mentor and grant program, are hereby repealed.

10 Effective Date.

I. Section 9 of this act shall take effect July 1, 1987.

II. The remainder of this act shall take effect July 1, 1985.

Amendment adopted.

Referred to Appropriations.

HB 329, relative to the authority and procedures of the energy facility and bulk power site evaluation committees. Ought to Pass.

The legislation solves some problems in the functioning of the site committees. Vote 16-0. Rep. Roberta C. Pevear for Environment and Agriculture.

Ordered to third reading.

HB 422-FN, relative to the training of dogs. Majority: Ought to Pass with Amendment. Minority: Inexpedient to Legislate.

MAJORITY: By a vote of 12-6 the Committee supports this bill, as amended. The majority feels that this allows a period of 45 days at a time of year when most wildlife species are being born to become acclimated to the wilds before they are subjected to interference in their natural habitat by dogs being trained for hunting. Rep. Lester R. Perham for the Majority of Fish and Game.

MINORITY: The minority feels that the small group of dog trainers are being penalized and also being tagged as the bad guys. No need for this bill. (Reps. Romeo J. Theriault and Robert J. Brodeur for the Minority.)

Amendment

Amend RSA 207:12-a, I as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

I. Any person who is licensed to hunt within the state shall be issued a training permit for the training of bird dogs and trail or tree hounds during the closed season on any wildlife, except deer, moose, caribou, elk, lynx, cougar, and turkey, upon application and the payment of a fee of \$5. No training permits shall be valid for the period of May 15 to June 30, except that holders of a training permit may train dogs upon land owned or leased by the permittee, or upon land for which the permittee has written permission of the landowner during this period. Such written permission shall be carried on the permittee's person while training. Training conducted pursuant to this exception shall be permitted only on wildlife legally possessed by the permittee and if released, such releasing shall be in accordance with RSA 207:14 and 207:14-a. Notwithstanding the provisions of this paragraph, field trials shall be permitted pursuant to RSA 207:13.

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Reciprocity of Training Dogs. Amend RSA 207 by inserting after section 12-a the following new section:

207:12-b Reciprocity of Dog Training. Notwithstanding the provisions of RSA 207:12-a, a nonresident shall not be permitted to train dogs upon any wildlife in this jurisdiction during the period that such training is prohibited in the nonresident's state or province of residence.

3 Effective Date. This act shall take effect 60 days after its passage.

Rep. Theriault moved that the report of the Minority, Inexpedient to Legislate, be substituted for the report of the Majority, Ought to Pass with Amendment, and spoke to his motion.

Rep. Perham spoke against the motion and yielded to questions.

Reps. Doris Riley and Clancy spoke against the motion.

Rep. Scanlan spoke in favor of the motion.

A division was requested.

50 members having voted in the affirmative and 217 in the negative, the motion lost.

Question now being on the Majority amendment.

Reps. Felch, Doris Riley and Rounds spoke against the amendment.

Amendment lost.

Rep. Felch offered an amendment.

Amendment

Amend RSA 207:12-a, I as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

I. Any person who is licensed to hunt within the state shall be issued a training permit for the training of bird dogs and trail or tree hounds during the closed season on any wildlife, except deer, moose, caribou, elk, lynx, cougar, and turkey, upon application and the payment of a fee of \$5. No training permits shall be valid for the period of May 1 to June 30, to train bear dogs, except that holders of a training permit may train dogs upon land owned or leased by the permittee, or upon land for which the permittee has written permission of the landowner during this period. Such written permission shall be carried on the permittee's person while training. Training conducted pursuant to this exception shall be permitted only on wildlife legally possessed by the permittee and if released, such releasing shall be in accordance with RSA 207:14 and 207:14-a. Notwithstanding the provisions of this paragraph, field trials shall be permitted pursuant to RSA 207:13.

HB 306-FN, prohibiting state funding of direct abortions. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: The majority of the Committee felt that present rules regarding the funding of abortions are adequate. Only one medicaid funded abortion has taken place in New Hampshire since 1980. Vote 19-2. Rep. Robert M. Gilbreth for the Majority of Health and Human Services. MINORITY: More than 200 citizens attended the public hearing on this bill. Fifty-four testified in favor and 24 against. A Channel 9 poll on the issue showed 54 in favor and 46 against. Numerous letters and phone calls to Committee members strongly favored the bill. The question is "To whom do we listen?" (Rep. Margaret D. Roberts for the Minority.)

Rep. Locke moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Inexpedient to Legislate, and spoke to his motion.

Reps. Gilbreth, Scott Green, Wagner and Sochalski spoke against the motion.

Rep. Barberia spoke in favor of the motion and yielded to questions.

Rep. Schwaner spoke in favor of the motion.

Rep. Daniel Eaton moved that HB 306 be laid upon the table.

Rep. Barberia requested a roll call. Sufficiently seconded. Adopted.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

authorizing construction of the proposed bridge over the Pemigewasset river in the city of Franklin, up to Route 127.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Priority Construction Authorized. The commissioner of public works and highways is authorized and directed to give priority to the construction of the proposed bridge over the Pemigewasset river in the city of Franklin, up to Route 127.

2 Appropriation. The sum of \$6,700,000 is hereby appropriated to the department of public works and highways to be expended for the purposes of section 1 of this act. This appropriation shall be reduced by the amount of any federal funds made available. This

appropriation shall be in addition to any other appropriation for the department of public works and highways.

3 Bond Issue Authorized. To provide funds for the purpose of section 2 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state in a sum not exceeding \$6,700,000, and for that purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A. The interest and principal due on bonds or notes issued under this section shall be a charge on the highway fund. The moneys provided in this section shall not lapse.

4 Condition. Sections 1, 2, and 3 of this act shall take effect only to the extent that the pending litigation in the courts does not either involve or restrict the authorization in section 1 of this act.

5 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Rep. Bibbo explained the Committee report and yielded to questions.

Referred to Appropriations.

HB 327, relative to the Laconia by-pass in the town of Gilford and making an appropriation therefor. Ought to Pass with Amendment.

The Committee strongly supports resolution of traffic conditions in 2 tourist dependent regions. Voting was 21-0 and the Committee feels road problems in the central and northern areas must be considered, then properly and economically planned. Rep. James J. White for Public Works.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the Laconia by-pass in the town of Gilford and the by-pass around the town of Conway and making an appropriation therefor.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Appropriation. The sum of \$4,000,000 is hereby appropriated to the department of public works and highways for the biennium ending June 30, 1987, for the construction of ramps to directly serve Route 11 from the Laconia by-pass in the town of Gilford. This appropriation shall be in addition to any other appropriation for the department of public works and highways for the biennium and shall be non-lapsing. This appropriation shall be reduced by any federal funds made available.

2 Bonds. To provide funds for the appropriation in section 1 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not

exceeding the sum of \$4,000,000 and for said purposes may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A.

3 Payments. The payment of principal and interest on the \$4,000,000 of the bonds and notes issued for the project in section 2 of this act shall be made when due from the highway fund.

4 Appropriation. The sum of \$900,000 is hereby appropriated to the department of public works and highways for the purpose of preparing a preliminary environmental impact statement, preliminary plans suitable for a public hearing, and the final environmental impact statement for the construction of a by-pass around the town of Conway. This appropriation is in addition to any other appropriation for the department of public works and highways for the biennium ending June 30, 1987, and shall be nonlapsing. This appropriation shall be reduced by any federal funds that may be made available for this project.

5 Bonds. To provide funds for the appropriation made in section 4 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$900,000 and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A.

6 Payments. The payment of principal and interest on the \$900,000 of the bonds and notes issued for the project in section 5 of this act shall be made when due from the highway fund.

7 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Referred to Appropriations.

HB 438-FN, relative to Route 16 from the town of Gorham to the town of Glen and making an appropriation therefor. Ought to Pass with Amendment.

This bill authorizes the Department of Public Works and Highways to conduct a study of Route 16, from Glen to Route 2 in Gorham; specifically areas along the road needing upgrading to facilitate through traffic in a safe and expedient manner. Vote 21-1. Rep. Gene G. Chandler for Public Works.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Appropriation. The sum of \$25,000 is hereby appropriated to the department of public works and highways for the biennium ending June 30, 1987, for the purpose of conducting a feasibility study of bringing Route 16 from Route 2 in the town of Gorham to Route 302 in the town of Glen. The department may employ consulting engineers to conduct this study within the limitations of this appropriation. This appropriation is in addition to any other appropriation for the department of public works and

highways and shall be a charge against the highway fund.

Amendment adopted.

Referred to Appropriations.

HB 391, establishing an east-west toll road from Route I-393 in Concord to the Spaulding Turnpike in Dover and making an appropriation therefor. Ought to Pass with Amendment.

This is a long range plan. As amended, this Committee's vote 21-1, strongly supports local input in considering major highway construction and planning in the 20th century. Rep. Lorine Walter for Public Works.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Appropriation.

I. The sum of \$15,000,000 is hereby appropriated to the department of public works and highways for the biennium ending June 30, 1987, to be expended as follows for a 4 lane east-west toll road turnpike from Route I-393 in Concord to the Spaulding Turnpike in Dover:

(a) \$12,000,000 for design engineering.

(b) \$3,000,000 for land acquisition.

II. This shall be a nonlapsing appropriation and in addition to any other appropriation for the department of public works and highways for the biennium.

III. The funds appropriated in paragraph I shall be expended only after an environmental impact study has been completed, public hearings have been held in the towns affected and the route has been laid out by governor and council pursuant to RSA 230:14 and RSA 230:45. This route shall not be restricted by the recommendations contained in the report by Wilbur Smith made in 1984.

Amendment adopted.

Referred to Appropriations.

HB 385, making an additional appropriation for the final plans and construction of the south bound return ramp in Manchester. Ought to Pass with Amendment.

The Committee is of the opinion that a south bound ramp at Granite Street in Manchester is a requirement, but that the city should support the cost of the Turner Street - Second Street connector. The funding was established at 1.5 million to design and build the approach and/or ramp only. Vote 21-0. Rep. Robert E. Murphy for Public Works.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Additional Appropriation. Amend 1983, 423:27 by striking out said section and inserting in place thereof the following:

423:27 Appropriation. The sum of \$3,000,000 is hereby appropriated to the department of public works and highways for the design, engineering and construction only of a south bound return ramp at Granite Street in the city of Manchester. This appropriation is in addition to any other appropriation for the department of public works and highways for the biennium ending June 30, 1985, and shall be nonlapsing. The appropriation shall be made from the central New Hampshire turnpike sinking fund.

Amendment adopted.

Referred to Appropriations.

HB 264, relative to improvements to the central New Hampshire turnpike and making an appropriation therefor. Ought to Pass.

House Bill 90, in the 1983 Session (Chapter 76), authorized the construction of the industrial interchange on the Everett Turnpike in Merrimack and appropriated \$6,500,000. House Bill 264 increases the appropriation by 14.45 million dollars. Reasons for the increase include (1) the removal and disposal of a million yards of rock, (2) most recent traffic counts making it necessary to enlarge the scope of the project. Vote 14-0. Rep. James A. Chandler for Public Works.

Referred to Appropriations.

HB 436-FN, relative to a study on the construction of a cloverleaf intersection at exit 9 on the Spaulding turnpike and making an appropriation therefor. Ought to Pass with Amendment.

The Committee agreed with sponsor, traffic congestion warrants immediate attention and corrections. Vote 21-1. Rep. William K. Kincaid for Public Works.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Appropriation. The sum of \$50,000 is hereby appropriated to the department of public works and highways for the biennium ending June 30, 1987, for the purpose of making any necessary study and preparing engineering plans to construct a cloverleaf intersection at exit 9 on the Spaulding turnpike and the connector road from the Spaulding turnpike to the traffic circle. This appropriation is in addition to any other appropriation for the department of public works and highways for the biennium and shall be a charge against the eastern turnpike sinking fund.

Amendment adopted.

Referred to Appropriations.

HB 437-FN, relative to an engineering study of the intersection of Route 9 and

Route 155 and making an appropriation therefor. Ought to Pass with Amendment.

This bill would solve the traffic problems of a very dangerous traffic area. Excessive industrial park traffic is brought to a complete stop by traffic lights. Vote 21-1. Rep. Norman Rogers for Public Works.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Appropriation. The sum of \$50,000 is hereby appropriated to the department of public works and highways for the biennium ending June 30, 1987, for the purpose of conducting an engineering study and preparing the necessary plans to correct the traffic congestion problem at the intersection of Route 9 and Route 155. This appropriation is in addition to any other appropriation for the department of public works and highways for the biennium and shall be a charge against the highway fund.

Amendment adopted.

Referred to Appropriations.

HB 259-FN, providing an evaluation of state Route 101A corridor in the Nashua region and making an appropriation therefor. Ought to Pass with Amendment.

The Committee felt with the uncertain availability of Federal Funds and the time that this project has been already delayed, that it was important to insure the study for this project move forward without delay. Federal matching funds have already been applied for and those funds, when they become available, will be applied to this project and reduce the overall state costs. Vote 14-0. Rep. Charles M. Nute for Public Works.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Appropriation. The sum of \$100,000 is hereby appropriated to the department of public works and highways, for a comprehensive evaluation of the land use and traffic problems on state Route 101A between the F.E. Everett turnpike and the Route 101 interchange at the Milford bypass. The evaluation shall consider a comprehensive improvement program for the highway including a consideration of alternative corridors. The connection of the new Route 101A bypass shall be coterminous with the northern connection of the circumferential highway around the city of Nashua. The department may accept any federal funds that may be available for this project, and this appropriation shall be reduced by the amount of any federal funds made available. The sum hereby appropriated shall be made from the highway fund.

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Effective Date. This act shall take effect October 1, 1985.

Amendment adopted.

Referred to Appropriations.

HB 351, increasing the appropriation for construction and improvements to the central New Hampshire turnpike. Ought to Pass.

This bill increases the appropriation from \$19,500,000 to \$32,900,000 for the construction and improvements to be made to the central New Hampshire turnpike in the Nashua, Merrimack, Bedford area, as authorized by HB 310 by the 1983 session of the General Court. Vote 18-0. Rep. Chris Jacobson for Public Works.

Referred to Appropriations.

HB 544, relative to water improvement bonds issued by the city of Rochester. Ought to Pass.

Committee felt this bill would be of considerable help to local community involved. This is precedent setting. The Committee wants to deal with these matters on an individual basis in order to maintain control. Vote 14-0. Rep. Charles M. Nute for Public Works.

Rep. Bibbo yielded to questions. Ordered to third reading.

HB 215-FN, providing for a single annual motor vehicle inspection and changing the inspection sticker fee. Ought to Pass with Amendment.

Semi-annual inspections on older vehicles are important for safety reasons. The amendment allows new vehicles from 12 to 18 months before the first inspection is required. The amendment also eliminates the possibility of a motorist being required to have more than two inspections in a twelve month period. Further, the amendment requires a list of the equipment checked be supplied to the motorist. Therefore, the amendment addresses most of the complaints with semi-annual inspections which were raised by the proponents of annual inspections. Vote 14-0. Rep. Stephen Sloan for Transportation.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

providing for annual inspections for new motor vehicles and semi-annual inspections for other motor vehicles and providing additional requirements for official motor vehicle inspection stations.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Definition; New Motor Vehicle. Amend RSA 259 by inserting after section 66 the following new section:

RSA 259:66-a New Motor Vehicles. "New motor vehicle" shall mean a new motor vehicle as defined in RSA 357-C:1, XV.

2 Vehicle Inspections. Amend RSA 266:1, II-V as inserted by 1981, 146:1 by striking out said paragraphs and inserting in place thereof the following:

II. All vehicles, except OHRV's, snow traveling vehicles, and mopeds, registered under this title shall be inspected every 6 months with the first such inspection being required during the month in which the birth date of the owner is observed, if the owner is a natural person, or 6 months prior thereto, whichever is earlier, except that motorcycles and antique cars shall be inspected once a year during the month designated by the director.

III. If the owner is a company or corporation or other than a natural person, the first inspection shall be made during the month designated by the director as the registration month for such person, or 6 months prior thereto, whichever is earlier, and the second inspection shall be made 6 months hence, except that motorcycles and antique cars shall be inspected once a year during the month designated by the director.

IV. Notwithstanding paragraphs II and III, newly registered vehicles, other than OHRV's, snow traveling vehicles and mopeds, and vehicles, other than OHRV's, snow traveling vehicles and mopeds, the ownership of which has been transferred shall be inspected not later than 10 days after the registration or transfer of ownership of said vehicle.

V. Notwithstanding paragraphs II-IV, the director pursuant to RSA 260:5 shall provide by rule effective no later than April 1, 1986, a system of inspection whereby a new motor vehicle shall not be inspected until at least the twelfth month, but no later than the eighteenth month, after the month in which the vehicle was newly registered and that the vehicle shall then be inspected every 6 months thereafter.

VI. Notwithstanding the provisions of paragraph IV, the director by rule adopted pursuant to RSA 260:5 and effective no later than April 1, 1986, shall provide a system of inspection whereby newly registered vehicles other than new vehicles, OHRV's, snow traveling vehicles, and mopeds shall not be required to be inspected more than twice in any 12 month period.

VII. The director may authorize properly qualified persons to make inspections without expense to the state at stations designated by him, and may at any time revoke such authorization or designation; provided, however, that inspections conducted at such stations at the request and under the direction of a police officer or a safety inspection shall be paid for as follows:

(a) In the event violations of this section are uncovered, by the owner of the vehicle.

(b) In the event no such violations are uncovered, by the agency represented by the police officer or inspector.

The annual fee to be paid by the inspection station upon authorization set forth herein shall be \$15 and shall not be refundable.

VIII. Each inspection station shall conspicuously post on its premises a notice, in a form and size approved by the director, consisting of the following:

(a) The charge for an inspection; and

(b) A summary list of the equipment to be functionally checked and inspected as authorized by the director.

IX. Excluding inspections conducted at the request and under the direction of a police officer or a safety inspector, upon completion of an inspection the inspection station shall furnish the vehicle owner or operator a copy of the summary list specified in the paragraph above, in a form approved by the director. The list shall specify vehicle identifying information, vehicle mileage, and equipment inspected, and, if the vehicle is rejected, the reason for rejection. The inspection station shall keep a duplicate copy of this list as evidence that the inspection was properly conducted.

3 Transitional Provisions. The commissioner of safety, with the approval of the legislative fiscal committee and governor and council, is authorized to transfer from highway funds not otherwise appropriated, such sums as may be necessary for the purchase of new inspection decals to implement the provisions of this act.

4 Effective Date. This act shall take effect 60 days after its passage.

Reps. Newman and Daniel Eaton spoke against the amendment and yielded to questions.

Reps. Sloan and Pearson spoke in favor of the amendment and yielded to questions.

Rep. Arthur Locke spoke against the amendment.

Rep. Irvin Gordon spoke in favor of the amendment.

A roll call was requested. Sufficiently seconded.

HB 626-FN, to provide for vending services for the blind on toll roads.
Inexpedient to Legislate.

HB 284, relative to the Winnepesaukee river flood protection project and making an appropriation therefor. Ought to Pass with Amendment.

Committee vote 22-1 favoring the New Hampshire Water Resources Board to proceed, with a clear understanding with appropriate state bodies to qualify, with the Army Corps of Engineers to provide flood control protection on the Winnepesaukee River. This is only an intent to match federal funds and will not be initiated until presented to additional state bodies in 1986. Rep. James J. White for Public Works.

Amendment

Amend section 4 of the bill by striking out same and inserting in place thereof the following:

4 Authorization. The water resources board is authorized to retain any money surplus from the project in section 1 of this act to provide a maintenance program for the project.

5 Effective Date. This act shall take effect 60 days after its passage.

HB 441-FN, relative to simulcast racing. Ought to Pass with Amendment. The Committee voted unanimously (16-0) for this bill, as amended, because it allows our tracks to be competitive with our neighboring state, will increase attendance and resulting state revenues. The Committee recommends a short trial period for simulcasting without live racing to see if it is cost effective for both the tracks and the state. Rep. Dale Thompson for Regulated Revenues.

Amendment

Amend section 5 of the bill by striking out same and inserting in place thereof the following:

5 Wagering on Simulcast Races. Amend the introductory paragraph of RSA 284:22 as inserted by 1957, 122:1 as amended by striking out said paragraph and inserting in place thereof the following:

During the calendar years of 1941 - 1991, a licensee under this chapter may sell pari-mutuel pools in accordance with rules adopted by the commission. Pari-mutuel pools shall be sold within the enclosure of the race track where a licensed race or race meet is held, and not elsewhere, except as provided in this paragraph. Pari-mutuel pools may also be sold by licensees on races held at other appropriately licensed racetracks, within or without the state of New Hampshire, if such sales are within the enclosure of a race track which holds a license for the current year to conduct racing within this state, and if wagers are made on races which are exhibited by television or other means of electronic reproduction at the licensee's track simultaneously with the conduct of each such race at its point of origin. Racing officials, as defined in rules adopted by the commission; any employee or owner of the entity supplying the track's totalizators; and any person responsible for the operation of the electronic reproduction equipment which receives the simulcast shall be prohibited from participating in wagering, directly or indirectly, on simulcast races exhibited at the licensee's track. The

restrictions of RSA 284:17-c shall not apply to pari-mutuel wagering on races which are simulcast by television or other means of electronic reproduction under this section. The type of live racing approved at the licensee's track under RSA 284:17 shall limit the type of racing which may be simulcast. The licensee shall have received city or town approval under RSA 284:17 to conduct live races before that type of racing may be simulcast. A licensee may simulcast races only on days on which live racing is conducted at the licensee's race track. RSA 284:23 shall apply according to the type of race on which the wagers are made, whether live or simulcast. The provision for purses made in paragraph I of this section shall not apply to simulcast races. The commission on simulcast race pools shall be available to the simulcasting licensee to satisfy obligations to the racing association originating such simulcast races or to the horsemen's group of such association.

Amend the bill by striking out section 7 and inserting in place thereof the following:

7 Temporary Authorization for Simulcasting Without Live Racing. Notwithstanding RSA 284:22, the pari-mutuel commission may approve up to a total of 10 days during the period of time from the effective date of this act to June 30, 1986, on which simulcast racing may be shown at a licensee's track on days on which live racing is not being conducted at the licensee's race track.

8 Repeal. Section 7 of this act is hereby repealed.

9 Effective Date.

I. Section 8 of this act shall take effect June 30, 1986.

II. The remainder of this act shall take effect upon its passage.

Rep. Nancy Ford moved that the words, Inexpedient to Legislate, be substituted for the report of the Committee, Ought to Pass with Amendment, and spoke to her motion.

Rep. Thompson spoke against the motion, yielded to questions and yielded to Rep. Rounds who yielded to questions.

Rep. Kenneth MacDonald spoke against the motion.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

A roll call was requested. Sufficiently seconded.

Question now being on the Committee amendment.

Amendment adopted.

Referred to Appropriations.

HB 92, relative to suspension of an operator's license for nonpayment of parking fines. Refer for Interim Study.

The Committee spent time on this bill earlier and accepted it back for further study. The Committee has done more research on it and has considered many angles. It still seems that the problem addressed can and should be controlled locally. Vote 12-0. Rep. Irvin H. Gordon for Transportation.

Rep. Newman moved that the words, Ought to Pass, be substituted for the report of the Committee, Refer for Interim Study, and spoke to his motion.

Rep. Irvin Gordon spoke against the motion and yielded to questions.

Rep. Newman requested a division.

75 members having voted in the affirmative and 244 in the negative, the motion lost.

Referred for Interim Study.

HB 112-FN, relative to sunset review of port authority. Ought to Pass.

The Committee spent a considerable amount of time studying the Port Authority. It was concluded that the Port Authority was an efficient and well run agency. Despite a small staff the Port Authority has fulfilled its obligation of overseeing port operations while carrying out initiatives in expanding marketing and the establishment of new Foreign Trade Zones in New Hampshire. Economically, the Port

Authority has recently begun operating at a profit. Further, the multiplier effect from the Port's operations are a significant factor in the State's economy. The Committee recommends continued support for this effective state agency. Vote 12-0. Rep. Stephen Sloan for Transportation.

Rep. Labombarde offered an amendment.

Amendment

Amend the bill by striking out all after section 2 and inserting in place thereof the following:

3 Rulemaking. Amend RSA 271-A:4 (supp) as inserted by 1957, 262:1 as amended by striking out said section and inserting in place thereof the following:

271-A:4 Rulemaking. The authority may adopt rules, pursuant to RSA 541-A, relative to port captains, pilots and pilotage, harbors and harbor masters, and the harbors of the state as it deems proper. The authority shall, in accordance with RSA 541-A, set the fees for moorings and pilotage, and a table of such fees shall be attached to the commission of each pilot.

4 Current Fees to Remain in Force. The fees in force on the effective date of this act shall continue in effect until changed by the authority.

5 Effective Date. This act shall take effect upon its passage.

The Clerk read the amendment.

Rep. Labombarde explained the amendment.

Rep. Irvin Gordon spoke in favor of the amendment and yielded to questions.

Amendment adopted.

Ordered to third reading.

Rep. Rounds moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, March 27 at 1:00 p.m.

Adopted.

2 Operating Boats Under Influence.
Amend RSA 631:5 as inserted by

This amendment corrects the numbering error in RSA 270:49 as inserted by section one of the bill by changing the roman numerals "IV" and "V" to "III" and "IV," respectively, and corrects the amending language for section 2 of the bill.

Amendment adopted.

The Speaker called for the Special Order.

HB 256-FN, permitting the propagation and sale of ferrets for pets. Inexpedient to Legislate.

The majority of the Committee felt that allowing the importation of even the European ferret, which has been relatively domesticated for many years,

would be unwise. If they escaped into the wild there would be a possibility of rabies infection. There is no preventive rabies serum approved for use with ferrets and, as far as the Committee can find, no veterinarian would be willing to inoculate a ferret. The Committee sympathizes with the difficulty the people who testified in favor of this legislation found in securing permission from the Fish and Game Department to have a pet ferret. Vote 11-6. Rep. Elizabeth A. Greene for Environment and Agriculture.

Rep. Burdick moved that the words, Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Reps. Donovan and Elizabeth Greene spoke against the motion.

Rep. Chretien spoke in favor of the motion.

Motion lost.

Resolution adopted.

Rep. Rounds moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 342 was removed at the request of Rep. Crory.

HR 24 was removed at the request of Rep. Schwaner.

Adopted.

COMMITTEE REPORTS (Consent Calendar)

HB 39-FN, providing for the reconstruction of a section of Prescott Road in the town of Raymond and making an appropriation therefor. Ought to Pass with Amendment.

This bill with the amendment will correct a situation created by construction of Route 101. Vote 19-0. Rep. Paul I. LaMott for Appropriations.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Appropriation. There is hereby appropriated the sum of \$45,000 to the department of public works and highways for the biennium ending June 30, 1987, for the reconstruction of approximately 0.3 mile of Prescott Road north of route 101 to New Hampshire Route 27, in the town of Raymond. Any right-of-way acquisition shall be kept within the limits of money available in this appropriation. This appropriation shall be a charge against the highway fund.

HB 311, relative to the legislative dam management review committee and the acquisition of Black reservoir dam and water rights. Ought to Pass.

Recommendations of the Legislative Dam Management Review Committee include review of state-owned dams, acquisition of Black Reservoir and water rights and criteria for acquisition of private dams. Vote 13-0. Rep. Paul I. LaMott for Appropriations.

HB 393-FN, relative to the water supply and pollution control commission and making an appropriation therefor. Ought to Pass. Fee increases will allow for additional personnel for plan approval and inspection of land development septic systems. Vote 16-0. Rep. Paul I. LaMott for Appropriations.

HB 427-FN, increasing the per diem for members of the public employee labor relations board. Ought to Pass.

This increases the allowance for this five person quasi-judicial board from \$25 to \$50 per diem. Vote 15-1. Rep. Margaret A. Ramsay for Appropriations.

HB 429-FN, appropriating funds for participation in the federal groundwater mapping program. Ought to Pass with Amendment.

This program will address the groundwater resource information need of all New Hampshire communities, conferring benefit to the general population of the state. Amendment changes effective date. Vote 16-0. Rep. Paul I. LaMott for Appropriations.

Amendment

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Effective Date. This act shall take effect upon its passage.

HB 451-FN, relative to fees charged by the wetlands board and making an appropriation for dam inspection. Ought to Pass.

A certain part of each fee will go to payment of the per diem and expense of board members engaged in wetland board activities. Remainder goes to review board fund and for dam inspection. Vote 16-0. Rep. Lee Anne Steiner for Appropriations.

SB 6-FN, making a supplemental appropriation to the real estate commission. Ought to Pass.

This bill appropriates \$65,405.50 for making payments to provide testing of applicants for the biennium ending June 30, 1985. The applicants pay a fee for these services. Vote 19-0. Rep. Rowland H. Schmidtchen for Appropriations.

HB 434-FN, relative to missing children and making an appropriation therefor. Ought to Pass with Amendment.

This bill establishes uniform procedures for investigating reports of missing children. The bill also requires the Department of Education to establish a model missing child education and model "optional" fingerprinting program, both will be made available to school districts which they may adopt. The Committee believes this legislation will aid law enforcement and is needed as it is a small step toward dealing with this important problem. Vote 16-0. Rep. Rick Newman for Children, Youth and Elderly Affairs.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Manual; Missing Child Cases. Amend RSA 7:6-a (supp) as inserted by 1957, 205:1 as amended by striking out said section and inserting in place thereof the following:

7:6-a Law Enforcement Manual. Under the direction of the attorney general there shall be prepared and distributed from time to time a law enforcement manual, with revisions and supplements. This manual shall contain interpretations of law pertaining to the duties of peace officers, law of arrest, admissibility of evidence, trial procedure, instructions in the handling of missing child cases, and such other material as the attorney general deems necessary. This manual and its revisions and supplements shall be for distribution to such law enforcement officials as the attorney general may determine upon the payment of such price therefor as determined by the attorney general, and in addition at no charge one copy to each member of the general court requesting the same and 6 copies to the office of legislative services.

2 Attorney General; Missing Child Bulletin. Amend RSA 7 by inserting after section 10 the following new section:

7:10-a Missing Child Bulletin.

I. The department of safety, under the direction of the attorney general, shall prepare a periodic information bulletin concerning missing children who may be present in this state, from information contained in the national crime information center computer. The bulletin shall indicate the names and addresses of those minors who are the subject of missing children cases and other information that he considers appropriate.

II. The department of safety shall send a copy of each periodic bulletin prepared pursuant to this section to each law enforcement agency in this state. The department shall provide a copy of the bulletin, upon request, to other persons or entities. The department may establish a reasonable fee for a copy of a bulletin provided to persons or entities other than law enforcement agencies in this or other states or of the federal government, governmental entities of this state, and libraries in this state.

3 New Chapter; Missing Children. Amend RSA by inserting after chapter 169-D the following new chapter:

CHAPTER 169-E MISSING CHILDREN

169-E:1 Definition. For the purposes of this chapter "missing child" means any person under the age of 16 years missing from his normal and ordinary place of residence and whose whereabouts cannot be determined by a person responsible for the child's care.

169-E:2 Report. When a law enforcement agency in this state that has jurisdiction in the matter is informed that a minor is or may be a missing child and that the person

providing the information wishes to file a missing child report, the law enforcement agency shall take that report from the child's parents, custodial parent, guardian, legal custodian or any other person responsible for the missing child. Upon taking the report, the law enforcement agency shall take reasonable and appropriate action to locate the missing child. No law enforcement agency in this state shall have a rule or policy that prohibits or discourages the filing of or the taking of action upon a missing child report, within a specified period following the discovery or formulation of a belief that a minor is or could be a missing child.

169-E:3 Procedure.

I. If a missing child report is made to a law enforcement agency in this state that has jurisdiction in the matter, the law enforcement agency shall gather readily available information about the missing child and integrate it into the national crime information center computer within 12 hours following the making of the report, unless extraordinary circumstances cause a delay. The law enforcement agency shall make reasonable efforts to acquire additional information about the missing child following the transmittal of the initially available information, and promptly integrate any additional information acquired into such computer system.

II. The parents, custodial parent, guardian, legal custodian, or other person responsible for the missing child shall provide available information upon request, and may provide information voluntarily, to the law enforcement agency during the information gathering process. The law enforcement agency also may obtain available information about the missing child from other persons, subject to constitutional and statutory limitations.

III. Upon the filing of a missing child report, the law enforcement agency involved promptly shall make a reasonable attempt to notify other law enforcement agencies within its county and, if the agency has jurisdiction in a city, town, or unorganized or unincorporated place that borders another county, to notify the law enforcement agency for the city, town, or unorganized or unincorporated place in the other county with which it shares the border, that it has taken a missing child report and may be requesting assistance or cooperation in the case, and provide relevant information to the other law enforcement agencies. The agency may notify additional law enforcement agencies and appropriate county providers of human services exercising children services functions, about the case, request their assistance or cooperation in the case, and provide them with relevant information.

IV. Upon request from a law enforcement agency, a county provider of human services exercising children services functions shall grant the law enforcement agency access to all information concerning a missing child that the provider possesses that may be relevant to the law enforcement agency in investigating a missing child report concerning that child. The

information obtained by the law enforcement agency shall only be used to further the investigation to locate the missing child.

169-E:4 Cooperation With Other Agencies.

I. Upon request, law enforcement agencies in this state shall cooperate with other law enforcement agencies in their investigations of missing child cases.

II. The information in any missing child report made to a law enforcement agency shall be made available, upon request, to law enforcement personnel of this state, other states, and the federal government when the law enforcement personnel indicate that the request is to aid in identifying or locating a missing child or the possible identification of a deceased minor who, upon discovery, cannot be identified.

169-E:5 Dental Records. When a missing child has not been located within 30 days after the date on which his missing child report was filed with a law enforcement agency, that law enforcement agency shall request the missing child's parents, custodial parent, guardian, or legal custodian, or any other person responsible for the missing child, to provide written consent for the law enforcement agency to contact the missing child's dentist and request the missing child's dental records. Upon receipt of such written consent, the dentist shall release a copy of the missing child's dental records to the law enforcement agency and shall provide and encode the records in such form as requested by the law enforcement agency. The law enforcement agency shall then integrate information in the records into the national crime information center computer in order to compare the records to those of unidentified deceased persons. This section shall not prevent a law enforcement agency from seeking consent to obtain copies of a missing child's dental records, or prevent a missing child's parents, custodial parent, guardian, or legal custodian, or any other person responsible for the missing child, from granting consent for the release of copies of the missing child's dental records to a law enforcement agency, at any time.

169-E:6 Recovery of Child. A missing child's parents, custodial parent, guardian, or legal custodian, or any other person responsible for a missing child, shall immediately notify the law enforcement agency with which they filed the missing child report whenever the child has returned to their home or to their care, custody, and control, has been released if he was the victim of an offense under RSA 633, or has otherwise been located. Upon such notification or upon otherwise learning that a missing child has returned to the home of, or to the care, custody, and control of his parents, custodial parent, guardian, or legal custodian, or other person responsible for him, or has been released if he was the victim of an offense under RSA 633, or otherwise has been located, the law enforcement agency involved shall promptly integrate the fact that the minor is no longer a missing child into the national crime information center computer.

169-E:7 Cooperation With United States Attorney General. Law enforcement agencies

in this state shall cooperate fully with the United States Attorney General in the collection of information that would assist in the identification of unidentified deceased persons and information that would assist in the location of missing persons under the "Federal Missing Children Act of 1982," 28 U.S.C.A. 534, as amended. Law enforcement agencies in this state that are investigating missing children cases shall utilize the records and information compiled by the United States Attorney General pursuant to that act when the circumstances of an investigation indicate that the records and information may be of assistance and when the act authorizes it.

4 New Duty; Missing Child Education Program. Amend RSA 186:11 by inserting after paragraph XXXIII the following new paragraph:

XXXIV. MISSING CHILD EDUCATION PROGRAM. Administer the missing child education program as established in RSA 193:31.

5 New Subdivision; Fingerprinting Students. Amend RSA 189 by inserting after section 49 the following new section:
189:49-a Fingerprinting Program.

I. The state board of education in conjunction with the department of safety shall adopt a model fingerprinting program which shall be made available to the board of education of each school district in the state. The state board of education shall encourage each school district to adopt this program in the interest of uniformity throughout the state.

II. If the school district adopts the fingerprinting program it shall be for the sole purpose of providing a means by which a missing child might be located or identified and shall be operated on the following basis:

(a) No student shall be required to participate in the program.

(b) In order for a student to participate in the program, the parents, custodial parent, guardian, legal custodian, or other person responsible for the student shall authorize the student's participation by signing a form that shall be developed by the board of education or by the principal or chief administrative officer of the nonpublic school for the program.

(c) All fingerprint cards shall be given to the parents, custodial parent, guardian, legal custodian, or other person responsible for a student after the fingerprinting of the student. A copy of a fingerprint card may be retained by a school or school district, if written permission is given by the student's parent, guardian, or legal custodian. The student, upon reaching the age of 18, or the parent at any time, shall have the right to have the card returned to him and no copy shall be retained by the school or school district.

(d) The name, sex, hair and eye color, height, weight, and date and place of birth of the student and other information may be indicated on the fingerprint sheet or card.

III. Fingerprints obtained pursuant to this section, or any medical, psychological, guidance, counseling, or other information that is derived from the

use of the fingerprints, shall not be admissible as evidence against the minor who is the subject of the fingerprints in any proceeding in any court, and shall not be used against the minor after the minor reaches the age of majority.

IV. A principal or chief administrative officer of a public school, or any employee of a public school who is authorized to handle school records, shall provide access to the relevant records of a student to a law enforcement officer who indicates that he is conducting an investigation and that the student is or may be a missing child. Copies of information in the relevant records of a student shall be provided, upon request, to the law enforcement officer, if prior approval is given by the student's parent, guardian, or legal custodian. Information obtained by the officer shall be used solely in the investigation of the case. The information may be used by law enforcement agency personnel in any manner that is appropriate to solving the case, including, but not limited to, providing the information to other law enforcement officers and agencies and to the office of the attorney general, division of criminal justice, for purposes of computer integration pursuant to RSA 7:10-a.

6 Missing Child Education Program.
Amend RSA 193 by inserting after section 30 the following new subdivision:

Missing Child Education Program

193:31 Program Established; Rules. The department of education, in cooperation with the division for children and youth services, shall establish the "missing child educational program" that shall perform the functions specified in this subdivision. The program shall operate under the supervision and control of the commissioner of education in accordance with procedures that the commissioner shall adopt by rule, pursuant to RSA 541-A, to implement this subdivision.

193:32 Educational Materials.

I. The program shall acquire or prepare educational materials relating to missing children issues and matters. These issues and matters include, but are not limited to, the following:

- (a) The types of missing children.
- (b) The reasons why and how minors become missing children, the potential adverse consequences of a minor becoming a missing child, and, in the case of minors who are considering running away from home or from the care, custody, and control of their parents, custodial parent, guardian, legal custodian, or another person responsible for them, alternatives that may be available to address their concerns and problems.
- (c) How to avoid becoming a missing child and what to do if one becomes a missing child.
- (d) Efforts that schools, parents, and members of a community can undertake to reduce the risk that a minor will become a missing child and to quickly locate or identify a minor if he becomes a

missing child, including, but not limited to, fingerprinting programs.

II. The program shall provide, upon request, a reasonable number of copies of the educational materials acquired or prepared pursuant to paragraph I to boards of education in this state and to nonpublic schools in this state. The program shall provide assistance, upon request, to a board of education or nonpublic school that is developing an educational program concerning missing children issues and matters.

III. The program shall provide, upon request and subject to paragraph IV, a copy of any educational material to another person or entity.

193:33 Report. Each year the program shall issue a report describing its performance of the functions specified in this subdivision and shall provide a copy of the report to the speaker of the house of representatives, the president of the senate, the governor, the attorney general, and the director of the division for children and youth services.

7 Duties; Informational Materials.
Amend RSA 170-G:4 by inserting after paragraph XIII the following new paragraph:

XIV. To prepare and distribute the informational bulletin and materials as required under RSA 170-G:9 and 10.

8 Informational Materials. Amend RSA 170-G by inserting after section 8 the following new sections:

170-G:9 Informational Materials.

I. The division shall acquire or prepare informational materials relating to missing children issues and matters. These issues and matters include, but are not limited to, the following:

- (a) Offenses under federal law that could relate to missing children and other provisions of federal law that focus on missing children.
- (b) Statutory offenses that could relate to missing children, including, but not limited to, kidnapping, unlawful restraint, child stealing, interference with custody, endangering the welfare of a child, domestic violence, abuse of a child, neglect, delinquency of a child, sexual offenses, drug offenses, prostitution offenses, obscenity offenses, and other provision of law that could relate to missing children.
- (c) Legislation being considered by the general court, legislatures of other states, the Congress of the United States, and political subdivisions in this and other states to address missing children issues.
- (d) Sources of information on missing children issues.
- (e) State, local, federal, and private systems for locating and identifying missing children.
- (f) Law enforcement agency programs, responsibilities, and investigative techniques in missing children matters.
- (g) Efforts on the community level in this and other states, concerning missing children issues and matters, by governmental entities and private organizations.

(h) The identification of private organizations that, among their primary objectives, address missing children issues and matters, and any toll free numbers offered by these organizations.

II. The division shall provide, upon request and subject to paragraph IV, a copy of any informational material to another person or entity.

III. The director shall by rule establish a reasonable fee for a copy of any informational material acquired or prepared pursuant to paragraph I, to be provided to a person or entity other than a law enforcement agency in this or other states or of the federal government, a board of education of a school district in this state, a nonpublic school in this state, a governmental entity in this state, or a library in this state. The fee shall be collected by the division prior to sending or giving any informational material to such a person or entity. Fees collected pursuant to this paragraph shall be deposited monthly in the general fund.

IV. Each year the division shall issue a report describing its performance of the functions specified in this section and shall provide a copy of the report to the speaker of the house of representatives, the president of the senate, the governor, the attorney general, and the commissioner of education.

9 Parent Locator Service. The division for children and youth services, shall enter into an agreement with the Secretary of Health and Human Services, as authorized by the "Parental Kidnapping Prevention Act of 1980," 42 U.S.C. 663, as amended, under which the services of the parent locator service established pursuant to title IV-D of the "Social Security Act," 42 U.S.C. 301, as amended, shall be made available to this state for the purpose of determining the whereabouts of any absent parent or child in order to enforce a law with respect to the unlawful taking or restraint of a child, or to make or enforce a child custody determination.

10 Appropriation.

I. The sum of \$20,000 is hereby appropriated for the biennium ending June 30, 1987, to the department of education for the purposes of funding the missing child education program as established by this act. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

II. The sum of \$30,000 is hereby appropriated for the biennium ending June 30, 1987, to the division for children and youth services for the purposes of preparing and distributing the informational bulletin and materials required by RSA 170-G:9 and 10. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

III. Federal Funds. The division for children and youth services may apply for and accept any federal funds which may be available for the purposes of this act.

12 Effective Date. This act shall take effect July 1, 1985.

Referred to Appropriations.

HB 495, eliminating depositions in criminal cases of children under age 13 except in certain cases. Ought to Pass with Amendment.

The Committee is strongly in favor of eliminating depositions in criminal cases of children 16 years of age and under. There are provisions in the bill for depositions in certain cases. This bill protects children from becoming victims in the legal system. Vote 15-1. Rep. Mary Jane Wallner for Children, Youth and Elderly Affairs.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

eliminating depositions in criminal cases of children 16 years of age and under except in certain cases.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Depositions; Criminal Cases. Amend RSA 517:13 as amended by striking out said section and inserting in place thereof the following:

517:13 Taking; When Permitted. The respondent in a criminal case may take the deposition of any person 17 years of age or older in his defense, upon giving the same notice of the caption thereof to the county attorney that is required to be given to the adverse party in a civil case. Any deposition so taken may be used on the trial of the case whenever, in the discretion of the court, the use thereof shall be deemed necessary for the promotion of justice.

517:13-a Children 16 Years of Age and Under. Depositions of children 16 years of age and under shall not be permitted in criminal cases except by mutual agreement of the parties, by order of the court in exceptional circumstances, or to preserve testimony which might otherwise be lost because of the unavailability of the witness. When the court makes such an order it shall state the exceptional circumstances as part of its order for the taking of the depositions.

2 Effective Date. This act shall take effect January 1, 1986.

HB 595, relative to missing child police reports. Inexpedient to Legislate.

While the Committee agrees with the reasons behind HB 595, it feels that it has been fully covered in other legislation. Vote 16-0. Rep. Pamela B. Bean for Children, Youth and Elderly Affairs.

HB 278, prohibiting vendors of certain goods and services from requiring purchasers to sign blank credit slips. Ought to Pass. The Committee voted overwhelmingly (13-1) for this bill because members felt that consumers should not be denied

goods and services solely because some vendors require the purchaser to sign a blank credit card. Rep. A. Leslie Burns for Commerce, Small Business and Consumer Affairs.

HB 316, relative to real estate brokers' bonds. Refer for Interim Study. The Committee sympathized with the sponsor's intent. However, after discussion and review it was felt that this legislation could be refined and Interim Study would produce a bill which would better address the problem. Vote 16-0. Rep. Bonnie B. Packard for Commerce, Small Business and Consumer Affairs.

HB 338-FN, establishing the office of utility consumer advocate and making an appropriation therefor. Inexpedient to Legislate.

The Subcommittee was unable to produce a redefinition of the consumer advocate which was satisfactory to the whole Committee. Vote 14-1. Rep. Eugene E. Pantzer for Commerce, Small Business and Consumer Affairs.

HB 367, relative to nonwaiver of the warranties of merchantability and fitness for a particular purpose. Inexpedient to Legislate.

This bill would eliminate "as is" sales and close purchasing options to consumers. Evidence and information presented by the Consumer Protection Division of the Attorney General's Office indicated few complaints regarding waiver of warranties and the Committee saw no compelling need for this legislation. Vote 15-0. Rep. George F. Disnard for Commerce, Small Business and Consumer Affairs.

HB 482-FN, relative to telecommunication services for the deaf, hearing impaired, and speech impaired and making an appropriation therefor. Ought to Pass with Amendment.

The majority of the Committee feels that this program will be very worthwhile and will go a long way towards obtaining the overall funding for a comprehensive statewide program and would provide a good vehicle for publicizing the availability of these pieces of equipment and the plight of the severely hearing impaired. Vote 13-1. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Telecommunications Equipment Plan. Amend RSA 200-C by inserting after section 5 the following new subdivision:

Telecommunications Equipment Program
200-C:6 Telecommunications Equipment Program.

I. The director, division of vocational rehabilitation, shall develop a

program to make special telecommunications equipment available to deaf, hearing impaired, and speech impaired persons. The program shall provide for the purchase, maintenance and repair of special telecommunications equipment for deaf, hearing impaired, and speech impaired persons. Any equipment purchased under the program shall be property of the state of New Hampshire.

II. The program established under paragraph I shall include specific criteria that will govern the priorities assigned to various persons who require special telecommunications equipment. Persons who are profoundly deaf or speech impaired so that they cannot use the telephone for expressive or receptive communications, as verified by a written report from an otologist, audiologist or physician, shall be eligible for equipment under the program.
200-C:7 Equipment Fund Established.

I. A telecommunications equipment fund is hereby established. The fund shall be administered by the director, division of vocational rehabilitation, department of education and shall be used for the purchase, maintenance, and repair of special telecommunications equipment for the deaf, hearing impaired and speech impaired. The director shall make expenditures from the fund in accordance with the telecommunication equipment program established under RSA 200-C:6; provided that the director shall expend all other available funds before making expenditures from the telecommunications fund.

II. The state treasurer shall establish a separate nonlapsing account to be known as the telecommunications equipment fund. The moneys in this fund are hereby continually appropriated to the director of vocational rehabilitation to be expended for the purposes of this subdivision.

200-C:8 Rulemaking Authority. The director of vocational rehabilitation shall adopt rules, under RSA 541-A, relative to:

1. Administration of the telecommunications equipment fund, including procedures for disbursement of moneys from the program.

II. Eligibility criteria for equipment under the program, including priority criteria assigned to persons seeking equipment under the program.

III. Procedures for the purchase, maintenance and repair of special telecommunications equipment.

2 Appropriation. The sum of \$40,000 for the fiscal year ending June 30, 1986, and the sum of \$40,000 for the fiscal year ending June 30, 1987, are hereby appropriated to the telecommunication equipment fund established by section one of this act. The governor shall draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect July 1, 1985.

Referred to Appropriations.

HB 529, for the protection of depositors. Inexpedient to Legislate. This bill was considered to be in conflict with anti-trust and restraint

of trade laws. Vote 16-0. Rep. Eric N. Lindblade for Commerce, Small Business and Consumer Affairs.

HB 530, extending the time for perfecting a mechanics lien until after final payment becomes due. Inexpedient to Legislate.

This legislation would change one section of the current Chapter of the Mechanics' Lien Law. To change only the section concerning duration of lien caused several problems not anticipated by the sponsor. Study will continue by representatives of the construction industry and the sponsor. Vote 14-0. Rep. Elizabeth L. Crory for Commerce, Small Business and Consumer Affairs.

HB 571, requiring a life insurance company to pay interest on a claim under an insurance policy after it is due and payable for 30 days. Ought to Pass with Amendment. This is a very good consumer bill. It provides that an insurer shall pay interest on life insurance death benefits when such insurer fails or refuses to pay the proceeds of any policy within 30 days after the date of death of the decedent. Vote 14-2. Rep. Lawrence J. Guay for Commerce, Small Business and Consumer Affairs.

Amendment

Amend RSA 408:10-a, I as inserted by section one of the bill by striking out same and inserting in place thereof the following:

I. Notwithstanding any other provision of law, any life insurance company doing business in this state which fails or refuses to pay the proceeds of, or payments under, any policy of life insurance issued by it within 30 days after the date of death of the insured shall pay interest, at a rate of interest currently paid by the insurer on proceeds left under the interest settlement option, computed from the date of the insured's death, on any moneys payable and unpaid after the expiration of such 30 day period. This section shall apply only to deaths of insureds which occur on or after January 1, 1986.

HB 587, relative to motor vehicle warranties. Ought to Pass.

The Committee felt protection under this law should be extended to cover this class of vehicle for the group of consumers and dealers. Vote 13-0. Rep. Patricia H. Foss for Commerce, Small Business and Consumer Affairs.

HB 605, relative to approval of deviations from rating organization filings and regulating the issuance of certificates of insurance. Ought to Pass.

This bill provides that issuance or delivery of certificates of insurance constitutes a transaction of insurance business. This bill also allows tiled deviations to be effective until withdrawn or amended. Currently, deviations are effective for one year

unless terminated sooner. Vote 13-0. Rep. Harold W. Burns for Commerce, Small Business and Consumer Affairs.

HB 71, prohibiting persons from running as candidates on more than one party ticket in state primary and general elections. Ought to Pass with Amendment.

This bill is a compromise measure. The Committee felt that the original bill, which would have prohibited a candidate from accepting any write-ins of the opposite party, placed undue restraints on the candidate and the voters. The amended version which increased the number of votes needed to accept a nomination, establishes a broader sense of the voters. Vote 7-2. Rep. Mary J. Shriver for Constitutional and Statutory Revision.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

increasing the number of write-in votes needed for nomination for office.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Increasing Write-In Votes Required. Amend RSA 659:88 (supp) as inserted by 1979, 436:1 as amended by striking out said section and inserting in place thereof the following:

659:88 Write-In Votes and Nomination. A person whose name was not printed on the official state primary election ballot of a political party shall not be entitled to the nomination of that party for any office unless he received 25 write-in votes or write-in votes equaling 25 percent or more of the total votes cast for that party on such state primary election ballot, whichever is the smaller. If a person is disqualified from a nomination in accordance with this provision, then the nomination shall be awarded to the person whose name was printed upon the state primary election ballot of the party and who received the highest number of votes.

2 Effective Date. This act shall take effect 60 days after its passage.

HB 177, relative to the time for holding city elections. Inexpedient to Legislate.

The Committee feels that any problem concerning the scheduling of city elections ought to be solved at the local level. Vote 10-0. Rep. Carol H. Holden for Constitutional and Statutory Revision.

HB 114-FN, relative to sunset review of vocational rehabilitation education programs. Ought to Pass with Amendment. This bill exemplifies the positive results the Sunset review process can produce. The intensive Subcommittee

review of the Special Education section of Vocational Rehabilitation, with all interested parties involved including state, regional, and local administrators and teachers, resulted in this forward-looking bill. All participating parties agreed HB 114, as amended, represents significant progress towards improving the delivery of special education programs to New Hampshire's educationally handicapped students. Vote 16-0. Rep. Wayne M. Burton for Education.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Amend RSA 186-C:3 (supp) as inserted by 1981, 352:2 by striking out said section and inserting in place thereof the following: 186-C:3 Special Education Bureau.

I. There is hereby established a special education bureau in the division of instructional services, department of education. The department shall appoint and assign such personnel or contract for services as may be necessary for proper operation of the bureau. The duties of the special education bureau shall be fully coordinated and integrated with the department's general curriculum and instruction activities.

II. The special education bureau shall include a research and demonstration unit. The unit shall study critical issues and problems facing teachers, local district administrators, department officials, and elected policy makers concerning the special education and development and propose practical solutions to those problems.

186-C:3-a Duties. The special education bureau shall provide leadership in the area of the education of educationally handicapped students and shall promote the interests of special education in New Hampshire. The department shall ensure that the bureau's regulatory responsibilities and need for technical assistance are given equal consideration in planning department activities and expenditures. The special education bureau shall be responsible for the following:

I. Research, planning, and program development and the development, implementation, and evaluation of statewide special education policies, standards, and programs. In carrying out this mission the bureau shall gather and collect data and organize and analyze information about programs, conditions, and trends in special education in the state. In addition, the bureau shall be responsible for monitoring and maintaining information about national and regional trends, initiatives, and issues affecting special education in New Hampshire.

II. Providing technical assistance and information to the school districts so that the districts may effectively and efficiently implement state and federal special education policies and programs. Whenever technical assistance of a specialized nature, beyond that available in the department, is required, the bureau shall identify sources of such assistance in

other state agencies, the federal government, volunteer services, or the private sector. Further, the bureau shall develop creative and innovative methods for coordinating and arranging for such specialized technical assistance to achieve the highest degree of effective educational programming and teaching techniques.

III. Administration of federal and state funding programs for special education assigned to the bureau by law. The bureau shall also make recommendations to the state board regarding management systems, standard definitions, and procedures in order to provide uniform reporting of special education services and expenditures by school districts and school administrative units.

IV. Monitoring the operations of local school districts to ensure that they comply with state and federal laws regarding the education of educationally handicapped students. The bureau's regulatory program shall be structured and implemented in such a manner so as not to place an excessive administrative burden on local districts. The bureau and districts shall approach monitoring and regulation in a constructive, cooperative manner with a goal of improving special education in New Hampshire.

4 Amend RSA 186-C:4 (supp) as inserted by 1981, 352:2 by striking out said section and inserting in place thereof the following: 186-C:4 Comprehensive State Special Education Plan.

I. The department shall, by October 1, 1987, and every 6 years thereafter, publish a written comprehensive 6-year plan for the education of handicapped students in New Hampshire.

II. The department shall continually review this plan and publish a revision every 2 years. On or before December 1 of each even numbered year, the department shall review the plan with the standing committees of the house and senate having jurisdiction over matters relating to special education.

III. The comprehensive plan shall include:

(a) A well documented and statistically supported analysis of statewide needs and trends regarding the education of educationally handicapped students. This analysis shall clearly document the relative intensity of statewide special educational needs on either a regional or district basis.

(b) A statement of long-term goals and short-term objectives for special education in New Hampshire and a projection of how the department's programs and operations are expected to effect these goals and objectives during the period covered by the plan.

(c) A statement of the measures which the department recommends be used to evaluate its performance in terms of its statement in subparagraph (b) for the period covered by the plan. In this regard, the department shall recommend realistic, quantifiable performance measures for each federal and state program which it operates. In subsequent revisions to the plan, the department shall use the established measures as a basis for

reporting its performance in this section of the plan.

(d) A statement of the department's informational needs and the degree to which current data bases and information systems meet those needs. This review shall also identify types of data received from districts which are redundant or outdated and should be deleted.

(e) An action plan summarizing the programs, strategies, and methods which the department plans to use in achieving its goals and objectives.

IV. The comprehensive plan shall serve as a basis for the department's budget requests regarding special education.

V. In developing the comprehensive state special education plan, the department shall consult with the local school districts, related state agencies, and other members of the state's educational community so as to properly perform its duties.

5 Coordination of Responsibilities; Interagency Agreement. Amend RSA 186-C:7 (supp) as inserted by 1981, 352:2 by striking out said section and inserting in place thereof the following:

186-C:7 Individual Education Plans.

I. The development of an individualized education plan for each educationally handicapped child shall be the responsibility of the school district in which the child resides or of the school district which bears financial responsibility for the child's education.

II. The parents or legal guardian of an educationally handicapped child have the right to participate in the development of the individualized education plan for the child and to appeal decisions of the school district regarding such child's individualized education plan as provided in rules adopted in accordance with RSA 541-A by the state board of education.

III. The special education unit of the department of education shall assist each school district in developing an approved program or programs for educating the educationally handicapped children of the district including the setting of approved rates for private providers of special education services.

186-C:7-a Interagency Agreement for Special Education.

I. The commissioner of education, with the approval of the state board of education, and the commissioner of health and human services shall enter into a comprehensive, cooperative special education agreement to ensure the provision of necessary services by their agencies to educationally handicapped children.

II. This agreement shall address programs and services for each appropriate category of educationally handicapped children.

III. For each category of educationally handicapped children, the agreement shall include:

(a) A definition of the specific population to be served.

(b) An identification and description of the services available through each agency.

(c) A description of the specific programmatic and financial responsibilities of each department.

(d) An estimate of the costs of, and source of funds for, all services to be provided by each department.

(e) A method for implementing and administering the agreement which shall include a procedure for settling disputes regarding its administration or the financial and programmatic responsibilities of each department.

(f) A procedure for monitoring the operation of the agreement and for revising it periodically as necessary.

IV. The commissioners of education and health and human services shall submit a copy of the initial interagency agreement for special education to the appropriate standing committees of each house of the general court on or before September 1, 1985. Any subsequent proposed amendments or revisions to the agreement shall be submitted to the appropriate standing committees of the house and senate.

6 Amend RSA 186-C:8 (supp) as inserted by 1981, 352:2 by striking out said section and inserting in place thereof the following:

186-C:8 Collaborative Programs.

I. School districts or school administrative units, or both, may enter into cooperative agreements in order to provide approved programs for educating educationally handicapped children in regional special education centers. The state board of education, when appropriate because of a low incidence of a handicapping condition, high cost of services, or scarcity of trained personnel, shall encourage such cooperative agreements and shall serve as a source of information, advice and guidance to school districts, school administrative units, or both.

II. The state board of education, together with representatives of neighboring states, shall study the feasibility of interstate agreements or interstate compacts for the provision of services to educationally handicapped students.

7 Management Information Task Force; Study.

I. The general court recognizes the importance of uniform, timely, and accurate information for future policy and decision making about special education in New Hampshire. Therefore, it is the intent of the general court that relevant data processing and information management systems be reviewed periodically to conserve expensive data processing resources and eliminate the maintenance of outdated and redundant data or data which is of marginal importance. It is further the intent of the general court that management information about finances and services needed by state agencies and local school districts and other interested parties be produced and made available in the most efficient and integrated manner possible.

II. There is hereby established the special education information task force which shall consist of 13 members: the chairman of the house committee on education or his designee; the chairman of the senate committee on education or his designee; one

local school board member appointed by the New Hampshire School Boards Association; the supervisor of computer and statistical services of the department of education; the head of the special education bureau of the department of education or his designee; one member of the New Hampshire Special Education Administrators Association appointed by the association; one special education teacher appointed by the New Hampshire Federation of the National Council for Exceptional Children; one local superintendent of schools appointed by the New Hampshire School Administrators Association; the director of policy and planning for the department of health and human services or his designee; the director of the division of informational services of the department of administrative services or his designee; the director of the office of state planning or his designee; a representative of the Parent Information Center; and the director of the division for children and youth services or his designee. The task force shall elect a chairman from among its members.

III. The first meeting of the task force shall be called within 30 days of the effective date of this act. The supervisor of computer and statistical services of the department of education shall make arrangements concerning the date, time, and location of the first meeting of the task force.

IV. The department of education shall provide the task force with such staff assistance and support as necessary for it to carry out its responsibilities under this section.

V. All state agencies and departments shall provide the task force with such information and assistance required by it to fulfill its responsibilities under this section. The task force and any department employee acting on its behalf shall maintain the confidentiality of any information which is protected by law.

VI. The task force shall conduct a study of immediate and long-range informational needs concerning special education. This study shall include:

- (a) An analysis of the department of education's existing data bases and information systems to:
 - (1) identify all of the types of data elements being maintained by the department in its various data bases;
 - (2) develop an itemized statement of those types of data elements which are mandated by the federal government;
 - (3) identify the official sources of all such data elements;
 - (4) determine the methods used and relative frequency with which data are collected and processed;
 - (5) determine the number of separate forms involved in the collection of data;
 - (6) conduct an inventory of external and internal reports currently being generated by the systems, and prepare a list of report uses.
- (b) Identification of data bases outside of the department which

maintain information related to special education.

(c) A list of the specific management inquiries which an integrated information system will be required to process.

VII. Based upon the information obtained through its review, the task force shall:

(a) Determine the relative usefulness of various types of data elements and reports and identify outdated and redundant data elements.

(b) Identify those state and federal reporting formats and schedules which may be modified to provide for more efficient collection and storage of essential data.

(c) Identify state and local agencies and any other organizations which are official sources of the information necessary for making decisions regarding special education.

(d) Identify those data elements and information which would be useful for making decisions regarding special education and which are currently not available; and identify practical, efficient solutions for collection of such data in the future.

VIII. The task force shall, on or before January 1, 1986, submit the results of its management information study to the state board of education and the standing committees of the house and senate having jurisdiction over matters relating to education. This written report shall include the following:

(a) A recommended plan and timetable for implementing an integrated management information system for collecting, processing and analyzing information, and for accessing and exchanging data and information with other users, including local school districts, the department of administrative services, and other state agencies. The plan shall include, but not be limited to, the following:

- (1) a statement of the means by which unnecessary data shall be purged from existing data bases;
- (2) a statement of the means by which data collection instruments shall be consolidated and refined to effect more efficient processing;
- (3) criteria to be used in determining whether data elements shall be retained by official sources or shared with the department of education or other agencies;
- (4) specific management inquiries essential for management of special education services in New Hampshire;
- (5) standardized definitions and procedures to be used in reporting special education expenditures and service levels.

(b) A section which lists specific recommendations for legislative action to ensure the timely and efficient flow of information between the department, school districts, and other state agencies.

IX. The task force report shall serve as the basis for that section of the

initial comprehensive state special education plan required by RSA 186-C:4, III(d).

8 Transfer. All of the functions, duties, powers, personnel, records, equipment and unexpended appropriations of the special education unit of the division of vocational rehabilitation, department of education, are hereby transferred to the special education bureau in the division of instructional services, department of education.

9 Interagency Agreements; Transition. All agreements between the commissioner of education and the commissioner of health and human services regarding services for educationally handicapped children in force as of the effective date of this act shall be amended to be consistent with the requirements of RSA 186-C:7-a, II and III, including a dispute resolution mechanism and provisions related to services for seriously emotionally disturbed children, by January 1, 1986.

10 Rate Setting Study Committee.

I. There is hereby established a special education rate setting study committee.

II. The study committee shall consist of 6 members appointed as follows: 3 members of the house committee on education appointed by the speaker of the house and 3 members of the senate education committee appointed by the president of the senate. The committee shall elect its own chairman.

III. The committee shall review the procedures used by the state to set rates to be charged by private providers of services to educationally handicapped children. This shall include a review of the manner in which the department of education has carried out its responsibilities to set these rates under RSA 186-C:7. In conducting its review, the committee shall familiarize itself with rate setting procedures being used by other departments, particularly the division of mental health and developmental services and the division for children and youth services of the department of health and human services.

IV. The committee shall issue its report, including any proposed legislation it deems necessary, to the presiding officers of the general court by January 1, 1986.

V. The department of education shall provide the committee with such information and technical assistance as is necessary to carry out its responsibilities. All state agencies and departments shall provide the committee with such information and assistance required by it to fulfill its responsibilities under this section.

11 Effective Date. This act shall take effect upon its passage.

Referred to Appropriations.

HB 346, establishing an instructional equipment special fund and making an appropriation therefor. Refer for Interim Study.

The intent and direction of this bill were confused by late developments and misunderstandings among intended participants. Interest is still high and further study will clear the misunderstandings. Vote 17-0. Rep. Ralph W. Pearson for Education.

HB 349-FN, relative to educationally related services. Ought to Pass with Amendment.

This bill clarifies the school districts' responsibilities with regard to when certain residential services will be considered educationally-related services. The section dealing with interagency agreements, as originally included with this bill, was inserted into HB 114, as amended. Vote 14-0. Rep. Wayne M. Burton for Education.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Section; Educationally Related Services. Amend RSA 186-C by inserting after section 9 the following new section: 186-C:9-a Educationally Related Services.

1. Educationally related services shall be related to one or more educational objectives in the educationally handicapped child's individualized education plan.

II. Residential services shall be considered an educationally related service when necessary for an educationally handicapped child to benefit from special education and when placement in a residential facility has been made by the legally responsible school district in order to comply with RSA 186-C:9 or 11, or when a school district's decision is on appeal pursuant to rules adopted by the state board of education under RSA 186-C:16, 1V.

2 Liability for Expenses; Clarification. Amend RSA 186-C:13 (supp) as inserted by 1981, 352:2 as amended by striking out said section and inserting in place thereof the following:

186-C:13 Liability for Expenses.

I. All expenses incurred by a school district in administering the law in relation to education for educationally handicapped children shall be paid by the school district where the child resides, except as follows:

(a) When an educationally handicapped child is placed in a home for children or health care facility as defined in RSA 193:27, the liability for the expenses for such child shall be determined in accordance with RSA 193:29.

(b) When an educationally handicapped child is placed in a state institution, the liability for the expenses for such child shall be determined in accordance with RSA 186-C:19.

II. No school district shall be required to pay the expenses of the education program of a child adjudicated under RSA 169-B, 169-C, or 169-D except as provided by RSA 186-C.

3 Effective Date. This act shall take effect July 1, 1985.

HB 382, requiring school administrative unit superintendents to prepare annual budget reports. Ought to Pass with Amendment.

This bill requires superintendents of all school administrative unions to prepare a report of all revenues and expenditures for the Department of Education and for each of the school districts in their supervisory union. Vote 13-0. Rep. Margaret A. Case for Education.

Amendment

Amend RSA 189:48, II as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

II. Each superintendent of a school administrative unit shall at the close of each fiscal year prepare a report of all revenues and expenditures of the school administrative unit for the preceding fiscal year. The superintendent shall certify a copy of the report to the department of education and to each school board member of each school district in the school administrative unit within 60 days after the end of the fiscal year.

HB 384, relative to the time for holding school district elections in Claremont. Inexpedient to Legislate.

This bill is in direct conflict with HB 177. It is quite clear from testimony that this is a local issue that has split the community of Claremont and that the problem should be worked out at the local level. This should not be resolved by the Legislature at this time. Vote 16-0. Rep. Dennis R. Bolduc for Education.

HB 394-FN, relative to liability for educationally handicapped children who transfer to a different school district. Inexpedient to Legislate.

This bill addresses a recognized concern in which children with special educational needs may transfer/relocate from one school district to another school district and that the receiving district had not budgeted for the necessary programs for such youth. The Committee is sensitive to the issue, but believes this bill is not the best remedy. Other legislation which will address catastrophic aid and certain emergency funding will address this issue. Vote 14-0. Rep. James F. Kinhan for Education.

HB 402-FN, determining financial liability for certain educationally handicapped children under the supervision of the division for children and youth services and making an appropriation therefor. Refer for Interim Study.

The Committee felt this bill should be held for further study in view of other pending legislation. The possible significant revision of settlement law now underway has implications for the content of this legislation. Vote 16-0. Rep. Wayne M. Burton for Education.

HB 421-FN, appropriating funds for facilities for severely and chronically developmentally disabled and severely emotionally disturbed children. Ought to Pass with Amendment.

This bill is for the purpose of developing a demonstration program of in-state facilities for severely and chronically developmentally disabled and severely emotionally disturbed children. The appropriation is in the Governor's budget. Vote 13-0. Rep. Jesse F. Davis for Education.

Amendment

Amend the bill by striking out sections 1 and 2 and inserting in place thereof the following:

1 Findings and Purpose. Before passage of P.L. 94-142, the Education for All Handicapped Children Act, some severely handicapped children, including severely multihandicapped developmentally disabled children and severely emotionally disturbed children, received services provided through the New Hampshire department of health and welfare. Since the passage of P.L. 94-142, New Hampshire school districts have experienced growing pressure to assume full responsibility for providing services to certain categories of severely handicapped children, including residential and therapeutic services as well as educational services. Because the physical, emotional, and learning problems for these children are so severe, complex, and interrelated and because of the low incidence of this population throughout the school districts of the state, local school districts lack the expertise and financial resources to provide the necessary and required services in an efficient, cost-effective manner. Placement decisions are often based primarily on availability, not on appropriateness. Many of these children are placed in expensive out-of-state facilities. Since state funding is funneled through the local school districts, the responsibility for evaluation of the programs is diffused. Finally, as a result of the split responsibility between agencies, not enough appropriate residential placements have been developed in-state. Since out-of-state placements are more costly than in-state placements, the general court finds it to be to the benefit of these children and the state to develop regional in-state facilities for these children.

2 New Section; In-state Services for Certain Severely Handicapped Children. Amend RSA 186-C by inserting after section 20 the following new sections:

186-C:21 Development of In-state Services for Severely Multi-handicapped Developmentally Disabled Children.

1. The special education unit of the department of education and the department of health and human services, division of mental health and developmental services, shall, subject to approval by the commissioner of education and the commissioner of health and human services, develop a joint plan for establishing a regional system of in-state, community-based

residential and educational services for severely multi-handicapped developmentally disabled children, ages 3-21. The plan shall also address the development of staff and educators with expertise in serving this population.

II. Under this plan the department of education shall be responsible for all services to severely multi-handicapped children, ages 3-21, established by a local pupil planning team in accordance with P.L. 94-142 and RSA 186-C, within the limits of appropriated funds.

III. The department of health and human services, division of mental health and developmental services, shall provide technical assistance to and cooperate with the department of education in the development of any programs under this joint plan.

IV. For children receiving services under this plan, the legally responsible school district shall be responsible for paying, each year, \$10,000 plus 20 percent of the additional cost, with the state funding the balance of the cost through funds appropriated to the department of education. For children receiving services under this plan, the legally responsible school district shall be determined in accordance with RSA 186-C:19, 1(a) and (b).

V. For the purposes of this section "severely multi-handicapped children" shall be defined as a sub-category of those educationally handicapped children who are identified by local school districts as multi-handicapped, or severely or profoundly mentally retarded and who are provided with an individualized education plan in accordance with RSA 186-C:7.

186-C:22 Development of In-state Services for Severely Emotionally Disturbed Children.

I. The department of education, special education unit and the department of health and human services, division of mental health and developmental services, shall, subject to approval by the commissioner of education and the commissioner of health and human services, develop a joint plan for establishing a regional system of in-state, community based residential and educational services for severely emotionally disturbed children, ages 3-21. The plan shall also address the development of staff and educators with expertise in serving this population.

II. Under this plan the department of education shall be responsible for all services to severely emotionally disturbed children, ages 3-21, established by a local pupil planning team in accordance with P.L. 94-142 and RSA 186-C, within the limits of appropriated funds.

III. The department of health and human services, division of mental health and developmental services, shall provide technical assistance to and cooperate with the department of education in the development of any programs under this joint plan.

IV. For children receiving services under this plan, the legally responsible school district shall be responsible for paying, each year, \$10,000

plus 20 percent of the additional cost, with the state funding the balance of the cost through funds appropriated to the department of education. For children receiving services under this plan, the legally responsible school district shall be determined in accordance with RSA 186-C:19, 1(a) and (b).

V. For the purposes of this section "severely emotionally disturbed children" shall be defined as a sub-category of those educationally handicapped children who are identified by local school districts as seriously emotionally disturbed and who are provided with an individualized education plan in accordance with RSA 186-C:7.

Referred to Appropriations.

HB 432-FN, making an appropriation to the small business development program. Inexpedient to Legislate.

The sponsor of the bill and the Director of the small business program wished this bill be reported out as Inexpedient to Legislate because this issue is addressed in the Governor's budget. Vote 16-0. Rep. Dennis R. Bolduc for Education.

HB 442-FN, providing an incentive to attract out-of-state students to New Hampshire and making an appropriation therefor. Ought to Pass.

Arising from the task force following the "Threat to Excellence Report," this bill received overwhelming acclaim during the hearings as supporting higher education and contributing to the economy of New Hampshire. Vote 13-0. Rep. Wayne M. Burton for Education.

Referred to Appropriations.

HB 446-FN, relative to catastrophic aid to school districts and making an appropriation therefor. Ought to Pass. The bill increases catastrophic special education to school districts from \$1,000,000 to \$3,000,000 and allows the State to designate up to \$250,000 of that aid for emergency assistance for special education. HB 446 is the Committee's alternative to HB 390 and HB 394 which were reported inexpedient. Vote 15-0. Rep. James H. Kinhan for Education.

Referred to Appropriations.

HB 455-FN, establishing a task force to develop a teacher evaluation model and training component and making an appropriation therefor. Ought to Pass with Amendment.

This bill establishes a task force to develop a teacher evaluation model and training component. The task force will include legislators, teachers, parents, school administrators and other public and private citizens. Vote 14-0. Rep. Jesse F. Davis for Education.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Teacher Evaluation Model Task Force. There is hereby established the teacher evaluation model or models and training component task force (task force).

2 Membership. The task force shall consist of the following members:

I. Ten persons, chosen by a majority vote of the state board of education, who shall meet the following criteria:

(a) Two public school teachers, one from an elementary school and one from a secondary school;

(b) One school board member;

(c) Two public school principals, one from an elementary school and one from a secondary school;

(d) One public school superintendent or assistant superintendent;

(e) Two parents of children who are attending or have attended a public school in the state;

(f) One person who is a member of and will represent the views of a professional teaching association; and

(g) One administrator of a post-secondary institution in the state.

II. One person who is an employee of the department of education to be appointed by the commissioner of education.

III. One member of the senate to be chosen by the president of the senate, and one member of the house of representatives to be chosen by the speaker of the house.

3 Chairman; Meetings. The task force shall choose a chairman from among its members and shall meet at least once a month. Seven members shall constitute a quorum and decisions shall be made by a majority of the members who are present and voting.

4 Duties. The task force shall be charged with the duty of developing an optional model or models for teacher evaluation and training. It is intended that the model shall:

I. Provide principals with a perspective on the characteristics that separate effective from less effective teacher evaluation systems.

II. Provide a framework for school principals to look seriously at the evaluation systems that now exist, particularly with regard to their purposes, procedures, instrumentation, and possible alterations or options to existing systems.

III. Provide all principals with appropriate training and guided practice in the skills and knowledge necessary to implement and effectively maintain improved teacher evaluation procedures.

IV. Recognize the need for the principals to have the time to accomplish the necessary evaluations including the following:

(a) Suggest a minimum time needed for meaningful evaluations;

(b) Suggest ways of freeing the principal from certain administrative duties to gain this time;

(c) Suggest the resources or personnel to take over these administrative duties for the principal;

(d) Suggest to the superintendent and school board an administrative structure or plan to provide the time necessary to accomplish meaningful evaluations.

5 Report; Public Hearing. The task force shall prepare a draft report for discussion at a public hearing at an appropriate time and place which shall be designated by the chairman of the task force. The task force shall revise the report, if it deems necessary, to include public comments received at the hearing. The revised report shall be submitted to the commissioner of the department of education no later than July 1, 1986. The report shall contain a framework for suggested methods of teacher evaluation and training.

6 Appropriation. The sum of \$144,291 for the fiscal year ending June 30, 1986, is hereby appropriated to the department of education for the purposes of funding the task force established by this act; provided, however, that at least \$50,800 of the sum appropriated in this section shall be used for training workshops and related activities. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

7 Effective Date. This act shall take effect July 1, 1985.

Referred to Appropriations.

HB 456-FN, relative to a forgivable loan program and making an appropriation therefor. Ought to Pass with Amendment.

This bill establishes a forgivable loan program for elementary and secondary teacher preparatory students enrolled in a subject designated by the Commissioner of Education as an actual or anticipated shortage area or have academic qualifications and potential to become an outstanding classroom teacher: amounts of \$500 to \$5,000 given as loans. The loan shall be forgiven up to the amount of \$3,000 for each full academic year the recipient spends teaching in a qualifying area. Vote 14-0. Rep. Patricia O. Sanderson for Education.

Amendment

Amend RSA 188-D:38, II(n) as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

(n) Determining what constitutes a full academic year under RSA 188-D:36 and 37.

(o) Such other items as may be necessary for the proper administration of this subdivision.

Referred to Appropriations.

HB 465-FN, creating a source of funds to provide support for the arts and making an appropriation therefor. Ought to Pass.

The Committee heard consistently strong positive testimony in support of this bill which provides an additional source of state support for the arts. Currently, New Hampshire ranks 48th among states in support of the arts. Testimony brought out the positive benefits of the "arts programs" as they are integrated within our schools and communities. It was demonstrated that arts and cultural events produce companion spending by supporters of these events/programs and this companion effect has positive implication for local businesses and indirectly to increased revenues through the room and meals tax. A strong arts/cultural program is solid base to encourage tourism. Arts make good business and is good for our spirits. Vote 15-0. Rep. James F. Kinhan for Education.

Referred to Appropriations.

HB 567, providing to school districts access to court records of certain educationally handicapped children. Ought to Pass.

This bill permits the court to provide school districts access to the court records of certain educationally handicapped children. The court is not required to release these records, but may release necessary information to school districts at the court's discretion. Except in limited circumstances, the school district may not disclose the records to any other individual or agency. Vote 12-0. Rep. Monte D. Rehlander for Education.

HB 737-FN, increasing the salaries for certain employees of the department of postsecondary vocational-technical education. Ought to Pass.

The purpose of this bill is to upgrade the classification of the Commissioner of Postsecondary Vocational-Technical Education; the Deputy Commissioner of Postsecondary Vocational-Technical Education; the President of the Technical Institute; the Presidents of the Vocational-Technical Colleges; the Deans of the Technical-Institute and the Vocational-Technical Colleges. Vote 10-2. Rep. Jesse F. Davis for Education.

Referred to Appropriations.

HBI 2005, relating to funding the arts through business contributions. Refer for Interim Study.

This bill of intent is to study whether the arts can be funded best by allowing businesses to take a credit or claim a deduction on their Business Profits Tax for any amount contributed to the arts, or, by establishing a matching grant program, or a combination of contributions to and deductions from Business Profits Tax and grants made by the State to match contributions made by individuals. Vote 13-0. Rep. Jesse F. Davis for Education.

HB 352, establishing a study committee to resolve the erosion problem affecting the New Hampshire coastline and making an appropriation therefor. Ought to Pass with Amendment.

The bill, as amended, directs that there be made a broad study of the coastal erosion problems. The Office of State Planning and the Governor's Coastal Advisory Committee will be responsible for making an interim report by December 15, 1985 and a final one by March 15, 1986. Rep. Roberta C. Pevear for Environment and Agriculture.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

authorizing the office of state planning to undertake a study of the coastline erosion problems and making an appropriation therefor.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Study Authorized. The office of state planning, as the designated state agency responsible for the New Hampshire coastal program, is hereby authorized to undertake a study of coastline erosion problems and to consult with the governor's coastal advisory committee, appropriate state agencies, commercial fishing interests, and the United States Army Corps of Engineers. This study shall address the needs for harbor dredging, beach replenishment, storm protection structures and measures, and related matters and recommend desirable and cost-effective solutions. The office of state planning may employ engineering consultants within the limitations of the appropriation. Further, the office of state planning shall have authority to request and receive assistance from all other state agencies and departments in conducting its study. The office of state planning shall make maximum use of previous studies conducted by the Army Corps of Engineers and others and shall submit an interim report on the status of the project to the speaker of the house, president of the senate, and the governor and council not later than December 15, 1985. The office of state planning shall make a report of its findings and recommendations not later than March 15, 1986.

2 Appropriation. The sum of \$10,000 is hereby appropriated for the fiscal year ending June 30, 1986, for the purpose of matching a federal grant from the Office of Ocean and Coastal Resource Management, for the purposes of section 1 of this act. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated. Should federal funds not become available during fiscal year 1986, authorization for this

study shall be terminated and the matching funds shall be returned to the general fund.

3 Effective Date. This act shall take effect 60 days after its passage.

Referred to Appropriations.

HB 263, relative to legal counsel for the New Hampshire retirement system.

Inexpedient to Legislate.

This bill was withdrawn by the sponsor because a recent court decision has made it unnecessary. Vote 18-0. Rep. Richard H. Campbell for Executive Departments and Administration.

HB 460-FN, relative to the board of examiners of psychologists and making an appropriation therefor. Ought to Pass.

This bill's testimony puts forth a precedent, which is the CPA examination and the appropriation would be the same. This lack of testing funds is a potential restraint of earning power for individuals. Vote 20-0. Rep. William F. McCain for Executive Departments and Administration.

Referred to Appropriations.

HB 464-FN, making an appropriation for the hiring of building service workers.

Inexpedient to Legislate.

Although the Committee is sympathetic, it feels this should be taken care of in the budgetary process. Vote 21-0. Rep. Patricia T. Russell for Executive Departments and Administration.

HB 471-FN, transferring certain division of forests and lands employees of the department of resources and economic development from group I to group II of the New Hampshire retirement system and making an appropriation therefor. Inexpedient to Legislate.

These employees were transferred from Group I to Group II by the Retirement Board, with the understanding there would be no backcharges to either the employee, the Retirement Board or the State. Vote 18-1. Rep. Richard H. Campbell for Executive Departments and Administration.

HB 494, requiring the licensing of child care workers. Refer for Interim Study.

This bill addresses an area already being worked on to some extent by Public Health. Inasmuch as it is an extremely sensitive and vitally important area, considerable study should be done to insure that the action finally taken is the best solution, not just a bandaid. Vote 20-0. Rep. Steven J. McCue for Executive Departments and Administration.

HB 608-FN, establishing a nurse registration and education revolving fund. Inexpedient to Legislate.

This bill could have a serious impact on the general fund and does require it to be Inexpedient to Legislate. Vote 15-0. Rep. Patricia T. Russell for Executive Departments and Administration.

HB 503, relative to delinquent trappers' reports. Ought to Pass with Amendment.

Amendment to HB 503 clarifies the procedure by which the Fish and Game Department may collect a late filing fee for delinquent trappers for report. Vote 17-1. Rep. Robert D. Hussey for Fish and Game.

Amendment

Amend RSA 210:21 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

210:21 Report of Catch.

I. On or before April 15 of each year, every person licensed to take fur-bearing animals shall file with the executive director a report of his catch for the current trapping season. The executive director shall furnish blanks for the report.

II. Trappers who fail to submit furbearer reports or who submit reports postmarked later than May 15 shall be notified by certified mail by the executive director that they are delinquent. Such trappers shall be charged \$25 as a late filing fee. This notification shall also state that since the reports were not received or postmarked by May 15 the trapper is guilty of a violation.

III. Any licensee failing to file the report required in RSA 210:21 by May 15 shall be refused a license in the next succeeding trapping season. Any person whose license has been denied under this section may appeal in person to the executive director stating reasons for the delinquency of the report. The decision of the executive director shall be final.

HB 783-FN, relative to the number of commercial fishermen licenses for the taking of lobsters in the coastal waters of the state. Inexpedient to Legislate.

All of the testimony agreed the bill needed work. The Committee felt Inexpedient to Legislate would give all of the interested parties a chance to get together and come up with a bill they can agree on. Vote 17-0. Rep. David M. Scanlan for Fish and Game.

HB 416-FN, making an appropriation to increase the amount allocated for rent in the AFDC grant. Ought to Pass with Amendment.

The purpose of the bill is to increase the rental portion of AFDC grants in order to keep pace with inflation. The present level of rental support is inadequate for the present New Hampshire housing market available to AFDC families. Rep. Scott E. Green for Health and Human Services.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

making an appropriation to increase the amount allocated for shelter costs in the AFDC grant and to allow consolidation to one shelter maximum and one basic maintenance allowance table.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Appropriation. The sum of \$2,000,000 is hereby appropriated to the division of human services, department of health and human services, for the biennium ending June 30, 1987, for the purposes of increasing the amount allocated for shelter costs in the grant for aid to families with dependent children, and to allow consolidation to one shelter maximum and one basic maintenance allowance table. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

2 Effective Date. This act shall take effect July 1, 1985.

Referred to Appropriations.

HB 361, relative to loitering. Ought to Pass with Amendment.

This bill would bring the New Hampshire statute on loitering into conformity with a recent United States Supreme Court ruling. It gives police officers specific standards to be used in such cases. It also repeals a statute concerning detention of suspects who have not been arrested which was struck by the New Hampshire Supreme Court in 1979. The amendment adds a definition not included in the original bill. Vote 14-0. Rep. Francis E. Robinson for Judiciary.

Amendment

Amend RSA 644:6 as inserted by section one of the bill by inserting after paragraph III the following new paragraph:

IV. In this section, "entrances" means any part of a structure through which entry or egress could be made.

HB 363, relative to the issuance of bad checks. Ought to Pass with Amendment. This bill standardizes the process for notifying an individual that he has issued a bad check and establishes a standard of evidence for prosecution if the actor fails to make good on the returned check after notification. Vote 8-4. Rep. Daniel A. Eaton for Judiciary.

Amendment

Amend RSA 638:4, III as inserted by section one of the bill by striking out same and inserting in place thereof the following:

III. It is an affirmative defense that the actor paid the amount of the check, together with all costs

and protest fees, to the person to whom it was due, within 14 days after having received notice that payment was refused. The actor's failure to make such payment within 14 days after receiving notice that payment was refused shall be prima facie evidence of a violation of paragraph I of this section.

HB 395, establishing a commission on the family and making an appropriation therefor. Inexpedient to Legislate.

There is concern on the Committee that the definition of family is not broad enough in this bill. It appears to deal with divorce problems primarily, which problems the Committee feels can be more effectively dealt with through other bills coming from the Commission to Study Alternative Procedures in Marital Questions. Vote 12-1. Rep. Elizabeth D. Lown for Judiciary.

HB 398-FN, relative to mandatory mediation and making an appropriation therefor. Ought to Pass with Amendment.

This is a two-year pilot program suggested by the Commission on Marital Questions which has studied the subject for two years. The idea of this bill is that there would be one informational session explaining the non-adversarial nature of mediation. If, after this session, the parties in question choose not to pursue mediation as an alternative to the normal judicial process, they have that right. Vote 12-3. Rep. Elizabeth D. Lown for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Program Established; Contested Issues; Mandatory Mediation Experiment.

I. This section shall apply only to one county in the state to be chosen by the chief justice of the superior court. The program shall expire on September 1, 1987, unless renewed by the legislature.

II. In any proceeding where there is at issue the custody or visitation with a minor child, and where it appears on the face of the petition or other application for an order or modification of an order for the custody or visitation of a child or children that either or both such issues are contested, the matter shall be set for one informational session of mediation of the contested issues prior to or concurrent with the setting of the matter for hearing. A second session may be required in the discretion of the mediator. Further sessions may be scheduled by agreement of the parties and the mediator. The purpose of mediation is to develop an agreement which will assure the child or children's best interest. The mediators shall use their best efforts to assist the parties to effect a settlement of the custody or visitation disputes.

III. The superior court shall make available a mediator or an approved list of

mediators who have been trained and certified pursuant to such rules and requirements as are established by the superior court. Such mediator may be an attorney, any person certified under RSA 330-A, a member of the professional staff of a mental health services agency, a mediator with the New Hampshire Mediation Program, Inc., or any other person designated by the court. The parties may agree upon who shall serve as the mediator, subject to approval by the superior court. If no mediator is agreed upon, the superior court shall appoint the mediator.

IV. Mediation sessions shall be held in private, no mediator shall be required to testify in any further court proceedings nor shall any mediator otherwise disclose the content of the mediation sessions. No admissions made by the parties during mediation sessions shall be admissible in further court proceedings.

V. The mediator may interview the child or children when the mediator deems such interview appropriate or necessary.

VI. If the mediation is successful in resolving any of the custody or visitation issues, then such agreement shall be reduced to writing, signed by each party and counsel, if any, and guardian ad litem, and submitted to the court for approval. Upon the court entering a written order, the mediation agreement shall be considered binding. In the event that no agreement is reached or the mediation and agreement is not signed by both parties and counsel, if any, and guardian ad litem, and approved by the court, then such agreement is not binding and the mediation shall be considered unsuccessful. In any event, the mediator shall notify the court when the mediation has been concluded. If mediation is not successful, the mediator shall report only that fact.

VII. No case shall be referred to mediation or be continued there by the court where it appears to either the court or the mediator, or either party asserts, that abuse as defined in RSA 173-B or RSA 169-C has occurred, unless the alleged victim under RSA 173-B requests mediation and the mediator is made aware of the alleged abuse.

VIII. A guardian ad litem shall be appointed in all mediated cases. With court approval, the representation of the guardian ad litem may continue in subsequent proceedings.

2 Committee Established.

I. There is hereby established a study committee to review and evaluate the program as established by this act which shall consist of the following 5 members:

(a) Two members of the house of representatives, appointed by the speaker of the house;

(b) Two members of the senate, appointed by the president of the senate; and

(c) One person who has knowledge of marital dispute resolution issues, appointed by the chief justice of the superior court.

II. The legislative members of the committee shall receive legislative mileage. Any nonlegislative member of the committee shall receive mileage at the state

employee rate. Any sums expended under this section shall be a joint legislative expense.

III. The committee shall elect a chairman from among its members.

IV. The committee shall submit a report of its recommendations to the speaker of the house of representatives, the president of the senate, and the chief justice of the superior court no later than January 1, 1988.

3 Preparation. During the time period of July 1, 1985, through September 1, 1985, the superior court chosen by the chief justice shall prepare to implement the mediation program established by this act. The pilot program shall be in effect in that county no later than September 1, 1985.

4 Appropriation. The sum of \$20,000 is hereby appropriated for the biennium ending June 30, 1987, to the supreme court for the mediation program established by section 1 of this act. These funds shall not lapse until September 1, 1987. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

5 Effective Date. This act shall take effect July 1, 1985.

Referred to Appropriations.

HB 399-FN, establishing a domestic relations commissioner pilot program and making an appropriation therefor. Refer for Interim Study.

This bill is also the product of the Commission on Marital Questions and the Committee feels that the idea of a domestic relations pilot program needs to be looked at in more depth. Therefore, the Committee urges Interim Study. Vote 14-0. Rep. Elizabeth D. Lown for Judiciary.

HB 401-FN, establishing a marital commission pilot program in Sullivan county and making an appropriation therefor. Refer for Interim Study.

This bill has merit, but because of the time pressures, the Committee is requesting Interim Study and will prepare to submit it in the next session after more investigation. This bill is also the product of the Commission to Study Alternative Procedures in Marital Questions. Vote 12-2. Rep. Elizabeth D. Lown for Judiciary.

HB 586, relative to a technical amendment of the Uniform Securities Act. Ought to Pass.

Share exchanges, which are contemplated under this bill, need to be added to the Uniform Securities Act. Vote 12-1. Rep. Thomas U. Gage for Judiciary.

HB 612-FN, relative to the administration of the alcohol education programs. Ought to Pass with Amendment.

This bill authorizes the Director of the Office of Alcohol and Drug Abuse Prevention to charge a fee to cover the costs of monitoring and certifying alcohol education programs for drunk drivers. It is in keeping with

legislative intent that these programs be run at no cost to the State. The amendment provides that the fee shall not exceed \$15 per client. Vote 15-0. Rep. Paul Johnson for Judiciary.

Amendment

Amend RSA 172-B:2-a, III(c) as inserted by section one of the bill by striking out same and inserting in place thereof the following:

(c) A fee not to exceed \$15 per client to be paid by program providers to cover the costs of monitoring course content, establishing and maintaining standards of instruction, data collection, and administrative support.

HB 590, relative to the counsel for the department of employment security and that department's representation in court. Ought to Pass with Amendment.

This bill provides that House Counsel to the Department of Employment Security may appear in civil proceedings in the collection of taxes and overpaid benefits. Now, the Attorney General's Office has to appear and there is a backlog of work. The measure will help to expedite these civil proceedings. The amendment takes care of a rewording from "overpayment of benefits" to "overpaid benefits." Vote 12-0. Rep. Robert S. Hawkins for Labor, Industrial and Rehabilitative Services.

Amendment

Amend RSA 282-A:137 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

282-A:137 Representation in Court. The attorney general, upon his own initiative or upon the request of the commissioner, may enforce the provisions of this chapter, or any rules adopted under this chapter, by any appropriate proceeding, criminal or civil, legal or equitable, in any court. Subject to the approval and supervision of the attorney general, the general counsel and counsel of the department may appear in any court on civil proceedings in the collection of taxes and overpaid benefits.

HB 333-FN, relative to the mailing of resident tax bills, tax liens connected with the timber tax, notification provisions regarding tax sales, and increasing fees for uncollectible checks. Ought to Pass with Amendment.

This bill will help all tax collectors in the tax sale process. Also, it will protect all communities where private ownership of hazardous waste facilities fail to pay property taxes. Vote 17-0. Rep. George M. West for Municipal and County Government.

Amendment

Amend the bill by striking out section 6 and inserting in place thereof the following:

6 Notice by Purchaser. Amend RSA 80:28 (supp) as amended by striking out in line 15 the number "15" and inserting in place thereof the following (30) so that said section as amended shall read as follows:

80:28 Notice by Purchaser to Mortgagee. The purchaser of any real estate sold by a collector of taxes, within 45 days from the date of such sale, shall notify all persons holding mortgages upon such property as recorded in the office of the register of deeds. In the event that a person holds a mortgage on more than one piece of property, a listing of the property may be forwarded by the purchaser. Whenever a town becomes such a purchaser and the selectmen thereof determine that one or more outstanding mortgages exist, they may direct the collector of taxes to give such notice to any mortgagee, and the collector shall thereupon be entitled to receive the same fees as provided in RSA 80:37 for notifying any mortgagee of a payment after sale. Such notice shall give the date of the tax sale, the name of the delinquent taxpayer, the total amount for which said real estate was sold and the amount of costs for notifying mortgagees. As provided in RSA 80:37, the tax collector shall send a similar notice to any mortgagee within 30 days of the time of payment of any subsequent tax thereon by the purchaser. Any tax sale of such encumbered real estate shall be void as against any mortgagee and no tax collector's deed based on said sale shall be valid unless the mortgagees shall have been notified in the manner provided in RSA 80:29, but the tax and any subsequent tax payments made upon the property shall be collectible and payment may be enforced by suit under the provisions of RSA 80:50.

7 Tax Deed. Amend RSA 80:38 (supp) as amended by striking out said section and inserting in place thereof the following:

80:38 Tax Deed.
I. The collector, after 2 years from the sale, shall execute to the purchaser, his heirs or assigns, a deed of the land so sold and not redeemed. The deed shall be substantially as follows:

Know all men by these presents, That I,, collector of taxes for the Town of, in the County of and State of New Hampshire, for the year 19....., by the authority in me vested by the laws of the state, and in consideration of to me paid by, do hereby sell and convey to him, the said, his heirs and assigns, (here describe the land sold), to have and to hold the said premises with the appurtenances to him,, his heirs and assigns forever. And I do hereby covenant with said, that in making this conveyance I have in all things complied with the law, and that I have a good right, so far as the right may depend upon the regularity of my own proceedings, to sell and convey the same in manner aforesaid. In witness whereof I have hereunto set my hand and seal the day of,

Signed, sealed and delivered in the presence of.....

II. Notwithstanding the provisions of paragraph I, the collector shall not execute a deed of the real estate where the purchaser is a municipality which has purchased the real estate at a tax sale for the payment of taxes, and the municipality has notified the collector that it shall not accept the deed because acceptance would subject the municipality to potential liability as an owner of property under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. section 9601 *et seq.*, the Resource Conservation and Recovery Act, 42 U.S.C. section 6901 *et seq.*, RSA 147-A and 147-B, and any other federal or state environmental statute which imposes strict liability on owners for environmental impairment of the real estate involved.

8 Effective Date. This act shall take effect 60 days after its passage.

HB 334-FN, relative to the licensing of dogs. Ought to Pass with Amendment.

The bill will improve the registration process of dogs by the owner with city and town clerks. Vote 16-1. Rep. George M. West for Municipal and County Government.

Amendment

Amend the bill by striking out sections 3 and 4 and inserting in place thereof the following:

3 Yearly Fee. Amend RSA 466:6, IV as inserted by 1977, 356:2 as amended by striking out said paragraph and inserting in place thereof the following:

IV. No fee shall be required for dogs which are under the age of 3 months.

4 Effective Date. This act shall take effect May 1, 1986.

HB 418-FN, relative to motor vehicle registration fees. Ought to Pass with Amendment.

This bill clarifies the local motor vehicle registration process. Vote 17-0. Rep. George M. West for Municipal and County Government.

Amendment

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Effective Date. This act shall take effect upon its passage.

HB 104-FN, relative to sunset review of the pari-mutuel commission. Ought to Pass with Amendment.

The Pari-Mutuel Commission is renewed for six years by HB 104, as amended. The amendment increases the Commission to seven members per recommendation of the Subcommittee and also requires cities and towns that have approved dog racing, but have not issued a license in ten years, must vote for approval again before a license is issued. Vote 14-0. Rep. Robert P. Mason for Regulated Revenues.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Pari-Mutuel Commission. Amend RSA 284:6-a, I (supp) as inserted by 1971, 541:18 as amended by striking out said paragraph and inserting in place thereof the following:

I. There shall be a state pari-mutuel commission consisting of 7 members appointed by the governor with the advice and consent of the council. Three of the members shall represent the interests of greyhound racing. Three of the members shall represent the interests of thoroughbred horse racing and harness horse racing. One of the members shall be an at-large member of the commission. Each member shall hold office for a term of 3 years and until his successor has been appointed and qualified. Any vacancy shall be filled for the unexpired term. Annually, one member shall be chosen as chairman by the commission, and one shall be chosen as secretary.

4 Local Option. Amend RSA 284:15-c as inserted by 1971, 541:8 by striking out said section and inserting in place thereof the following:

284:15-c Local Option. No license shall be issued by the commission for holding a dog race meet in any city or town until the city or town at an annual or special meeting called for the purpose has, by majority vote of these voting on the question, approved of the issuance of a license in the city or town. Approval by the voters under this section shall be valid for 10 years. If no license is issued within 10 years from the date of approval, a subsequent vote of approval shall be required before a license shall be issued by the commission.

5 Effective Date. This act shall take effect upon its passage.

HB 511, requiring special agents to complete a preparatory police training program. Ought to Pass.

The Committee felt that this bill was necessary to improve the future of the liquor enforcement division of the Liquor Commission. Vote 15-0. Rep. Robert R. Blaisdell for Regulated Revenues.

HB 225-FN, creating the Connecticut River Valley resource authority and making an appropriation therefor. Ought to Pass with Amendment.

The bill, as amended, creates a broadly based authority to deal with complex issues in the Connecticut River Valley. The amendment (1) strengthens the continuing commitment to upgrade water quality in the river; (2) extends membership in the authority to the Connecticut River Valley Watershed Council and the Director of the Water Supply and Pollution Control Commission or his designee; (3) insists on cooperation with the Office of State Planning and comprehensive plans for

water management; (4) provides guidelines for communities to protect the scenic character of the Valley; (5) extends to local communities matching funds of up to 50% for acquisition of rights and easements of land consistent with criteria established by the authority for same; (6) calls for Sunset Review in conjunction with the Department of Parks timetable. Vote 16-2. Rep. MaryAnn N. Blanchard for Resources, Recreation and Development.

Amendment

Amend RSA 227-E:1 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

227-E:1 Purpose. The purpose of this chapter is to increase the recreational potential and to enhance the tourist economy of the Connecticut River Valley region while protecting its visual, ecological and agricultural integrity through the identification, protection and promotion of its natural, recreational, cultural and historical resources and while upgrading water quality. The Connecticut River Valley resource authority created by this chapter shall serve as the mechanism for attaining these goals.

Amend RSA 227-E:4 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

227-E:4 Membership of Authority.

I. The authority shall consist of 19 members as follows:

- (a) A member of the North Country Council, designated by the council;
- (b) A member of the Upper Valley-Lake Sunapee Council, designated by the council;
- (c) A member of the Southwest Regional Planning Commission, designated by the commission;

(q) The director of the division of parks and recreation, department of resources and economic development, or his designee;

(r) The director of the division of economic development, department of resources and economic development, or his designee; and

(s) A representative of the state of Vermont appointed by the governor of Vermont.

II. The governor and council shall appoint the members designated in paragraph I, (e) through (j). These members shall all be residents of the Connecticut River Valley and shall serve 3 year terms, provided that the initial appointments shall be 2 for a term of one year, 2 for a term of 2 years, and 2 for a term of 3 years. The members appointed under subparagraphs (a), (b), (c), (d) and (s) shall serve 3 year terms.

III. Any vacancy shall be filled in the same manner as the original appointment for the remainder of the unexpired term. Members shall hold office until their successors are appointed and qualified.

IV. The members listed in paragraph I (k) through (s) shall be nonvoting ex officio members.

Amend RSA 227-E:6 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

227-E:6 Power and Duties. In

performing its duties, the authority shall cooperate with the office of state planning and shall conform its activities to be in harmony with any state comprehensive plan for water management. The authority shall:

I. Conduct a comprehensive inventory and assessment of all private and public recreational facilities, historical and cultural resources, agricultural lands, and other natural resource areas which serve to preserve and protect the visual and ecological integrity of the Connecticut River Valley.

II. Coordinate the development of regional promotional programs and other incentive programs for established and future recreational facilities, resources, and services using existing public and private mechanisms.

III. Initiate and encourage interstate cooperation and participation with the state of Vermont for the promotion and protection of the Connecticut River Valley as a recreational and cultural resource.

IV. Cooperate with local communities and regional planning commissions to:

(a) Protect and enhance the Connecticut River Valley's unique natural character.

(b) Identify priority recreational facilities and land in accordance with local and regional recreational needs.

(c) Identify issues of concern.

V. Provide suggested guidelines to local communities and regional planning commissions which will protect the scenic character of the Connecticut River Valley.

VI. Review and evaluate similar river and watershed protection efforts and regional promotion programs.

VII. Investigate, identify, accept and expend additional public and private funds for the:

(a) Purpose of establishing incentives for the expansion of recreational facilities.

(b) Development of recreational opportunities and providing additional public access to recreational areas in the Connecticut River Valley.

(c) Effective administration of the authority in fulfilling its statutory responsibilities.

(d) Protection of the agricultural, historical and natural resources of the Connecticut River Valley.

VIII. Purchase or accept gifts or grants of development rights, conservation easements, and titles to or other interests in land having important recreational, historical, natural, and cultural qualities. The authority shall by rule establish criteria for the acquisition and management of interests in land after consultation with appropriate private and public organizations and agencies.

IX. Evaluate applications from local communities for funding for the purchase by such communities of development rights, conservation easements, and titles to or other interests in land having important recreational, historical, natural, and cultural qualities. The authority may award grants of up to 50 percent of the cost for such purchases from funds appropriated to the authority for the purchase of such interests in land. The authority shall evaluate the applications in accordance with criteria adopted under RSA 227-E:7, I.

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 Sunset. There is hereby created a PAU for the Connecticut River Valley resource authority established by section one of this act which shall expire on the same date as the PAU for the division of parks and recreation, department of resources and economic development, is scheduled for expiration, unless reviewed by the general court under RSA 17-G.

Referred to Appropriations.

HB 450-FN, relative to the control and eradication of milfoil, authorizing additional personnel and making an appropriation therefor and repealing an obsolete provision. Ought to Pass with Amendment.

As amended, this bill directs UNH, Department of Life Sciences and Agriculture to gather all available information and conduct its own research

on the control and eradication of *Myrsiophyllum heterophyllum* (milfoil). The report shall also be submitted to the appropriate committees of the House and Senate. Vote 21-0. Rep. Howard C. Dickinson for Resources, Recreation and Development.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

establishing a research program for eradication and control of milfoil at the University of New Hampshire and making an appropriation therefor.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Research Program Established. A research program for the eradication and control of the exotic weed known as milfoil is hereby established at the university of New Hampshire under the direction of the dean of the college of life sciences and agriculture. The university of New Hampshire may grant moneys for research projects to qualified individuals to the extent funds are available. All research proposals shall be carefully considered by the university to determine their feasibility and environmental safety.

2 Appropriation. The sum of \$25,000 is hereby appropriated to the university of New Hampshire for the biennium ending June 30, 1987, for research, eradication and control of *Myriophyllum heterophyllum* (milfoil). This appropriation shall be in addition to any other appropriation made to the university of New Hampshire for the biennium. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

3 Report Required. The dean of the college of life sciences and agriculture shall make a report to the president of the senate, speaker of the house of representatives and to the appropriate committees of the senate and house on or before September 1, 1986.

4 Repeal. RSA 149-F:5, relative to funding, is hereby repealed.

5 Effective Date. This act shall take effect July 1, 1985.

Referred to Appropriations.

HB 459-FN, establishing a local water protection assistance program and making an appropriation therefor. Ought to Pass with Amendment.

The bill addresses a real need to enlist the participation of municipalities in protection of the state's water resources. It also provides technical assistance aid to the local jurisdictions to develop appropriate measures. The administration of the program will be by the Office of State

Planning aided by the regional planning commissions. Vote 18-0. Rep. Douglas R. Woodward for Resources, Recreation and Development.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Subdivision. Amend RSA 4 by inserting after section 12-p the following new subdivision:

Water Protection Assistance Program

4:12-q Water Protection Assistance Program; Establishment and Purpose. There is hereby established within the office of state planning, hereafter referred to as the office, the water protection assistance program. The purpose of the program is to encourage and assist municipalities individually and, where appropriate, collectively, to evaluate their water resources and to develop local and regional measures for the protection of both ground and surface water. The program shall recognize the interdependency of municipalities which lie within a common watershed and shall facilitate cooperative planning for the management and protection of common water resources. By providing a range of technical assistance, the program shall help municipalities to exercise powers within their jurisdictions, including, but not limited to, land use regulation, to enhance water protection measures and to ensure the continued availability of this resource.

4:12-r Program Administration.

I. The office shall develop criteria for water protection and suggested model language to guide municipalities in the development of local water resource management and protection plans as provided in RSA 674:2, VIII, and other appropriate protection measures. Such criteria and model language shall be prepared by the office with the assistance of appropriate state and other experts and shall reflect the experience of regional planning commissions.

II. The program shall be implemented by the office primarily through the established regional planning commissions. Other technical services and advice, including that available from the university system of New Hampshire, may also be utilized. The program shall be coordinated with plans and programs of other state agencies, especially those of the water supply and pollution control commission, the water resources board, the wetlands board, and the division of waste management, hereinafter referred to collectively as the water agencies. The office may authorize regional planning commissions to perform specific phases of the administration of this subdivision, especially the collaboration with municipalities.

4:12-s Technical Assistance. The office may employ necessary personnel to serve as technical coordinators who shall be

knowledgeable in water resources protection and who shall provide the needed guidance and competence to assist both the regional planning commissions and municipalities in developing appropriate measures for protecting water resources.

4:12-t Local Water Resources Management and Protection Plans.

I. Through participation in the water protection assistance program, each municipality should prepare, adopt and include in its master plan a local water resources management and protection plan, hereinafter referred to as the local water plan, which is consistent with the criteria established by the office under RSA 4:12-r. Prior to adoption by a municipality, the local water plan shall be submitted to the office for verification that the plan is consistent with the established criteria. In accordance with recommended procedures for effective master planning which call for continuing evaluation, and in accordance with the provisions of RSA 674:2, the local water plan shall be reviewed and updated from time to time as changed conditions and new information justify. Revisions to the local water plan shall be submitted to the office, prior to adoption, for review and comment regarding consistency with the office's established criteria.

II. Municipalities should strengthen the effectiveness of their local water plans by adopting ordinances and taking other appropriate measures to ensure implementation of water protection measures consistent with their plans. Assistance shall be available through the program to advise municipalities on such appropriate measures.

III. If a municipality determines there is an immediate need to provide guidance for site review activities or to prevent deterioration of a critical water resource, it may adopt temporary measures for protection of such water resources after consultation with the office. The measures shall be valid for a period of 12 months.

2 Master Plan; Conservation and Preservation Section. Amend RSA 674:2, VIII (supp) as inserted by 1983, 447:1 by striking out said paragraph and inserting in place thereof the following:

VIII. A conservation and preservation section which may provide for the preservation, conservation, and use of natural and man-made resources. The conservation and preservation section of the master plan should include a local water resources management and protection plan as specified in RSA 4:12-t. This plan should be reviewed and revised as necessary at intervals not to exceed 5 years.

3 Report to the General Court. The office of state planning shall submit a report to the general court on the effectiveness of this act in achieving the purposes described in RSA 4:12-q, including municipal acceptance and utilization of the program, the number of municipalities which have implemented water protection measures, some measure of the effectiveness of measures taken, and recommendations regarding the continuation and improvement of the program. The report shall be due on or before June 30, 1986.

4 Appropriation. The sum of \$200,000 for the biennium ending June 30, 1987, is hereby appropriated to the office of state planning for the purpose of implementing this act. The appropriation is in addition to any other funds appropriated to the office of state planning. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

5 Effective Date. This act shall take effect 60 days after its passage.

Referred to Appropriations.

HB 466-FN, relative to highway billboards, off and on premise signs. Ought to Pass with Amendment.

This bill represents the recommendations of the Committee established by 1983 HCR 11 to address the issue of visual pollution of New Hampshire's highways. The bill provides rental of advertising space on limited access facilities, development of cooperative information services at rest areas coordinated and controlled through the Office of Vacation Travel and DRED. It also provides for reclassification of highways from time to time. Vote 17-1. Rep. Mary Ann Lewis for Resources, Recreation and Development.

Amendment

Amend RSA 236:86, II as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

II. The development of a cooperative information service at any rest area is authorized. Such service shall be coordinated and controlled through the office of vacation travel in the department of resources and economic development, with the cooperation of the department of public works and highways, and these agencies shall have the responsibility of training any personnel who may be hired. Expanded services may include, but not necessarily be limited to, sign plazas, racks for advertising brochures, and a staff person to assist travelers.

Amend RSA 236:74, II(a) as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

(a) Advertising devices may be erected with, but only with, an area not exceeding 450 square feet and with a maximum height of 20 feet and a maximum length of 50 feet, excluding border and trim, base or apron, supports and other structural members; provided that the commissioner shall permit the maintenance of devices of larger size if lawfully erected prior to the effective date of this subdivision and otherwise permitted by the provisions of this subdivision.

Amend RSA 236:73, III(c) as inserted by section 8 of the bill by striking out same and inserting in place thereof the following:

(c) Further provided that for the purposes of this section none of the

following shall be deemed to be an on-premise sign: any advertising device larger than 4 feet in height or length, or 16 square feet in area, excluding border and trim, base or apron, supports and other structural members, that consists principally of a brand name or trade name and the product or service advertised is only incidental to and inconsistent with the principal business activities conducted upon the same property; any advertising device larger than 4 feet in height or length, or 16 square feet in area, excluding border and trim, base or apron, supports and other structural members, that advertises any activity other than allowed by RSA 236:73, III, (a), (b), (c), or (d), and the property upon which the device is placed contains no improvement related to the advertised activity; and any advertising device that brings rental income to the property owner or his agent.

Amend the bill by striking out all after section 10 and inserting in place thereof the following:

11 Protection of Trees. Amend RSA 236:74, I, by inserting after subparagraph (c) the following new subparagraph:

(d) The cutting, removal or inhibiting the growth of trees or other vegetation within state-owned highway rights of way solely for the purpose of providing or enhancing the view of an outdoor advertising device shall be prohibited. Notwithstanding this provision, undesirable growth may be trimmed or removed in keeping with best highway maintenance and silvicultural practices as determined by the commissioner of public works and highways.

12 Repeal. The following are hereby repealed:

I. 1979, 340 and 1981, 158, relative to the study commission for the removal of advertising devices.

II. 1981, 568:82, relative to expending funds on completion of the study provided for in 1979, 340:1 as amended.

13 Effective Date. This act shall take effect 60 days after its passage.

Referred to Appropriations.

HB 560, establishing a study committee relative to licensing power boat operators. Ought to Pass with Amendment.

This bill establishes a study committee relative to licensing of operators of entirely or partly power propelled water borne vehicles. The amendment specifically states the areas to be included in the study as well as the composition of the Committee. Vote 14-1. Rep. Mary Ann Lewis for Resources, Recreation and Development.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

establishing a study committee relative to licensing of operators of entirely or partly power propelled water borne vehicles.

Amend paragraph I as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

I. There is hereby established a study committee, consisting of 13 members, 7 voting and 6 nonvoting members, to study in depth the feasibility of licensing operators of entirely or partly power propelled water borne vehicle in New Hampshire. The committee shall have full power and authority to require from the several departments, agencies, and officials of the state and the political subdivisions of the state such information and assistance as it may deem necessary for the purposes of this act. The committee shall consider as part of its study:

(a) Whether New Hampshire should require operators' licenses for boat operators;

(b) Whether boating education programs should be a prerequisite to licensing;

(c) At what age boat operators should be licensed;

(d) How boat operator licensing would affect nonresident boaters;

(e) Whether boat operator licensing should apply to all boats or only certain classes of boats.

HB 396, relative to special moped licenses. Inexpedient to Legislate.

Even though the sponsor of this bill made some good points, the Committee felt that interfering with present regulations would be unwise. Also, the practicality of using the moped for the purposes outlined seemed questionable. Vote 12-0. Rep. Edward J. Crotty for Transportation.

COMMITTEE REPORTS (Regular Calendar)

HB 734-FN, relative to child support enforcement. Ought to Pass.

The Department of Health and Human Services requested this bill to aid in the collection of child support payments from parents who default. Much of this legislation is mandated by new federal law. Vote 16-0. Rep. Rick J. Newman for Children, Youth and Elderly Affairs.

Referred to Appropriations.

HB 477-FN, making an appropriation to and certain other changes in the New Hampshire incentive program. Ought to Pass with Amendment.

The Committee considered that only 32% of New Hampshire High School seniors go on to college compared with the national average of 65%, that only 25% of "A" and "B" New Hampshire High School students go on to college, and that of 10,000

students applying only 1,400 received grants under present funding, and those grants averaged only less than \$400. This was convincing to the Committee. Vote 11-0. Rep. William A. Riley for Education.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Purpose. Amend RSA 188-D:10 (supp) as inserted by 1976, 27:2 by striking out said section and inserting in place thereof the following:

188-D:10 Program Established; Purpose. There is hereby established the New Hampshire incentive program to provide grants for the benefit of residents of the state seeking or pursuing programs of study at postsecondary institutions within and without the state. The purpose of the program is to provide an economic incentive to academically qualified students to continue their education at an accredited postsecondary institution. It is further intended that grants awarded under this chapter shall not be used to displace any other scholarships or grants which might be awarded to the recipient.

2 Rulemaking; Criteria for Awarding Grants. Amend RSA 188-D:11, I(d) (supp) as inserted by 1976, 27:2 by striking out said subparagraph and inserting in place thereof the following:

(d) Adopt rules, under RSA 541-A, relative to the criteria for awarding grants and loan incentives under this subdivision, including grants to be used at institutions outside the state within the limits of RSA 188-D:13, II, which criteria shall incorporate the following factors:

(1) The actual cost of education, including, but not limited to, room, board, tuition, books, and any other fees imposed by the institution.

(2) The total amount of family contribution including, but not limited to, parental contributions, student work study, earnings, savings and loans, and aid from the postsecondary institution in any form, including loans and grants.

3 Grant Limit Raised. Amend RSA 188-D:13, II (supp) as inserted by 1976, 27:2 by striking out said paragraph and inserting in place thereof the following:

II. All grants made by the postsecondary education commission under this subdivision shall be for the period of one academic year and in specified amounts of not less than \$500 nor more than \$3,000 within the limits of the criteria set forth in the rules adopted by the postsecondary education commission.

4 Demonstrated Need; Debt Burden. Amend RSA 188-D:13, III (supp) as inserted by 1976, 27:2 by striking out said paragraph and inserting in place thereof the following:

III. No grant shall be made which does not include a self-help requirement by the recipient. Self-help may be in the form of either work or loans, and demonstrated need shall be defined as the applicant's

cost of education minus the family contribution and the self-help factor determined under the rules adopted by the postsecondary education commission. All grants awarded under this subdivision shall be for the purpose of reducing the demonstrated need of qualified applicants before any grant is awarded to a qualified applicant for the purpose of reducing the debt burden of the recipient or his family. When the grant is awarded for the purpose of reducing the debt burden of the recipient or his family the commission shall require proof that the grant is being used for this purpose. No grant shall be in excess of the tuition charged the student for the academic year in which the grant is received nor when combined with the mandated self-help contribution of the student will exceed the cost of education at the eligible postsecondary institution for that year.

5 Eligibility. Amend RSA 188-D:13, IV (supp) as inserted by 1976, 27:2 as amended by striking out said paragraph and inserting in place thereof the following:

IV. Any student who has been accepted at a postsecondary institution shall be eligible to receive a grant under this subdivision. No person to whom a grant is made shall be restricted as to the choice of program or postsecondary institution approved by the postsecondary education commission either inside or outside of the state.

6 New Sections. Amend RSA 188-D by inserting after section 13 the following new sections:

188-D:13-a Individual Awards. Whenever the funds appropriated to the New Hampshire incentive program equal or exceed \$2,000,000 in one year, the method of awarding any grants under this subdivision for that year shall be by an individualized selection process based on need pursuant to RSA 188-D:11, I(d). If the funds appropriated to the program for any fiscal year do not exceed \$2,000,000, the provisions of RSA 188-D:11, I(d), (1) and (2) and RSA 188-D:13-b shall be suspended for the purposes of the grants awarded for that fiscal year.

188-D:13-b Institutional Requirements.

I. Any institution which receives funds under this subdivision shall be required to maintain an institutional level of financial support for matriculated students which equals or exceeds the amount of financial aid for students, on a per capita basis, which it contributed for fiscal year 1985.

II. Any institution which receives funds under this subdivision shall be required to increase the total amount of institutionally funded financial aid to students, on a per capita basis, at the same percentage rate as it increases the total cost of attending that institution, including tuition, room, board and any other fees it might impose on students.

7 Appropriation.

1. The sum of \$2,000,000 for the fiscal year ending June 30, 1986, and the sum of \$4,000,000 for the fiscal year ending June 30, 1987, are hereby appropriated to the New Hampshire incentive program for the purposes of awarding grants and loan

incentives as authorized in RSA 188-D:10-13-b. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

II. For fiscal year 1986 the postsecondary education commission may use a portion of the funds appropriated in paragraph I for fiscal year 1987 for the purposes of administering the New Hampshire incentive program and may hire additional staff for such purposes; provided, however, that such administrative expenses shall not exceed \$60,000 in each fiscal year.

8 Repeal. RSA 188-D:13, VI, relative to the first year of the New Hampshire incentive program, is hereby repealed.

9 Effective Date. This act shall take effect July 1, 1985.

Amendment adopted.

Rep. William Riley offered an amendment.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Purpose. Amend RSA 188-D:10 (supp) as inserted by 1976, 27:2 by striking out said section and inserting in place thereof the following:

188-D:10 Program Established; Purpose. There is hereby established the New Hampshire incentive program to provide grants for the benefit of residents of the state seeking or pursuing programs of study at postsecondary institutions within and without the state. The purpose of the program is to provide an economic incentive to academically qualified students to continue their education at an accredited postsecondary institution. It is further intended that grants awarded under this chapter shall not be used to displace any other scholarships or grants which might be awarded to the recipient.

2 Rulemaking; Criteria for Awarding Grants. Amend RSA 188-D:11, I(d) (supp) as inserted by 1976, 27:2 by striking out said subparagraph and inserting in place thereof the following:

(d) Adopt rules, under RSA 541-A, relative to the criteria for awarding grants and loan incentives under this subdivision, including grants to be used at institutions outside the state within the limits of RSA 188-D:13, II, which criteria shall incorporate the following factors:

(1) The actual cost of education, including, but not limited to, room, board, tuition, books, and any other fees imposed by the institution.

(2) The total amount of family contribution including, but not limited to, parental contributions, student work study, earnings, savings and loans, and aid from the postsecondary institution in any form, including loans and grants.

3 Grant Limit Raised. Amend RSA 188-D:13, II (supp) as inserted by 1976, 27:2 by striking out said paragraph and inserting in place thereof the following:

II. All grants made by the postsecondary education commission under this subdivision shall be for the period of one academic year and in specified amounts of not less than \$500 nor more than \$3,000 within the limits of the criteria set forth in the rules adopted by the postsecondary education commission.

4 Demonstrated Need; Debt Burden. Amend RSA 188-D:13, III (supp) as inserted by 1976, 27:2 by striking out said paragraph and inserting in place thereof the following:

III. No grant shall be made which does not include a self-help requirement by the recipient. Self-help may be in the form of either work or loans, and demonstrated need shall be defined as the applicant's cost of education minus the family contribution and the self-help factor determined under the rules adopted by the postsecondary education commission. All grants awarded under this subdivision shall be for the purpose of reducing the demonstrated need of qualified applicants before any grant is awarded to a qualified applicant for the purpose of reducing the debt burden of the recipient or his family. When the grant is awarded for the purpose of reducing the debt burden of the recipient or his family the commission shall require proof that the grant is being used for this purpose. No grant shall be in excess of the tuition charged the student for the academic year in which the grant is received nor when combined with the mandated self-help contribution of the student will exceed the cost of education at the eligible postsecondary institution for that year.

5 Eligibility. Amend RSA 188-D:13, IV (supp) as inserted by 1976, 27:2 as amended by striking out said paragraph and inserting in place thereof the following:

IV. Any student who has been accepted at a postsecondary institution shall be eligible to receive a grant under this subdivision. No person to whom a grant is made shall be restricted as to the choice of program or postsecondary institution approved by the postsecondary education commission either inside or outside of the state.

6 New Sections. Amend RSA 188-D by inserting after section 13 the following new sections:

188-D:13-a Individual Awards. Whenever the funds appropriated to the New Hampshire incentive program equal or exceed \$2,000,000 in one year, the method of awarding any grants under this subdivision for that year shall be by an individualized selection process based on need pursuant to RSA 188-D:11, I(d). If the funds appropriated to the program for any fiscal year do not exceed \$2,000,000, the provisions of RSA 188-D:11, I(d), (1) and (2) and RSA 188-D:13-b shall be suspended for the purposes of the grants awarded for that fiscal year.

188-D:13-b Institutional Requirements. I. Any institution which receives funds under this subdivision shall be required to maintain an institutional level of financial support for matriculated students which equals or exceeds the amount of financial aid for students, on a per

capita basis, which it contributed for fiscal year 1985.

II. Any institution which receives funds under this subdivision shall be required to increase the total amount of institutionally funded financial aid to students, on a per capita basis, at the same percentage rate as it increases the total cost of attending that institution, including tuition, room, board and any other fees it might impose on students.

7 Appropriation.

I. The sum of \$2,000,000 for the fiscal year ending June 30, 1986, and the sum of \$4,000,000 for the fiscal year ending June 30, 1987, are hereby appropriated to the New Hampshire incentive program for the purposes of awarding grants and loan incentives as authorized in RSA 188-D:10-13-b. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

II. For fiscal year 1986 and fiscal year 1987 the postsecondary education commission may use a portion of the funds appropriated in paragraph I for either fiscal year for the purposes of administering the New Hampshire incentive program and may hire additional staff for such purposes; provided, however, that such administrative expenses shall not exceed \$60,000 in each fiscal year.

8 Repeal. RSA 188-D:13, VI, relative to the first year of the New Hampshire incentive program, is hereby repealed.

9 Effective Date. This act shall take effect July 1, 1985.

Rep. William Riley explained the amendment.

Rep. Boucher spoke in favor of the amendment.

Amendment adopted.

Referred to Appropriations.

HB 486-FN, authorizing the board of governors to sell or lease certain property owned by the vocational- technical institutions and continually appropriating the income from such sales or leases. Majority: Ought to Pass with Amendment. Minority: Ought to Pass.

MAJORITY: The distance of the Berlin Vocational-Technical College from main centers of New Hampshire population, and the need for dormitory space now altogether missing, and the difficulty, both of getting State funds for dormitories, or getting private entrepreneurs to build dormitories near the campus, has led the Committee to support this bill for Berlin Vocational-Technical College alone. Vote 10-2. Rep. William A. Riley for the Majority of Education.

MINORITY: The minority felt that state land, as originally acquired, for Vocational-Technical schools should not be sold and that leasing would allow one school to solve its campus residency problems. (Rep. William J. Hounsell for the Minority of Education.)

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

authorizing the board of governors to sell or lease certain property owned by Berlin vocational-technical college and continually appropriating the income from such sales or leases, and authorizing the sale of certain materials from New Hampshire technical institute and vocational-technical college properties.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Board of Governors; Authority to Sell or Lease Land; Mineral Rights Retained. Amend RSA 188-F:4 (supp) as inserted by 1983, 379:2 by striking out said section and inserting in place thereof the following:

188-F:4 Powers and Duties. The board of governors shall have the following powers and duties:

I. To develop and adopt policy for the department and its institutions.

II. To oversee the administration of the department and its institutions.

III. To apply for and receive, in the same manner as other state agencies, federal or other funds for the operation of the department and its institutions. The board may accept gifts of money and property, other than real property, for use in institutional programs on its own authority.

IV. To adopt rules, in accordance with RSA 541-A, regulating the operations of the department and its institutions, including the rights and responsibilities of students.

V. Notwithstanding any other provision of law, to sell or lease to private parties portions of lands owned by the Berlin vocational-technical college, and to retain any mineral rights to such land. Income derived from any such sale or lease is hereby appropriated and shall be deposited in a nonlapsing account at the institution which owns or owned the land, to be used for maintenance of physical facilities or the acquisition of instructional equipment. The board is specifically authorized to sell or lease such land to private parties for the purposes of construction and operation of residential facilities for students and faculty. Said sums shall not be transferred to any other state fund.

2 Sale of Gravel, Timber, Etc. Notwithstanding any other provision of law, for the biennium ending June 30, 1987, the New Hampshire technical institute and 6 vocational-technical colleges are hereby authorized to sell sand, gravel, excess cordwood, timber, loam and other materials from campus property and to use the income therefrom to maintain, repair and improve buildings, grounds and recreational facilities for students. This revenue shall not lapse nor be transferred to any other state fund.

3 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

HB 748-FN, increasing the salaries of state employees in academic positions.

Ought to Pass with Amendment.

This bill was requested by the Department of Postsecondary Vocational-Technical education. The bill increases the salaries of state employees in academic positions for labor grades 13-25. The increases will take effect on July 1, 1985 and the salaries are based on a 52-week working year and are to be pro-rated for employees who work less than 52 weeks

per year. The amendment adds labor grades 13, 14 and 15 to the salary scale to include academic positions not included in the original bill. This bill had no opposition and the Committee felt it was important to bring these teachers more in line with other salaries in the region. Vote 11-0. Rep. Monte D. Rehlander for Education.

Amendment

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Academic Salaries Raised. Amend RSA 99:1-a (supp) as amended by striking out the salary range table for state employees in academic positions and inserting in place thereof the following:

The salary ranges for all classified state employees in academic positions determined to be such by the personnel commission, commencing July 1, 1985, shall be established as follows:

13	\$17,111.25	\$18,023.85	\$18,936.45	\$19,849.05	\$20,787.00
14	\$18,023.85	\$18,987.15	\$19,950.45	\$20,913.75	\$21,851.70
15	\$18,885.75	\$19,874.40	\$20,888.40	\$21,877.05	\$22,840.35
16	\$19,494.15	\$20,508.15	\$21,522.15	\$22,536.15	\$23,550.15
17	\$20,077.20	\$21,091.20	\$22,130.55	\$23,245.95	\$24,285.30
18	\$20,888.40	\$22,003.80	\$23,119.20	\$24,259.95	\$25,400.70

HB 348, establishing term life insurance for any governor, governor-elect or acting governor and making an appropriation therefor. Ought to Pass with Amendment.

This legislation requires that the state provide life insurance for any governor while serving in office. The amount of coverage would equal one year's salary and would be payable to the beneficiary designated by the governor. Vote 16-3. Rep. Harold W. Watson for Executive Departments and Administration.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

An Act

establishing term life insurance for any governor.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Term Insurance for Governor. Amend RSA 8 by inserting after section 82 the following new subdivision:

Term Life Insurance for the Governor

8:83 Definitions. In this subdivision:

I. "Commissioner" means the commissioner of administrative services.

II. "Governor" means the person selected governor pursuant to Pt. II, Art. 42 of the New Hampshire constitution.

8:84 Contracts. The commissioner shall enter into a term life insurance contract with an insurance company licensed to do business in this state. The commissioner shall review the contract annually in order to determine that the face value death benefit provided by the contract equals the amount set forth in RSA 8:85.

8:85 Term Life Insurance. The state shall provide a term life insurance policy

for any governor. The policy shall provide a face value death benefit in an amount equal to the annual salary provided the governor in RSA 94:1-a. The state shall pay all premiums associated with the policy. The policy shall be in effect only as long as the governor serves in that capacity.

8:86 Beneficiary. The beneficiary with respect to the face value death benefit shall be designated by the governor.

2 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Ordered to third reading.

HB 701, establishing a police standards and training council within the department of postsecondary vocational education. Ought to Pass with Amendment.

This bill, as amended, attaches the Police Standards and Training Council to the Department of Postsecondary Vocational-Technical Education as a unit of that Department. This measure does not interfere with the Council's independent role in setting curriculum standards for the training of police officers throughout the state, but allows tuition-paying non-police officers to take criminal justice courses, with the permission of the Council's director, thus expanding the state's vocational-education curriculum over-all. The bill has the support of the present Police Standards and Training Council, the Department's Board of Governors and Commissioner, and members of the law enforcement community. Vote 19-0. Rep. Dean Dexter for Executive Departments and Administration.

Amendment

Amend RSA 188-F:25 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

188-F:25 Agency Attached. The police standards and training council is transferred to the department of postsecondary vocational-technical education and made a unit of that department.

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Department Established. Amend RSA 188-F:2 (supp) as inserted by 1983, 379:2 by striking out said section and inserting in place thereof the following:

188-F:2 Department Established. There shall be a department of postsecondary vocational-technical education which shall be governed by a board of governors. The department shall be a state agency and shall consist of the office of the commissioner, the New Hampshire technical institute, the 6 vocational-technical colleges, and the police standards and training council.

Amend paragraphs III-VI of section 5 of the bill by striking out same and inserting in place thereof the following:

III. Obtain accreditation for such police standards and training council courses to make it possible for them to be accepted for academic credit by higher educational institutions.

IV. Offer as many law enforcement courses as the board of governors deems appropriate in as many areas of the state as possible.

Amendment adopted.

Ordered to third reading.

HB 406-FN, relative to chronic disease prevention, assessment and control and making an appropriation therefor. Ought to Pass with Amendment.

The bill, as amended, addresses a long-standing need to establish a cancer registry. A central source for the collection of cancer data, for compilation and analysis relating to incidence, diagnosis and prevention of cancer. With the proper safeguards in place relating to confidentiality, the bill establishes an Advisory Council to provide guidance and technical support and investigations. Based on information adduced from governmental or private agency, department, institution, clinic, laboratory, hospital, health maintenance organization, association, physician, or other similar unit diagnosing or providing treatment for cancer, the Director shall educate the public regarding chronic diseases, evaluate available health data for use in delivery prevention services and offer screening and prevention services to population groups at risk of developing chronic disease. Vote 21-1. Rep. Leo W. Fraser, Jr. for Health and Human Services.

Amendment

Amend the bill by striking out all after section one and inserting in place thereof the following:

2 Reference Deletion. Amend RSA 137-G:2, II (supp) as inserted by 1981, 568:36 as amended by striking out in line 4 the word "transplantation," so that said paragraph as amended shall read as follows:

II. "Catastrophic illness" means cancer, hemophilia, end-stage renal disease, spinal cord injury or cystic fibrosis, the treatment of which requires extensive medical care such as hospitalization, medication, diagnostic evaluation, surgery, dialysis, therapy, or other associated medical expenses such as transportation to and from medical facilities.

3 Appropriation. The sum of \$695,000 is hereby appropriated to the division of public health services for each fiscal year of the biennium ending June 30, 1987, \$445,000 of which shall be for the purposes of section 1 of this act. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

4 Effective Date. This act shall take effect July 1, 1985.

Amendment adopted.

Referred to Appropriations.

HB 444-FN, transferring costs of court facilities to the state and making an appropriation therefor. Ought to Pass with Amendment.

This bill fulfills the Legislature's commitment expressed in HB 200 of the last session to provide state funding for all court facilities. Under this proposal the administrative office of the courts will negotiate a lease with selectmen or county commissioners so that the cost of running court facilities would be the responsibility of the state effective January 1, 1986. This expense is currently borne by the municipality or county which hosts the court. The amendment defines "costs" and "facilities." Vote 13-0. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend RSA 490-B:2 - RSA 490-B:4 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

490-B:2 Definitions. In this chapter:

I. "Costs" means any expenses directly attributable to the court, including, but not limited to, maintenance of the facility, heat, light, and insurance.

II. "Facility" means any area used for the operation of a court.

490-B:3 Responsibility. The state shall provide suitable court facilities for the conduct of all court sessions which shall be held within the judicial district or county served by the court. The supreme court shall be responsible for the supervision of all the court facilities in the state.

490-B:4 Facilities Plan.

I. The New Hampshire court accreditation commission shall recommend on or before December 1 of each year to the supreme court the most cost effective method of financing each court facility. Methods of financing may include, but shall not be limited to:

(a) A rental or lease agreement with another unit of government or private third party.

(b) Purchase of an existing facility.

(c) Construction of a new facility.

II. The facilities plan shall be prepared on or before December 1 of each even-numbered year and shall be reviewed by December 1 of each odd-numbered year by the commission to evaluate changes in the status or condition of each court facility for the purpose of determining the appropriateness of annual expenditures.

490-B:5 Included in Budget Request.

I. Beginning with the moneys to be appropriated for fiscal year 1988, the supreme court shall include in each budget

request sufficient funding to continue the state financing of court facilities.

II. The amount to be paid for each court facility shall be established by the administrative office of the courts and approved by the court accreditation commission.

Amendment adopted.

Referred to Appropriations.

HB 445-FN, relative to local probation services and making an appropriation therefor. Ought to Pass with Amendment.

The intent of this bill is to provide state funding for probation services currently being delivered by probation officers who are municipal employees. The bill sets up a procedure to determine a fair reimbursement to the cities and towns for their services. Additionally, the Unified Court Commission is directed to make a recommendation to the 1986 legislature on the placement of local probation in some state agency. Vote 14-0. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the bill by striking out sections 1 and 2 and inserting in place thereof the following:

1 Localities to Pay for Additional Probation Officers. After July 1, 1985, all personnel and related expenses for any additional local probation officer serving a district or municipal court shall be paid by the local unit of government in the municipality in which the court facility is located. The cost for such probation services may be shared by the local units of government served by the probation officer. After July 1, 1985, any district court which is served by a state probation officer shall receive such additional services, as authorized by the department of corrections, as may be available.

2 Definition of Local Probation Services. The director of the administrative office of the courts, the director of the division for children and youth services in the department of health and human services, the commissioner of the department of corrections and the president of the New Hampshire District Court Probation Officers' Association, or their designees, shall establish a mutually agreeable definition of "local probation services" which shall be submitted to the select commission to examine a unified court system established by 1979, 488:1 for final approval or for recommendations for changes. The definition shall be submitted on or before September 1, 1985.

Amendment adopted.

Referred to Appropriations.

HB 487, eliminating the requirement that counties reimburse the state for superior court and probate court costs for fiscal year 1985. Ought to Pass with Amendment.

This bill, as amended, reduces the amount that counties must reimburse the state for the operations of superior and probate court costs from the \$2,750,000 to a maximum of \$1,750,000 for fiscal year 1985. Vote 14-0. Rep. Geraldine G. Watson for Judiciary.

Amendment

Amend the title of the bill by striking out same and inserting the following:

AN ACT

reducing the amount which counties are required to reimburse the state for superior court and probate costs in fiscal year 1985.

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Reimbursement Requirement. Amend 1983, 383:65 by striking out in line 4 the amount "\$2,750,000" and inserting in place thereof the following (\$1,750,000) so that said section as amended shall read as follows:

383:65 Special Provision for Fiscal Year 1985. For the fiscal year ending June 30, 1985, the state shall pay all costs of operation for the superior and probate courts; provided, however, that the counties shall reimburse the state, up to a total amount of \$1,750,000, for superior court and probate court costs on a pro rata basis according to population figures in the most recently published statistical abstract of the United States. Such reimbursement shall occur on or before July 31, 1985.

Amendment adopted.

Referred to Appropriations.

HB 353, relative to rehabilitation of the Nashua-Bennington and Concord-Claremont rail lines and making an appropriation therefor. Ought to Pass with Amendment. Current statutes provide the State a first refusal on all rail properties, providing an opportunity for New Hampshire to maintain a network of rights-of-way. House Bills 353 and 355 both propose funding for the purchase of abandoned rail rights-of-way. HB 353 contained an appropriation of \$150,000 for the current fiscal year. HB 355 proposed a bond issue of \$3,000,000. The Committee chose to recommend bonding at a reduced figure of \$1,500,000 as suggested by the Commissioner of Public Works and Highways. Vote 20-2. Rep. James A. Chandler for Public Works.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the rehabilitation of certain rail lines and making an appropriation therefor.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Rehabilitation of Certain Rail Lines.

I. The transportation division of the department of public works and highways is hereby authorized to physically rehabilitate the Nashua-Bennington, Concord-Claremont, Portsmouth-Hampton, and Rollinsford-Rochester branch lines. The general court notes that although the traffic volume is viable, the physical condition of these lines interferes with a healthy economy and the preservation of jobs. The general court recognizes that the continuation of these rail lines depends upon their rehabilitation.

II. The rehabilitation shall be conditioned upon the execution of an agreement by the owner of the rail line to maintain the roadbed at or above the operational condition attained because of rehabilitation with state funds and to deliver to the state documentation of a lien against the rail line in the amount expended to raise the level of maintenance.

III. The railroad shall make a \$300,000 capital contribution and the rail users shall make a \$300,000 capital contribution for rail line rehabilitation, each contribution representing 10 percent of the sum of the amount appropriated by this act and \$500,000 remaining in accounts established under 1981, 350:4 and 1981, 568:59 as amended by 1983, 250:4.

2 Appropriation. There is hereby appropriated to the transportation division of the department of public works and highways for the purposes of section one of this act the sum of \$2,500,000 to be expended for rehabilitation of the Nashua-Bennington, Concord-Claremont, Portsmouth-Hampton, and Rollinsford-Rochester rail lines. This appropriation is contingent upon the conditions listed in section one of this act.

3 Bonds Authorized. To provide funds for the appropriation made in section 2 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$2,500,000 and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest of the bonds shall be made from the general funds of the state.

4 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Referred to Appropriations.

HB 355, to acquire abandoned railroad lines and making an appropriation therefor. Ought to Pass with Amendment.

Current statutes provide the State a first refusal on all rail properties providing an opportunity for New Hampshire to maintain a network of rights-of-way. House Bills 355 and 378 both propose funding for the purchase of abandoned rail rights-of-way. HB 378 contained an appropriation of \$150,000

for the current fiscal year. HB 355 proposed a bond issue of \$3,000,000. The Committee chose to recommend bonding at a reduced figure of \$1,500,000 as suggested by the Commissioner of Public Works and Highways. Vote 20-2. Rep. James A. Chandler for Public Works.

Amendment

Amend the bill by striking out all after section 2 and inserting in place thereof the following:

3 Appropriation. There is hereby appropriated to the commissioner of the department of public works and highways, for the purpose of purchasing railroad rights of way under RSA 228, the sum of \$1,500,000 to be expended for acquisition of these properties.

4 Bonds Authorized. To provide funds for the appropriations made in section 3 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state the sum of \$1,500,000 and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest of the bonds and notes shall be made from the general funds of the state.

5 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Referred to Appropriations.

HB 378-FN, relative to funding the special railroad fund and making a supplemental appropriation therefor. Inexpedient to Legislate.

Current statutes provide the State a first refusal on all rail properties providing an opportunity for New Hampshire to maintain a network of rights-of-way. House Bills 355 and 378 both propose funding for the purchase of abandoned rail rights-of-way. HB 378 contained an appropriation of \$150,000 for the current fiscal year. HB 355 proposed a bond issue of \$3,000,000. The Committee chose to recommend bonding at a reduced figure of \$1,500,000 as suggested by the Commissioner of Public Works and Highways. Vote 15-7. Rep. James A. Chandler for Public Works.

Resolution adopted.

HB 435, relative to repairing the Hampton Beach state park and the seashell at Hampton Beach and making an appropriation therefor. Ought to Pass with Amendment.

This bill, as amended, will allow for construction of a state bath house at the Hampton Beach State Park. The Committee felt that this should have been in the Capital Budget. The amendment changes the appropriation from \$700,000 to \$494,500 and removes the covering on roof for the seashell from the bill, and accessibility to the beach for the handicapped since the accessibility has been already addressed. Vote 20-3. Rep. Beverly A. Hollingworth for Public Works.

Rep. Bibbo spoke in favor of the Committee report.

Rep. Hollingworth moved that HB 435 be laid upon the table.

Adopted.

HB 435 was laid upon the table.

HB 598, requiring any person filing a suit which delays the construction of an energy facility or a state highway or road to post a bond. Majority: Ought to Pass. Minority: Inexpedient to Legislate.

MAJORITY: The majority of the Committee felt projects have and will continue to be unnecessarily delayed by the art of delaying tactics by minority groups and individuals against the best public good and interest; unless this bill is enacted to protect the rights of the public and entrepreneurs. Harassment has been the tool of special interest groups in the past and will continue unchecked without a measure such as this. Vote 14-6. Rep. Gene G. Chandler for the Majority of Public Works. MINORITY: This bill is duplicative since injunctive powers are adequately covered by current statutes and requirements under Superior Court Rules. (Reps. Robert E. Murphy, Beverly Hollingworth, Sandra B. Keans for the Minority.)

Rep. Murphy moved that the report of the Minority, Inexpedient to Legislate, be substituted for the report of the Majority, Ought to Pass, and spoke to his motion.

Reps. Gene Chandler and Guay spoke against the motion and yielded to questions.

Rep. Hollingworth spoke in favor of the motion and yielded to questions.

Reps. Newcombe, Keans and Sylvia spoke in favor of the motion.

Reps. James J. White and Bibbo spoke against the motion.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

A division was requested.

224 members having voted in the affirmative and 104 members having voted in the negative, the motion was adopted.

Resolution adopted.

HB 497-FN, eliminating the limitation on the number of off-sale permits, retail wine licenses and combination retail wine and beverage licenses held by any person.

Majority: Ought to Pass. Minority: Refer for Interim Study.

MAJORITY: The existing law discriminates against a few New Hampshire grocers by restricting their ability to compete on an equal basis for the sale of beer and wine for off-premise consumption. This legislation responds to the consumers' desire to have the right of free choice in the purchase of beer and wine. It establishes equal opportunities for all grocers to compete for the consumers' dollar. Vote 12-7. Rep. Robert N. Kelley for the Majority of Regulated Revenues.

MINORITY: There are too many unanswered questions, and this matter should be studied once and for all. What does

"constitutes a grocery store" and "directly or indirectly involved" mean when issuing a permit? (Rep. Carmine F. D'Amante for the Minority of Regulated Revenues.)

Rep. Laurion moved that the report of the Minority, Refer for Interim Study, be substituted for the report of the Majority, Ought to Pass, and spoke to his motion.

Reps. Phelps, Reardon and George Gordon spoke against the motion.

Rep. Gerald Smith spoke in favor of the motion.

Rep. D'Amante spoke in favor of the motion and yielded to questions.

Rep. Robert Mason spoke against the motion and yielded to questions.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

A roll call was requested. Sufficiently seconded.

Rep. Laurion abstained from voting under Rule 16.

Ordered to third reading.

HJR 3-FN, granting William Lindeman the right to lease from the state for the remainder of his life a campsite located in Crawford Notch State Park. Majority: Inexpedient to Legislate. Minority: Ought to Pass with Amendment.

MAJORITY: Mr. Lindeman was notified, in 1965, by the Division of Forests and Lands, DRED, that leases in Harts Location, Crawford Notch State Park were to expire on March 31, 1968. The lessee was granted a three year period in which to relocate and vacate the premises. The lease period, upon request, was extended with a final termination by 1977. In 1982, the matter was turned over to the Attorney General's Office for appropriate legal action to evict Lindeman. At this time, the Conway District Court has postponed action on writ of State Possession until June 30, 1985. Vote 16-5. Rep. Charles L. Vaughn for the Majority of Resources, Recreation and Development.

MINORITY: The proposed amendment provides for income to the state of \$800 for back rent, plus future income of \$1,000 per year. By so doing it removes the prospect of additional legal expense to the state which may result from appeal to Superior Court. This will also show, the state can show compassion and bend the rules to respond to a problem it was partially responsible in creating. (Reps. Leander Burdick, Douglas Woodward, James Whittemore for the Minority of Resources, Recreation and Development.)

Rep. Gene Chandler moved that the report of the Minority, Ought to Pass with Amendment, be substituted for the report of the Majority, Inexpedient to Legislate, spoke to his motion and yielded to questions.

Rep. Vaughn spoke against the motion.

Reps. James Whittemore and Dickinson spoke in favor of the motion.

Rep. Meader spoke against the motion and yielded to questions.

A division was requested.

121 members having voted in the affirmative and 210 in the negative, the motion lost.

Majority report adopted.

HCR 8, to ratify an amendment to the Constitution of the United States to provide for representation of the District of Columbia in the Congress. Inexpedient to Legislate.

The majority of the Committee believes that representation in the Senate and House should be reserved exclusively for States. There are other methods of providing representation for District of Columbia residents, e.g. retrocession to Maryland, that would accomplish the goals of the sponsors. Vote 6-4. Rep. Edna Pearl F. Parr for State-Federal Relations.

Report adopted.

HB 363-FN, reducing the fee for vanity plates. Majority: Ought to Pass. Minority: Inexpedient to Legislate.

MAJORITY: The majority of the Committee felt that passage of the bill will increase the number of people using vanity plates sufficiently to compensate for loss of revenue due to reduction of the fee. The fact that the change to the present fee came so soon after a two-hundred percent increase was the reason several voted for the change. Vote 8-5. Rep. Irvin H. Gordon for the Majority of Transportation.

MINORITY: Vanity plates are voluntary, no one is forced to pay the \$25 fee. When the fee went up in the previous session, revenues went up substantially despite a 20% reduction in registrations. The minority could see no reason to reduce the fees and thereby the revenues available for driver education. (Reps. Stephen Sloan, Roger Stewart, Robert L. Whiting for the Minority of Transportation.)

Rep. George Gordon spoke in favor of the report of the Majority.

Ordered to third reading.

HB 342-FN, increasing the amount of the tax exemption for post-secondary institutions. Ought to Pass with Amendment. The Committee feels that this bill is a major step in helping colleges in New Hampshire. The amendment adds language that will make it possible for the college and city or town to reach a mutually agreeable cost for municipal services. Vote 14-0. Rep. Dennis R. Bolduc for Education.

Amendment

Amend RSA 72:23, IV-a as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

IV-a. The buildings and structures of post-secondary institutions organized or incorporated or carrying on their principal activities in this state and owned, used and occupied by them for the purposes for which they are established, including, but not limited to, the dormitories, dining rooms, kitchens, auditoriums, classrooms, infirmaries, administrative and utility rooms and buildings connected to them, athletic fields and facilities and gymnasiums, boat houses and wharves belonging to them and used in connection with them and the land appertaining to them, but not including lands and buildings not used and occupied directly for the purposes for which they are organized or incorporated, and the personal property used by them for the purposes for which they are established, provided none of the income or profits are divided among the members or stockholders or used or appropriated for any other purpose than the purpose for which they are organized or established; provided further that if the value of the dormitories, dining rooms and kitchens shall exceed \$1,500,000 or the sum set by the commissioner of revenue administration under paragraph IV-b, the value in excess of said sum shall be taxable. A town at an annual town meeting or the governing body of a city

may vote to increase the amount of the exemption upon dormitories, dining rooms and kitchens. A town may assess a service charge against any institution which is receiving an exemption under this paragraph in an amount which represents the mutually agreed upon cost of providing municipal services to the institution.

Amendment adopted.

Rep. Chambers offered an amendment.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Appropriation. There is hereby appropriated to the fiscal year ending June 30, 1986, to the department of revenue administration the sum of \$234,652. The department of revenue administration shall distribute an amount to any municipality which will lose funds under the provisions of this act, equal to the amount of revenue lost as a result of this act. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

4 Effective Date. This act shall take effect July 1, 1985.

Rep. Chambers explained the amendment.

the Rep. William Boucher spoke in favor of the amendment.

Amendment adopted.

Referred to Appropriations.

HR 24, relative to South Africa. Ought to Pass with Amendment.

The Committee felt it should take a position on the system of apartheid in South Africa and find South African system of such apartheid repugnant to our basic belief in freedom and justice. Vote 10-1. Rep. Ednapearl F. Parr for State-Federal Relations.

Amendment

Amend the resolution by striking out the second paragraph after the resolving clause and inserting in place thereof the following:

That we call on the United States government to take such action as is necessary to show our abhorrence and opposition to apartheid.

Rep. Schwane spoke against the amendment.

Rep. Parr spoke in favor of the amendment.

Amendment adopted.

Question now being, Ought to Pass as amended, a roll call was requested. Sufficiently seconded.

HOUSE JOURNAL 15

Tuesday, 2Apr85

The House assembled at 12:45 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

Your prophet of old proclaimed that justice should roll down like an ever flowing river. Forgive us when we have damned that river with logjams, diverted that river with money, and polluted that river with self-interest. Help us see that justice for all is the cornerstone of democracy and give us the strength to wage a continual fight to make justice available for every person, minority and majority. O Thou who are the final Judge of us all, give us Your blessing that this day we may do what is just, show love, and be in humble fellowship with You. Amen.

Rep. Sytek led the Pledge of Allegiance.

Rep. Rounds offered the following:

RESOLVED, that the Honorable Senate be notified that the House is ready to meet in Joint Convention at 1:05 p.m. for the purpose of hearing Chief Justice John W. King present his message on the state of the Judiciary.

RECESS

SENATE MESSAGE

The Senate is ready to meet in Joint Convention with the Honorable House for the purpose of hearing Chief Justice John King.

RECESS

JOINT CONVENTION
(Speaker presiding)

Chief Justice John W. King addressed the Joint Convention on the State of the Judiciary.

Speaker John B. Tucker, Senate President Vesta M. Roy, and Honorable Members of the Senate and the House of Representatives, ladies and gentlemen.

I recently read that Mark Twain, who this year celebrates the 150th anniversary of his birth, began his talks with a dramatic pause, followed by the announcement: Aristotle is dead. Plato is dead. Nietzsche is dead. I was reminded over the last two weeks that the indigent defense fund needs additional funding; and now that I ask you to raise judges' salaries to an adequate figure, I can tell you that, like Aristotle, I don't feel so well myself.

I sincerely appreciate the kind invitation of the President of the Senate and the Speaker of the House to appear before you today and briefly report on the

New Hampshire Judiciary and some other related matters. It is with great pride in the judicial system of New Hampshire that I address you.

I want to commence my remarks by expressing to both the Executive and Legislative branches of our state government the appreciation of the Judicial branch for the support of the judiciary in our efforts to implement innovative techniques and sound management practices in the third branch of government. You have been understanding and fair in dealing with our fiscal and personnel needs, and have responded intelligently and cooperatively to our requests.

As you well know, during the 1983 session of the general court, a sometimes controversial and bold reorganization of the fiscal structure of our court system was enacted. HB 200, which provided for the state financing of the court system, was originally endorsed as legislation that would provide substantial relief to property taxpayers throughout New Hampshire, and equally as important, bring new levels of fiscal accountability and efficiency to the Judicial branch of government.

I am pleased to report to you that the Court Reorganization Act of 1983 has lived up to its advanced billing and is an unqualified success in achieving its goals. Judicial branch revenues for fiscal year 1984, exceeded estimates by \$1,100,000. Judicial branch expenditures for the same period were \$800,000 less than budgeted for fiscal 1984. Even after being authorized to spend approximately \$500,000 to computerize the larger court locations and to implement other fiscal efficiencies, \$300,000 was lapsed to the general fund. We anticipate similar positive results when fiscal 1985 figures are in.

The cost of operation of the courts is all of the people's business. It is the obligation of the state to pay for the cost of the judicial business just as much as it is the obligation of the state to pay for the cost of the public's business conducted by the Legislative branch of government and the Executive branch of government. None of the branches of state government is a profit making business. Nevertheless, each branch should operate as efficiently and fiscally accountable as possible. I can assure you that the Judiciary is meeting its obligations.

While the improved dispensation of justice was the primary focus of House Bill 200, the implementation of that legislation has resulted in dramatic reductions in the demands of county and local governments upon property taxpayers. On a statewide basis, for the fiscal years 1984 and 1985 county assessments on the property owners of our state will be 3.7 million dollars less than they would have been had HB 200 not been enacted.

The Judicial branch takes great satisfaction in the fact that judicial reform authorized in 1983 has worked so well and should, in the future, result in greater benefits to the residents of this state.

An illustrative advantage of court unification is the opportunity to have full-time district court judges sit in other

district courts, as time and necessity require. Prior to the enactment of HB 200 such assignment of judges was not feasible. The advantage of this new capability is the reduction in cost and the better utilization of existing full-time judges. If, for any reason, a full-time district court justice is available, he is assigned to another district court where his services may be needed. Use of specially appointed justices and their expense shall and should be the exception - not the rule.

One aspect of court unification that was not addressed at the last legislative session is court facility expenses. When the unified court legislation was being considered, no one, including court personnel, was aware of the total costs associated with the operation of the court facilities. In the absence of such information the legislature required the Supreme Court to have all court facilities appraised, establishing a fair market value for each local and county facility. The court contracted with an independent appraisal firm which, in conjunction with members of our staff, completed the appraisals in January of this year. Based on the information included in the appraisals, a plan was developed to propose that the state lease all existing court facilities at a rate which exceeds the current operating costs for the facility, but which is lower than the fair market value.

The decision to propose leasing the court facilities rather than to purchase the current facilities was selected in light of the multiple occupants of most court facilities and the varied physical condition of the facilities. The lease approach included in HB 444 provides the state with maximum flexibility in deciding which facilities to purchase while ensuring that the local units of government are fairly compensated for the state's use of the local and county facilities. Passage of HB 444 is the last element in completing the transition to state financing of the courts. How this should be funded and when it should be funded we, of the Judicial branch, leave to the wisdom of the other two branches of government.

Our Supreme Court continues to update our rules to meet procedural problems that continuously confront us in the development and improvement of judicial procedures. I can assure you that the court in the reasonable exercise of our rule making function carefully protects the legislative right to establish the substantive statutory law within the restraints imposed by the Constitution of the State of New Hampshire. As an example, in adopting rules of evidence pursuant to Part II, Article 73-A of our State Constitution, we specifically said that no rules would take effect that are inconsistent with existing statutes.

The use of Masters in our superior courts has been a long standing complaint among the public, bar, and local government officials. As I promised two years ago, if ten additional Superior Court Judges were appointed, we could virtually eliminate the use of Masters in all but the most extraordinary cases. Since that commitment

was made, four new Superior Court Judges have been appointed and one within the last few days and the number of Masters used on a regular basis has been reduced from 14 to 7. As the remaining judicial positions are filled, the number of Masters will be further reduced. Despite my conviction that our citizens are entitled to have their cases tried in the main by judges and not by practicing lawyers, we recognize that our marital Masters do provide a very valuable service to the state in the expert processing of thousands of domestic relations cases. In my opinion, some of these Masters would qualify to serve as full-time judges.

The work of the Judiciary of New Hampshire is not a glamorous adventure. On the contrary, we are engaged in a tedious, intense day-to-day struggle to keep abreast of the ever-lengthening number of cases, endless dockets of cases and controversies, many of complex nature, which in a most vital and basic way, affect the lives, the liberty, the property and well-being of all of the people of New Hampshire. The work is demanding, but personally rewarding. I am convinced that the New Hampshire Judiciary has and will continue to discharge its responsibility with integrity, dedication and industry.

There are many activities of the bar association and the courts providing a public service that are important: the Committee on Professional Conduct with citizens and members of the bar hearing complaints against lawyers; the Committee on Judicial Conduct, similarly composed, hearing complaints against judges; the Court Accreditation Commission, the Commission on Courtroom Security; the Committee on the Rules of Evidence; the Committee on the Code of Professional Conduct, and numerous ad hoc committees. All of the judges of our courts participate in the work of at least one committee. A new committee on rules established by the court will provide written notice to the public of upcoming rules changes. It includes lay members, and will ensure public input on future rule changes in the Judicial branch. Public hearings will also be held by this committee.

Many are concerned about the tremendous growth in litigation. We wish it were otherwise, but we can take some comfort in the fact that a civilized society is providing a way to resolve the differences that arise amongst a free people. If our major civil and criminal disputes are not resolved in the relative calm and orderly procedures of the courtroom, what is the alternative solution?

Lastly, I would like to address the issue of changes to current judicial salaries and retirement. HB 532 proposes changes to the current salary structure and retirement plan that are being requested by the Judicial branch. I will not take time this afternoon to reiterate the arguments in favor of the proposed changes except to state that New Hampshire enjoys one of the finest judiciaries in our country. The commitment the judges have to the administration of justice in this state is second to none; however, the salary structure leaves much room for improvement.

It is and will be increasingly difficult to continue to attract and retain the qualified jurists of this state when the compensation lags far behind comparable figures in the Federal Judiciary, private practice and judicial salaries in other states.

While responsibility for the appointment of justices is exclusively that of the Chief Executive and Governor's Council, and properly so, nevertheless many fine lawyers have frequently refused appointment because they cannot afford to make such a personal and family sacrifice when compared to private practice. Frankly, it is becoming more difficult to recommend able young lawyers with families to accept appointment to the bench. Those judges serving during the last ten years or more have seen the cost of living increase 108%, while their salaries increased only 57% during the same period.

The proposals contained in HB 532 are not based on salaries or retirement benefits paid in other jurisdictions. If they were, they would be much higher than recommended. Rather they were developed for New Hampshire by the Judicial branch as realistic levels of compensation for the responsibility borne by our judges. Over the past two years the court system has made significant improvements to increase efficiency and to ensure that the quality of justice is not diminished. Those accomplishments are the results of the activities of many people; however, none of these improvements would be of any value were it not for the quality of our judges. The quality of justice in this or any state is directly related to the quality of its judiciary. This state has long enjoyed the contributions of a dedicated and talented judiciary. So, respectively, I request your support for HB 532 to ensure that the state continues to attract and retain such excellence.

So it is that on behalf of my fellow judges, as well as all personnel of the Judicial branch, I express to you, ladies and gentlemen, the deepest appreciation and grateful thanks of our courts for all of the assistance and help which you have provided for us and to us over the years.

Rep. Rounds and Sen. Stabile moved that the Joint Convention be adjourned.
Adopted.

HOUSE

(Speaker in the Chair)

SUSPENSION OF RULES

Rep. Sytek moved that the rules be so far suspended as to permit consideration at the present time of HR 28, requesting an opinion of the justices relative to Part I, Article 17, of the New Hampshire constitution, without referral to committee, printing, public hearing, committee report and notice in the Calendar, and spoke to her motion.

Adopted by the necessary two-thirds.

HOUSE RESOLUTION NO. 28

requesting an opinion of the justices relative to part 1, article 17 of the New Hampshire constitution.

WHEREAS, there is pending before the house of representatives HB 413, "An Act transferring the town of Barnstead from the Laconia district court to the Pittsfield district court," and

WHEREAS, this bill would redraw the Pittsfield judicial district so that the district included the towns of Pittsfield, Chichester and Epsom in Merrimack county and the town of Barnstead in Belknap county, thus creating the first judicial district to cross county lines, and

WHEREAS, part one, article 17 of the New Hampshire constitution was amended in 1978 by adding the words "or judicial district" so as to guarantee, in criminal prosecutions, the right to trial in the county or judicial district in which the crime was committed, and

WHEREAS, the supreme court of the state of New Hampshire has interpreted part one, article 17, of the New Hampshire constitution to require a defendant seeking a change of venue to prove that he cannot obtain a fair and impartial trial in the county in question, *State v. Sullivan*, 121 N.H. 301, 303, 428 A.2d 1247 (1981), now, therefore, be it

RESOLVED, by the House of Representatives, that the justices of the supreme court be respectfully requested to give their opinion upon the following question:

Does part one, article 17 of the New Hampshire constitution permit the creation of judicial districts that are comprised of contiguous municipalities located in different counties?

That the house clerk transmit 7 copies of this resolution to the justices of the supreme court along with an equal number of copies of HB 413.

The Clerk read the Resolution.
Ordered to third reading.

SUSPENSION OF RULES

Rep. Sytek moved that the Rules be so far suspended as to permit consideration at the present time of HR 29, a resolution requesting an opinion of the justices concerning the constitutionality of HB 440, without referral to committee, printing, public hearing, committee report and notice in the Calendar, and spoke to her motion.

Adopted by the necessary two-thirds.

HOUSE RESOLUTION NO. 29

A resolution requesting an opinion of the justices concerning the constitutionality of HB 440.

WHEREAS, in 1983 the New Hampshire Supreme Court stated that it should be reluctant to reconsider the validity of the doctrine of sovereign immunity "until the legislature has been given an opportunity to correct the present procedural and financial

inadequacies of statutes relating to sovereign immunity," State v. Brosseau, 124 N.H. 184, 192 (1983), and

WHEREAS, HB 440 has been introduced and amended by the judiciary committee of the house of representatives and is now pending before the house of representatives, and

WHEREAS, HB 440, as amended, waives the immunity of the state with respect to claims against the state and its employees to a maximum recovery of \$250,000 per claimant and \$2,000,000 per incident with certain specified exceptions, and

WHEREAS, the intention of HB 440, as amended, is to provide a comprehensive procedure for bringing claims against the state and its employees and to address the procedural and financial inadequacies of existing legislation, RSA 541-B, and

WHEREAS, in the view of the house of representatives HB 440, as amended, provides a reasonable system of compensation to satisfy the claims of persons injured by the negligent acts of state officers or employees while preserving the integrity of necessary governmental functions and decision-making, and

WHEREAS, questions have been raised concerning the constitutionality of this legislation, be it

RESOLVED, by the House of Representatives that the justices of the Supreme Court are respectfully requested to give their opinion upon the following questions of law:

1. Is it permissible under Part I, Article 14 of the New Hampshire Constitution for the state to impose limitations on recovery by a person injured by the negligent acts of a state official or employee?

2. If the answer to question one is in the affirmative, are the limitations on recovery set forth in HB 440, as amended, permissible under the New Hampshire Constitution?

That the clerk of the house of representatives transmit copies of this resolution to the justices of the New Hampshire Supreme Court.

The Clerk read the resolution.

Ordered to third reading.

The Speaker called for the Special Order.

HB 141-FN, relative to sunset review of the office of waste management. Ought to Pass with Amendment.

The amendment causes the Debt Service Payment to be made from Hazardous Waste Fund as was in original legislation. Vote 13-0. Rep. Paul I. LaMott for Appropriations.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Bonds Charged Against Hazardous Waste Fund. Amend RSA 147-B:6, V (supp) as inserted by 1983, 137:11 by striking out said paragraph and inserting in place thereof the following:

V. The interest and principle due on bonds and notes shall be paid out of funds from the hazardous waste cleanup fund.

Rep. Elizabeth Greene explained and spoke against the amendment and yielded to questions.

Rep. LaMott spoke in favor of the amendment and yielded to questions.

The Speaker requested a division. 169 members having voted in the affirmative and 109 in the negative, the amendment was adopted.

Ordered to third reading.

Rep. Rounds moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

Adopted.

HB 558 was removed at the request of Rep. Chambers.

HB 564 was removed at the request of Rep. Sytek. Adopted.

COMMITTEE REPORTS (Consent Calendar)

HB 170-FN, appropriating the proceeds of the sale of certain state prison property. Ought to Pass with Amendment.

This bill provides the prison the ability to dispose of land, 2.54 acres. Proceeds from the sale would be appropriated to the Department of Corrections for new facilities on the prison farm. The amendment ensures the sale price will not be less than \$65,000. Also, the amendment provides for the property to progress through the procedure outlined in RSA 17. Vote 15-0. Rep. Franklin Torr for Appropriations.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Proceeds of Sale Appropriated. Subject to the provisions of RSA 17-M, the proceeds of the sale of approximately 2.54 acres of state prison farm land on North State Street, Concord, New Hampshire, located between the prison farm house and property owned by Weeks Dairy Foods, Inc., in an amount of not less than \$65,000, are hereby appropriated to the department of corrections for the purpose of rebuilding or replacing certain existing structures; a bunker silo; a manure storage area; constructing with prison labor a milk house building; and equipping a new milking parlor. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

HB 502, relative to credit life, accident, and health insurance sold in connection with mobile homes or dwelling trailers. Ought to Pass.

This bill eliminates the proviso that credit life accident and health insurance sold in connection with first real estate mortgages on mobile homes or

dwelling trailers, regardless of duration shall be regulated under RSA 408-A. Vote 16-0. Rep. Harold W. Burns for Commerce, Small Business and Consumer Affairs.

HB 509, relative to the definition of automobile dealer. Refer for Interim Study. HB 509 might be a good bill, but at the moment the Committee felt it should have much more information on this and should be studied. Vote 16-0. Rep. Harold W. Burns for Commerce, Small Business and Consumer Affairs.

HB 577, repealing the interstate commerce exemption from the consumer protection act. Ought to Pass.

The Committee unanimously adopted this measure which repeals the "interstate commerce exemption" from RSA 358-A, the Consumer Protection Act. This bill removes an unnecessary impediment to the state's efforts to insure that trade and commerce affecting New Hampshire citizens is conducted fairly and honestly. Vote 14-0. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

HB 578, relative to the regulation of campground membership programs. Ought to Pass with Amendment.

This bill adds campground time sharing programs to the list of all time sharing programs currently regulated by the State. By requiring campground time sharing programs to meet the same standards as other types of time sharing, this legislation will ensure full disclosure to prospective purchasers of the benefits and risks inherent in these programs. The Committee amendment allows this act to take effect upon passage to provide protection during the coming summer vacation period. Vote 12-0. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

Amendment

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Effective Date. This act shall take effect upon its passage.

HB 624, establishing a permanent licensing system for insurance agents and brokers and providing for the licensing of insurance consultants. Ought to Pass with Amendment.

This bill establishes a permanent licensing system for insurance agents and brokers. The bill also covers time limit for insurance companies to notify the Department of Motor Vehicles on insurance coverage and insurance company liens. Vote 14-0. Rep. Harold W. Burns for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to notice of accidents to insurance companies; insurance company liens; and licensing insurance agents and brokers.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Motor Vehicles; Insurance Coverage. Amend RSA 264:3, IV as inserted by 1981, 146:1 by inserting in line one after the word "accident" the following (from the department) so that said section as amended shall read as follows:

IV. Within 15 days after the receipt of notice of such accident from the department, the insurance carrier or surety company which issued such policy shall notify the department in such manner as it may require in case such policy was not in effect at the time of such accident. If no such notification is received within such 15 days, the director may assume that such a policy was in effect at the time of the accident.

2 Liability of Third Person. Amend RSA 281:14, I and II (supp) as amended by striking out said paragraphs and inserting in place thereof the following:

I. When an injury for which compensation is payable under the provisions of this chapter has been sustained under circumstances creating in some person other than a person against whom action has been barred under RSA 281:12, a legal liability to pay damages in respect thereto, or a contractual obligation to pay benefits under the uninsured motorist provisions of any motor vehicle insurance policy, the injured employee, in addition to the benefits of this chapter, may obtain damages or benefits from or proceed at law or otherwise against such other person to recover damages or benefits; provided, however, that the employer, or the employer's insurance carrier, shall have a lien on the amount of damages or benefits recovered by the employee, less the expenses and costs of action, to the extent of the compensation, medical, hospital, or other remedial care already paid, or agreed or awarded to be paid by the employer, or the employer's insurance carrier, under this chapter, less the employer's or the employer's insurance carrier's, pro rata share of expenses and costs of action as determined in paragraph IV.

II. When the death of an employee has resulted under circumstances creating in some person other than a person against whom action has been barred under RSA 281:12, a legal liability to pay damages in respect thereto, or a contractual obligation to pay benefits under the uninsured motorist provisions of any motor vehicle insurance policy, the administrator of the employee's estate, in addition to the benefits of this chapter which are payable to the employee's

dependents, may obtain damages or benefits from or proceed at law or otherwise against such other person to recover damages or benefits. In such cases the employer, or the employer's insurance carrier, shall have a lien on the amount of damages or benefits recovered which remain after deduction of such of the expenses itemized in RSA 556:14 as are not paid by the employer, or the employer's insurance carrier, and after deduction of the distributive share of any person to whom nothing is payable under RSA 281:22, to the extent of the compensation, medical, hospital, or other remedial care and funeral expenses already paid, or agreed or awarded to be paid by the employer, or the employer's insurance carrier, under this chapter.

3 Settlements; Actions. Amend RSA 281:14, III as amended by striking out said paragraph and inserting in place thereof the following:

III. No settlement by an employee, or in case of death, by the administrator of his estate, or of his or said administrator's claim for damages or benefits at law or otherwise against such third person shall be binding until approved by the labor commissioner or, if an action has been brought, by the court or arbitration proceeding in which such action is pending or to which the writ is returnable. The labor commissioner, or the court, or the arbitrator, as the case may be, shall make provisions for payment to the employer, or the employer's insurance carrier, of the amount of his lien after expenses and costs of action have been paid. In any case in which the employee, or, in case of death, the administrator of his estate, neglects to exercise his right of action by failing to proceed at law or otherwise against such third person for a period of 9 months after said injury, the employer, or the employer's insurance carrier, may so proceed and shall be subrogated to the rights of the injured employee or, in case of death, of such administrator, to recover against such third person; provided, if the employer, or the employer's insurance carrier, recovers from such other person damages or benefits, after expenses and costs of action have been paid, in excess of the amount of his lien as defined in this section, then any such excess shall be paid to the injured employee, or in the case of death, to the administrator of the employee's estate, for distribution in accordance with the provisions of RSA 556:14. The procedure for approval of settlements and safeguarding the rights of the employee, or, in case of death, the rights of the administrator of his estate, in such cases shall be the same as is provided for protecting the rights of the employer, or the employer's insurance carrier, in cases of settlements made or actions at law or otherwise brought by the employee or the administrator of his estate under this section.

4 Expiration. Amend RSA 405 by inserting after section 17 the following new sections:

405:17-a Expiration. Any such license issued by the commissioner shall be in force only until June 14 of the second year after

issuance, but may be reissued by the commissioner, in his discretion and without formality other than proper application and satisfactory proof that such applicant at that time possesses the required qualifications for license and that the issuance of such license will not be contrary to the provisions of this section; provided that any agent's license issued by the commissioner shall continue in force until cancelled, suspended or revoked; and provided that the insurance company represented by any licensee or licensees shall furnish the commissioner, prior to June 14, biennially, the names of its agents whose licenses it wishes to continue. The fees for agents' licenses which are continued shall be assessed biennially as provided in RSA 400-A:29.

405:17-b Insuring Through Agents.

Foreign insurance or surety companies, although authorized to transact business within this state, shall only make, write, place, or cause to be made, written, or placed, policies or contracts of insurance or suretyship which are to be effective within this state, through agents who are regularly commissioned and licensed to transact business in this state.

5 Effective Date. This act shall take effect January 1, 1986.

HB 653, adopting the model small business equal access to justice act. Refer for Interim Study.

The Committee felt this bill should be studied more to enable subcommittee to present more information. Vote 16-0. Rep. Harold W. Burns for Commerce, Small Business and Consumer Affairs.

HB 662, relative to health insurance coverage. Inexpedient to Legislate.

After testimony of sponsor, the Committee felt there was not enough substantial evidence to uphold this kind of legislation. Vote 16-0. Rep. Lucille T. Wood for Commerce, Small Business and Consumer Affairs.

HB 667, amending the definition of accident as it applies to automobile insurance. Inexpedient to Legislate.

This bill does not have enough for the Committee to go on. It recommends inexpedient by a vote of 14-0. Rep. Lucille T. Wood for Commerce, Small Business and Consumer Affairs.

HB 678, removing the administrative fee limitation on individual insurance companies and providing sanctions for administrative violations. Ought to Pass.

This bill permits the Insurance Commissioner to nullify liability policies issued in violation of the law and eliminates the administrative fee limitation for each winner. Vote 15-0. Rep. Harold W. Burns for Commerce, Small Business and Consumer Affairs.

HB 679, requiring evidence of declination prior to issuance of surplus lines policies. Refer for Interim Study.

The subject of this bill is very complicated. The sponsor and Insurance Department agree it should be studied. Vote 15-0. Rep. Harold W. Burns for Commerce, Small Business and Consumer Affairs.

HB 696, relative to captive insurance companies. Ought to Pass with Amendment. A captive insurance company is an insurance company which insures only insurance exposures of its parents and/or affiliated companies. Insurance authorities estimate that by 1990 as much as 50% of all commercial insurance business will be insured in captive insurance companies. This bill is designed to encourage captive insurance companies to locate their headquarters in New Hampshire. Vote 13-1. Rep. B. P. Smith for Commerce, Small Business and Consumer Affairs.

Amendment

Amend RSA 401-C:2, I(a) as inserted by section one of the bill by striking out same and inserting in place thereof the following:

(a) No captive insurance company may insure any risks other than those of its parent and affiliated companies.

Amend RSA 401-C:8, II as inserted by section one of the bill by striking out same and inserting in place thereof the following:

II. An association captive insurance company may be incorporated:

- (a) As a stock insurer with its capital stock divided into shares and held by the stockholders; or
- (b) As a mutual insurer without capital stock, the governing body of which is elected by the member organizations of its association.

HB 722, establishing statutory accounting procedures for the regulation of insurance companies and requiring premium finance companies to be audited annually by certified public accountants. Ought to Pass.

This bill establishes statutory accounting procedures for the regulation of insurance companies and requires premium finance companies to be audited annually by certified public accountants. Vote 14-0. Rep. Harold W. Burns for Commerce, Small Business and Consumer Affairs.

HB 723, relative to non-profit health service corporations. Ought to Pass. This bill extends application of the Unfair Trade Practices Act to non-profit health service corporations; subjects non-profit health service corporations to the provisions of the administration fund; and extends health care strike benefits to non-profit health service corporation subscribers. Vote 14-0. Rep. Harold W. Burns for Commerce, Small Business and Consumer Affairs.

HB 609, relative to comprehensive high schools. Ought to Pass. This bill brings the statutes in line with the recent release of the State Board of Education setting new minimum standards for high schools. Vote 13-0. Rep. Edmund M. Keefe for Education.

HB 632-FN, establishing a printed materials revolving fund at the department of education. Ought to Pass. House Bill 632 was requested by the Department of Education. The bill establishes a printed materials revolving fund in the Department of Education to be administered by that department for the purposes of defraying the cost of copying by levying charges on each copy. Vote 13-0. Rep. Mary S. Nelson for Education.

Referred to Appropriations.

HB 633, relative to school building authority. Ought to Pass. This bill will allow any school district to be considered for unconditional state guarantee as bonds and notes of any school district, rather than as now, to only certain school districts. Vote 14-0. Rep. Howard F. Mason for Education.

HB 636, relative to current use assessment. Inexpedient to Legislate. Evidence is that the bill, as written, could not be enforced. Vote 18-0. Rep. Elizabeth A. Greene for Environment and Agriculture.

HB 757, making the seller liable for the land use change tax. Inexpedient to Legislate.

The present system of collecting the penalty seems to be working in most cases. This change could result in confusion. Vote 18-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

HB 796, allowing land in excess of 2 acres on any lot to be classified under current use. Inexpedient to Legislate. This bill, as drafted, did not address the problem the sponsor tried to correct. Therefore, the Committee found it inexpedient. Vote 18-0. Rep. Roberta C. Pevear for Environment and Agriculture.

HR 22, commemorating Helen J. Sullivan for 50 years of service to the Grange. Inexpedient to Legislate.

Although worthy, the Committee felt that to pass a special resolution will set a precedent and open up the legislative process to a flood of resolutions to recognize people. The sponsor has agreed to seek other means of recognition. Vote 18-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

HR 23, commemorating Hazel Kenney for 50 years of service to the Grange. Inexpedient to Legislate.

Although worthy, the Committee felt that to pass a special resolution will set a precedent and open up the legislative process to a flood of resolutions to recognize people. The sponsor has agreed to seek other means of recognition. Vote 18-0. Rep. Marilyn R. Campbell for Environment and Agriculture.

HB 629-FN, to include county jail and house of correction personnel in group II of the New Hampshire retirement system upon the approval of the county commissioners. Ought to Pass with Amendment.

Counties ought to have the option of including their jail and house of correction permanent full-time correctional line personnel in group II if they see fit. The amendment deletes part-time and gives the decision-making power to the county conventions rather than the county commissioners. Vote 18-0. Rep. Richard H. Campbell for Executive Departments and Administration.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

to include county jail and house of correction personnel in group II of the New Hampshire retirement system upon the approval of the county convention.

Amend the bill by striking out section one and inserting in place thereof the following:

1 Definition of "Permanent Policeman" Conditionally Enlarged. Amend RSA 100-A:1, VII-a (supp) as inserted by 1977, 599:3 as amended by striking out said paragraph and inserting in place thereof the following:

VII-a. For the purposes of this chapter, "permanent policeman" shall also include:

(a) Permanent correctional line personnel of the state prison, including directors of treatment, the warden, deputy wardens, the superintendent of prison industries, permanent civilian employees of prison industries, permanent classified maintenance, farm and kitchen personnel, and rehabilitation counselors; and

(b) Permanent correctional line personnel of a county jail or house of correction, including any full-time jailor, head jailor, superintendent, or assistant superintendent. The term "permanent policeman" shall include the permanent correctional line personnel of a particular county as listed in this subparagraph only after the county convention of the particular county, upon the recommendation of the executive committee, elects to transfer such permanent correctional line personnel from group I to group II of the retirement system. Upon the election of the county convention of a county, the permanent correctional line personnel listed in this

subparagraph who are members of group I of the retirement system shall become members of the retirement system group II classification as provided in RSA 100-A:36-g.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 New Section; Conditional Inclusion of County Correction Personnel in Group II. Amend RSA 100-A by inserting after section 36-f the following new section:

100-A:36-g Conditional Merger of County Correction Employees into Group II. All the permanent correctional line personnel of the county jail and house of correction, including all full-time jailors, head jailors, superintendents, and assistant superintendents who are members of group I of the retirement system, shall become members of the retirement system group II classification only upon the affirmative vote of the county convention of the county in which they are employed to approve such a transfer, upon the recommendation of the executive committee. The vote of the county convention of one county to transfer such permanent correctional line personnel from group I to group II shall not affect the retirement system classification of such permanent correctional line personnel in any other county. Members so transferred under this section following an affirmative vote of the county convention of a county upon the recommendation of the executive committee shall make contributions as provided in RSA 100-A:16. Upon retirement, death or termination of service, a member so transferred under this section shall have his retirement allowance determined as the sum of the retirement allowances with respect to the period of creditable service in each respective classification computed in each case on the basis of his earnable compensation and creditable service in the respective classification before and after the transfer and the provisions of the law applicable to such classification. Solely for the purpose of determining a member's eligibility for benefits with respect to his creditable service in each classification, the member's creditable service shall be equal to the sum of the creditable service rendered in each classification.

Referred to Appropriations.

Rep. Dupont abstained from voting under Rule 16.

HB 718-FN, to include state prison educational personnel in group II of the New Hampshire retirement system. Inexpedient to Legislate.

The Committee heard evidence indicating that there are serious inequities in the present determination of which state prison employees are included in group II. However, this bill does not adequately address the problem. Vote 18-1. Rep. Richard H. Campbell for Executive Departments and Administration.

HB 721-FN, permitting group II members who reach age 65 to make an election for retirement benefits. Ought to Pass with Amendment.

Before 1979, retirement for group II members at age 65 was compulsory. The 1979 amendment to the statute removed the compulsory retirement without providing for voluntary retirement at age 65. The amendment simplifies the wording without changing the intent. Vote 19-0. Rep. Richard H. Campbell for Executive Departments and Administration.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Retirement Benefits for Certain Group II Members. Amend RSA 100-A:5, II(a) (supp) as inserted by 1967, 134:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(a) Any group II member in service who has attained age 45 and completed 20 years of creditable service, or who has attained age 65, may retire on a service retirement allowance upon written application to the board of trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the filing thereof, he desires to be retired, notwithstanding that during such period of notification he may have separated from service.

Referred to Appropriations.

HB 622-FN, changing the name of the office of institutional collections and permitting the office, upon request, to make collections for other state departments. Ought to Pass with Amendment.

This bill changes the name of the Office of Institutional Collections to the Office of Reimbursement, and permits the office, upon request, to make collections for other state departments. The Committee felt this would be more compatible with the collection functions of this agency. Vote 22-0. Rep. Alberta Z. Clay for Health and Human Services.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Subdivision Heading Change. Amend the subdivision heading preceding RSA 126-A:44 by striking out said heading and inserting in place thereof the following:

Office of Reimbursements

2 Name Change. Amend RSA 126-A:44 (supp) as inserted by 1977, 600:27 as amended by striking out said section and inserting in place thereof the following: 126-A:44 Office Established. There shall be an office of reimbursements within the division of mental health and developmental services of the department of health and human services.

3 Name Change. Amend RSA 126-A:45 (supp) as inserted by 1977, 600:27 as

amended by striking out said section and inserting in place thereof the following: 126-A:45 Duties.

I. Subject to the direction and supervision of the director of the division of mental health and developmental services, the office of reimbursements shall:

(a) Review and investigate all records of the New Hampshire hospital, Laconia state school and training center and the Glencliff home for the elderly, relative to expenses incurred by patients at such institutions, or expenses incurred by patients receiving care, treatment, or maintenance at the direction of the commissioner of health and human services, and make recommendations to the director of mental health and developmental services and the director of public health services and to the respective superintendents of such institutions, as to the rates to be charged for the care, treatment, and maintenance of such patients or residents.

(b) Investigate the ability of patients or residents of such institutions and of the patients receiving care, treatment or maintenance either in public or private institutions or otherwise at the direction of the commissioner of health and human services and those legally chargeable for their support and maintenance to pay for such care, treatment, and maintenance, and recommend to the director of mental health and developmental services or human services the charge to be rendered.

(c) Submit monthly to the director of mental health and developmental services or the director of public health services or the commissioner of health and human services any recommended changes in the schedule of charges based upon the ability of the patient or resident or those legally chargeable for their support to pay.

(d) Submit monthly to the director of mental health and developmental services or the director of public health services or the commissioner of health and human services a report setting forth any facts or information which bear upon or affect the domicile of any patient or residents of such institution, which the office of reimbursements has found in conjunction with investigations under this subdivision.

II. The director of mental health and developmental services or the director of public health services or the commissioner of health and human services shall recommend such action as he deems advisable.

4 Name Change. Amend RSA 554:19-a (supp) as inserted by 1971, 183:9 as amended by striking out said section and inserting in place thereof the following:

554:19-a Notice of Office of Reimbursements. Every administrator shall notify the office of reimbursements under the direction of the director of the division of mental health and developmental services if he has knowledge of liability under RSA 126-A:47.

5 Reference Changes. Amend the following sections of RSA by striking out all references to the "office of institutional collections" or the "office of

institutional collection" and inserting in place thereof the following (office of reimbursements) and by striking out all references to the "commissioner of health and welfare" and inserting in place thereof the following (commissioner of health and human services) so that said sections as amended shall refer to the office of reimbursements and the department of health and human services: RSA 126-A:46, 47, 48, 49, 51, 52, 53, and 54.

6 Reference Change. All references to the "office of institutional collections" in any law of the state of New Hampshire, shall be changed to read "office of reimbursements".

7 New Section. Amend RSA 126-A by inserting after section 45 the following new section:

126-A:45-a Other State Departments. The office of reimbursements, with the approval of the director of mental health and developmental services, may, upon request, act on behalf of any state department, as defined in RSA 9:1, to recover any moneys due such department. The office of reimbursements shall not be liable for any expenses or costs incurred in any action brought pursuant to this section.

8 Effective Date. This act shall take effect 60 days after its passage.

HB 651-FN, relative to screening for long term care. Ought to Pass.

The Committee felt that this type of legislation is absolutely necessary for health cost containment and in line with the health policy direction of the state. Vote 17-0. Rep. Matthew M. Sochalski for Health and Human Services.

Referred to Appropriations.

HB 762, requiring hospitals to provide emergency medical services to all applicants. Ought to Pass with Amendment. This bill provides that any hospital with emergency medical facilities shall not deny medical emergency treatment to any person, including an indigent person. Vote 19-0. Rep. Alberta Z. Clay for Health and Human Services.

Amendment

Amend RSA 151:31 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

151:31 Duty to Furnish Hospital Emergency Services. Every hospital, either public or private, which does business within this state and provides general medical and surgical services and emergency medical services shall furnish hospital emergency services to any applicant, including an indigent person, who applies for them in case of injury or acute medical condition where death, severe illness, or severe injury may occur.

HB 764, relative to the practice of optometry. Ought to Pass with Amendment. After several sessions of fighting the issue of use of pharmaceutical agents by

optometrists, the optometrists and ophthalmologists have agreed on the issue and both groups support this bill as amended. The Committee unanimously supports the compromise. Vote 20-0. Rep. Elizabeth Hager for Health and Human Services.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Definition. Amend RSA 327:1 by striking out said section and inserting in place thereof the following:

327:1 Definitions. In this chapter:

I. "Pharmaceutical agents" means proparacaine not to exceed .5 percent solution, fluress, sodium fluorescein dye, rose bengal dye, tropicamide not to exceed 1 percent solution, phenylephrine not to exceed 2.5 percent solution. The specification of these agents shall in no way preclude the addition of other pharmaceutical agents in strengths approved for diagnostic purposes under RSA 327:6-b.

II. "Practice of optometry" means the employment of any method or means, other than surgery, for the diagnosis of any optical defect, deficiency or deformity of the human eye, or visual or muscular anomaly of the visual system, or the adaptation or prescribing of lenses, prisms, or ocular exercises for the correction, relief or aid of the visual functions; provided, however, that the use of pharmaceutical agents shall be limited to topically applied non-narcotic agents for ocular examination purposes.

2 Examination Expanded. Amend RSA 327:6 as amended by striking out said section and inserting in place thereof the following:

327:6 Certificates of Qualifications and Fees. No person, except as otherwise provided in this chapter, shall practice optometry until he has passed an examination approved by the board in theoretical, practical and physiological optics, in theoretical and practical optometry, in pharmacological substances, and in anatomy, physiology and pathology of the eye, and shall have demonstrated his ability to properly use pharmaceutical agents for diagnostic purposes, the ophthalmoscope, the retinoscope and other scientific instruments and methods used in the practice of optometry, and has presented satisfactory evidence in the form of affidavits properly sworn to, that he is over 18 years of age and of good moral character, that he has had 2 years at a college of arts and sciences with satisfactory grades and graduated from a school or college of optometry approved by the board, maintaining a minimum of 4 years in optometric training. The fee for the examination or registration shall be \$100 and those passing the examination shall receive the certificate of qualification without additional charges. Any person failing to satisfactorily pass an examination shall be entitled to re-examination at any future meeting of the board within 2 years without further fee;

after 2 years the charge shall be \$20 for each subsequent examination.

327:6-a Presently Licensed

Optometrists; Requirements. With respect to optometrists licensed on or after July 1, 1985, only those licensed optometrists who have satisfactorily completed a course in pharmacology, as it applies to optometry, given by a school of medicine or optometry and approved by the board of registration in optometry, and who have successfully completed an examination on pharmacological substances authorized by the board, shall be permitted to use pharmaceutical agents for diagnostic purposes in the practice of optometry.

372:6-b Joint Pharmaceutical Formulary Board.

I. The joint pharmaceutical formulary board shall consist of 7 members as follows: 2 optometrists licensed and qualified to practice optometry in the state of New Hampshire under RSA 327; 2 physicians licensed and qualified to practice as ophthalmologists in the state of New Hampshire; one pharmacologist practicing in the state of New Hampshire; one pharmacist licensed and practicing in the state of New Hampshire; and one dentist licensed in the state of New Hampshire who shall be the public member of said board. Members of the initial board shall serve for staggered terms of 2, 3, and 4 years. Of the initial board, 2 shall serve for 2 years, 3 shall serve for 3 years and 2 shall serve for 4 years. All subsequent members appointed shall serve terms of 5 years and shall not be eligible for a second consecutive term. Recommendations for appointment shall be made to the governor and shall be subject to confirmation by the executive council. The optometric, physician, and pharmacy members shall be recommended by their respective professional associations. The dentist as public representative and the pharmacologist shall be nominated directly by the governor. The dentist shall serve as chairperson of the joint pharmaceutical formulary board. All members shall be residents of the state of New Hampshire. Neither they nor their spouses shall have any material financial interest in the provision of eye care services other than that which is directly connected to the practice of their professions.

II. The board shall meet not less than once nor more than twice in any calendar year to rule on the advisability of adding to or altering the list of allowed diagnostic pharmaceutical agents as defined in RSA 327:1, I and as referred by the optometry board. Decisions on such referrals shall be rendered within 45 days of written notice of the referral to the chairman, shall be determined by a simple majority with a quorum of 6 members and shall be binding on the board of optometry.

III. Violations of this section shall be reported in writing to the board of registration in optometry which shall investigate alleged violations and take disciplinary actions as appropriate under the powers granted under RSA 327:20. The joint pharmaceutical formulary board shall be apprised of all reported violations of this section and shall receive copies of all

reports, findings and disciplinary action taken. The use of any pharmaceutical agent other than those approved for diagnostic purposes or for other than diagnostic purposes shall be considered a violation of RSA 327:20.

3 Rulemaking. Amend RSA 327:31 by inserting after paragraph VIII the following new paragraph:

IX. Additions or alterations to the defined pharmaceutical agents for diagnostic purposes as set forth in RSA 327:1, I.

4 Effective Date. This act shall take effect July 1, 1985.

HB 404, deleting the requirement for district court sessions in Epping. Ought to Pass.

Under this bill, the judge of the Exeter District Court will no longer be required to hold sessions in Epping. The selectmen in Epping have no objection to this bill. Vote 12-0. Rep. Donna P. Sytek for Judiciary.

HB 447, relative to distribution of assets seized in controlled drug arrests and appropriating certain proceeds to the drug forfeiture fund. Inexpedient to Legislate.

The provisions of this bill are being incorporated into HB 517. Vote 17-0. Rep. C. William Johnson for Judiciary.

HB 566, relative to fault grounds in divorce proceedings. Refer for Interim Study.

The Committee felt this bill needs further study in view of the present use of the fault grounds. Vote 18-0. Rep. Frank J. Sylvia for Judiciary.

HB 576, relative to the crime of theft by deception. Refer for Interim Study.

This bill has merit, but needs to have some refinements and should be studied for that purpose. Vote 15-3. Rep. Frank J. Sylvia for Judiciary.

HB 584, relative to possession of weapons by felons. Inexpedient to Legislate.

The Committee believes that the current New Hampshire law, in conjunction with federal law, adequately deal with possession of weapons by felons. Currently, RSA 159:3 provides that no convicted felon may have in his possession a dangerous weapon and that violation of this law is a class B felony. Vote 8-4. Rep. Maureen E. Raiche for Judiciary.

HB 681, prohibiting game machines with cancellation buttons or cancellation keys. Refer for Interim Study.

The Committee feels this bill has merit, but requires further study. For these reasons the vote for interim study was 16-1. Rep. Geraldine G. Watson for Judiciary.

HB 682, relative to gambling and restricting the use of certain amusement machines. Inexpedient to Legislate.

The changes recommended by this bill would change the gambling law to an unmanageable and suppressive extent against some properly operated establishments and their employees, and is vague and causes considerable interpretive problems. Vote 15-1. Rep. Frank J. Sylvia for Judiciary.

HB 710, relative to the selection of guardians ad litem. Refer for Interim Study. It was the feeling of the Committee that the guardian ad litem system in New Hampshire needs major repair. Due to time limitations this bill could not get the research and overhaul it needs. Therefore, it is the feeling of the Committee that the bill be referred for Interim Study so the system can be corrected properly for the benefit of the children in our state. Vote 14-3. Rep. Donnalee Lozeau for Judiciary.

HB 768, relative to minimum mandatory sentences for felonious use of firearms. Inexpedient to Legislate.

Present law requires a one year mandatory sentence and allows judicial discretion in further sentencing. The Committee felt an increase in mandatory sentence inappropriate. Vote 12-0. Rep. Geraldine G. Watson for Judiciary.

HB 798, relative to separate maintenance. Inexpedient to Legislate. The Committee feels that this bill does not address the issue of separate maintenance. It would be a major change in the current law which testimony did not support. Vote 16-1. Rep. Elizabeth D. Lown for Judiciary.

HB 410, relative to the resolution of public employee labor disputes. Refer for Interim Study.

It was felt that the procedure of binding arbitration to resolve disputes between public employers and their employees needs further study. Vote 13-0. Rep. Robert S. Hawkins for Labor, Industrial and Rehabilitative Services.

HB 649, relative to private sector employee labor relations. Ought to Pass with Amendment.

The bill deals with protection for the people who work at race tracks and their right to who and how their representation of their bargaining units, responsibilities with management will be selected. This measure would direct the Labor Commissioner under RSA 273:15 for investigating controversies. The concern is that if a union is chosen to represent the people working at race tracks (dog and horse) that it be done fairly and ethically. Vote 13-0. Rep. Wilfred Burkush for Labor, Industrial and Rehabilitative Services.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to employees of the dog and horse racing industry.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Subdivision. Amend RSA 273 by inserting after section 27 the following new subdivision:

Employees of the Horse and Dog Racing Industry

273:28 Definitions. In this subdivision:

I. "Employer" means any employing unit, including, but not limited to, any individual, partnership, association, joint venture, trust, estate, joint stock company or corporation, whether domestic or foreign, but not including any public employer as defined in RSA 273-A:1, X, which:

(a) Is an employing unit which is engaged in dog or horse racing or both and is licensed to conduct races under RSA 284; and

(b) Is an employing unit which in the current calendar year, has or had in employment one or more individuals.

II. "Employee" means any person who performs compensated services for an employer as defined in this section. Employee also means any individual who performed such compensated services and whose work ceased as a consequence of, or in connection with, any current labor dispute or because of any unfair labor practice, and who has not obtained any other regular and substantially equivalent employment.

III. "Employee organization" means any organization of any kind, or any agency or employee representative committee or plan, in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work.

IV. "Professional employee" means any employee engaged in work predominantly intellectual and varied in character, involving the consistent exercise of discretion and judgment, and requiring knowledge in a discipline customarily acquired in a formal program of advanced study.

V. "Terms and conditions of employment" means wages, hours and other conditions of employment.

273:29 Jurisdiction. The commissioner shall have jurisdiction, subject to the provisions of this subdivision, over any entity involved in horse and dog racing which, but for an express declination by the federal National Labor Relations Board to exercise jurisdiction, would be regulated by that federal board.

273:30 Obligation to Bargain. It is the obligation of the employer and the employee organization certified by the commissioner as the exclusive representative of the bargaining unit, or voluntarily recognized by the employer, to negotiate in

good faith. "Good faith" negotiation involves meeting at reasonable times and places in an effort to reach an agreement on the terms of employment, but the obligation to negotiate in good faith shall not compel either party to agree to a proposal or to make a concession.

273:31 Unfair Labor Practices Prohibited.

I. It shall be prohibited practice for any employer:

(a) To restrain, coerce or otherwise interfere with its employees in the exercise of the rights conferred by this subdivision.

(b) To dominate or to interfere in the formation or administration of any employee organization.

(c) To discriminate in the hiring, tenure, or the terms and conditions of employment of its employees for the purpose of encouraging or discouraging membership in any employee organization.

(d) To discharge or otherwise discriminate against any employee because he has filed a complaint, affidavit or petition, or has given information or testimony under this subdivision.

(e) To refuse to negotiate in good faith with the exclusive representative of a bargaining unit.

(f) To fail to comply with this subdivision or any rule adopted under this subdivision.

II. It shall be a prohibited practice for the exclusive representative of any employee:

(a) To restrain, coerce or otherwise interfere with employees in the exercise of their rights under this subdivision.

(b) To restrain, coerce or otherwise interfere with employers in their selection of agents to represent them in collective bargaining negotiations or the settlement of grievances.

(c) To cause or attempt to cause an employer to discriminate:

(1) in the hiring or tenure, or the terms and conditions of employment of its employees for the purpose of encouraging or discouraging membership in any employee organization; or

(2) against an employee whose membership in an employee organization has been denied or terminated for reasons other than failure to pay membership dues.

(d) To refuse to negotiate in good faith with the employer.

(e) To fail to comply with this subdivision or any rule adopted under this subdivision.

273:32 Violations.

I. The commissioner shall have primary jurisdiction of all violations of RSA 273:31.

II. Complaints shall be filed by affidavit. A copy shall be given to the party complained against at the time the complaint is filed. The commissioner shall hold a hearing within 45 days under rules adopted by the commissioner, pursuant to RSA 541-A, and shall give 5 working days' notice of the hearing by certified mail to all persons required to appear and to the

representative of a party against whom a complaint has been filed.

III. The commissioner may issue a cease and desist order if it deems one necessary in the public interest, pending the hearing.

IV. The commissioner shall have the power to compel the attendance of witnesses and the production of documents by the issuance of subpoenas, and to take testimony under oath, as provided in RSA 516. The commissioner may delegate such powers to any persons he may appoint.

V. Both parties shall have the right to be represented by counsel.

VI. The commissioner shall render its decision within 45 days after the hearing, in accordance with rules adopted by the commissioner, pursuant to RSA 541-A. Upon finding that a party has violated RSA 273:31, the commissioner may:

(a) Issue a cease and desist order;

(b) Order reinstatement of an employee with back pay;

(c) Require periodic reporting of compliance;

(d) Order payment of the costs incurred by a party negotiating in good faith in negotiations found by the commissioner to not have been carried on in good faith by the other party, if the commissioner finds such penalty appropriate to the circumstance; or

(e) Order such other relief as the commissioner may deem necessary.

273:33 Injunctions. The commissioner shall petition the superior court for the county in which the party sought to be enjoined is principally located for such order of the court as may be necessary to compel obedience to a final order of the commissioner. The superior court shall issue its order upon satisfying itself that:

I. The order of the commissioner was within his jurisdiction to issue; and

II. There is substantial evidence on the record considered as a whole to support the finding of the commissioner.

273:34 Determining Bargaining Unit.

I. The commissioner or his designee shall determine the appropriate bargaining unit and shall certify the exclusive representative of the unit when petitioned to do so under RSA 273:35. In making his determination, the commissioner shall take into consideration the principle of community of interest. The community of interest may be exhibited by one or more of the following criteria, although it shall not be limited to those listed in this paragraph:

(a) Employees with the same conditions of employment.

(b) Employees with a history of workable and acceptable collective negotiations.

(c) Employees in the same historic craft or profession.

(d) Employees functioning within the same organizational unit.

II. The commissioner may certify a bargaining unit composed of professional and non-professional employees only if both the professional and non-professional employees, voting separately, vote to join the proposed

bargaining unit. Persons exercising supervisory authority involving the significant exercise of discretion may not belong to the same bargaining unit as the employees they supervise.

III. If the bargaining unit is determined by the commissioner's designee, the decision may be appealed to the commissioner for final determination.

273:35 Elections.

I. The commissioner shall investigate a petition filed under this paragraph and may hold hearings for the purpose of determining whether or not grounds exist for conducting an election. Upon so finding, the commissioner shall order an election to be held under his supervision and in accordance with rules adopted by the commissioner. Otherwise, he shall dismiss the petition. A petition may be filed by:

(a) At least 30 percent of the employees in the bargaining unit seeking recognition, alleging that they wish to be represented in collective bargaining by an employee organization as their exclusive representative or asserting that the employee organization which has been certified by the commissioner is no longer the representative of the majority of employees in the bargaining unit; or

(b) An employer alleging that one or more employee organizations has petitioned to be recognized as the exclusive representative of a majority of employees in a bargaining unit.

II. The petition shall consist of separate forms for each employee, whose names shall not be disclosed.

III. The ballot shall contain a space permitting a vote against representation by any employee organization whatever. No election shall be held within 12 months after an election in which a majority of those voting cast ballots against representation by any employee organization.

IV. An employee organization receiving a simple majority of the votes shall be certified by the commissioner as the exclusive representative of the bargaining unit. In the absence of a simple majority, a run-off election shall be conducted between the 2 options receiving the most votes.

V. The commissioner shall not certify any employee organization as the exclusive representative of a bargaining unit without an election being held pursuant to this section.

VI. (a) Certification as exclusive representative shall remain valid until the employee organization is dissolved, voluntarily surrenders certification, loses a valid election or is decertified.

(b) The commissioner shall decertify any employee organization which is found in a judicial proceeding to discriminate with regard to membership, or with regard to the conditions of membership, because of age, sex, race, color, creed, marital status or national origin; or has systematically failed to allow its membership equal participation in the affairs of the employee organization.

(c) Any challenge to a certified exclusive bargaining representative, whether in a decertification election or a challenge by another labor organization, shall result in decertification or change in bargaining representation if decertification or the challenging organization is approved by a majority vote of members of the bargaining unit voting.

273:36 Representation Rights.

I. Employers shall extend the following rights to the exclusive representative of a bargaining unit certified under RSA 273:35, or voluntarily recognized by the employer:

(a) The right to represent employees in collective bargaining negotiations and in the settlement of grievances. An individual employee may present an oral grievance to his employer without the intervention of the exclusive representative. Until the grievance is reduced to writing, the exclusive representative shall be excluded from a hearing if the employee so requests; but any resolution of the grievance shall not be inconsistent with the terms of an existing agreement between the parties.

(b) The right to represent the bargaining unit exclusively and without challenge during the term of the collective bargaining agreement. Notwithstanding the provisions of this paragraph, an election may be held not more than 180 nor less than 120 days prior to the date such collective bargaining agreement shall expire.

II. A reasonable number of employees who act as representatives of the bargaining unit shall be given a reasonable opportunity to meet with the employer or his representatives during working hours without loss of compensation or benefits.

273:37 Appeals. Any person aggrieved by a final order of the commissioner granting or denying in whole or in part the relief sought may obtain review of such order in the manner prescribed in RSA 541.

273:38 Actions By or Against an Employee Organization. Actions by or against the exclusive representative of a bargaining unit may be brought, without respect to the amount of damages, in the superior court of the county in which it is principally located, or where the plaintiff resides or has its principal place of business, if the plaintiff is a resident of this state or is incorporated in this state.

273:39 Rights of Employees. Employees shall have the right to self-organization, to form, join or assist labor organizations, to bargain collectively through representatives of their own choosing, and to engage in concerted activities, for the purpose of collective bargaining or other mutual aid or protection.

273:40 Right to Strike. Nothing in this subdivision shall be construed so as to interfere with or impede or diminish in any way the right to strike.

2 Effective Date. This act shall take effect upon its passage.

HB 659-FN, creating a committee to study the recodification of the New Hampshire workers' compensation laws. Ought to Pass.

The Committee felt it was necessary to recodify the New Hampshire Workers' Compensation Laws as they have not been recodified since 1947. Recodification will bring together the many changes in the law in the last 38 years. Vote 12-0. Rep. Avis B. Nichols for Labor, Industrial and Rehabilitative Services.

HB 669, relative to heart and lung disease in firefighters. Inexpedient to Legislate.

The same subject matter, with the inclusion of cancer as an occupationally related disease in firefighters, is considered the better measure and will be studied in HB 670. Vote 14-0. Rep. Henry E. Wells for Labor, Industrial and Rehabilitative Services.

HBI 2013, relating to impasse resolution under the public employee labor relations law. Inexpedient to Legislate.

This bill sets up a "select committee" to investigate and make recommendations relative to resolutions of impasses in public sector labor negotiations. The Committee felt the same work could be accomplished by the standing committee on Labor, Industrial and Rehabilitative Services at much less expense. Vote 13-0. Rep. Robert S. Hawkins for Labor, Industrial and Rehabilitative Services.

HB 321, prohibiting the governor and council from nominating and appointing members of the house and senate to salaried positions in state government during the term for which they were elected. Refer for Interim Study.

The Committee was reluctant to exclude an entire group of people, many of whom have developed their expertise and background through legislative service and would be well-qualified for positions in the executive branch. However, the sponsor's concerns over the costs of special elections are appropriate. The Committee would like to devote some time and effort in search of a solution. Vote 15-0. Rep. James A. Chandler for Legislative Administration.

HBI 2006, relating to the historical fund administered by the joint legislative historical committee. Refer for Interim Study.

Receipts from the sale of commemorative liquor bottles have declined substantially. A need exists to search out new sources of revenue for the historical fund. Vote 15-0. Rep. James A. Chandler for Legislative Administration.

HB 312, authorizing cities and towns to operate dams and requiring public hearing on breaching of a dam or lowering water level of a pond or lake. Ought to Pass with Amendment.

The Committee feels that the bill, as amended, accomplishes the intent of two recommendations made in the report of the Legislative Dam Management Review

Committee. The sponsor and the Water Resources Board concur. Vote 14-0. Rep. Timothy Bates for Municipal and County Government.

Amendment

Amend RSA 481:3, XII as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

XII. To require cities and towns that operate state owned dams to do so in accordance with the provisions of this chapter and those of RSA 482, and pursuant to rules adopted by the board under RSA 541-A, upon the request of the governing body of a city or town. The operation of a dam by a city or town shall be supervised by a municipal employee who shall be designated by the board to act as its agent, in accordance with a mutually acceptable operating agreement.

Amend RSA 482:9-a, I as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

I. No owner shall breach any dam, lower any water body for the repair of any dam, or cause any significant lowering of the water level in a pond or lake without first notifying the local governing body in the cities or towns where said dam or water body is located at least 30 days prior to any action specified above. The provisions of this section shall not apply to dams impounding bodies of water less than 10 acres or to the normal scheduled lowering of water levels each fall, the normal lowering of a water body by the exercise of water rights, or the lowering of water levels in any emergency situation.

Amend RSA 482:9-a, II as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

II. The local governing body of each of the cities or towns shall hold a public informational meeting within 15 days of receipt of the notice from the dam owner. The local governing body shall publish a notice of the public informational meeting in a newspaper of general circulation in the county in which the action shall occur at least 7 days before the time set for said meeting. The public notice and informational meeting required by this section shall be in addition to and not in place of other provisions of law pertaining to dams.

HB 409-FN, authorizing a municipal road pay-back fee system. Refer for Interim Study.

The system proposed by this bill has considerable merit. Because it represents a high level of sophistication, the Committee desires time to study how it would apply in actual situations. Vote 18-0. Rep. Richard A. Crodin for Municipal and County Government.

HB 411, amending the corporate charter of the Laconia airport authority. Ought to Pass with Amendment.

It was the full Committee agreement this bill ought to pass with proposed amendment. This is permissive housekeeping action to facilitate harmony within an appointive agency. Vote 19-0. Rep. Paul A. Golden for Municipal and County Government.

Amendment

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Appointive Agency. Amend 1941, 272:3 as amended by 1983, 91:2 by striking out said section and inserting in place thereof the following:

272:3 Appointive Agency. The mayor of the city of Laconia; the members of the city council of Laconia; the commissioners of Belknap county; the board of selectmen of the town of Gilford; and a member of the county delegation, designated by the chairman, who shall not be a resident of Gilford or Laconia, hereinafter referred to as the appointive agency, shall, acting as a body over which the mayor of the city of Laconia shall preside, elect 4 other members of the authority, who shall serve for a term of 4 years and until their successors are elected. After public hearing, all of the 4 appointed members of the authority may be removed by a majority vote of the appointive agency upon written findings of inefficiency, neglect of duty, or malfeasance.

HB 423, authorizing municipalities to issue revenue bonds. Inexpedient to Legislate.

There is nothing in the statutes which would prevent the debt service on a revenue type bond from being paid by the users of a particular facility. Vote 15-2. Rep. Beverly A. Gage for Municipal and County Government.

HB 527, increasing the maximum size of development districts. Ought to Pass.

This bill increases the size of a permitted development district in a municipality from 6 acres to 10 acres, also clarifies the present statutes and gives the municipality greater flexibility in establishing the district. Vote 19-0. Rep. Roger C. King for Municipal and County Government.

HB 536, providing that the property tax exemption for the blind be computed without regard to whether property is assessed at its true and market value. Ought to Pass.

This bill provides the property tax exemption for the blind shall be computed without regard to whether property is assessed at its true and market value. Vote 17-2. Rep. Robert J. Callaghan for Municipal and County Government.

HB 543-FN, enabling the city of Concord to assess the cost of central business service districts on the basis of assessed value. Ought to Pass.

This bill would allow the city of Concord a professional method of assessing costs of the central business service district. Vote 16-3. Rep. George M. West for Municipal and County Government.

HB 561, relative to village districts. Inexpedient to Legislate.

The preponderance of testimony was in opposition to this bill. The minimum of 500 legal voters would severely restrict the ability of dam beneficiaries to assume control. Vote 19-0. Rep. Leona Dykstra for Municipal and County Government.

HB 562, making the administrative official on a planning board a nonvoting member. Inexpedient to Legislate.

This proposal is contrary to established practice that ex officio members are voting members. The Committee feels that it is unfair to expect persons to attend Committee meetings and not be able to vote. Vote 17-2. Rep. Richard A. Grodin for Municipal and County Government.

HB 580, relative to collection of revenues by county officers. Inexpedient to Legislate.

It was the unanimous decision of Committee that this bill failed to accomplish proposed request of sponsor and could not be of any value to concerned parties. Vote 17-0. Rep. Paul A. Golden for Municipal and County Government.

HB 589, exempting land and structures used for agricultural purposes from zoning ordinance requirements. Ought to Pass with Amendment.

At the hearing on this bill, the Committee was shocked to learn of some planning and zoning decisions which were both harrassing and prejudicial to agriculture. The Committee unanimously recommends the bill as amended. The amendment is intended to serve as a clearly- enunciated statement of policy guidance governing planning and zoning activities. If this does not solve the problem, however, the majority of the Committee has indicated a willingness to support a more stringent measure at a future session. Vote 17-0. Rep. Richard A. Grodin for Municipal and County Government.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to agricultural activities and municipal planning and zoning powers.

Amend the bill by striking out section one and inserting in place thereof the following:

1 Agricultural Activities. Amend RSA 672:1 by inserting after paragraph III the following new paragraph:

III-a. Agriculture makes vital and significant contributions to the food supply, the economy, the environment and the aesthetic features of the state of New Hampshire, and the tradition of using the land resource for agricultural production is an essential factor in providing for the favorable quality of life in the state. Natural features, terrain and the pattern of geography of the state frequently place agricultural land in close proximity to other forms of development and commonly in small parcels. Agricultural activities are a beneficial and worthwhile feature of the New Hampshire landscape and should not be discouraged or eliminated by use of municipal planning and zoning powers or the unreasonable interpretation of such powers.

HB 603-FN, relative to municipal utilities. Inexpedient to Legislate. This bill would seriously affect the current penalty provisions now in force in many municipalities. Vote 19-0. Rep. George M. West for Municipal and County Government.

HB 611, relative to property owner's rights in the town of Derry. Inexpedient to Legislate.

Problems with this bill ought to be settled at the local level. Vote 19-0. Rep. Catherine M. Brungot for Municipal and County Government.

HB 615-FN, relative to keeping county convention records. Ought to Pass. This bill repeals two archaic sections of the RSA relating to the keeping of County Convention records and has the support of the Secretary of State. Vote 19-0. Rep. Timothy Bates for Municipal and County Government.

HB 648, relative to property tax exemptions for senior citizens. Inexpedient to Legislate.

This bill would create an undue hardship on taxpayers and would delay possible recovery for many years. Vote 15-0. Rep. George M. West for Municipal and County Government.

HB 668-FN, relative to the establishment of capital reserve funds for the acquisition of land. Ought to Pass.

This bill adds land acquisition to the approved list of things for which a municipality may establish a capital fund. Vote 19-0. Rep. David M. Perry for Municipal and County Government.

HB 683-FN, prohibiting towns and cities from licensing video poker, video blackjack, and similar machines. Inexpedient to Legislate.

The Committee feels that either HB 681 or 682 is a more proper and definitive resolution of enforcement problems

relating to video poker, blackjack and similar machines. Vote 17-0. Rep. Timothy Bates for Municipal and County Government.

HB 728, relative to publication of city bylaws and ordinances. Ought to Pass. This bill will allow cities to publish bylaws and ordinances by title and brief description resulting in substantial cost saving. Vote 18-2. Rep. George M. West for Municipal and County Government.

HB 739-FN, authorizing the county commissioners in Coos county to administer unincorporated places. Refer for Interim Study.

This bill was heard on March 28. It isn't a simple matter, and there isn't enough time to resolve conflicting views presented in testimony. Vote 20-0. Rep. Richard A. Grodin for Municipal and County Government.

HB 779, relative to the publication of ordinances. Inexpedient to Legislate. The subject matter of this bill was more adequately covered in HB 728. Vote 20-0. Rep. George M. West for Municipal and County Government.

HB 763, establishing a commission to study the feasibility of implementing an emergency telephone number. Inexpedient to Legislate.

The Committee agreed that the idea of a statewide emergency phone number had merit. It was further agreed that a study on this subject was much premature, and if implemented in the near future, would result in the spread of a study project for several years, taking much time, effort and mileage money. Such a study should be implemented only when many more communities have adopted a "911 emergency number." (Right now only 6 communities have either installed, or are installing such a procedure). Additionally, there would have to be much equipment, sophisticated and standard make, installed in the 13 phone companies operating in New Hampshire. Vote 15-1. Rep. Roland A. Morrisette for Public Protection and Veterans Affairs.

HB 1212, relating to persons handling and servicing liquefied petroleum gas. Inexpedient to Legislate.

Investigation by the Committee has revealed that the liquefied petroleum gas industry is one of the closest regulated; by the industry itself, by inspectors of the United States Department of Transportation and by inspectors of the insurance companies which provide coverage. "National Fire Protection Association" codes, pertinent to all aspects of liquid gas operations have been adopted by the state. Training of new employees is conducted "in house" using industry training schedules; no person is permitted to operate liquid gas vehicles until completely qualified. Each such

employee is required to have an initial health examination, with annual renewals. The state Fire Marshal, under the provisions of RSA 153:5, has promulgated a "state fire code," which includes rules for the "handling and transportation of highly flammable liquids." Vote 16-0. Rep. Alfred Ellyson for Public Protection and Veterans Affairs.

HB 556-FN, relative to the classification of highways. Ought to Pass. The Committee felt this bill would clarify a sometimes confusing and unstable situation regarding compacts and populations. Vote 16-0. Rep. Gene G. Chandler for Public Works.

HB 621, establishing a study committee to ascertain the feasibility of establishing restaurants along the turnpike system where permissible. Refer for Interim Study.

The Committee voted 17-0 to study the possibility of establishing restaurants or "coffee shops" along New Hampshire highways, whereby a fairer image of New Hampshire may be promoted. Rep. James J. White for Public Works.

HB 641-FN, relative to the reimbursement of utilities for relocation costs. Refer for Interim Study.

The Committee feels the bill addresses a major problem, however, much study must be made before legislation of this type can be instituted as it is a break with current procedures dealing with utilities. Vote 18-0. Rep. Sandra B. Keans for Public Works.

HB 671-FN, relative to providing access to land. Inexpedient to Legislate. This bill emanated from a problem encountered in a land taking. Discussions have been scheduled between the person involved and the Highway Department and hopefully will lead to a mutually agreeable solution. Vote 18-0. Rep. James A. Chandler for Public Works.

HB 547, extending the time within which pari-mutuel pools may be sold. Ought to Pass.

This bill is a companion feature of HB 548. Vote 14-4. Rep. Robert R. Blaisdell for Regulated Revenues.

HB 548, relative to the duration of current pari-mutuel pool tax rates for horse racing. Ought to Pass.

This is a housekeeping bill that firms up the time interval for Rockingham Park pari-mutuel tax rates versus construction bonds. Vote 14-0. Rep. Robert R. Blaisdell for Regulated Revenues.

HB 700-FN, relative to bingo. Refer for Interim Study.

The Committee felt that more input from public sources was required before a satisfactory assessment could be rendered. Vote 14-0. Rep. Robert R. Blaisdell for Regulated Revenues.

HB 786, requiring notice and hearing prior to liquor license revocation or suspension and providing an appeals process. Refer for Interim Study.

At the present time there is an appeals process. Therefore, this legislation should be studied to improve the process. Vote 14-4. Rep. Lynn C. Horton for Regulated Revenues.

HB 642, relative to bonding of subsurface disposal system designers and installers. Inexpedient to Legislate.

This bill for bonding would place an undue burden on the designer and the installer of subsurface disposal systems. In addition, the Committee feels this legislation does not serve the purpose for which it was intended. Vote 17-1. Rep. Mary Ann Lewis for Resources, Recreation and Development.

HB 801, relative to three lighthouses on Lake Sunapee. Ought to Pass.

This bill eliminates the requirement that the Lake Sunapee Protective Association carry public liability insurance during the exercise of its rights to maintain three lighthouses on Lake Sunapee. Vote 18-0. Rep. Mary Ann Lewis for Resources, Recreation and Development.

HBI 2011, relating to use of our forest resources. Refer for Interim Study.

There is reason to consider the effect of bio-mass harvest on soil fertility and ecologic factors of the forests. Vote 17-1. Rep. Douglas R. Woodward for Resources, Recreation and Development.

HB 699, relative to storage costs for radioactive waste. Ought to Pass.

This bill adds the word "future" to the law. At present, only the cost of present storage of radioactive debris must be taken into account during the rate-making process. Vote 8-0. Rep. Roland A. Frechette for Science and Technology.

HB 499, relative to the disposal of state owned real property. Ought to Pass with Amendment.

This bill, as amended, would require the state to offer the land to the town, city or county before selling the land to a private concern. It is a practice presently being done and this adds the step to the RSA. Vote 14-0. Rep. Ronald R. Laurion for State Institutions and Housing.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Disposal of Real Estate. Amend RSA 4:40 as amended by striking out said section and inserting in place thereof the following:

4:40 Disposal of Real Estate. Disposal of state owned real estate shall occur as follows:

I. Upon recommendation of the head of any state department having jurisdiction over the same and with the approval of the long range capital planning and utilization committee, all requests for the disposal or leasing of state owned properties shall be reviewed and approved by the council on resources and development prior to submission to the governor and council for approval. Upon determination that the property is no longer needed by the state, the governor and council shall first offer it to the town, city, or county in which the property is located. If the town, city, or county refuses the offer, the governor and council may sell, convey, transfer, or lease the real property.

II. Sales of real property under this section shall be at not less than a current market value of the subject property as may be determined by the governor and council. If the town, city, or county decides to resell the property, it shall first offer the property to the state at the market value at the time of sale.

III. This section shall not apply to sale of institutional lands as provided by RSA 10:4, to real estate given or bequeathed to the state under provisions of trust, or to state lands or their products required to be held to procure a continuance of federal conservation work.

HB 579, relative to regulation of manufactured housing parks. Ought to Pass with Amendment.

This bill was requested by the Office of the Attorney General. HB 579 merely expands the definition of manufactured housing as is used in RSA 205-A entitled Regulation of Manufactured Housing Parks. The Committee amended the bill slightly to insure that this expanded definition could not be construed to apply to any other chapter of the law. Vote 13-0. Rep. Deborah L. Arnesen for State Institutions and Housing.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Definitions. Amend RSA 205-A:1 (supp) as inserted by 1973, 291:1 as amended by striking out said paragraphs and inserting in place thereof:

205-A:1 Definitions. As used solely in this chapter unless the context specifically requires otherwise:

I. "Manufactured housing" includes, but is not limited to, manufactured housing as defined by RSA 674:31, and also includes any prefabricated dwelling unit which:

(a) Is designed for long term and continuous residential occupancy;

(b) Is designed to be moved on wheels, as a whole or in sections; and

(c) On arrival on the site, is complete and ready for occupancy, except for incidental unpacking, assembly, connection with utilities, and placing on support or permanent structure.

II. "Manufactured housing park" means any parcel of land under single or common ownership or control which contains, or is designed, laid out or adapted to accommodate 2 or more manufactured houses. Nothing herein shall be construed to apply to premises used solely for storage or display of manufactured housing.

III. "Person" means any natural person, corporation, partnership, or sole proprietorship.

IV. "Tenant" means any person who owns or occupies manufactured housing and pays rent or other consideration to place said manufactured housing in a manufactured housing park.

2 Effective Date. This act shall take effect 60 days after its passage.

HB 581, relative to the regulation of rental referral agencies. Ought to Pass. This bill addresses a concern expressed by the Attorney General about rental referral agencies. Passage of this legislation will close a loophole whereby individuals have been able to circumvent current laws. Vote 13-0. Rep. Ralph Parker for State Institutions and Housing.

HB 232-FN, relative to adopting the federal numbering system for all watercraft 15 feet and over in length and imposing a water use permit fee. Ought to Pass with Amendment.

The amendment removes everything from the bill except adoption of the bow numbering system. Many issues raised at the hearing led a majority of the Committee to feel that further study was needed. The Committee unanimously approved the bow numbering system and will continue to work on the rest of the bill. Vote 10-0. Rep. Stephen Sloan for Transportation.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to adopting the federal boat numbering system.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Chapter. Amend RSA by inserting after chapter 270-B the following new chapter:

CHAPTER 270-C ADOPTION OF FEDERAL NUMBERING SYSTEM FOR CERTAIN WATERCRAFT

270-C:1 Definitions. As used in this chapter:

I. "Commissioner" means the commissioner of the department of safety.

II. "Department" means the department of safety.

III. "Documented vessel or motorboat" means a vessel or motorboat for which a certificate of documentation has been issued by the United States Coast Guard.

IV. "Motorboat" means a watercraft of any size equipped with propelling machinery, whether or not the machinery is the principal source of propulsion.

V. "Numbers and numbering" means the appropriate number and the process of issuing identification numbers and a numbers certificate for a vessel or motorboat.

VI. "State of principal use" means the state on whose waters a vessel is used, or is to be used, the most during the calendar year.

VII. "Vessel" means every description of watercraft, other than seaplanes, used or capable of being used as a means of transportation on water.

VIII. "Waters of the state" means those waters defined in RSA 270:2, IX.

270-C:2 Application for Numbering.

I. The owner of each vessel required to be numbered by the state shall file an application for a number with the department on forms approved by it.

II. The application shall be signed by the owner of the vessel and shall be accompanied by the appropriate fee. Upon receipt of the application and fee, the department or its authorized agent shall enter the same upon the records of the department and issue to the applicant a certificate of numbers stating the numbers assigned to the vessel. The application shall contain such information as the commissioner shall determine, including the state of principal use.

III. The owner shall paint on, attach or otherwise display to each side of the forward half of the vessel the identification numbers not less than 3 inches in height, with block letters of contrasting color, and they shall be clearly readable when the vessel is being operated. The numbers shall be maintained in legible condition. The certificate of numbers shall be of pocket size, and shall be available at all times for inspection on the vessel for which it was issued whenever such vessel is in operation.

IV. No numbers other than the numbers validly assigned to a vessel shall be painted, attached or otherwise displayed on either side of the forward half of such vessel.

270-C:3 Fees. The numbering fee for private and commercial vessels shall be as follows:

Class A	less than 16 feet	\$3
Class 1	16 feet to 25.9 feet	\$3
Class 2	26 feet to 39.9 feet	\$3
Class 3	40 feet and over	\$3

270-C:4 Expiration; Renewal. Every certificate of numbers issued pursuant to RSA 270-C:2 shall expire on December 31 annually unless sooner terminated or discontinued in accordance with this chapter. No fees shall be prorated. Certificates of numbers shall be renewed by the owner in the same manner provided for initial applications.

270-C:5 Change of Owner. Should the ownership of a numbered vessel change, a new application form with a \$3 fee shall be filed with the department, and a new certificate of numbers shall be issued in the same manner provided for the original assignment of numbers.

270-C:6 Federal Numbering System. If an agency of the United States government shall have in force an overall system of identification numbering for vessels within the United States, the numbering system employed pursuant to this chapter by the department shall be in conformity with the federal system.

270-C:7 Issuing Agents. The department may issue certificates of numbers directly, or may authorize any person, including the director of the division of safety services, to act as agent for their issuance.

270-C:8 Numbering Records to be Public. All records of the department made or kept pursuant to this chapter shall be public records.

270-C:9 Exemptions from Numbering Provisions. A vessel shall not be required to be numbered under this chapter if it is:

I. Covered by a certificate of numbers in full force and effect which has been issued to it pursuant to federal law or a federally approved numbering system of another state.

II. A foreign vessel temporarily using waters subject to United States jurisdiction.

III. A vessel whose owner is the United States, a state or a subdivision of a state, used exclusively in the public service, and which is clearly identifiable as such.

IV. A vessel's lifeboat.

V. A vessel which is documented by the United States Coast Guard or its federal agency successor.

VI. A vessel which is being operated under a temporary certificate.

VII. A nondocumented vessel used exclusively for racing events.

VIII. A vessel being operated by a boat dealer for demonstration purposes.

IX. A sailboat under 16 feet in length or a canoe, racing shell, or rowboat which is not powered by an inboard or outboard motor, or any boat powered by a motor of less than 10 horsepower provided that there is displayed in some location on the vessel an identifying tag listing the name and address of the vessel's owner.

270-C:10 Operation of Unnumbered Vessels Prohibited. Every vessel using the waters of this state shall be numbered, except those exempted by RSA 270-C:9. No person shall operate or give permission for the operation of any vessel on the waters of this state unless the vessel is numbered in accordance with this chapter, applicable federal law, or a federally approved numbering system of another state, and unless the certificate of numbers issued to such vessel is on board and in full force and effect and the identifying numbers set forth in the certificate of numbers are displayed on each side of the forward half of such vessel. Any person who violates this section shall be guilty of a violation, and, notwithstanding the provisions of title

LXII, may be fined not more than \$500 for the first offense and shall be guilty of a misdemeanor for a second offense.

270-C:11 Notice of Transfer, Destruction or Abandonment. The owner shall furnish the department written notice of the transfer of all or any part of his interest, other than the creation of a security interest, in a vessel numbered in this state pursuant to this chapter or the destruction or abandonment of such vessel within 15 days of its transfer, destruction or abandonment. Such transfer, destruction or abandonment shall terminate the certificate of numbers for such vessel, except that in the case of a transfer of a part interest which does not affect the owner's rights to operate such vessel the transfer shall not terminate the certificate of numbers. If a vessel is transferred, the original number shall be retained by the new owner.

270-C:12 Change of Address. Any holder of a certificate of numbers shall notify the department in writing within 15 days if his address no longer conforms to the address appearing on the certificate and shall, as a part of the notification, furnish the department with his new address.

270-C:13 Transmittal of Information. In accordance with any request duly made by an authorized official or agency of the United States, any information compiled or otherwise available to the department pursuant to RSA 270-C may be transmitted to any official or agency of the United States for analytical and statistical purposes.

270-C:14 Rulemaking. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to:

- I. Numbering applications.
- II. Certificates of numbers.
- III. Display of numbers.
- IV. Reports on change of address.
- V. Destruction, abandonment, sale or transfer of ownership.

VI. Other matters related to the administration of this chapter.

2 Status of Vessels Covered by a Certificate of Numbers. The owner of a vessel which is used primarily in New Hampshire and which is already covered by a certificate of numbers in full force and effect which was assigned to the vessel pursuant to federal law shall not be required to apply for a certificate of numbers under the provisions of RSA 270-C until January 1, 1987, so long as such certificate of numbers would otherwise be valid up to that date.

3 Effective Date. This act shall take effect January 1, 1986.

HB 258, relative to the motor vehicle laws. Ought to Pass with Amendment. This is an omnibus bill requested by the Department of Safety. The amendment clears up some points and adds some other changes which were brought up at the hearing. Vote 10-0. Rep. Stephen Sloan for Transportation.

Amendment

Amend RSA 259:59 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

259:59 Motor Truck. "Motor truck" shall mean any truck of greater than 18,000 pounds manufacturer's gross vehicle weight rating, or any motor vehicle equipped with other than pneumatic tires.

Amend RSA 259:88 as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

259:88 Resident. "Resident" shall mean a resident of the state as defined in RSA 21:6, except that no person shall be deemed to be a resident who claims residence in any other state for any purpose.

Amend RSA 263:1-a as inserted by section 16 of the bill by striking out same and inserting in place thereof the following:

263:1-a Allowing an Improper Person. No person shall knowingly permit a motor vehicle owned or controlled by him to be driven by a person who is not properly licensed or otherwise entitled to drive. Any person who violates this section shall be guilty of a violation, and if the license or driving privilege of the person allowed to drive is under suspension or revocation, the owner or person in control of the vehicle, notwithstanding title LXII, shall be fined not less than \$100.

Amend the bill by striking out sections 23-24 and inserting in place thereof the following:

23 Bumper Bar Height. Amend RSA 266:9 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

266:9 Height of Motor Vehicle Body and Chassis. No person shall change the height of a motor vehicle by any device so that the horizontal bumper bar falls below the minimum distance of 16 inches in all cases or above the maximum distance of 20 inches for motor vehicles with a manufacturer's gross vehicle weight rating of 5,000 pounds or less; 26 inches for motor vehicles with a manufacturer's gross vehicle weight rating of 5,001 to 7,500 pounds; or 30 inches for motor vehicles with a manufacturer's gross vehicle weight rating of more than 7,500 pounds, as measured from the level ground to the bottom of the bumper bar. No motor vehicle that has been so changed shall be driven on any way without the prior approval of the director.

24 New Section. Amend RSA 266 by inserting after section 72 the following new section:

266:72-a Motor Carriers; Equipment.

I. The director may adopt as rules, pursuant to RSA 260:5, the federal motor carrier safety regulations contained in 49 C.F.R. sections 390-397, and he shall be authorized to exempt vehicles and drivers operating exclusively in intrastate commerce from such rules which in his judgment impose an unnecessary regulatory burden without providing a corresponding safety benefit.

II. Whenever the director finds that a motor carrier safety regulation in 49 C.F.R. sections 390-397 provides an equal or greater degree of safety he may, pursuant to

RSA 260:5, adopt the federal regulation as a rule and said rule shall take precedence over the conflicting provisions of this title. No person who is in compliance with the corresponding rule adopted by the director shall be convicted of violating a conflicting provision of this title. The director shall request the introduction, at the next annual session of the legislature following adoption of such a rule, of legislation amending or repealing the conflicting provision of this title and, if the legislation is not enacted, any rule so adopted shall be automatically repealed 60 days after the last day of the legislative session.

Amend paragraph one of section 27 of the bill by striking out same and renumbering paragraphs II-III to read as I and II, respectively.

Amend paragraph I of section 28 of the bill by striking out same and inserting in place thereof the following:

I. Section 25 of this act shall take effect 60 days after its passage.

Amend the bill by striking out section 25 and renumbering sections 26-28 to read as 25, 26 and 27, respectively.

HB 359, relative to driver's license revocation appeals. Ought to Pass.

House Bill 359 causes any problems relating to revocation or refusal to issue a license to be brought to a solution within a specified time. It also clears up confusion resulting from implied consent hearing appeals. A third section places the burden of proof upon the petitioner in cases going to Superior Court. Vote 11-0. Rep. Irvin H. Gordon for Transportation.

HB 563, prohibiting the use of radar detectors. Inexpedient to Legislate. This bill did not appear to have a great deal of merit as well as raising questions of infringement of individual rights. Only one person spoke in favor of the bill and this testimony was extremely brief. Vote 12-0. Rep. Irvin H. Gordon for Transportation.

HB 593-FN, relative to special plates for active members of civil defense organizations. Inexpedient to Legislate. Testimony at the hearing did not convince the Committee that there was a need to develop a special license plate for active members of civil defense organizations at a cost, according to the fiscal note, of \$24,855 for FY 1986. Vote 10-0. Rep. Roger Stewart for Transportation.

HB 601-FN, relative to driver's license fees. Refer for Interim Study. The Committee decided that more study was needed relative to the training provided to emergency personnel. Vote 8-1. Rep. Stephen Sloan for Transportation.

HB 617-FN, relative to the regional fuel tax agreement. Ought to Pass.

This bill makes some minor changes in the bill passed in the last session which brings New Hampshire into line within the agreement reached with other states. Vote 10-0. Rep. Stephen Sloan for Transportation.

HB 646-FN, relative to low number motor vehicle license plates. Inexpedient to Legislate.

The Committee felt there would be many complications arise which would make it very difficult to administer the issuing of unused number plates 1-9999 through a lottery system. Vote 10-1. Rep. Roger Stewart for Transportation.

HB 765-FN, relative to motor vehicle registration fees. Inexpedient to Legislate.

The Committee felt that motor vehicle registration fees should be based on vehicle weight rather than on vehicle value. The concept expressed in this bill seeks to change vehicle registration fees to value. At the present time, the computers in use at the Department of Safety are not programmed to give a real picture of comparison and it would be costly to get this done by an outside agency. Vote 10-0. Rep. Elmer H. York for Transportation.

HB 784-FN, relative to motor vehicle registration fees. Refer for Interim Study.

The Committee felt that before a rate increase on vehicle registration fees for manufacturers and dealers of motor vehicles, motorcycles and mopeds along with transporters and utility dealer registrations there should be a thorough study made on the use or misuse of them. Vote 10-0. Rep. Roger Stewart for Transportation.

COMMITTEE REPORTS (Regular Calendar)

HB 476-FN, relative to the health services competition law and making an appropriation therefor. Ought to Pass with Amendment.

The Committee was unanimous in supporting this first positive step toward health care cost containment knowing full well that special interest groups will lobby hard to reverse this consumer/constituent legislation. Vote 19-0. Rep. Marion L. Copenhaver for Health and Human Services.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Purpose and Policy.

I. The general court hereby finds that the health and economic welfare of the citizens of this state is being threatened by increases in the cost of health care services. It is the legislative intent, pursuant to this perceived threat, to

establish a system for the collection of data relative to the cost and utilization of health care services and relative to the financial condition of health care facilities licensed in this state. The collection of health care data will provide the health care industry with the information necessary to identify specific areas for improved efficiencies in the way medicine is practiced and medical services are delivered. It will also result in establishing and enhancing health care planning throughout the state. In addition, access to and exchange of health care data for the general public and health care industry will aid in infusing and supporting free market forces in that industry.

II. The general court also recognizes that the general welfare and protection of the lives, health, and property of the people of this state require that all new institutional health services be developed in a manner which avoids unnecessary duplication, contains increases in the cost of delivering services, and promotes rational allocation of health care resources in the state. It is legislative intent that the need, cost, type, level, quality, and feasibility of providing any new institutional health services be subject to review and assessment prior to any offering or development.

2 New Subdivision. Amend RSA 126 by inserting after section 24 the following new subdivision:

Health Care Data

126:25 Data Collection.

I. Each nursing home, acute care hospital, and specialty hospital licensed under the provisions of RSA 151 shall file annually health care data as required by the commissioner of health and human services, pursuant to RSA 126:27, with the division of public health services. This data shall include, but not be limited to:

(a) Financial information for its preceding fiscal year, which the commissioner may require to be in the form of a certified financial statement, including, but not limited to, costs of operation, revenues, assets, liabilities, fund balances, other income, units of services, and aggregate wage and salary data;

(b) The type of ownership and name of owner;

(c) The number and type of beds;

(d) For hospitals, the data now collected through the uniform hospital discharge data set and the annual hospital survey;

(e) For special hospitals with an average length of stay less than 30 days, data equivalent to the uniform hospital discharge data set and the annual hospital survey;

(f) For facilities with an average length of stay of more than 30 days, including specialty hospitals and nursing homes, a uniform long-term care data set based on annual patient census, annual aggregated use data on patient days, and the discharges and admissions of the facility;

(g) Disposition destination of each patient or resident admitted;

(h) Charge data as follows:

(1) acute care hospitals and specialty hospitals with an average length of stay less than 30 days - charge by discharge; and

(2) specialty hospitals and nursing homes - average patient day charge;

(i) Any demographic or diagnostic information necessary for the administration of this subdivision.

II. In addition to the data listed in paragraph I, the commissioner of health and human services may require all providers licensed to practice in the state of New Hampshire to submit ambulatory health care data pursuant to a plan to collect such data developed by the health services planning and review board established by RSA 151-C:3. This plan shall be submitted to the commissioner of health and human services by January 1, 1987.

126:26 Data Review. The division of public health services shall provide access to the data collected under RSA 126:25 to the health services planning and review board which shall review such data and make an annual report on or before November 15 beginning in 1986, to the speaker of the house of representatives and president of the senate. The report shall contain, but not be limited to, an analysis and evaluation of the data collected and recommendations for improved efficiencies and for health care cost containment. The health services planning and review board is also authorized to prepare periodic reports on price and utilization of health services for the purpose of encouraging competition.

126:27 Rulemaking. The commissioner of health and human services shall adopt rules, pursuant to RSA 541-A, relative to:

I. The types of data which each facility shall be required to file under RSA 126:25.

II. The form in which data shall be filed under RSA 126:25.

III. The times at which data shall be filed under RSA 126:25.

IV. User fees which shall be assessed persons requesting data under RSA 126:28 or 30.

V. Confidentiality of data collected under this subdivision subject to the provisions of RSA 126:28.

VI. Procedures for obtaining data from the division of public health services under RSA 126:28.

126:28 Availability of Data. Notwithstanding any other provision of law, all information required to be filed under this subdivision, with the exception of confidential commercial and financial information as defined in RSA 151-C:2, shall be made available to the public upon request, provided that individual patients or health care practitioners shall not be directly or indirectly identifiable.

126:29 Penalties.

I. In addition to any other penalties provided by law, any acute care hospital or specialty hospital which willfully fails to comply with the provisions of this subdivision shall be

subject to a civil penalty of \$100 for each day of noncompliance, which shall not be reimbursable by any insurer licensed under RSA 415.

II. In addition to any other penalties provided by law, any nursing home licensed under the provisions of RSA 151 which willfully fails to comply with the provisions of this subdivision shall be subject to a civil penalty of \$100 for each day of noncompliance, which shall not be reimbursable by any insurer licensed under RSA 415.

126:30 User Fees. Any person, other than those covered by the fee provisions of RSA 151-C:15, I, requesting copies of data filed with the division of public health services shall pay to the division a fee established by the commissioner of health and human services pursuant to RSA 126:27, IV. Fees paid under this section shall be deposited into a revolving account which shall not lapse and shall be used in administering the responsibilities of the division of public health services under this subdivision.

3 Rulemaking. Amend RSA 126:1, II (supp) as inserted by 1979, 452:1 by striking out said paragraph and inserting in place thereof the following:

II. In collecting information, prime consideration shall be given to the protection of the privacy of the individuals about whom information is given. The commissioner shall adopt rules, pursuant to RSA 541-A, to insure that, when information is collected, the minimum of data shall be collected to accomplish a specific purpose. The commissioner shall also adopt rules, pursuant to RSA 541-A, to insure that no information shall be available to unauthorized personnel, that only the minimum be made available to authorized personnel, and that no information that could possibly adversely affect an identified individual be made public.

4 Repeal of Rules. The rules of the bureau of vital records and health statistics relative to the uniform hospital discharge data set (UHDDS), adopted under the provisions of RSA 126:1, II and designated as Part Vit 801 of the bureau's rules, are hereby repealed.

5 Transition. No specialty hospital or nursing home licensed under the provisions of RSA 151 shall be required to file health care data pursuant to this act until January 1, 1986.

6 Chapter Revision. Amend RSA 151-C as inserted by 1979, 304:1 as amended by striking out said chapter and inserting in place thereof the following:

CHAPTER 151-C CERTIFICATE OF NEED REVIEW OF PROPOSED NEW INSTITUTIONAL HEALTH SERVICES

151-C:1 Legislative Findings; Public Interest; Review and Assessment of New Health Services. It is declared to be the public policy of this state that:

I. The general welfare and protection of the lives, health, and property of the people of this state require that all new institutional health services

be offered or developed in a manner which avoids unnecessary duplication, contains or reduces increases in the cost of delivering services, and promotes rational allocation of health care resources in the state;

II. The state has a compelling interest in working with the health care delivery system to set standards relative to the size, type, level, quality, and affordability of health services offered in New Hampshire; and

III. The state has an interest in promoting and stimulating competition in the health care marketplace as a means of managing the increases in health care costs.

151-C:2 Definitions. As used in this chapter:

I. "Ambulatory surgical facility" means a facility which is not physically attached to a health care facility and which provides surgical treatment to patients not requiring hospitalization, and does not include the offices of private physicians or dentists, whether in individual or group practices.

II. "Applicant" means a person responding to a request for application for certificate of need.

III. "Bed capacity" means the total number of licensed beds in a facility licensed under RSA 151; or in the case of state facilities, it means the total number of beds in service (staffed).

IV. "Board" means the health services planning and review board established in RSA 151-C:3.

V. "Business day" includes any day, Monday through Friday, except legal holidays.

VI. "Capital expenditure" means an expenditure which, under generally accepted accounting principles consistently applied, is not properly chargeable as an expense of operation or maintenance, and includes acquisition by purchase, by transfer, or by lease or comparable arrangement, or through donation, if the expenditure would have been considered a capital expenditure if acquisition had been by purchase.

VII. "Categories of service" means health services offered in or through a health care facility which were not offered on a regular basis in or through such health care facility within the 12 month period before the time such services would be offered.

VIII. "Certificate of need" means a certificate issued by the state agency approving the offering or development of a proposed new institutional health service.

IX. "Certificate of need review" means the review of applications submitted in response to a request for application published by the health services planning and review board.

X. "Confidential commercial information" means any information filed either by a hospital in connection with its corporate plan or application for reorganization or by a payor that contains either a trade secret or other commercial information:

(a) that has not yet been revealed to persons other than (i) employees, agents, or attorneys of the filing party, (ii) other persons or entities

with which the filing party is engaging in a joint venture or other commercial action in concert; and (iii) other persons or entities with which the filing party is actively negotiating for the purchase or sale of goods or services; and

(b) that would, if revealed, substantially and adversely affect the ability of the filing party or its affiliated interests to compete with other entities offering or proposing to offer the same goods and services in the same market.

XI. "Confidential financial information" means any information filed by a hospital in connection with its corporate plan or application for reorganization:

(a) that has not yet been revealed to persons other than (i) employees, agents, or attorneys of the hospital; (ii) other persons or entities with which the hospital is jointly participating in an effort to obtain financing; and (iii) other persons or entities to which the hospital has applied for financing;

(b) that would, if revealed, substantially, predictably, and adversely affect the ability of the hospital or its affiliated interests to obtain financing on reasonable terms in competition with other seeking similar types of capital; and

(c) that could lawfully be concealed under applicable laws governing financial transactions.

XII. "Construction" includes actual commencement of any construction or fabrication of any new building, or addition to any existing facility, or any expenditure of more than \$1,000,000 relating to the alteration, remodeling, renovation, modernization, improvement, relocation, repair, or replacement of a health care facility or health maintenance organization, including expenditures necessary for compliance with life and health safety codes.

XIII. "Consumer of health care" means a person who is not a provider of health care.

XIV. "Conversion" means change of the distribution of existing beds in a health care facility affecting acute care, skilled nursing care, intermediate care, psychiatric care, and substance abuse care as defined in the applicable state or federal law.

XV. "Days" means calendar days, unless otherwise specified.

XVI. "Health maintenance organization" means a public or private organization, organized under the laws of any state or the federal government which:

(a) Provides or otherwise makes available to enrolled participants health care services, including at least the following basic health care services: usual physician services, hospitalization, laboratory, x-ray, emergency and preventive services, and out-of-area coverage; and

(b) Is compensated, except for co-payments, for the provision of the basic health care services listed in subparagraph (a) to enrolled participants on a predetermined periodic basis without regard to the date on which health care services are provided; a predetermined periodic basis shall be fixed without regard

to the frequency, extent, or kind of health care service actually provided; and

(c) Provides physician services primarily (1) directly through physicians who are either employees or partners of such organization, or (2) through arrangements with individual physicians or one or more groups of physicians organized in a group practice or individual basis, or (3) a combination of (1) and (2), as provided herein.

XVII. "Health maintenance organization for which assistance may be provided under Title XIII of the Public Health Service Act, or successor provision" means a health maintenance organization which the Secretary of the Department of Health, Education, and Human Services determines, upon the basis of an application and the submission of any information and assurances which he finds necessary, may be eligible for assistance under Title XIII of the Public Health Service Act, or successor provision.

XVIII. "Health services" means clinically related diagnostic, treatment, or rehabilitative services, as well as preventive services, and includes, without limitation, alcohol, drug abuse, and mental health services.

XIX. "Home health agency" means a public agency or private organization, or a subdivision of such an agency or organization, primarily engaged in providing directly or through contract arrangements, one or more of the following services or items: professional nursing services, home health aid services and other therapeutic and related services, including, but not limited to, physical, speech, and occupational therapy; nutritional and medical services; medical supplies (other than drugs and biologicals); and the use of medical appliances, to persons in their places of residence on a part-time or intermittent basis.

XX. "Hospital" means an institution which is primarily engaged in providing to inpatients, by or under supervision of physicians, diagnostic and therapeutic services for medical diagnosis, treatment and care of injured, disabled, or sick persons, or rehabilitation services for the rehabilitation of such persons, and includes such federally owned hospitals as agreed on a voluntary basis to be subject to review of proposed new institutional health services under this chapter. The term "hospital" includes psychiatric and substance abuse treatment hospitals.

XXI. "Independent diagnostic laboratory" means a laboratory, not owned or operated by a hospital or any other health care facility, which holds itself out to other health care providers as available for performance of diagnostic tests, and which accepts from, and performs for or on behalf of, other health care providers, during any calendar year, diagnostic tests on at least 100 specimens in any one of the following categories: microbiology, serology, clinical chemistry, immunohematology, hematology, pathology, and radioassay.

XXII. "Institutional health services," except as used in RSA 151-C:4,

means health services provided in or through health care facilities or health maintenance organizations, and, except as otherwise specified in this chapter, the term includes the entities in or through which such services are provided.

XXIII. "Intermediate care facility" means an institution which, on a regular basis, provides health-related care and services of a lower level than those provided by a hospital or skilled nursing facility but above the level of room and board.

XXIV. "Major medical equipment" means a single unit of medical equipment or a single system of components with related functions which is used to provide medical and other health services and which costs more than \$400,000. In determining whether medical equipment costs more than \$400,000, the cost of studies, surveys, designs, plans, working drawings, specifications, and other activities essential to acquiring the equipment shall be included. If the equipment is acquired for less than fair market value, the term "cost" includes the fair market value.

XXV. "Major new facilities" means the construction, development, or other establishment of a new health care facility, the total cost of which is in excess of \$1,000,000.

XXVI. "Nursing home" means a place which shall provide, for 2 or more persons, basic domiciliary services (board, room, and laundry), continuing health supervision under competent professional medical and nursing direction, and continuous nursing care as may be individually required.

XXVII. "To offer," when used in connection with health services, means that a health care provider holds itself out as capable of providing, or as having the means for the provision of, specified health services.

XXVIII. "Person" means an individual, trust, state, partnership, committee, corporation, nonprofit health service corporation, association and other organizations such as joint stock companies and insurance companies, or a political subdivision or instrumentality of a state, including a municipal corporation.

XXIX. "Physical facility or site" means the total buildings, structures, and land of a health care facility.

XXX. "Provider of health care" means a person:

(a) Who is a direct provider of health care, including a physician, dentist, nurse, podiatrist, optometrist, physician assistant, or ancillary personnel employed under the supervision of a physician, in that the individual's primary current activity is the provision of health care to individuals or the administration of facilities or institutions, including hospitals, long-term care facilities, rehabilitation facilities, alcohol and drug abuse treatment facilities, outpatient facilities, and health maintenance organizations, in which such care is provided and, when required by the laws of this state, who has received professional training in the provision of such care or in

such administration and is licensed or certified for such provision or administration;

(b) Who holds a fiduciary position with, or has a fiduciary interest in, any entity described in subparagraph (c)(2) or (c)(4) of this paragraph other than an entity described in either such subparagraph which is also an entity described in section 501(c) (3) of the Internal Revenue Code of 1954 and which does not have as its primary purpose the delivery of health care, the conduct of research, the conduct of instruction for health professionals, or the production of drugs or articles described in subparagraph (c)(3) of this paragraph;

(c) Who receives (either directly or through the person's spouse) more than 1/5 of his gross annual income from any one or combination of the following:

(1) Fees or other compensation for research into or instruction in the provision of health care;

(2) Entities engaged in the provision of health care or in research or instruction in the provision of health care;

(3) Producing or supplying drugs or other articles for individuals or entities for use in the provision of or in research into or instruction in the provision of health care; or

(4) Entities engaged in producing drugs or such other articles;

(d) Who is the member of the immediate family of an individual described in subparagraph (a), (b), or (c); or

(e) Who is engaged in issuing any policy or contract of individual or group health insurance, hospital, or medical service benefits. An individual shall not be considered a provider of health care solely because the individual is a member of the governing board of an entity described in subparagraph (c)(2) or (c)(4).

XXXI. "Psychiatric hospital" means an institution which is primarily engaged in providing to inpatients, by or under the supervision of a physician, psychiatric services for the diagnosis, treatment, and rehabilitation of mentally ill and emotionally disturbed persons.

XXXII. "Qualified applicant" means an applicant who has submitted an application in response to a request for application as published by the health services planning and review board.

XXXIII. "Rehabilitation facility" means an inpatient facility which is operated for the primary purpose of assisting in the rehabilitation of disabled persons through an integrated program of medical and other services which are provided under competent professional supervision.

XXXIV. "Request for application" means a formal publication of need for a specific service based on an existing standard, revised standard, or new standard as developed pursuant to RSA 151-C:5 and 6.

XXXV. "Skilled nursing facility" means an institution or a distinct part of an institution which is primarily engaged in

providing to injured, disabled, or sick inpatients skilled nursing care, and rehabilitative and related services.

XXXVI. "Standard" means a health policy guideline developed by the health services planning and review board and instituted under the provisions of RSA 541-A.

151-C:3 Health Services Planning and Review Board.

I. There is hereby established a health services planning and review board composed of 9 members to include the following:

(a) The commissioner of health and human services or his appointee;

(b) The commissioner of insurance or his appointee; and

(c) The commissioner of administrative services or his appointee.

(d) The remaining 6 shall be appointed by the governor and shall represent:

(1) Purchasers or consumers of health care services;

(2) One representative from the hospital provider community;

(3) One representative from the nursing home community; and

(4) Representatives of labor.

II. Each member appointed under subparagraph 1(d) shall serve for 3 years and may be reappointed.

III. A member of the board may resign upon written notice to the governor. The governor shall appoint a replacement to fulfill the unexpired term. A member of the board may be discharged pursuant to RSA 4:1.

IV. The governor shall appoint a chairman of the board, who shall serve at the pleasure of the governor, from among its members.

V. Members of the board shall be reimbursed for reasonable expenses incurred in carrying out their duties under this chapter.

VI. The board shall be administratively attached, pursuant to RSA 21-C:10, to the division of public health services and shall exercise its powers, duties, functions, and responsibilities independently of the division and the department of health and human services, except as specifically provided by law. The board shall submit its budget requests and such reports required of it by law through the division of public health services.

VII.(a) The director of the division of public health services shall provide staff to support the work of the board and shall appoint, from among the staff, a person to serve as staff director who shall oversee the staff and act as liaison between the director and the board. The director shall also provide space for the board and staff and other assistance and materials as necessary.

(b) The staff director shall account to the director of the division of public health services for the administration of funds allocated under this chapter, for the conduct of the staff, and shall timely and appropriately execute his duties.

151-C:4 Prohibitions.

I. No new institutional health service shall be offered or developed within the state, nor shall any arrangement or commitment for financing the offering or developing of a new institutional health service be made, except pursuant to obtaining a certificate of need for such service.

II. No certificate of need shall be granted by the board unless a standard has been developed which delineates the need for the service and outlines the criteria which must be met by any person proposing such a service.

151-C:5 Standard Development.

1. Prior to development or review of any new institutional health service the board shall:

(a) Develop a comprehensive mailing list of the state's health care facilities, health maintenance organizations, and any other person who, annually and in writing, requests inclusion on the list. The board shall maintain this comprehensive mailing list and shall make revisions to update it annually; and

(b) Disseminate to all health care facilities, health maintenance organizations, and other persons included on its comprehensive mailing list, and shall publish in one or more newspapers of general circulation within each county, a description of the scope of coverage of its program for development and review of standards and the review of applications responding to requests for proposals (RFP's) including the activities covered in RSA 151-C:5, II and 151-C:13. Whenever the scope of such coverage is revised, the board shall disseminate and publish a revised description thereof, as provided in this subparagraph.

II. The board shall develop standards for new institutional health services. These include, but are not limited to, the following:

(a) The construction, development, expansion, or alteration of any health care facility increasing bed capacity by more than 10 beds or 10 percent, whichever is less, or adding major new facilities or categories of service;

(b) The transfer of ownership, in whole or in part, of an existing health care facility, or the acquisition of all or substantially all of its assets or stock, except where the transfer of ownership would be subject to the provisions of reevaluation of assets as outlined in the Federal Deficit Reduction Act of 1984;

(c) The development and offering of special inpatient services to include, but not be limited to, alcohol and drug dependency, psychiatric services, and physical rehabilitation;

(d) The purchase, lease, donation, transfer, or other comparable arrangement by or on behalf of a health care provider of diagnostic or therapeutic equipment for which the cost or, in the case of donation, the value is in excess of \$400,000. This shall include one or more articles of diagnostic or therapeutic

equipment which are necessarily interdependent in the performance of their ordinary functions as determined by the board;

(e) The increase of inpatient beds resulting in an increase of more than 10 beds or 10 percent of the total bed complement, whichever is less;

(f) The development of new services with an annual operating budget of greater than \$75,000 or the relocation of existing services to a new location with greater than \$250,000 annual operating cost and shall include, but not be limited to, home health services, ambulatory surgery centers, outpatient drug and alcohol programs.

III. The board shall develop, pursuant to rules adopted under RSA 541-A, standards of need on health care services listed in paragraph II of this section. All persons enumerated in paragraph I of this section shall receive notice of the standards and public hearings relative to the standards. The board shall publish notice of proposed standards in a state-wide newspaper and at least one newspaper in each county of the state. Each notice shall include dates and locations of public hearings.

151-C:6 Procedures for Existing Standards; No Standards.

I. If a standard of need, which precludes additional services, has existed for longer than 24 months, any person may request that the standard be reviewed to determine whether the standard should be continued. Notwithstanding RSA 541-A:6, the procedure shall be as follows:

(a) A request for a standard review shall be submitted in writing to the chairman of the board.

(b) Within 30 days of the receipt of the request, the board must notify, in writing, the person making the request of the commencement of the 120 day standard review process or that the proposed project is not in accordance with 151-C:5, II and no standard review shall take place.

(c) The review of an existing standard shall take no longer than 120 days and the final standard adopted shall be in accordance with RSA 541-A. The decision of the board shall be considered a final decision.

(d) The board shall notify persons, pursuant to RSA 151-C:5, I, of the beginning of the standard review period and the schedule for the review.

II. In the case of a service for which there is no standard, any person may request, in writing, that the board develop a standard. Notwithstanding RSA 541-A:6, the procedure shall be as follows:

(a) A request for a standard development shall be submitted in writing to the chairman of the board.

(b) Within 30 days of the receipt of the request, the board shall notify, in writing, the person making the request of the commencement of the 120 day standard development process or that the service is not in accordance with 151-C:5, II and no standard development shall take place.

(c) The development of a new standard shall take no longer than 120 days and shall be in accordance with RSA 541-A.

(d) The board shall notify persons, pursuant to RSA 151-C:5, I, of the beginning of the standard development period and the schedule for the review.

(e) The standard shall be either a standard allocating the new service by number, type, and location or a statement that the proposed new service is in the best competitive interest of health care in the state and shall not be subject to the provisions of RSA 151-C:8. The decision of the board shall be considered a final decision.

151-C:7 Criteria. Every standard developed by the board shall stipulate the criteria which must be met by any successful applicant applying to fill a need identified in the standard. At a minimum these shall include:

I. The immediate and long range financial feasibility of the proposed project, including the probable impact of costs and charges of the facility on health insurance premiums and personal health expenditures in the state or the region of the state.

II. The availability of resources for the proposed project including health and management personnel and funds, capital, and operating needs.

III. The degree to which the proposed project will be accessible to persons who are medically underserved, including, but not limited to, handicapped persons and indigent persons.

IV. In the case of existing facilities or entities with other facilities, records of the quality of care which may include records from state, federal, and private licensing and accreditation facilities. In the case of new entities, assurance of the quality of care stated in measurable terms.

151-C:8 Procedures for Certificate of Need.

I. If a standard developed through RSA 151-C:5 or 151-C:6, indicates a need for additional health services, the board shall issue a request for applications. The board shall publish, in other than the legal notices section, in a newspaper of statewide distribution and in at least one newspaper in every county, as well as notify all affected persons as defined in paragraph VI(b) of this section, a notice that the board is accepting applications for certificates of need for the specified service. At a minimum the notice shall include:

(a) A brief description of the service to be provided, including the amount, type, and location as established by the standard.

(b) The final date that applications are to be submitted which shall be no sooner than 60 days from the date of publication. An application in response to a request for application may be submitted prior to the deadline, but no review shall commence prior to the deadline.

(c) An address at which applicants may obtain copies of the

application format as well as the minimum criteria and specifications which shall be the basis for judging the merits of each application.

II. The staff of the board shall be available to provide technical assistance to any applicant submitting an application in response to a request for applications.

III. All applications received in response to a single request for applications shall be reviewed simultaneously and shall be considered in relationship to each other.

IV. Every application shall be in such form and contain such information as the board adopts by rule. The board shall not require any information which it has not adopted by rule. The information requirements established by the board may vary according to the purpose of the review or the type or health service being reviewed. In addition to the information required for submission to the board, any applicant may submit, and the board shall duly consider, any other information.

V.(a) The board shall examine every application for form and completeness, and the information required by RSA 151-C:7 as well as the specifications and standards outlined in the request for application. If an application is determined incomplete by the board, it shall notify the applicant by certified mail within 15 business days of receipt of the application. Such notification shall include a full explanation of the reasons for incompleteness. If no request for additional information is made by the board within the 15 business days, the application shall be considered complete.

(b) An applicant whose application is incomplete shall be allowed a maximum of 15 business days, from the date of receipt of notification of incompleteness, to provide the required additional information. The applicant shall not provide more than the required additional information. The board shall then review the additional information provided by the applicant; and, if satisfactory, the application shall be considered complete and the applicant shall be notified by certified mail. If the application is still found to be incomplete, the board shall mail the applicant a notification within 5 business days of receipt of the additional information. If no such notification is mailed to the applicant by the board within the 5 business days period, the application shall be considered complete.

(c) Any applicant whose application is incomplete following the second completeness review under subparagraph (b) may, by certified mail, within 5 business days of receipt of the second notice of incompleteness:

- (1) Provide the additional required information; or
- (2) Stipulate that it wishes to have its application reviewed by the board notwithstanding its incompleteness. Any applicant whose application is incomplete and who fails to either provide the additional required

information or stipulate that it wishes to have its application reviewed notwithstanding its incompleteness shall waive any right to have its application reviewed.

(d) The state agency shall review any application for which a stipulation has been filed pursuant to subparagraph (c).

(e) An applicant may withdraw an application at any time thereby terminating the review process.

VI.(a) Within 10 business days of completion of the completeness review under paragraph V of this section, the board shall mail, to any qualified applicant, a notice that formal review of the application has begun and shall publish the notice in other than the legal notice section of one or more newspapers of general circulation in the state and in one or more newspapers of general circulation in the service area of the facility to be reviewed. The board shall provide all affected persons, as defined in subparagraph (b), with written notification of the beginning of a review. The notice shall include a statement that review has begun, the proposed schedule for review by the board, and the date the public hearing notice shall be posted, which may not be more than 45 days from the notification of the beginning of review.

(b) For purposes of this paragraph, "affected persons" include health systems agencies for contiguous health service areas, all health care facilities and health maintenance organizations included on the comprehensive mailing list developed and maintained pursuant to RSA 151-C:5, I(a), the New Hampshire Hospital Association, the New Hampshire Medical Society, the New Hampshire Health Care Association, the Community Health Care Association, the New Hampshire Association of Counties, third-party payors licensed and doing business in this state, and members of the public who are to be served by the proposed new institutional health service. For purposes of this paragraph, notification of all qualified applicants in which the proposed new institutional health service is to be offered or developed shall be by certified mail. Notification to all affected persons, except members of the public, shall be by mail. Notification to members of the public shall be by the publication required in this paragraph. Notification to third-party payors licensed and doing business in the state shall be to those third-party payors who have complied with an annual notification as of the effective date of this provision informing them that if they wish to be included on a certificate of need mailing list, they shall submit a written request to the board within 30 days.

VII. The date on which notification is sent to qualified applicants or the date on which notification to the members of the public first appears in a newspaper published in the state, whichever occurs later, shall be the date of notification and shall be the beginning date of the review cycle of the board.

VIII. The board shall establish review schedules which provide that no

review by the board shall, to the extent possible, take longer than 90 calendar days from the beginning of the review cycle to the date of a final decision of the board. In accordance with the requirements of RSA 151-C:11, the board shall adopt exception criteria for determining when it would not be practicable to complete a review within 90 calendar days. If an application clearly meets such exception criteria, the agency may provide for a single extension of the review period for a total of 30 calendar days beyond the initial 90 day period. The total review period for certificate of need shall not extend beyond 120 days from the beginning of review.

IX. Upon request, the board shall provide for access by the general public to all applications reviewed by the board and to all other written materials pertinent to board review.

X. The board shall provide in its review procedures for a public hearing. The board shall, prior to such hearing, provide notice of such hearing in accordance with the notification provisions in paragraph VI of this section. The procedures for a public hearing shall include an opportunity for any person to present testimony regarding the proposed new institutional health service, the right of any persons testifying to be accompanied and advised by legal counsel, the right of any qualified applicant to cross-examine witnesses, and the establishment of a formal record of the hearing. The board shall not impose any fee for such a public hearing.

XI. During the course of review of any application for a certificate of need, the board shall take reasonable measures to prohibit and prevent all ex parte communication relating to the merits of such application.

XII.(a) After an application has been filed with the board, the applicant may amend the application only during the 45 days after the date of notification of the beginning of review. Upon written request to the board by the applicant, this period may be extended by the board, in accordance with the provisions of paragraph VIII.

(b) When an application is filed with the board, an applicant shall be required by the board to file an amendment of the application when any supporting documentation or other material submitted to the board by the applicant indicates that:

(1) The nature, scope, or location of the project will differ substantially from those described in the application;

(2) The method of financing will differ substantially from that described in the application in that the estimated capital expenditure will exceed that proposed in the application by 15 percent plus the inflation factor, as specified in RSA 151-C:12, IV.

(3) The identity of the applicant has changed.

(4) The board may waive the requirements of subparagraph (b)(1), (2) or (3) if it is determined that the proposed amendment of the application is technical or otherwise insignificant.

(c) If an amendment is filed in accordance with (a) or (b), the application shall return to the point in the review process defined in paragraph VI relative to the notification to the applicant that review of the application has begun.

XIII. Any action by the board or by an applicant pursuant to this section which results in a delay of the review process shall affect all applicants which filed under the same request for application and are considered by the board to be competing.

151-C:9 Decision Regarding Certificate of Need; Issuance of Certificate of Need; Reconsideration.

I. Upon completion of the review, the board, by majority vote, shall render a decision on the applicant or applicants which filed in response to a request for application. The decision shall be in the form of an approval, denial, or an approval with conditions. An approval of a certificate of need shall be in conformance with the standard used as the basis for the request for application.

II. The board shall consider competing applicants in relationship to each other. The decision shall be based on the applicant who demonstrates superiority in cost effectiveness, quality, and affordability and who will best meet the specifications and criteria outlined in the standard.

III. Once a final decision is rendered, a copy of the decision shall be given to all third party payors who are in compliance with the provisions of this chapter. If the board fails to issue a final decision within the time period specified for the review, a certificate of need shall be denied. The applicant may either request a reconsideration hearing under paragraph IV, or, within a reasonable time following the expiration of that period, petition the supreme court to require the board to render a final decision on the application.

IV.(a) Any person, for good cause shown, may request in writing a public hearing for purposes of reconsideration of a final decision of the board. The board shall adopt appropriate procedures for such a hearing. No fee may be imposed for the hearing. For purposes of this paragraph, a request for a reconsideration hearing, other than by an applicant denied a certificate of need, shall be good cause if it:

(1) Presents significant, relevant information not previously considered by the board;

(2) Demonstrates that there have been significant changes in factors or circumstances relied upon by the board in reaching its decision;

(3) Demonstrates that the board has materially failed to follow its adopted procedures in reaching its decision; or

(4) Provides such other basis for a public hearing as the board determines constitutes good cause.

(b) To be effective, a request for a reconsideration hearing shall be received by the board within 20 business

days following the date of the board's decision. If granted, the hearing shall commence within 30 calendar days of receipt of the request. The applicant may waive the 30 day requirement. At least 14 calendar days prior to the reconsideration hearing, notification of the hearing shall be sent to the person requesting the hearing and to the persons proposing the new institutional health service and to others upon request. Within 25 business days after the conclusion of the hearing, the board shall make written findings which state the basis for its decision. The decision shall be considered the final decision of the board.

151-C:10 Appeals to the Supreme Court.

I. Any person submitting an application for a certificate of need, if aggrieved or dissatisfied with the decision of the board, shall have the right, upon a petition which provides a detailed statement of the grounds upon which the decision of the board is claimed to be erroneous and contrary to the facts and the law, to appeal from the decision to the supreme court pursuant to RSA 541.

II. The provisions of RSA 541 shall govern all appeals under this section.

III. The court shall affirm the decision of the board unless it finds it to be arbitrary or capricious or not made in compliance with applicable law.

151-C:11 Additional Rules.

I. The board shall adopt rules governing review of certificate of need applications consistent with and necessary to the proper administration of this chapter. All rules shall be adopted pursuant to RSA 541-A and as described in this section; except that, in the case of an irreconcilable conflict between the provisions of RSA 541-A and the provisions of this section, the provisions of this section shall control. In addition, before adopting proposed rules:

(a) The board shall distribute copies of its proposed rules to:

(1) Statewide health agencies and organizations;

(2) All health care facilities, health maintenance organizations, and other persons on the board's comprehensive mailing list; and

(b) At least 45 days prior to adopting any rule, the board shall send by mail to all persons included on the comprehensive mailing list and shall publish, in at least one newspaper of statewide circulation, a notice stating that rules for the review of certificate of need applications or any revisions thereof have been proposed for adoption and are available at specified addresses for inspection and copying by interested persons. Such notice shall appear in other than the legal notices section of such newspapers; in addition, notice may be given through other public information channels.

II. The board shall distribute copies of its adopted rules to the persons required to be given notice in subparagraph I(b) and to the Secretary of Health and Human Services and shall provide such copies to other persons upon request.

151-C:12 Validity of Certificates of Need; Compliance; Sanctions.

I. A certificate of need issued pursuant to this chapter shall expire upon failure to commence or complete the project authorized thereby within the time period specified in this section. The board's approval shall be terminated upon the expiration of such period, and the person proposing to offer or develop the new institutional health service shall be required to resubmit an application for certificate of need under RSA 151-C:8. In the event that only part of a project to offer or develop the new institutional health service has been commenced or completed within such period, the board's approval shall be terminated upon the expiration of such period solely with respect to the parts of the project which have not been commenced or completed. Project completion date requirements are as follows:

(a) Projects which solely involve the acquisition and installation of equipment must be completed within 2 years from the date of issuance of a certificate of need or certificate of exemption.

(b) In the case of construction projects, the following time periods apply:

(1) If the total estimated cost of the project is less than \$1,000,000, the project must be commenced within one year of, and completed within 3 years of, the date of issuance of a certificate of need.

(2) If the total estimated cost of the project is greater than \$1,000,000, then the project must be commenced within 18 months of, and completed within 5 years of, the date of issuance of a certificate of need.

(c) In the case of any plan for capital expenditures proposed by or on behalf of a health care facility, health maintenance organization, or health care provider under which a series of obligations for capital expenditures for discrete components of the plan is to be incurred over a period longer than one year, the board may allow up to 3 years following the date of approval for incurring such capital expenditures.

II. Pursuant to a showing of good cause by the person proposing the new institutional health service, the board shall extend by 6 months the period for commencement. A maximum of 2 such extensions shall be allowed. Upon a showing of substantial, diligent progress and good cause by the person proposing the new institutional health service, the board shall grant up to a maximum of 2 extensions of 6 months each for completion of the project. For purposes of this paragraph, "good cause" includes delay resulting from unpreventable or unexpected occurrences, such as emergency, strike, disaster, unforeseen shortage of materials or other reasonably unforeseeable event.

III. For the purposes of this chapter, a project shall be commenced if:

(a) The proponent of the new institutional health service has submitted to the board a certified copy of a written agreement executed between the proponent and a registered general contractor to construct

and complete the project within a designated time schedule in accordance with final architectural plans and specifications; and

(b) There has been construction work on the project to justify and require a progress payment by the proponent to the general contractor under the terms of the construction agreement, or, if the construction agreement does not require progress payments, then construction has progressed to the state at which an initial progress payment would otherwise be required in accordance with the usual and customary practices of the building industry.

IV. For purposes of this chapter, completion shall mean when the approved new institutional health service is sufficiently complete so that it becomes operational for the purpose for which the certificate of need was issued. A certificate of need shall be valid only for the designated scope of the project and for the premises and geographical area named in the application. A certificate of need granted for a project shall not be considered as an approval of that portion of the total actual cost of such a project which is in excess of the sum of: (a) the anticipated cost designated in the application; (b) an additional 15 percent of the total cost; and (c) cost increases clearly attributable to inflation.

V. All applicants receiving a certificate of need or a certificate of need with conditions shall file, at least semi-annually during the development stage and annually once the project is commenced, a report indicating that the project is in compliance with information provided in the application, and with the conditions outlined in the certificate of need. A report shall only be necessary for the first 5 years after completion of the project.

VI. Any applicant found not to be in reasonable compliance with any statement in their certificate of need application or with the conditions of the certificate of need shall be fined not more than 1/2 of one percent of the previous year's revenue minus contractual allowances or, in the case of a new facility, not more than 1/2 of one percent of the projected first year revenue minus contractual allowances.

VII. Funds collected under the provisions of this chapter shall be deposited in the general fund.

151-C:13 Exemptions.

I. The following are excluded from this chapter:

(a) Private offices or private clinics of physicians, dentists, or other practitioners of the healing arts, meaning the physical places which are occupied by such providers on a regular basis in which such providers perform the range of diagnostic and treatment services usually performed by such providers on an outpatient basis;

(b) Dispensaries and first-aid stations, located within business or industrial establishments, maintained solely for the use of employees, provided that such a facility does not contain inpatient or resident beds for patients or employees who generally remain in the facility for more than 24 hours;

(c) Infirmarys owned or operated by education institutions;

(d) Institutions or homes which provide remedial care or treatment only to residents or patients who rely solely upon treatment by prayer or spiritual means in accordance with the creed or attendance of any recognized church or religious denomination;

(e) The increase or conversion of 9 beds or fewer or less than 10 percent of the bed complement, whichever is less.

II. The above exclusions shall not include any diagnostic or therapeutic equipment located or used therein, or by any other facility covered by this chapter.

III. The board shall adopt rules under RSA 541-A governing procedures for the expeditious processing of emergency applications and of applications for projects which are solely for the purpose of complying with the requirements of law or rules, including projects necessary for compliance with life and health safety code standards. Emergency applications include applications regarding expenditures for replacement, repair, rebuilding, or re-equipping of any part of a health care facility or health maintenance organization destroyed or damaged as the result of fire, storm, flood, act of God, or civil disturbance, or any other circumstances in which the board finds that the circumstances require action by the board in less time than normally required for review.

151-C:14 Enforcement.

I. Any person who offers or develops any new institutional health service within the meaning of this chapter without first obtaining a certificate of need as required in this chapter, or who otherwise violates any of the provisions of this chapter, shall be subject to the following sanctions:

(a) The state shall not issue a license to any health care facility or health maintenance organization to operate, offer, or develop any new institutional health service in violation of this chapter and without a certificate of need issued pursuant to this chapter. The provisions of RSA 151 notwithstanding, in the case of an increase in actual bed capacity in contravention of the requirements of this chapter, any license for such beds shall be deemed to be revoked.

(b) The state shall not furnish from any reimbursement program administered by the state, nor shall any entity chartered under the laws of New Hampshire or any person licensed and doing business in the state, provide reimbursement for any new institutional health service offered or developed in contravention of the requirements of this chapter.

(c) Any person who violates this chapter shall be fined not more than 1/2 of one percent of the total operating budget of the previous year, or, in the case of a new facility, not more than 1/2 of one percent of the projected annual operating budget for the first year of operation.

(d) In addition to all other sanctions, if any person offers or develops any new institutional health service without

first having been issued a certificate of need, or violates any other provision of this chapter or any lawful rule adopted under this chapter, upon the posting of a bond or security, the board or health care facilities, health maintenance organizations, and health care providers located in the state shall have standing to maintain a civil action in the superior court of the county in which such alleged violation has occurred, or in which such person may be found, to enjoin, restrain, or prevent such violation. Upon written request by the board, it shall be the duty of the attorney general of the state to furnish such legal services as may be appropriate and to prosecute such action for injunctive relief to an appropriate conclusion.

151-C:15 Fees.

1. In addition to any other fees required of it, each acute care hospital, specialty hospital, and nursing home licensed under RSA 151 shall pay an annual administrative fee of up to 1/10 of one percent of their previous year's revenue minus contractual allowances or, if a new facility, up to 1/10 of one percent of their projected first year revenue minus contractual allowances. The total amount collected shall not exceed \$500,000 per year, to be prorated at the end of each fiscal year among all acute care hospitals, specialty hospitals, and nursing homes licensed under RSA 151.

II. All persons filing an application in response to a request for applications shall pay a fee of 1/4 of one percent of the total capital cost of the project with a minimum fee of \$500, and a maximum of \$12,000. This paragraph shall not apply to any facility which is included under RSA 151-C:15, I.

III. Persons requesting a standard development or standard review as outlined in RSA 151-C:6 shall pay a fee of \$1,000 if the health services planning and review board determines that a standard review or a standard development process shall occur.

IV. Funds collected under this section shall be deposited in the general fund.

7 Health Services Planning and Review Board. The 7 members of the existing certificate of need review board shall be transferred to serve on the health services planning and review board established by RSA 151-C:3. The other 2 members of the health services planning and review board shall consist of the commissioner of health and human services or his designee and the commissioner of administrative services or his designee. The first vacancy on the board shall then be filled by the commissioner of insurance or his designee.

8 Transfers to Health Services Planning and Review Board. All functions, powers, duties, records, property, and funds of the division of public health services, department of health and human services, relative to the certificate of need program established by RSA 151-C are hereby transferred to the health services planning and review board established by RSA 151-C:3.

9 Federal Statutes and Regulations. Any federal statute or regulation taking

effect subsequent to the effective date of this act which is more restrictive or inclusive than this act shall supersede this act. All applicants under RSA 151-C shall refer to the provisions contained in this act and the certificate of need rules as adopted by the health services planning and review board.

10 Exemption. All state facilities covered by this act are exempt from the fees stipulated in RSA 151-C:15.

11 Date for Standard of Need. Within 180 days of the passage of this act, the health services planning and review board shall review all standards currently in existence in the state health plan (department consolidated plan) and make a determination on which of the existing standards shall be carried forward under RSA 151-C and which shall undergo a standard development process pursuant to RSA 151-C:5.

12 Appropriation. There is hereby appropriated to the division of public health services the sum of \$500,000 for the fiscal year ending June 30, 1986, and the sum of \$500,000 for the fiscal year ending June 30, 1987, for the purpose of carrying out this act. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

13 Effective Date. This act shall take effect July 1, 1985.

Amendment adopted.

Reps. Sochalski, Chambers and Rounds spoke in favor of the Committee report.
Referred to Appropriations.

HB 533, prohibiting censorship of printed material. Inexpedient to Legislate. This bill states "no person shall ban or censor printed material normally available to the public." The Committee believes that to tell a publisher or any other person not to publish anything he or she wants to constitutes a blatant violation of the constitutional right of a free press. Vote 11-1. Rep. Marc Chretien for Judiciary.

Rep. Alf Jacobson spoke against the Committee report.

Rep. Chretien spoke in favor of the Committee report.

Resolution adopted.

HB 604, relative to the return of rental vehicles. Ought to Pass with Amendment.

The bill declares that it is a misdemeanor to abandon a rented vehicle or to refuse wilfully to re-deliver it to its proper owner in accordance with the provisions of a rental agreement. Vote 8-6. Rep. Francis E. Robinson for Judiciary.

Amendment

Amend section one of the bill by striking out same and inserting in place thereof the following:

1 Theft of Rental Vehicles. Amend RSA 637:9, I as inserted by 1971, 518:1 by striking out said paragraph and inserting in place thereof the following:

I. A person is guilty of theft if:

(a) having custody of a propelled vehicle pursuant to an agreement between himself or another and the owner thereof whereby the actor or another is to perform for compensation a specific service for the owner involving the maintenance, repair or use of such vehicle, he intentionally uses or operates the same, without the consent of the owner, for his own purposes in a manner constituting a gross deviation from the agreed purpose; or

(b) having custody of a propelled vehicle pursuant to a rental or lease agreement with the owner thereof whereby such vehicle is to be returned to the owner at a specified time and place, he abandons the vehicle or willfully refuses or neglects to redeliver it to the owner in such manner as he may have agreed; or

(c) having custody of any property pursuant to a rental or lease agreement whereby such property is to be returned in a specified manner, intentionally fails to comply with the terms of the agreement concerning return so as to render such failure a gross deviation from the agreement.

Amendment adopted.

Ordered to third reading.

HB 323, relative to the continuance of health care benefits for injured employees. Refer for Interim Study.

The Committee felt the bill has merit, but as written, could lead to misinterpretation of work and non-work related injuries. Also, further study is needed on the effect this measure would have on small employees of the state. Vote 11-2. Rep. Robert S. Hawkins for Labor, Industrial and Rehabilitative Services.

Referred for Interim Study.

HB 339, relative to state employee bargaining rights. Ought to Pass. The Committee felt that this measure providing state employee bargaining rights ought to pass. This legislation will provide equal opportunity to the State employee to negotiate his/her terms and conditions of employment as is accorded to every town, city and school district and county employee in this state. Vote 7-6. Rep. Robert S. Hawkins for Labor, Industrial and Rehabilitative Services.

Ordered to third reading.

HB 344, repealing the mini Davis-Bacon act. Refer for Interim Study.

The Committee wishes to look at other alternatives rather than completely abolishing RSA 280 at this time. Another bill, SB 71, with the same sponsors, is in the Senate Committee at this time. Thus, HB 344 is recommended for interim study. Vote 10-3. Rep. Robert S. Hawkins for Labor, Industrial and Rehabilitative Services.

Referred for Interim Study.

HB 501, relative to mediators, factfinders and arbitrators of disputes between public employers and public employees. Inexpedient to Legislate.

House Bill 501 was felt by the majority of the Committee to be Inexpedient to Legislate as it would set up a new procedure in the collective bargaining process to solve unending negotiations which would put into place an additional step of having the state pay the actual expenses of mediators, factfinders and arbitrators for up to 4 days. With an estimated cost factor of \$250,000 for the biennium. Vote 8-4. Rep. Robert S. Hawkins for Labor, Industrial and Rehabilitative Services.

Resolution adopted.

HB 620, creating a presumption that cardiovascular disease in police officers is occupationally related. Inexpedient to Legislate.

The majority of the Committee felt that HB 620 be Inexpedient to Legislate, that creating a presumption that cardiovascular disease in police officers is occupationally related, regardless of lifestyle, medical heredity, environmental exposure or work assignment would create a prima facie presumption. Under current law (Workers' Compensation RSA 281), an injury or illness that is work related and the Department of Labor application of them more than protects the worker. Vote 8-5. Rep. Irene J. Shepard for Labor, Industrial and Rehabilitative Services.

Resolution adopted.

HB 773, relative to financial disclosure by public officials. Majority: Refer for Interim Study. Minority: Ought to Pass with Amendment.

MAJORITY: Though the Legislature has wrestled with ethics and/or disclosure proposals for five sessions and considerable support has been demonstrated for enactment in this session, the Committee was not prepared to recommend to the House neither the original bill nor the amendment under the time constraints imposed by the deadline filing. There is a commitment supported by the Majority Leader, to complete the study and report prior to the deadline for the filing of bills for the 1986 session. Vote 9-5. Rep. James A. Chandler for the Majority of Legislative Administration. MINORITY: The Attorney General is in full support of this bill as a reasonable and balanced approach. It does not require disclosure beyond sources of income. It, therefore, provides sufficient protection to office holders, and at the same time insures accountability and the public's right-to-know. (Reps. Elaine S. Krasker, William R. Matson for the Minority of Legislative Administration.

Rep. Krasker moved that the report of the Minority, Ought to Pass with Amendment, be substituted for the report of the Majority, Refer for Interim Study, spoke to her motion and yielded to questions.

Reps. James Chandler and Russell Chase spoke against the motion.

Reps. Marian Harrington, Raiche and Dexter spoke in favor of the motion and yielded to questions.

Reps. Sylvia, Harold Watson, Bass and Rounds spoke against the motion and yielded to questions.

Reps. Chambers and Hollingworth spoke in favor of the motion.

Rep. Chardon moved the previous question. Sufficiently seconded. Adopted.

A roll call was requested. Sufficiently seconded.

The Committee on Elections presented the following report:

Cressy Election Petition and Cushing Election Petition.

The Elections Subcommittee has held public hearings on both of the above named election petitions and subsequently, has held an executive session on each of these petitions. The Elections Subcommittee voted unanimously to deny the aforementioned petitions which called for new elections in their respective districts. Attached are two motions that the subcommittee supports. We respectfully submit to the Legislative Administration Committee these two motions, which will basically find these petitions inexpedient to legislate. We urge you to support these motions. Reps. Bruce C. Rounds, Daniel J. Healy and Betty Jo Taffe for Legislative Administration Elections Subcommittee. The full Committee unanimously ratified the Elections Subcommittee's recommendations to deny both the Cressy and Cushing petitions concerning the election of two members in Rockingham County. Rep. James A. Chandler for Legislative Administration.

Reps. Benjamin Moore and Rosencrantz spoke to the Committee report.
Report adopted.

HB 616, relative to funding of the fire standards and training commission. Ought to Pass with Amendment.

House Bill 616, as amended, provides additional funding for the Fire Standards and Training Commission, from an annual service fee on the premiums collected by insurance companies on certain fire insurance policies. The increased funding will enable the Fire Standards and Training Commission to greatly expand its training programs for New Hampshire fire service personnel, by bringing expertise and specialized equipment to statewide training locations. The expanded training will result in a higher degree of proficiency by municipal firepersons, which will help to reduce loss of life and minimize property damage. Vote 11-6. Rep. David A. Welch for Public Protection and Veterans Affairs.

Amendment

Amend RSA 400-A:29-a, I and II as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

I. Every insurance company licensed by and doing business in this state shall pay to the insurance department an annual fire training service fee. The fee shall be in an amount equal to \$.50 for each \$2,500 of premium or part thereof charged for the fire portion of homeowner policies, fire policies, and the fire portions of commercial multi-peril insurance policies, except vehicle policies, issued or renewed

by the company during the previous year, but in no event shall be less than \$1 for each such policy issued or renewed during the previous year. The computation of the service fee shall be reviewed biennially by the appropriate legislative committees to assure its adequacy. The annual fee shall be due on January 15. The first fee payment required by this paragraph shall be due on January 15, 1986.

II. Upon collection of the fees required under paragraph I, the insurance commissioner shall pay the amounts collected to the state treasurer. The state treasurer shall establish a separate nonlapsing account to be known as the fire standards training fund account and shall deposit the sums received from the insurance commissioner in the account. The fire standards and training commission shall be authorized to make expenditures from the account for the purposes of RSA 154-C.

Amend the bill by striking out section 5 and inserting in place thereof the following:

5 Expenditures Limited in First Year. Notwithstanding RSA 400-A:29-a, II, the expenditures by the fire standards and training commission from the fire standards training fund account for the first year following the effective date of this act shall not exceed \$250,000.

6 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Referred to Appropriations.

INTRODUCTION OF GUESTS

Former Speaker Pro Tem, Marshall French and his wife Sue, guests of the House.

COMMITTEE REPORT (cont.)

HB 613-FN, authorizing towns to establish general reserve funds for any purpose for which a town may raise money. Ought to Pass with Amendment.

The provision for a general reserve fund was passed by the House and Senate during the last session, but was vetoed by the Governor. This bill presents the general reserve fund, but has been revised to address the points in the 1983 message. Vote 19-0. Rep. Richard A. Grodin for Municipal and County Government.

Amendment

Amend RSA 31:128, II as inserted by section one of the bill by striking out same and inserting in place thereof the following:

II. Passage of an article establishing such a fund shall not require a subsequent town meeting to appropriate funds.

Amendment adopted.

Ordered to third reading.

HB 658, relative to private security agencies. Ought to Pass with Amendment.

The bill, with amendment, requires that the background of private detectives and security guards be carefully scrutinized, prior to their being hired. Additionally, those detectives and guards who are armed are required to achieve firearms proficiency on an annual basis, in a manner quite similar to the requirements for municipal police officers. Vote 11-6. Rep. Richard A. Barberia for Public Protection and Veterans Affairs.

Amendment

Amend RSA 106-F:8-a as inserted by section 4 of the bill by striking out same and inserting in place thereof the following:

106-F:8-a Firearm Proficiency.

I. All armed security guards and armed private detectives shall meet minimum requirements in the proficiency in the use of firearms at least once per year. The requirements shall be as follows:

(a) The practical police course or the tactical revolver course, with a minimum qualification score of 75 percent.

(b) Shotgun familiarization course required for all security officers whose employers issue, or have as part of their equipment, shotguns.

(c) 4 hours of instruction, to include firearms techniques and safety, laws on the use of deadly force, and the moral and ethical use of force. Only qualified firearms instructors shall be used to certify the successful completion of the requirements.

II. Individuals shall be considered for qualification if they successfully complete one of the following courses:

(a) Council Firearms Instructor School;

(b) F.B.I. Firearms Instructor School;

(c) Smith & Wesson Firearms Instructor School;

(d) National Rifle Association Police Firearms Instructor Course;

(e) Equivalent courses as determined by the director of the state police on an individual basis.

Amendment adopted.

Ordered to third reading.

HB 538-FN, permitting alpine slide facilities to sell liquor. Ought to Pass with Amendment.

Alpine slide has had good record as a ski area with a license and due to change in operation it needs a new type of license. Amendment deals with a current RSA which expires June 1 and other parts of the amendment deal with gambling devices on licensee's premises. Vote 10-6. Rep. Lynn C. Horton for Regulated Revenues.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

permitting alpine slide facilities to sell liquor; relative to club licenses; and prohibiting gambling machines on licensed premises.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Clubs. Amend RSA 178:7, II (supp) as amended by striking out said paragraph and inserting in place thereof the following:

II. For an additional fee of \$300.00 per annum, the commission may issue to a club licensed under paragraph I an additional license to set up a separate bar facility to serve alcoholic beverages to private groups in a rental hall approved by the commission. This additional license shall allow the club to hold up to 12 events per year. The club shall be responsible for compliance with the provisions of this title and any rules adopted hereunder during such events. The club shall notify the commission at least 7 days prior to the date of any scheduled private affair which will be serviced by such bar facility. The commission may suspend the use of such bar facility without affecting the status of any other license in effect on the club premises, or may suspend the use of such bar facility and other licenses in effect on the club premises.

3 Gambling Prohibited. Amend RSA 175 by inserting after section 17 the following new section:

175:18 Gambling Prohibited.

I. No licensee shall engage in or allow in or upon the licensed premises:

- (a) The conduct of any lottery;
- (b) Any ticket or participation right in any lottery to be sold or offered for sale;
- (c) Any pool-selling, bookmaking or any unlawful game or gambling of any kind;
- (d) Any slot machine or device in the nature of a slot machine which may be used for the purpose of playing for money or other valuable thing;
- (e) Nor shall any licensee possess or allow in or upon the licensed premises any slip, ticket, book, record, document, memorandum or other writing pertaining in any way to any lottery, pool-selling, bookmaking or unlawful game or gambling of any kind.

II. This rule shall not apply to bingo, lottery, lucky 7 tickets or participation rights therein, being conducted pursuant to appropriate license under the RSA 284 or RSA 287-E or other activity authorized by state law. However, in any instance of bingo at licensed premises, no licensee, during the period between the commencement of the first and the conclusion of the last game, shall sell, serve, or allow the sale, service or consumption of any alcoholic beverage in or upon any part of the licensed premises where the bingo is being conducted.

III. The commission may order the removal of any machine that has marginal amusement value, encourages gambling between

the player and observers, and is susceptible to serving as the basis for an award of money or other valuable things by the licensee to a player on the basis of the player's score or points won.

IV. Any owner of machines prohibited by this section which are placed in or upon a licensed premises may apply to the commission and present proof that a particular machine is not susceptible to use as a gambling device but can only be used as an amusement device. Upon proof satisfactory to the commission, the commission shall except the machine from the provisions of this section.

4 Effective Date.

I. Sections 1 and 3 of this act shall take effect upon its passage.

II. Section 2 of this act shall take effect June 1, 1985.

Rep. Kenneth MacDonald spoke against the amendment.

Amendment lost.

Ordered to third reading.

HB 635-FN, requiring that pictorial warning labels be placed on liquor and alcoholic beverage containers. Inexpedient to Legislate.

The testimony heard indicated it would be very difficult to enact this legislation. Brewers would be required to provide individual containers for New Hampshire only, and it might require federal approval. There is little convincing evidence that placing these warnings on containers would reduce the consumption of alcohol. Vote 17-0. Rep. James D. Phelps for Regulated Revenues.

Resolution adopted.

HB 433-FN, establishing an academy of science, arts, and technological innovation. Majority: Refer for Interim Study. Minority: Ought to Pass with Amendment.

MAJORITY: The Committee determined that the bill needed more study. Vote 6-4. Rep. Roger L. Easton for the Majority of Science and Technology.

MINORITY: The minority believes the spirit and concept of this bill have been sufficiently studied and practiced. The proposed Academy evolves from the Legislative Academy of Science and Technology which served the legislative branch of government in a useful manner during its National Science Foundation funding period. Under this bill, the Academy's structure and role has been expanded to reflect the wholeness of the creative process as well as to meet the challenges which technological change demands of each branch of New Hampshire's state government. (Rep. Benjamin C. Newell for the Minority of Science and Technology.)

Rep. M. Arnold Wight moved that HB 433 be made a Special Order for Wednesday, April 3.

Adopted.

HB 664-FN, authorizing the director of motor vehicles to issue special vanity plates for amateur radio operators. Refer for Interim Study.

This bill deals with substance covered in another piece of proposed legislation. While the contents of the two are not exactly the same, the Committee feels the bill can be developed to combine the two into one bill covering all provisions of both. Vote 8-3. Rep. Irvin H. Gordon for Transportation.

Referred for Interim Study.

HB 558, requiring the state to buy American made products except in certain circumstances. Inexpedient to Legislate.

The Committee feels that while the intent of the bill is laudable, its implementation would present legal concerns and administrative complexities. Vote 16-2. Rep. Jack H. Schofield for Executive Departments and Administration.

Rep. Ward moved that HB 558 be made a Special Order for Wednesday, April 3. Adopted.

HB 672-FN, relative to special number plates for radio amateurs. Refer for Interim Study.

The bill deals with substance covered in another piece of proposed legislation. While the contents of the two are not exactly the same the Committee feels that a bill can be developed to combine the two into one bill covering all provisions of both. Vote 10-1. Rep. Irvin H. Gordon for Transportation.

Referred for Interim Study.

HB 564, relative to voluntary mediation in divorce proceedings. Inexpedient to Legislate.

Testimony indicates that mediation reduces court cases and is more effective in the restructuring of the family relationship than the adversarial process. However, the Committee is supporting the pilot program of mandatory mediation as spelled out in HB 398 and would prefer to wait to assess the results of this program. Vote 16-2. Rep. Elizabeth D. Lown for Judiciary.

Rep. Sytek moved that the words, Refer for Interim Study, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to her motion.

Motion adopted.

HB 564 was referred for Interim Study.

Rep. Rounds moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution and that all titles of bills be

the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, April 3 at 1:00 p.m.
Adopted.

Rep. Bibbo moved that the House adopt the report.

Adopted.

The Speaker called for the Special Orders.

HB 558, requiring the state to buy American made products except in certain circumstances. Inexpedient to Legislate.

The Committee feels that while the intent of the bill is laudable, its implementation would present legal concerns and administrative complexities. Vote 16-2. Rep. Jack H. Schofield for Executive Departments and Administration.

Rep. Chambers moved that the words, Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate, spoke to her motion, and yielded to questions.

Rep. Schofield spoke against the motion and yielded to questions.

Motion lost.

Resolution adopted.

HB 433-FN, establishing an academy of science, arts, and technological innovation. Majority: Refer for Interim Study. Minority: Ought to Pass with Amendment.

MAJORITY: The Committee determined that the bill needed more study. Vote 6-4.

Rep. Roger L. Easton for the Majority of Science and Technology.

MINORITY: The minority believes the spirit and concept of this bill have been sufficiently studied and practiced. The proposed Academy evolves from the Legislative Academy of Science and Technology which served the legislative branch of government in a useful manner during its National Science Foundation funding period. Under this bill the Academy's structure and role has been expanded to reflect the wholeness of the creative process as well as to meet the challenges which technological change demands of each branch of New Hampshire's state government. COMMITTEE REPORTS (Consent Calendar)

HB 505, relative to the office of the ombudsman within the state council on aging. Ought to Pass.

The Committee feels this bill is necessary to clarify the role of the ombudsman. The word, hospital, is added to the present facilities over which the ombudsman has control. Vote 18-0. Rep. Emma B. Wheeler for Children, Youth and Elderly Affairs.

HB 557, relative to the division for children and youth services and an adoption assistance compact. Ought to Pass.

This bill is basically a housekeeping bill for the Division of Children and Youth Services. The bill requires that the status of all children for whom care, custody, control of guardianship has been granted to the Division shall be reviewed annually. This bill also inserts a new chapter which gives the Commissioner of Health and Human Services the authority to enter into an interstate compact on adoption assistance, medical assistance and other related services for hard to place children. Vote 18-0. Rep. Pamela B. Bean for Children, Youth and Elderly Affairs.

HB 647, requiring that the sentence for repeat offenders of the aggravated felonious sexual assault of children law shall be life imprisonment without parole. Inexpedient to Legislate.

The Committee is sympathetic to the subject matter in this bill, but feels it can be dealt with more effectively with another bill before the Committee. Vote 18-0. Rep. Pamela B. Bean for Children, Youth and Elderly Affairs.

HB 654, relative to simple assault of children under the age of 13. Ought to Pass with Amendment.

House Bill 654 will allow prosecution under a class B felony of a person who knowingly or purposely causes bodily injury to a child. The Committee believes this change is needed so a stronger penalty can be assessed against a person who abuses a child and who now could be charged with just a misdemeanor in some cases. Vote 11-0. Rep. Rick Newman for Children, Youth and Elderly Affairs.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to assault of children under 13 years of age.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Assault of Child as Felony. Amend RSA 631:2, III (supp) as inserted by 1971, 518:1 as amended by striking out said paragraph and inserting in place thereof the following:

III. Recklessly causes bodily injury to another under circumstances manifesting extreme indifference to the value of human life; or

IV. Purposely or knowingly causes bodily injury to a child under 13 years of age.

2 Effective Date. This act shall take effect January 1, 1986.

HB 713, relative to standards for the awarding of legal and physical custody. Refer for Interim Study.

This is a very important subject matter relative to custody of children in a divorce. The other divorce bills were sent to the Judiciary Committee and it should look at this bill and bring it back to the 1986 session. Vote 18-0. Rep. Elizabeth Hager for Children, Youth and Elderly Affairs.

HB 735, relative to state initiatives for child support enforcement. Ought to Pass with Amendment.

This bill will strengthen child support enforcement. The amendment changes the effective date from January 1, 1986 to October 1, 1985. The amendment also provides that anyone obliged to pay child support shall be guilty of a misdemeanor if they fail to submit required or false information. Vote 18-0. Rep. Mary Jane Wallner for Children, Youth and Elderly Affairs.

Amendment

Amend RSA 161-B:6, IV as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

IV. Any obligor who does not comply with the requirements of this section due to failure to submit required information or by submitting false information shall be guilty of a misdemeanor.

Amend the bill by striking out section 5 and inserting in place thereof the following:

5 Effective Date. This act shall take effect October 1, 1985.

HB 767, to establish a study committee to design a system of dispositional alternatives for the placement of children by the division of children and youth services. Inexpedient to Legislate.

A study committee is already formed and operating on a system of dispositional alternatives for the placement of children by the Division of Children and Youth Services. Vote 18-0. Rep. Josephine Mayhew for Children, Youth and Elderly Affairs.

HB 776, relative to the administration of the children's study home. Ought to Pass with Amendment.

This bill transfers the administration of the children's study home to the Division of Children and Youth Services. It has been recommended by the Division of Mental Health and the Children and Youth Services. Vote 12-0. Rep. Yvette L. Chagnon for Children, Youth and Elderly Affairs.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Substitute Division for Children and Youth Services. Amend RSA 134:1 as amended by striking out said section and inserting in place thereof the following:

134:1 Administration. The provisions of this chapter shall be administered by the department of health and human services, division for children and youth services.

2 Temporary Detention. Amend RSA 134:3 as amended by striking out said section and inserting in place thereof the following:

134:3 Purposes of the Home. The home shall be maintained for the psychiatric and psychological study, diagnosis, and treatment of such children as may be committed to the care of the director of the division of mental health and developmental services for that purpose; provided, however, that children so committed shall not be permitted to remain there longer than 6 months at any one time. The home shall also be used as a receiving home for the temporary care of abused or neglected children by the director of the division for children and youth services or his authorized agent until more permanent disposition can be made for such child, but in no event for longer than 60 days. The home shall also be used as a receiving facility for the temporary detention of children who are awaiting disposition of the court pursuant to RSA 169-B:14.

3 Change of Director. Amend 134:4 (supp) as amended by striking out said section and inserting in place thereof the following:

134:4 Powers of the Director. The director of the division for children and youth services shall engage a director and staff members for the home and, within available appropriations and subject to the rules of the state personnel commission, employees as necessary for the home and clinics. The director, division for children and youth services shall, in consultation with the director of the home, adopt rules, pursuant to RSA 541-A, subject to the approval of the commissioner of health and human services, relative to the management of the home and clinics and all persons connected with the home or clinics, and for the admission, care, and treatment of children at the home and clinics.

4 Director, Division for Children and Youth Services Substituted. Amend RSA 134:6 as amended by striking out said section and inserting in place thereof the following:

134:6 Admission of Non-delinquents to the Home. Children not subject to proceedings in juvenile court may be admitted to the home for study, treatment, and care upon such terms as the director of the division for children and youth services may determine.

5 Director to Adopt Rules. Amend RSA 134:7 as amended by striking out said section and inserting in place thereof the following:

134:7 Discharge from Home; Rulemaking. The director of the division for children and youth services shall adopt rules, pursuant to 541-A, relative to the discharge of any child committed to the home when further detention is either unnecessary or undesirable and the return of the child to the custody from which the home received the child.

6 Records Available to Director, Division for Children and Youth Services. Amend RSA 134:8 as amended by striking out said section and inserting in place thereof the following:

134:8 Records of Director. Full and complete records shall be kept by the director of the division for children and youth services of the treatment and care of each child committed to the home and of the study of each child in both home and clinic. Such records shall only be available to any court that may have jurisdiction of the child in any matter pending in this state or to such person or persons as may be authorized by the court. The records shall not be open to the inspection of any persons not on the staff of the director of the division for children and youth services, except that a justice of the superior court may, in his discretion, on application make an order to permit examination of the records by the prosecuting officer of any other jurisdiction in which charges of delinquency or crime are charged against the person involved. Nothing in this section shall be taken to prohibit the disclosure by the director of the division for children and youth services, to the legislature or the public, of the generalized facts relating to the children examined in the clinics or committed to the home, together with conclusions as to the proper means for the control of such children and for child guidance as they draw from their experience, provided that the names and identities of particular children may not be disclosed.

7 Reference Deletion. Amend RSA 134:2 as amended by striking out said section and inserting in place thereof the following:

134:2 Duties of Director. The director, division of mental health and developmental services, department of health and human services, shall manage and conduct the mental hygiene clinics under the New Hampshire hospital and such other clinics of that nature as may in the future be provided for.

8 Transfer.

I. All of the functions, powers, and duties of the director of the division of mental health and developmental services relative to the children's study home are hereby transferred to and vested in the director of the division for children and youth services. The completed transfer provided for in this paragraph shall become effective on July 1, 1986.

II. The transfer of the children's study home provided for in paragraph I shall include all of the personnel, books, papers, records, unexpended appropriations or other funds, actions, or obligations formerly a part of the administration of the duties and responsibilities of the director of the division of mental health and developmental services relative to the children's study home. The director of the division for children and youth services shall, in consultation with the director of the division of mental health and developmental services, initiate rulemaking, pursuant to RSA 541-A, relative to the operation of the children's study home. The directors of the division for children and youth services and

the division of mental health and developmental services shall work together during the transition period to effectuate the purposes of this act.

9 Effective Date.

I. Sections 1-7 of this act shall take effect July 1, 1986.

II. The remainder of this act shall take effect 60 days after its passage.

HB 550, indexing utility rate increases resulting from the cost of certain newly completed generating facilities to the rate of inflation. Inexpedient to Legislate.

Another bill, HB 553, includes all utility rate cases covered in this bill with identical procedural, indexing and rate determination technique. HB 550 as well as HB 551, HB 553 and HB 554 were all introduced to modify the existing utility rate determination process. The Committee concluded that the best course of action was to combine in some fashion these four House Bills, and HB 554 was selected as the most generic one to amend. Vote 15-0. Rep. Frederic A. Foss for Commerce, Small Business and Consumer Affairs.

HB 551, relative to legislative oversight of certain rate increases approved by the public utilities commission. Inexpedient to Legislate.

HB 551 as well as HB 550, HB 553 and HB 554 were all introduced to modify the existing utility rate determination process. The Committee concluded that the best course of action was to combine in some fashion these four House Bills and HB 554 was selected as the most generic one to amend. HB 551 was not selected as appropriate to amend because of its dependence on the consumer price index and an unwieldy sequence of actions by the Public Utilities Commission, a House committee, the House and Governor in the determination of certain rate cases. Vote 15-0. Rep. Frederic A. Foss for Commerce, Small Business and Consumer Affairs.

HB 552, relative to nurse practitioner reimbursement. Ought to Pass with Amendment. The arguments for this legislation were many and compelling. The benefits to the consumer were great and extremely cost-effective. The arguments against the mandating of insurance coverage were conversely not compelling enough to outweigh the benefits to the consumers of this state. Vote 13-1. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 New Paragraph; Nurse Practitioners; Hospital Service Corporations. Amend RSA 419:5 by inserting after paragraph XI the following new paragraph:

XII. Notwithstanding any provision of any policy of insurance issued under the provisions of this section, whenever such

policy provides for reimbursement for any service which may be legally performed by a person licensed as an advanced registered nurse practitioner, reimbursement under such policy shall not be denied when such service is rendered by a person so licensed.

Amend the bill by striking out section 5 and inserting in place thereof the following:

5 New Paragraph; Non-Profit Health Service Corporations; Nurse Practitioners. Amend RSA 420-A:7 by inserting after paragraph VI the following new paragraph:

VII. Notwithstanding any provision of any policy of insurance issued under the provisions of this section, whenever such policy provides for reimbursement for any service which may be legally performed by a person licensed as an advanced registered nurse practitioner, reimbursement under such policy shall not be denied when such service is rendered by a person so licensed.

HB 650, to permit designation of enterprise zones by the director of economic development, department of resources and economic development. Refer for Interim Study.

The Committee unanimously feels that HB 650 is the best piece of legislation so far presented before the Committee regarding free enterprise zones in New Hampshire. However, there are a number of problems with the bill as drafted (including fiscal impact and time resources required for DRED). The Committee wants the opportunity to work with the sponsors and the Director of the Division of Economic Development in putting together the most beneficial, cost-effective and revitalizing free enterprise zone package. Vote 15-0. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

HB 676, relative to purchases by and charges of certain electric utilities. Inexpedient to Legislate.

The sponsors oversimplified the total delivery system of electricity to the consumer during their arguments for this bill. The Committee was unanimously opposed to the ramifications of this legislation on the rate setting process. Vote 12-0. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs

HB 702, relative to deliveries of home heating fuels. Inexpedient to Legislate. This bill is special interest legislation. The Committee heard that three cases only were affected, and it would increase the consumers costs. Vote 13-1. Rep. Edward J. Allgeyer for Commerce, Small Business and Consumer Affairs.

HB 703, requiring energy efficiency labeling on appliances. Inexpedient to Legislate.

The Committee believes that it is not the time to put a statute in effect that

is for informational purposes. Vote 9-3. Rep. Edward J. Allgeyer for Commerce, Small Business and Consumer Affairs.

HB 715, relative to group insurance for part-time employees. Ought to Pass with Amendment.

This bill, as amended, will prohibit insurance companies from excluding part-time employees from group accident and health insurance plans if the employee wishes to include part-time employees at the full rate, a prorated rate or at the employees' expense. Vote 14-0. Rep. Elizabeth L. Crory for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Part-Time Employees; Group Insurance. Amend RSA 415:18, I by inserting after subparagraph (p) the following new subparagraph:

(q) A provision that the insurer shall not exclude part-time employees and shall offer the same benefits to part-time employees as it offers to the employee groups of which the part-time employees would be members if they were full-time employees. The insurer shall offer to include the part-time employees as part of the employer's employee group, at the full rate to be paid by the employer at a rate prorated between the employer and the employee, or at the employee's expense.

2 Notice of Features. Amend RSA 415:18, I (f) by striking out in line 7 the letter "(n)" and inserting in place thereof the following (o) so that said subparagraph as amended shall read as follows:

(f) A provision that the insurer shall issue to the employer or other person or association in whose name such policy is issued, for delivery to each member of the insured group, an individual certificate setting forth in summary form a statement of the essential features of the insurance coverage of such employee or such member, to whom the benefits thereunder are payable, and in substance the provisions of subparagraphs (g) to (o) inclusive.

3 Part-Time Employees; Medical Service Corporations. Amend RSA 420 by inserting after section 5-a the following new section:

420:5-b Part-Time Employees. A medical service corporation shall not exclude part-time employees and shall offer the same insurance benefits to part-time employees as it offers to the employee groups of which the part-time employees would be members if they were full-time employees. The insurer shall offer to include the part-time employees as part of the employer's employee group, at the full rate to be paid by the employer, at a rate prorated between the employer and the employee, or at the employee's expense.

4 Part-Time Employees; Nonprofit Health Service Corporations. Amend RSA 420-A by

inserting after section 7 the following new section:

420-A:7-a Part-Time Employees. A health service corporation shall not exclude part-time employees and shall offer the same insurance benefits to part-time employees as it offers to the employee groups of which the part-time employees would be members if they were full-time employees. The insurer shall offer to include the part-time employees as part of the employer's employee group, at the full rate to be paid by the employer, at a rate prorated between the employer and the employee, or at the employee's expense.

5 Part-Time Employees; Health Maintenance Organizations. Amend RSA 420-B:12 by inserting after paragraph III the following new paragraph:

IV. No health maintenance organization shall exclude part-time employees or refuse to offer the same insurance benefits to part-time employees as it offers to the employee groups of which the part-time employees would be members if they were full-time employees. The insurer shall offer to include the part-time employees as part of the employer's employee group, at the full rate to be paid by the employer, at a rate prorated between the employer and the employee, or at the employee's expense.

6 Effective Date. This act shall take effect January 1, 1986.

HB 736, requiring certain utilities to submit plans for energy conservation measures. Inexpedient to Legislate.

The measures provided for in this bill are already to a great extent being undertaken by the utilities in question; therefore, it is the unanimous opinion of the Committee that this piece of legislation is unnecessary. Vote 14-0. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

HB 742, enabling mutual savings banks to reorganize as mutual holding companies. Ought to Pass with Amendment.

This legislation provides a procedure whereby mutual savings banks can reorganize as mutual holding companies. The Committee unanimously endorsed this progressive legislation which will insure the continued health and responsiveness of the mutual banking community. Vote 16-0. Rep. Elizabeth L. Crory for Commerce, Small Business and Consumer Affairs.

Amendment

Amend RSA 386-B:8, III(a) as inserted by section one of the bill by striking out same and inserting in place thereof the following:

(a) invest in the stocks and securities of banks and associations the deposits of which are insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation, other than the stocks and securities of national banks and state-chartered trust companies;

Amend RSA 386-B:8, III(f) as inserted by section one of the bill by striking out same and inserting in place thereof the following:

(f) engage in any non-banking activity authorized for a bank holding company or savings and loan holding company under federal law or regulation;

Amend RSA 386-B:8 as inserted by section one of the bill by inserting after paragraph III of said section the following new paragraph:

IV. The limitations of RSA 384-B:3 on the acquisition of affiliates by a bank holding company shall apply to a mutual holding company.

HB 755, relative to amendments in the New Hampshire energy code. Ought to Pass with Amendment.

This bill permits the Public Utilities Commission to amend the New Hampshire supplement to the code for energy conservation in new building construction through rules adopted under RSA 541-A. Current law does not specify which agency has authority to amend the code, but administrative responsibility for the code was given to the Public Utilities Commission by executive order of the Governor #82-15. Vote 13-0. Rep. Lucille T. Wood for Commerce, Small Business and Consumer Affairs.

Amendment

Amend RSA 155-D:10 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

155-D:10 Rulemaking. The public utilities commission shall adopt rules, under RSA 541-A, relative to amendments to the New Hampshire supplement to the code for energy conservation in new building construction adopted under RSA 155-D:2, V. Before filing a notice of proposed rule under RSA 541-A:3-a, the commission shall hold an informal hearing with any interested party for the purpose of securing a consensus on the proposed rule's content.

Amend the bill by striking out section 6 and inserting in place thereof the following:

6 Code Administration. Amend RSA 155-D:4, I (supp) as inserted by 1979, 460:1 by striking out said paragraph and inserting in place thereof the following:

I. It shall be the responsibility of the towns and cities to enforce the provisions of this chapter. The public utilities commission shall administer the New Hampshire supplement to the code for energy conservation in new building construction.

7 Effective Date. This act shall take effect upon its passage.

HB 758, relative to third party payments for certain certified psychologists. Inexpedient to Legislate.

The arguments presented for overriding a long-standing certification process that

protects the consumer was not compelling. The chairman of the Psychologist's Board of Examiners raised serious issues regarding the "equality" of the psychologists in question with those duly certified. The majority of the Committee feels that the intent of this bill can best be addressed under the interim study of HB 732. Vote 11-5. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

HB 691, relative to the definition of a legal resident of New Hampshire. Inexpedient to Legislate.

The Committee feels the present definition of a legal resident is adequate. The criteria specified, in this bill would generate additional court challenges. Vote 10-0. Rep. Mary J. Shriver for Constitutional and Statutory Revision.

HB 749, relative to the recall of public officials. Inexpedient to Legislate. The Committee feels that there is no need for this bill as there are other means to take care of this matter. Vote 10-0. Rep. Martin P. Lussier for Constitutional and Statutory Revision.

HJR 4, establishing February as Black History Month. Inexpedient to Legislate. The Committee feels that with the recent proclamation by the Governor, honoring New Hampshire black citizens, that this bill is unnecessary. Vote 10-0. Rep. Matthew J. Locke for Constitutional and Statutory Revision.

HB 513, establishing an interdepartmental coordination system between the department of education and the department of health and human services. Ought to Pass.

This bill provides the much needed coordination between departments for the benefit of educationally handicapped children. Vote 16-0. Rep. Edmund M. Keefe for Education.

Referred to Appropriations.

HB 572, to amend the charter of the White Mountain School, St. Mary's-in-the-Mountains. Ought to Pass.

This bill amends the charter of the White Mountain School, St. Mary's-in-the-Mountains, by eliminating any limitation on the number of trustees who can be elected. Vote 15-0. Rep. Patricia O. Sanderson for Education.

HB 582, requiring the Derry school district to elect a finance committee and providing for the powers and duties of the committee. Inexpedient to Legislate.

This issue can be dealt with at the local level through the charter amending process. Vote 14-0. Rep. Dennis R. Bolduc for Education.

HB 588, requiring school districts to send to the state board the annual report of revenues and expenditures. Ought to Pass with Amendment.

This bill, as amended, allows for a more reasonable amount of time after the close of the fiscal year for school districts to send certain reports to the State Board of Education. Vote 12-0. Rep. Karen O. Wadsworth for Education.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

requiring school districts to send in an annual report of revenues and expenditures and repealing the penalty for their failure to make a timely report.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Repeal. RSA 189:29, relative to the penalty for failure to make a timely report to the state board, is hereby repealed.

3 Effective Date. This act shall take effect 60 days after its passage.

HB 592, creating a study committee to review methods of funding and the catastrophic costs of special education and to make recommendations therefor. Ought to Pass.

This bill creates a study committee to review methods of funding the catastrophic costs of special education and to make recommendations therefor. Three members shall be from the House of Representatives and three shall be from the Senate. The Speaker of the House of Representatives shall appoint two members of the House Education Committee and one member from the whole. The President of the Senate shall appoint two members from the Senate Education Committee and one member from the whole. Vote 12-0. Rep. Irene C. Domini for Education.

HB 607, relative to special education medically related services and insurance. Refer for Interim Study.

The Committee feels this bill raises many questions concerning special education, and has unanimously voted to send to interim study to consider these issues. Vote 12-0. Rep. Monte D. Rehlander for Education.

HB 610, eliminating the requirement that all school districts be in a school administrative unit, and removing the authority of the state board of education over school administrative unit superintendents and assistant superintendents. Refer for Interim Study.

According to the Department of Education, SAU's across the state have not been studied in over 20 years. The Committee believes this is an appropriate time to study all aspects of SAU's. Vote 16-0. Rep. Walter K. Robinson for Education.

HB 714, relative to fees for teacher certification. Ought to Pass.

This bill corrects inequities in the method of assessing fees for teacher certification and recertification of educational credentials. Vote 10-0. Rep. Ralph W. Pearson for Education.

Referred to Appropriations.

HB 738-FN, to change the operation and the name of the department of postsecondary vocational-technical education. Ought to Pass with Amendment.

This bill affects necessary and desirable changes in the Postsecondary Vocational-Technical College System, including the Technical Institute, to make the system more responsive to the needs of the economy and establish a more professional atmosphere and environment within the system. Vote 14-1. Rep. Ralph W. Pearson for Education.

Amendment

Amend RSA 188-F:3 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

188-F:3 Board of Governors. The board of governors shall consist of 7 members, 3 from the field of business and industry, 2 from the field of education, one from the field of health service and one from the field of labor, appointed by the governor and council for staggered 4-year terms. Members shall serve without compensation but may be reimbursed for their expenses. No classified or unclassified employee of the state or person who holds elected state office shall serve on the board. The board shall annually elect one of its members to serve as chairman. Vacancies on the board of governors shall be filled by appointment by the governor and council within 90 days for the unexpired term only. If the vacancy is not filled within 90 days, the board of governors shall have the authority to appoint a new member to fill the vacancy.

Amend RSA 188-F:8 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

188-F:8 Presidents of the Institute and Colleges. The commissioner shall, subject to approval by the board of governors, appoint a president of the technical institute and presidents of the 6 technical colleges. Presidents shall be qualified by education and experience and shall serve at the pleasure of the board of governors. Salaries of the presidents shall be as established in RSA 94.

Amend RSA 188-F:9 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

188-F:9 Deans. The president of each institution of the department shall appoint deans, with the approval of the commissioner. The deans shall be reviewed

annually by the presidents and shall serve at the pleasure of the presidents. The salary of the deans shall be as established in RSA 94.

Amend RSA 188-F:13 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

188-F:13 Personnel. The commissioner with the advice of the president of the local institution shall have the authority to set standards for the duties and responsibilities which require the presence on campus of full-time faculty.

Amend RSA 188-F:19 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

188-F:19 Bookstore Operation.

I. The board of governors may operate bookstores at department institutions directly or through use of contracts with private vendors. Any such contracts shall be subject to review under normal state procedures and shall be approved by the governor and council.

II. The commissioner of postsecondary technical education may purchase such merchandise for resale in bookstores at the technical institute and technical colleges as may be necessary for the efficient operation of the postsecondary technical education programs. The purchases shall be for instructional books, supplies and materials. The department shall establish a bookstore account and purchases under this section shall be a charge upon that account. The price to be charged for instructional books, supplies and materials shall be sufficient to pay for the cost of the items purchased plus an additional service charge.

III. Net revenue derived from bookstore operations shall be paid into the student activity fund at that institution.

Amend RSA 188-F:20 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

188-F:20 Federal Funds. The state board of education acting as the state board for vocational technical education shall be the primary recipient of federal funds provided under the Carl Perkins vocational education act of 1984. The state board, shall, each year, provide the department of postsecondary technical education with funds available under the Titles I-IV of the act and subsequent amendments to the act. The department of postsecondary technical education shall jointly plan with the department of education for the expenditure of funds in the New Hampshire state plan for vocational education. The commissioner of postsecondary technical education and the commissioner of education shall cooperate in the development of applications for such funds.

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Commissioner, Deputy, Presidents, Deans Classified. Amend RSA 94:1-a, I (supp) as inserted by 1975, 505:28 as amended by inserting the following:

II. In group R, the deputy commissioner of postsecondary technical education.

III. In group Q, the president of the technical institute and the presidents of the technical colleges.

IV. In group M, deans of the technical institute and the technical colleges.

Amend the bill by striking out section 8 and inserting in place thereof the following:

8 Effective Date. This act shall take effect July 1, 1985.

Referred to Appropriations.

HB 795, relative to suspension and dismissal of students. Inexpedient to Legislate.

Testimony taken and subsequent discussions convinced the sponsor that an alternative means to explore suspension and possible relationships to child abuse and neglect should be taken. Vote 16-0. Rep. Mary S. Nelson for Education.

HB 285, relative to priority of liens on hazardous waste facilities. Refer for Interim Study.

Please refer to the report on HB 375. Vote 15-0. Rep. Barbara B. Bowler for Environment and Agriculture.

HB 375, relative to hazardous waste facilities. Refer for Interim Study. The large number of bills relating to hazardous waste this session is an indication of the many concerns that people have as the complexities of the subject become more apparent. The Committee shares these concerns and feels it is wiser to address the various issues raised by these bills together rather than in a piecemeal fashion. Therefore, the Committee will recommend that all bills relating to hazardous waste be sent to interim study and will begin work sessions this month and present legislation for the 1986 session. The Committee encourages your involvement and will provide ample opportunity for input during the study period. Vote 15-0. Rep. Barbara B. Bowler for Environment and Agriculture.

HB 519, establishing an acid rain control act. Ought to Pass with Amendment. This bill, as amended, puts New Hampshire in the forefront of the states which are willing to assume responsibility for their own share of the problem. It will strengthen the Governor and our Congressional Delegation's effort on the national level to enact acid rain legislation. Vote 17-0. Rep. Elizabeth A. Greene for Environment and Agriculture.

Amendment

Amend RSA 125-D:3, I as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

125-D:3 Acid Rain Control Program.

I. The agency shall develop an acid rain control program which shall be developed no later than December 31, 1986. The program shall do the following:

(a) Establish an emission inventory for sulfur dioxide for the period of 1982-1984 which will serve as baseline data.

(b) Identify scenarios and options to implement reduction according to the most stringent national legislation thus far proposed.

(c) Develop reduction strategies which will identify sources to be controlled, levels of control to be applied and control options.

(d) Evaluate, after consultation with the group established in paragraph II, strategies with regard to environmental and economic impacts. An evaluation shall be made of the emission reductions, source impacts on local air quality and sensitive areas and other environmental impacts. Cost effectiveness for each control option shall be estimated as well as impacts on utility rates.

(e) Adopt rules, pursuant to RSA 541-A, including, but not limited to, a compliance schedule for the implementation of a viable acid rain control program to accomplish the following goals:

(1) A reduction of sulfur dioxide emissions of at least 25 percent by December 31, 1990, to reach a goal of a 50 percent reduction by December 31, 1995.

(2) Implementation shall commence on or before January 1, 1987.

Amend the bill by striking out all after section 1 and inserting in place thereof the following:

2 Effective Date. This act shall take effect upon its passage.

HB 631, imposing civil liability upon state agencies for damage to the environment or public health caused by an agency's failure to adequately enforce permit requirements. Refer for Interim Study.

Please refer to the report on HB 375. Vote 19-0. Rep. Barbara B. Bowler for Environment and Agriculture.

HB 652, relative to hazardous waste siting procedures and use of the hazardous waste fund. Refer for Interim Study.

Please refer to the report on HB 375. Vote 15-0. Rep. Barbara B. Bowler for Environment and Agriculture.

HB 661, establishing a committee to study alternatives to the present site evaluation committee. Inexpedient to Legislate.

Sponsor agrees that this subject will be included in the Committee's study of the

siting problem. Vote 16-0. Rep. Roberta C. Pevear for Environment and Agriculture.

HB 688, establishing past performance review and bonding in the licensing of solid and hazardous waste operators and land excavators. Refer for Interim Study.

Please refer to the report on HB 375. Vote 19-0. Rep. Barbara B. Bowler for Environment and Agriculture.

HB 1207, relating to selection and certification of sites for new hazardous waste treatment facilities. Ought to Pass.

The Committee agrees totally with the intent of this bill. Vote 16-0. Rep. Elizabeth A. Greene for Environment and Agriculture.

HB 1208, relating to hazardous waste management and control. Inexpedient to Legislate.

The Committee feels that this bill is covered by other legislation. Vote 15-1. Rep. Elizabeth A. Greene for Environment and Agriculture.

HB 27, establishing a department of education. Refer for Interim Study.

The Committee believes that a consensus on the role of the State Board of Education relative to policy formulation and the appointment of the Commissioner must be reached before this bill moves forward. Vote 19-0. Rep. V. Michael Hutchings for Executive Departments and Administration.

HB 520, relative to supplemental information required on birth, marriage, and death certificates. Refer for Interim Study.

The Committee believes this bill merits further study and major revisions. The sponsor will work closely with the Committee on the rewrite of this bill. Vote 20-0. Rep. V. Michael Hutchings for Executive Departments and Administration.

HB 574-FN, abolishing the unclassified position of director of transportation. Inexpedient to Legislate.

This issue is being addressed in the reorganization of the Department of Transportation. Vote 13-5. Rep. V. Michael Hutchings for Executive Departments and Administration.

HB 655-FN, authorizing the New Hampshire retirement system board of trustees to purchase fiduciary insurance. Ought to Pass.

There are presently no provisions in RSA 100 to allow the Retirement System Board of Trustees to purchase fiduciary insurance to protect the board against any personal loss resulting from an adverse judgment against the board in discharge of its fiduciary responsibilities. This bill provides this authority with the cost of insurance premiums being paid from the assets of the New Hampshire Retirement System. Vote 20-0. Rep. Jack H.

Schofield for Executive Departments and Administration.

Referred to Appropriations.

HB 711-FN, creating a board of examiners in ophthalmic dispensing. Refer for Interim Study.

At the request of the sponsor who wants to complete a further study and collection of information, the Committee unanimously recommends that this be referred for interim study. Vote 18-0. Rep. William F. McCain for Executive Departments and Administration.

HB 741-FN, prohibiting boxing in New Hampshire. Inexpedient to Legislate.

This bill is submitted as a more restrictive measure than a bill submitted earlier. There was no additional testimony. Vote 20-0. Rep. William F. McCain for Executive Departments and Administration.

HB 627-FN, relative to the emergency medical service coordinating board. Ought to Pass with Amendment.

All testimony addressed at the public hearing favored this proposed amendment. It was brought home quite forcibly that five departments are deeply involved in emergency medical services and input from a representative of New Hampshire Association of Fire Chiefs would be an invaluable tool in long range planning to the Emergency Medical Service Coordinating Board. The bill also accommodates a need to absolve from civil liability a person or corporation who in good faith, without willful and wanton negligence, provides emergency telephone and radio communications for ambulance, police and fire departments. Vote 18-0. Rep. Leo W. Fraser, Jr. for Health and Human Services.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the emergency medical service coordinating board and limiting liability of persons providing emergenc telephone and radio communications.

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Liability of Persons and Corporations Providing Emergency Telephone and Radio Communications Limited. Amend RSA 508:12-a by inserting after paragraph II the following new paragraph:

III. No person or corporation shall be liable in any suit for civil damages who, in good faith and without willful or wanton negligence, provides emergency telephone and radio communications for ambulance, police and fire department.

4 Effective Date. This act shall take effect 60 days after its passage.

HB 761, relative to court fees for trust accounts. Inexpedient to Legislate.

This bill would have eliminated trust accounts from restrictions on collection of Probate Court fees. The Committee voted 16-1 not to approve this significant change in present law. Rep. Francis E. Robinson for Judiciary.

HB 630, relative to workers' compensation for call firemen, special duty police officers, and members of the general court. Ought to Pass.

This bill takes care of an inequity in the law of coverage for special duty police officers, firefighters and members of the General Court, who are injured during the performance of their respective duties and would entitle them to the maximum benefit of 100 percent of the average weekly wage. Vote 14-0. Rep. Robert S. Hawkins for Labor, Industrial and Rehabilitative Services.

HB 660, relative to benefits for part-time state employees. Ought to Pass. House Bill 660 defines a permanent part-time state employee and provides the right for them to receive the benefits afforded full-time state employees on a prorated basis. Vote 14-0. Rep. Avis B. Nichols for Labor, Industrial and Rehabilitative Services.

Referred to Appropriations.

HB 673, revising the 39 week extension of health insurance benefits to terminated employees. Ought to Pass with Amendment. House Bill 673, as amended, provides a procedure for notification to an individual who is eligible for the 39 week extension of health insurance benefits that he be given written notice, employee handbook inclusion or employee benefits plan book or posted on an employee bulletin board. Vote 13-0. Rep. Avis B. Nichols for Labor, Industrial and Rehabilitative Services.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

requiring written notice for the 39-week extension of health insurance benefits.

Amend the bill by striking out section one and inserting in place thereof the following:

1 Written Notice Required. Amend RSA 415:18, VII (g)(1) as inserted by 1981, 391:1 by striking out said subparagraph and inserting in place thereof the following:

(g)(1) Whenever any individual who is a member of any group hospital, surgical, medical insurance plan or health maintenance organization becomes ineligible for continued participation in such plan for any reason including death, the benefits of such plan shall be available

at the same group rate to the individual, the surviving spouse and the dependents covered by the group plan, for an extension period of 39 weeks or until such member, surviving spouse or dependent becomes eligible for benefits under another group plan, whichever occurs first. The individual, surviving spouse or dependent shall elect to continue the participation in the group plan within 30 days after the member becomes ineligible to participate. The member, surviving spouse or dependent shall be responsible for payment of premiums to the employer or policyholder throughout the extension period. Upon termination of the extension period, the member, surviving spouse or dependent shall be entitled to exercise any option which is provided in the group plan to elect a converted policy. After timely receipt of the premium payment from the individual or surviving spouse, if the employer fails to make payments to the insurer or hospital or medical service corporation or health maintenance organization, with the result that coverage is terminated, the employer shall be liable for benefits to the same extent as the insurer or hospital or medical service corporation would have been liable if coverage had not been terminated. Any individual who becomes eligible for the 39-week extension period provided herein shall be given written notice of this continuation privilege and its duration. Written notice may be an inclusion in the employee handbook or the employee benefits plan handbook, or may be posted on an employee bulletin board for labor-related notices.

HB 675, relative to unemployment compensation. Inexpedient to Legislate. The Committee felt this bill would provide for job hopping and that the employee should be liable for his own actions and not the employers in the state. This bill would create an exception to the concept of the Unemployment Compensation Law and the Committee had a concern for the solvency of the fund. Vote 13-0. Rep. Avis B. Nichols for Labor, Industrial and Rehabilitative Services.

HB 684, relative to public employee collective bargaining. Refer for Interim Study.

This measure requires in-depth study to deal with the wording of temporary status and the number of hours worked by temporary persons. The Committee also felt other changes might not give the union an incentive to bargain in certain instances. Vote 13-0. Rep. Robert S. Hawkins for Labor, Industrial and Rehabilitative Services.

HB 692-FN, relative to contribution rates for unemployment compensation. Ought to Pass with Amendment.

This is an agreed bill negotiated by both labor and business. It raises the unemployment benefits for those in the \$20,500 through \$22,500 category and it also insures the solvency of the fund,

as well as issues of conformity. Vote 14-0. Rep. Avis B. Nichols for Labor, Industrial and Rehabilitative Services.

Amendment

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Total and Partial Unemployment.

Amend RSA 282-A:14, III(a) (supp) as inserted by 1981, 408:3 as amended by striking out said subparagraph and inserting in place thereof the following:

III. (a) For the purposes of paragraphs I and II: The term "wages" shall include compensation for temporary partial disability under the workers' compensation law of any state or under a similar law of the United States, payments in lieu of notice, a sickness or separation allowance, payment of accrued leave or sums of whatever type or nature, except those specifically excluded elsewhere in this subparagraph, payments upon discharge from military service from either the state or federal government, or both, and earnings from self-employment. "Wages" shall not mean and shall not include payments from a supplemental unemployment plan as defined in RSA 282-A:3-a. Wages or earnings or both shall be deemed to have been received for such week or weeks in which earned or, if not clearly identifiable, then for such week or weeks as the commissioner may find such can be reasonably said to apply. An individual's maximum weekly benefit amount shall be reduced by all wages and earnings in excess of 20 percent, rounded to the nearest dollar, of his weekly benefit amount.

Amend RSA 282-A:82 as inserted by section 9 of the bill by inserting after paragraph V the following new paragraph:

VI. The provisions of this section shall be cumulative. The minimum contribution rate under this section shall be not less than .01 percent.

Amend the bill by striking out section 13 and inserting in place thereof the following:

13 Repeal. The following are hereby repealed.

I. RSA 282-A:27, relative to a maximum amount.

II. RSA 282-A:75, II, relative to the fund chargeable.

HB 781, conforming state unemployment compensation law to federal law. Inexpedient to Legislate.

This measure would change the method of charging some or all of the cost of unemployment benefits from the employer who caused the unemployment to either the trust fund, or to a contributing employer, who had nothing to do with the separation or the claimant's eligibility. Vote 14-0. Rep. Avis B. Nichols for Labor, Industrial and Rehabilitative Services.

HB 785, relative to defined benefit pension funds in the private sector. Refer for Interim Study.

This measure requires in-depth study to deal with the cost of administering the plan as well as the possible loss of the employee because of conditions in the financial market place, not under his controls. Vote 13-0. Rep. Robert S. Hawkins for Labor, Industrial and Rehabilitative Services.

HB 793-FN, relative to unemployment insurance for persons who contract with a municipality to provide services for less than 6 months. Inexpedient to Legislate.

If passed, this bill would put the state out of conformity with federal law. Vote 14-0. Rep. Avis B. Nichols for Labor, Industrial and Rehabilitative Services.

HB 799, establishing that providers of respite care and client skills training to developmentally impaired individuals shall not be deemed to be in employment by area agencies. Refer for Interim Study.

It was felt by the Committee that HB 799 needed further study. The measure endeavors to exempt respite care workers from the term "employees" under RSA 282-A, the Unemployment Compensation Law, so that they will not be participants in the state's unemployment insurance system. The Committee hopes, through study, rules could be established in the Division of Mental Health or the law changed, if necessary, in the next session to properly address this concern. Vote 13-1. Rep. Avis B. Nichols for Labor, Industrial and Rehabilitative Services.

HR 25, relative to establishing a committee to study the application of consensus building, dispute resolution, and conflict management as an "add-a-step" to the legislative process. Ought to Pass with Amendment.

The Committee was intrigued by the concept as outlined by sponsors. The amendment addresses the membership and operation of the select committee. Vote 15-0. Rep. James A. Chandler for Legislative Administration.

Amendment

Amend the resolution by striking out all after the resolving clause and inserting in place thereof the following:

That the speaker of the house appoint a select committee of not more than 15 members of the legislature who express an interest in and commitment to evaluating the application of consensus building, dispute resolution, and conflict management as an "add-a-step" to the legislative process. The committee shall elect a chairman and clerk from its members and shall explore innovative methods of managing conflicts and political disputes. The committee shall provide a report of its activities and findings to the speaker of the house by September 1, 1985. The committee shall, if

appropriate, submit proposed legislation to the director of legislative services for drafting and introduction in the 1986 legislative session by September 1, 1985.

HB 308, excluding easements from the definition of subdivision. Refer for Interim Study.

The Committee feels that the aims of the bill have merit. More time is needed, however, to draft a bill that will not conflict with existing statutes that should be retained. Vote 20-0. Rep. Timothy Bates for Municipal and County Government.

HB 637-FN, regarding changes in the timber tax laws. Ought to Pass with Amendment.

This bill addresses numerous problems now evident in the present Timber Tax Law. It enhances the ability of the collectors in the various towns in the collection of the tax. It also changes the responsibility for the payment of the tax to the landowner. Other changes are of a housekeeping nature. Vote 20-0. Rep. David M. Perry for Municipal and County Government.

Amendment

Amend RSA 79:1, II(b) as inserted by section 1 of the bill by inserting after subparagraph (3) the following new subparagraph:

(4) Persons engaged in the clearing or maintaining of rights-of-way or water storage reservoir areas incidental to the furnishing of utility services or transportation services to the public; provided, however, that when the person clearing or causing the clearing of said right-of-way sells or agrees to sell the wood or timber, he shall be deemed to be an "owner" as defined in subparagraph II(a) above.

Amend RSA 79:6 as inserted by section 6 of the bill by striking out same and inserting in place thereof the following:

79:6 Collection. The normal yield tax shall constitute a lien upon all real estate of the owner owned on the date of assessment and may be enforced and collected by any appropriate means provided for the collection of taxes in RSA 80, except that right of distraint and lien provided by RSA 80:8 and 19 shall expire 18 months from the date the yield tax is assessed.

Amend RSA 79:2 as inserted by section 19 of the bill by striking out same and inserting in place thereof the following:

79:2 Release from Taxes. All growing wood and timber except fruit trees, sugar orchards, nursery stock, Christmas trees and trees maintained only for shade or ornamental purposes, which shall not be subject to the yield tax, shall be released from the general property tax and the school tax in unincorporated places provided for in

RSA 198:16, but the land on which such growing wood and timber stands shall be assessed.

HB 716, relative to the land use change tax. Ought to Pass with Amendment.

This bill would provide the Register of Deeds with the original copy of the Land Use Change Tax release document together with the appropriate fees. Vote 17-0. Rep. George M. West for Municipal and County Government.

Amendment

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Payment of Land Use Change Tax and Recording Fees. Amend RSA 79-A:7, II(d) (supp) as inserted by 1977, 326:2 as amended by striking out said subparagraph and inserting in place thereof the following:

(d) Payment of the land use change tax, together with the recording fees due the register of deeds, shall be due not later than 30 days after mailing of the tax bills therefor, and interest at the rate of 18 percent per annum shall be due thereafter on any taxes not paid within the said 30 day period.

3 Effective Date. This act shall take effect 60 days after its passage.

HB 727, relative to employee removal powers of county commissioners. Inexpedient to Legislate.

The bill was apparently intended to establish a procedure to immediately suspend a county employee for cause. Neither the bill as drafted nor an amendment achieved this intent. Vote 16-0. Rep. Timothy Bates for Municipal and County Government.

HB 777, relative to extending the payback period of municipal and county bond anticipation notes from 2 to 5 years. Ought to Pass with Amendment.

This bill grants greater flexibility to municipalities in financing the various necessary public projects. Vote 19-1. Rep. David M. Perry for Municipal and County Government.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to extending the payback period of municipal and county bond anticipation notes from 2 to 5 years and to renewal of bond anticipation notes.

Amend the bill by striking out section one and inserting in place thereof the following:

1 Temporary Loans. Amend RSA 33:7-a (supp) as inserted by 1957, 89:1 as amended by striking out in said section and inserting in place thereof the following:

33:7-a Temporary Loans. If a municipality votes to issue bonds or serial notes in accordance with this chapter, or when bonds have been authorized by a county convention, and such action was in accordance with the provisions of law in all respects, the officers authorized to issue the same may, in the name of the municipality, or county, make a temporary loan or loans in anticipation of the money to be derived from the sale of such bonds or notes and may issue temporary notes therefor from time to time which are payable not later than 5 years from their respective dates of issue. Temporary notes issued for a period of less than 5 years may be renewed or paid from time to time by the issue of other notes, provided that the period from the date of an original note to the maturity of any note issued to renew or pay the same debt shall not exceed 5 years. When a temporary loan is made in anticipation of an issue of bonds or serial notes, the periods within which annual payments of an equivalent amount of the principal of such bonds or serial notes must commence and end under this chapter shall be measured from the date of the original note or notes representing such temporary loan, except that such annual payments need not commence less than one year after the date of such bonds or serial notes. No such notes shall be renewed beyond the third anniversary date of the original notes unless an amount of such notes, at least equal to the first legally payable installment of the bonds in anticipation of which said notes are issued, is paid and retired on or before said third anniversary date and, if such notes are renewed beyond the fourth anniversary date of the original notes, a like amount is paid or retired on or before said fourth anniversary date from funds other than proceeds of the obligation.

HB 789, relative to municipal industrial development authorities. Refer for Interim Study.

While the Committee feels this bill has merit, there are too many questions that could not be answered because of time constraints. Vote 20-0. Rep. Beverly A. Gage for Municipal and County Government.

HB 790-FN, to provide a local option for supplemental appraisal, assessment and taxation of new real estate. Inexpedient to Legislate.

While there is some merit to the concept presented in this bill, the problems for the Assessors, Selectmen and Tax Collectors caused the Committee to vote this bill Inexpedient to Legislate. Vote 15-1. Rep. David M. Perry for Municipal and County Government.

HB 800, relative to town trust funds. Inexpedient to Legislate.

This bill did not provide for a cap to be allowed for administrative expenses of trustees of trust funds. Vote 16-0. Rep. George M. West for Municipal and County Government.

HB 165, relative to an OHRV facility in the Pine River state forest. Ought to Pass with Amendment.

This bill, as amended, set up a process whereby the Bureau of OHRV (DRED) can establish 2-year pilot projects on public or private land with a project committee to oversee and help design the project. The Committee includes all local and state agencies having an interest in such projects, including landowners and user groups. The amendment also increases the protection for landowners against frivolous law suits. Vote 17-1. Rep. Howard C. Dickinson for Resources, Recreation and Development.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to OHRV pilot projects requiring project committees; and limiting the liability of property owners relative to OHRVs and ATVs.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Subdivision. Amend RSA 215-A by inserting after section 37 the following new subdivision:

Pilot Projects

215-A:38 OHRV Pilot Projects. The bureau of off-highway recreational vehicles may develop OHRV projects (off-highway recreational trails) on a pilot basis in a state park, state forest, other public land or private land after agreement has been reached concerning the details of the project with the landowner or landowners and the project committee. Each project shall be monitored for physical and environmental damage as well as other problems and benefits. A report shall be made annually to the president of the senate, the speaker of the house of representatives, the commissioner of the department of resources and economic development, and the executive director of the department of fish and game. Pursuant to RSA 215-A:3, V and RSA 215-A:3-a, the commissioner of the department of resources and economic development shall adopt rules relative to the operation and monitoring of OHRV use in pilot projects. Pilot projects shall last for 2 years unless extended by an act of the legislature.

215-A:39 Project Committee.

I. A project committee shall be established for each pilot project. Each project committee shall advise the bureau of off-highway recreational vehicles on the establishment of trails, safety conditions, enforcement policies, inspection of facilities and environmental conditions in the project area with reference to an OHRV pilot project authorized pursuant to RSA

215-A:38. Each committee shall consist of members from the following organizations and agencies: the department of fish and game, appointed by the executive director; the department of resources and economic development, appointed by the commissioner; 2 representatives from the governing body of the municipality or municipalities in which the project is located, appointed by the chairman of the body; 2 representatives from the municipal planning board, appointed by the board; 2 representatives from the municipal conservation commission, appointed by the commission; a landowner who shall be an abutter; 2 members of the statewide trails advisory committee, appointed by the chairman pursuant to RSA 216-F; a representative from the municipal police department in the municipality in which the project is located, appointed by the chief of police; and 2 members-at-large who shall be users of OHRV trails, chosen by the previously designated committee members. The committee members shall choose one of their membership to be chairman.

II. The committee shall have the following duties and responsibilities:

(a) To meet on a regular basis.

(b) To review policy and rules as proposed by those agencies having jurisdiction, and to comment on them.

(c) To review the proposed trails with an eye to impact on the environment or surrounding landowners.

(d) To make frequent inspections of the project area at peak periods of use to review the effectiveness and adequacy of rules and policies.

(e) To hold public hearings from time to time to provide the general public with a forum to be heard.

(f) To encourage and assist in educating the public in proper use of the park.

(g) To encourage self-policing by the various members of the public using the facilities.

(h) To assist OHRV clubs in encouraging good sportsmanship and respect for the land.

(i) Submit reports, at least on a semi-annual basis, to all those having jurisdiction or an interest in the pilot project on the following matters:

(1) number using the project (or best estimate).

(2) accidents: nature of injury, frequency, and cost.

(3) community acceptance.

(4) community and environmental impact.

(5) problems in abuse.

(6) recommendations; success or shortcomings of the project.

(7) any other item that might be of interest to those monitoring the project.

III. Members of the committee shall serve without compensation.

2 State Parks and Forests. Amend RSA 215-A:31 (supp) as inserted by 1981, 538:3 by striking out said section and inserting in place thereof the following:

215-A:31 State Parks and Forests. All trails under the jurisdiction of the

department of resources and economic development including any pilot projects, so far as possible and consistent with their primary functions, shall be made available for use by OHRVs subject to the fees and rules adopted by the directors of the division of parks and the division of resources with the approval of the commissioner of resources and economic development.

3 Duty of Care. Amend RSA 212:34, III(a) (supp) as inserted by 1961, 201:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(a) For intentionally causing injury or damage; or

4 Posted Land. Amend RSA 215-A:34 (supp) as inserted by 1981, 538:3 as amended by striking out said section and inserting in place thereof the following:

215-A:34 Posted Land.

I. An owner may post all or any portion of his land against use by an OHRV. Such notices shall read "SNOW TRAVELING VEHICLES PROHIBITED" or "OHRVs PROHIBITED" or may have in lieu of these words an appropriate sign with the designated symbol of sufficient size to be readable at a distance of 50 feet indicating that use of this land is prohibited for the purpose so specified. Whoever without right enters such land that has been so posted shall be guilty of a violation. Provided, however, that failure of an owner to post his land as provided in this section shall not be construed as granting any license to users of OHRVs to enter said premises, nor shall said failure be construed as implying any duty of care to the user of an OHRV by the owner.

II. It is recognized that OHRV operation may be hazardous. Therefore, each person who drives or rides an OHRV accepts, as a matter of law, the dangers inherent in the sport, and shall not maintain an action against an owner, occupant, or lessee of land for any injuries which result from such inherent risks, dangers, or hazards. The categories of such risks, hazards, or dangers which the OHRV user assumes as a matter of law include, but are not limited to, the following: variations in terrain, trails, paths or roads, surface or subsurface snow or ice conditions, bare spots, rocks, trees, stumps, and other forms of forest growth or debris, structures on the land, equipment not in use, pole lines, fences, and collisions with other operators or persons.

5 Landowner Liability Limited. Amend RSA 508:14, I as inserted by 1975, 231:1 as amended by striking out said paragraph and inserting in place thereof the following:

I. An owner, occupant, or lessee of land, including the state or any political subdivision, who without charge permits any person to use land for recreational purposes or as a spectator of recreational activity, shall not be liable for personal injury or property damage in the absence of intentionally caused injury or damage.

6 Effective Date. This act shall take effect 60 days after its passage.

HB 591-FN, requiring the state to underwrite the total expense of fighting forest and brush fires on state owned park or forest land in any town or towns. Ought to Pass with Amendment.

This bill provides that the state shall underwrite all expenses incurred in fighting a brush or forest fire which is contained within a state owned park or forest. However, if the forest or brush fire spreads to private land from the state owned forest or park, and negligence is not a factor, then the town shares the expense pursuant to the present provisions of RSA 224:15. Vote 15-0. Rep. Mary Ann Lewis for Resources, Recreation and Development.

Amendment

Amend RSA 224:15-a as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

224:15-a Total State Expense.

I. Notwithstanding the provisions of RSA 224:15, if a forest or brush fire occurs within any state owned forest, park land or federal flood control land under lease to the state in any town or towns, the state shall be responsible for the total expenses incurred in fighting such a fire.

II. If a forest or brush fire, which started within any state owned forest, park land or federal flood control land under lease to the state in the absence of negligence, spreads to private land, the provisions of RSA 224:15 shall be applicable.

HB 657-FN, relative to wetlands protection and enforcement. Ought to Pass with Amendment.

This bill provides the Wetlands Board with authority to impose an administrative fine of up to \$2,000 upon any person who violates the Wetlands statute. It does not preclude the imposition of additional appropriate penalties. This will increase the ability of the Wetlands Board to take effective and prompt action against violations. Vote 15-0. Rep. Elizabeth S. Bardsley for Resources, Recreation and Development.

Amendment

Amend RSA 483-A:5-a as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

483-A:5-a Administrative Fine. The wetlands board, after notice and hearing in accordance with the procedures set forth in RSA 541-A, is empowered to impose an administrative fine of up to \$2,000 for each offense upon any person who violates any provision of this chapter. This fine is appealable under RSA 541. Any administrative fine imposed under this section will not preclude the imposition of further penalties under this chapter. The proceeds of administrative fines levied pursuant to this paragraph shall be placed in the non-lapsing fund authorized in 483-A:6.

HB 705, establishing an approval and certification system for water supply and environmental testing laboratories. Ought to Pass with Amendment.

This bill directs the Commission to establish an annual certification program for water testing laboratories. Certification shall be on an analyte-by-analyte basis and shall be based on the laboratory's ability to analyze samples accurately and precisely. The bill authorizes the Commission to establish a fee schedule for the certification procedure. Vote 14-5. Rep. Elizabeth S. Bardsley for Resources, Recreation and Development.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Purposes; Intent. The general court enacts this legislation directing the water supply and pollution control commission to exercise its role as New Hampshire's primary state laboratory under the United States Environmental Protection Agency's rules and regulations by certifying local water testing laboratories. The general court finds that strengthening the testing and certification program of the commission to provide comprehensive in-state water testing services will encourage the further determination of potential health and environmental risks, will encourage the growth of the water testing industry in the state, will encourage the advancement of water testing technology and is in the best interest of the consumer of water testing services.

2 Rules Relative to Unregulated Contaminants. Amend RSA 148-B:5 by inserting after paragraph II the following new paragraph:

III. The commission may establish a maximum contaminant level or water treatment techniques on a case-by-case basis for a public water system in which an unregulated contaminant creates a health risk, as determined by the division of public health services, department of health and human services, to the users of the public water system. An unregulated contaminant is one for which no maximum contaminant level or treatment technique has been established under paragraph I or II. The maximum contaminant level for an unregulated contaminant shall be as recommended by the division of public health services, department of health and human services.

3 Water Testing Laboratory Certification. Amend RSA 148-B:4 (supp) as inserted by 1977, 590:1 by striking out said section and inserting in place thereof the following:

148-B:4 Water Testing Laboratory Certification.

I. Any laboratory conducting water analysis tests for the purpose of determining compliance of a public water supply with the provisions of RSA 148-B:5 and any laboratory conducting water tests in

this state for any other governmental purpose where a requirement of certification is specified shall first obtain certification.

II. The commission shall establish and administer a program to certify on an annual basis the facilities, techniques, collection procedures, testing methods, analytical performance, and qualifications of personnel of any laboratory for the purposes of RSA 148-B:4, I. The program shall be no less stringent than the United States Environmental Protection Agency's rules and regulations for the certification of drinking water laboratories. Certification shall be granted on an analyte-by-analyte basis and shall be based on the capability of the laboratory to analyze samples with precision and accuracy.

III. A laboratory may subcontract tests which it is not certified to perform to another laboratory which is so certified, provided that the test report clearly indicates which tests were subcontracted and that laboratory test records which specify the name and address of the laboratory which performed the work are maintained and made accessible to the commission upon request.

IV. Provisional certification may be granted on terms and conditions as set forth in rules adopted by the commission in accordance with RSA 541-A.

V. The commission may establish certification standards for measuring contaminants in water which are not covered by RSA 148-B:4, I-II, and may implement a certification program encompassing such contaminants when to do so would aid in the determination of potential health or environmental impacts.

VI. The commission shall approve and certify laboratories certified in other states upon request, provided that the certification program in such states is at least equivalent to that enforced nationally by the United States Environmental Protection Agency. The commission may inspect or otherwise verify that the applying laboratory is performing at the certification level.

VII. An alternate laboratory test method may be acceptable only if it is equivalent to the prescribed test in both accuracy and reproducibility as it relates to the determination of compliance with any maximum contaminant level. The commission shall certify an alternate laboratory method if the method has been approved by the United States Environmental Protection Agency.

VIII. Certification may be denied, revoked, suspended, or modified as determined by rules of the commission. A laboratory which has had certification revoked or suspended shall be recertified at such time as it again meets criteria for certification.

IX. Changes in laboratory ownership, location, personnel, methodology, or other factors significantly affecting the performance of analyses for which it was originally certified shall be reported to the certification officer of the commission within 48 hours of the change.

X. The commission shall establish by rules, under RSA 541-A, a reasonable time frame for the completion of the certification process. The provisions under which any laboratory is certified at the time of the effective date of this paragraph shall not be affected in any way, except as provided in RSA 148-B:4, VIII, before the completion of the certification process within the time frame established by the commission.

XI. Nothing in this section shall be construed to limit or control laboratory services which are offered or performed outside the scope of the certification program provided for in RSA 148-B:4, I-II. Participation of laboratories in the certification program described in RSA 148-B:4, V shall be voluntary.

148-B:4-a Fees; Advertising.

I. The commission shall adopt rules under RSA 541-A, after public hearing, establishing a schedule of reasonable fees to be paid by any laboratory applying for approval and certification.

II. The schedule of fees shall be designed to recover the direct cost and travel expenses associated with the certification services provided under RSA 148-B:4, and such fees shall be available to the commission to be used to defray the cost of travel and associated expenses for such services. Funds received shall be deposited in a special account maintained by the commission to offset the costs of the inspection program. Any balance remaining at the end of the fiscal year shall lapse to the general fund. This paragraph shall not be construed to mean that all agency costs associated with the certification program, such as agency overhead, facilities, and staff services are to be prorated and recovered by fees.

III. A laboratory shall provide each prospective New Hampshire client with a list which clearly indicates the specific analytes which the laboratory is certified to test. In the event that a client has paid a fee to a laboratory in anticipation of testing services before the receipt of said test sampling materials, and the client subsequently determines upon receipt of the test materials that the laboratory is not certified to provide testing services to meet his needs, the client may cancel his order for any testing services which have not yet been performed, and the laboratory shall make full refund to the client. Test reports shall clearly identify those specific analytes for which a laboratory has certification and shall specifically identify any analyses which were subcontracted to other laboratories.

148-B:4-b Rulemaking. The commission shall adopt rules, under RSA 541-A, relative to:

I. Procedures and standards for certification of laboratories, including but not limited to the form and content of approval and certification application forms, analytical techniques to be employed, standard collection and testing procedures, performance on proficiency test samples, as well as qualifications for laboratory personnel. The procedures and standards

shall be no less stringent than the rules and regulations of the Environmental Protection Agency for the certification of drinking water laboratories.

II. Procedures and standards for provisional certification of laboratories.

III. Procedures and conditions under which certification of water testing laboratories may be revoked, suspended or modified.

IV. Information to be disclosed when tests are subcontracted.

V. Procedures and criteria for laboratory recertification.

VI. Procedures for the certification of laboratories which have been certified by other states.

VII. Procedures for approval of alternate testing methodology.

VIII. Fees for certification, including rules for accounting of the fees.

IX. Procedures and standards for testing of water under any expanded certification program.

X. A time frame for the completion of the certification process.

XI. Standards for the case-by-case establishment of maximum contaminant levels or water treatment techniques for unregulated contaminants in public water systems.

4 Effective Date. This act shall take effect 60 days after its passage.

HB 740, recodifying the historic preservation statutes. Ought to Pass with Amendment.

This bill recodifies the Historic Preservation statutes which are scattered through the RSA into a single chapter. This consolidation will benefit citizens interested in New Hampshire's archeological and historical background as well as those legislators needing to research historical problems. Vote 19-0. Rep. Nancy C. Hendrick for Resources, Recreation and Development.

Amendment

Amend RSA 227-C:4, XIII-XVII as inserted by section one of the bill by striking out said paragraphs and renumbering the original paragraphs XVIII-XXIII to read as XIII, XIV, XV, XVI, XVII, and XVIII, respectively.

Amend RSA 227-C:5, XXV as inserted by section one of the bill by striking out same.

Amend RSA 227-C:20 as inserted by section one of the bill by striking out said section and inserting in place thereof the following:

227-C:20 Duties. The state historical records advisory board shall serve as a central advisory body for historical records and for planning projects developed and carried out under the program in the state and in compliance with the national historical records and publications commission. The board may:

I. Sponsor surveys regarding the condition and needs of historical records in the state.

II. Solicit and develop plans for historical records projects.

III. Review and make recommendations regarding historical records projects proposed by institutions in the state.

IV. Develop and revise state plans for historical records projects according to established priorities.

V. Review the operation and progress of approved historical records projects in the state, financed by the national historical records and publications commission, through the board.

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Recodification. Amend RSA 227-C as inserted by 1974, 32:1 as amended by striking out said chapter and inserting in place thereof the following:

CHAPTER 227-C HISTORIC PRESERVATION

227-C:1 Definitions. As used in this chapter, the following words and terms shall have the following meanings unless a contrary meaning shall appear in the context:

I. "Commissioner" means the commissioner of the department of libraries, arts and historical resources or his designee.

II. "Council" means the state historical resources council.

III. "Department" means the department of libraries, arts and historical resources.

IV. "Field investigation" means the search for, identification of, and evaluation of historic resources, and the study of the traces of human culture at any land or underwater historic property, by means of inspection, surveying, digging, excavating, or removing surface or subsurface objects, or going onto a site with that intent.

V. "Historic preservation" means the research, excavation, protection, restoration and rehabilitation of buildings, structures, objects, districts, areas and sites significant in the history, architecture, archeology, or culture of this state, its communities, or the nation.

VI. "Historic property" means any building, structure, object, district, area or site that is significant in the history, architecture, archeology or culture of this state, its communities, or the nation.

VII. "Historic resource" means:

(a) Any historic property which has been listed in the National Register of Historic Places or has been determined by the keeper of the register to be eligible for the National Register using the criteria for evaluation in 36 CFR 60.6;

(b) Any object, or group of objects, located in or associated with an historic property;

(c) Skeletal remains of humans that would not be subject to the provisions of RSA 611-A and which fall under the provisions of RSA 227-C:8, VI; skeletal remains of other vertebrate animals; and

other fossils within a cultural context that constitutes, or may constitute, the whole or part of an historic property;

(d) Any object, or group of objects, and the district, area, or site they define, which may yield significant data but whose value and significance has yet to be determined by the division of historical resources; or

(e) Any significant data that may be used to answer research questions about an historic property, and events and processes of the human past, provided by the fields of archeology, history, architecture and such supplemental sciences as ethnography, paleoecology, and related sciences.

VIII. "Office" means the state historic preservation office, also known as the division of historical resources, department of libraries, arts and historical resources.

IX. "State archeologist" means the member of the professional staff designated by the director of the division of historical resources with the approval of the commissioner to develop, supervise and coordinate activities necessary to discharge and integrate the powers and duties of the office in the field of archeology as mandated by federal and state laws and procedures.

227-C:2 State Historic Preservation Office. The division of historical resources, department of libraries, arts and historical resources established by RSA 21-J:7 shall also be known as the state historic preservation office. The director, division of historical resources shall also be known as the state historic preservation officer.

227-C:3 Administration.

I. The director, subject to the approval of the commissioner, shall conduct any relations with the representatives of the federal government and the respective states with regard to matters of historic preservation.

II. The director, subject to the approval of the commissioner, may employ such professional personnel as required, subject to the personnel laws of the state and within budgetary limitations.

III. Consultants, as required, subject to budgetary limitations, may be employed by the director, with the approval of the commissioner.

IV. With the approval of the commissioner, the director may organize councils to assist the division as necessary, such as, but not limited to, an advisory archeological council of professional archeologists and representatives of professional and amateur societies. All members of the councils shall serve without compensation.

V. The director may employ or otherwise engage certified avocational archeologists to assist in the performance of field investigations under the direct supervision of the division, or those authorized by the commissioner, and to assist in information exchange and historic preservation with towns and communities, subject to personnel laws, budgetary

limitations, grant restrictions, and approval of the commissioner.

227-C:4 Historic Preservation

Functions. The division of historical resources shall have the following functions, including, but not limited to:

I. Undertaking a statewide survey to identify and document historic properties, including all those owned by the state, its agencies and political subdivisions.

II. Preparing the state's historic preservation plan with the assistance of the office of state planning, reviewing that plan annually, and revising it accordingly.

III. Providing information on historic properties within the state to the agencies of the federal, state, regional and local governments and, when appropriate, to private individuals and organizations.

IV. Accepting moneys for historic preservation from public and private sources in the name of the state and utilizing these as conditioned by the appropriation, award, grant or donation, or, if the moneys are unencumbered, supplementing other funding to implement the annual state historic preservation plan.

V. Cooperating with federal, state, regional and local government agencies in the planning and conduct of specific undertakings affecting historic properties and preservation objectives and in overall land use planning.

VI. Coordinating the activities of regional and local government agencies in accordance with the state plan and programs for historic preservation.

VII. Providing technical and financial assistance to regional and local government agencies and private individuals and organizations involved in historic preservation activities.

VIII. Stimulating public interest in historic preservation in cooperation with other state, regional and local agencies and with other private individuals and organizations.

IX. A reasonable charge may be made for publications.

X. Considering proposals to erect highway historical markers under RSA 236:41. No such marker shall be put in place without division approval. The division may make cooperative agreements with towns and historical organizations to place historic markers under RSA 236:44.

XI. Providing technical review and comment relative to the commissioner's powers and duties in the preservation of state historic resources under RSA 227-C:6-8.

XII. Cooperating with the state historian appointed under RSA 17-1:3.

XIII. Cooperating with the state archivist appointed under RSA 8-B:4.

XIV. Cooperating with and aiding municipalities in the establishment, layout and definition of historic districts under RSA 674:45-50.

XV. Cooperating with and assisting state and local historical societies in their historic preservation activities.

XVI. Cooperating with the director, division of parks, in the administration of state public areas which are historic sites under RSA 218:5-a, I(a) and RSA 218:5-a, II(a).

227-C:5 Rulemaking. The commissioner of libraries, arts and historical resources shall adopt rules, under RSA 541-A and subject to ratification by the state historical resources council, relative to:

I. Identifying and documenting historic properties, as authorized by this chapter.

II. Preparing the state's historic preservation plan, as authorized by RSA 227-C:4, II.

III. Providing information on historic properties within the state to agencies of the federal, state, regional and local governments, as authorized by RSA 227-C:4, III.

IV. Coordinating regional and local government activities with the state historic preservation plan and programs, as authorized by RSA 227-C:4, VI.

V. Providing technical and financial assistance to regional and local governments involved in historic preservation activities, as authorized by RSA 227-C:4, VII.

VI. Developing an ongoing program of historical, architectural and archeological research and development, including publication of the state's historic resources, as authorized by RSA 227-C:4, IX.

VII. Accepting moneys for historic preservation from public and private sources, as authorized by RSA 227-C:4, IV.

VIII. Categories of field investigations that may yield or alter historic resources, as authorized by RSA 227-C:7, II.

IX. Standards for the conduct of field investigations, as authorized by RSA 227-C:7, I.

X. Qualification criteria for professional and avocational archeologists for all established categories of field investigations, as authorized by RSA 227-C:7, II.

XI. Training and certifying avocational archeologists, as authorized by RSA 227-C:10.

XII. Employing and otherwise engaging avocational archeologists, as authorized by RSA 227-C:3, V.

XIII. Employing consultants, as authorized by RSA 227-C:3, III.

XIV. Issuance, revocation, suspension and extension of permits, as authorized by RSA 227-C:7, IV.

XV. The terms of a permit, as authorized by RSA 227-C:7, IV.

XVI. Fair and equitable allocation and distribution of historic resources recovered from a permitted field investigation, as authorized by RSA 227-C:8, III.

XVII. Preservation agreements for the protection of historic resources released in private custody, as authorized by RSA 227-C:8, IV.

XVIII. Temporary loans of historic resources to qualified persons or institutions within or outside the state, as authorized by RSA 227-C:8, I(d).

XIX. Procedures for the conduct of hearings consistent with due process, as authorized by RSA 227-C:7, V.

XX. Sale or transfer of real property, as authorized by RSA 227-C:9, III.

XXI. Creation and organization of advisory councils, as authorized by RSA 227-C:3, IV.

XXII. Approval of highway historical markers, as authorized by RSA 227-C:4, X.

XXIII. Listing historic districts established under RSA 674:46.

Preservation of State Historic Resources

227-C:6 State Title to Historic Resources on State Lands and Under State Waters. The state, acting through the commissioner, reserves to itself title of ownership of all historic resources on or from:

I. Lands owned or controlled by the state, its agencies, departments, commissions, institutions or political subdivisions;

II. The bottom of navigable waters in the state, great ponds and 3 miles seaward from the New Hampshire shore in the territorial tidal waters of the state.

227-C:7 Permits Issued for State Lands and Waters.

I. To assure proper protection, investigation, interpretation and management of historic resources, and the continued availability of historic resources for scientific study by qualified persons, agencies or institutions, the state, acting through the commissioner, reserves to itself the exclusive right and privilege to conduct, or cause to be conducted, field investigations of historic resources that involve the alteration of the surface or subsurface of the resource and removal of any surface or subsurface objects.

II. The commissioner shall establish categories of field investigations that may yield or alter historic resources and qualification criteria for professional and avocational archeologists for all categories of field investigations.

III. For purposes of determining proper persons to whom permits may be issued, the original discoverer of a previously unrecorded historic resource shall be conclusively presumed to be an appropriate person to actively participate in all phases of subsequent field investigations and shall be eligible to receive a permit under the rules adopted by the commissioner.

IV. The division shall issue a permit to any person, agency or institution upon application to conduct field investigations in accordance with the rules adopted by the office. When the division denies, revokes, suspends or refuses to extend a permit, it shall issue a written statement describing the deficiencies in the permit application and the reasons for the action taken.

V. The commissioner may conduct hearings upon receiving written complaint from any person, including a council member, concerning the issuance, denial of issuance, revocation, suspension, extension, or refusal of extension of any permit issued under this chapter.

227-C:8 Division and Disposition of Historic Resources.

I. The commissioner shall be the technical custodian of all state historic resources and shall make arrangements for:

(a) The allocation of any historic resources recovered from a permitted field investigation between state and private custody.

(b) The disposition of the state portion in an appropriate institution of the state as close to the place of origin as possible.

(c) A preservation agreement for the portion released for private custody.

(d) Any temporary loan of the historic resources to qualified persons or institutions in or out of state.

II. The permittee shall be required under the terms of the permit to preserve, conserve and restore, as necessary, any historic resources, and to catalogue and record as specified by the department.

III. The commissioner shall fairly and equitably allocate and distribute historic resources recovered from a permitted field investigation, provided that:

(a) Custody of isolated finds from the surface of state land, or the bottom of state waters, is granted to the discoverer when these are brought to the division or its designee, for identification and evaluation of context.

(b) Assurances are made that the original discoverer of a previously unrecorded historic resource receive custody of 25 percent of the recovered material from subsequent field investigations of that resource in which he actively participates.

(c) The formula for the division of the recovered materials shall be based on the percentage of private and public capital invested in a permitted field investigation, with the respective state and private shares being determined by the ratio of public to private investment, provided that no less than 25 percent be retained by the state and no more than 75 percent be released for private custody.

(d) The division of the recovered materials shall be made by the drawing of an appropriate number of equal lots by the permittee, with the arrangement into the necessary number of equal lots being the responsibility of the permittee.

IV. Private custody of historic resources shall be governed by a preservation agreement with the state. The preservation agreement shall be in perpetuity unless rescinded or limited to a period of time by the commissioner and shall specify:

(a) The catalogue numbers and descriptions of the historic resources.

(b) The responsibility of the custodian to guard and protect such materials against loss, theft, destruction, damage or deterioration.

(c) A requirement that the materials be available for reasonably convenient study by qualified persons, agencies and institutions.

(d) A provision for the bequest of the materials upon settlement of the estate.

(e) The custodian's liability to obtain written consent from the division for sale, auction, gift or trade of the collection.

(f) That physical possession of such materials shall revert to the state if the commissioner decides that the designated custodian is not properly caring for such materials or is not keeping them available for reasonably convenient study as required.

V. In considering the disposition of the state share of recovered materials:

(a) An appropriate institution for disposition is one with laboratory facilities where recovered objects may be cleaned, restored and preserved, or one willing to contract with another institution for these services, with secure and fire-protected space of sufficient size for orderly storage and protection of objects, records, photographs and other historic resources, and with a staff capable of caring for the material and making it available to qualified persons or institutions upon a recommendation of the commissioner.

(b) The right and privilege of final disposition shall be granted to the municipality of origin when that municipality requests the historic resources through its local museum, library, historical society, school, or other institution which qualifies as an appropriate institution.

(c) Notwithstanding its right and privilege of final disposition, the right and privilege of initial display or use of the historic resources for other public education activities shall be granted the municipality of origin when that municipality, through its local museum, library, historical society, school, or other institution, agrees to provide secure and fire-protected facilities for storage and exhibit.

VI. Human skeletal remains which qualify as historic resources shall be fully documented before final disposition. Documentation shall include, at a minimum: a physical description of the remains (such as age at death, sex, metrical data, and pathologies); age of the burial; and cultural association. Human skeletal remains which are subject to reinterment under the provisions of RSA 289 shall be accordingly interred, but those which are not, including prehistoric remains, may be released for reinterment to those who are able to establish the closest ethnic relationship to the remains.

VII. Appropriate records of all historic resources shall be maintained by the division of historical resources.

227-C:9 Directive for Cooperation in the Protection of Historic Resources.

I. All state agencies, departments, commissions, and institutions

shall fully cooperate with the division in the location, identification, evaluation and management of historic resources, and to that end shall provide the division with appropriate information on all state licensed, assisted, or contracted projects, activities, or programs so that the division may determine the effect of such undertakings on historic resources.

II. Upon a recommendation of the division that historic resources may be adversely affected, the commissioner shall conduct, or cause to be conducted, any necessary field investigations, subject to personnel and budgetary limitations. State agencies, departments, commissions, and institutions are authorized and encouraged to expend project funds or appropriated moneys for these field investigations.

III. When preparing to sell or transfer real property under its jurisdiction which is expected to have historic resources, or is known to have historic resources, the state, its agencies, departments, commissions, institutions and political subdivisions shall, upon a recommendation of the commissioner:

(a) Condition the sale or transfer upon such covenants, deed restrictions, or other contractual arrangements as shall protect the historic resources for future generations.

(b) Reserve such property from sale or transfer, provided that the reservation of such lands from sale or transfer may be confined to the actual location of the historic resources.

(c) Defer sale or transfer of such property for the purpose of conducting field investigations, including salvage mitigation if necessary, and until the lands are released for sale or transfer by the commissioner.

227-C:10 Avocational Archeological Training and Certification. The division shall provide a means for training nonprofessional persons in technical archeological skills and shall acknowledge the achievement of those who have reached prescribed levels of proficiency in various aspects of archeology. The individuals shall be encouraged to participate in field investigations authorized by the commissioner and supervised by the division. Certification is not to be misconstrued as an authorization to collect or excavate without a permit.

227-C:11 Confidentiality of Archeological Site Location Information. Information which may identify the location of any archeological site on state land, or under state waters, shall be treated with confidentiality so as to protect the resource from unauthorized field investigations and vandalism. Toward this end, state agencies, departments, commissions, institutions and political subdivisions, permittees and private landowners with preservation and conservation agreements shall consult with the commissioner before any disclosure of information to insure that the disclosure would not create a risk to the historic resource or that it is done in a manner to minimize the risk. Such information is

exempt from all laws providing rights to public access. Disclosure for the public record for tax assessment, transfer, sale or other consideration of the property shall receive careful consideration to minimize the risk to the resource.

227-C:12 Exemptions and Limitations.

1. Notwithstanding any provision of this subdivision to the contrary, any person who, prior to the effective date of this subdivision, has acquired historic resources from state lands or waters, which include items commonly known as antiques, may continue to possess or market such items as antiques.

11. Treasure hunting with metal detectors and dowsing rods is exempted from the restrictions of this subdivision on the following lands owned or controlled by the state, its agencies, departments, commissions, and institutions, unless an historic resource on such land has been recorded and restrictions are posted:

- (a) Beaches;
- (b) Athletic fields;
- (c) School grounds;
- (d) Perimeters of cemeteries;
- (e) Unpaved roads;
- (f) Within 25 feet of picnic tables and park pavilions; and

- (g) Currently used dumps.

III. No power is conferred by this subdivision upon any official, commission, or other agency of state or local government to close any body of water or portion thereof, or access thereto, on a temporary or permanent basis, to recreational diving, recreational or commercial fishing, scallop dragging, recreational or commercial boating, or lobstering.

IV. Paper documents; photographic positives and negatives; microforms, including microfilms, microfiche, microcard, and microprint; and reel to reel, cassette, or cartridge tape recordings and magnetic tapes of information storage which qualify as historic resources under RSA 227-C:1, VII, other than documentation of a field investigation, are exempt from the provisions of RSA 227-C. The responsibility to preserve, arrange, index, and allow access to these historic resources shall remain with the department of state, division of records management and archives.

Historical Resources Council

227-C:13 Establishment of a State Historical Resources Council. There is hereby established a state historical resources council which shall be the only state historical resources council. The membership of the council shall consist of the governor, or his designee; the director of historical resources, who shall be non-voting members; and 9 members of the public appointed by the governor and council, at least 3 of whom shall be qualified in the field of architecture, history and archeology; and the others shall be qualified in other fields including, but not limited to, law, real estate, planning, architectural history and historic preservation. The public members shall serve a term of 5 years; however, on the

initial appointment, 3 shall be appointed for 2 years, 2 appointed for 3 years, 2 appointed for 4 years, and 2 appointed for 5 years. Each shall serve until his successor is appointed and qualified. Any vacancy shall be filled for the unexpired term.

227-C:14 Powers and Duties of the Council. The council shall have the power and duty to:

I. Approve nominations to the national register of historic places.

II. Review and recommend the approval of the state survey of historic properties undertaken in accordance with the provisions of this chapter.

III. Review and approve the contents of the state historic preservation plan developed pursuant to the provisions of this chapter.

IV. Review and recommend application by the division for federal and other available funds.

V. Review and recommend the removal of properties from the national register.

VI. Otherwise act in an advisory capacity to the division of historical resources.

VII. Administer all federal funds received for historic preservation.

227-C:15 Organization. The council shall elect a chairman and vice-chairman and establish such rules of procedure as it deems necessary.

227-C:16 Expenses. All members of the council shall serve without compensation but may receive reimbursement for necessary travel and subsistence expenses incurred by them in the performance of the duties of the council.

State Historical Records Advisory Board

227-C:17 State Historical Records Advisory Board Established. There is hereby established the state historical records advisory board composed of the state archivist who shall be chairman of the state historical records advisory board and at least 7 members to be appointed by the governor and council. The term of office for each of the appointed members shall be for 3 years, except that the first members to be appointed shall be appointed for staggered terms. Each member shall hold office until his successor is appointed and qualified. In case of a vacancy other than by expiration of the term, the appointment shall be for the balance of the unexpired term.

227-C:18 Qualifications. A majority of the appointed members of the board shall be persons of recognized professional qualifications and experienced in the administration of historical records or in a field of research which makes extensive use of such records. The composition of the board shall be as broadly representative as possible of the public and private archival and research institutions and organizations of the state.

227-C:19 Compensation. The members of the state historical records advisory board shall serve without compensation, but shall be reimbursed for their reasonable expenses

incurred in the performance of their duties under this subdivision.

227-C:20 Duties. The state historical records advisory board shall serve as a central advisory body for historical records and for planning projects developed and carried out under the program in the state and in compliance with the national historical records and publications commission. The board may:

I. Sponsor surveys regarding the condition and needs of historical records in the state.

II. Solicit and develop plans for historical records projects.

III. Review and make recommendations regarding historical records projects proposed by institutions in the state.

IV. Develop and revise state plans for historical records projects according to established priorities.

V. Review the operation and progress of approved historical records projects in the state financed by the national historical records and publications commission through the board.

227-C:21 Cooperation with Other Bodies. The state historical records advisory board is authorized to cooperate with cities, towns, private groups and institutions in the state and with agencies of state government, with respect to matters of interest in collecting and preserving historical records.

Penalty

227-C:22 Penalties.

I. Any person who, with the purpose of defrauding anyone or with the knowledge that he is facilitating a fraud to be perpetrated by anyone, makes or alters any object so that it appears to have value because of antiquity, rarity, source or authorship which it does not possess, shall be guilty of a misdemeanor and shall forfeit to the state the equivalent in dollars of profits made by the sale of the fraudulent objects.

II. Notwithstanding the provisions of RSA title LXII, any person who knowingly appropriates, excavates, sells, purchases, exchanges, offers for sale, transports, receives, destroys, or in any manner alters any historic resource located on state land, under state waters, or removed from same, except in the course of activities pursued under the authority of a permit or preservation agreement, or as exempted in RSA 227-C:12, shall be guilty of a misdemeanor punishable by a fine not exceeding \$1,000 or by imprisonment for a period not to exceed 6 months, or both; shall forfeit to the state all materials appropriated; and shall reimburse the state for restoration of a defaced or destroyed property.

5 Contingency.

I. If HB 26 of the 1985 regular session of the general court, "An Act establishing a department of libraries, arts and historical resources," becomes law, then section one of this act shall not take effect and section 4 of this act shall take

effect on the date the department of libraries, arts and historical resources becomes operational. If HB 26 does not become law during the 1985 regular session of the general court, then section one of this act shall take effect July 1, 1985, and section 4 of this act shall not take effect.

II. Sections 2 and 3 of this act shall take effect on the date that either section 1 or section 4 take effect.

6 Administration of State Historical Records Advisory Board. Nothing in this act shall be construed as transferring the administrative responsibility for the state historical records advisory board to the historic preservation office or to the department of libraries, arts and historical resources. The division of records management and archives, department of state shall retain all administrative responsibility relating to the state historical records advisory board.

7 Effective Date.

I. Sections 5, 6 and 7 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect as set forth in section 5 of this act.

HCR 11, requesting New Hampshire's congressional delegation to introduce and support legislation amending the regulatory powers of the Federal Energy Regulatory Commission. Ought to Pass with Amendment.

This resolution requests the New Hampshire Congressional Delegation to amend the FERC Regulations to eliminate the preemptive powers whereby a developer of a hydro project can avoid compliance with state and local regulations, and the power of eminent domain granted to a developer to take private property. Also HCR 11 asks that states be given greater control projects lying within its borders and that the state have full control over development of projects of less than 300 kw capacity. Vote 12-1. Rep. Howard C. Dickinson for Resources, Recreation and Development.

Amendment

Amend the resolution by striking out all after the title and inserting in place thereof the following:

Whereas, the federal government has encouraged hydropower generators by granting favorable tax incentives and by preempting state licensing of hydropower construction and operation; and

Whereas, the authority to license hydropower dams is vested solely in the Federal Energy Regulatory Commission, to the exclusion of other state and federal agencies; and

Whereas, the Federal Energy Regulatory Commission has not always sufficiently weighed the environmental, aesthetic, and recreational impacts of small hydropower projects, including the cumulative effects of multiple dams in river basins; and

Whereas, the intent of the Public Utilities Regulatory Policies Act and the

Energy Security Act was to encourage power production at existing dams; and

Whereas, the state of New Hampshire has guaranteed by statute that producers of electricity by hydropower shall have a market for their product at a favorable price; and

Whereas, hydropower development has received sufficient incentives and encouragement from other governmental entities; and

Whereas, the legislative dam management review committee has found that the Federal Energy Regulatory Commission's regulations and other federal incentives have been used by some entities to speculate in hydropower development sites, contrary to Congress' legislative intent; and

Whereas, this state possesses the ability to develop and implement a program to regulate the development and operation of small hydropower projects, balanced with the environmental, aesthetic, and recreational needs of New Hampshire's citizens; now, therefore, be it

Resolved by the House of Representatives, the Senate concurring:

That the Federal Energy Regulatory Commission's regulations be amended to eliminate:

I. The provisions whereby a single developer is given exclusive right to a hydropower site after a preliminary permit has been granted by the commission to study the economic and technical feasibility of the project (18 C.F.R. sec. 4.80 et seq. (1980)).

II. The right of eminent domain granted to a developer to take property necessary to construct or reconstruct a hydropower site (16 U.S.C.A. sec. 814).

III. The preemptive powers of the federal government which permit developers to avoid compliance with state and local regulation.

IV. The Federal Energy Regulatory Commission's jurisdiction over hydropower projects with generating capacities less than 500 kw, and return the authority over these projects to states which have adopted comprehensive river protection and development plans; and

That the Federal Energy Regulatory Commission's authority be amended to provide each state with veto power over any hydropower development or redevelopment within its borders; and

That the Federal Power Act be amended to require that the Federal Energy Regulatory Commission consider the cumulative impacts of multiple dams in river basins when licensing hydropower projects, and to require that other state and federal natural resource agencies be given greater roles in the licensing of hydropower projects; and

That Congress should take steps to end the speculative abuse of the hydropower licensing process, and to limit the favorable tax and other economic incentives to the developers of existing dams; and

That copies of this resolution be forwarded to the President of the United States, the chairman of the Federal Energy Regulatory Commission, and to each member of the New Hampshire congressional delegation.

HB 769, relative to solar energy. Ought to Pass with Amendment.

This allows a person to obtain easements from his neighbors to guarantee him unobstructed access to the sun's rays. These easements are obtained or given voluntarily. The bill also prescribes minimum warranties for solar collectors and solar energy systems. Vote 8-0. Rep. Roland A. Frechette for Science and Technology.

Amendment

Amend RSA 358-L:2 and 358-L:3 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

358-L:2 Rulemaking; Express Warranty.

I. The attorney general shall adopt rules, pursuant to RSA 541-A, relative to an express warranty for the sale and installation of solar energy equipment in this state.

II. Provisions for required express warranties shall, at a minimum, include the following:

(a) A 5 year manufacturer's express warranty against defects in materials or manufacture of solar collectors;

(b) A one year warranty against failure of a system based on solar energy, when the failure is the result of improper installation; and

(c) Those implied warranties established under RSA 382-A:2-314 and RSA 382-A:2-315.

358-L:3 Penalty. Any person who does not provide a purchaser of solar energy equipment with a minimum warranty as required in rules adopted by the attorney general shall be in violation of RSA 358-A.

Amend RSA 477:49, IV as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

IV. "Solar skyspace easement" means a limitation, whether or not stated in the form of a restrictive easement, covenant, or condition, in any deed or other instrument executed by or on behalf of the landowner described in the deed or instrument creating and preserving a right to unobstructed access to solar energy; provided, however, the easement shall be exempt from the frontage and area requirements of local zoning ordinances.

HCR 12, requesting the United States Postal Service to issue a commemorative bicentennial stamp. Ought to Pass.

The Committee felt this was an excellent idea for New Hampshire to have a commemorative postal stamp, since New Hampshire was the 9th state and the key state to ratify our nation's Constitution, June 1787. Unanimous vote. Rep. Ednapearl F. Parr for State-Federal Relations.

HB 634-FN, establishing the secure psychiatric unit at the New Hampshire state prison. Ought to Pass with Amendment.

This bill establishes a secure psychiatric unit at the New Hampshire State Prison to receive and provide appropriate treatment for persons who require a secure environment. Vote 14-0. Rep. Ralph Parker for State Institutions and Housing.

Amendment

Amend RSA 622:45, I as inserted by section one of the bill by striking out same and inserting thereof the following:

622:45 Commitment. Commitment may occur as follows:

I. Any person subject to an involuntary admission to the state mental health services system pursuant to RSA 135-B may at any time be transferred to the unit upon a determination that the person would present a serious likelihood of danger to himself or to others if admitted to or retained in a receiving facility in the state mental health services system. The admission to the unit may be ordered by:

(a) A probate court pursuant to RSA 135-B:26-41; or

(b) An administrator of a designated receiving facility to which a person has been involuntarily admitted pursuant to an involuntary emergency hospitalization or an involuntary admission.

Amend the bill by striking out all after section 14 and inserting in place thereof the following:

15 Transition; Secure Psychiatric Unit Personnel. Notwithstanding any other provision of law, the following shall govern the establishment of classified positions and the employment of personnel in the secure psychiatric unit: on July 1, 1985, all of the classified personnel positions assigned to the forensic unit at the New Hampshire hospital shall be transferred to the department of corrections. If fewer than 85 positions are transferred, there shall be created new classified personnel positions sufficient to make the total number of positions 85. The commissioner shall determine the title and job description for each of the classified personnel positions in accordance with the rules of the department of personnel. The director of personnel, department of personnel, shall allocate those positions to the appropriate class and salary grade within the personnel system. The classified employees who, on September 1, 1985, occupy the positions which will be transferred to the secure psychiatric unit shall be entitled to apply for the new positions. The commissioner shall employ as many of those classified personnel who apply for positions in the secure psychiatric unit as possible, giving due consideration to each applicant's qualifications and suitability for each position available, prior to hiring personnel for those positions from anywhere else. Any classified employee who, on September 1, 1985, occupies any position which will be transferred with the secure psychiatric unit and who either does not

apply or is not hired for a position in the new unit shall have all of the rights specified in the rules of the department of personnel including the rights under Per 308.05 relative to "bumping" rights. The new positions shall become effective on March 1, 1986, or when the secure psychiatric unit opens at the new site, whichever occurs first.

16 Effective Date.

I. Section 14 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect July 1, 1985.

HB 638, permitting the state, counties and municipalities to contract with private entities for the construction, operation, supervision and maintenance of government-operated facilities. Ought to Pass with Amendment.

The bill, as amended, allows counties and municipalities to contract with private entities for the construction of government operated facilities. Vote 14-0. Rep. Ralph Parker for State Institutions and Housing.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

permitting the state, counties and municipalities to contract with private entities for the construction of government-operated facilities.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 County Buildings and Institutions; Contracts with Private Entities. Amend RSA 23:3 (supp) as amended by striking out said section and inserting in place thereof the following:

23:3 Buildings and Institutions.

I. Every county shall have suitable courthouses, houses of correction, and other buildings necessary for its uses, and suitable offices to insure protection of the records of the register of deeds, the register of probate, and the clerk of court from fire, theft, water and the elements.

II. Notwithstanding any other provision of law, the county commissioners, with the approval of the county convention, may vote to enter into a written contract with a private entity for the construction of a county-operated facility. Such contract may be on a turnkey project basis. Any contracts relating to county facilities under this section shall be by competitive bidding; provided that the county commissioners by unanimous vote may waive the provisions for such bidding. In case the commissioners so vote, a copy of such action shall be recorded in their offices with a statement of the reason therefor, and such record shall be open to public inspection. Any contract relating to a county facility under this section shall be

ratified by a majority vote of the county convention and the executive committee of the county convention.

III. The provisions of RSA 155-A shall apply to all buildings constructed by private entities under this section.

IV. For the purposes of this section, a "turnkey project" is one in which a government entity contracts with a single private firm for the design, construction, and equipment supply of a government-operated building institution or facility.

2 Municipalities. Amend RSA 31 by inserting after section 3 the following new section:

31:3-a Contracts With Private Entities.

I. Notwithstanding any other provision of law, the town selectmen, city councilors, or board of aldermen of a municipality may, with the approval of the appropriate local legislative body, vote to enter into a written contract with a private person, corporation, partnership, or association for the construction of any municipally operated facility. Such contract may be on a turnkey project basis. Any contracts relating to municipal facilities under this section shall be by competitive bidding; provided that the selectmen, councilors, or aldermen may, by unanimous vote, waive the provisions for such bidding. In case the selectmen, councilors or aldermen so vote, a copy of such action shall be recorded in their offices with a statement of the reason therefor, and such record shall be open to public inspection. Any contract relating to a municipal facility under this section shall be ratified by a majority vote of the appropriate local legislative body.

II. The provisions of RSA 155-A shall apply to all buildings constructed by private entities under this section.

III. For purposes of this section, a "turnkey project" is one in which a government entity contracts with a single private firm for the design, construction, and equipment supply of a government-operated facility.

3 State Contracts With Private Entities. Amend RSA 4 by inserting after section 43 the following new subdivision:

Contracts With Private Entities

4:44 Contracts With Private Entities.

I. Notwithstanding any other provision of law, the governor, with the approval of council, may enter into a written contract with a private person, corporation, partnership or association for the construction of any state facility. Such contract may be on a turnkey project basis.

II. The provisions of RSA 155-A shall apply to all buildings constructed by private entities under this section.

III. For the purposes of this section, a "turnkey project" is one in which a government entity contracts with a single private firm for the design, construction, and equipment supply of a government-operated facility.

4 Effective Date. This act shall take effect 60 days after its passage.

HB 656, regulating rent increases in manufactured housing parks. Inexpedient to Legislate.

The Committee has heard to date three bills concerning the problems with manufactured housing parks. It is the feeling of the Committee that these bills all basically relate to problems with zoning. If the people living in the mobile home parks had more options for placement of their mobile homes, the need for this type of legislation would probably be lessened. We recommend that the Committee on Municipal and County Government work to address such problems as it studies House Bill 336. Vote 12-1. Rep. Ronald R. Laurion for State Institutions and Housing.

HB 744-FN, consolidating the mental health laws. Ought to Pass with Amendment. This bill, as amended, is in effect a substitute for the original, and turns most of the concerns over to a study committee appointed by the Governor. There are a few new provisions that were added to the amendment at the request of the Division of Mental Health and they were unanimously agreed upon. Vote 12-0. Rep. Ronald R. Laurion for State Institutions and Housing.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to community mental health center fees, emergency hospitalization, and certain rulemaking authority.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Fees. Amend RSA 126-B:9 (supp) as inserted by 1965, 185:1 as amended by striking out said section and inserting in place thereof the following:

126-B:9 Uniform Fees. The director of mental health and developmental services shall adopt rules pursuant to RSA 541-A relative to a uniform schedule of fees, for services supported by funds granted by or provided under contract with the division, taking into account ability to pay. All community mental health programs to which a grant is made under RSA 126-B shall charge all recipients of these services the fees as determined by the director, provided that no one shall be excluded from receiving services because of race, color, religion or inability to pay.

2 Rulemaking. Amend RSA 126-B:11 (supp) as inserted by 1965, 185:1 as amended by striking out said section and inserting in place thereof the following:

126-B:11 Duties of Director of Mental Health and Developmental Services. In addition to other powers and duties, the director of the division of mental health and developmental services shall:

I. Adopt rules pursuant to RSA 541-A relative to services supported by funds granted by or provided under contract with the division, including but not limited to:

(a) Eligibility of community mental health programs to receive state grants.

(b) Sites, staffing levels, and quality of treatment and services.

(c) Fiscal controls and procedures.

II. Evaluate local programs and make recommendations regarding those programs to the board of directors.

III. Provide consultative staff service to communities to assist in ascertaining local needs, and in planning and establishing community mental health programs.

IV. Prepare and administer the state plan for comprehensive mental health services in accordance with federal laws applicable to community mental health centers.

3 Definition Change. Amend RSA 135-B:2, XIV (supp) as inserted by 1973, 556:1 as amended by striking out said paragraph and inserting in place thereof the following:

XIV. "Psychiatrist" means a physician who is licensed to practice in New Hampshire, is not related to the patient, and is either board-certified or board-eligible according to the most recently promulgated regulations of the American Board of Psychiatry and Neurology, Inc. or its successor organization and, for the purposes of conducting an examination and filing a report under RSA 135-B:32, who is a psychologist certified under RSA 330-A:11.

4 Delivery Determined by Physician. Amend RSA 135-B:21 (supp) as inserted by 1973, 556:1 as amended by striking out said section and inserting in place thereof the following:

135-B:21 Delivery to Receiving Facility. Upon completion of an involuntary emergency hospitalization certificate in accordance with RSA 135-B:20, any law enforcement officer is empowered and directed to take custody of the person to be hospitalized and immediately deliver him to the most appropriate receiving facility as determined by the physician completing the certificate. Upon delivery to the receiving facility of the person sought to be hospitalized, the law enforcement officer shall remain at the facility until the administrator or his designee makes an initial determination that there is documentary evidence of compliance with RSA 135-B:20. If the administrator or his designee determines that there has not been compliance with RSA 135-B:20, the officer shall return such person to the place where he was taken into custody, or in the alternative, if it is obvious to a physician at the facility that such person is in need of involuntary emergency hospitalization, he shall do all things necessary to bring about compliance with RSA 135-B:20.

5 Involuntary Emergency Hospitalization; Transfers; Rulemaking.

Amend RSA 135-B:23, VI (supp) as inserted by 1979, 442:6 by striking out said paragraph and inserting in place thereof the following:

VI.(a) If a receiving facility having custody of an individual pursuant to RSA 135-B:19-25 is not designated for all purposes under RSA 135-B:2, XVI, that facility shall immediately notify the New Hampshire hospital of the need to transfer the hospitalized individual to New Hampshire hospital for any remaining period of involuntary emergency hospitalization for which the receiving facility has not been designated. New Hampshire hospital shall arrange transportation of the hospitalized individual within 24 hours of such notice and shall receive such individual for the remaining period of involuntary emergency hospitalization under RSA 135-B:19-25.

(b) A receiving facility may transfer a person admitted under RSA 135-B:19-25 to another receiving facility if that receiving facility can better provide the degree of security and treatment required for the person. All transfers shall receive the prior approval of the director or his designee. The director shall adopt rules, pursuant to RSA 541-A, relative to transfer criteria and procedures for the challenge of transfer decisions by the persons so transferred.

6 New Section. Amend RSA 135-B by inserting after section 38 the following new section:

135-B:38-a Involuntary Admission; Transfers. A receiving facility to which a person is ordered for involuntary admission pursuant to RSA 135-B:26-41 may transfer the person to another receiving facility if the receiving facility to which the person is to be transferred can better provide the degree of security and treatment required by the person. All transfers shall require the prior approval of the director or his designee. The director shall adopt rules, pursuant to RSA 541-A, relative to transfer criteria and procedures for the challenge of transfer decisions by the persons so transferred.

7 Committee Established. There is hereby established a committee to study the draft prepared by legislative services relative to consolidating the mental health laws and such other matters relative to statutory changes necessary to restructure the state mental health system as the committee deems appropriate. The members of the committee shall be:

I. 2 members of the house of representatives appointed by the speaker of the house.

II. 2 members of the senate appointed by the president of the senate.

III. One member appointed by the governor.

IV. The director of mental health and developmental services or his designee.

V. 5 members appointed by the governor from among the provider community, consumers, and family members of mentally ill persons.

8 Report. The committee established in section 8 of this act shall prepare a report with recommendations on or before January 1, 1986. The committee shall submit this report to the speaker of the house and the

president of the senate on or before January 1, 1986.

9 Effective Date.

I. Section 7 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect 60 days after its passage.

HB 745, granting administrative authority to the director of the division of mental health and developmental services to carry out the statutory purposes of the division. Inexpedient to Legislate.

The sponsor requested Inexpedient to Legislate. This bill will be incorporated in House Bill 744. Vote 13-0. Rep. Bernard J. Raynowska for State Institutions and Housing.

HB 766, relative to juvenile detention procedures. Ought to Pass with Amendment. This bill allows the Director of the Division of Children and Youth Services to certify previously licensed facilities to receive minors to be detained at the Youth Development Center pending a hearing that the minor is delinquent. Vote 14-0. Rep. Ralph Parker for State Institutions and Housing.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Licensed Facilities. Amend RSA 169-B:11, III (supp) as inserted by 1979, 361:2 by striking out said paragraph and inserting in place thereof the following:

III. If the court determines that continued detention is required, based upon the criteria specified under RSA 169-B:14, I, (e)(2), it may order continued detention at a police station, jail, or any facility certified for the detention of minors by the director of the division for children and youth services; provided, that any minor so detained shall not be placed in a facility in which the minor can come into contact with an adult charged, convicted or committed for a criminal offense.

Amend the bill by striking out section 5 and inserting in place thereof the following:

5 Hearing Time Requirement Lengthened. Amend RSA 170-H:10 (supp) as inserted by 1983, 416:27 by inserting in line 3 after the number "10" the following (working) so that said section as amended shall read as follows:

170-H:10 Parole Revocation. Any delinquent returned to a secure facility under the provisions of RSA 170-H:8 shall be entitled to a hearing before the board within 10 working days. The parolee shall have the right to appear and be heard at this hearing. If the board, after a hearing, finds that the parolee has violated the conditions of parole or violated the law and in its judgment should be recommitted to the custody of the administrator, the board shall revoke his parole. An offender whose

parole is revoked shall be recommitted to the custody of the administrator.

HB1 2008, relating to the New Hampshire state hospital. Refer for Interim Study. This bill is a vehicle to study policy concerning the future of the facilities at the New Hampshire State Hospital. Vote 14-0. Rep. Barbara E. Arnold for State Institutions and Housing.

SB 69, relative to the termination of tenancies in manufactured housing parks. Ought to Pass.

This is an "agreed bill" between all parties involved in landlord-tenant mobile park eviction issues. Vote 11-0. Rep. Sara M. Townsend for State Institutions and Housing.

HB 493-FN, relative to aircraft registration. Ought to Pass with Amendment. The Committee felt that this bill which makes it unlawful for a nonresident to own or authorize the operation of a civil aircraft based at a New Hampshire airport for more than 90 days cumulatively in one registration year which does not have an effective airworthiness certificate, a state registration certificate, and for which the aircraft operating fee has not been paid was in the best interest of aviation in New Hampshire. Vote 12-0. Rep. Roger Stewart for Transportation.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Residents. Amend RSA 422:34, I-a (supp) as inserted by 1983, 116:3 by striking out said paragraph and inserting in place thereof the following:

I-a. For any resident to own or authorize the operation of any civil aircraft owned by him which does not have a currently effective New Hampshire state registration certificate, and for which the aircraft operating fee has not been paid.

2 Nonresidents. Amend RSA 422:34 by inserting after paragraph I-a the following new paragraph:

I-b. For any nonresident to own or authorize the operation of any civil aircraft owned by him and located in New Hampshire for more than 90 days cumulatively during a registration year, which does not have a currently effective New Hampshire state registration certificate, and for which the aircraft operating fee has not been paid.

3 Registration. Amend RSA 422:33, V as amended by striking out said paragraph and inserting in place thereof the following:

V. The registration of an aircraft which is owned by a nonresident of this state who is lawfully entitled to operate such aircraft in the state, district or country of his residence, provided that said state, district or country grants like privileges to residents of this state, and that such an operation does not constitute

an act of air commerce, and provided that said aircraft is not located in this state more than 90 days cumulatively each registration year.

4 Effective Date. This act shall take effect 60 days after its passage.

HB 614-FN, relative to the licensing period for road toll user of fuel licenses, increasing the amount of road toll distributor's bonds, and giving the commissioner of safety authority to transfer highway funds. Ought to Pass.

This bill makes a few changes in the present schedule of diesel fees and the manner of collection. It also changes the penalty arrangement for failure to file users reports. Under the bill the maximum board for a fuel distribution is increased from \$200,000 to \$500,000. There is no increase in the fees for diesel automobile operation. Vote 11-0. Rep. Irvin H. Gordon for Transportation.

Referred to Appropriations.

COMMITTEE REPORTS (Regular Calendar)

HB 775, relative to child abuse. Ought to Pass with Amendment.

This bill allows for video taped depositions of children in criminal cases in lieu of court testimony. The Committee believes this will ease the trauma on child victims. Also, the bill toughens penalties for certain offenses against children. Vote 16-0. Rep. Rick Newman for Children, Youth and Elderly Affairs.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Videotaped Depositions for Certain Children. Amend RSA 517 by inserting after section 13 the following new section:

517:13-a Videotaped Deposition Authorized.

1. In any criminal case, any party may move to take a videotaped deposition of any witness, including the victim, who was under 16 years of age at the time of the alleged offense. The court shall grant an order authorizing a videotaped deposition if it finds by a preponderance of the evidence that:

(a) The child will suffer emotional or mental strain if required to testify in open court; or

(b) Further delay will seriously impair the child's ability to recall and relate the facts of the alleged offense.

II. A videotaped deposition taken pursuant to this section shall be conducted before the judge or court appointed master, at such a place as ordered by the court, in the presence of the prosecutors, the defendant and his attorneys, and such other persons as the court allows. Examination

and cross-examination of the child shall proceed in the same manner as permitted at trial. Such deposition shall be admissible into evidence at trial in lieu of any other testimony by the child.

III. Unless otherwise ordered by the court for good cause shown, no victim or witness whose deposition is taken pursuant to this section shall be required to appear or testify at trial.

IV. The supreme court shall adopt any rules necessary to implement the provisions of this section.

2 Sexual Contact; Felonious Sexual Assault. Amend RSA 632-A:3 (supp) as inserted by 1975, 302:1 as amended by striking out said section and inserting in place thereof the following:

632-A:3 Felonious Sexual Assault. A person is guilty of a class B felony if he:

I. Subjects a person to sexual contact and causes serious personal injury to the victim under any of the circumstances named in RSA 632-A:2; or

II. Engages in sexual penetration with a person other than his legal spouse who is 13 years of age or older and under 16 years of age; or

III. Engages in sexual contact with a person other than his legal spouse who is under 13 years of age.

3 Misdemeanor Sexual Assault; Adults. Amend RSA 632-A:4 (supp) as inserted by 1975, 302:1 by striking out said section and inserting in place thereof the following:

632-A:4 Sexual Assault. A person is guilty of a misdemeanor if he subjects another person who is 13 years of age or older to sexual contact under any of the circumstances named in RSA 632-A:2.

4 Extended Term of Imprisonment. Amend RSA 651:6, I(e) as inserted by 1971, 518:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(e) He has committed a felony involving the use of force against a person with the intention of taking advantage of the victim's age or physical handicap; or

(f) He has committed or attempted to commit any of the crimes defined in RSA 631 or 632-A against a person under 13 years of age.

5 Length of Term. Amend RSA 651:6, II(c) as inserted by 1973, 370:3 by striking out said subparagraph and inserting in place thereof the following:

(c) Murder, life imprisonment;

(d) A third offense under RSA 632-A:2 or 632-A:3, life imprisonment; or

(e) A class A felony under RSA 632-A:2, XI and a subsequent separate offense under RSA 632-A:2, XI, a minimum to be fixed by the court of not less than 15 years and a maximum of life imprisonment without parole.

6 Effective Date. This act shall take effect January 1, 1986.

Amendment adopted.
Ordered to third reading.

HB 428, relative to mortgage home loans. Majority: Ought to Pass with Amendment. Minority: Refer for Interim Study.

MAJORITY: The bill provides for the licensing of mortgage companies and others issuing mortgages. It in no way restricts the sale of mortgages in the secondary market, nor does it restrict the type of mortgage or payment plan which may be mutually agreeable to lender and buyer. Section 12, Roman numeral VI is deleted by Committee vote of 12-3. Rep. Eric N. Lindblade for the Majority of Commerce, Small Business and Consumer Affairs.

MINORITY: This bill goes far beyond the original objective of the Attorney General and Bank Commissioner. Its effect upon many individuals and businesses such as realtors, developers and home builders is not clear. It gives the Bank Commissioner the power to examine the book and activities of such organizations at his discretion. (Reps. Lawrence J. Guay, William A. Varkas, Lucille T. Wood for the Minority of Commerce, Small Business and Consumer Affairs.)

Amendment

Amend RSA 398-A:1-a, I as inserted by section 4 of the bill by striking out same and inserting in place thereof the following:

I. No person shall engage in the business of mortgage loans unless he or his broker, agent or other representative first obtains a license as provided herein, except when the person lending money is the seller of the real estate upon which the mortgage is to be taken as security. A person shall not be deemed to be in the business of mortgage home loans if he makes or negotiates not more than 4 mortgage loans in a calendar year.

Amend RSA 398-A:3 as inserted by section 9 of the bill by striking out same and inserting in place thereof the following:

398-A:3 Effect of Failure to Specify Interest Rate. If any note secured by a mortgage and any such mortgage, in the case of loans other than open-end loans, does not, among its provisions, specify as separate items the principal sums, the rate of interest, the period of the loan and the periodic due dates, if any, of principal and interest or, in the case of open-end loans, if such mortgage does not, among its provisions, specify as separate items the maximum amount of credit available, the rate of interest, the selected payment, or its manner of determination, and the related period or periods of repayment and the monthly or periodic due dates, then the lender shall have no right to collect interest.

Amend the bill by striking out section 11 and inserting in place thereof the following:

11 License Application; Commissioner's Investigation. Amend RSA 398-A:1-a, IV as inserted by 1967, 258:3 by striking out said paragraph and inserting in place thereof the following:

IV. Upon the filing of such application and the payment of said fee, the commissioner shall investigate the facts, including, but not limited to, a comparison of the amount of interest, as that term is used in RSA 398-A:2, IV, to be imposed by the applicant with those generally charged by other lenders in the community in which the business of the applicant is to be conducted, and if he shall find (a) the financial responsibility, experience, character and general fitness of the applicant are such as to command the confidence of the public and to warrant the belief that the business will be operated lawfully, honestly and fairly within the purposes of this chapter; and that (b) the applicant has available for use in such business at the location specified in the application at least \$25,000, or has such amount available, or actually invested in loans made under this chapter, and that (c) allowing the applicant to engage in business will promote the convenience and advantage of the community in which the business of the applicant is to be conducted, he shall enter an order approving such application and deliver a license to the applicant for a period which shall expire the December 31 following the date of its issuance. Each license shall state the name and address of the licensee and shall be posted in the licensee's place of business. The license shall not be transferable or assignable. No licensee shall transact any business provided for by this chapter under any other trade name unless he shall have a separate license therefor. If the commissioner shall not so find, he shall enter an order denying such application and immediately notify the applicant of the denial, returning the license fee. Before the corporate or trade name under which the licensed business is conducted is changed, the licensee shall give notice to the commissioner who shall amend the license accordingly without cost.

12 Revocation. Amend RSA 398-A:1-b as inserted by 1967, 258:3 by striking out said section and inserting in place thereof the following:

398-A:1-b Revocation. The commissioner may, upon notice and hearing, revoke a license if satisfied that the licensee has violated any provisions of this chapter, or that the licensee does not meet the standards established in RSA 398-A:1-a, IV.

13 Exemptions. Amend RSA 398-A:10 as inserted by 1967, 258:7 by striking out said section and inserting in place thereof the following:

398-A:10 Exemptions.

I. Nothing contained in this chapter shall be deemed to have any effect whatever upon the existing powers of any banking institution, savings bank, federal savings and loan association, or insurance company or other financial institution which is subject to any other law of this state or of the United States regulating the power of such institution to engage in mortgage loan transactions, or upon the conditions and limitations imposed by any such law upon the exercise of such powers.

II. Nothing in this chapter shall be deemed to limit any type of mortgage or

repayment plan, except as they may conflict with the provisions of this chapter.

15 Effective Date. This act shall take effect 60 days after its passage.

Rep. Guay moved that the report of the Minority, Refer for Interim Study, be substituted for the report of the Majority, Ought to Pass with Amendment, and spoke to his motion.

Reps. Lindblade, Bonnie Packard and Quimby spoke against the motion and yielded to questions.

Reps. Martin and Beverly Gage spoke in favor of the motion.

Rep. Carragher moved the previous question. Sufficiently seconded. Adopted.

A roll call was requested. Sufficiently seconded.

SULLIVAN: Call, Dinsard, Lindblade, McKee, Mehegan, Rodeschin, Schotanus, Spaulding and Sara Townsend, and the motion lost.

Committee amendment adopted.

Ordered to third reading.

HB 674, relative to interest rates on overdue utility bills. Inexpedient to Legislate.

This bill seemed to be a special interest bill, as it only was to affect the water rates in one town. Vote 14-0. Rep. Edward J. Allgeyer for Commerce, Small Business and Consumer Affairs.

Resolution adopted.

HB 732, relative to insurance coverage for services of persons licensed under RSA 330-A. Majority: Ought to Pass. Minority: Refer for Interim Study.

MAJORITY: This bill provides for accident and health coverage provided by persons licensed as certified social workers. Persons enrolled in health plans will be provided an additional choice of health professionals. Vote 8-7. Rep. Toni Pappas for Commerce, Small Business and Consumer Affairs. MINORITY: This complex piece of legislation with substantial policy changes and significant implications with regard to consumer cost was heard on Wednesday, March 27 and executive session on Thursday, March 28 with barely 10 minutes of discussion. At the hearing, the bill's sponsor indicated that he was happy with the bill going to interim study to determine the bill's full impact on consumers and because of this statement, testimony was limited. Such a split vote should never be cause "for such a major policy change." (Rep. Vincent J. Palumbo for the Minority of Commerce, Small Business and Consumer Affairs.)

Ordered to third reading.

Rep. Kinhan abstained from voting under Rule 16.

HB 686, relative to information required on birth, marriage and death certificates. Majority: Ought to Pass with Amendment. Minority: Refer for Interim Study.

MAJORITY: The Committee feels the information provided in this bill will make available necessary information to the citizens of this state with reference to heritage, cultural and legal considerations. Vote 7-3. Rep. Frances L. Riley for Constitutional and Statutory Revision.

MINORITY: The issues presented by this bill are very complex. Resistance by the State Register of Vital Statistics and city and town clerks needs to be addressed. The fiscal impact on this bill is undeterminable and violated by the amendment. Accurate records must be kept. An efficient bill is needed to completely rectify the inconsistencies currently found. A full interim study is recommended. (Reps. George E. Gordon, Matthew J. Locke, Mary J. Shriver for the Minority of Constitutional and Statutory Revision.)

Amendment

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Supplemental Information. Amend RSA 126 by inserting after section 2 the following new section:

126:2-a Supplemental Information. If the registrar of vital statistics for the state has on file a record, statistic, or information relative to a birth, marriage, divorce, or death occurring prior to 1933, the registrar shall accept any supplemental information offered by any person relative to the person who is the subject of that particular birth, marriage, divorce, or death. The registrar shall maintain and preserve such supplemental information on a separate record which shall be attached to the original record. The person offering the supplemental information shall be identified on and shall sign the supplemental information record. This section shall not be construed to authorize the alteration of any original record maintained by the registrar.

3 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Referred to Appropriations.

HB 687, relative to campaign financing. Ought to Pass with Amendment.

This is the first bill of its kind in the nation that encourages volunteer campaign expenditures. It will make it possible to carry out the American tradition that anyone who is qualified can run for public office. Vote 10-0. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Declaration of Purpose. In amending the New Hampshire political expenditures and contributions law, RSA 664, the General Court finds:

I. Campaign expenditures for state executive and legislative offices have steadily increased with every election. As a result, a greater proportion of a candidate's campaign time is spent raising money; personal wealth becomes more important in running a competitive campaign; and mass media marketing and advertising techniques overshadow direct voter contact and the free exchange of ideas between voters and candidates.

II. This legislation is designed to protect the right of the citizens of New Hampshire to a fully representative, responsive form of self-government. The legislature finds that spiraling campaign expenditures prevent the free implementation of such a right by discouraging persons from seeking office, by discouraging individual interaction between candidates and voters, thus reducing individual participation in

the political process, and by making it harder for a candidate to run a competitive campaign.

III. The state has a compelling interest in encouraging potential candidates to run for office and in having those races be competitive to ensure greater and more effective representation of the people of the state of New Hampshire. Reasonable political campaign budgets allow a candidate to spend thousands of hours meeting with individuals rather than thousands of hours meeting the ever increasing demand for campaign funding. A candidate who meets with individuals learns the first-hand view of his or her community. The candidate must constantly test his or her views and ideas against differing points of view and new ideas. This interaction often leads the candidate to someone ready to challenge what may have been considered a well-reasoned position.

IV. Unimpeded access to the ballot is crucial to the realization of the constitutional guarantee of a representative form of government. The philosophical basis for democracy is the equal opportunity to participate. Greater participation increases effective representation, preserving the political power guaranteed to the people by the constitution. Expenditure limitations will allow greater ballot access, freer competition of ideas through individual speech and interaction, and more competitive campaigns. The general court finds that these objectives can be accomplished best by campaign expenditure limitations.

V. The seriousness of the peril to this crucial right affecting the underpinnings of state government and the failure of other less stringent means of reform compel the general court to conclude that only reasonable expenditure limitations can restore New Hampshire to the electoral process of self-government contemplated by the constitution.

2 Increasing Filing Fees. Amend RSA 655:19 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

655:19 Filing Fees. Unless he submits primary petitions as provided in RSA 655:20, at the time of filing declarations of candidacy, each candidate for the following offices shall pay to the official with whom the declarations are filed the following filing fees:

I. For the offices of governor, United States senator, and representative to Congress, \$5,000.

II. For the office of executive counselor, \$500.

III. For the office of state senator, \$10.

IV. For the county offices, \$10.

V. For the office of state representative, \$2.

3 Waiving Filing Fee. Amend RSA 655 by inserting after section 19 the following new section:

655:19-a Waiver of Filing Fee.

I. A candidate for any of the offices enumerated in RSA 655:19 who, pursuant to RSA 664:5-a, voluntarily accepts

the expenditure limitation set forth in RSA 664:5-b shall have the filing fee either waived or refunded, as provided in paragraph II.

II. If a candidate files the affidavit as specified in RSA 664:5-a at the time he filed the declaration of candidacy, the filing fee shall be waived. If such affidavit is filed within 10 days following the filing of the declaration of candidacy, the appropriate officer shall refund the filing fee paid by the candidate as soon as practicable.

4 Indigent Candidates. Amend RSA 655:20 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

655:20 Primary Petitions. Any person otherwise qualified to run for office who is unable to pay the filing fee as prescribed in RSA 665:19 by reason of indigency may have his name printed on the primary ballot of any party by filing with the appropriate official the requisite number of primary petitions made by members of the party, together with one written assent to candidacy.

5 Increasing Petitions Required. Amend RSA 655:22 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

655:22 Number of Petitions. The number of primary petitions to be filed for each office under RSA 655:20 shall be as follows: for governor and United State's senator, 1,000; for representative in congress, 500; for executive counselor, county officer, and state senator, 200; for state representative, 50. Candidates for delegate to the state convention shall not be required to submit any primary petitions.

6 Applicability. Amend RSA 664:1 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

664:1 Applicability of Chapter. The provisions of this chapter shall apply to all state primary, general, and special elections, but shall not apply to presidential preference primaries. The provisions relating to political advertising, RSA 664:14-17, shall additionally apply to city, town, school district and village district elections. The provisions relating to voluntary expenditure limitations, RSA 664:5-a and 664:5-b, and excess campaign contributions, RSA 664:4-c, shall additionally apply to elections for United States senator and representative to Congress.

7 Additional Definitions. Amend RSA 664:2 by inserting after paragraph X the following new paragraphs:

XI. "Immediate family" means a candidate's spouse and any child, parent, grandparent, brother, or sister of the candidate and the spouses of such persons.

XII. "Independent expenditures" means any expenditure made on behalf of a candidate by any person or entity except the candidate, his committee or committees, his political party, or his immediately family.

8 Prohibited Contributions. Amend RSA 664:4, V (supp) as inserted by 1979, 436:1 by striking out said paragraph and inserting in place thereof the following:

V. By any person if made:

(a) In excess of \$5,000 in value, except for contributions to a candidate which are limited by RSA 664:4-b.

(b) Anonymously or under a name not that of the donor;

(c) In the guise of a loan;

(d) In any other manner

concealed; or

(e) Without the knowledge and written consent of the candidate or his fiscal agent, a political committee or its treasurer, or not to any one of the same.

9 Political Contributions. Amend RSA 664 by inserting after section 4-a the following new sections:

664:4-b Limitations on Political Contributions.

I. No natural person shall make contributions to a candidate in an aggregate amount greater than \$1,000.

II. No entity other than a political party shall make contributions to a candidate in an aggregate amount greater than \$5,000.

III. A candidate shall be exempt from the above limitations in making contributions to his own campaign.

IV. A contribution by a dependent minor shall be reported in the name of the minor, but shall be counted as part of the aggregate contribution of the minor's parent or guardian.

V. Any candidate who receives in the aggregate more than \$1,000 from any natural person shall be required to return the excess over \$1,000 to such person. If the contributor cannot be found, the excess over the contribution limit shall be paid to the secretary of state who shall cause any such payments to be deposited in the general fund.

VI. Any candidate who receives in the aggregate more than \$5,000 from any entity other than a political party shall be required to return the excess over \$5,000 to such entity. If the contributor cannot be found, the excess over the contribution limit shall be paid to the secretary of state who shall cause any such payments to be deposited in the general fund.

664:4-c Excess Campaign Contributions.

I. Any candidate who, pursuant to RSA 664:5-a, voluntarily agreed to abide by expenditure limitations may receive and accept contributions in excess of the applicable limitations set forth in RSA 664:5-b, provided that such excess contributions shall be no greater than the following amounts:

(a) For the office of governor, United States senator, and representative to Congress, \$5,000;

(b) For the office of executive councilor, \$2,000; and

(c) For the office of state senator, county offices, and the office of state representative, \$500.

II. Any candidate as provided in paragraph I shall forthwith return to the contributor any contribution which would make that candidate's excess contributions greater than those amounts listed in paragraph I. No such candidate shall expend or otherwise use any excess contributions until after the general or special election.

III. Campaign contributions received in excess of the candidate's expenditure limit shall not be used for personal expenses or transferred to any other candidate.

IV. Such excess contributions may be used after a general or special election for fund raising activities and any other politically related activity sponsored by the candidate.

10 Voluntary Limit on Campaign Expenditures. Amend RSA 664 by inserting after section 5 the following new sections:

664:5-a Limitations on Political Expenditures.

I. Any candidate may voluntarily agree to limit his campaign expenditures and those of his committee or committees, his party, and his immediate family on his behalf by filing an affidavit with the secretary of state.

II. The affidavit shall state that the candidate knows the voluntary expenditure limitations as set out in RSA 664:5-b and that he is voluntarily agreeing to limit his expenditures and those made on his behalf by his committee or committees, his party, and his immediate family to the amount set by law. The affidavit shall further state that the candidate does not condone and will not solicit any independent expenditures made on behalf of his candidacy and that the candidate will return to the contributor any contribution which would make the candidate's receipts exceed the expenditure limitation by more than the following amounts:

(a) For the office of governor, United States senator, and representative to Congress, \$5,000;

(b) For the office of executive councilor, \$2,000; and

(c) For the office of state senator, county offices, and the office of state representative, \$500.

The affidavit shall be sworn and subscribed to by the candidate and notarized.

III. Affidavits in compliance with this section shall be filed within 10 days after the date on which a candidate files his declaration of candidacy or is declared a write-in winner of a primary election.

664:5-b Political Expenditure Limitation Amounts.

I. The total expenditures by a candidate who voluntarily limits his campaign expenditures, including expenditures made on his behalf by his committee or committees, his political party, and his immediate family, shall not exceed the amounts listed in paragraph II.

II. Total expenditures by a candidate who voluntarily agrees to limit campaign expenditures as provided in RSA 664:5-a shall be as follows:

(a) For governor and United States senator:

(1) \$200,000 in a state primary election.

(2) \$200,000 in a state general election.

(b) For representative to Congress:

(1) \$100,000 in a state primary election.

general election. (2) \$100,000 in a state
 (c) For executive council:
 primary election. (1) \$15,000 in a state
 (2) \$15,000 in a state
 general election. (d) For state senate:
 (1) \$5,000 in a state
 primary election. (2) \$5,000 in a state
 general election. (e) For representative to the
 general court and all county offices, based
 upon the latest figures filed with the
 secretary of state:
 (1) \$.20 per registered
 voter in the district or the county in a
 state primary election.
 (2) \$.20 per registered
 voter in the district or the county in a
 state general election.

11 New Penalty. Amend RSA 664:21
 (supp) as inserted by 1979, 436:1 by
 striking out said section and inserting in
 place thereof the following:

664:21 Penalty.

I. Subject to the provisions of
 paragraph II, any person who violates any
 provision of this chapter shall be guilty of
 a misdemeanor if a natural person or be
 guilty of a felony if any other person.

II. In addition to the penalties
 provided in paragraph I, any candidate who
 voluntarily agrees to limit campaign
 expenditures as provided in RSA 664:5-a, and
 who exceeds the total political expenditure
 limitation as provided in RSA 664:5-a and
 5-b in running for any office in either a
 state primary or state general election, or
 both, shall be guilty of a class A felony.

III. Nothing herein shall be
 construed to limit the power of the attorney
 general to issue a cease and desist order
 under RSA 664:18.

12 Effective Date. This act shall take
 effect January 1, 1986.

Amendment adopted.

Rep. Flanagan explained the Committee
 report.

Ordered to third reading.

HB 645, relative to discretionary
 easements under RSA 79-A. Majority:
 Inexpedient to Legislate. Minority: Ought
 to Pass.

MAJORITY: This bill reverses the 1979
 change in the Current Use Law. Land in
 discretionary easement will permit the
 owner to make any use he wishes without
 having to pay the use change penalty
 provided he waits at least 10 years.
 This is not in keeping with the long
 term intent of the Current Use Law.
 Vote 9-4. Rep. Elizabeth A. Greene for
 Environment and Agriculture.
 MINORITY: The minority of the Committee
 believes that by allowing the
 negotiating of discretionary easements
 for a minimum of 10 years on all land,
 that it will be possible to guarantee
 that land will remain in open space for
 the duration of the easement. This is

permissive legislation and can be
 negotiated on a local basis and will not
 cost the state a thing. (Reps. Elmer L.
 Johnson, Merle W. Schotanus, Frank
 Whittemore for the Minority of
 Environment and Agriculture.)

Rep. Elmer Johnson moved that the report
 of the Minority, Ought to Pass, be
 substituted for the report of the Majority,
 Inexpedient to Legislate, and spoke to his
 motion.

Reps. Howard Townsend and Marilyn
 Campbell spoke against the motion.

Rep. Elmer Johnson spoke a second time
 in favor of his motion.

Rep. Elizabeth Greene spoke against the
 motion.

Rep. Carragher moved the previous
 question. Sufficiently seconded. Adopted.
 On a voice vote the motion lost.
 Resolution adopted.

HB 756, relative to the hazardous waste
 cleanup fund. Ought to Pass with Amendment.
 The Committee feels this bill is an
 example of appropriate use of the
 hazardous waste fund. It is not
 referred to interim study with the other
 hazardous waste bills because it gives
 an opportunity to educate people to the
 importance of this part of the hazardous
 waste problem. Warrant articles offered
 in 1986 will emphasize this. Vote
 16-2. Rep. Elizabeth A. Greene for
 Environment and Agriculture.

Amendment

Amend RSA 147-B:6, I-a as inserted by
 section one of the bill by striking out same
 and inserting in place thereof the following:

I-a. The fund may be used for
 conducting office-approved household
 hazardous waste cleanup projects throughout
 the state. Expenditures from the fund for
 such projects shall be matched on a
 dollar-for-dollar basis by municipalities or
 by other local or regional entities in
 accordance with rules adopted by the office
 under RSA 147-B:7, III. It shall be a
 purpose of such assistance to enable local
 and regional entities to educate the public
 in the importance of the proper management
 of household wastes which have hazardous or
 toxic qualities. Programs which receive
 funding shall include in their proposal a
 significant public education component. To
 encourage such programs, the office shall
 prepare a suggested warrant article which
 local governmental entities may use to
 secure the local funding component.

Amend RSA 147-B:7, III(d) as inserted by
 section 3 of the bill by striking out same
 and inserting in place thereof the following:

(d) Criteria under which such
 projects shall be conducted, including, but
 not limited to, the financial, contractual,
 safety, and educational requirements for
 such projects.

Amend the bill by striking out section 4
 and inserting in place thereof the following:

4 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Rep. Elizabeth Greene explained the Committee report.

Ordered to third reading.

HB 802, requiring emissions control inspection of used motor vehicles in certain urban areas. Ought to Pass with Amendment. The Committee believes that this legislation is a necessary and positive measure to attain Environmental Protection Agency's ambient air quality standards in Nashua. Although a more expansive statewide emission control program was considered more effective, it was agreed that HB 802 is a responsible position and addresses the immediate problem of improving the air quality in Nashua, hence, avoiding future discretionary sanctions by the Environmental Protection Agency on 7 counties. Vote 14-1. Rep. Patricia J. Donovan for Environment and Agriculture.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Program. The commissioner of the department of safety in conjunction with the director of the air resources agency shall implement a program of motor vehicle emissions inspection in Hillsborough and Rockingham counties. The program shall apply only to vehicles upon transfer of ownership or first registration in New Hampshire.

Amend paragraph VIII of section 2 of the bill by striking out same and inserting in place thereof the following:

VIII. "Referee" means a person designated by the division to verify the accuracy of emissions inspections performed by emissions inspection stations and to grant emissions waivers.

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Emissions Inspection Required. The director shall by rule designate a date no later than September 30, 1987, after which, except as otherwise provided in section 4 of this act and in addition to any other requirements for the registration of motor vehicles, the division shall not issue a first certificate of registration or transfer the ownership of a private passenger vehicle which is to be registered to a person whose primary residence address is within Hillsborough county or Rockingham county unless the owner presents a valid emissions certificate or a valid emissions waiver with his application for registration or transfer.

Amend the bill by striking out section 10 and inserting in place thereof the following:

10 Sales of Nonconforming Vehicles; Revocation. Notwithstanding any contrary provisions of law, a motor vehicle contract of sale effected in Hillsborough county or Rockingham county for a motor vehicle required to have an emissions inspection under section 3 of this act may be voided by the buyer if the vehicle fails to pass, within 7 days from the date of such sale, the emissions inspection required by section 3, provided that the defects which are the reasons for failure to issue an emissions certificate were not caused by the abusive or negligent use of the vehicle or by damage resulting from an accident or collision occurring after the date of sale, and further provided that the cost of repairs necessary to permit the issuance of an emissions certificate exceeds 10 percent of the purchase price of the vehicle or \$300, whichever is less. In order to void a motor vehicle sale under this section the buyer shall, within 10 days from the date of sale, notify the seller of his intention to do so; shall deliver the motor vehicle to the seller in substantially the same condition as of the time of sale; shall provide the seller with a notarized statement signed by an emissions inspection station stating why the vehicle failed to pass the emissions inspection; and shall provide an estimate of the cost of necessary repairs. The buyer shall then be entitled to a refund of his purchase price unless the buyer and seller agree in writing that the seller may make the necessary repairs at his own cost and expense within a reasonable period of time thereafter, whereupon the sale is not voided, but is reinstated. This section shall apply only to motor vehicles purchased for the immediate personal or family use of the buyer.

Amend paragraph IV of section 11 of the bill by striking out same and inserting in place thereof the following:

IV. On or before the beginning of the regular session of the 1986 general court and on or before January 1 of each odd-numbered year, the commissioner of safety shall present to the governor and the legislature a request for an appropriation in the next state budget for the support of the program including revenue estimates based on the fees expected to be received from the authorization of emissions inspection stations, referees and the sale of emissions certificates. Upon the establishment of an appropriation in the state budget, or no later than September 30, 1987, whichever is sooner, the authority provided in paragraph II shall expire.

Amend the bill by striking out section 12 and inserting in place thereof the following:

12 Effective Date. This act shall take effect 60 days after its passage.

Amendment Adopted.

Rep. Donovan spoke in favor of the Committee report and yielded to questions.

A division was requested.

183 members having voted in the affirmative and 75 in the negative the report was adopted.

Ordered to third reading.

Reps. Ames and Welch notified the Clerk that they wished to be recorded against HB 802.

HB 694, relative to welfare changes. Ought to Pass with Amendment.

This bill is crucial for the continuation of day-to-day operations of the Department of Health and Human Services. This bill is needed so that its programs can continue to function. Vote 14-4. Rep. Scott E. Green for Health and Human Services.

Amendment

Amend the bill by striking out section 7 and inserting in place thereof the following:

7 Federal Changes Regarding Eligibility Incorporated. Amend RSA 167:6, V as inserted by 1969, 451:4 as amended by striking out said paragraph and inserting in place thereof the following:

V. For purposes hereof, a person shall be eligible for aid to families with dependent children who is a needy child 17 years of age or under or 18 years of age, a full-time student in a secondary school as defined by the director of the division of human services, and reasonably expected to complete the program before reaching 19 years of age; who has been deprived of parental support or care by reason of death, continued absence from the home, or physical or mental incapacity of a parent; and who is living with his father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, first cousin, nephew or niece, uncle, or aunt in a place of residence in the state maintained by one or more of such relatives as his or their home. For purposes of this section, a child who meets the above requirements shall be eligible, even if the child was removed from the home of a relative as a result of a judicial determination and was placed in a foster home and care, when the care and placement of the child are the responsibility of the division of welfare or another public agency which meets federal requirements and the state plan, and when the child received or would have been eligible to receive aid to families with dependent children within 6 months of the month in the month in which court proceedings were initiated except that such a child need not have lived with a specified relative. No person shall be eligible to receive such aid while receiving old age assistance, aid to the needy blind, or aid to the permanently and totally disabled.

Amendment adopted.

Referred to Appropriations.

HB 719-FN, relative to shelter assistance for recipients of aid to families with dependent children. Inexpedient to Legislate.

The Committee majority felt that the intent of supporting housing assistance for Aid to Families with Dependent Children was more appropriately addressed in previous legislation. Vote 15-4. Rep. Harold M. Worthen for Health and Human Services.

Resolution adopted.

HB 597, relative to the right of employees to freely decide whether to support labor organizations. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: The Majority felt that our democracy works because all of us abide by the will of the majority. The strength of our society is the result of living by majority rule. We cannot allow a discontented minority to disrupt peaceful management, labor relations in the state of New Hampshire and that HB 597, the so-called "Right-to-Work" bill be inexpedient to Legislate. On most counts the New Hampshire economy outperforms those of the 21 states that have passed Right-to-Work laws. Employment in New Hampshire grew 23.1% from 1980 to 1983 exceeding that of 16 of those states. Per capita income in New Hampshire was \$11,620 higher than 15 of those states. New Hampshire poverty is 4th lowest in the country. Only one Right-to-Work state does better than New Hampshire. In terms of wages it shows that Right-to-Work laws actually mean right-to-work for 14% less. Our state does not need a measure such as this to impede its economic growth and decent work environment. Jobs are plentiful, unemployment low, wages good, profits for management are equitable, labor management relations effective. Vote 9-5. Rep. Wilfred Burkush for the Majority of Labor, Industrial and Rehabilitative Services.

MINORITY: This bill is very simple. It reaffirms a worker's right to join a union and it adds a worker's right to refrain from joining a union; a right which never should have been denied. It reaffirms a worker's right to bargain collectively.

Under current New Hampshire law, no one can be forced not to join a union, but workers can be forced to join a union. This bill eliminates this existing inconsistency. Labor unions are private organizations. Unions are not governmental bodies. They should not have the same power to tax that government has. No other private organization in America is able to force unwilling members into supporting it.

Labor organizations have a service to sell. If the service is good, people will buy it. If the service is marginal or poor, labor organizations should not have the power to force people to buy it. Statistics from the twenty-one states with such laws show that a state's economy, unions, and workers are positively affected by such laws.

The law's application is prospective in nature; it would not affect existing contracts, but would apply to renewals or extensions of such contracts as well as new contracts entered into after the effective date.

The issue here is personal freedom - the right to join or not join a union. This country was built on such fundamental rights as free choice. (Reps. Irene J. Shepard, Avis B. Nichols, Stanley R. Vanderlosk, David A. Young, Roland O. Beaupre for the Minority of Labor, Industrial and Rehabilitative Services.)

Rep. Shepard moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, inexpedient to Legislate, and spoke to her motion.

Reps. Skinner, Chambers, Warburton and Daniell spoke against the motion.

Reps. John Burns, Young, Lionel Boucher and Dickinson spoke in favor of the motion.

Rep. Newcombe spoke against the motion and yielded to questions.

POINT OF ORDER

Rep. Russell Chase rose on a Point of Order.

Reps. Shriver, Russell Chase and Sytek spoke in favor of the motion.

Reps. Gilbreth, Scamman and Hawkins spoke against the motion.

Rep. James Chandler spoke against the motion and yielded to questions.

Rep. Carragher moved the previous question. Sufficiently seconded. Adopted.

A roll call was requested. Sufficiently seconded.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Additional Copies Distributed by Secretary of State. Amend RSA 20:5 as amended by striking out said section and inserting in place thereof the following:

20:5 Manual. The secretary of state, under the direction of the governor and council, shall prepare and cause to be printed a manual for each session of the legislature which follows the November general election, containing such matter as may be useful to the members thereof, and shall determine the style, form, and quantity of such manuals. Manuals shall be distributed without charge as follows: not more than 3 copies to each member of the general court; one copy to the clerk of each city and town; one copy to each member of the congressional delegation; one copy to each public library in the state; one copy to each public and private secondary school library in the state; 5 copies to the governor's office; one copy to each member of the governor's council; 15 copies to the office of legislative services; copies to each state department, agency, board, institution, and to the state library on request; and one copy to each member of the press corps regularly covering the proceedings of the general court. The secretary of state may distribute additional copies of the manual to the persons and bodies listed in this section under such conditions and terms as he deems to be necessary. Copies of the manual not distributed without charge pursuant to this section shall be offered for sale by the secretary of state at a price determined by the governor and council. Revenue derived from sale of manuals shall be deposited in the general fund.

Rep. Chandler explained the amendment.
Amendment adopted.
Ordered to third reading.

HB 707, relative to legislative review of state agencies and programs. Ought to Pass with Amendment.

This bill transforms the present Sunset staff into the office of Legislative Program Review; provides for an independent evaluation of the office in FY 1986; reschedules the Sunset process over an eight-year schedule as opposed to six-year cycle that ends in 1986; and proposes review of programs by entire agencies rather than by separate PAUs as at present. The worth of the Sunset process has been demonstrated by the fact that 176 reviews, 111 led to statutory change. By deletion of proposed sections RSA 17-F:9, II and III, the bill prohibits access to confidential records in any agency. Vote 9-4. Rep. James A. Chandler for Legislative Administration.

STRAFFORD: Bernard, Burton, Callahan, Diamont, Albert Dionne, Donnelly, Frew, Kincaid, Laurion, Meader, O'Brien, Bruce Packard and Francis Robinson.

SULLIVAN: Brodeur, D'Amante, Disnard, Lindblade, McKee, Normandin and Sara Townsend, and the motion was adopted.

Rep. Millard notified the Clerk that she inadvertently voted nay and meant to vote yea.

Ordered to third reading.

HB 670, relative to heart, lung, and cancer disease in firefighters. Inexpedient to Legislate.

HB 670 was felt by the majority of the Committee to be Inexpedient to Legislate as it would include cancer and would change the current *prima facie* presumption to that of conclusive presumption in the Workers' Compensation Law and would open up a "Pandora's Box" with a tremendous increase in workers compensation rates. Vote 8-7. Rep. Calvin Warburton for Labor, Industrial and Rehabilitative Services.

Resolution adopted.

HB 693, providing minimum occupational health and safety standard for the operation of video display terminals at places of employment. Inexpedient to Legislate.

The majority of the Committee felt that HB 693 should be Inexpedient to Legislate as there is no radiation hazard associated with video display terminals and there is no known biological hazard. Many studies based on extensive scientific data indicate there is no identifiable health or safety basis for legislation or regulations of standards needed at this time. Private industry and the public sector are very much aware of, and actively addressing, any problems that their employees might perceive on this subject. Vote 10-2. Rep. Avis B. Nichols for Labor, Industrial and Rehabilitative Services.

Resolution adopted.

HB 729, relative to the manual for the general court. Ought to Pass.

This bill permits distribution of additional copies of the Red Book to those persons and groups listed in the present law. At the direction of the Committee, a floor amendment including private and public school libraries in the list will be offered. Vote 14-0. Rep. James A. Chandler for Legislative Administration.

Rep. James Chandler offered an amendment.

Amendment

Amend RSA 17-F:9 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

17-F:9 Access to Records. Every agency, whether or not directly under review, shall cooperate with the office of legislative program review and with the designated standing committees in providing information needed to prepare the reports required by this chapter.

Amendment adopted.
Ordered to third reading.

HB 712, relative to the semi-annual payment of county taxes. Inexpedient to Legislate.

There was testimony on both sides, but arguments in opposition were much more persuasive. Opponents pointed out the bill would penalize those communities which have taken positive steps to manage their cash flow. Vote 16-1. Rep. Richard A. Grodin for Municipal and County Government.

Resolution adopted.

HB 720, relative to county government. Inexpedient to Legislate.

Even though the sponsor of this bill made some good points the Committee felt that it needed more work by the sponsor. Vote 11-6. Rep. Robert B. Goss for Municipal and County Government.

Resolution adopted.

HB 750-FN, relative to electing 5 commissioners in village districts. Inexpedient to Legislate.

Even though the sponsor of this bill made some good points, the Committee felt that interfering with the present system would serve no useful purpose. Vote 11-4. Rep. Kenneth T. Wheeler, Sr. for Municipal and County Government.

Resolution adopted.

HB 778-FN, authorizing cities and towns to borrow for certain planning costs. Ought to Pass.

This bill gives the cities an optional means of financing the planning for future waste to energy resource recovery plants which may eventually become privately owned. Vote 18-2. Rep. Kurt A. Normandin for Municipal and County Government.

Ordered to third reading.

HB 366, relative to the 1927 and 1983 New Hampshire coordinate systems.

Majority: Ought to Pass with Amendment.

Minority: Inexpedient to Legislate.

MAJORITY: The Committee determined, by a 6-2 vote, that it would be wise for New Hampshire to have a coordinate system that is common with the remainder of the country. Rep. Roger L. Easton for Science and Technology.

MINORITY: The existing coordinate system used in New Hampshire is based upon the coordinate system accepted by the federal government in 1927. New Hampshire has never formally accepted the 1927 federal system, but has successfully used it since. The so-called "new" 1983 nomenclature base is unnecessary, as is this bill. Only one state has accepted the 1983 system to date. (Reps. Robert L. Hyman, Richard A. Barberia for the Minority of Science and Technology.)

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Adopting System of Geographic Coordinates. Amend RSA by inserting after chapter one the following new chapter:

CHAPTER 1-A NEW HAMPSHIRE COORDINATE SYSTEM

1-A:1 Definitions. In this chapter:

I. "The New Hampshire coordinate system of 1927", as defined by the former United States Coast and Geodetic Survey, means a transverse mercator projection of the Clarke spheroid of 1866, having a standard meridian at 71°40' along which meridian the scale shall be one part in 30,000 too small. The origin of coordinates is at the intersection of the said meridian 71°40' west of Greenwich and the parallel 42°30' north latitude. This origin is given the coordinates: $x = 500,000$ feet and $y = 0$ feet.

II. "The New Hampshire coordinate system of 1983", as defined by the National Ocean Service/National Geodetic Survey, means a transverse mercator projection of the North American datum of 1983, having a standard meridian at 71°40' along which meridian the scale shall be one part in 30,000 too small. The origin of coordinates is at the intersection of the said meridian 71°40' west of Greenwich and the parallel 42°30' north latitude. This origin is given the coordinates: $x = 300,000$ meters and $y = 0$ meters.

1-A:2 Application of Coordinate Systems. The use of the term "New Hampshire coordinate system of 1927" or "New Hampshire coordinate system of 1983" on any map, report of survey, or other document shall be limited to coordinates based on the New Hampshire coordinate system as defined in RSA 1-A:1. The New Hampshire coordinate system of 1927 shall not be used after December 31, 1989. The New Hampshire coordinate system of 1983 shall be the sole coordinate system used on or after January 1, 1990.

1-A:3 Systems of Plane Coordinates. The systems of plane coordinates which have been established by the National Ocean Service/National Geodetic Survey or its successors for defining and stating the geographic positions or locations of points on the surface of the earth within the state of New Hampshire are hereafter to be known

and designated as the New Hampshire coordinate system of 1927 and the New Hampshire coordinate system of 1983.

1-A:4 Plane Coordinate Values. The plane coordinate values for a point on the earth's surface, used to express the geographic position or location of such point in this system, shall consist of 2 distances expressed in United States survey feet and decimals of a foot when using the New Hampshire coordinate system of 1927 and expressed in meters and decimals of a meter and United States survey feet and decimals of a foot when using the New Hampshire coordinate system of 1983. One of these distances, to be known as the "x-coordinate," shall give the position in an east-and-west direction; the other, to be known as the "y-coordinate," shall give the position in a north-and-south direction. These coordinates shall be made to depend upon and conform to plane rectangular coordinate values for the monumented points of the North American Horizontal Geodetic Control Network as published by the National Ocean Service/National Geodetic Survey, or its successors, and whose plane coordinates have been computed on the systems defined in this chapter. Any such station may be used for establishing a survey connection to either New Hampshire coordinate system.

1-A:5 Recording Coordinates. No coordinates based on either the 1927 or 1983 New Hampshire coordinate system, purporting to define the position of a point on a land boundary, shall be presented to be recorded in any public land records or deed records unless the licensed land surveyor in charge attaches a certification regarding the beginning coordinate source, distance traversed to establish the final coordinates, and adheres to third-order geodetic surveying procedures or better, in effect at the time of the survey as outlined by the Federal Geodetic Control Committee or its successors.

Rep. Hyman moved that the report of the Minority, Inexpedient to Legislate, be substituted for the report of the Majority, Ought to Pass with Amendment, and spoke to his motion.

Rep. M. Arnold Wight spoke against the motion.

Motion lost.

Amendment adopted.

Ordered to third reading.

HB 791, relative to the small scale power facility tax exemption. Majority: Ought to Pass. Minority: Inexpedient to Legislate.

MAJORITY: This bill places all small scale power facilities on the same basis as small hydro-electric facilities. The Committee determined by a 6-1 vote (1 abstention) that this bill should pass. Rep. Kenneth A. Randall for Science and Technology.

MINORITY: The minority feels that tax breaks for cogeneration facilities are not needed for the following reasons; tax exemptions not needed as incentive, negative impact on local property tax, lack of understanding of working of

cogeneration facilities. The minority feels that tax exemptions are not needed as incentive for cogeneration since (a) plants in Hopkinton, Bethlehem and Concord are already successful; (b) great interest all over the state in new plants; (c) highly profitable. Therefore, the minority believes that it should not be subsidizing these high profit businesses at the expense of the property taxpayer. (Reps. Richard A. Barberia, Robert L. Hyman for the Minority of Science and Technology.)

Rep. James Chandler moved that the words, Refer for Interim Study, be substituted for the report of the Majority, Ought to Pass, and spoke to his motion.

Rep. Leonard Smith spoke against the motion and yielded to questions.

Reps. Krasker, Hager and Lewis spoke in favor of the motion.

Rep. Randall spoke against the motion. Motion adopted.

HB 791 was Referred for Interim Study.

HB 644, relative to child abuse reporting. Refer for Interim Study.

The Committee realizes that there is currently a serious communication problem relative to child abuse reporting. The Committee is writing the Attorney General's Office and the Division of Children and Youth Services and urging them to develop a protocol to deal with this problem. In the meantime, the Committee will study this bill. Vote 18-0. Rep. Elizabeth Hager for Children, Youth and Elderly Affairs.

Rep. Pantelakos moved that the words, Ought to Pass, be substituted for the report of the Committee, Refer for Interim Study, and spoke to her motion.

Reps. Wallner, Hager and Scamman spoke against the motion.

Reps. Lawrence Chase and Clay spoke in favor of the motion.

Rep. Carragher moved the previous question. Sufficiently seconded. Adopted.

A roll call was requested. Sufficiently seconded.

HB 553, limiting annual increases in public utility rates or charges for electric service to the rate of inflation in New Hampshire. Inexpedient to Legislate.

HB 553 as well as HB 550, HB 551 and HB 554 were all introduced to modify the rate determination process. The Committee concluded that the best course of action was to combine in some fashion these four House Bills and HB 554 was selected as the most generic one to amend. HB 554, relative to the fixing of rates by the public utilities commission. Ought to Pass with Amendment.

HB 554 as well as HB 550, HB 551 and HB 553 were all introduced to modify the rate determination process. The Committee concluded that this HB 554 was the optimum bill to amend in order to incorporate rate determination concepts of most concern to the public. The Public Utilities Commission will be authorized in the future to establish a schedule for the implementation of rate increases over a reasonable period of time when the Public Utilities Commission finds that the public interest is financially impacted. Vote 14-0. Rep. Frederic A. Foss for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Scheduled Implementation of Rate Increases. Amend RSA 378 by inserting after section 28 the following new section:

378:28-a Scheduled Implementation of Rate Increases. In fixing and determining permanent rates for a public utility following completion of construction of a major facility which is actually providing service to consumers, the commission may establish, after receipt and consideration of pertinent and material evidence, a schedule for the implementation of rate increases over a reasonable period of time when it finds that the public will be financially impacted by the rate increase.

HB 733, relative to election ballots. Ought to Pass.

The Committee feels strongly that this bill addresses the need for a uniform state-wide ballot that can be used both in voting machines and paper ballots. It is also a clearer and less confusing ballot, thereby, reducing the possibility of a counting error. Vote 10-0. Rep. Dennis H. Fields for Constitutional and Statutory Revision.

Rep. Flanagan offered an amendment.

Amendment

Amend the bill by striking out sections 1 and 2 and inserting in place thereof the following:

1 Form of Ballot. Amend RSA 656:5 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

656:5 Listing Candidates on Ballot.

I. The names of all candidates nominated in accordance with the election laws, shall, as far as possible, be placed in one vertical column. When more than 25 names are to be printed on the ballot, another column or columns may be added in which the names of the additional candidates shall be printed. When 2 or more columns are used, the same number of names, so far as possible, shall be printed in each column, except that the names of candidates for any one office shall not be split into more than one column regardless of number.

II. All candidates for the same office shall be placed on separate lines within a separate box. The names of the candidates shall be printed with the given name first, and the candidates shall be listed alphabetically according to their surnames; provided, however, that the candidates of the party which received the largest number of votes at the last preceding state general election shall be listed first for each office. The domicile and the party affiliation of each candidate, if any, shall be printed to the right of his name.

2 Designation of Offices on Ballot. Amend RSA 656:6 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

656:6 Designation of Office.

I. The office to which the candidates have been nominated shall be printed at the top and on the left side of each box in which are grouped the candidates for the same office, with each box preceded by the word "For", as in "For Governor". To the right of such designation for office shall be printed "Vote for not more than (here insert a number designating how many persons are to be voted for)."

II. In places which are electing representatives to the general court from more than one district, there shall also be printed in small but easily legible letters below the phrase "Vote for not more than (here insert a number designating how many persons are to be voted for)." the county and the number of the representative district for which the person is a candidate, subject to the numerical order required in RSA 656:7-a.

Amend the bill by striking out sections 6, 7, 8, and 9 and inserting in place thereof the following:

6 Amending Form of Primary Ballot.

Amend RSA 656:23 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

656:23 General Form. The state primary election ballot shall be as nearly as practicable in the same form as the state general election ballot.

7 Amending Straight Party Ticket.

Amend RSA 659:18 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

659:18 Straight Ticket Voting in State General Elections.

I. The secretary of state shall provide on the general election ballot a space, on the top of the ballot above the party designations and above the column listing the candidates by office, which permits a voter in a state general election to vote a straight party ticket. There shall be printed in the space the following words printed in plain letters: "If you wish to vote a straight ticket for all candidates of any political party, make a cross (X) in the party circle of your choice". There shall be printed in the space provided, below the straight ticket voting instructions, in large, plain letters the names of the political parties which qualify under the provisions of RSA 652:11 by which the candidates were nominated. There shall also be printed in the space provided, below the names of the political parties, the party designations, and below the party designations there shall be printed a circle not less than 3/4 of an inch in diameter.

II. The voter may then vote a straight party ticket by making a cross (X) in the circle below the appropriate party designation. If he votes a straight ticket but desires to vote for one or more individual candidates of a different party, he may vote for the candidate of his choice by making a cross (X) in the square beside the name of such candidate or by writing in the name of the person for whom he desires to vote in the blank for write-in votes, as provided in RSA 656:12.

8 Amending Ballot to be Marked. Amend RSA 659:17 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

659:17 Marking the Ballot; Split Ticket.

I. The secretary of state shall provide on the top of the general election ballot, above the column listing the candidates by office and below the voting instructions for straight-ticket voting, space for the following voting instructions for split-ticket voting printed in plain letters: "Vote for the candidate of your choice for each office by making a cross (X) in the square at the right of the candidate's name, or by writing in the name of a person in the write-in blank in the space provided".

II. A voter may vote for a candidate in a state general election, or in a state or presidential primary election, by making a cross (X) in the square opposite the name of each candidate for whom he wishes to vote. If he desires to vote for a candidate whose name is not printed on the ballot, he shall write in the name of the person for whom he desires to vote in the space provided for that purpose.

9 Counting Straight Party Votes. Amend RSA 659:66 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

659:66 Counting Straight Party Vote.

If, in accordance with RSA 659:18, a ballot is marked to indicate a straight party vote, but a cross is in the square beside the name of a candidate of a different party, or the

name of a person is written in in the write-in blank in the space provided, then the vote shall be counted for the individual candidate and shall override the straight party vote.

Rep. Flanagan explained the amendment.
Amendment adopted.
Ordered to third reading.

HB 625, relative to pari-mutuel taxation. Ought to Pass with Amendment. The Committee felt that the relief as amended in this bill is necessary for the survival of dog racing. The added days of racing which are expected from this economic relief will offset the reduction in this tax credit. This is to be reevaluated by June 30, 1987. Vote 14-0. Rep. Dale E. Thompson for Regulated Revenues.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Amount of Tax; Credit. Amend RSA 284:23, V (supp) as inserted by 1977, 134:1 as amended by striking out said paragraph and inserting in place thereof the following:

V. Notwithstanding RSA 284:23 to the contrary, if the pari-mutuel pool is less than \$100,000 for any program at a dog race or dog race meet, the licensee shall be credited \$225 for each official completed race with that program, the credit to be applied to the tax due as computed under RSA 284:23, II-a; provided, however, that no licensee shall pay a tax less than \$300 for any program.

2 Repeal. RSA 284:23, V relative to the amount of tax credit is hereby repealed.

3 Effective Date.

I. Section 1 of this act shall take effect upon its passage.

II. Section 2 of this act shall take effect June 30, 1987.

Amendment adopted.

Rep. Kenneth MacDonald offered an amendment.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Amount of Tax; Credit. Amend RSA 284:23, V (supp) as inserted by 1977, 134:1 as amended by striking out said paragraph and inserting in place thereof the following:

V. Notwithstanding RSA 284:23 to the contrary, if the pari-mutuel pool is less than \$100,000 for any program at a dog race or dog race meet, the licensee shall be credited \$200 for each official completed race with that program, if the pari-mutuel pool is less than \$50,000 for any program at a dog race or dog race meet, the licensee shall be credited \$225 for each official completed race with that program, the credit

to be applied to the tax due as computed under RSA 284:23, II-a; provided, however, that no licensee shall pay a tax less than \$300 for any program.

2 Repeal. RSA 284:23, V relative to the amount of tax credit is hereby repealed.

3 Effective Date.

I. Section 1 of this act shall take effect upon its passage.

II. Section 2 of this act shall take effect June 30, 1987.

Rep. Kenneth MacDonald explained the amendment.

Amendment adopted.

Ordered to third reading.

HOUSE JOURNAL 17

Thursday, 4Apr85

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

Almighty Father, Maundy Thursday is a time of remembering. By Passover Meal and Lord's Supper many of us this day will give thanks for the freedoms we enjoy.

By remembering our history and what our parents have given us let us see as sacred trust our freedom of assembly and right to govern ourselves. May our actions today preserve what we so enjoy. Amen.

Rep. William Boucher led the Pledge of Allegiance.

HB 782 was removed at the request of Rep. Bruce Packard.

Adopted.

COMMITTEE REPORTS (Consent Calendar)

HB 357-FN, making an appropriation to the sweepstakes special fund. Inexpedient to Legislate.

Both the sponsor and the Committee agree this bill is not needed since this matter is well taken care of in HB 374-FN. Vote 20-0. Rep. Michael B. King for Appropriations.

HB 374-FN, making a supplemental appropriation to distribute sweepstakes funds received in excess of the original estimate. Ought to Pass with Amendment.

As amended, this bill will distribute all excess sweepstakes revenues received by the State in both FY 1984 and FY 1985 to local school districts on a per pupil basis. Vote 17-3. Rep. Michael B. King for Appropriations.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Statement of Purpose. The sums of money appropriated by this act represent the amounts of excess sweepstakes revenues received by the state in fiscal years 1984 and 1985, which were diverted to the general

fund and not appropriated by the legislature for distribution to the school districts, as confirmed by the New Hampshire supreme court in its March 27, 1985, decision on docket number "Merrimack No. 84-557." The sums appropriated by this act shall be paid out to the school districts on a per resident pupil basis similar to the traditional distribution formula of RSA 284:21-j.

2 Appropriation; Fiscal Year 1984 Difference.

1. The sum of \$957,567 is hereby appropriated, to be paid out to the school districts for educational purposes based on average daily membership in residence during the 1981-1982 school year. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

II. The state treasurer shall transfer to the general fund as unrestricted revenue the sum of \$530,368.83 from moneys deposited and interest received on such moneys in the sweepstakes fund in the department of education, PAU 06 03 03, educational financial aid to districts.

3 Appropriation; Fiscal Year 1985 Difference. There is hereby appropriated, for the fiscal year ending June 30, 1986, an amount equal to all moneys received by the state treasurer from the sweepstakes commission, and interest received on such moneys, during fiscal year 1985, less the expenses of the sweepstakes commission incident to the administration of RSA 284:21-a through 21-s and RSA 287-E, less any sweepstakes moneys already dedicated for fiscal year 1985 for the purposes of educational financial aid to districts. This sum shall be paid out to the school districts on September 15, 1985, for educational purposes based on average daily membership in residence during the 1982-1983 school year. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

4 Expenditure Authorized. A school district may, after public hearing, exceed its annual budget to the extent of funds which the district received or expects to receive from the state as a result of the passage of this act.

5 Effective Date. This act shall take effect upon its passage.

HB 426-FN, relative to pharmacy inspectors and making an appropriation therefor. Ought to Pass with Amendment.

The amendment provides for one instead of two additional pharmacy inspectors; the second additional inspector is already in HB 400. Vote 18-0. Rep. Margaret A. Ramsay for Appropriations.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Pharmacy Inspectors. For the general welfare of the people of the state, there shall be, subject to appropriation, and as the pharmacy board deems otherwise

necessary, no fewer than 3 permanent pharmacy inspector positions within the pharmacy board. In order to accomplish this objective, this act appropriates funds for the addition of one such permanent position.

2 Transfer from other Boards. Amend RSA 318 by inserting after section 9 the following new section:

318:9-a Payment for Inspectional Services. For the purpose of providing inspectional services under this chapter and RSA 318-B:25, the pharmacy board shall enter into separate agreements with the board of registration in medicine, the board of veterinary medicine, the board of podiatry and the board of dental examiners, providing for each such board to compensate the pharmacy board for such inspectional services. The agreements shall provide for payment based upon a per capita charge for each person registered with each such board as a percentage of the total number of persons subject to inspection under this chapter and RSA 318-B:25.

3 Appropriation. In addition to any other funds appropriated, there is hereby appropriated to the pharmacy board the following sums to carry out the purpose of this act:

	Fiscal Year 1986	Fiscal Year 1987
10 Personal Services		
Permanent	\$20,553	\$21,723
60 Benefits	3,906	4,236
70 In-State		
Travel	10,000	10,000
Total	\$34,459	\$35,959

The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

4 Effective Date. This act shall take effect July 1, 1985.

HB 460-FN, relative to the board of examiners of psychologists and making an appropriation therefor. Inexpedient to Legislate.

This bill is no longer needed. The additional appropriation required this year is already in HB 268, the supplemental budget. Future appropriations for the administration of examinations are provided for this and other boards and commissions on Page 69 of HB 400. Vote 18-0. Rep. Rowland H. Schmidtchen for Appropriations.

HB 618-FN, relative to distribution of the sweepstakes fund. Inexpedient to Legislate.

The Committee was in sympathy with the intent of the sponsor but felt the best interests of school districts were met by distributing sweeps money annually in September. The allocation is taken care of in Section 17 in HB 400. Vote 19-0. Rep. Andrea A. Scranton for Appropriations.

HB 751-FN, relative to sweepstakes commission budget requests. Inexpedient to Legislate.

The bill as written would give carte blanche to the Sweepstakes Commission to spend any funds in excess of budgeted amounts. The Committee felt it could not allow an amount as yet unknown to be spent at will. Vote 20-0. Rep. Andrea A. Scranton for Appropriations.

HB 792, relative to electing delegates to state party conventions. Ought to Pass with Amendment.

This bill will help alleviate a very big problem with the election of delegates to the State Convention. As it now stands, when there is not any candidate running for delegate many people are written in. Thus, there are many people receiving one vote. The one-vote candidates are then presented to the State party chairman for a decision, thereby circumventing the elective process. The amendment lowers the requirement to 5 votes and specifies write-in votes. Vote 10-0. Rep. Mary J. Shriver for Constitutional and Statutory Revision.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Delegates Elected to State Party Convention. Amend RSA 653:6 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

653:6 Delegates to State Party Conventions.

I. At every state primary election, the voters in each state representative district shall elect delegates to each state party convention in accordance with the districts laid out in RSA 662:6.

II. Notwithstanding any other provision of law to the contrary, no person shall be elected as a delegate to a state party convention unless he receives at least 5 votes from the voters of the district in which he is running.

HJR 5, relative to procedures for non-partisan primary elections of town officials. Ought to Pass with Amendment.

HJR 5 is part of the original resolution regarding the ratification of the town meeting of Winchester. Remainder of the bill will come in as a Senate amendment. Vote 8-1, 1 abstention. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

Amendment

Amend the title of the resolution by striking out same and inserting in place thereof the following:

A RESOLUTION

relative to procedures for non-partisan primary elections in the town of Winchester.

Amend the resolution by striking out all after the title and inserting in place thereof the following:

WHEREAS, the votes and proceedings, adopting the so-called Australian ballot system for the election of town officials, taken by the town of Winchester at its March 14, 1933, annual meeting, were ratified by 1933, 330:1, now therefore be it

RESOLVED, by the Senate and House of Representatives in General Court convened: that the ratification by the legislature in 1933 of Winchester's adoption of the so-called Australian ballot system for the election of town officials is hereby declared legalized, ratified and confirmed.

HB 640, merging Merrimack Valley college into the university system of New Hampshire. Ought to Pass with Amendment.

This bill deletes references to Merrimack Valley College as a separate component of the University System of New Hampshire and establishes a college at Manchester as one of the divisions of the University of New Hampshire. Vote 15-0. Rep. Jesse F. Davis for Education.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

merging Merrimack Valley college into the university of New Hampshire.

HB 643, adding representatives from postsecondary vocational-technical education to the postsecondary education commission. Ought to Pass.

This action adds two members from the leadership in the Postsecondary Vocational-Technical College and Institute System to the Postsecondary Education Commission. This extends representation on the Postsecondary Education Commission to all eligible educational units in the State. Vote 12-0. Rep. Ralph W. Pearson for Education.

HB 665-FN, relative to the definition of "legal custody" for educational purposes. Ought to Pass.

This bill clears up ambiguities in existing law concerning the "legal custody" definition. This has caused considerable expense and litigation to local school districts in making determinations. Public testimony was unanimously in support of this legislation. Vote 12-0. Rep. Monte D. Rehlander for Education.

HB 364, relative to privileged communications for certified psychologists, pastoral counselors, and social workers. Inexpedient to Legislate.

The subject matter of this bill is contained in HB 709 considered by the Committee on Judiciary. Vote 19-0. Rep. Kathleen W. Ward for Executive Departments and Administration.

HB 414, relative to the purchasing authority of the director, division of plant and property management. Ought to Pass with Amendment.

This bill authorizes the Director, Division of Plant and Property Management, Department of Administrative Services to permit a purchase using the integrated financial system for commodities and services, provided that the purchase does not exceed \$1,000. This bill also creates an exemption for the Sweepstakes Commission from the purchasing provisions of RSA 8. Vote 19-0. Rep. Kathleen W. Ward for Executive Departments and Administration.

Amendment

Amend RSA 8:25, VII as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

VII. The purchase of gaming tickets and their dispensing equipment by the sweepstakes commission. The commission shall make such purchases under the competitive bidding requirements, except when waived by the commission or its authorized agent with written justification.

HB 443-FN, establishing the division of fleet administration and making an appropriation therefor. Ought to Pass with Amendment.

This bill has merit and deserves extensive study by the committee established in the amendment. The Committee feels that it would be both expensive and undesirable to create a division of fleet administration and engage the services of a director until the oversight committee has made its report and findings known to the legislature. The amendment deletes references to a director and to the creation of such a division. It also eliminates an appropriation of \$100,000. Vote 18-0. Rep. Edward J. Bennett for Executive Departments and Administration.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT
establishing the central interagency motorpool study committee.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

I. Study Committee Established. There is hereby established a study committee to be known as the central interagency motorpool study committee. The members of the committee shall be:

I. 2 members of the house of representatives appointed by the speaker of the house.

II. 2 members of the senate appointed by the president of the senate.

III. 3 members appointed by the governor.

2 Terms. The legislative members shall serve for the balance of their elected terms and the members appointed by the governor shall serve for 2 years until December 1, 1986. The committee shall elect a chairperson, vice chairperson, and clerk from among its members.

3 Duties: Report. The committee shall:

I. Undertake a statewide survey to identify all vehicles owned, leased, or operated by the state for use by any employee of the state.

II. Report to the legislature on the feasibility and costs of establishing a fleet administration. The report shall be based on the committee's survey and shall include the proposals, if any, for appropriate legislation to implement a centralized interagency motorpool. The report shall be submitted no later than December 1, 1986 to the speaker of the house and the president of the senate.

4 Assistance. The central interagency motorpool study committee may require the assistance of any state department, commission, board, agency, or institution in its study and such departments, commissions, boards, agencies, and institutions shall assist the committee whenever it so requests.

5 Compensation. The members of the committee shall serve without compensation, except that the legislative members shall receive mileage at the legislative rate when attending to the duties of the committee.

6 Effective Date. This act shall take effect upon its passage.

HB 480-FN, relative to creditable service in the New Hampshire retirement system for currently active teachers who taught prior to but not during the 1950-51 school year. Ought to Pass with Amendment.

These teachers should receive the retirement credit that they would have received had they been in service on July 1, 1950. The amendment, as suggested by the sponsor, provides that the teachers shall pay for this credit what they would have paid in 1950 if they had then been in service. Vote 19-0. Rep. Richard H. Campbell for Executive Departments and Administration.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to creditable service in the New Hampshire retirement system for currently active teachers who taught prior to but not during the 1949-50 school year.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Section. Amend RSA 100-A by inserting after section 4 the following new section:

100-A:4-a Creditable Service for Active Teachers Employed on June 30, 1985.

I. Notwithstanding any provisions of RSA 100, RSA 100-A, or RSA 192 to the contrary, every currently active teacher teaching during the 1984-85 school year who was in service prior to July 1, 1950, but who was not in service on July 1, 1950, and who subsequently reentered service as a teacher after that date, shall be permitted to acquire full credit for all service rendered prior to July 1, 1950, as provided in paragraphs II and III. Such teachers shall be eligible for such benefits as are provided for group I members under this chapter including credit for such prior service as is allowable under paragraphs II and III, as if they had become members of the New Hampshire teacher's retirement system at its inception, and prior to its merger with the retirement system.

II. Every currently active teacher teaching during the 1984-85 school year as set forth in paragraph I whose prior service does not include credit for service as a teacher which he performed between July 1, 1945, and June 30, 1950, shall be permitted to acquire full credit for all service rendered between those dates by filing written notice with the board of trustees between July 1, 1985, and June 30, 1986, and paying the amount, not to exceed \$100 per year, which he would have paid to the former New Hampshire teachers' retirement system, RSA 192, to acquire such credit had he been a member of that predecessor system on July 1, 1950.

III. Every currently active teacher teaching during the 1984-1985 school year as set forth in paragraph I whose prior service does not include credit for service as a teacher which he performed before July 1, 1945, shall receive credit for all service rendered before July 1, 1945, without any payment by the teacher.

2 Appropriation. There is hereby appropriated for the purposes of section 1 of this act, in order to purchase prior service credit, the sum of \$20,000 from the general fund for the fiscal year ending June 30, 1986, and the sum of \$21,000 for the fiscal year ending June 30, 1987. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect June 30, 1985.

Referred to Appropriations.

HB 575, relative to administrative procedures and state and local government cooperation. Ought to Pass with Amendment.

This bill requires agencies to give notice to and consult with municipalities which may be affected by an agency decision or issuance of a permit before the agency takes such action. The Committee and sponsors feel that this will foster closer cooperation between the state and its municipalities. Vote 19-0. Rep. Nancy M. Ford for Executive Departments and Administration.

Amendment

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Notice to Municipalities. Amend RSA 541-A by inserting after section 21 the following new section:

541-A:22 Notice to Town or City Clerk. In addition to any other requirements imposed by this chapter, each agency shall give notice by first-class mail to the town or city clerk and shall consult with any municipality which may be affected by a proposed decision or the proposed issuance of any permit for any action within its boundaries prior to the mailing of the decision or the issuance of the permit by the agency.

HB 706-FN, relative to licensing motor vehicle insurance appraisers. Inexpedient to Legislate.

Insurance companies now take care of the issues as to qualifications of adjusters for different types of insurance. They would not get much business if they did not police their own companies. Vote 20-0. Rep. James R. Rosencrantz for Executive Departments and Administration.

HB 717-FN, relative to plumbers and plumbing. Inexpedient to Legislate.

The majority of the Committee feels this bill is putting too much control over small communities and causing hardships. It is moving control from a major agency to a licensing board. Vote 15-4. Rep. James R. Rosencrantz for Executive Departments and Administration.

HB 731-FN, creating a study committee to review the current regulatory functions of the board of psychologists and to recommend legislation for improvements in the board. Refer for Interim Study.

The Committee felt this should be considered carefully to make sure all information is brought forth. Vote 20-0. Rep. Patricia T. Russell for Executive Departments and Administration.

HB 752, establishing a department of regulated enterprises. Refer for Interim Study.

Part of this subject matter has been addressed in another bill and the Joint Committee on Executive Branch Reorganization will have to hear

additional testimony. Vote 17-0. Rep. Kathleen W. Ward for Executive Departments and Administration.

HB 754-FN, relative to prompt payments by the state. Inexpedient to Legislate. The Committee feels the matter of expediting timely payments by the state should be best left with the Department of Administrative Services and the Office of the Treasurer. The new unified accounting system should result in more timely payments. Allowing time for refinements to the procedure, the Committee does not feel that this legislation is necessary at this time. Vote 19-0. Rep. Jack H. Schofield for Executive Departments and Administration.

HB 454, relative to courtroom security. Ought to Pass with Amendment. This bill makes it a crime to knowingly carry a firearm or other deadly weapon in a courtroom or area used by a court. The amendment specifies that this provision does not apply to officers of the court or law enforcement and court security officers. It also grants arrest authority to court security personnel. Vote 17-0. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to courtroom security
and arrests.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Carrying of Firearms by Court Security Personnel. Amend RSA 159:5 by inserting in line 3 after the words "law enforcement officers" the following (, or bailiffs and court officers responsible for court security) so that said section as amended shall read as follows:

159:5 Exceptions. The provisions of RSA 159:3 and 4 shall not apply to marshals, sheriffs, policemen or other duly appointed peace and other law enforcement officers, or bailiffs and court officers responsible for court security; nor to the regular and ordinary transportation of pistols or revolvers as merchandise, nor to members of the armed services of the United States when on duty; nor to the national guard when on duty; nor to organizations by law authorized to purchase or receive such weapons; nor to duly authorized military or civil organizations when parading, or the members thereof when at, or going to or from, their customary places of assembly.

2 Courtroom Security. Amend RSA 159 by inserting after section 18 the following new section:

159:19 Courtroom Security.

I. With the exception of officers of the court and persons included under RSA 159:5, no person shall knowingly carry a loaded or unloaded pistol, revolver, or firearm or any other deadly weapon as defined in RSA 625:11, V, whether open or concealed or whether licensed or unlicensed, upon his person or within any of his possessions owned or within his control in a courtroom or area used by a court. Whoever violates the provisions of this paragraph shall be guilty of a class B felony.

II. It shall be an affirmative defense to any prosecution under paragraph I that there was no notice of the provisions of paragraph I posted in a conspicuous place at each public entrance to the court building.

3 Bailiffs and Court Officers; Powers of Arrest. Amend RSA 594 by inserting after section 1 the following new section:

594:1-a Bailiffs and Court Officers. Bailiffs and court officers responsible for court security shall have the powers of arrest provided in this chapter when performing their duties relating to court security.

4 Judge's Order to Arrest. Amend RSA 594:11 by striking out said section and inserting in place thereof the following:

594:11 Judge's Order to Arrest. Any justice of any court, upon view of a breach of the peace or other transgression of the law proper for his cognizance, or if necessary for the preservation of the peace, may command any officer or other person to arrest, bring before him, and detain the offender, until complaint can be made against him.

5 Effective Date. This act shall take effect January 1, 1986.

HB 490, relative to the pharmacy board and amending the controlled drug act. Ought to Pass with Amendment.

The purpose of HB 490 is to clarify the procedures for licensing of pharmacists, and the powers of responsibilities of the Pharmacy Board. Vote 17-0. Rep. Peter J. Zis for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Definitions. Amend RSA 318:1 as amended by striking out said section and inserting in place thereof the following:

318:1 Definitions. In this chapter:

I. "Administer" means an act whereby a single dose of a drug is instilled into the body of, applied to the body of, or otherwise given to a person or animal for immediate consumption or use.

II. "At retail" means the dispensing of drugs or medicines pursuant to the order of a physician, dentist or veterinarian, whether or not such drugs or medicines are dispensed for a valuable consideration.

VII. "Licensed pharmacist" or "pharmacist", when not otherwise limited, means a person holding a license under RSA 318:18 and who is, therefore, legally authorized to practice the profession of pharmacy in this state.

VIII. "Manufacturer" means a person who, by compounding, mixing, cultivating, growing or other process, produces or prepares legend drugs, but shall not mean a pharmacist who compounds legend drugs to be sold or dispensed on prescription.

IX. "Medicine", when not otherwise limited, means a drug or preparation of drugs in suitable form for use as a curative or remedial substance.

X. "Pharmacist-in-charge" means the pharmacist who registers a pharmacy and who shall be responsible for the practice of pharmacy in and by that pharmacy, including, but not limited to, compliance with all local, state, and federal pharmacy and drug laws, and who shall be responsible for the operation of the pharmacy in the best interests of the public.

XI. "Pharmacy", when not otherwise limited, means the place registered by the board where the profession of pharmacy is practiced and where drugs, chemicals, medicines, prescriptions, or poisons are compounded, dispensed, stored, or retailed.

XII. "Physician" means a practitioner of medicine duly licensed under the laws of this or some other state.

XIII. "Poisons", when not otherwise limited, means any drug, chemical medicine or preparation liable to be destructive to adult human life in quantities of 60 grains or less.

XIV. "Practice of pharmacy" means the professional acts performed by a pharmacist and shall include the interpretation and evaluation of prescription orders; the compounding, dispensing, labelling and distribution of drugs and devices; the participation in drug selection and drug utilization reviews; the proper and safe storage and distribution of drugs and devices, and the proper maintenance of proper records; the responsibility of advising, when necessary or when regulated, of therapeutic values, hazards, and use of drugs and devices; and the offering or performing of these acts, services, operations, or transactions necessary in the conduct, operation, management, and control of a pharmacy.

XV. "Practitioner" or "licensed practitioner" means any person who is lawfully entitled to prescribe, administer,

dispense or distribute legend drugs to patients.

XVI. "Prescription" means a verbal or written order for drugs, medicines and devices by a licensed practitioner, to be compounded and dispensed by licensed pharmacists in a duly registered pharmacy, and to be kept on file for a period of 4 years. Prescriptions may also apply to the finished products dispensed by the licensed pharmacist in the registered pharmacy, on order of a licensed practitioner as defined in this section.

XVII. "Prescription drug", "legend drug", or "potent drug" means a drug which under federal law is required, prior to being dispensed or delivered, to be labelled with either of the following statements:

(a) "caution federal law prohibits dispensing without prescription", or (b) "caution federal law restricts this drug to use by or on the order of the licensed veterinarian"; or a drug which is required by any applicable federal or state law or regulation to be dispensed on prescription only or is restricted to use by practitioners.

XVIII. "Proprietary medicines", when not otherwise limited, means completely compounded nonprescription packaged drugs, medicines and nonbulk chemicals which are sold, offered, promoted, or advertised by the manufacturer or primary distributor thereof under a trademark, trade name or other trade symbol, whether or not registered in the United States Patent Office and the labelling of which conforms to the requirements of the Federal Food, Drug, and Cosmetic Act; provided that this definition shall not include the following:

(a) Drugs which are only advertised and promoted professionally to licensed physicians, dentists or veterinarians.

(b) A narcotic or drug containing a narcotic.

(c) A drug, the label of which bears substantially either the statement "Caution - federal law prohibits dispensing without prescription" or "Warning - may be habit forming".

(d) A drug intended for injection.

XIX. "Supervision" means under the direct charge or direction and does not contemplate any absence of the person responsible for providing such supervision.

XX. "Veterinarian" means a practitioner of veterinary medicine duly registered under the laws of this or some other state.

XXI. "Wholesaler" means a person who supplies or distributes legend drugs that he himself has not produced or prepared to hospitals, practitioners, pharmacies, other wholesalers, manufacturers or federal, state or municipal agencies.

2 Board Members; Election. Amend RSA 318:5, 1 as inserted by 1979, 155:12 as amended by striking out said paragraph and inserting in place thereof the following:

1. The board shall have a president, vice-president, secretary, and a treasurer who shall be elected from among their number annually in the month of September.

3 Rulemaking Authority. Amend RSA 318:5-a by inserting after paragraph IV the following new paragraph:

IV-a. The standards for registering pharmacies and licensing pharmacists and the practice of pharmacy;

4 Enforcement. Amend RSA 318:8 as amended by inserting in line 8 after the word "chapter." the following (The members of the board, its inspectors and investigators shall have free access during business hours to all places where drugs, medicines, poisons or hypodermic devices are held, stored, or offered for sale and to all records of sale and disposition of drugs, medicines, hypodermic devices or poisons.) so that said section as amended shall read as follows:

318:8 Enforcement of Law. It shall be the duty of the board, through officials and employees appointed by it or under its supervision for that purpose, and of all peace officers within the state, and of all county attorneys, to enforce all the provisions of this chapter. When so requested, the division of public health services and its officials and employees shall cooperate with the board in collecting and analyzing samples of drugs and medicines sold, or suspected of being sold, in violation of this chapter. The members of the board, its inspectors and investigators shall have free access during business hours to all places where drugs, medicines, poisons or hypodermic devices are held, stored, or offered for sale and to all records of sale and disposition of drugs, medicines, hypodermic devices or poisons.

5 Pharmacists. Amend RSA 318:18 as amended by striking out in line 19 the word "pharmacist" and inserting in place thereof the following (pharmacist or a program which has been approved by the board of pharmacy) so that said section as amended shall read as follows:

318:18 Pharmacists. An applicant for examination and licensure as a pharmacist shall not be less than 18 years of age and of good professional character and temperate habits; shall have graduated with the basic, professional pharmacy baccalaureate degree or pharmacy doctor degree from a school of pharmacy, college of pharmacy, or pharmacy department of a university accredited by the American Council on Pharmaceutical Education and approved by the New Hampshire pharmacy board; shall file proof satisfactory to the board, substantiated by proper affidavits, of a minimum of one year internship activity in a community or institutional pharmacy in the United States; and shall pass an examination given by the pharmacy board to establish his or her fitness to practice the profession of pharmacy. The internship required in this section shall be service and experience in a community or institutional pharmacy under the supervision of a licensed pharmacist and shall be predominantly related to the selling of drugs and medical supplies; interpreting, compounding, preparing and dispensing of prescriptions; preparing of pharmaceutical products; keeping records and making reports required under federal and state statutes; and otherwise practicing pharmacy under the

immediate supervision and direction of a licensed pharmacist or a program which has been approved by the board of pharmacy. The board may deny licensure as a pharmacist for grounds which include, but which shall not be limited to, prior conviction of a felony; a misdemeanor resulting from a violation of a federal, state or local drug or pharmacy-related law, rule, or regulation; or an act involving moral turpitude or gross immorality.

6 Examinations. Amend RSA 318:19 as amended by striking out said section and inserting in place thereof the following:

318:19 Examinations. Applicants for licensure as pharmacists shall, to prove their respective requisite knowledge, be examined to a properly varying degree in pharmacy-related subject areas which may include chemistry, math, pharmacology, pharmacy theory, the practice of pharmacy and pharmacy law, and any other areas as the board may prescribe.

7 Applicants from Other States. Amend RSA 318:21 as amended by striking out in line 3 the word "higher" and inserting in place thereof the following (greater) and inserting in line 6 after the words "New Hampshire" the following (and federal) so that said section as amended shall read as follows:

318:21 Applicants from Other States. The board may license any applicant who is licensed in any other state, provided the other state's licensing requirements are substantially equivalent to or greater than those of this state, and further provided that the applicant successfully completes an examination, developed by the board, for the testing of his knowledge of New Hampshire and federal law relative to the practice of pharmacy.

8 Name Change. Amend RSA 318:26-a as inserted by 1979, 155:21 as amended by striking out in line 5 the amount and word "\$10 fee" and inserting in place thereof the following (reasonable fee as established by the board) so that said section as amended shall read as follows:

318:26-a Change in Name, Employment, or Residence. Any pharmacist who changes his name, place or status of employment, or residence shall notify the board in writing within 15 days. For failure to report such a change within 15 days, the board may suspend the pharmacist's license. Reinstatement shall be made only upon payment of a reasonable fee as established by the board.

9 Disciplinary Action. Amend RSA 318:29, II (g) as inserted by 1981, 484:12 by striking out in lines one and 2 the words "chapter; or" and inserting in place thereof the following (chapter, or any rule adopted pursuant to RSA 318:5-a; or) so that said subparagraph as amended shall read as follows:

(g) Willful or repeated violation of the provisions of this chapter, or any rule adopted pursuant to RSA 318:5-a; or

10 Disciplinary Hearing. Amend RSA 318:29, III as inserted by 1979, 155:22 as amended by striking out said paragraph and inserting in place thereof the following:

III. A pharmacist license or a pharmacy permit or manufacturer's license or wholesaler's license may be suspended by the board as provided in RSA 541-A:15, III, should any condition exist which, in the opinion of the board, poses an immediate threat to public health, safety or welfare.

11 Impaired Pharmacist Program. Amend RSA 318 by inserting after section 29 the following new section:

318:29-a Impaired Pharmacist Program.

I. Any pharmaceutical peer review committee may report relevant facts to the board relating to the acts of any pharmacist in this state if they have knowledge relating to the pharmacist which, in the opinion of the peer review committee, might provide grounds for disciplinary action as specified in RSA 318:29, II.

II. Any committee of a professional society comprised primarily of pharmacists, its staff, or any district or local intervenor participating in a program established to aid pharmacists impaired by substance abuse or mental or physical illness may report in writing to the board the name of the impaired pharmacist together with the pertinent information relating to his impairment. The board may report to any committee of such professional society or the society's designated staff information which it may receive with regard to any pharmacist who may be impaired by substance abuse or mental or physical illness.

III. Upon a determination by the board that a report submitted by a peer review committee or professional society committee is without merit, the report shall be expunged from the pharmacist's individual record in the board's office. A pharmacist or his authorized representative shall be entitled on request to examine the pharmacist's peer review or the pharmaceutical organization committee report submitted to the board and to place into the record a statement of reasonable length of the pharmacist's view with respect to any information existing in the report.

IV. Notwithstanding the provisions of RSA 91-A, the records and proceedings of the board, compiled in conjunction with an impaired pharmacist peer review committee, shall be confidential and are not to be considered open records unless the effected pharmacist so requests; provided, however, the board may disclose this confidential information only:

(a) In a disciplinary hearing before the board or in a subsequent trial or appeal of a board action or order;

(b) To the pharmacist licensing or disciplinary authorities of other jurisdictions; or

(c) Pursuant to an order of a court of competent jurisdiction.

V. (a) No employee or member of the board, peer review committee member, pharmaceutical organization committee member, pharmaceutical organization district or local intervenor furnishing in good faith information, data, reports, or records for the purpose of aiding the impaired pharmacist shall be liable for damages to such information be liable for damages to any person.

(b) No employee or member of the board or such committee, staff, or intervenor program shall be liable for damages to any person for any action taken or recommendations made by such board, committee, or staff unless he is found to have acted recklessly or wantonly.

12 Hearings. Amend RSA 318:30, I as inserted by 1981, 484:13 by striking out said paragraph and inserting in place thereof the following:

I. The board shall take no disciplinary action, except as provided in RSA 318:29, III without a hearing. Parties to a disciplinary proceeding shall be served, either personally or by certified mail, with a written copy of the complaint filed and notice of the time and place for hearing.

13 Prescription Labels. Amend RSA 318:47-a as inserted by 1979, 155:30 by inserting in line 4 after the word "name" the following (or initials) so that said section as amended shall read as follows:

318:47-a Prescription Labels. Whenever a pharmacist dispenses a non-controlled drug pursuant to a prescription he shall affix to the container in which such drug is dispensed a label showing at least the name and address of the pharmacy and the name or initials of the dispensing pharmacist or pharmacist-in-charge; the prescription identification number assigned by the pharmacy; the date dispensed; any directions as may be stated on the prescription; and name of the prescribing practitioner; the name of the patient; all pertinent auxiliary labels; and, unless otherwise indicated by the prescribing physician, the name, strength, and quantity of the drug dispensed. No person shall alter, deface, or remove any label so affixed.

14 Prescriptions. Amend RSA 318:47-c as inserted by 1979, 155:30 by striking out in line 13 the number "2" and inserting in place thereof the following (4) so that said section as amended shall read as follows:

318:47-c Prescriptions. A prescription may be written or oral. All oral prescriptions shall be immediately reduced to writing by the pharmacist receiving the oral prescription and shall indicate at least the name of the patient; the name, strength, and quantity of the drug prescribed; any directions specified by the prescriber; the name of the practitioner prescribing the medication; the date the prescription was ordered; a statement that the prescription was presented orally; and the name of the pharmacist who took the verbal order. The pharmacist who dispensed an original prescription shall indicate on the face of the prescription at least the assigned prescription identification number; the date of dispensing; the quantity actually dispensed; and his name or initials. The prescription shall be filed numerically by the assigned identification number for a period not less than 4 years. Such prescription files shall be open to inspection by the pharmacy board and its agents.

15 Licenses. Amend RSA 318 by inserting after section 51 the following new section:

318:51-a Licensing of Manufacturers and Wholesalers Required.

I. No person shall manufacture legend drugs or controlled drugs as that term is defined in RSA 318-B:1, VI; no person as a wholesaler or distributor shall supply the same; and no professional association or corporation engaged in the practice of medicine or pharmacy or both shall possess or dispense legend drugs or controlled drugs without first having obtained a license to do so from the board. Such license shall expire annually on December 31. An application together with a reasonable fee as established by the board shall be filed annually on or before January 1.

II. No license shall be issued under this section unless the applicant has furnished proof satisfactory to the board of pharmacy:

(a) That the applicant is of good moral character or, if that applicant is an association or corporation, that the managing officers are of good moral character.

(b) That the applicant has sufficient land, buildings, and such security equipment so as to properly carry on the business described in his application.

III. No license shall be granted to any person who has within 5 years been convicted of a violation of any law of the United States, or of any state, relating to drugs, as defined in this chapter or RSA 318-B, or to any person who is a drug-dependent person.

IV. Any person licensed pursuant to this section is subject to the provisions of RSA 318:29.

16 Recording Prescriptions. Amend RSA 318:52-d as inserted by 1971, 135:1 by striking out said section and inserting in place thereof the following:

318:52-d Recording and Filing of Prescription. Every person who disposes of, sells, furnishes, or gives away a hypodermic syringe or hypodermic needle or an instrument adapted for the administration of controlled drugs by injection, upon the written prescription of a duly licensed practitioner, shall record over his signature the date of sale or furnishing of the instrument and the number of instruments sold. This prescription shall be retained on file for a period of 4 years and shall be open to inspection by any public officer or employee engaged in the enforcement of RSA 318-B. A prescription filled in accordance with this section shall be sufficient authority, without the necessity of a renewal or reissuance, to permit subsequent sales or the furnishing of hypodermic syringes or hypodermic needles or instruments adapted for the administration of controlled drugs by injection to the person to whom the prescription was issued for a period of 6 months from the date of its original issuance.

17 Definition of "Dispense" Changed. Amend RSA 318-B:1, VIII as inserted by 1969, 421:1 by striking out said paragraph and inserting in place thereof the following:

VIII. "Dispense" means to distribute, leave with, give away, dispose of, deliver, or sell one or more doses of

and shall include the transfer of more than a single dose of a medication from one container to another and the labelling or otherwise identifying a container holding more than a single dose of a drug.

18 Definition of "Wholesaler" Changed. Amend RSA 318-B:1, XXXIII as inserted by 1969, 421:1 by striking out said section and inserting in place thereof the following:

XXXIII. "Wholesaler" means a person who supplies or distributes controlled drugs that he himself has not produced or prepared to hospitals, practitioners, pharmacies, other wholesalers, manufacturers or federal, state and municipal agencies.

19 Licensing. Amend RSA 318-B:3 as inserted by 1969, 421:1 as amended by striking out said section and inserting in place thereof the following:

318-B:3 Licensing of Manufacturers and Wholesalers Required. No person shall manufacture controlled drugs, no person as a wholesaler shall supply the same, and no professional association or corporation engaged in the practice of medicine or pharmacy or both shall possess or dispense controlled drugs without first having obtained a license to do so as provided in RSA 318:51-a.

20 Administration by Paramedics. Amend RSA 318-B:10, V as inserted by 1977, 106:2 as amended by striking out in line 5 the word "dispense" and inserting in place thereof the following (administer) so that said paragraph as amended shall read as follows:

V. A paramedic who has been approved and certified by the board of registration in medicine as an emergency medical technician-paramedic may possess, for emergency use only, such prescription drugs as are agreed upon jointly by the state board of registration in medicine and the pharmacy board. The paramedic may administer such prescription drugs upon receipt directly or by telephone or by radio or by other communication medium of directions to do so from the supervising physician.

21 Inspection by Law Enforcement Officers. Amend RSA 318-B:12, II as inserted by 1983, 292:10 by inserting in line 3 after the word "municipal" the following (law enforcement) so that said paragraph as amended shall read as follows:

II. Prescription orders and records required by this chapter and stocks of controlled drugs shall be open for inspection only to federal, state, county and municipal law enforcement officers; all officers, agents, inspectors, and representatives of the board of pharmacy who are charged with the responsibility to enforce this chapter; all peace officers within the state; the attorney general; and all county attorneys whose duty it is to enforce the laws of this state or of the United States relating to controlled drugs. No officer having knowledge by virtue of his office of any such prescription, order, or record shall divulge such knowledge, except in connection with a prosecution or proceeding in court or before a licensing or registration board or officer, to which

prosecution or proceeding the person to whom such prescriptions, orders or records relate is a party.

22 Label to Show Quantity of Drug. Amend RSA 318-B:13, II as inserted by 1969, 421:1 as amended by striking out said section and inserting in place thereof the following:

II. Whenever a pharmacist dispenses any controlled drug on prescription issued by a practitioner, he shall affix to the container in which such drug is dispensed a label showing the name, address, and registry number of the pharmacy and name or the initials of the pharmacist; the name of the prescribing practitioner; the prescription identification number; the name of the patient; the date dispensed; any directions as may be stated on the prescription; and the name and strength and quantity of the drug dispensed. No person shall alter, deface, or remove any label so affixed.

23 Board of Pharmacy Added. Amend RSA 318-B:24 as inserted by 1969, 421:1 as amended by striking out said section and inserting in place thereof the following:

318-B:24 Rulemaking. Authority is hereby granted to the division of public health services in conjunction with the pharmacy board to adopt rules under RSA 541-A for the efficient enforcement of this chapter, and the division of public health services and the pharmacy board are hereby required to adopt rules under RSA 541-A to conform with regulations promulgated by the Secretary of the Treasury of the United States, his delegate, the Secretary of Health and Human Services of the United States or the United States Attorney General under the Comprehensive Drug Abuse Prevention and Control Act of 1970 and the federal food and drug laws.

24 Inspection by Law Enforcement Officers. Amend RSA 318-B:25 as inserted by 1969, 421:1 as amended by striking out said section and inserting in place thereof the following:

318-B:25 Authority for Inspection. All officers, agents, inspectors and representatives of the division of public health services who are charged with the responsibility to enforce this chapter: all officers, agents, inspectors, and representatives of the pharmacy board who are charged with the responsibility to enforce this chapter; all peace officers within the state; the attorney general and all county attorneys; and federal, state, county and municipal law enforcement officers are authorized to enter during normal business hours upon the premises used by a practitioner for the purpose of his practice and to inspect such original records or prescriptions of both for controlled drugs as defined herein. Every practitioner, his clerk, agent, or servant shall exhibit to such person on demand every such original record or prescription or both so kept on file.

25 Repeal. RSA 318-B:4, relative to licenses, is hereby repealed.

26 Effective Date. This act shall take effect January 1, 1986.

HB 500, relative to municipal courts. Inexpedient to Legislate.

The Committee feels that this matter has been addressed in other legislation. Vote 15-0. Rep. Frank J. Sylvia for Judiciary.

HB 508, authorizing police officers to order removal of motor vehicle fatalities. Ought to Pass with Amendment.

This bill gives police officers the authority to order removal of motor vehicle fatalities whenever a medical examiner is unavailable. It further requires the police officers to fill out the appropriate forms and to take photographs or video recordings. Vote 17-0. Rep. Maureen E. Raiche for Judiciary.

Amendment

Amend RSA 611:7, III as inserted by section one of the bill by striking out same and inserting in place thereof the following:

III. A police officer acting under paragraph II shall make the report required under RSA 611:8. The report shall be included as part of the uniform police investigation report of accident required by RSA 264:26. Photographs or videotape recordings shall be taken at the accident scene prior to removal of the body.

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Effective Date. This act shall take effect upon its passage.

HB 517, relative to forfeiture of items used in connection with drug offenses. Ought to Pass with Amendment.

This bill provides all proceeds used in felonious violation of the controlled drug act as well as all moneys found in proximity to controlled substances shall be subject to forfeiture. Forfeiture is not enforceable if the owner acquires the items by legitimate means. The court may grant a continuance in forfeiture proceedings until the final resolution of any criminal proceedings. A special drug forfeiture fund will be set up and administered by the Attorney General to be used to pay overtime and extraordinary expenses of local, county and state investigations. In addition money in the fund can be used for drug enforcement programs of law enforcement agencies and those programs administered by the Office of Alcohol and Drug Abuse Prevention. Effective date, July 1, 1985. Vote 16-2. Rep. C. William Johnson for Judiciary.

Amendment

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Forfeiture of Items Used in Connection With Drug Offenses. Amend RSA 318-B:17-b, IV as inserted by 1981,

166:2 as amended by striking out said paragraph and inserting in place thereof the following:

IV. The attorney general may petition the superior court in the name of the state in the nature of a proceeding in rem to order forfeiture of items or property interests subject to forfeiture under the provisions of this section. Such petition shall be filed in the court having jurisdiction over any related criminal proceedings which could be brought under this chapter. Such proceedings shall be deemed a civil suit in equity in which the state shall have the burden of proving all material facts by a preponderance of the evidence and in which the owners or other persons claiming an exception pursuant to paragraph III shall have the burden of proving such exception. The court shall issue orders of notice to all persons who may have an equitable interest in said items or property interests seized under this chapter and shall schedule a hearing on the petition to be held within 30 days of the return date on said petition. At the request of any party to the forfeiture proceeding, the court may grant a continuance until the final resolution of any criminal proceedings which were brought against a party under this chapter and which arose from the transaction which gave rise to the forfeiture proceeding. At the hearing the court shall hear evidence and make findings of fact and conclusions of law and shall, thereupon, make a final order, from which all parties shall have a right of appeal. Such final orders shall provide for disposition of the items or property interests by the state in any manner not prohibited by law, including retention for official use by law enforcement or other public agencies or sale at public auction. The proceeds of any such sale shall be used to pay the reasonable expenses of the forfeiture proceeding, seizure, storage, maintenance of custody, advertising, court costs and notice of sale. All outstanding recorded liens on said items or property interest shall be paid in full upon conclusion of the court proceedings. Any balance remaining after the sale of the seized items or property interest shall be deposited in a drug forfeiture fund, administered by the office of the attorney general pursuant to RSA 318-B:17-c, and is hereby continually appropriated to the drug forfeiture fund.

Amend the bill by striking out section 5 and inserting in place thereof the following:

5 Drug Forfeiture Fund. Amend RSA 318-B by inserting after section 17-b the following new section:

318-B:17-c Drug Forfeiture Fund.

I. There is hereby established within the office of the state treasurer a special fund to be designated as the drug forfeiture fund. This non-lapsing fund shall be administered by the attorney general and may be used to pay in the following order of priority the costs of:

(a) local drug-related investigations;

(b) county drug-related investigations;
(c) state drug-related investigations;

(d) drug control law enforcement programs within New Hampshire, including those programs administered by the office of alcohol and drug abuse prevention.

11. Law enforcement agencies may apply to the office of the attorney general for grants from the drug forfeiture fund. Any application seeking reimbursement for personnel expenses shall be limited to overtime expenditures and other extraordinary expenses.

III. The attorney general shall adopt rules, pursuant to RSA 541-A, relative to:

(a) the administration of the drug forfeiture fund.

(b) The grant application procedures and forms to be used by law enforcement agencies.

6 Drug Forfeiture Fund. Amend RSA 6:12, I by inserting after subparagraph (t) the following new subparagraph:

(u) Money received under RSA 318-B:17-b, IV, which shall be credited to the drug forfeiture fund.

7 Effective Date. This act shall take effect July 1, 1985.

Referred to Appropriations.

HB 522, making sexual contact with a person under 13 years of age a class B felony. Inexpedient to Legislate.

The problems that House Bill 522 was intended to deal with are better addressed in House Bill 594 which appears on the Consent Calendar with the recommendation of Ought to Pass with Amendment. Vote 13-0. Rep. Shawn N. Jasper for Judiciary.

HB 531, relative to limitation of actions arising from construction. Inexpedient to Legislate.

The Committee will be taking up the subject of the statutes of limitation for personal actions in another bill. Vote 16-0. Rep. Maureen E. Raiche for Judiciary.

HB 549, creating a compensation program for victims of violent crimes. Refer for Interim Study.

The Judiciary Committee, though very much in favor of this legislation, felt that the change in the funding which required an appropriation could not pass this, as the time has passed for money bills. It also felt a need to change a few small details, which Interim Study will allow. Vote 16-0. Rep. Beverly A. Hollingworth for Judiciary.

HB 559, reducing the penalty for first offense possession of one ounce or less of marijuana to a violation. Ought to Pass. This legislation provides a needed definition and its correlation is now placed within the scope of this problem and has it in a proper position to

enhance a much better control by the law enforcement community. Vote 18-0. Rep. Frank J. Sylvia for Judiciary.

HB 568, relative to alcohol education programs. Inexpedient to Legislate. This bill's intent would be more properly achieved by administrative order. Vote 15-0. Rep. Francis E. Robinson for Judiciary.

HB 583, relative to alimony. Ought to Pass.

This bill amends the alimony sections by making it gender neutral; eliminating the three-year rule in alimony orders; and expanding the factors which ought to be considered in determining the amount of alimony. Vote 16-0. Rep. Alf E. Jacobson for Judiciary.

HB 594, relative to sexual assault. Ought to Pass with Amendment.

This bill upgrades penalties for sexual assault on victims under 13. The Committee felt these sex-related crimes ought to be felonies. The amendment is technical in nature. Vote 10-3. Rep. Thomas U. Gage for Judiciary.

Amendment

Amend RSA 632-A:2, I(j) as inserted by section one of the bill by striking out same and inserting in place thereof the following:

(j) When, except as between legally married spouses, the victim is 13 years of age or older and under 16 years of age, and the actor is a member of the same household as the victim; or when the actor is related by blood or affinity to the victim, or is in a position of authority over the victim, and the actor uses this authority to coerce the victim to submit.

Amend RSA 632-A:2, II as inserted by section one of the bill by striking out same and inserting in place thereof the following:

II. A person is guilty of a class A felony if he subjects a victim to sexual contact not involving penetration but causing serious bodily injury to the victim under any of the circumstances named in paragraph I or without the consent of the victim.

Amend RSA 632-A:4 as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

632-A:4 Sexual Assault; Misdemeanor. A person is guilty of a misdemeanor if he subjects another person of 13 years of age or older to sexual contact which does not involve penetration or result in serious bodily injury to the victim under any of the circumstances named in RSA 632-A:2, I.

HB 599, relative to computer-related offenses. Ought to Pass.

This bill provides criminal penalties for the perpetrators of computer-related crimes. The Committee believes this is

a state of the art solution to high tech crime. Vote 15-0. Rep. Marc Chretien for Judiciary.

HB 677, amending the nonprofit corporation act, the business corporation act, the professional corporation act, and the trade name act. Ought to Pass with Amendment.

This bill streamlines the current business corporation statute providing several necessary improvements. Vote 17-0. Rep. David E. Cote for Judiciary.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Decennial Renewal. Amend RSA 292:25 as inserted by 1975, 95:1 by striking out said section and inserting in place thereof the following:

292:25 Renewal Required. Every corporation organized under this chapter or by act of the legislature shall, on or before January 1, 1976, and every 10 years thereafter, make a return in writing to the secretary of state upon blanks to be furnished by him upon request and shall pay a fee of \$10. The return shall be signed under oath by the president and secretary of said corporation or officers corresponding to such offices. The return shall state the corporation's principal address and the names and addresses of all the officers and directors of the governing board of the corporation. Any corporation which does not renew its charter as provided in this subdivision shall have its charter repealed, revoked and annulled; shall lose any right or title to the name under which it was incorporated; and shall be so advised in writing by the secretary of state. The secretary of state shall notify by mail all active corporations which have a current principal address on file in his office of the requirements of this subdivision at least 60 days prior to the January 1 return date.

Amend the bill by striking out section 17 and inserting in place thereof the following:

17 Repeal. The following are hereby repealed:

I. RSA 292:11, relative to records of nonprofit corporations.

II. RSA 292:27, relative to a publication notice.

III. RSA 292:28, relative to reinstatement following publication.

IV. RSA 294-A:28, II, relative to financial information in annual reports.

Amend the bill by striking out section 18 and inserting in place thereof the following:

18 Record; Fees. Amend RSA 349:7 as amended by inserting in line 9 after the word "discontinuance" the following (, addition,) so that said section as amended shall read as follows:

349:7 Record; Fees. There shall be paid to the secretary of state for filing of registration and issuance of certificate of registration a fee of \$40. Upon payment of said fee, the secretary of state shall deliver to the person filing and registering such trade name a certificate of registration under his signature and state seal showing the name and address of the person or persons claiming ownership of the trade name, the nature of the business thereby reserved and described and a receipt for the payment of said fee. The fee for renewal of any registration shall be \$40. The fee for notice of discontinuance, addition, or withdrawal shall be \$2. The secretary shall keep a suitable file or record of all such certificates. He shall prepare blanks for such certificates, and shall, upon request, furnish such blanks to persons, partnerships, or associations.

19 Effective Date. This act shall take effect upon its passage.

Amend the bill by striking out sections one and 16 and renumbering sections 2-15 and sections 17-19 to read as 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, and 17, respectively.

HB 685, creating a single state district court and abolishing all remaining municipal courts. Refer for Interim Study.

This bill sets up a single state court system with full-time judges. The Committee felt that this innovative view merits further study. Vote 14-2. Rep. Alf E. Jacobson for Judiciary.

HB 697, relative to courts and court procedure. Ought to Pass with Amendment. This bill is a potpourri of changes in current court procedures which will improve the administration of justice and reduce expenditures. The Committee believes the bill will promote truth, justice, and the American way. Vote 15-2. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Delinquent Children; Appeals to Supreme Court. Amend RSA 169-B:29 (supp) as inserted by 1979, 361:2 by striking out said section and inserting in place thereof the following:

169-B:29 Appeals. An appeal under this chapter may be taken to the supreme court by the minor within 30 days of the final dispositional order, but an appeal shall not suspend the order or decision of the court unless the court so orders.

2 Abandoned and Abused Children; Appeals. Amend RSA 169-C:28 (supp) as inserted by 1979, 361:2 by striking out said section and inserting in place thereof the following:

169-C:28 Appeals. An appeal under this chapter may be taken to the supreme court by the child or his authorized representative or any party having an interest, including

the state, within 30 days of the final dispositional order, but an appeal shall not suspend the order or decision of the court unless the court so orders.

3 Children in Need of Services; Appeals. Amend RSA 169-D:20 (supp) as inserted by 1979, 361:2 by striking out said section and inserting in place thereof the following:

169-D:20 Appeals. An appeal under this chapter may be taken to the supreme court by the child, parent, guardian or custodian, within 30 days of the final dispositional order, but an appeal shall not suspend the order or decision of the court unless the court so orders.

4 Suspension of Driver's License for Default or Nonpayment of Fines. Amend RSA 263:56-a, I, II and III (supp) as inserted by 1983, 347:3 by striking out said paragraph and inserting in place thereof the following:

I. Whenever any defendant:

(a) Defaults on an arraignment or other scheduled court appearance in connection with a charge or conviction of any offense; or

(b) Fails to pay a fine or other penalty imposed in connection with a conviction of any offense which a court has determined he is able to pay, or issues a bad check in payment of a fine or other penalty; or

(c) Fails to comply with a similar order of the director or a court on any matter within the director's or court's jurisdiction, his driver's license or resident or nonresident driving privilege shall be suspended effective 30 days after such default or failure, except as provided in paragraph I(d) of this section.

(d) If a defendant receives a summons in hand from a law enforcement officer, no further notification to such defendant is required before the suspension of his driving privileges occurs as provided in subparagraph I(c). If a defendant receives a summons in any manner other than in hand by a law enforcement officer, the court or director, as applicable, shall notify such defendant by certified mail at his last known address that his driving privileges shall be suspended 30 days after the mailing of such notification.

II. If such defendant fails to appear, pay his fine or comply with an order within the applicable period, as provided in paragraph I(c) or (d) of this section, or fails to demonstrate that he is financially unable to pay the fine or to comply with the order within the applicable period, the director shall suspend such defendant's driver's license or resident or nonresident driving privilege effective from the applicable date for an indefinite period and mark his files accordingly. All courts shall notify the director of any such failure on a form prescribed by the director.

III. Except as provided in paragraph IV, the license or driving privilege of any defendant whose license or privilege has been suspended pursuant to paragraph II shall be reinstated upon:

(a) Payment to the director of a fee of \$25, which shall be in lieu of

any other reinstatement fee and shall be deposited into the highway fund pursuant to RSA 260:23 and RSA 6:12, 1(f), and

(b) Appearance by such defendant, payment of his fine, or compliance with the order of the director, as applicable, or upon demonstration that such defendant is financially unable to pay the fine or to comply with the order. Any court which has ordered a suspension pursuant to paragraph II shall vacate the order and so notify the director and the affected defendant immediately after such defendant has appeared or paid his fine, as applicable, or has demonstrated that he is financially unable to pay the fine or to comply with the order.

5 Suspensions; Primary Sanction for Nonpayment. Amend RSA 263:56-a, VI (supp) as inserted by 1983, 347:3 by striking out said paragraph and inserting in place thereof the following:

VI. The provisions of this section shall be the primary sanction for defendants who fail to appear, pay a fine, or other penalty or comply with an order of the director or a court, but shall not exclude other provisions of law relative to sanctions for defendants who fail to appear, pay a fine, or other penalty or comply with an order of the director or a court.

6 Pleas by Mail; Procedure. Amend RSA 502-A:19-b (supp) as inserted by 1975, 116:2 as amended by striking out said section and inserting in place thereof the following:

502-A:19-b Pleas by Mail; Procedure.

In any case in which a defendant may, pursuant to RSA 262:44, enter a plea by mail in a district or municipal court, the following procedure shall be followed:

I. Such defendant shall receive, in addition to his summons, a uniform fine schedule entitled "Notice of Fine, New Hampshire District and Municipal Courts" which shall contain the normal fines for violations of the provisions of Title XXI on vehicles, excluding violations of RSA 265:79, 265:82 or any offense for which the penalty is a misdemeanor or felony. The defendant shall be given a notice of fine indicating the amount of his fine plus penalty assessment at the time the summons is issued; except if, for cause, the summoning authority wishes the defendant to appear personally. Defendants summoned to appear personally must do so on the arraignment date specified in the summons, unless otherwise ordered by the court. Defendants who are issued a summons and notice of fine and who wish to plead guilty or nolo contendere shall enter their plea on the summons and return it with payment of the fine plus penalty assessment to the clerk of the court prior to the arraignment date or appear in court on the date of arraignment.

II.(a) Whenever a defendant:

(1) Does not enter a plea by mail prior to the arraignment day or does not appear personally or by counsel on or before that date or move for a continuance; or

(2) Otherwise fails to appear for a scheduled court appearance in connection with a summons for any offense;

the defendant shall be defaulted and the court shall determine what the fine would be upon a plea of guilty or nolo contendere and shall impose an administrative processing fee in addition to the fine and penalty assessment, and the defendant's driving privileges shall be suspended as provided in RSA 263:56-a.

(b) In such cases, the court shall notify the director of the division of motor vehicles of the defendant's default and the amounts of his fine and other penalties on a form prescribed by the director. The amount of the administrative processing fee shall be determined by the New Hampshire supreme court in accordance with the provisions of paragraph V of this section.

III. The court may, in its discretion, issue a bench warrant for the arrest of any defendant who:

(a) Is defaulted in accordance with the provisions of paragraph II of this section; or

(b) Fails to pay a fine or other penalty imposed in connection with a conviction of any offense which a court has determined he is able to pay, or issues a bad check in payment of a fine or other penalty; or

(c) Fails to comply with a similar order of the director or a court on any matter within the director's or court's jurisdiction.

IV. For cause, the court in its discretion may refuse to accept a plea by mail and may impose a fine other than that prescribed by the uniform fine schedule. The court may order the defendant to appear personally in court for the disposition of his case.

V. The uniform fine schedule and administrative processing fee referred to in paragraphs I and II shall be developed and promulgated by the New Hampshire supreme court after consultation with the administrative committee of the district and municipal courts and the New Hampshire Judges Association and after approval by the legislative fiscal committee.

VI. The administrative processing fee provided for in paragraph II shall be retained by the court for the benefit of the state.

7 New Subdivision Heading. Amend the subdivision heading preceding RSA 490:26-a by striking out said heading and inserting in place thereof the following:

Court Fees, Forms and Personnel

8 Forms. Amend RSA 490 by inserting after section 26-c the following new section: 490:26-d Forms. The supreme court shall establish such forms for all courts as are necessary for the effective administration of justice.

9 Waiver of Court Costs and Fees.

Amend RSA 499:18-b (supp) as inserted by 1971, 340:1 as amended by striking out in line 2 the word "superior" so that said section as amended shall read as follows:

499:18-b Waiver of Court Costs and Fees. Except as otherwise specifically provided by the rules of the court, any person, by reason of poverty, may seek relief from the payment of any fees provided

by law which are payable to any court, clerk of court, or sheriff. The court, upon the application of such person, which application may be filed without fee, may, in its discretion, order the payment of such fees waived. In any case in which a person is represented by a legal aid society, a federally funded legal services project, or counsel assigned in accordance with the rules of the court, all filing costs shall be waived by the clerk without the necessity of a court order. Fees for the service of process by sheriffs shall be a charge against the state.

10 District Courts; Use of Recording Devices. Amend RSA 502-A:27-d as inserted by 1973, 536:2 by striking out said section and inserting in place thereof the following:

502-A:27-d Use of Recording Devices. Upon petition by any party the court may, in its discretion, allow said party to record the proceedings by any recording device. The recordings shall be made at the expense of the petitioner, except as provided under RSA 599:1-c for violations. If in a criminal proceeding the defendant is indigent, the defendant shall upon request at least 5 days prior to any hearing or trial be entitled to a sound recording of the proceedings at state expense.

11 Appeals from Convictions in Municipal or District Courts, Sound Recordings. Amend RSA 599:1-c (supp) as inserted by 1983, 382:18 by striking out said section and inserting in place thereof the following:

599:1-c Records Required.

I. Any person charged with any violation which does not provide a basis for enhanced penalties for subsequent convictions for the same offense or who is charged with any other offense which might result in a conviction for a violation which does not provide a basis for enhanced penalties for subsequent convictions for the same offense may, at least 5 days prior to trial, request the district or municipal court that a sound recording be kept of all proceedings in his trial. If such a request is made, the district or municipal court shall make the sound recording at no cost to the person requesting it.

II. A person sentenced by a district or municipal court for a violation which does not provide a basis for enhanced penalties for subsequent convictions for the same offense may, at the time the sentence is declared or within 30 days thereafter, appeal therefrom to the supreme court. On any such appeal, the district or municipal court shall, at no cost to the person, provide to the supreme court the sound recording requested under paragraph I.

12 Bail Commissioners. Amend RSA 597:15-a as inserted by 1963, 331:9 by striking out said section and inserting in place thereof the following:

597:15-a District Courts. District courts may appoint 3 or more justices of the peace and quorum as commissioners authorized to fix and receive bail in criminal cases to be brought before said courts as hereafter provided.

13 Effective Date. This act shall take effect January 1, 1986.

HB 698, relative to court administration. Ought to Pass with Amendment.

This bill allows discontinuance of district court sessions in towns within the district on request of the local governing body and agreement by the court. The amendment deletes a section of the bill that has been incorporated elsewhere, and makes several other housekeeping changes. Vote 17-0. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Transfer of Appropriations. Amend RSA 9:17-d (supp) as inserted by 1979, 403:3 by striking out said section and inserting in place thereof the following:

9:17-d Transfer of Appropriations. Notwithstanding any other provision of law, the supreme court may transfer funds within program appropriation units within the judicial branch without prior approval of the legislative fiscal committee and shall certify such transfers to the comptroller. The certification shall state that such transfers within program appropriation units are necessary to efficiently carry out the functions of the courts. The supreme court may transfer funds between program appropriation units within the judicial branch and shall certify such transfers to the comptroller. The certification shall state that such transfers between program appropriation units are necessary to efficiently carry out the functions of the courts and that the legislative fiscal committee has approved the transfers.

Amend RSA 490-A:2 as inserted by section 4 of the bill by striking out same and inserting in place thereof the following:

490-A:2 Chief Justices of the Supreme and Superior Courts. The chief justice of the supreme court, with the advice and consent of the chief justice of the superior court in respect to all matters affecting the superior court, shall be responsible for supervising the efficient operation of all courts in New Hampshire. In meeting this responsibility, the chief justices shall receive the advice and cooperation of all persons and bodies interested in the administration of justice, including, but not limited to, the justices of all courts in New Hampshire, the judicial council, the administrative committee of probate courts, the New Hampshire Probate Judges Association, the New Hampshire Superior Court Clerks Association, New Hampshire Probate Registers Association, the court accreditation commission, the New Hampshire Bar Association, and all county and local bar associations.

Amend RSA 502-A:2 as inserted by section 7 of the bill by striking out same and inserting in place thereof the following:

502-A:2 Sessions in Towns Within District. The purpose of the establishment of this system of district courts is to provide the number of courts which will adequately serve the convenience of the public, both transient and permanent residents of this state. To accomplish this purpose, districts must serve certain towns within their district, having regard for the parties, the seasonal influx of population in certain areas, and such other considerations as the expeditious and effective administration of justice may require. In addition to the regular sessions which are required to be held in various districts under the provisions of this chapter, the justice or special justice of each district court shall hold sessions in such localities within their respective district and at such times as may best serve the convenience of the communities within their district. District courts are hereby directed to hold regular sessions in the towns as set forth in the following table, except that a district court shall not be required to hold regular sessions in a town if, upon written request by the town and written agreement between the court and the local governing body of the town, it is determined that such sessions are no longer required for the effective administration of justice. Sessions once discontinued shall not be reinstituted except by agreement of both the court and the local governing body. The following table sets forth the required regular sessions in towns:

<u>District Courts</u>	<u>Towns</u>
Exeter	Newmarket Epping
Auburn	Northwood
Rochester	Farmington
Laconia	Meredith
	Alton
Nashua	Pelham
Milford	Wilton
Keene	Hinsdale
	Walpole
Claremont	Charlestown
Lebanon	Canaan
Littleton	Bethlehem
Plymouth	Bristol
Lancaster	Northumberland (Groveton)
Merrimack	Bedford

Amend RSA 549:8 as inserted by section 8 of the bill by striking out same and inserting in place thereof the following:

549:8 Sullivan. For the county of Sullivan, at Newport, on the last Wednesday of every month.

Amend section 9 of the bill by inserting after paragraph III the following new paragraph:

IV. RSA 9:17-f, relative to transfer of appropriations by the superior court.

HB 708, relative to the indigent defense program. Ought to Pass with Amendment. This bill provides for contract attorneys as an additional group of lawyers who may represent indigent defendants. In this system, a lawyer is paid in advance. The amendment removes the section requiring convicted defendants to repay for legal representation and leaves the provision discretionary. Additionally, the court may require convicted felons to repay post-incarceration if able to do so. Vote 15-0. Rep. Alf E. Jacobson for Judiciary.

Amendment

Amend RSA 604-A:9 as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

604-A:9 Repayment.

I. Any defendant who is convicted of any offense and who has had counsel or a public defender assigned to him at the expense of the state may be ordered by the court to repay the state through the department of corrections all fees and expenses paid on his behalf on such terms as the court may order and as provided in this section, unless the court finds that the defendant is or will be unable to pay.

II. All petitions for court appointed counsel shall bear the following words in capital letters:

I UNDERSTAND THAT IF I AM CONVICTED I MAY BE REQUIRED TO REPAY THE SERVICES PROVIDED TO ME BY COURT APPOINTED COUNSEL UNLESS THE COURT FINDS THAT I AM OR WILL BE FINANCIALLY UNABLE TO PAY. I UNDERSTAND THAT IF I AM INCARCERATED IN THE STATE PRISON I WILL NOT BE REQUIRED TO REPAY THE SERVICES PROVIDED TO ME WHILE I AM INCARCERATED, BUT THAT I MAY BE REQUIRED TO REPAY THESE SERVICES AT ANY TIME DURING THE THREE YEARS FOLLOWING MY RELEASE FROM PRISON.

III. Subject to the provisions of RSA 512:21, if any repayment ordered pursuant to paragraph I becomes overdue, the court having originally appointed counsel may order any employer of a former defendant under such paragraph to deduct from that person's wages or salary the appropriate amount due and pay such amount to the department of corrections, which shall refund such amount to the state.

IV. Notwithstanding any other provision of law, any defendant whose sentence does not include actual incarceration in the state prison and who has had counsel or a public defender assigned to him at the expense of the state may, as part of this sentence, be placed on probation or sentenced to a period of conditional discharge, with the condition of such probation or conditional discharge that he reimburse the state for all fees and expenses paid on his behalf.

V. The state may seek recovery of expenses paid on behalf of any defendant whose sentence includes incarceration in the state prison within 3 years from the time such person is released from the state prison, and upon such petition the superior court may order repayment unless the court finds that the defendant is unable to comply with the terms of any order for repayment or any modified order for repayment.

VI. Each court shall annually report to the president of the senate and speaker of the house of representatives the amount repaid under the provisions of this section.

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Effective Date. This act shall take effect July 1, 1985.

HB 709, creating a privilege for certain victims and their counselors. Ought to Pass with Amendment.

This bill provides for protection of confidentiality of communications between victims and counselors in cases of rape and domestic violence. The protection is absolute in civil cases, but limited in criminal cases to avoid infringing on constitutional rights of the defendant. This should encourage these victims to seek the help they need and to report and participate in the prosecution of their attackers without risking the public disclosure of their most personal and painful fears. The amendment fine tunes the definition of victim and counselor and specifies that counselors still must report child abuse. Vote 18-0. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend RSA 173-C:1, I as inserted by section one of the bill by striking out same and inserting in place thereof the following:

I. "Confidential communication" means information transmitted between a victim, as defined in paragraph VI, of an alleged sexual assault or alleged domestic abuse, and a sexual assault or domestic violence counselor in the course of that relationship and in confidence by means which, so far as the victim is aware, does not disclose the information to a third person. The term includes all information received by the sexual assault or domestic violence counselor in the course of that relationship.

Amend RSA 173-C:1, III as inserted by section one of the bill by striking out same and inserting in place thereof the following:

III. "Domestic violence counselor" means any person who is employed or appointed or who volunteers in a domestic violence center who renders support, counseling, or assistance to victims of domestic abuse or attempted domestic abuse, who has satisfactorily completed 30 hours of

training in a bona fide program which has been developed by a center as defined in RSA 173-C:1, II.

Amend RSA 173-C:1, V as inserted by section one of the bill by striking out same and inserting in place thereof the following:

V. "Sexual assault counselor" means any person who is employed or appointed or who volunteers in a rape crisis center who renders support, counseling, or assistance to victims of sexual assault or attempted sexual assault, who has satisfactorily completed 30 hours of training in a bona fide program which has been developed by a rape crisis center as defined in RSA 173-C:1, IV.

Amend RSA 173-C:1, VI as inserted by section one of the bill by striking out same and inserting in place thereof the following:

VI. "Victim" means any person alleging sexual assault under RSA 632-A or domestic abuse as defined in RSA 173-B:1 who consults a sexual assault counselor or a domestic violence counselor for the purpose of securing support, counseling or assistance concerning a mental, physical, emotional, legal, housing, medical, or financial problem caused by an alleged act of sexual assault or domestic abuse or an alleged attempted sexual assault or domestic abuse.

Amend RSA 173-C as inserted by section one of the bill by inserting after section 9 the following new section:

173-C:10 Counselor's Duty to Report Child Abuse. None of the provisions of this chapter shall negate the domestic violence or sexual assault counselor's duty to report child abuse under RSA 169-C:29.

HB 724, relative to small claims litigation. Ought to Pass with Amendment. This bill updates the small claims chapter by making several modifications suggested by the district court judges who hear these cases. Vote 16-0. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

I Small Claim Fees. Amend RSA 503:1, III (supp) as inserted by 1983, 283:1 by striking out said paragraph and inserting in place thereof the following:

III. When the debt or damages claimed exceed \$500, a defendant may claim trial by jury by filing a written request within 5 business days of the filing of the application and statement of the claim under RSA 503:3 or within such additional time as the municipal or district court may for good cause allow. If such a request is filed, the case shall be transferred at once to the superior court in the county in which the town or district is located and heard and

tried as if originally entered in the superior court. The original entry fee shall be paid by the plaintiff, but is recoverable as a cost if the plaintiff prevails.

2 Process. Amend RSA 503:3 as amended by striking out said section and inserting in place thereof the following:

503:3 Process. An action on a small claim may be commenced by filing an application in the district or municipal court having jurisdiction. The application may be filed by a person or his authorized attorney and shall set forth a statement of the claim, including the names of the parties involved, the residence of each party, the basis of the claim, and the amount alleged to be due. Upon the filing of such an application and the payment of the required fee, the clerk shall set a time and place for hearing.

3 Attachment Process. Amend RSA 503 by inserting after section 3-b the following new section:

503:3-c Attachment Process. The attachment process under RSA 511 shall apply to judgments obtained in small claims actions.

4 Notice to Defendant. Amend RSA 503:6 as amended by striking out said section and inserting in place thereof the following:

503:6 Notice to Defendant. The justice shall cause notice of the claim and the substance thereof to be given to the defendant, whether or not he is a resident of this state, by sending a written statement to the defendant by postpaid certified mail, return receipt requested, addressed to the defendant at his last known post office address and directing the defendant to appear at the time and place of hearing, which shall not be less than 14 days from the date said notice is mailed to the defendant. Any day of the month is a return day, exclusive of Saturday and Sunday. Return receipt showing that defendant has received the statement shall constitute an essential part of the service. If service cannot be effected by certified mail as aforesaid, then the court may direct that service on the defendant be completed as in all other actions at law.

5 Proceedings After Judgment. Amend RSA 503:8 as amended by striking out said section and inserting in place thereof the following:

503:8 Proceedings After Judgment. All proceedings subsequent to the rendition of judgment shall follow existing practice and procedure.

6 Records Requirement. Amend RSA 503 by inserting after section 9 the following new section:

503:10 Records Requirement.

I. Any person who is a party to a small claim action may, at least 5 business days prior to trial, request of the district or municipal court that a sound recording be made of all proceedings in the trial. If such a request is made, the person making the request for the recording shall be responsible for the cost of the sound recording and any associated transcription costs.

II. Any party to a small claim judgment may, at the time judgment is declared or within 30 days of the notice of judgment date, appeal therefrom to the supreme court. On any such appeal, the district or municipal court shall provide the sound recording requested under paragraph I to the supreme court.

8 Repeal. RSA 527:7-a, relative to deposits required on executions of small claims judgments, is hereby repealed.

9 Effective Date. This act shall take effect January 1, 1986.

HB 725, relative to fees of law enforcement officers and judgments and executions. Ought to Pass with Amendment.

This bill which was requested by the district court judges makes some minor changes in language to give the court more flexibility in ordering payment of judgments and issuance of executions. It also provides that law enforcement officers shall charge the same fees as sheriffs when serving civil process. The amendment assures that these fees will go to the town if the police officer performs this service while on duty. Vote 16-0. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend RSA 104:31-b as inserted by section one of the bill by striking out same and inserting in place thereof the following:

104:31-b Fees of Law Enforcement Officers. The fees of law enforcement officers shall be the same as those provided for sheriffs when serving civil process pursuant to RSA 104:31. Fees collected under this section shall be paid into the general fund of the law enforcement officer's employer if the officer served process while on duty or to the officer himself if he served process while off duty.

HB 726, relative to alimony and property settlements. Refer for Interim Study.

This bill contains necessary changes in our laws relative to alimony and property settlement. However, the Committee believes that because of the importance of the subject, it needs more study in order to develop the best possible law. Vote 14-1. Rep. Maureen E. Raiche for Judiciary.
